Finance Committee.

With regard to the letter from Mr. Armstrong, the Mayor said the applicant had seen him and he had said he would not give the permission, but would bring the matter before the council. After some discussion the matter was referred to the License Committee, with power to act.

In regard to the communication in reference to the cutting down of the tree by the Electric Light and Power Company, Mr. Kelly suggested that the matter be referred to the Chief of Police with power to prosecute, in case he found the circumstances to warrant, and collect the penalty which which the statutes prescribed. It was a shame that citizens should go to the expense and trouble of planting and caring for trees and then have them wantonly destroyed.

The Mayor said that the tree was not planted, it was a natural growth.

Mr. Cahill remarked, that in that case no one but an Indian had a right to cut it, and no one but an Indian would have done so.

FINANCE COMMITTEE.

Mr. Davidson, chairman, presented the following report:

To the Mayor and Council of the Town of Peterborough:

Gentleman.—Your Finance Committee, to whom the request of Mr. E. B. Edwards, Secretary of the Law Society, was referred, beg leave to recommend that a shorthand reporter be employed, the cost to be based in the agreement with the county, as to administration of justice, provided the annual gross cost does not exceed seventy-five dollars per annum.

All of which is respectfully submitted.

R. S. Davidson,
Chairman.

Peterborough, Dec. 7th, 1891.

Mr. Dennistoun suggested that the words "for the county court" be added. The report thus amended was adopted.

STREET AND BRIDGE COMMITTEE.

Mr. Langford, chairman, presented the following report:

To the Mayor and Council of the Town of Peterborough:

Gentlemen—Your Street and Bridge Committee beg leave to report and recommend that the sidewalk on Charlotte street be extended west as far as the boundary line, provided the parties interested living westward, contribute fifty dollars or one half the cost.

All of which is respectfully submitted.

BY WHICH COMPANY?

The Street Railway Committee presented the following report.

Peterborough, Dec. 7th, 1891.

To the Mayor and Council of the Town of Peterborough:

The committee to which was referred the petitions of the two companies asking for the right to construct a street railway over the streets of the town, having brought in a report at the last regular meeting of this council recommending that the franchise be granted to the Edison Syndicate, and such report having been referred back to the committee for further consideration by the whole council in committee (Councillor Moore, the chairman of the committee, being absent) when it was decided that the committee should report as follows:

First, that the whole question of granting the franchise should be submitted to the votes of the municipal electors on the 23rd day of December, instant, and that such vote should be taken by ballot.

The committee therefore recommend that the following questions should be submitted:

1 Should the franchise be granted to the Edison Syndicate or to the Peterborough and Ashburnham Street Railway Company?

2 Should the 18th clause in the report of this committee, dated the third of August last, be struck out?

Your committee further recommend that the above questions be submitted to the vote of the said electors on the 23rd December, 1891, and that the deputy-returning officers appointed to take the votes on the by-laws to be submitted on that day, be appointed to take such vote.

That such vote shall be taken by ballot.

That all persons whose names appear on the revised assessment roll for this year shall be entitled to vote; but no person shall have more than one vote, and shall not have a vote in each ward in which he is assessed.

That the clerk be instructed to have the proper ballot papers printed for this purpose.

That the said deputy-returning-officers shall sum up the votes cast and certify the same to the clerk, who shall revise the vote and declare the result at the first meeting of the council held after the said 23rd of December.

(Signed), E. H. D. Hall,
Acting Chairman.

Mr. Kendry asked if the committee did not decide to strike out the eighteenth clause and place both companies on the same footing.

Mr. Dennistoun said he had moved that the eighteenth clause be struck out, and he could not support the adoption of the report for reason that it was now included.

Mr. Cahill said it was a simple matter. If the council now wanted the clause struck out, it had only to do it.

Mr. Dennistoun said the eighteenth clause being struck out, would place the companies on an equal footing

Mr. Bradburn said it was only a waste of time to submit the matter to the people, for the Peterborough and Ashburnham Company would not accept the franchise with the eighteenth clause remaining.

Mr. Meldrum said he thought that the eighteenth clause had been struck out. He was of the opinion that this matter should be decided by the council without an appeal to the ratepayers.

Mr. Hall moved the reception of the report as it stood.

The Mayor said the eighteenth clause shut out one company altogether.

Mr. Meldrum moved that the whole matter be settled at once by the council.

Mr. Dawson seconded this motion; he thought that the council ought not to shirk their responsibility.

Mr. Kendry thought a week should be taken to consider this matter. He was surprised that the chairman of the committee should bring a report like that. He thought that the eighteenth clause had been struck out.

Mr. Dennistoun in moving the following motion said he knew that the council was divided on this question. He moved and Councillor Kendry seconded, "that the report be amended by striking out that portion thereof which provided for referring the eighteenth clause of the former report to the ratepayers for consideration, and that the report as amended be adopted.

Mr. Meldrum thought that the question should be submitted to the ratepayers when the vote on the by-law was taken. It was a very important question.

Mr. Cahill, speaking in favour of the eighteenth clause, said he thought that an outside company should not be allowed to come and put in their plant. It would not be fair to the Edison Company, after what they and the council had done. The outside company should not be allowed to come in the town and fix their plant, for the sake of advertising their work, to the prejudice of the Edison Company, which had done so much for the town.

Mr. Kendry said that both companies should be on an equal basis, and the matter should go to the ratepayers without the eighteenth clause. The ratepayers should be allowed to say which company should have the franchise.

Mr. Cahill moved and Mr. Davidson seconded, as an amendment,—That the street railway franchise be awarded to the Peterborough and Ashburnham Street Railway Company, with the operation of the eighteenth clause limited to the period when the first two and a half miles shall be completed and equipped according to the contract; also that the words "fair and reasonable" be struck out and the following inserted:—"At as low a price as any other first-class company will furnish the motive power."

Mr. Cahill, in moving this amendment, assumed that the council was in favour of granting the franchise to one of the two companies. If any part of the question was submitted to the ratepayers, the whole of it should be. The people had shown good judgment in sending the council here, and the council should trust their judgment in other matters.

Mr. Dennistoun supported this.

Mr. Meldrum moved and Mr. Dawson seconded, as an amendment to the amendment, that the eighteenth clause be struck out of the report, and that the franchise be granted to the Edison Company.

Mr. Bradburn—I don't see the object of this motion. There is no use striking out the eighteenth clause. The Edison syndicate don't object to the clause.

Some considerable discussion followed as to the order in which the amendments should be voted upon, after which Mr. Meldrum's amendment was voted on with the following result:—

For, 5; against, 5 This being a tie, the Mayor declined to give the casting vote, and declared the amendment lost.

Mr. Cahill's amendment was next put, and was also lost.

Mr. Dennistoun's motion was next put, and was lost.

Mr. Davidson moved the adoption of the report.

Mr. Meldrum asked if the vote of the ratepayers would be binding on the council, and was answered in the affirmative.

Mr. Dennistoun advocated the elimation of the 18th clause. If the question were submitted to the ratepayers they would vote upon the matter with the full knowledge of the effect of the absence of the 18th clause if the franchise should be given to the Peterborough and Ashburnham Company, which would decline to accept the franchise under such conditions, and he would move the adoption of the report as amended by striking out the 18th clause.

Mr. Cahill said he opposed the motion, which was put and declared carried by the May, or only five out of the ten councillors voting for it.

THE POLICE COURT BOOKS AND ACCOUNTS.

Mr. Davidson moved, seconded by Mr. Cahill, that the Chief of Police and Mr. Langford be authorized to examine and audit the books and accounts of the late police court clerk.—Carried.

MATURED DEBENTURES.

Mr. Cahill moved, seconded by Mr. Davidson, that the Commissioners of the Town Trust be requested to issue debentures to replace those matured in October, held by them on sinking fund account at 4½ %, and to run thirty years, and that one debenture be given to the Cemetery Company at 4 %.—Carried.

POLICE CLOTHING.

Mr. Kelly moved that the Chief of Police and the Chairman of the Committee on Appointments be authorized to purchase clothing for the police after asking for tenders. Some discussion took place on this motion after which the report of the Committee on Appointments, etc, formerly adopted was amended to include the motion.

HYDRANT FOR CEDAR STREET.

Moved by Mr. Dawson, seconded by Mr. Meldrum, that a hydrant be placed on Cedar street six hundred feet west of Park street, and that the water company be instructed to place the same.—Carried.

WANT TO COME TO PETERBOROUGH.

A communication read by Mr. Hall from a factory who thought of locating in Peterborough, and was received.

LIGHT FOR ST. JOHN'S.

Mr. Kelly spoke of the need for an electric lamp in front of St. John's church, Hunter street.

Mr. Cahill thought that light enough was there now, as one lamp was already within a short distance. He thought it absurd to place a new lamp within one hundred feet of one already fixed.

Mr. Dennistoun spoke in favour of the motion, but after some discussion the matter was dropped.

CRIMINAL STATISTICS.

Mr. Davidson read a communication from the Minister of Agriculture, asking for the report of criminal statistics for the year before the year closed. The communication was received, and handed to the clerk for reply.

FOOT-WORN FUEL FOR THE POOR.

Mr. Meldrum moved, and Mr. Dawson seconded, that all old planks and cuttings from lumber be carted to the town yard for the disposal of the Charity Committee.—Carried.

DAMAGES TO BE COLLECTED.

Mr. Bradburn moved, seconded by Mr. Meldrum, that the Town Solicitor be instructed to proceed against the Grand Trunk Railway Company to collect the damage done to the property owners on Bethune street.—Carried

The council adjourned until Tuesday, 15th inst.

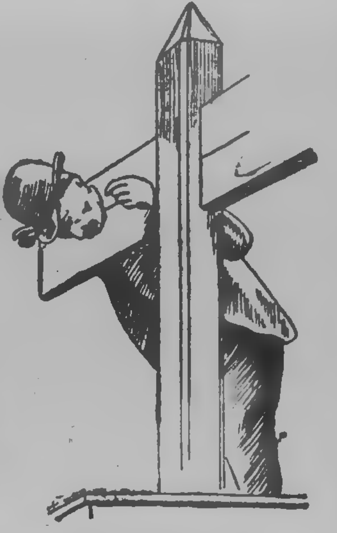
THE LASH FOR THIEVES.

WHERE THIS BARBAROUS MODE OF PUNISHMENT YET OBTAINS.

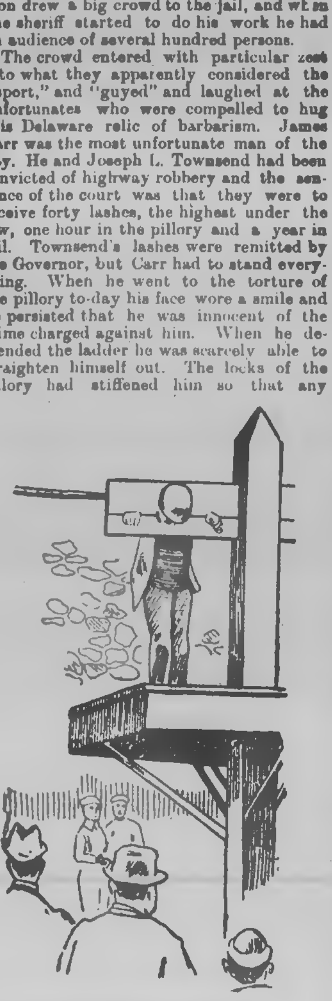
Deleware Criminals Receive Doses of the Cat and Pillory—A Crowd Watches the Torture—An Old-Time Offender Laughs and Jokes.

The regular Fall whipping took place at Newcastle, Delaware, a day or two ago. The unique old jail yard was thrown open to the public about ten o'clock and there entered a motley crowd of men, women and children. It had been announced that about twenty persons were to be whipped and that two of these were to receive the full penalty of the law. This extra attraction drew a big crowd to the jail, and when the sheriff started to do his work he had an audience of several hundred persons.



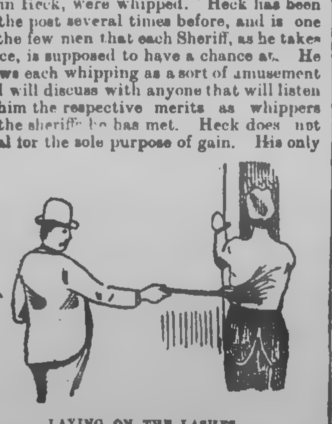
PILLORIED FOR AN HOUR.

The crowd entered with particular zest into what they apparently considered the "sport," and "guyed" and laughed at the unfortunates who were compelled to hug this Delaware relic of barbarism. James Carr was the most unfortunate man of the day. He and Joseph L. Townsend had been convicted of highway robbery and the sentence of the court was that they were to receive forty lashes, the highest under the law, one hour in the pillory and a year in jail. Townsend's lashes were remitted by the Governor, but Carr had to stand everything. When he went to the torture of the pillory to-day his face wore a smile and he persisted that he was innocent of the crime charged against him. When he descended the ladder he was scarcely able to straighten himself out. The locks of the pillory had stiffened him so that any movement caused pain. Sheriff Simmons at once took him to the post and locked his arms to either side. Never a muscle moved as the forty lashes descended upon his bare back. Sheriff Simmons felt kindly toward him and in view of the fact that his companion in crime had got off, he was disposed to construe liberally the law's requirement of "well laid on." Carr's back was like fresh beef when the Sheriff was through. Although the blood was not drawn the marks of the lashes were plainly visible.



THE CULPRIT IN DISGRACE.

Two white men, Charles McGlunn and John Heck, were whipped. Heck has been to the post several times before, and is one of the few men that each Sheriff, as he takes office, is supposed to have a chance at. He views each whipping as a sort of amusement and will discuss with anyone that will listen to him the respective merits as whippers of the sheriffs he has met. Heck does not steal for the sole purpose of gain. His only object is to get money to buy liquor, and when he has accomplished that he cares but little what follows. The Court knows this, and when Heck is brought before it there is always a disposition to be liberal.



LAYING ON THE LASHES.

Four colored men were whipped for stealing chickens to-day, and, strange to say, nearly one-half the people who hug the post do it for stealing chickens. Among the criminal colored population this is regarded more of a disease than a crime, and sheriffs have always been lenient with the victims.

The whipping post in Delaware is an institution that dates back to the settlement by the Swedes before Penn had come up the Delaware River. Up to within a few years ago every kind of offense was met with the lash. About 1850 a number of the laws imposing corporal punishment were repealed, and with a strange anomoly the law whipping women was allowed to remain. Repeated efforts have failed to repeal this portion of the law. No woman has however, been whipped for seventy years.—Philadelphia Press.

A Night of Terror in Colima.

MEXICO, Dec. 7.—Thursday was a day of terror in Colima. Between the hours of 4 p.m. and 5 30 p.m. on that day the volcano of Colima was in a state of violent eruption, and at 8 o'clock that night a heavy shower of ashes began falling upon the city. It lasted over an hour, covering the streets and roofs of buildings with ashes and greatly terrifying the inhabitants.

Albani's Jewels Gone.

CHICAGO, Ill., Dec. 7.—Mme. Albani mourns the loss of several articles of jewelry, which were stolen from her room in the Grand Pacific Hotel. One of the choicest pieces in the collection was a large emerald surrounded by diamonds, the gift of the late Lord Dudley 18 years ago, upon the occasion of Mme. Albani's first appearance in London. Another cherished keepsake was a cat's-eye set in diamonds, which was presented to her by the Duke of Westminster. The other missing jewels comprise a half horseshoe ring set in diamonds and two other rings, large sapphires surrounded by diamonds.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff, not only in the first stages, but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

ACCIDENT
SUN LIFE
ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company :—

Life Assurances in force, 1st January, 1891	$16,759,355.92
Increase over previous year	3,421,372 84
New Applications received in 1890	6,371,599.15
Increase over 1889	2,268,888.60
Cash income for year ending 31st December, 1890	889,078 87
Increase over 1889	325,938.35
Assets at 31st December, 1890	2,473,514 19
Increase over 1889	687,691 47

Increase over 1889	567,732 71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures :—

Net Surplus, 31st Dec., 1881, (five years)	$84,824 07

"German Syrup"

Martinsville, N.J., Methodist Parsonage. "My acquaintance with your remedy, Boschee's German Syrup, was made about fourteen years ago, when I contracted a Cold which resulted in a Hoarseness and a Cough which disabled me from filling my pulpit for a number of Sabbaths. After trying a Physician, without obtaining relief—I cannot say now what remedy he prescribed —I saw the advertisement of your remedy and obtained a bottle. I received such quick and permanent help from it that whenever we have had Throat or Bronchial troubles since in our family, Boschee's German Syrup has been our favorite remedy and always with favorable results. I have never hesitated to report my experience of its use to others when I have found them troubled in like manner." REV. W. H. HAGGARTY, of the Newark, New Jersey, M.E. Conference, April 25, '90.

Free Street Railways.

(Bobcaygeon Independent.)

Mr. Edison's electric inventions point to the arrival at an early date of a condition of affairs in which all the operations of ordinary life will be performed by electricity. The storage of electricity is now nearly accomplished, and in a short time we may fairly expect to see stored electricity in cans sold in the stores just the same as canned peaches or boxed sardines. You will buy your can of electricity, take it home, and it will warm and light your house, work your telephone bells, drive your sewing machine, do your cooking, spank your children—in fact do everything. The first thing will be the use on railways of electricity as a motive power. The heavy locomotives will go out of use, and instead of lines of railway having one or two trains a day, each weighing hundreds of tons dead weight, single carriages weighing only a ton or two, and driven by a can of electricity underneath the seat, will start every half hour, or just as often as they are wanted. This subject gives rise to grave social reflections. Ought not all railways, for passengers, to be free? Especially should this be the case with street railways. When you go to a big hotel in a city, or to some of those vast buildings arranged for offices, you don't go climbing up a lot of flights of stairs, but you step into the elevator, and the boy in charge drops you at the landing you require. The boy makes no charge. The elevator is free. But the cost of the elevator is paid for all the same, only those who have offices in the building pay its expenses, and in the hotel it is paid for by the landlord. The system is a good one. Very well, then, if the elevators are free, why not the street railways? Charge its expense on to the houses on each side of the rails. That's the proper plan. An elevator and a street railway are in many respects exactly alike—they are for the transportation of the public. It is found that in one case that free transportation is an excellent plan—then try it in the other. These remarkably clever ideas, so very nicely expressed, are presented to the city of Toronto and the town of Peterborough, without any extra charge. They like the plan proposed, ore free.

The How of It.

How poor, how rich, how abject, how august, how complicated, how wonderful is man; and it might be added, how "*more so*" is women. With her peculiarly delicate and intense organization, she is the *superlative degree* of man. Even in disease she excels him, having many that he has not. She has, however, found out a grand remedial agent, for the cure of her diseases, in Dr. Pierce's Favorite Prescription; a medicine suited to her nature, made for the express cure of those diseases which affect her. It is especially effective in all weaknesses incidental to motherhood, while it is also a potent restorative tonic for the feeble and debilitated generally. b

The Peel Election Trial

BRAMPTON, Ont., Dec. 4.—The election in the Peel protest matter was resumed at 9 o'clock yesterday.

Charge 45, that Thomas Hebden had been given flour to influence his vote, was dismissed.

James Nixon was called, charge 46. They had a merry time with this charge, which after much legal cross-firing was dismissed.

Henry Black was called on charge 54. He testified that Thomas McLure, respondent's son-in-law, paid him $5 before the election. McLure said witness, to be sociable, remarked: "Here's $5, have a cigar or a drink."

Justice Robertson: "You couldn't go both of them."

The case was dismissed. The Black case was one of the most important charges and upon it the petitioner hoped to void the election and it looked as though it would do so. It was a close squeak, but the petitioner failed to prove that the money was paid to secure witness' vote. At the present rate of proceeding it will take several days to conclude the case.

What is more annoying than going about constantly hawking and spitting? This is the result of catarrh, and Nasal Balm will cure any case when faithfully used. dw

BY-LAW No.——

A BY LAW to raise the sum of Ten Thousand Dollars for Public School Buildings in the Town of Peterborough.

PASSED

WHEREAS the Board of Education for the Town of Peterborough have in accordance with the Statutes in that behalf applied to the Corporation of the Town of Peterborough for the sum of Ten Thousand Dollars for "Public School Purposes" to wit: to pay for the improvements and additions to the smaller of the Public School Buildings known as the Central Schools, and it is necessary and desirable to comply with said application,

AND WHEREAS for raising said sum it will be necessary to issue Debentures of the said Corporation for the sum of Ten Thousand Dollars,

AND WHEREAS for the purpose of paying the amount of such indebtedness and interest thereon it will be necessary to raise annually by special rate upon the rateable property of the said Town liable thereto the sum of Six Hundred Dollars,

AND WHEREAS the amount of the whole rateable property of the said Municipality according to the last revised Assessment Roll being for the year one thousand eight hundred and ninety one is the sum of four million one hundred and thirty-five thousand nine hundred and fifty five dollars,

AND WHEREAS the amount of the rateable property of the said Municipality liable for the support of Public Schools is the sum of three million four hundred and ten thousand eight hundred and seventy-five dollars,

AND WHEREAS the amount of the existing Debenture debt of the said Municipality is the sum of two hundred and fifty-four thousand and five hundred and fifty dollars and there is no part of the principal or interest thereof in arrear,

The Corporation of the Town of Peterborough therefore enacts as follows:—

1. This By law shall take effect on the thirty-first day of December, 1891.

2. The Mayor and Treasurer of the said Corporation are hereby authorized to issue Debentures of the said Corporation to be signed by the Mayor and counter-signed by the Treasurer of the said Town and the Secretary of the Commissioners of the Peterborough Town Trust for the sum of Ten Thousand Dollars. Such Debentures shall be made payable in thirty years from the day fixed for this By-law to take effect and shall bear interest at the rate of five per cent. per annum, payable half-yearly, on the Thirtieth Day of June and the Thirty-first Day of December in each year and shall have coupons attached thereto for the payment of such interest.

3. For the purpose of paying the Interest and Sinking Fund necessary for the repayment of such Debentures there shall be raised and levied in each year during the currency of such Debentures the sum of—for interest the sum of Five Hundred Dollars, and the sum of One Hundred Dollars for Sinking Fund for the payment of such debt by a special rate sufficient therefor upon all rateable property in the said Municipality liable to such assessment in addition to all other rates levied in said Municipality.

4. Nothing herein contained shall be deemed to render any Property in said Town that is by law liable to contribute to the support of Separate Schools, also liable for Assessment under this By-law.

5. Upon the sale of such Debentures the money received therefor shall be paid over to the Board of Education of the said Town, and shall be applied to the purpose of paying for the improvements and additions to the smaller building of the Central School Buildings in the Town of Peterborough.

6. The votes of the duly qualified Electors of the said Corporation being supporters of the Public Schools within the said Town shall be taken upon the said By-law on the Twenty-third day of December, 1891, at the hour of Nine o'clock in the forenoon and closing at Five o'clock in the afternoon of the same day at the following places and before the following Deputy Returning Officers:

Number One Ward at Mission School House; to be Deputy Returning Officer, Joseph Lundy.

Number Two Ward at Market Building; to be Deputy Returning Officer, Chas. Cameron.

Number Three Ward at Rathbun's Office; to be Deputy Returning Officer, John Irwin.

Number Four Ward at W. Lee's shop; to be Deputy Returning Officer, William Lee.

7. That the Twenty-fourth Day of December at the hour of Twelve o'clock noon and the Office of the Clerk of the said Town are hereby fixed as the time when and the place where the Clerk of the said Town Council shall sum up the number of votes given for and against the By law; and the Sixteenth Day of December at the hour of Twelve o'clock noon and the Office of the Clerk of the said Town are hereby fixed as the time and place for the appointment of persons to attend at the various polling places and at the final summing up of the votes by the Clerk respectively on behalf of the persons interested in and promoting or opposing the passage of the By-law.

NOTICE.

Take notice that the foregoing is a true copy of a proposed By-Law which has been taken into consideration and which will be finally passed by the Council in the event of the assent of the electors being obtained thereto after one month from the first publication in the Daily Evening REVIEW and Daily Examiner newspapers, the date of which first publication is the First Day of December, 1891, and at the hour, date and places therein fixed for taking the votes of the Electors the polls will be held.

AN INDIAN NEMESIS.

James Sanderson's Unbounded Vengeance for the Killing of his Wife and Child.

FORT SUMMER, N.M., Dec. 8.—There has just died in this place a man who for ten years waged a most merciless war on the Comanche Indians of this region. His career is over, but it was one of the most remarkable ever known outside of a dime novel.

In 1862 James Sanderson and his wife and one child were crossing the country near the Arizona line with a wagon and outfit. A band of comanches came down upon them and killed the child and also the woman after horrible outrages. Sanderson was tied to a post and compelled to witness the fearful scenes.

After this the Indians began a serious of tortures and his life was only saved by the timely arrival of a detachment of soldiers, who drove off the savages, but not until they had used fire to such an extent that the man's face was seamed and scarred in a horrible manner.

Sanderson said little about his terrible affliction, but returned to the fort with the soldiers and remained there until he had recovered his health. Then he took a solemn oath to be revenged in a manner that would make his name a terror to the Indians

He supplied himself with a rifle, revolver and ammunition and left the fort. It was a month before he was heard of, and the affair had almost passed from the minds of the officers and men, when one day Sanderson walked in and threw down a bundle containing 29 scalps. He had followed the Indians and hung on their trail, killing every one that left the camp until his presence became a veritable terror to the band. He made no distinction between men, women and children, but killed any that he could get near to.

He seemed endowed with a charmed life, for the Indians could not get near enough to him to do him harm and he became known as the "White Spirit." The Indians were frightened and those who were left made haste back to the home of the tribe, carrying with them the terrible tale of the Nemesis on their track. Sanderson followed them to the mountains and went where white men had never been before.

But his presence became known in the neighborhoods he had killed a boy, a squaw and two warriors. Every time a band was sent out after him they would be sure to return after losing several members and the Indians became afraid to go about the country alone. Within a year he had 39 scalps, and said he had killed 12 others whose scalps he was unable to get. At the end of that year he raised the number to 79 scalps and said he would not return to the fort until he had 100.

In July, 1864, a cloudburst occurred above the village of a band of Commanches, and the people fled into a narrow gorge for safety. The water came so suddenly that they were compelled to fly with what they could gather and run for their lives. Sandersen came upon them as they were huddled in the gorge and began firing at them from above and rolling stones down upon them. He killed 12 and wounded a great number before they could get away.

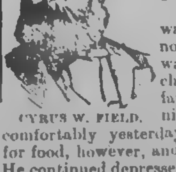
By July, 1865, he had over 100 scalps and had killed at least 140 Indians and 70 ponies. He had no idea of abandoning his quest for revenge, but was more determined than ever to wipe out the whole tribe. After the close of the War of the Rebellion, when the Government turned its attention to the Indians, a treaty was made with the Comanches, and it was stimulated by the Indians that Sanderson should be called away from the country.

He heard of it and for many months kept out of the way of the soldiers and continued his work of destruction, but at last was found and told that he must give up the work. He complied, but with great reluctance, and has taken advantage of every Indian outbreak since then to go out to kill the savages.

CYRUS FIELD IMPROVING.

Questions as to His Son's Insanity—May Be Only Shamming.

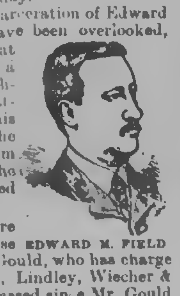
NEW YORK, Dec. 8.—Cyrus W. Field is gradually improving. Many persons are asking from day to day if Edward M. Field is really insane. The suspicion seems to be growing that he is not.



CYRUS W. FIELD.

The condition of Edward M. Field at Vernon House yesterday was practically unchanged. He slept fairly well Sunday night and rested rather comfortably yesterday. He had no desire for food, however, and would eat but little. He continued depressed and emotional. He slept none during the day.

One point in the incarceration of Edward M. Field seems to have been overlooked, and that is the fact that he may be removed at a moment's notice, without any formality whatever. The law on this point is such that in the case of a private asylum like Dr. Granger's the patient may be removed at a moment's notice.



EDWARD M. FIELD

Wall-street men are beginning to criticise Assignee Charles W. Gould, who has charge of the affairs of Field, Lindley, Wiecher & Co. Ten days have passed since Mr. Gould was called in to wind up the business of the wrecked firm, but he has not yet given even an approximate estimate of the liabilities and assets of the concern. Meanwhile the feeling of scepticism as to Edward M. Field's insanity is growing more and more general.

THE NEW SPEAKER.

Cleveland and Tariff Reform No Longer a Popular Cry.

WASHINGTON, Dec. 8.—The battle for the Speakership of the U. S. House of Representatives is over, and Georgia is in the lead, Crisp having secured the coveted majority on the ballot. Crisp led throughout the balloting, closely pressed by the mighty Texan, Roger Q. Mills. The extremists of the Democratic party, the friends of Mr. Mills—those believers in free trade and an income tax—have fought with all the desperation of fanatics. Against these extremists the friends of Crisp charged over and over again and held them down by superior numbers.

SPEAKER CRISP.

No such contest has been known for the past 30 years. The fights of recent years were tame and commonplace beside it. Ordinarily the most spirited Speakership fights have been settled on the third ballot, or at least the fourth. But this is a contest of a different character. It is a contest that will be memorable for the fierceness with which it was waged and the persistence with which it was prolonged after the caucus assembled.

The caucus was held in the chamber of the House of Representatives. Every member who could by any possibility reach Washington was in attendance, only three being absent.

The Defeated Texan, Roger Q. Mills.

Mr. Mills began his tenth term in Congress as a contestant for the speakership. The issue he represents, with characteristic force and tenacity, is tariff reform. The personality of the candidate was lost sight of to a large extent. "Dave" Hill, Gorman and other anti-Cleveland men backed Crisp and made no secret of it. Cleveland and Carlisle were back of Mills. The fight therefore was between Cleveland and his opponents. Now that Crisp is elected Speaker, Mr. Cleveland may as well bid good-bye to a presidential nomination. If Mills had won then Cleveland and tariff reform would again have been the cry.

ROGER Q. MILLS.

OVER 1400 VOLTS.

Required to Kill the Wife-Murderer Loppy at Sing Sing.

SING SING, Dec. 8.—According to Warden Brown the execution of Loppy at 12.08 to-day was carried out the same as at the time of the killing of the four men in the same chair in July last; 1485 volts were used, the same as the July execution, and the current was continued from 50 to 60 seconds. When the current was turned on the body of Loppy stiffened and strained against the straps until they seemed cutting into the flesh; every muscle was tense. The face so far as could be seen did not change expression. Before the current could burn the sponges, Dr. McDonald gave the signal to the man at the switchboard, and he threw a lever which shut the current out of the circuit of the execution room and off the chair. The body instantly relaxed and hung limp. In a few seconds Dr. McDonald again gave the signal and again the current was turned on. This time the hot salt water dripped down on the face and hands of the body, scalding them in places. The second and third time the current was on for about one-half the length of time and when it was turned off the body relaxed. When the electrodes were unbound the heat had burned the skin and it was puffed and blistered. The body was lifted from the chair quite limp and carried into the adjoining room, where it was laid out on the table to await the surgeon's knives.

The crime for which Loppy suffered death was the murder of his wife. The couple lived in two rooms on the top floor of a Christie-street tenement in New York. Mrs. Loppy was a tailoress and supported her husband by her earnings. On the afternoon of July 4, 1890, Robert Weir, a friend who had come to spend the day with them, found Mrs. Loppy lying stabbed to death on the floor and Loppy sitting complacently alongside of the corpse.

The French Colliery Horror.

PARIS, Dec. 8.—The hope that some of the miners imprisoned by the falling walls of the chambers in the Puits de la Manufactures mine at St. Etienne, where the explosion occurred last night, are still alive, has been abandoned. The work of removing the bodies is necessarily slow. Since midnight 15 bodies have been taken from the pit. The scenes when they were lifted to the surface were most heartrending. There are yet 12 bodies in the lower gallery.

The disaster was due to the action of the manager of the mine, who ordered that the ventilating apparatus be stopped.

President Carnot has sent a message to the prefect of St. Etienne expressing his deep regret for the disaster. The President has also sent one of his aide-de-camps to convey his condolences to the wives and relatives of those who were killed and to distribute relief where needed. The families of many of the dead miners are miserably poor.

British Operations in Africa.

PARIS, Dec. 8.—Advices from Morocco, via Marseilles, report that the British are actively fortifying Cape Juby and are about to establish a governor's residence with the view of extending their relations with the desert tribes.

THE GREAT EARTHQUAKE.

Japanese Rivers Dammed by Landslides—Much Suffering Anticipated.

YOKOHAMA, Dec. 8.—The news of the earthquake continues to come in. Mr. Igachi, director of the Gifu Observatory, has been examining the district where the shock was the most severe. At this place some years ago holes appeared in the ground, to which no bottom could be found, and it was believed that they communicated with immense cavities from below. Mr. Igachi now believes the earthquake was caused by the Fifu Mountains slipping into these caverns. In District Ono an immense landslide took place, damming the Mono River. A lake is now forming, which is already 50 feet deep. Another large lake is being formed in the same way by the Ashiba River at Nagoya. The earthquake was still going on Nov. 9, 730 shocks being felt in 20 preceding hours, or more than two a minute.

There is great want of shelter in the earthquake regions. There is sufficient food to prevent actual starvation, but over 400,000 people are homeless with almost no clothing. Winter is rapidly approaching and the suffering will be great. A section of about 30 miles on the railroad from Tokio to Kijota is so much damaged that it probably will have to be entirely rebuilt and will not be open again until next June. A curious fact is that an anonymous writer sent a letter to the Cabinet two months ago announcing that a National calamity would take place on Oct. 28. This was the very day of the earthqnake. The letter is preserved in the Government archives and undoubtedly is authentic.

Southworth Remanded.

NEW YORK, Dec. 8.—W. D. Southworth, said to be the leader of a gang of bomb-throwers, one of whom was blown up in an attempt to assassinate Russell Sage, was arraigned at the Tombs Police Court this afternoon and held for five days for examination. Mr. Sage is improving.

Mechanics, Labourers and Investors.

If you will look up our list of Cheap Home in the EXAMINER of the 2nd inst., you should be able to find something of interest to you. Comfortable homes at such low prices and in the centre of the town are very seldom offered, consequently many of you who walk miles to and from your work, should grasp this opportunity and not be regretting when they are gone to those who are more alive to their own interest. Investors compare notes. We offer to sell you a House and Lot for $550 00 now. $550 in bank at 4 per cent. will give you $22 per year and the rent of this house will yield from $66 to $72 per year and it is never idle and is constantly growing in value. Act wisely and buy to-day.

MILLERS IN SESSION.

IMPORTANT GATHERING IN TORONTO.

Mr. Plewes Resigns the Position of Secretary—Interesting Resolution Respecting Flour Standards—Professor Shaw's Researches at the Experimental Farm

TORONTO, Dec. 9. — The first session of the Dominion Millers' Association special meeting was commenced yesterday afternoon. Thomas Goldie, president of the association, occupied the chair. A large representation of the millers of the Dominion was present.

The first question discussed was that of flour standards, and a resolution in reference to this question was presented by J. L. Spink. William Hamilton of Glenhuron was the seconder. The motion provided that owing to the standard grade of straight roller flour, as selected by the examiners for the ensuing year, having been found of a higher color than the standards selected for winter wheat patents; and that owing to a great many of the very best bread-producing wheats, such as democrat and red winter, being placed at a lower range of values, thus resulting in a serious loss to the farmers of the province on account of millers not being able to manufacture these very desirable varieties of wheat into straight roller flour; and that in view of the fact that millers are being put to serious loss, not being able to fill contracts for straight roller flour on the new standard, it being impossible even in the best-equipped mills to make flour in color equal straight roller standard; therefore be it resolved that a memorial setting forth the above considerations be transmitted to the Dominion Government, requesting them at the earliest date practicable to pass an order-in-council authorizing the Quebec, Montreal, Toronto, Hamilton and London Boards of Trade to select one delegate each to meet in Montreal and fix a straight roller standard more in harmony with this year's winter wheat product. It was also provided that the expenses to be incurred in the accomplishment of such a scheme should be paid in the usual way. The resolution was carried.

Prof. Shaw's Researches.

A motion by John Brown, seconded by David Plews, was carried, placing on record the appreciation of the association of the invaluable services which have been rendered to the millers and farmers by Prof. Shaw's researches, assisted by his staff, at the Experimental Farm. A committee, consisting of Sir William P. Howland, Messrs. John Brown, J. G. Bochtel, David Goldie and R. L. Rice was appointed to further confer with Prof. Shaw, looking towards receiving such recommendations and suggestions to the Government as may make the farm of still more value to the country.

A resolution providing for a change in the method of appointing the committee for fixing the flour standards was moved by J. L. Spink of Toronto and seconded by Neil McCahil of Forest. The objection to the present committee is that the gentlemen composing it are not actually engaged in milling, and the motion provided for the meeting of a committee composed of five members, one each from the Quebec, Montreal and Toronto Boards of Trade and two from the Dominion Millers' Association, at Montreal, any time between June 1 and Oct. 15, for the purpose of regrading the standards or the standard of any particular grade of flour for color only. The resolution was unanimously adopted.

Incorporation Negatived.

For the past six months a committee of the association has been working on a scheme of incorporation, and yesterday they presented an exhaustive report. The first resolution relative to it was moved by Edward Peplow and seconded by Neil McCahill. It simply provided for carrying out the details of the scheme. After considerable discussion the resolution was lost by a vote of 19 to 23. This result came as somewhat of a surprise to the larger millers present, who were strongly in favor of an adoption of the committee's report.

The Wheat Buyer.

The central wheat buyer, C. B. Watts, presented a lengthy report. It commenced by stating that ten new members had joined the association on account of his having been authorized at the last meeting to sell to non-members at double the commission charged to members. The total value of his purchases in August were $471.26; in September, $502.16; in October, $611.50, and in November $577.50.

Clause 4 contained a warning to millers to be on their guard against the practice of some grain dealers of putting 50 to 100 bushels of goose wheat in the bottom of a car and then fulfilling the remainder of the order with good wheat. The office, he concluded, now shows a surplus of $713 over expenses, being the result of nine months' operations. This, if it were thought desirable, would enable a refund to be made of 50 cents a car on the wheat purchased during that period, making the commission charged on Ontario wheat only $2 and on Manitoba wheat $2.50.

At the evening session a committee which had been appointed in the afternoon to discuss the various considerations presented in the grain buyers report, presented its report. Although the earnings of the office showed a surplus which would enable the present commission to be reduced 50 cents per car on all the wheat purchased so far, still it would be better not to make any change in this regard until the next annual meeting. In concluding the report the committee bore witness to the energy, ability and probity which had characterized the central buyers' conduct of the business of his office. Edward Peplow, supported by N. McLaughlan, proposed the adoption of the report. It was carried unanimously.

Mr. Plewes Resigns.

David Plewes, Brantford, who has been for the past two years and a half the energetic secretary of the association, wished to resign his position. This action was rendered necessary on account of his having accepted the office of flour seller in Great Britain and Europe. William Galbraith, seconded by John Brown, moved the acceptance of the resignation. In doing this they bore unqualified testimony to the ability the late secretary had displayed in the transaction of his onerous duties.

On motion of N. McLaughlan, seconded by A.H. Baird, C. B. Watts was appointed secretary at a salary of $650.

Who Were Present.

Those present at yesterday's meetings were: Thomas Goldie, president, Guelph; David Plewes, secretary, Brantford; J. S. Robertson, editor of The Canadian Miller; Edward Peplow, vice-president, Peterboro'; William Galbraith, treasurer, Toronto; N. McLaughlin, Toronto; John Brown, President Citizens' Milling Co.; C. B. Watts, central wheat buyer; J. L. Spinks, Toronto; J. D. Saunby, London; William Hamilton, Glenburon; E. S. Edmundson, Oshawa; R. L. Rice, St. Mary's; Neil McEchren, Forest; J. Warkrup, Oakville; A. BIG RAILWAY CASE.

A Quarter of a Million Dollars is at Stake—C.P.R. vs. Conmee and McLennan.

OTTAWA, Dec. 9.—The next case which comes up in the Supreme Court here is one of the most important, as it is certainly the largest that has ever come before the court. It is the appeal of the Canadian Pacific Railway vs. Conmee and McLennan. The appeal is from the judgment of the Chief Justice of the Queen's Bench Division of the High Court of Justice, delivered Aug. 1, 1889, whereby judgment was directed to be entered for the respondent against the appellants for the sum of $251,737, with costs of suit, and dismissing the appellants' counter claim with costs. The plaintiffs' action was commenced on the 5th of October, 1885, and on the 31st of October, 1885, the defendants commenced a cross-action against the plaintiffs. The latter action was afterwards stayed by an order of the Court of Appeal, and the company, the defendants therein, were thereby ordered to set up the matters claimed by them by way of counter-claim in the present action. Mr. Conmee is the local member for Western Algoma and constructed, along with McLennan, a section of the Canadian Pacific Railway north of Lake Superior. The claim against the company was for extras and other matters in connection with the work. Before the case was taken into the courts it was heard before three arbitrators, who had all the power of judges, and who sat for weeks in Toronto hearing evidence. All the leading lawyers in Toronto were engaged on either the one side or the other. From arbitration the case was taken to the courts. There are in all some 10 volumes of printed matter in the appellants' factum, and it has been found necessary to prepare an index to the mass of matter contained in the evidence, pleadings, judgments, etc. It is expected that argument in the case will last for two or three weeks. The counsel engaged in the other cases on the list contend that a special sitting of the court should be held for this case, seeing it is no ordinary one. Hon. Edward Blake, Q.C., and Mr. Christopher Robinson, Q.C., aided by other counsel, will appear for the Canadian Pacific Railway, while Mr. D'Aalton McCarthy, Q.C., Mr. B. B. Osler, Q.C., and other counsel will act for Messrs. Conmee and McLennan. Hon. Mr. Blake was one of the counsel in the case now going on, that of Duggan vs. the London & Canadian Loan Company, and spoke for ten and a half hours.

The late Mr. George Eyvel, who was then on the Hansard staff, was one of the stenographers who took the evidence given before the arbitrators, and it was while leaving one of the sittings of the court, a bitter cold winter's night, with his notes in his pocket, that he was set upon by footpads, robbed and knocked senseless. Picked up by a stupid policeman, he was thrown into a cell with his hands and feet frozen, and only conveyed to his home and medical aid procured when a reporter arrived on his morning rounds at the police station and identified him. Mr. Eyvel only lived a few days. As far as the present case is concerned it may be said that all the notes taken by Mr. Eyvel, and which he had not transcribed, were afterwards transcribed by others, notwithstanding that the evidence was of a technical character.

Fatal Tragedy at a Consulate.

MADRID, Dec. 9.—A fatal tragedy occurred yesterday in the French consulate at Sansebastian. Count Despreaux de Savier, who has for some time represented France as consul at that place, got into an altercation with the vice-consul, whose removal to Carthagena, an inferior post, St. Saueveur is said to have recommended. The vice-consul mortally stabbed the consul and then killed himself. The recommendation to transfer is believed to have been the cause of the tragedy, as the vice-consul was deeply offended by it.

Mourning at St. James'.

LONDON, Dec. 9.—A special issue of the official Gazette yesterday said that the Queen has ordered the court to go into mourning for a fortnight, on account of the death of Dom Pedro.

Insulted His Wife.

ST. LOUIS, Mo., Dec. 9.—W. P. Bentley, of the firm of Bentley & Peabody, and one of the most prominent lawyers in the city, was mercilessly cowhided on Market-street yesterday by James F. Sutherlin, who was aided by Harry P. Sutherlin, his brother, and Wm. B. Harris, his brother-in-law. Harris claims Bentley insulted his wife.

IDENTIFICATION OF A CALIFORNIA STAGE ROBBER.

He Proves to be a Son of Joaquin Miller—A New Departure in Connection With the Dispensing of the Commission.

SAN FRANCISCO, Dec. 9.—Joseph McKay, who is in jail at Ukiah, Cal., charged with stage robbery, has been found to be the son of Joaquin Miller, "the Poet of the Sierras." The real name of the young man is Harry Miller. He is 22 years of age and is the son of the poet and the latter's first wife, Minnie Myrtle. On Nov. 15 Miller held up the Ukiah and Eureka stage 18 miles from Ukiah and secured the express box. He was later arrested at Santa Rosa.

The boy's mother, Minnie Myrtle, the first wife of the poet, was an exceedingly bright woman, whose reputation for intellectual ability was little short of her husband's. She died in New York some years ago.

Miller says he was hard up and he thought he would try stage robbing. Joaquin Miller himself does not have anything to do with the boy.

THE EXPLORER A FAKIR.

A Curious Tale Concerning Stanley—How He Won His Bride.

SAN ANTONIO, Tex., Dec. 9.—Lieutenant G. M. Fry, an officer in the English army, who for several years has served with the Princess Royal's Seventh Dragoon Guards, known as the Black Horse, now stationed in India, arrived in New York 10 days ago from South Africa. He is a personal acquaintance of Henry M. Stanley. In an interview he said "I met Stanley at Cairo, Egypt, as he was starting home from his so-called exploring trip. He is a great humbug and has accomplished no more in Africa than many others have done. He has gained a reputation by advertising himself. No one in Africa has any regard for him. Emin Pasha did not want to be found. There is no doubt whatever but that Stanley sacrificed Major Barttelot. I know positively Stanley proposed eight times to Miss Tennant before she accepted him. Her brother told me just before I left England that the Tennant family are very much dissatisfied with Miss Dorothey's marriage.

DEAD DUCKS.

They Get Caught in the Niagara Rapids and Are Carried Over the Falls.

LOCKPORT, N.Y., Dec. 9.—One of the strangest things that has happened at Niagara Falls in some time is the large number of wild ducks which have been going over the falls the past week. The birds, which have been centreing in large numbers over the Falls for two or three weeks past, float down the river until they are caught in the rapids and seem unable to rise out of the swift current and are then whirled over the brink. The largest bag of this game was made the other night, when a dozen hunters picked up some 400 in the river below the falls.

SHOT AT A DANCE.

Murdered Because He Squealed on His Gambling Companions.

FRANKLIN, Tex., Dec. 9.—Saturday night last a negro named Luke Hubbard was assassinated at a dance near here. The coroner's investigation revealed the fact that a number of negroes, among them Hubbard, were gambling, and they each took an oath to kill whoever of the party should divulge anything connected with their doings. The county attorney became aware of the fact that negroes were gambling and summoned Hubbard, who, under stress laid the whole matter bare. The negroes cast lots to see who should kill him and Frank Abbey was the man selected, and he killed Hubbard by firing on him from a crack in a door at the dance. Abbey was arrested.

"An Awful Scene."

Such is the heading which a Boston newspaper gives to a highly imaginative report which it publishes of the alleged annexation meeting held at Woodstock recently under the ægis of Mr. Sol White, the Ontario Tory leader of the annexation movement. This monumental Boston liar says that its tissue of vapid mendacity is a "pen picture of daily *scenes in Canada.*" *This is* the report referred to:

"The agitation has been so successful and and is growing so rapidly that the Loyalists are being roused by both sides of the old school of politicians to arise and oppose the proposal. The Loyalists have already resorted to open violence. Mr. Sol White called a meeting last Tuesday evening in Woodstock, in Oxford. Woodstock is one of the liveliest and most prosperous town in the country. Yet the meeting place was filled with town folks anxious to hear the new political gospel. Mr. Jas. Anderson, a respectable and wealthy local man of influence, occupied the chair. Besides Mr. White the speakers were Wm. Stewart and Dr. Mullin, the latter, however, claiming that independence was preferable to annexation. When the meeting was approaching a close, and just as a resolution in favor of annexation was about to be put, the doors of the hall were forced by a gang of roughs, and a mob of Loyalists crowded their way towards the front. Some shouted for the Queen, and others brandished clubs. One burly Loyalist spat in the face of an unoffending Annexationist. Another Loyalist knocked down a follower of White with a blow of a chair. The table near which Sol. White stood was smashed into kindling wood. When the mob got into possession of hall and had awed the respectable audience, one of their number rushed upon the platform and read from a paper some words which were said to voice a Loyalist sentiment. It was impossible to catch what he said, so great was the noise. After this piece of rowdyism had been successfully performed, Mr. White told the ringleaders, that if they did not forthwith leave the hall he would have them arrested. The mob, after bandying some vile abuse, rushed from the premises, and the Annexationists who remained behind immediately proposed and carried a resolution in favor of the plan The disturbance at Woodstock carries the mind back to some of the scenes which preceded the American Revolution."

A Good Verdict.

SIRS,—I have great reason to speak well of your B B. Bitters. I have taken 6 bottles for myself and family and find that for loss of appetite and weakness it has no equal. It cures sick headache, purifies the blood and will not fail when used. I heartily recommend it to all wanting a pure medicine.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff, not only in the first stages, but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

OUR STREET AND SIDEWALK COMMITTEE.

A story at the expense of the above committee is going the rounds of the village which will bear to be told. A well known gentleman of this village is in the habit of making use of the expression "Great Scott!" A smart youngster just able to talk has picked it up, and, child like, frequently applies it. The other day its mother had it out in the baby carriage and in passing along Queen street ran over a broken plank in the sidewalk. As the youngster recovered from the jar, it looked over the side of the perambulator at the rough spot, and sang out: "Great Scott, what a sidewalk!"

BOARD OF HEALTH.

A meeting of the Lakefield Board of Health was held in the clerk's office on Tuesday morning. All the members were present. The medical health officer presented his report for the past year, which was as follows:

To the Chairman and Members of the Lakefield Board of Health:

GENTLEMEN,—In submitting my report for the past year I have to congratulate you on the low death rate of the village, 6⅔ per 1,000, showing it still maintains it reputation for healthiness. We have had a few cases of infectious disease, and, I regret to say, three deaths; one each from diphtheria, scarlet fever and typhoid. Strict precautions were adopted in all cases except one, and the disease was prevented from spreading. Had the first case of scarlet fever been properly reported it is doubtful if any more would have occurred and a valuable life thus been saved.

I had the usual notices posted up in the spring for house and yard cleaning, so that when the inspector made his tour of inspection he found nearly all in a good condition. There have, however, been more complaints than usual. All received immediate attention from the inspector or myself, and no legal proceedings were necessary.

I regret that pigs are still allowed to be kept inside the limits of the municipality, as most of the complaints have been caused by them, and it is a hard matter to deal with.

These are now no slaughter houses within the corporation, but a place to deposit garbage is greatly required

The following is the sanitary work for the year:

All of which is respectfully submitted.

ALEX. BELL, M.D.,
Medical Health Officer.

On motion of Mr. Casement, seconded by Mr. Isbister, the report as read was adopted.

Moved by Mr. Blomfield, seconded by Mr. Isbister, that this Board recommend that in the interests of the health of the village, the council pass a bylaw prohibiting the keeping of pigs within the thickly populated part of the corporation.—Carried.

Moved by Mr. Isbister, seconded by Mr. Blomfield that this Board is of the opinion that the present mode of disposing of excreta and garbage by being buried in the yards or gardens, which is again turned up to do its deadly work by exposure to the sun and wind, is prejudicial to the public health, and would request the council to secure a proper place for the safe disposal of all such matter, where it can be destroyed or rendered innoxious.—Carried.

Moved by Mr. Isbister, seconded by Mr. Blomfield,—That the council are requested to pay the medical health officer the sum of $15 for services to the board.—Carried.

The board then adjourned.

THE WORK OF BURGLARS.

On Tuesday morning when Mr. James Morrison went to open up the office of the Lakefield Lumber Company, he was astonished to find the safe open and things generally in a state of disorder. Examination showed that some person or persons had paid a visit to the office during the night, obtaining entrance by forcing up a window. The till had first been overhauled, but as it contained nothing of value but postage stamps, attention was directed to the safe, which was not locked. With a chisel they proceeded to break open the drawers, in one of which was some twenty or thirty dollars At this stage of the proceedings they must have become alarmed, most likely by the members of the Orange lodge returning home, as they fled, leaving the cash unsecured and the interior of the safe in a battered up condition. No clue has been obtained, but the manner of working proves it to be the same hand that has for some time past been committing a series of similar outrages, and is no doubt a resident of the village. He will try it once too often and then we will get rid of his company.

"I use Ayer's Cherry Pectoral freely in my practice, and recommend it in cases of Whooping Cough among children, having fond it more certain to cure that troublesome disease than any other medicine I know of."—So says Dr. Bartlett, of Concord, Mass.

THE effect produced by Ayer's Cherry Pectoral. Colds, Coughs, Croup, and Sore Throat are, in most cases, immediately relieved by the use of this wonderful remedy. It strengthens the vocal organs, allays irritation, and prevents the inroads of Consumption; in every stage of that dread disease, Ayer's Cherry Pectoral relieves coughing and induces refreshing rest.

"I have used Ayer's Cherry Pectoral in my family for thirty years and have always found it the best remedy for croup, to which complaint my children have been subject."—Capt. U. Carley, Brooklyn, N. Y.

"From an experience of over thirty years in the sale of proprietary medicines, I feel justified in recommending Ayer's Cherry Pectoral. One of the best recommendations of the Pectoral is the enduring quality of its popularity, it being more salable now than it was twenty-five years ago, when its great success was considered marvelous."—R. S. Drake, M. D., Beliot, Kans.

"My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Our family physician, a skilful man and of large experience, pronounced it useless to give her any more medicine; saying that he had done all it was possible to do, and we must prepare for the worst. As a last resort, we determined to try Ayer's Cherry Pectoral, and I can truly say, with the most happy results. After taking a few doses she seemed to breathe easier, and, within a week, was out of danger. We continued giving the Pectoral until satisfied she was entirely well. This has given me unbounded faith in the preparation, and I recommend it confidently to my customers."—C. O. Lepper, Druggist, Fort Wayne, Ind.

Miss Townsend in "East Lynne."

There was quite a contrast in the appearance of the audience last night at the opera house when compared with that of Monday. Perhaps owing to the play, "Queen of Hearts," being so little known in Peterborough, there was only a meagre attendance on the first night. Last night, however, "the scene was changed," the place being comfortably filled. "East Lynne" was the drama presented, and it speaks well for the realistic rendition of it that there was such a run on pocket handkerchiefs. It is a most touching drama, and gives considerable scope for the display of the emotional powers of the performers. Miss Townsend, as Lady Isabel, deserves great credit for her rendering of that difficult character, and her singing, in the first act, of "Then You'll Remember Me," was grand, and made one, like Oliver Twist, "wish for more." In the fourth and last act her performance of Mme. Vine was excellent, and was much appreciated by the audience. Miss Townsend was well supported by her company. Mrs. Lucy Cutler, as "Miss Cornie" being particularly deserving of mention, and her smart hits and *repartee* were much enjoyed. Before the close of the performance Mr. Will C. Little, stage manger, announced that the performance for Wednesday night would be "David Garrick, jr," in which Miss Townsend would wear a very valuable and historically interesting watch. The watch is on exhibition at Greatrex's drug store, and is a fine piece of workmanship, containing one hundred and fifty-seven small diamonds, fifty-eight pearls and one ruby. What renders the watch more valuable is the hand-painted portrait of King Louis XIV, of France, and his Queen, which is a masterpiece of miniature painting. It has been in the possession of the Townsend family since 1720, and is highly prized with them, and regarded as an heirloom. This quaint and antique timepiece was on view the whole of to-day, previous to the performance.

County Court.

The December Sittings Commence—Few Cases for Trial.

The December sittings of the County Court under the presidency of His Honor, Judge Weller, commenced yesterday.

THE GRAND JURY SWORN.

The following were sworn in as grand jurors :

T. E FITZGERALD, foreman.
M. Curtis,
John Harrison,
John Nixon,
W. J. Green,
A. Fairbairn,
C. W. Waters,
H. A. Moore,
F. E. Bell,
R. Chambers,
J. D. Tully,
C. W. Bunt,
A. Miller,
Jas. Graham,
Jas Stewart,
David West,
J. P. Strickland.

HIS HONOR'S CHARGE.

The judge, in delivering the charge to the Grand Jury, spoke of the limited number of criminal cases to be tried, which was very satisfactory.

He also referred to the good judicial administration of the county and town police magistrates, which was shown by the number of cases settled by them in which the accused person had the option of asking for a trial by jury. It was certainly only natural that a person charged with an offence, whether he were guilty or not, should wish to be tried as speedily as possible.

Mention was made of one case which would come before them under the Charlton Act, after which he spoke of the poor woman and six children who were confined in jail, circumstances of which were detailed in a former issue of the EXAMINER. She was guilty of no crime, but that of poverty, and it was time that something was done towards establishing a home of refuge for the county. Reference was made to the several charitable instutions that Peterborough had the good fortune to possess, the St. Joseph's and Nicholl's Hospitals and the Protestant Home for the aged and infirm, and the Grand Jury were reminded that they had the right to visit any of these institutions.

TRUE BILL.

THE QUEEN vs. JOHN POPE.—Criminal seduction. In this case the Grand Jury returned a true bill.

HOWSON, vs GLEASON.—This was an action brought by Benjamin Howson, of Asphodel, against Willet Gleason, of the township of Haldimand, in replevin for goods and chattels, the property of the plaintiff, and which were, it was claimed, wrongfully detained by the defendant. Mr. E B. Stone appeared as counsel for the plaintiff, and Mr. Wm. Kerr, of Cobourg, for the defendant. Verdict for plaintiff for $5 and costs.

THE PRESENTMENT OF THE GRAND JURY *was made as follows :—*

To HIS HONOR JUDGE WELLER :—

The Grand Jury beg leave to respectfully present that they have visited the jail and found everything clean and in proper order. The prisoners confined in jail, who are principally vagrants, express themselves as well pleased with their treatment. We quite agree with Your Honour that the jail is no proper place for unfortunates who are not guilty of any crime, and we also think that the jail is made so much more like a home than a place of penal confinement that there is a temptation to the idle to seek admission thereto for the sake of passing the winter in comfort, with abundant food and no work. While we were unanimous in thinking that the jail is an improper place for many of the persons confined therein, we were unable to agree upon any recommendation that such an institution as a poor-house should be established in this county.

There is one prisoner confined in the jail at present who seems to us to be so seriously ill that we would suggest the advisability of *his being removed to a hospital, where he* can receive treatment better suited to his condition than is possible to give him, even with the best of intentions, within the walls of the jail.

All of which is respectfully submitted.

T. E. FITZGERALD,
Foreman.

Grand Jury Room,
Peterborough, 9th Dec, 1891.

SECOND DAY—WEDNESDAY.

The time of the Court was occupied this morning with the trial of John Pope, against whom the Grand Jury returned a true bill last evening for the seduction of Eunice Finlay, a girl over 12 and under 16 years. The evidence was largely similar to that reported in the EXAMINER at the time of the preliminary trial, the rigid cross-examination to which the girl was subjected by Mr. Poussette, however, causing a slight modification of her evidence in some particulars. The case was in progress till the rising of the court at 12 o'clock, and the trial was resumed, and was not completed up to the hour of going to press.

The Langford-Lech Libel Suit.

To be Fought to the Finish—Mr. Lech Will Defend the Case.

Mr. John Burnham, Q.C., as solicitor for Mr. Wm. Langford, one of the councillors representing the Fourth Ward, has entered an action against Mr. William Lech, claiming $5,000 damages for libel, the alleged cause of libel being an article written by Mr. Lech, which appeared in the DAILY EXAMINER of Monday.

Mr. Lech was seen by a representative of the EXAMINER, and stated positively that he would defend the action, and that he had retained Mr. Dumble as his solicitor in the case.

The Size and Contents of the Sealed Jar.

Many persons are making enquiry as to the size of the jar used in the Peterborough Bookstore Competition. The jar is 6 inches in diameter and 13½ inches in height. It is completely filled with a mixture of pea, beans and nuts. There is nothing in the interior but the articles named.

The Young Men's Debating Club.

First regular meeting to-morrow evening at 7.30 in the board room of the Mechanics' Institute. Subject "Resolved that it is not in the public interest for municipalities to bonus manufacturing industries." The leader of the affirmative is Mr. R. B. Hall, of the negative Mr. A Stevenson. The second speaker on the negative is to be Mr. A. V. R. Young.

He had Imbibed too Freely.

Yesterday afternoon a man very much under the influence of liquor was driving a buggy along Hunter street, when he had reached the the corner of Hunter and George streets, the horse became restive and being checked sharply by the man, started off, overturning the buggy and throwing the man out with considerable force. The horse ran on wildly and dashed the vehicle against a telegraph post completely wrecking it, and being now free from the buggy ran away, but was shortly afterwards captured. Strange to say the man was unhurt, perhaps the influence of potations in which he had indulged protected him somewhat, but he narrowly escaped being seriously hurt. It is to be hoped hoped that this accident will prove a warning to the man in future, not to indulge so deeply before going out driving.

The Carnival of Nations.

Everything points to this event being one of the most unique and interesting entertainments of the winter. Public expectation is on the *qui vive*; the ladies who are to represent the seven nations are busy preparing their costumes, which will be elegant and original. Each nation is striving to outvie the other, and the combined result will be regal in its beauty and truthful reproduction of national dresses. The national booth will be fitted-up regardless of expense. Mr. J.J. Turner, the renowned decorator, has been engaged to do the adornment of the English, the Irish and the United States stalls, and the others are in the hands of competent persons, and the effect of these picturesque booths, tenanted and presided over by the ladies dressed in striking national costumes, with the electric light blazing over all, the music of the Fire Brigade band filling the air, and the happy throng of delighted visitors moving about, will constitute a scene well worth seeing. Tea will be served on Thursday and Friday evenings from 6 to 7 p.m., and refreshments during both evenings, and dinner on Friday afternoon from 12 to 2. The entertainment portion of the carnival will be opened on Thursday evening at 8 30 o'clock, by a processional march by the costumed representatives of the several nations. Don't let anything prevent your attendance at the Carnival of Nations. You will be delighted from the time you enter the room till you depart. In the New Market building. Admission ten cents; admission, including refreshments, twenty-five cents.

The Girls' Guild Sale of Work.

The Girls' Guild of St. John's Church held their semi-annual sale of work yesterday in the school house. A number of useful and fancy articles were offered and met with a good sale. Refreshments were provided for those who preferred "creature comforts" to the comforts of the grab-bag, &c. In the evening the rector, Rev. J.C. Davidson, gave an address referring to the work of the Girls' Guild, and pointed out that it was a society formed to band the young ladies of the church together for missionary and other work. In the course of the address Mr. Davidson mentioned Mrs. Beck and said that she had organized the guild some four years ago, and the thanks of all were due to her for her work in connection with it. During the evening the following informal and impromptu programme, arranged by the Guild, was well rendered :—

Address and Presentation.

Mr. R. Nelson C. Barnes, of the Edison General Electric Company, was yesterday the recipient of a very handsome testimonial marking the high esteem in which he is held by the employees under his supervision. The gift took the shape of an illuminated address and a very handsome dressing case. The presentation was made by Mr. F. Turner in an able and efficient manner. Mr. Barnes replied with a few well chosen words, in which he gracefully expressed his thanks.

Joseph's Bondage.

There was a most successful rehearsal of the soloists in the cantata of "Joseph's Bondage," which is to be presented under Mr. J. H. Ketcham's direction in Bradburn's Opera House on Thursday and Friday nights, December 17th and 18th, and all the parts were excellently taken. Everything points to this cantata being one of the finest musical events of the season. The beautiful music of the cantata will be presented by a full chorus, with semi-choruses, quartettes, duets and solos, and full orchestral accompaniment. The costumes will be of Oriental splendour, and are brought direct from Boston. The full chorus, filling the stage, clad in these picturesque costumes of the time of the Israelitish occupation of Egypt, the strong and well presented music and the striking dramatic effects, will make the cantata of "Joseph's Bondage" well worth seeing and hearing. Everybody in town and county, who can do so, should make a point of being present on one of the two nights. Tickets 25 and 50 cents. Reserved seat plan now open at Greatrex's drug store, Hunter street. 1d1w

Young Women's Christian Association.

Mrs. John Harvie, of Toronto, will address a meeting of ladies only in the ladies' parlor of St. Paul's church, on Thursday afternoon at 3 30 p.m.

On Thursday evening at 8 p. m., a public meeting is to be held in the Baptist church, which will be addressed by Mrs. Harvie on the subject of "Work for and by Young Women." Mrs. John Harvie, it may be said, is the president of the Young Women's Christian Guild of Toronto, and the above meetings are held in the interests of the Young Women's Christian Association of Peterborough, which has only recently been organized.

A special meeting of the members will be held at the close of the prayer meeting.

The following are the officers that were elected at the organization of the Association last week:—

PRESIDENT—Miss Fairbairn.
FIRST VICE-PRESIDENT — Mrs. (Rev.) Locke
SECOND VICE PRESIDENT—Mrs. Pearse.
SECRETARY—Mrs. John McKee.
TREASURER—Mrs. Dr. Bell.

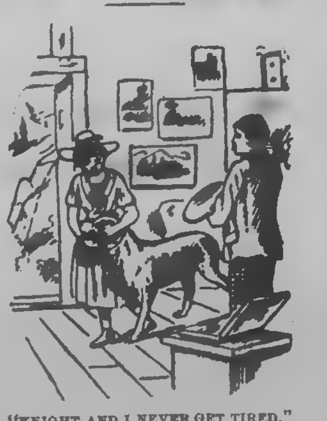
A MOUNTAIN DREAM.



"KNIGHT AND I NEVER GET TIRED."

Yes, I will tell you the story. Throw a few more logs into the stove, will you? Cold out doors?

"Cold? I suppose so; thermometer 40 below, but I'm blest if I feel it much. Your mountain air is wonderful to me. Been living on it ever since I came west."

Oh, we soon got used to it, and then our only wonder is how we ever consented to live where the deadly damp and chill is like a chronic ague. No more of it for me. The valley states have their good features, of course—orchards and corn fields and all that—good to look at when there are no mountains in sight; but of what use would they be here? Plenty of fruit to be had if you want it. Gad, how I used to work when I was a kid? Wading through the black soil of Illinois, dropping corn as soon as I shed my dresses; then covered and hoed and plowed and husked until I got disgusted, cut the whole business and lit out.

"Wasn't cut out for a king of the soil, eh?"

King of nothing! If a boy wants a taste of Inferno let him live on a farm and have a Dutchman for a father.

"Granted; but perhaps you inherited from your good German ancestors the artistic talent which enabled you to get on so well after you did cut and run."

Well, may be so. At any rate I have no quarrel with the old man now. He likes his farm and his fat cattle—I like my den here in the mountains, and my paints and brushes. So here I mean to stay. Pile in some more pine, Jim. I tell you, you might freeze to death and never know it.

"Smooth way to pass over the range to Paradise. But I say, Gus, don't you ever eat here? I am as hungry as a bear."

Eat? Open that oven door and take a whiff. That is the finest roast of venison in Montana, and ranch potatoes which are a poem. Nearly done, old man. Here, let me set the table: Two plates, two knives, two [illegible], and there you are—or would you like some coffee? Have it ready in three minutes. Talk about the refinements of civilization! I suppose you newspaper fellows have to have a printed programme with your grub, a napkin and a silver fork and all that sort of trumpery; but as for me, give me liberty or give me death. Supper is ready. Better keep your hat on.

"All right: that doesn't bother me any; but say, Gus, give me that yarn. That is what I am here for, and I have just two hours to get back to Helena."

You're going to stay all night or no story. I don't have a visitor often, I can tell you, and you don't give me the cold shake. Stay till morning, get a good snooze once in your life—you look as if you needed it—and I will see you over the range in time to catch the 9:30 train. Is it a go?

"Well, I guess so. I ought to be in Denver in thirty-six hours, but I will trump up some lie to satisfy the manager if I am too late for the Sunday issue. By the way, Gus, what a happy life yours is. Sleep as long as you please, dress as you please, eat when you are hungry and work when the fit comes on. Happy man!"

That's all right, Jim—for me. You would loathe yourself in a week, if you should try it. Don't quarrel with your destiny. You are a man of action—your place is in the world, I am a dreamer, a mixer of paints and—a failure.

"A failure, are you? If you could hear the comments on your picture and the stir it has made in Denver you would sing another tune, I swear. You would be as proud as a peacock—and, by the way, I was to ask you if she is for sale."

Who? Oh, my picture! No; not if I was starving. That picture is a part of my life, Jim. My heart's blood mixed the colors on that canvas, and when Helman begged the loan of it for a month I did not suppose that he was going to place it on exhibition for a lot of idiots to gabble over.

"Of whom I am the chief."

Not at all, Jim. I know you have a heart, although you may not believe it, or I would never tell you the story of my "Mountain Dream."

"Well, proceed. I will admit the heart if you will get down to business—note book and pencil all ready."

It was away back in '70 that I built a cabin here, thinking that it would be a good studio for the summer. I had no notion then that I would occupy it more than a few months, I enjoyed it immensely for a time and set to work with a will, making sketches of the scenery. It was new and very fascinating work, too. The atmospheric effects were so different from anything I had ever experienced, the coloring so new, that I was in a sort of artistic frenzy for once in my life, and scarcely knew whether I ate or not.

I had been here about six weeks and had made a good many studies, which I meant to finish up when I returned to the east. I was in earnest and ambitious then, and had my dreams of fame and my hopes of the future as other men have, I suppose. I had seen no one with the exception of a few prospectors on the hunt for gold and silver. They minded their own [illegible] as men soon learned to do in [illegible] days, and I was not bothered nor [illegible] privacy intruded upon. But [illegible] busily paint-

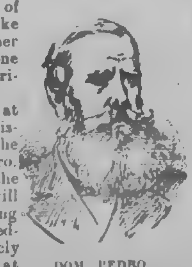
THE LATE DOM PEDRO.

His Daughter Will not Assert Her Rights to the Throne.

PARIS, Dec. 8.—The report that it is the intention of the Countess D'Eu, the daughter and heir of Dom Pedro, to take action to assert her rights to the throne of Brazil, is authoritatively denied.



DOM PEDRO.

The monarchists at Rio Janeiro are disheartened by the death of Dom Pedro. The supporters of the monarchical idea will hold a public meeting in Rio Janeiro Wednesday to publicly express their grief at the death of the ex-Emperor.

PARIS, Dec. 8.—A serious accident occurred on the cable tramroad. A car was ascending the hill at Belleville, when the grip refused to hold the cable, and the car began to descend the hill, gaining velocity every moment. The descending car dashed into another one ascending the hill with a terrific violence and all the passengers in both cars were injured, 12 of them seriously.

PARIS, Dec. 8.—Henri Rosset, a youth 19 years of age, has confessed to a crime not dissimilar to that for which Eyrand, the strangler, suffered death. Rosset says that he was the lover of a waitress at Brasserie who had an elderly admirer, a tradesman, who supplied her with money. The girl, according to Rosset, concluded to get rid of her aged friend and get his money at the same time. So she induced him to accompany her to a secluded spot at Burdeau, St. Clair, and while they rested beneath a tree the young strangler threw a noose around the old man's neck and choked him to death. After robbing the body of 15,000 francs they threw it from Rouen Bridge into the Seine. Rosset refuses to give his accomplice's name.

BERLIN, Dec. 8.—A nursemaid named Wilhelmina Lolt has been arrested for poisoning the child of her employer, a druggist named Gerisch. She has confessed that she administered arsenic to the child as an experiment, with the intention of committing suicide by swallowing some of the same drug if it killed the child. Since the publication of the particulars of this case in the daily papers a baby farmer has deposed that an illegitimate child of Wilhelmina's died suddenly last Thursday after a visit from its mother.

LONDON, Dec. 7.—The suit of Florence St. John, Mme. Duplaney, against her husband, M. Marius Duplaney, more generally known as "M. Marius," was continued to-day. Miss St. John denied calling her husband "a —— French pauper," but admitted that she had called him a cad. When asked if she had not said to her husband, "Cohen is my man, you are a thief," she replied: "No, sir; I said no such thing." She told of her marriage to St. John, her first husband, since dead, when she was 14 years 6 months old; her subsequent marriage to a Mr Smith, who procured a divorce because of her intimacy with Marius and of her marriage afterward with the latter, whose wife had also secured a divorce. The couple soon quarreled, Marius neglected her and she was compelled to accept an engagement at the Strand Theatre in order to support herself and child. Counsel also said that M. Marius frequently struck his wife, and once shamefully abused her when she refused to loan him $500.

What is more annoying than going about constantly hawking and spitting? This is the result of catarrh, and Nasal Balm will cure any case when faithfully used. dw

A Cure for Constipation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick headache in one night. For the blood, liver and kidney, and for the clearing up of the complexion it does wonders. Druggists sell it at 50 cents a package.

The Best in the World.

The oil of the Norwegian Cod Liver is nature's grand restorative, and is only found in its entirety and purity in Millers's Emulsion. It is the most palatable and wholesome preparation of Cod Liver Oil in the world, and is now being taken by invalids, particularly those afflicted with consumption, with the most astonishing success. It is the greatest blood and flesh maker in existence and is a life saver to consumptives. In big bottles, 50c. and $1—at Peterborough Drug Stores. dw

A Great Surprise

Is in store for all who use Kemp's Balsam for the Throat and Lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free? It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50c. and $1.

Cold Weather Trials.

DEAR SIRS,—This fall and winter I suffered from neuralgia in my face and had the best medical advice without avail, I at last thought of B.B.B. and after using one bottle have not felt any symptoms of neuralgia since. I regard it as the fine family medicine.

dw J. T. DROST, Heaslip, Man.

The Reason Why.

The reason why Burdock Blood Bitters leads all other medicines in the race for popularity is because it is absolutely pure, cannot harm the delicate invalid, and never fails to cure biliousness, dyspepsia, bad blood, constipation, etc. dw

To Invigorate both the body and the brain, use the reliable tonic, Milburn's Aromatic Quinine Wine. dw

Enjoying a Blessing.

DEAR SIRS,—Last summer my younger sisters were taken very badly with croup, indeed we were almost in despair, having little hope of curing them. Finally we applied Hagyards Yellow Oil, and to our great joy it cured them perfectly, and they are now enjoying the blessing of perfect health.

GRAND HOLIDAY

PRIZE COMPETITION

—AT THE—

PETERBOROUGH BOOKSTORE!

THE PRIZES

A GOLD WATCH,

A

SILVER WATCH,

AND A CARVING SET.

The Peterborough Bookstore began on Saturday evening, Dec. 5th, at 6 o'clock, a Grand Guessing Competition for the prizes of

Lady's or Gentleman's Gold Watch, Worth $50.

Lady's or Gentleman's Silver Watch, Worth $20.

Silver Steel Carving Set, Worth $5.

No One Person will be Entitled to More than One Prize.

Our Xmas Stock of Fancy Goods has all been purchased in the Best Markets, and the Goods are Entirely New.

It would take a great amount of space to illustrate and describe the different articles in our handsome stores. All we can say is that we have cut the prices away down, and everything is marked in plain figures, so that a grander chance was never offered to purchase what you may require in the BOOK, STATIONERY AND FANCY GOODS LINE FOR XMAS AND NEW YEAR PRESENTS. Remember also, that we invite the public to call in and examine our Beautiful Stock, whether you purchase or not. We have numerous and very courteous clerks, who will enjoy showing you the finest display in Peterborough in our line. An inspection will prove to you that OUR GOODS ARE RIGHT IN PRICE AND IN QUALITY.

A SPECIAL POINTER.

Remember, that every person making a purchase in our establishment to the amount of ONE DOLLAR, and also for every dollar above that amount, will be given an opportunity to guess the number of Peas, Beans and Hazel Nuts in the Glass Jar in one of our show windows, and the one making the nearest guess to the total number of Peas, Beans and Nuts in the Jar receives

A GENUINE GOLD WATCH of Substantial Value, and of the best manufacture. The Lady's Watch is a 14-Carat, Solid Gold Hunting Case, full-jewelled, stem-winding Waltham Watch, worth $50.00, and the alternate prize, a Gentleman's Gold Watch, is of equal quality and value; the winner may make choice and take either.

The Second nearest receives the SILVER WATCH, a Three-Ounce Hunting Case, full-Jewelled, Compensating Balance Elgin Watch;

The Third nearest receives A BUCKHORN HANDLE CARVING SET, Silver Steel, Sheffield make.

Should two or more guess the exact same number of the total of Peas, Beans and Nuts in our Glass Jar, the award will be made to the one first making the guess. Therefore guess early.

The number of Peas, Beans and Nuts in the Jar is unknown to any person, as the following certificate shows:—

In the Matter of the Peterborough Bookstore Competition:

We, James W. Brisbin, of the Town of Peterborough, merchant, William Collins, of the Township of North Monaghan, farmer, and George E. Elliott, of the Township of Smith, farmer, do hereby certify:

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar, or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

GEO. E. ELLIOTT,
WM. COLLINS,
J. W. BRISBIN,

Come early and make your purchases, and should you not require the goods delivered at present they will be laid aside until Xmas and New Year.

"August Flower"

Relieved in Two Days. Constipation Life of Misery

"I inherit some tendency to Dyspepsia from my mother. I suffered two years in this way; consulted a number of doctors. They did me no good. I then used your August Flower and it was just two days when I felt great relief. I soon got so that I could sleep and eat, and I felt that I was well. That was three years ago, and I am still first-class. I am never without a bottle, and if I feel constipated the least particle a dose or two of August Flower does the work. The beauty of the medicine is, that you can stop the use of it without any bad effects on the system. While I was sick I felt everything it seemed to me a man could feel. I was of all men most miserable. I can say, in conclusion, that I believe August Flower will cure anyone of indigestion, if taken with judgment. A. M. Weed, 229 Bellefontaine St., Indianapolis, Ind." ●

Mount Pleasant.

(*From Our Own Correspondent.*)

Mr. D. R. Gardner has obtained a situation in Peterborough and gone thither.

Mr. John Handley also has secured a good position in the Edison Works in that town.

One of Mr. John Argue's sons, has come o'er from Dakota and is calling on his many Ontario friends.

The patrons of our cheese factory met on 1st. inst., and settled up the season's business. Though the season was but an average one, the patrons were well satisfied with the financial outcome of the enterprise. They purpose continuing in the work next season and some hope to increase their patronage.

Rev. Mr. Cook conducted revivals last week in the Methodist church.

From Regina, a short time ago, the news reached us of the melancholy end and early death of Charlie Morton, who formerly, resided in our village. Death was due to the fracture of a limb, caused by a broncho falling on him. The limb was amputated many times, to prevent mortification, but it was of no avail. He left a young wife to mourn along with his mother, sisters and brother, his sudden death.

Miss Emma Kirk, of Garden Hill, is the guest of her sister, Mrs. Chas. Rutherford.

On the 25th ult, Mr. Radley, of Ope, led to the hymeneal altar a helpmate in the person of Miss Minnie Bloxom. Rev. Mr. Cox, of Cavanville, tied the knot. The young couple have the good wishes of their many friends.

Mr. Jas. Smith entertained Mr. W. Brown and Miss Sadie Brown, of Pontypool, on the 29th ult.

The Foresters held their concert on the 27th ult. They engaged the Canadian Jubilee Singers of Hamilton for the occasion. At the commencement of the concert, Dr. McKibbin, in a brief speech, apologized for the absence of the chairman, Mr. J. R. Stratton, M. P. P., and then gave the manager of the Jubilee Singers his space and good will to carry out the programme. The concert was a very good display of sacred negro melodies of the olden times. Mr. Carter's well spun yarns elicited very hearty and sometimes prolonged applause. The boy basso, Jimmy Lightfoot, whose depth of voice reminded one of distant thunder, was a whole heap of fun in himself. The classical rendition of Mary's Lamb, and the Tyrolean Duck Song convulsed the audience with laughter. The finances were up to the average, though the weather was none too pleasant.

Northumberland's Nominee on the Board.

At a largely attended meeting of members and directors of the West Northumberland Agricultural Society, held at Cobourg on the 28th ult., W. J. Westington, Esq, was unanimously nominated as a candidate to represent this division in the Council of the Agricultural and Arts Association of Ontario. The district comprises eight electoral ridings, namely, the two Northumberlands, the two Durhams, the two Peterboroughs and the two Victorias. West Northumberland has not had a resident representative since the late Hon. Asa H. Burnham's time, while the late Nathan Choate, Sam. Wilmot and Robt. Vance, Esqs, have been elected from Durham, Mr. Vance's term expiring at the end of the present year. Peterborough has sent Jno. Walton, Esq, also Jno. Carnegie, ex-M.P.P. We, therefore, trust that those agricultural societies that have been so highly favoured and honoured in the past will cheerfully lend a helping hand to elect West Northumberland's nominee, who has been a society director for nearly twenty years. He has been president of the Hamilton Township and the West Northumberland agricultural societies, also president of the old central association, embracing the four counties. In all agricultural questions he has taken great interest, particularly in the Farmers' Institute, where he has filled the president's chair with much zeal and ability. He has had large experience in municipal, as well as agricultural, matters, having faithfully served Hamilton township as a member of the county council for a number of years. His public experience will render him a very useful representative on the Board of the Agricultural and Arts Association. We congratulate West Northumberland agriculturists on their choice of a candidate.—*Cobourg World.*

Mr. Gunn Accepts.

KINGSTON, Dec. 3.—Alexander Gunn was tendered the nomination of the Liberal party for Kingston for the House of Commons at a Reform rally to-night. A deputation waited on Mr. Gunn. He accepted the candidacy. He would not attend the convention saying "not for 100 votes will I attempt to take advantage of the sorrow and bereavement of the man I have to meet." He said his sympathies and love were with Mr. Metcalfe while the angel of death hovered over his home, and he would not move while his possible opponent suffered. When the time came he would be at his post. The convention reciprocated the respect and feeling of Mr. Gunn and reverenced his sentiments. They joined with him in tendering sympathy to the afflicted family. Mr. Gunn's acceptance, however, was heartily received.

A Brakeman Killed.

DUNNVILLE, Dec. 4. George Moody of St. Thomas, a brakeman on the G.T.R., fell between the cars this morning and had both legs cut off, dying shortly afterwards.

"At last I can eat a good square meal without its distressing me!" was the grateful exclamation of one whose appetite had been restored by the use of Ayer's Sarsaparilla, after years of dyspeptic misery. A teaspoonful of this extract before each meal sharpens the appetite.

BY-LAW No. ——

A By-Law to Raise, by Way of Debentures, the Sum of Fourteen Thousand Dollars for Drainage and Purchase of Right of Way to the Edison Works.

Passed..................

WHEREAS it is necessary and expedient to raise, by way of debentures, the sum of Fourteen Thousand Dollars for the purpose of paying for the drain on Park and Rink streets, and the purchase of the right of way from the lines of the Grand Trunk Railway Company and the Canadian Pacific Railway Company to the lands of the Edison General Electric Company, such debentures to bear interest at the rate of five per cent. per annum and to be payable in thirty years from the date of issue thereof;

And, whereas, the amount of the whole ratable property of the Town of Peterborough, according to the last revised assessment roll of the said town, being for the year one thousand eight hundred and ninety-one, is the sum of four million one hundred and thirty-five thousand nine hundred and fifty-five dollars;

And whereas the amount of the existing debenture debt of the said municipality is the sum of two hundred and fifty-four thousand five hundred and fifty dollars, and there is no part of the principal or interest in arrears;

And, whereas, the amount required to be raised annually for the payment of the said debentures is the sum of seven hundred dollars for interest, and the sum of one hundred and forty dollars for sinking fund:

The Corporation of the Town of Peterborough by the Council thereof therefore enacts as follows:

1. This By-law shall take effect on the 31st day of December, one thousand eight hundred and ninety one.

2. The Mayor and Treasurer of the said Corporation are hereby authorized to borrow the sum of Fourteen Thousand Dollars, and for that purpose to issue debentures of the said Corporation for the said sum of Fourteen Thousand Dollars; such debentures to be made payable at the office of the treasurer of the said Corporation in thirty years from the date of issue thereof, and to bear interest at the rate of Five per cent. per annum, payable half-yearly, on the Thirtieth day of June and the Thirty-first day of December in each year, and to have coupons attached thereto for the payment of such interest.

3. There shall be raised and levied in each year during the currency of the said debentures the sum of Seven Hundred Dollars for the payment of interest, and the sum of One Hundred and Forty Dollars to provide a sinking fund for the payment of the said debt by a special rate sufficient therefor upon all the ratable property in the said Municipality in addition to all other rates levied in the said Municipality.

4. Upon the sale of the said debentures the money received therefor shall be applied to the purposes hereinbefore set forth.

5. The votes of the duly qualified electors of the said Municipality shall be taken upon the said Bylaw on WEDNESDAY, the

Twenty-Third Day of December, 1891

commencing at the hour of Nine o'clock in the forenoon, and closing at the hour of Five o'clock in the afternoon of the same day at the following places and before the Deputy-Returning Officers:—

NUMBER ONE WARD—At Mission School House, to be Deputy-Returning Officer, Joseph Lundy.

NUMBER TWO WARD—At Market Building, to be Deputy-Returning Officer, Chas. Cameron.

NUMBER THREE WARD—At Rathbun's office, to be Deputy-Returning Officer, John Irwin.

NUMBER FOUR WARD—At Wm. Lee's shop, to be Deputy-Returning Officer, Wm. Lee.

6. The Twenty-Fourth day of December, Eighteen Hundred and Ninety-One at the hour of Twelve o'clock noon, and the Office of the Town Clerk of the said Town, are hereby fixed as the time when and the place where the Clerk of the said Town shall sum up the number of votes given for and against the Bylaw, and the Sixteenth Day of December, Eighteen Hundred and Ninety-One, at the hour of Twelve o'clock noon, and the Office of the Clerk of the said Town are hereby fixed as the time and place for the appointment of persons to attend at the various polling places and at the final summing of the votes by the Clerk respectively on behalf of the persons interested in and promoting or opposing the passage of the by-law.

NOTICE.

Take notice that the foregoing is a true copy of a proposed By-Law which has been taken into consideration and which will be finally passed by the Council in the event of the assent of the Electors being obtained thereto after one month from the first publication in the *Daily Evening Review* and DAILY EXAMINER newspapers, the date of which first publication is the 1st day of December, 1891, and at the time and place therein fixed for taking the votes of the Electors the polls will be held.

FRED. DOVER.
Acting Town Clerk, Returning Officer.

I AM A MAN

"I have been treated by doctors, who had long lists of so-called cured patients, but they could not reach my case, and hope had been murdered in me by fair promises, but on first application of your magical appliance, hope and confidence came flocking in stronger than the combined powers of the four winds. I knew then that you would cure me, and now that I am a man and well again, I cannot thank you sufficiently for the cure. So again I say, use my name as reference whenever you wish. You nor any one else cannot use words too strong to express my sentiments in favor of so wonderful a treatment as that given by you."

DR. JAMES' NERVE BEANS.

NERVE BEANS are a new discovery that relieve and cure the worst cases of Nervous Debility, Lost Vigor and Failing Manhood; restore the weakness of body or mind caused by over-work, or the errors and excesses of youth. This remedy absolutely cures the most obstinate cases, when all other TREATMENTS have failed even to relieve. They do not, like other preparations advertised for Lost Manhood, etc., interfere with digestion; but impart new life, strength and energy in a quick and harmless manner, peculiar to themselves.

MARCH 10 FIXED UPON FOR THE WEDDING

The Queen Names the Date–Her Visit Postponed Until After the Nuptial Knot is Tied—General Cable News.

LONDON, Dec. 9.—At the desire of the Queen the wedding of Princess Victoria Mary and the Duke of Clarence and Avondale is being arranged for March 10, the 28th anniversary of the Prince and Princess of Wales. The ceremony will take place in St. George's Chapel, Windsor.

The Queen will not leave England for the continent until March 28 or 30, and Her Majesty's plans of foreign travel are quite undecided. The sanitary arrangements and water supply of Florence will scarcely have been organized too soon, and at present the chances are greatly in favor of the Queen going to Aix Les Bains, as the air of that place suits her admirably, and she is always much better for the baths and massage treatment.

Prince George of Wales is to go to the seaside to recruit his health as soon as he is well enough to travel, and the Queen has offered to place Osborne cottage at his disposal.

The German Emperor has rather a dislike for racing, because he regards it as giving encouragement to gambling, but he is indirectly the largest owner of race horses in Germany, as the Gradity stud belongs to the crown, and the horses trained there have won more than those of any other owner. The Gradity stud has been credited with nearly £12,500. Herr Simon, Prince Furstenberg and Baron Von Oertzen, other owners, amounted to £4000.

The Archduke Henry of Austria left behind him about 1,000,000 francs, half of which consists in a life insurance policy. This fortune will be inherited by his only daughter, the youthful Baroness Waldek.

A HANDFUL OF EARTH.

From the Country He Loved, Placed in Dom Pedro's Coffin.

PARIS, Dec. 9.—The body of Dom Pedro, the ex-emperor of Brazil, was placed yesterday in the coffin prepared for it. While some of his old servants were overhauling the effects of Dom Pedro preparatory to removing them, they found in a chest belonging to the dead ex-emperor a bag of earth, part of the soil of Brazil, which he had treasured as one of his most valuable possessions. It was known that it was his desire to sleep his final sleep in Brazilian soil, and so the valued earth was placed in the coffin, and the dead ex-ruler was tenderly and reverently laid upon it. Thus, in a measure, was his oft expressed wish complied with.

DIVORCE SEQUEL.

Miss Williams Will Bring an Action for Damages Against Earl Russell.

LONDON, Dec. 9.—The solicitors of Miss Williams, the young woman whom Earl Russell testified he betrayed while she was a servant in the family, will bring an action for libel against him, laying the damages at £10,000, if he refuses to retract the statement and give ample compensation.

The mother of Miss Williams was foster-mother to the earl. She and her husband had charge of the house at Teddington, and the daughters were housemaids at the same place. Mrs. Williams alleged that Russell was engaged to marry the youngest daughter, and denies there was any seduction. The girl swears she was forced to fly to her mother for protection. Owing to this, Earl Russell dismissed the entire family from his service. They made a claim on him for wrongful dismissal, and he paid them £500. The girl did not receive the money, and did not bring action for breach of promise of marriage. Medical evidence has been taken in support of the girl's innocence.

Verdict in the Maybrick Case.

LONDON, Dec. 9.—The Court of Appeals has handed down a decision in the Maybrick insurance case. The action was brought by the brothers of Mr. Maybrick, the Liverpool merchant, for whose murder by poison Mrs. Florence Maybrick, his wife, is now serving a life sentence in Woking Prison. They sought to recover on a policy for $10,000, issued by the Mutual Reserve Fund Life Insurance Company on the deceased. Mr. Maybrick made over this policy to his wife, and she in turn made it over to her lawyer, Mr. Cleaver, to cover the costs of defending her against the charge of murder. The insurance company refused to pay the policy, and action was brought to compel it to do so by the brothers of Mr. Maybrick, who were the executors of his estate. The master of the rolls, in giving the verdict, said the insurance company must pay the amount of insurance to the executors of Mr. Maybrick's estate, holding that the policy was only payable to them. The wife's assignee, owing to her crime, could receive nothing.

Persians Stop Smoking Because of an Obnoxious Government Edict.

TEHERAN, Persia, Dec 9.—The new tobacco regie established by the Government is meeting with much opposition from the people. The Mullahs, in particular, are greatly opposed to the new order of things and, taking advantage of the position, they have ordered the people to abstain from smoking. This order has been generally obeyed, with the result that the sales of tobacco have greatly fallen off. Tobacco merchants who are found guilty of exciting the populace against the regie are exiled from the country.

THE FRENCH UNEASY.

Jealous of Germany's Alliances and England's Intrigues.

NEW YORK, Dec. 9.—The Herald's Paris despatch says: The news of the signature of a commercial convention between Germany and the United States has made a deep impression. People here are asking each other whether Germany, who has already signed treaties of commerce with Austria and Italy and who is on the point of contracting others with Belgium and Switzerland; intends to combat French interests wherever she meets them. The prevailing optimism on certain points has been succeeded by a widespread feeling of disquietude. In political circles peace is not thought nearly as probable as it was lately. According to the reports which the French Government has received from its agents, England is taking a lively interest in the movement of the Radicals in favor of an abolition of the concordat. On making inquiries regarding the reasons of this curious fact, the Government has ascertained that England is equally interested in the attacks of Italy on the Vatican. It would seem England still expects to derive profit from a crisis which might lead the Pope to take refuge in Malta. While avoiding all official interference in the matters at issue, she is working by secret and indirect means to bring about this crisis. But she is wasting time; the departure of the Pope from Rome is not within measurable distance, and if it did not occur would do no good to England.

RUSSELL SAGE'S INJURIES.

Deaf in One Ear and His Hands and Right Leg Hurt.

NEW YORK, Dec. 9.—It is feared Russell Sage received a permanent injury to his right ear from the explosion in his office on Friday. When he was first brought home he could hear very little with either ear, and until yesterday he was unable to hear the ticking of a watch on the left side. Yesterday, however, the hearing of the left ear showed considerable improvement, but the right ear remained practically deaf, and Dr. Munn is inclined to believe the drum has been fractured. In all other respects Mr. Sage's condition yesterday was much improved. The nervous reaction which was very apparent on Sunday has disappeared. Mr. Sage received the worst injuries on his right hand and right leg. The right hand, besides being cut in several places, appears also to have been badly burned. It is kept completely wrapped in bandages, with the exception of the finger tips. The left hand also had ugly-looking cuts on the back, but it has already nearly healed and requires only court plaster.

TO PRESERVE GAME.

Meeting of the International Fish and Game Commission.

HAMILTON, Dec. 9.—The final meeting of the International Fish and Game Commission is now being held in the city.

One resolution under consideration is to the effect that provisions should be introduced into the laws of all the states represented in the conference, forbidding the taking and having in possession of salmon trout and whitefish of the weight of less than two pounds each, bass of the weight of less than one pound and blue pike of less weight than three-quarters of a pound.

This resolution is the one of most interest here: "That we ask of the Canada Fish Commissioners a prohibitory law that will prohibit the use of all kinds of nets in the Canadian waters of the St. Lawrence River, the same as the New York State codification bill now recommends; we also ask of them to include the same time for their close season on the St. Lawrence River, for all kinds of game fish, that the above-named codification bill recommends."

A CURIOUS YARN.

Husband and Wife Have a Pig for a Bedfellow.

BRANTFORD, Dec. 9.—Mr. Charles Pelton of Burford is authority for the statement that a certain couple, man and woman, living on the third concession of that town line, have a pig sleeping in the same bed as themselves. The woman, when spoken to about the subject, seemed to think such companionship quite proper, but complained that the porker bit her feet.

John L. Fighting Drunk.

SAN FRANCISCO, Dec. 9.—John L. Sullivan left for Southern California yesterday in a state of helplessness. He was lugged on board the ferry boat like a sack of wheat. Sullivan bore evidence of having been in a fight, and it is said he and Ashton had one in San Salito on Sunday. Ashton and Sullivan got into an alteration over their cups. Ashton was, comparatively speaking, sober, John L. was drunk. Words led to blows and the "big fellow" was knocked down. A rough and tumble fight ensued, in which Ashton got far the better of it. Friends rushed in and separated the pair and John was persuaded to go home. His cheek was marked and claret was drawn from his nose. Sullivan was drunk nearly all last week, but managed to sober up every night for the performance. He seems to have completely lost his grip since his failure to get on a match with Slavin.

The Duke of Devonshire Dying.

LONDON, Dec. 7.—The latest news from the bedside of the Duke of Devonshire is that he is in a moribund condition and that his death is only a question of a few hours. The Marquis of Hartington, who was hastily summoned yesterday to attend his father, has telegraphed to various places postponing all his political engagements.

Passed an Awful Night.

LONDON, Dec. 9.—The channel steamer Victoria, which struck the pier at the entrance to the harbor of Calais last night, and being unable to make the harbor owing to the heavy gale which prevailed, was obliged to put to sea again, returned to Dover at 4 o'clock this morning. Her port paddle-wheel was badly damaged by the collision with the pier. The Victoria's passengers upon landing at Dover stated that they had passed an awful night. The steamer was going at full speed when she struck the pier at Calais, and her escape from at once going down with all on board is considered miraculous.

Shot His Brother.

NEW HAMBURG, Ont., Dec. 9.—This morning a young man named Nargang, living one mile south of here, had been shooting sparrows and left the gun loaded in the house. A younger brother, not knowing that it was loaded, pointed the gun at him, when it went off. The charge entered the young man's mouth, coming out a little below the ear. He now lies in a precarious condition.

Latest United States Reciprocity Treaty.

WASHINGTON, Dec. 9.—A commercial convention under the reciprocity clause of the McKinley Act has been practically concluded between Germany and the United States, which contemplates the free importation of German sugar into the United States, and the reduction of duty on American cereals imported into Germany from five marks to three and a half marks.

Picton Man Frozen to Death.

BAY CITY, Mich., Dec. 9.—Hunters have found the remains of Peter Demarest of Picton, Ont., frozen to death 10 miles from Alger. Demarest was on his way to a lumber camp and was caught in a blinding snowstorm.

Eczema on a Lady.

Stubborn Case of Skin Disease Covered Her Face and Body—Many Doctors Baffled.

Marvellous and Complete Cure by Cuticura—Six Years have Elapsed and No Return.

A lady customer of ours (Miss Fanny Atwood of Caroline Depot, N. Y.) has been cured of a stubborn case of skin disease by the use of CUTICUTA REMEDIES. She remarked that her case had baffled the skill of many well-known physicians. They unanimously pronounced it Eczema, with Rheumatism lurking in the blood. Some predicted that any treatment strong enough to cure the Eczema would surely increase the Rheumatism. She used two sets of the CUTICURA REMEDIES. The effect was marvellous. Her case of Eczema was not only completely cured, but her Rheumatism was greatly relieved during the treatment. Six years have elapsed since the cure was performed, her Rheumatism has since never increased by the treatment, but rather diminished, and she sees no symptoms of the return of the Eczema which once so completely took possession of her face and body. Miss Atwood delights in telling of the good effect that the CUTICURA threatment had upon her, and recommends unsolicited the CUTICURA REMEDIES for Eczema and all kindred ailments. Your preparations find ready sale; indeed, CUTICURA SOAP is on the list to buy almost continuously.

DAVID DOBB

"August Flower"

"I inherit some tendency to Dyspepsia from my mother. I suffered two years in this way; consulted a number of doctors. They did me no good. I then used your August Flower and it was just two days when I felt great relief. I soon got so that I could sleep and eat, and I felt that I was well. That was three years ago, and I am still first-class. I am never without a bottle, and if I feel constipated the least particle a dose or two of August Flower does the work. The beauty of the medicine is, that you can stop the use of it without any bad effects on the system. While I was sick I felt everything it seemed to me a man could feel. I was of all men most miserable. I can say, in conclusion, that I believe August Flower will cure anyone of indigestion, if taken with judgment. A. M. (From Our Own Correspondent.)

Mr. D. R. Gardner has obtained a situation in Peterborough and gone thither.

Mr. John Handley also has secured a good position in the Edison Works in that town.

One of Mr. John Argue's sons, has come o'er from Dakota and is calling on his many Ontario friends.

The patrons of our cheese factory met on 1st. inst., and settled up the season's business. Though the season was but an average one, the patrons were well satisfied with the financial outcome of the enterprise. They purpose continuing in the work next season and some hope to increase their patronage.

Rev. Mr. Cook conducted revivals last week in the Methodist church.

From Regina, a short time ago, the news reached us of the melancholy end and early death of Charlie Morton, who formerly, resided in our village. Death was due to the fracture of a limb, caused by a broncho falling on him. The limb was amputated many times, to prevent mortification, but it was of no avail. He left a young wife to mourn along with his mother, sisters and brother, his sudden death.

Miss Emma Kirk, of Garden Hill, is the guest of her sister, Mrs. Chas. Rutherford.

On the 25th ult, Mr. Radley, of Ops, led to the hymeneal altar a helpmate in the person of Miss Minnie Bloxom. Rev. Mr. Cox, of Cavanville, tied the knot. The young couple have the good wishes of their many friends.

Mr. Jas. Smith entertained Mr. W. Brown and Miss Sadie Brown, of Pontypool, on the 29th ult.

The Foresters held their concert on the 27th ult. They engaged the Canadian Jubilee Singers of Hamilton for the occasion. At the commencement of the concert, Dr. McKibbin, in a brief speech, apologized for the absence of the chairman, Mr. J. R. Stratton, M. P. P., and then gave the manager of the Jubilee Singers his space and good will to carry out the programme. The concert was a very good display of sacred negro melodies of the olden times. Mr. Carter's well spun yarns elicited very hearty and sometimes prolonged applause. The boy basso, Jimmy Lightfoot, whose depth of voice reminded one of distant thunder, was a whole heap of fun in himself. The classical rendition of Mary's Lamb, and the Tyrolean Dock Song convulsed the audience with laughter. The finances were up to the average, though the weather was none too pleasant.

Northumberland's Nominee on the Board.

At a largely attended meeting of members and directors of the West Northumberland Agricultural Society, held at Cobourg on the 28th ult., W. J. Westington, Esq., was unanimously nominated as a candidate to represent this division in the Council of the Agricultural and Arts Association of Ontario. The district comprises eight electoral ridings, namely, the two Northumberlands, the two Durhams, the two Peterboroughs and the two Victorias. West Northumberland has not had a resident representative since the late Hon. Asa H Burnham's time, while the late Nathan Choate, Sam. Wilmot and Robt. Vance, Esqs., have been elected from Durham, Mr. Vance's term expiring at the end of the present year. Peterborough has sent Jno. Walton, Esq., also Jno. Carnegie, ex-M.P.P. We, therefore, trust that those agricultural societies that have been so highly favoured and honoured in the past will cheerfully lend a helping hand to elect West Northumberland's nominee, who has been a society director for nearly twenty years. He has been president of the Hamilton Township and the West Northumberland agricultural societies, also president of the old central association, embracing the four counties. In all agricultural questions he has taken great interest, particularly in the Farmers' Institute, where he has filled the president's chair with much zeal and ability. He has had large experience in municipal, as well as agricultural, matters, having faithfully served Hamilton township as a member of the county council for a number of years. His public experience will render him a very useful representative on the Board of the Agricultural and Arts Association. We congratulate West Northumberland agriculturists on their choice of a candidate.—*Cobourg World.*

KINGSTON, Dec. 5.—Alexander Gunn was tendered the nomination of the Liberal party for Kingston for the House of Commons at a Reform rally to-night. A deputation waited on Mr. Gunn. He accepted the candidacy. He would not attend the convention saying "not for 100 votes will I attempt to take advantage of the sorrow and bereavement of the man I have to meet." He said his sympathies and love were with Mr. Metcalfe while the angel of death hovered over his home, and he would not move while his possible opponent suffered. When the time came he would be at his post. The convention reciprocated the respect and feeling of Mr. Gunn and reverenced his sentiments. They joined with him in tendering sympathy to the afflicted family. Mr. Gunn's acceptance, however, was heartily received.

BY-LAW No ——

A By-Law to Raise, by Way of Debentures, the Sum of Fourteen Thousand Dollars for Drainage and Purchase of Right of Way to the Edison Works.

Passed.................

WHEREAS it is necessary and expedient to raise, by way of debentures, the sum of Fourteen Thousand Dollars for the purpose of paying for the drain on Park and Rink streets, and the purchase of the right of way from the lines of the Grand Trunk Railway Company and the Canadian Pacific Railway Company to the lands of the Edison General Electric Company, such debentures to bear interest at the rate of five per cent. per annum and to be payable in thirty years from the date of issue thereof;

And, whereas, the amount of the whole ratable property of the Town of Peterborough, according to the last revised assessment roll of the said town, being for the year one thousand eight hundred and ninety-one, is the sum of four million one hundred and thirty-five thousand nine hundred and fifty-five dollars;

And whereas, the amount of the existing debenture debt of the said municipality is the sum of two hundred and fifty-four thousand five hundred and fifty dollars, and there is no part of the principal or interest in arrears;

And, whereas, the amount required to be raised annually for the payment of the said debentures is the sum of seven hundred dollars for interest, and the sum of one hundred and forty dollars for sinking fund;

The Corporation of the Town of Peterborough by the Council thereof therefore enacts as follows:

1. This Bylaw shall take effect on the 31st day of December, one thousand eight hundred and ninety one.

2. The Mayor and Treasurer of the said Corporation are hereby authorized to borrow the sum of Fourteen Thousand Dollars, and for that purpose to issue debentures of the said Corporation for the said sum of Fourteen Thousand Dollars; such debentures to be made payable at the office of the treasurer of the said Corporation in thirty years from the date of issue thereof, and to bear interest at the rate of Five per cent. per annum, payable half-yearly, on the Thirtieth day of June and the Thirty-first day of December in each year, and to have coupons attached thereto for the payment of such interest.

3. There shall be raised and levied in each year during the currency of the said debentures the sum of Seven Hundred Dollars for the payment of interest, and the sum of One Hundred and Forty Dollars to provide a sinking fund for the payment of the said debt by a special rate sufficient therefor upon all the rateable property in the said Municipality in addition to all other rates levied in the said Municipality.

4. Upon the sale of the said debentures the moneys received therefor shall be applied to the purposes hereinbefore set forth.

5. The votes of the duly qualified electors of the said Municipality shall be taken upon the said Bylaw on WEDNESDAY, the

Twenty-Third Day of December, 1891

commencing at the hour of Nine o'clock in the forenoon, and closing at the hour of Five o'clock in the afternoon of the same day at the following places and before the Deputy-Returning Officers:—

NUMBER ONE WARD—At Mission School House, to be Deputy-Returning Officer, Joseph Lundy.

NUMBER TWO WARD—At Market Building, to be Deputy-Returning Officer, Chas. Cameron

NUMBER THREE WARD—At Rathbun's office, to be Deputy-Returning Officer, John Irwin.

NUMBER FOUR WARD—At Wm. Lee's shop, to be Deputy-Returning Officer, Wm. Lee.

6. The Twenty-Fourth day of December, Eighteen Hundred and Ninety-One at the hour of Twelve o'clock noon, and the Office of the Town Clerk of the said Town, are hereby fixed as the time when and the place where the Clerk of the said Town shall sum up the number of votes given for and against the Bylaw, and the Sixteenth Day of December, Eighteen Hundred and Ninety-One, at the hour of Twelve o'clock noon, and the Office of the Clerk of the said Town are hereby fixed as the time and place for the appointment of persons to attend at the various polling places and at the final summing of the votes by the Clerk respectively on behalf of the persons interested in and promoting or opposing the passage of the by-law.

NOTICE.

Take notice that the foregoing is a true copy of a proposed By-Law which has been taken into consideration and which will be finally passed by the Council in the event of the assent of the Electors being obtained thereto after one month from the first publication in the *Daily Evening Review* and DAILY EXAMINER newspapers, the date of which first publication is the 1st day of December, 1891 and at the hour, day and places therein fixed for taking the votes of the Electors the polls will be held.

136 Lexington Ave., New York City, Sept. 19, 1888.
I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.
JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 14th, 1889.
I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.
J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.
I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.
JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.
I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.
D. A. GORTON, M. D.

WASTING DISEASES

187 West 34th St., New York, Aug. 6, 1888.
I have used your Flax-Seed Emulsion Compound in a severe case of mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large.

I AM A MAN

"I have been treated by doctors, who had long lists of so-called cured patients, but they could not reach my case, and hope had been murdered in me by fair promises, but on first application of your magical appliance, hope and confidence came flocking in stronger than the combined powers of the four winds. I knew then that you would cure me, and now that I am a man and well again, I cannot thank you sufficiently for the cure. So again I say, use my name as reference whenever you wish. You nor any one else cannot use words too strong to express my sentiments in favor of so wonderful a treatment as that given by you."

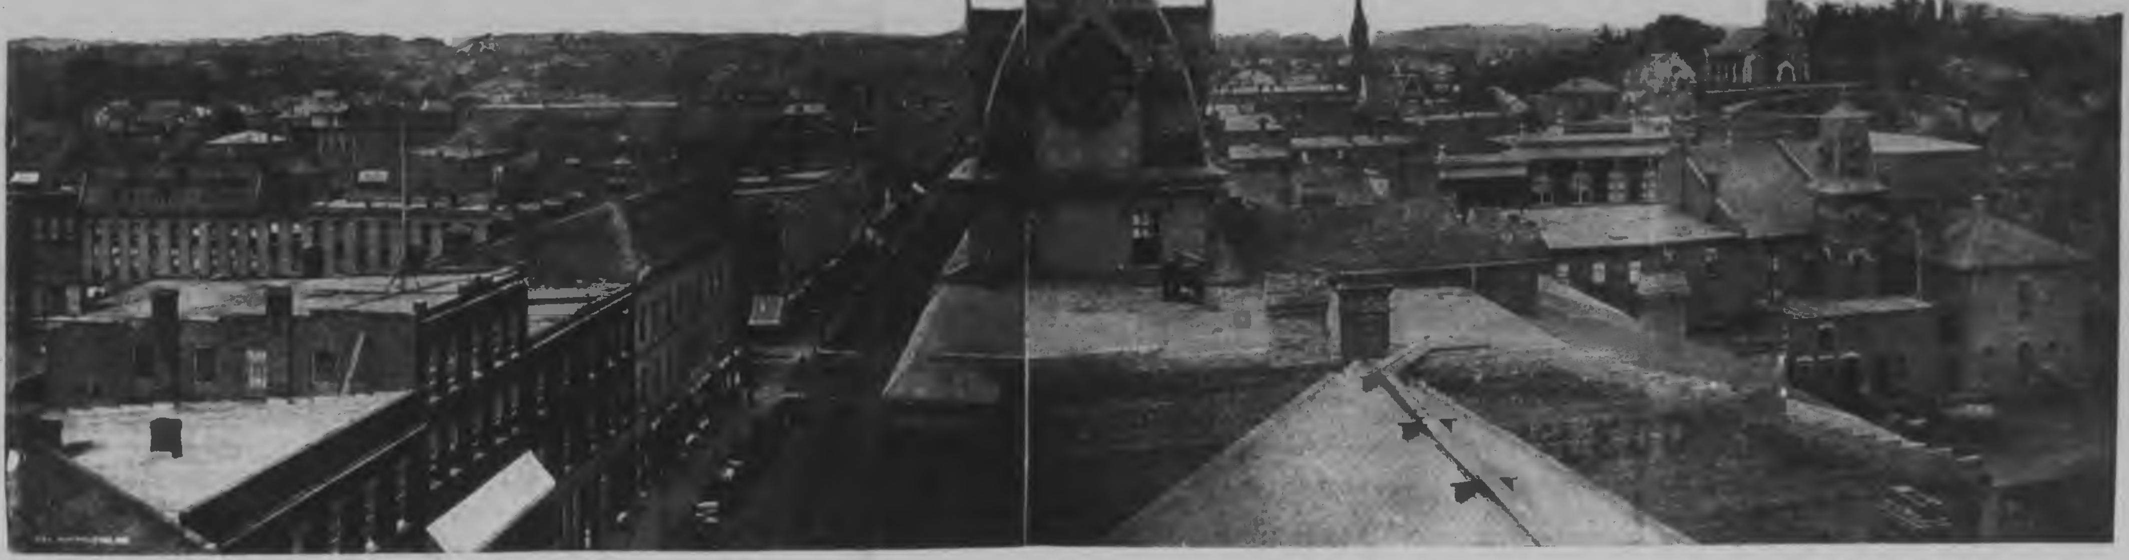
OWN OF PETERBOROUGH.

nteresting Sketch of a Thriving Municipality.

S ORIGINAL SETTLEMENT.

ntrast Between Its Past and Present

IMPSES OF LEADING BUSINESS MEN AND ESTABLISHMENTS—A LIVE TOWN WITH A BRIGHT FUTURE.



A GENERAL VIEW OF PETERBORO'.

THE County of Peterborough is one of the largest, and, as between the Eastern and Western Counties, the most central in Ontario. Generally speaking its surface is un lating, with a tendency toward the uth to hilliness of a more or less pro unced character. The county is one of e best watered inland sections of the Do nion. Near the centre of its western it a chain of lakes, the principal of ich are Pigeon, Buckhorn, Chemong and oney Lakes, enters it from the County of ctoria and extends across to within elve miles of the eastern boundary of the unty. From near the western extremity Stoney Lake a vast area of this body of ter extends likewise in a z-like south sterly direction through Clear Lake and tchewanooka Lake, and thence by the onabee River past Lakefield and Peter rough into Rice Lake, whence, under the me of the Trent River, it flows into the n shore of Stoney Lake and of Clear Lake, y of Quinte. The scenery, especially ng the picturesquely island-dotted south its junction with the former, is wonder lly beautiful, and the fishing—of bass, skalonge, etc.—all that can be desired. this archipelago it was that the Ameri n Canoe Association held its annual meet the summer of 1883, and a locality bet r adapted for such an occasion it would difficult to find anywhere. These, with ore than a hundred other lakes of greater r less area, distributed principally through ut the northern part of the county, con itute, with their connections, a heritage of veliness and easily available utility of hich the inhabitants are not a little boast ul, and pardonably so, since it would puz le even nature herself to bonus a locality ore effectively than by bestowing upon it unmistakable a mark of her favor. Of his, however, more anon.

LITTLE LAKE CEMETERY.

Until 1818 the County of Peterborough as practically a wilderness, unknown ex epting to the roving Indian or some occa ional dare-devil "pale-face" whose love of dventure outweighed every other consid ration. During the year 1818, however, a mall colony of Cumberland (England) mountaineers and dalemen obtained grants in the then Township of Smith, and erected the first log hut just outside the limits of the present Town of Peterboro'. The names of these pioneers were:—William Dixon and his five sons, Joseph Lee and his sons John and George, Robert Millburn, Robert Walton, John Walton, Walton Wilson, Thos. W. Milburn, John Smith and Joseph Smith his son. To these were added, later on in the same season, a number of others, and during the following two or three years the colony was increased by further arrivals, until at length it assumed imposing proportions. The initiatory to permanent occupation was, in these days, the "oath of allegiance," and if, through sheer caprice or otherwise, the Family Compact official refused to administer the oath, the applicant had no redress whatever. Next followed the granting of a "location ticket," the fee for which was $25; and on the subsequent resentation of an affidavit certifying to the performance of "settlement dues" and the erection of a house at least 18 x 20 feet on the lot, a title deed in fee simple was granted. The affidavit last referred to, had, however, to be presented in person at the land office in Little York, and one can easily imagine what, in the absence of passable roads, not to speak of railways, such a journey meant to the poor applicant. Nor was this the only or most serious drawback to a fair start in the struggle for subsistence. Pending the anxiously looked-for first season's limited returns from the necessarily small plot, supplies had to be obtained from a long distance by ox team through trackless swamps and by canoe across Rice Lake to the settlement. Few could accomplish such a feat, however, and it is recorded that in sheer desperation mothers have been known to satisfy the cravings of their own and their children's hunger with the green buds of the basswood tree, and in the absence of even a hand spice mill to roast, boil and even chew the grain to a consistency, measurably at least, adapted to the capacity of their offspring. The story has long since passed into history and will constitute the perpetuated theme of an appreciative prosterity as long as an English heart continues to beat or an Anglo-Saxon tongue wags. But we must proceed.

In due time Sir Peregrine Maitland, in response to a petition to that effect, built a Government mill at Peterborough, and settlers continued to pour into the county.

MR. W. H. MELDRUM.

GEORGE STREET, WEST SIDE, LOOKING NORTH.

ALD. THOS. KELLY.

GEORGE STREET, EAST SIDE, LOOKING SOUTH.

About the same time two steamers were put on the route between Rice Lake and the "Hub" of Central Ontario. In 1833 the Trent Valley Canal was projected; and in 1839 the townships adjacent to Peterborough were formed into a municipality, to which, in 1841, was given the name of the "Colborne District." A new Council was elected, with George Hill as warden, John Darcas, clerk, and Mr. John Gilchrist, treasurer. The separation of the Counties of Victoria and Peterborough took place in 1863; and with the inception of the Grand Junction Railway in 1851 originated the various lines, the existence of which places the Peterborough of to-day at such an enviable premium in the estimation of all level-headed capitalists on the outlook for remunerative investments. In 1884 the Canadian Pacific Railway, from Toronto to Montreal, passing through the four southern townships of the county and crossing the River Otonabee at the Town of Peterboro', was opened for traffic, reducing the time occupied between that town and Toronto by about two hours, and constituting a factor of inestimable importance in the development of that entire section of country.

LOCATION OF THE TOWN.

The site of what is now the thriving Town of Peterboro' was 70 years ago an absolute wilderness. The first house built was a residence for himself by Adam Scott on Water street, and about the same time "Scott's Mill," a one-run grain and sawmill combined, was erected on what is now the site of "Denne's Mills." In 1825 415 families arrived from Ireland in charge of Hon. Peter Robinson, and from the date of this important influx of population may be traced the gradual expansion of the settlement and the development of the surrounding country. The ocean passage from Cork to Quebec was made in 21 days, and thence the immigrants (2,024 souls all told) were forwarded to Kingston, where they tented for two weeks, and subsequently embarked for Cobourg in detachments of 500, the steamer making but one round trip each week. The route from Cobourg to Smith lay through a country all but uninhabited, and the road from Lake Ontario to Rice Lake was barely passable. The Otonabee River was, moreover, in many places very rapid and the water much lower than usual at that season of the year. Nothing daunted, however, Mr. Robinson and his able assistant Mr. McDonnell (afterwards Col. McDonnell, nephew of the late Bishop McDonnell of Kingston) set about repairing the road so that loaded waggons might pass, and after ten days of hard labor the baggage, provisions and three large boats were safely conveyed to Rice Lake. Here, owing to the low water in the Otonabee River, eight days were occupied in the construction of a flat-bottomed boat, 60 feet long and eight wide, and in this unique craft the entire company and their effects were conveyed to their destination. Pending their settlement on the alloted grants of land the company lived in huts constructed of slabs, bark, branches of trees, etc., and were provided with rations daily served out as follows:—To each immigrant over the age of fourteen a pound of pork and a pound of flour; to each child between the age of five and fourteen, half that quantity; and to every four children under the age of five, a pound of meat and flour. It is related of the Western Scottish Highlanders that during periods of abnormal destitution they were wont to deal out to each of their children at the breakfast hour an intensely salted herring and an empty clam shell, with the injunction that the fiery morsel first mentioned having been disposed of they should hustle to the "burn" and abide anticipated results until the shades of evening sent them waddling home to dream of Lot's wife and the dropsy. True, herrings were not on the Peterborian bill of fare during the period referred to, but their equivalent in salt pork and flour, with whiskey at fifteen cents a gallon to wash it down, left little to be desired in the way of either necessaries or luxuries! It was not in their case a matte [illegible] potatoe-and point, or as Goldsmith admirably puts it:—

In some Irish houses, when things are so-so,
A gammon of bacon hangs up for a show,
But as for their eating the thing they take
pride in,
They'd as soon think of eating the pan it was
fried in.

D. W. DUMBLE, B. A.

THE BLYTHE MILLS

MR. RICHARD HALL.

Verily no. These rations were continued for eighteen months, and what with the venison, fish and berries which the country furnished in easily-procurable abundance the settlers had on the whole rather a good time of it. In addition to the food allowance above specified each family, upon its settlement, was supplied with a cow, an augur, an axe, a hand saw, a hammer, 100 nails, two gimlets, three hoes, one kettle, one frying pan, an iron pot, three bushels of seed potatoes and eight quarts of Indian corn.

From the very first the unlimited command of water-power furnished by the Otonabee River attracted the attention of the enterprising possessed of any capital, and the town accordingly grew and prospered. In 1826 the name "Peterborough" was substituted for "Scott's Plains," in honor of the Hon. Peter Robinson, and the Government mill (already referred to) was erected on the property of the late John Hall, and subsequently of the late Judge Hall and the deceased Samuel Dickson. Hence the origin of "Dickson's" mills and "Dickson's" dam. The following year a building "boom" resulted in the erection of twenty new frame houses and a school house, the latter on the site of the present collegiate institute. A weekly mail commenced now to be distributed by James B. Fergusson, the first postmaster, from a 10 x 16 foot office on Water street; and in 1834 St. John's (Anglican) and St. Andrew's (Presbyterian) Churches were put in course of construction—Rev. S. Armour and Rev. J. M. Roger being the first rector and minister respectively. The following year the small frame church previously used by the Roman Catholic denomination on Lower Hunter street having been burned the one occupying the present site was commenced, under the pastorate of the Rev. Father Butler. In 1837 The Backwoodsman and Peterborough Sentinel newspaper was established by Mr. John Darcas. The population of the village in 1838 was about 850. In 1841 the district courthouse and gaol were completed, and in 1841 the Bank of Montreal established an agency in charge of the late Robert Nicholls.

The year 1851 witnessed the erection of the R. C. separate school; in 1853 the Bible Christian Church was built; in 1855 the Commercial Bank established an agency in charge of Mr. W. Cluxon, and in 1856 Mr. James Hall assumed the management of a branch of the Bank of Toronto. Several handsome business structures, including those of P. Ryan, W. Cluxon, James Stevenson, T. Bradburn, etc., were erected about this time, and the town began to assume an aspect of importance.

In 1858 the extension of the Port Hope & Lindsay Railway to the town was hailed with the liveliest satisfaction, and inaugurated the successive lines which now constitute the seven spokes radiating from the "Hub" of which more anon. The same while it would involve new responsibilities."

year, the name "Scotch" Village (in the immediate suburbs) gave place to that of "Ashburnham," by which it is still designated.

A disastrous fire which in 1860 destroyed 29 business establishments in the town proved a trying experience, but the inhabitants of Peterboro' are not made of the stuff which wilts at a scorching, and the outcome has been the erection in their stead of a class of buildings far more stylish and substantial than before.

Having briefly sketched the progress of the settlement, as village and town, to a period only 30 years back, a brief statistical retrospect, inclusive of the period since 1860, will be found interesting. Quoting from a publication (for 1888 9) issued by J. R. Stratton, M.PP., of The Examiner, the record is:—"In 1832 the population barely reached 500; ten years later it was

Consequent upon the expense incurred in the general substitution for and the combination of the electric light with gas throughout the town and other causes the rate of taxation (for all purposes) for 1891 has been abnormally high, but this is merely temporary. The following statistics for the current year will be found interesting:—

Total assessment	$4,135,955
Personal property	251,300
Income	219,555
Land value	3,677,050
Assets	484,022

fully 1,000; upon the incorporation of the town in 1849, the population was 1,800; and years later, when the census was taken, the result was 2,191; in 1862 the population totalled 3,840. The year 1868 found the town with a population of 4,858, and ten years later—in 1878—there was an advance to 6,992, and in 1883 to 8,048. This is a population sufficient to entitle the town to take the position of a city. In this connection it may be stated that the present population of the Town of Peterboro', including that of the Village of Ashburnham, is estimated at 13,000. The subject of incorporation has been suggestively discussed, but the general feeling is that of hastening gently. Incorporation as a city is a step which will be taken in due time. The town is doing so admirably as a town, that there is a feeling that incorporation would not add largely to its prosperity,

The natural increase in population this year to date has been 504, and, if to this be added the influx of Edison employees numbering at least 700 more, the total increase will have been about 1,200.

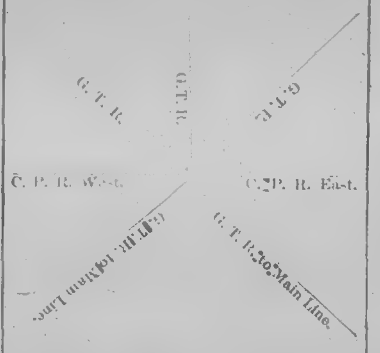
During the year the value of lands has increased by $70,640.

ITS ADMIRABLE SURROUNDINGS.

The Town of Peterboro' is situated on the Otonabee River, about 30 miles north of Port Hope, 80 east of Toronto and 300 miles west of Montreal. From the town to Keely's Falls, the river is navigable for large steamers a distance of 50 miles. Above the town, for seven miles, the river is a succession of rapids, several of which are dammed, affording immense water-power, but the larger portion of this power remains yet to be utalised. In fact the entire distance to Lakefield offers a continuous site for manufacturing purposes, the immense, never-failing and easily-controlled supply of water from the numerous lakes to the north, and the exceptional shipping facilities involved in the existence of a line of railway along the entire bank, constituting a combination of exceptional inducements which cannot fail to arrest the attention of the most casual observer. The fall of the river between Peterboro' and Lakefield (nine miles) is 145 feet; the number of dams in existence is five (four of which are within the corporation) representing 9,000 horse power, with sites for four additional, from which it is estimated that 11,600 horse power could be developed with all ease. Nor is it in the matter of water power only that the town enjoys such enviable facilities for manufacturing and the transaction of business. In addition to the

MR. D. BELLEGHEM.

main line of the Canadian Pacific Railway (Ontario division), passing through the town and furnishing special lines to several of the largest mills and factories, the Grand Trunk unites several of its branches here, viz., the Grand Junction Railway to Belleville, the Midland Railway to Port Hope, the branch to Lakefield and the Chemong branch—the combined system representing the seven spokes of the "Hub" previously referred to, thus:—



The Grand Trunk Railway likewise supplies a large mileage of sidings to various manufacturing establishments, and the station buildings and freight sheds of these two great roads are, those in the large cities only excepted, the handsomest and best appointed in Canada.

OW IT STRIKES ONE.

On approaching the town by either rail or water, what strikes one most is the number and magnitude of its manufacturing industries, and yet it is only after an inspection of such as the Edison's, Peter Hamilton Co.'s Wm. Hamilton Co.'s, Auburn Co.'s,

MR. ARTHUR RUTHERFORD.

etc., establishments, employing each from 100 to 700 hands, that any one can form an estimate of what in aggregate the manufacturing interests of Peterboro' really mean. In a word, they are simply immense, and, in comparison with the preconceived idea of many (the writer included), far beyond what they had ever the slightest conception of. Nor on entering the town is the visitor any the less agreeably surprised at the compactly built-up, city-like appearance of the principal streets and the magnificent fronts—all but exclusively plate glass—of its block after block of uniformly

MR. A. COX.

elegant and massive brick business buildings. This particular feature of George street and several other of the principal thoroughfares it is, that, taken in combination with the magnificent churches and palatial residences dotting the elevated background, constitutes a picture the duplicate of which it were difficult to find in any town in Canada. Little wonder that living amid surroundings such as these the inhabitants cherish a spirit of wholesome æsthetic rivalry which manifests itself in the cultivation of neatly-kept lawns, trim boulevards and beautiful shade trees, that, taken all together, would do credit to almost any locality in America.

THE FINANCIAL ASPECT.

As regards the financial condition of the Town of Peterboro' the best and the most unique remark in such a connection that can be made is, that the town is practically out of debt, in other words that its available assets largely outbalance its liabilities. Not only so, but the rate of taxation has always been low (averaging but twelve and four-tenth mills for 14 years), a fact which speaks volumes for the municipal management, and furnishes the best possible argument in favor of the town as a desirable place to live in. Nor—note ye this, aldermen of Toronto—has the town a dollar of floating debt, but on the contrary continues to carry over a credit balance of greater or less amount year after year! True, there are bonded liabilities, but, what with the cash on hand and accruing profits on investments, etc., every dollar of these will be paid (and that without a cent of increased taxes) promptly on maturity. The town is, in brief, in the position of a merchant possessed of a fine, well-stocked store, his liabilities provided for and a handsome credit at the bank to meet current emergencies.

ITS EDUCATIONAL INSTITUTIONS.

In the apportionment of its tax income the Town of Peterboro' contributes annually about one-third of the whole (over $15,000) to the maintenance of its schools; and in the buildings, etc., occupied for educational purposes fully $75,000 are invested. These schools, consisting of (1) the collegiate institute, (2) one central and two ward schools, (3) a R. C. Separate school, employing unitedly an aggregate of 30 teachers. Number of pupils 1,750. There are also several private schools, a flourishing business college, and an excellent Mechanics' Institute of 350 members.

THE CHURCHES.

It is worthy of remark, as indicative of the determination of the inhabitants of Peterboro' to keep abreast of the times, that with the single exception of the George Street Methodist Church, which was erected new in 1875, all the church edifices of the town have been built anew, or renovated equal to new, within the last few years.

St. John's (Anglican), erected in 1834, was restored in 1862 at a cost of $15,000.

St. Andrew's (Presbyterian) of 1835, was replaced in 1885 by the St. Andrew's of to-day.

St. Peter's (Roman Catholic), built in 1837-8, was in 1882 constituted the cathedral church of the new diocese of Peterborough, and in the fourth year of the episcopacy of the first bishop (the Right Rev. John Francis Jamot, D.D.) the church was completely restored at a cost of $35,000, and the work of adding and improving still goes on.

The Baptist Church, erected in 1845, although subsequently enlarged, was vacated on the occasion of the Methodist union in favor of the Bible Christian Church, of larger capacity, on Murray street, and the latter repaired throughout in 1888.

St. Paul's (Presbyterian), erected in 1859, was rebuilt on an enlarged scale in 1885.

George Street (Methodist), originally built in 1834, was rebuilt in 1844, enlarged in 1854, a new organ added in 1864 (in continuity of the thing), and in 1874-5 was erected the present magnificent edifice at a cost of $50,000.

Charlotte Street (Methodist) was erected in 1874, enlarged in 1883, and a new manse and grounds purchased in 1888 at a cost of $3,600.

The Salvation Army Barracks is a neat structure, of red brick, finished without and within in the characteristic style at a cost of $10,000.

The Young Men's Christian Association occupies spacious apartments in Morrow's Block, corner of George and Brock streets.

PETERBORO'S NEWSPAPERS.

The most reliable criterion of the civilisation and intelligence of any community is, after all, best furnished by the calibre and tone of its newspapers; and in this respect the Town of Peterboro' has certainly nothing to fear in the comparison with any city or town of its size in the Dominion.

The Peterboro' Daily and Weekly Examiner is ably conducted in the interests of sound, Liberal (alias Mowat) government, by Mr. J. R. Stratton, M.PP. for the West Riding of Peterborough. Established in 1847—hence the oldest journal in town.—

In 1864 the paper came into possession of Mr. James Stratton, late Collector of Customs, and father of the gentleman who now so successfully conducts it. In 1882 the weekly edition was enlarged and the daily edition made its debut in 1885. The latter has repeatedly since been enlarged, and is now a four-page eight-column daily the largest town daily in Ontario. The Examiner has also a large job department, with five steam presses and steam paper cutter, and a well equipped book bindery is conducted in connection with the establishment. Mr. Stratton, the proprietor, is a gentleman of large attainments, extremely popular with his confreres of the press and in Parliament, and universally recognised as one of Peterboro's most highly respected citizens.

BELLEGHEM'S FURNITURE ESTABLISHMENT

The Peterborough Review was established in 1853 by the late Hon. Thomas White and Mr. Robert Romaine and is the oldest established weekly in the county, and the Daily Review, established in 1878, was the first daily paper published in Peterborough. The Weekly Review is one of the largest Ontario weekly papers, and it gives each week a [illegible] supply of local, district, general and market news, as well as general reading of interest. The Daily Review is also a neatly printed paper, and, while recording fully yet succinctly the news of the world, it gives special attention to local news and is one of the best town dailies in Ontario. The Review is Conservative in politics, and is a staunch upholder of the principles of that party. In addition to the publication of these papers the office has a thoroughly-equipped job office for the execution of all classes of poster, book, commercial or general work. It also has a bindery equipped with the best and most improved machinery, and in charge of thoroughly competent workmen. The whole office is furnished with modern plant and machinery, and is in an excellent position to turn out the best of work expeditiously. The Review is published by The Review Printing and Publishing Co., (Limited). Mr. F. H. Dobbin is the managing director and Mr. S. R. Armstrong the editor.

HOSPITALS AND CHARITIES.

In 1885 Mrs. Robert Nicholls offered to the town, as a memorial of her deceased husband, the premises known as "Moira Hall," for a Protestant hospital, together with an endowment of $15,000, and subsequently, upon the building proving too small for the purposes intended, the same lady generously donated $100,000 additional for the erection and endowment of the elegant building elsewhere illustrated in these columns. Nor did the munificence of Mrs. Nicholls exhaust itself on behalf of the hospital, as the following endowments show :— Public Parks, $60,000 ; Y. M. C. A. (local branch), $20,000 ; Protestant Home, $20,000 ; Collegiate Institute (scholarships), $2,000, and Mechanics' Institute, $10,000.

St Joseph's Hospital—likewise illustrated in this issue—was established as a non-denominational institution in 1888, under the control of the Bishop of Peterborough and the Sisterhood of St. Joseph, the latter assuming the duty of nurses. The building located in St. Leonard's Park, Ashburnham, is 60 x 90 feet in dimensions, fitted with 52 beds, and equipped with every modern appliance requisite to the success of such an institution.

MR. RICHARD GOUGH.

Hazel Brae, the headquarters in Canada of Dr. Barnardo's system of homes for the neglected "wee folks" of London, is another expression of voluntary and God-like benevolence on the part of a lady, the beautiful residence and grounds being the gift of Mrs. George Cox, formerly of Peterboro' and now Toronto. The home is the distributing centre for boys and girls sent out from the training headquarters in London, but is open for the admission of destitute Canadian children as well.

The Peterboro' Protestant Home was established in 1865, and five years later took possession of the present quarters on Stewart street purchased for the purpose by the late Judge Hall.

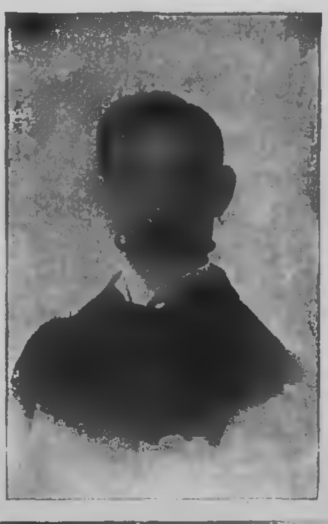
The local St. Andrew's Society was organised in 1858 ; the St. Vincent de Paul Society in 1873. Both organisations are in a flourishing condition and each accomplishing its mission in an eminent degree.

The Hall Poor Trust is a board constituted under the will of the late Wm. Hall, who left a legacy of $30,000 the proceeds of the investments (about $1,500 annually) to be applied to the relief of the Protestant poor of Peterboro'.

BANKS AND FINANCIAL INSTITUTIONS.

In the matter of bank accommodation the citizens of Peterboro' have nothing to complain of, *no fewer than four of these* important monetary institutions having branches here.

The Bank of Montreal (now a branch) occupies its own buildings, erected in 1858, on the corner of Water and Simcoe streets. The resident manager is Mr. F. J. Lewis.



MR. GUS GOUGH.

The Bank of Toronto commenced operations in 1858 in charge of the late Sheriff Hall, at 431 George street. Mr. Peter Campbell is the present resident manager.

The Ontario Bank was established at 121 Simcoe street, in 1866. Manager—Mr. Charles McGill.

The Canadian Bank of Commerce, established in 1870, occupies commodious and central premises in the Cox Block, 439 George street. Manager Wm. Manson.

All of these have, in connection, a savings bank department.

The Central Canada Loan and Savings Co. of Ontario, occupy handsome and commodious premises (see illustration) in Cox block, corner George and Brock street. The company receive deposits on current account and for periods of one year or longer, interest being allowed at 4 and 4½ per cent. respectively. The five per cent. debentures offered by the company afford a safe and convenient mode of investment, and borrowers of money can be accommodated on *exceptionally favorable terms.* The subscribed capital of the company is $2,000,000 paid-up capital $800,000 ; reserve fund $192,000, and assets $3,003,696. The president of the company is Mr. Geo. A. Cox (president Canadian Bank of Commerce) and the inspector, Mr. A. A. Cox. Toronto office, 10 King street west.

MISCELLANEOUS.

The beauties of Stony Lake and kindred outing resorts having been already referred to, it only remains to indicate how these localities are reached. And first of all there is the run of nine miles by rail along the Otonabee River bank to Lakefield, and thence, in summer, by five swift and comfortable steamers to and among the beautiful tented and cottaged islets of Stony Lake. From Stony Lake the progressive pleasure seeker enters, through Burleigh locks, Lovesick Lake, Deer Bay and Pigeon Lake—the whole route a scene of panoramic lovliness difficult to parallel anywhere on this continent. Thence by the Trent Valley Navigation system and via Bobcaygeon he arrives at Sturgeon Point, and through Sturgeon Lake to Balsam Lake—a continuous 150-mile stretch of as grand water scenery and fishing grounds as can be found anywhere in Canada.

Or, taking the Chemong Lake branch of the Midland Railway, Chemong Lake and Chemong Park are reached, the latter with its numerous summer cottages, excellent bathing grounds, and other attractions which go to constitute it so favorite a locality with pleasure seekers from all parts of the country—not to speak of the abundance of fish and game which in their season this particular locality affords, and which constitutes it a very paradise of the fisherman and hunter.

PERISHED IN THE FIRE.

FATAL FLAMES IN LOUISVILLE, KENTUCKY.

Eight Girls Burned to Death and Four Firemen Killed—Other Disastrous Conflagrations—Perth, Ont., Suffers Severely—An Opera House at Cleveland Burned.

LOUISVILLE, Dec. 10.—There were two terribly fatal fires here yesterday. The establishment of the Boone Paper Co. was destroyed at 2.30 this morning and four firemen were killed. Five hours later fire broke out in the candy and fireworks factory of Mennel & Co. An extra number of girls were employed wrapping and packing confectionery for the Christmas trade. Before the employes knew of their danger the skylights burst and eight panic-stricken girls ran down the stairway, but before they could reach the bottom a wall of fire cut off their progress and they fled back to the top, where they were burned to death and buried under the walls, which speedily collapsed. While the fire was in progress thousands of fire crackers roared and cracked, while almost countless sky rockets and Roman candles flew hissing hither and thither across the street into the air.

At Perth, Ont.

PERTH, Ont., Dec. 10.—About 1 o'clock fire destroyed Henry Taylor's hardware store, Mathew Dodds' flour store, The Star printing office and Barrie's butcher shop and dwelling. Very little was saved from the hardware store, the flour store or the printing office. Mr. Taylor's hardware stock, about $2000 worth, is a total loss; partly insured. Mr. Dodds' loss is over $1000, with small insurance. J. M. Poole's printing office, loss about $5000; insured for $3000. Barrie block insured for $3000, which will cover the loss.

A Theatre Burned.

CLEVELAND, Ohio, Dec. 10.—H. R. Jacobs' theatre here was destroyed by fire early yesterday morning, causing a loss of about $75,000. The flames started in the basement shortly after 6 o'clock, and had gained considerable headway before they were discovered. Kennedy's "White Slave" company, which was playing a week's engagement, suffered a loss of about $1000.

Heavy Loss at Lethbridge.

WINNIPEG, Dec. 10.—A bad fire visited Lethbridge last night. It originated in Lawrence's furniture store, and extended to the Royal Hotel, Dentoris' residence and Macdonald's store, all being totally destroyed. The premises of Little & Cleveland, Carter & Lowther and Hawley & Co. were also damaged. Total loss, $50,000, of which Macdonald & Co. lose $40,000. Mr. Macdonald is of Winnipeg, being one of the candidates for the mayoralty.

Another Firecracker Factory Blown Up.

BOSTON, Dec. 10.—The firecracker manufactory of Masten & Wells was blown up yesterday. One man was killed and four injured.

Daisy Can Take Another Walk.

LONDON, Dec. 9.—In the Queen's Bench Division of Her Majesty's High Court of Justice to-day Mr. Poland applied for the granting of a rule nisi calling upon the Vice-Chancellor of Cambridge University to show cause why a writ of habeas corpus should not be issued in favor of Daisy Hopkins who, the petitioner claimed, was illegally imprisoned in the spinning house. The girl, it appears, was imprisoned by the Vice-Chancellor, in accordance with an ancient university law giving him that power, for walking with a student in the university. Mr. Poland's petition was granted.

A President Resigns.

BERNE, Dec. 9.—Dr. Welti, President of Switzerland, has resigned, owing to the plebiscite taken a few days ago which resulted in a majority of the electors voting against the Government's purchase of the Swiss Central Railway.

Skinned Alive.

HAMILTON, Dec. 10.—John Walsh, 16 years old, and Charles Carroll, employed in the woodworking department of the Industrial Works, quarreled yesterday and Carroll took hold of Walsh and threw him on the sand drum, a machine used for sandpapering the boards. The machine revolves with lightning rapidity and in a short time it had ground off the boy's clothes and tore the flesh in several places. The doctor had to cut off Walsh's clothes, portions of which were ground into the flesh.

Crucifix Marks in Her Hands.

LOUISVILLE, Dec. 10.—Dr. Martin Z. Coomes, a physician of high standing here, has made a report in the case of Mary Stuckenberg, the woman on whose person are exhibited every Friday the marks of the crucifixion. Dr. Coomes says he cannot account for the marks but believes them to be of natural origin. He saw the spots in the woman's hands appear, bleed and disappear, and also observed the marks of the cross on her brow and on her shoulder. Other physicians who made observation concur in his report.

SHE WEDS A PRINCELET.

DAUGHTER OF MRS. CORNWALLIS WEST NOW PRINCESS OF PLESS.

All the Waleses Were Present to Help Out the Show—The Bride Wore a Crown of Diamonds Just Like Any Other Queen.

LONDON, Dec. 10.—Miss Mary Theresa Olivia Cornwallis West, daughter of Colonel Cornwallis West, M.P., of Ruthin Castle, Ruthin, and Mrs. Cornwallis West, a famous society beauty, was married yesterday at the historic Church of St. Margaret, Westminster, to Prince Hans Heinrich of Pless. The most prominent guests among the large number present were the Prince and Princess of Wales. Many of society's other luminaries were present.

The bridal costume was an empire gown of white satin, edged with a cloud of silk malines tulle, caught up with garlands of orange blossoms. The gown had a low bodice, and was completed with an underdress of silver embroidery in empire design. The train, five yards in length, was one of brocade, draped from the shoulder with a silver collar. The manteau was edged to correspond with the fourreau, with tulle and garlands of orange blossoms. Giving a finished appearance to the train was the quilted lining of white satin. Another feature of the toilet was the empire veil of tulle showered with silver spangles. The brocade which composed the train was designed and woven by one of the leading Lyons houses expressly for Miss West's wedding dress. As ornaments the bride wore a crown of diamonds, the gift of the bridegroom, and a necklace buckle and aigret of diamonds.

The costly tiara of diamonds and the necklace of diamonds worn by the bride were gifts of the bridegroom and Mr. and Mrs. Cornwallis West. The wedding presents include a beautiful necklace of pearls with pendants in blue enamel of Eastern workmanship, from the Prince and Princess of Wales.

FLORENCE ST. JOHN.

Further Evidence in a Salacious Divorce Suit.

LONDON, Dec. 10.—The malodorous and unsavory divorce suit of Florence St. John packed the High Court of Justice again yesterday and attracted as morbidly curious an audience as ever jostled each other to see Miss St. John disport herself in diaphanous muslin before the Gaiety footlights in her palmiest days. It is natural that in the comedy-farce of Duplaney v. Duplaney, in which Miss Florence St. John seeks to free herself from the irksome bonds of matrimony with M. Marius, that well-known actress should assume the premier role.

Under the subtle promptings of counsel she unfolds a harrowing tale of cruelty, faithlessness and neglect on the part of the villain of the play—her husband. The minor stage business, in which Marius is made to fire a salt cellar at her blonde curls and at another time to slap her rosy cheeks with his hard, rough hands is strongly brought out by the lady's venerable parent. The lighter parts of the comedy are taken by Mr. Cohen, who consoles the ill-used wife's solitude by dinners and sparkling wines and adds salves to her wounded feelings by pretty presents.

M. Marius presents an acceptable villain, and, in court, plays as easily and gracefully as on the boards. His cruelty to their illegitimate child is acknowledged in the great actor's happiest vein, and the fact that it was his custom to write improper letters to his wife, both before and after their union, is assumed as only too realistic to need any denial.

That the language of the piece should be in character with the acting goes without saying, and therefore neither the court nor the audience were surprised when it learned that both used to vary the monotony of bliss by the frequent interchange of coarse oaths and low invectives. The culminating mystery of the play has not yet been unfolded, and for its development the audience hangs breathless on every word the principals utter. It is what other important names and personages can be dragged into the mire that holds the principals.

Surgeon Cooper was called to support the charges of cruelty made by Miss St. John, and testified to certain bruises she had received. Miss St. John said that the most valuable present Cohen ever gave her was worth £20. She had received far more valuable presents from other persons. Justice Jeune here interrupted Mr. Gill, remarking that there was no need for the jury to be told that actresses received presents.

Mrs. Gregg, the mother of Miss St. John, said she told Marius that his conduct was killing her daughter. The only reply he had made to her was to advise her to mind her own business. She detailed with much vigor of expression how Marius had thrown a salt-cellar at his wife. Mrs. Gregg admitted that her daughter Florence was well used to having her own way. When Florence was angry she showed it.

DOM PEDRO'S FUNERAL.

Happy is the Corpse That the Rain Rains On.

PARIS, Dec. 10.—Funeral services under the auspices of the state were held over the remains of Dom Pedro, ex-Emperor of Brazil, at the Church of the Madelaine yesterday. A vast throng gathered despite the rain, which fell heavily. Countess d'Eu, daughter of the deceased, her husband and three sons sat at the right of the bier. All the diplomats in Paris were present, as were representatives of the French ministers and all Brazilian residents of Paris. The Archbishop of Paris presided at the religious ceremony, which was very solemn and magnificent. The solo parts of the service were sung by artists from the Paris Opera House. The funeral car which conveyed the remains to the railway station—the same as used at the funeral of President Thiers—was drawn by eight horses. Sixteen noted Brazilians acted as pall-bearers. Eight regiments of cavalry and infantry and a battery of artillery accompanied the remains.

SAVED BY THEIR YOUTH.

The Infant Liverpool Murderers Found Guilty, but Will Not Go to the Gallows.

LIVERPOOL, Dec. 10.—The jury in the case of the boys Shearon and Crawford, aged 8 and 9 years respectively, yesterday found the young prisoners guilty of murdering the boy Dawson in September last, but added that, owing to their youth, they were not responsible for their actions. Shearon and Crawford drowned Dawson for the purpose of obtaining his clothing.

THE HESLOP TRAGEDY

ANOTHER ARREST AT BRANTFORD YESTERDAY.

A Nephew of the Terror of Onondaga Also in Custody—What the Evidence Against the Accused Actually Amounts to—Purely Circumstantial Thus Far.

BRANTFORD, Dec. 10.—When on January 27 last Ontario was startled by the news of the cold-blooded murder of John Heslop, the septuagenarian treasurer of Ancaster township, in his house near Ancaster village, by two burglars, suspicion pointed to a man named John Bertram, a well-known cattle thief. Fifteen years ago Bertram was known as the terror of Onondaga. About that time, or perhaps a little further back, an organized gang of desperadoes infested Middleport, which place they made their headquarters, and from that point operated some of the most impudent burglaries and attacks upon property generally. The gang was rather numerous and was led by four leaders, viz., Bertram, Ross, Johnstone and Lindsay. Bertram left for New York state, where he is wanted for innumerable offences. A few years since he returned, and 18 months ago a warrant was issued for his arrest on the charge of cattle stealing from the Indian Reserve. Notwithstanding the fact that many county constables were in search of him, he succeeded in eluding them.

The First Clue.

Shortly after Government Detective Greer started on the Hyslop case, as has been said, Bertram's name was mentioned in connection with the murder, but after the clue was investigated it was decided that he had nothing to do with the case. It would now appear as if this old clue has again been taken up.

A month ago to-day Bertram was arrested at Middleport on the old warrant and has been remanded from time to time. Monday and Yesterday Detective Greer startled the community by formally charging Bertram and his nephew, John Lottridge, with whom Bertram had been living prior to his arrest, with being the murderers of Hyslop.

In addition to the arrest of the uncle and nephew two Indians are in custody, Samuel Goosey and George Douglas. They were arrested some weeks ago on charges of petty larceny, but these accusations were merely lodged in order to afford a pretext for their incarceration.

Men With Bad Records.

Goosey is rather a hard ticket and has already served several terms in the Central Prison, both for stealing and felonious assault. He is a Six Nation Indian and was raised on the reserve. He is nominally a farm laborer. Of late he has been going back and forth a good deal between the reserve and Lewiston.

Douglas has also a bad record. He has spent a good deal of time in the Muncey Reserve, as well as in Onondaga, and has worked occasionally in the Michigan lumber camps.

Bertram has had a uniform career of outlawry, and has for many years borne the reputation of a thief and tough. He is as much wanted for offences committed in Michigan as in Canada. He has been living of late with his nephew, Lottridge.

John Lottridge bears a better record than any of the others.

The Case in a Nutshell.

What evidence the detectives have secured against the men is of course unknown. Chief McKinnon of Hamilton does not take much stock in the clue connecting Bertram, but Detective Greer may have discovered new facts. So far as the public is aware, however, the case against Bertram rests largely upon his suspicious actions previous to and subsequent to the day of the murder. On the way to Brantford after his arrest some months ago he told the police that if they would help him out of this case he would tell them something worth their while. So far as known he has made no further admission, if this may be called such. It is also known that Bertram, who lived in Middleport, just across from the Six Nations Reserve, and about 11 miles from Ancaster, had gone during the night to Hamilton, where he was seen early on the following morning, and from which place he almost immediately disappeared. Bertram was believed to have had a companion on his journey to Hamilton, hence the arrest of his nephew, Lottridge.

The Indian, Douglas, has been suspected, in the first place on general principles and in the second place because not long after the murder he gave a detailed account of the crime to a resident of Middleport. His account is said to have corresponded closely with the story told by Mrs. Heslop and her daughter. After this Goosey and Douglas were overheard in the house of a hotelkeeper at Onondaga discussing the pros and cons of the murder, and, it is said, went into details in such a manner as persons who were present at the time of the murder alone could do. Shortly afterwards they crossed the border and were heard of at Lewiston, N.Y. Here Detective Greer found them some weeks ago, and by a strategy, to which the police authorities on the other side of the line became a party, succeeded in getting them across the border without the formality of extradition papers.

The charge against Douglas was the larceny of harness from J. S. Johnson, postmaster at Ohsweken, while Goosey was detained as a material witness. Douglas will be arraigned at the County Court tomorrow on the larceny charge, but it is thought probable he will be remanded until next term.

Bertram and Lottridge have been formally charged with the murder and will be taken to Hamilton for trial.

East Middlesex.

LONDON, Ont., Dec. 10.—The East Middlesex petition against the election of Joseph Marshall came on yesterday before Judges Rose and MacMahon. The contest last election was between two Conservatives.

William Lindsay, called, said he had met R. A. Jones, a painter, and when asked how many rigs he would furnish, he (witness) promised four on election day. He had let out the rigs on orders for them, signed "Isaac J. Smith." He had sent in an account to Smith and also one to Jones for the rigs, but had not been paid.

Daily Examiner.

THURSDAY, DECEMBER 10, 1891.

NOTHING else was to be expected than that the petition against the return of Sir Richard Cartwright should be dismissed from lack of evidence. There was no evidence, nor was it ever intended that there should be a particle of evidence, of corrupt practices. The petition was vexatious in its character, and only intended to convey the idea that Sir Richard could not be elected in South Oxford without bribery, which is an absurdity on the face of it. No Liberal, no matter how hot-headed a partizan, would think of imperilling the seat of a Liberal candidate by being fatuous and imbecile enough to bribe, in the most indirect way, electors in a riding where a Tory has no more chance of being elected than of going to heaven—without repentance.

A Beautiful Wedding.

From the Greenville, South Carolina, *Daily News* is taken the following description of what it terms a "beautiful wedding." The Mr. Fitzgerald mentioned was a former resident of Peterborough :—

At three o'clock yesterday afternoon at the First Baptist Church, by the Rev. J. A. Mundy, D D., James C. Fitzgerald and Miss Tinnie Durham were married. Mr. Fitzgerald and his bride are deservedly popular and the church was crowded with their friends to witness the beautiful ceremony which made them husband and wife.

The decorations in the church were in keeping with the cultivated artistic taste of the groom. At the head of the centre aisle, immediately in front of the pulpit platform, an arch of mistletoe and ivy rested, the transparent waxy mistletoe berries delicately contrasting with the rich green sprays of ivy. The soft light of the early afternoon was mellowed and toned as it crept through the many colored panes of the stained windows. Suspended above the arch a snowy dove, with spread wings, purlating with the tones of the organ almost as a thing of life.

The ushers were D. C. Durham, E. M. Bollin and Dr. J. P. Carlisle. The attendants of the bride were Miss Hattie McBee, Miss Abbie Smith and Miss Susie Glover. Attendants of the groom, Messrs. B. T. Whitmire, D. W. E[illegible]augh and John G. Capers.

The organist was C. L. Durham. To the measured movement of the Lohengrin wedding chorus, attendants and ushers passed up the side aisles taking positions on right and left of the arch.

Miss Hattie McBee, nearest friend of the bride, passed up the centre aisle, followed by Mr. Fitzgerald and his best man, Mr. Whitmire. A little brighter movement of the organ and Miss Durham, escorted by D. C. Durham, entered the church. The contracting parties took position under the arch in front of Dr Mundy. While the ceremony was in progress the organist played Grigg's wedding processional, a delicate composition in harmony with the marriage rite.

At the close of the ceremony, as the bride and groom turned to leave the church, the organ pealed forth the glad notes of Mendelssohn's wedding march.

The bride was attired in a brown silk corduroy travelling suit, Louis XIV effect, with hat and gloves to match. Ushers and and attendants wore [illegible] ties to match the bride's suit.

Mr. and Mrs. Fitzgerald left on the afternoon train going first to Augusta and intending afterwards to visit other places.

Sons of Temperance.

The Grand Lodge of the Sons of Temperance was held this year in Bradford. From the grand scribe's report it is found that there there has been an actual net gain of 2,192 members since last meeting ; 45 new divisions have been organized, and four dormant divisions have been resuscitated. Sheridan is the banner division, with 244 members, Palermo being second with 200. Sixteen divisions report over 100 members each. The work of planting the order in British Columbia is being vigorously carried on by Bros. H. L. Brown and H. S. Schiser, formerly members of this grand division, and it is expected that a grand division will be established in that province in the near future. The grand treasurer reported that the revenue for the year has been $3,823.94, the expenditure $3 247.34, leaving a balance on hand of $576.60.

A TRUTH.—It is not in the form of the face that beauty consists, but in brightness of the complexion. This explains the immense popularity of the toilet wash the druggists sell under the name of *Persian Lotion*. 1d

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff, not only in the first stages, but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

(From Our Own Correspondent.)

SHOE SHOP.— On Monday Mr. John Small, formerly of Lakefield opened up a shoe shop in a portion of the building occupied by Mr R. Heard. He has everything neatly fitted up, has a large stock of fine leather on hand, and those who have already given him a call are well satisfied with his work, and no doubt if he continues as he has begun he will in a very short time work up a thriving business.

FLOUR MILL.—Mr. C. Young has again put the flour and grist mill in running order and has placed Mr. Ed. Young in charge. "Ed." as a miller gave every satisfaction last year and drew a good deal of custom and we hope the mill will be as well patronized this season.

PERSONALS.—Mr. Wm. Scollard left last week for North Bay where he has accepted a position in the office of the Canadian Pacific Railway company in that town. The boys here were sorry to lose him, but wish him every success in his new occupation....The villagers were pleased to welcome home Capt. James A. Johnston of the "Str. Empire." He left his boat on the dry dock at Burleigh, and returned to the Point last week, and is at present registered at the Carleton House.

Mr. Peter Dunn has purchased a cedar swamp on the river shore, about a mile below here, and is engaged taking out the cedar, but owing to the scarcity of men, he is not pushing the work very rapidly.

Conscience, or What?

"Conscience doth make cowards of us all," says the poet. But it is just so with the nerves. When a man's nerves are unstrung, through indigestion and torpid liver and impure blood, what wonder that he feels depressed and nervous! He starts at every little unexpected sound; is afraid of his shadow and feels like a fool. Let such a man go to the drug store and get a bottle of Dr. Pierce's Golden Medical Discovery, the great Blood Purifier and Liver Invigorator. This is the only blood purifier and liver invigorator *guaranteed* to benefit or cure, or money will be *promptly* refunded. It cures Indigestion or Dyspepsia, and from its wonderful blood-purifying properties, conquers all Skin and Scalp diseases, Salt-rheum, Tetter, Eczema and kindred ailments. All blood poisons, no matter of what name or nature, yield to its remedial influences. a

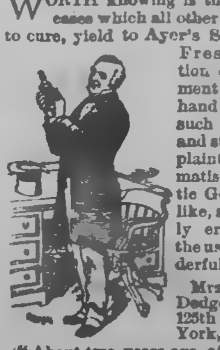
A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.



Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

TEA AND REFRESHMENTS.

Only Three Weeks Longer.

In last week's issue of this paper Mr. J. J. Sheehy stated that for the Christmas season he expected a choice selection of goods. They have arrived, and already the public are being attracted to the store to witness the beautiful array. The public are also reminded that there are only three weeks left for the people to take advantage of Mr. Sheehy's great five per cent. discount sale.

SALE OF FANCY AND USEFUL ARTICLES.

The Carnival of Nations.

Any person dropping into the new Market Building this afternoon would have thought it a busy scene; workmen were erecting the booths for the occupation of the representatives of the several nations, and ladies, aproned to the chin, were following them, putting the finishing touches to the decorations. The booths are ranged along the western and northern walls of the room, and will of themselves be worth a visit to see and admire. The hall will be as beautiful as flags, bunting, streamers, flowers and other adornments, can make it; the booths will be occupied by the costumed ladies, and each will contain an attractive array of fancy and useful articles to suit every taste and nationality, and the sale will be going on all through the evening. From six to seven p.m. tea will be served, and during the evening refreshments will be obtainable. Also during the evening a choice programme of vocal music will be presented, consisting of: a song for Canada—selected—by Mr. A L. Davis; a song for England—"The British Lion"—by Mr. Greatrex, a quartette, by Miss Fawcett, Mrs. Stapleton, Mr. Drope and Mr. Lennot; Irish song, in character, Mr. Drope; reading by "Brother Jonathan"—Mr. C. N. Brown; and a song by "George Washington"—Mr. Ketcham. The Fire Brigade Band will be in attendance and furnish music at intervals. Do not fail to be present at the "Carnival of Nations" to-night; you will be delighted, edified and entertained. Admission 10 cents; including refreshments, 25 cents.

NOTA BENE—Dinner will be served in the hall to-morrow from 12 to 2, and in the evening tea will be served from 6 to 7, and refreshments during the evening. This evening's entertainment will be repeated, with a change of programme.

FINE MUSICAL PROGRAMME.

Admission 10 cents; including refreshments, 25 cents.

Rejoinder to Mr. Lech.

To the Editor of the Examiner:

DEAR SIR,—Since the publication of a letter in your columns on Monday evening last, written by Mr. Wm. Lech, I have been repeatedly asked as to the verity of his statements concerning my connection with the Hilliard lot. Mr. Lech states that the house and lot valued at $1,500, "was sold through me," also "one-third of an acre north of the Midland siding sold for $810." Now, I wish to say to Mr. Lech that this property I bought and paid for by myself, out of my own personal means, and not by anybody else, as he would seemingly like to insinuate. Consequently, in the course of time, as Mr. Lech no doubt saw at the Registry Office, I sold the property for the above mentioned sums, and it was not sold "through" me as Mr. Lech incorrectly states, and when Mr. Lech made this statement, he did it because it suited his purpose better to put it in that form. I well know Mr. Lech did not wish to strike at me particularly, but through my transactions to hit at Councillor Langford or others whom he only insinuated were interested. I earnestly recommend Mr. Lech not to do a little wrong to accomplish his imagined great reformation. He is perfectly welcome to grumble and wail over his taxes, empty stores, his imagined depravity of the town council, and all the rest of his chronic woes, but let him not descend to shading the character of a fellow-citizen who has always held him in respect, and who should wish only to be a good citizen and do as he would be done by.

Thanking you, Mr. Editor,

I am, yours respectfully,

St. Luke's Dinner and Sale.

A very successful dinner and sale was held in St. Luke's school house on Wednesday evening. Tea was served from 5 to 8 p m, and the well laden tables were liberally patronized. During this time the sale of useful and fancy articles went briskly forward, with the result that the public demand left the Ladies' Aid Society of St. Luke's with gratifyingly diminished stock. The Band of Willing Workers had a striking and novel little commercial enterprise of their own, the shelves of their shop being represented by the branches of an evergreen tree laden down with divers sorts of goods, which met a ready sale. During the evening instrumental music was furnished by Mrs. E. A. Peck, Miss Katie Calcutt and Miss Packenham. Altogether a pleasant and financially profitable evening was spent, upon which the ladies are to be heartily congratulated.

—The declining powers of old age may be wonderfully recuperated and sustained by the daily use of Hood's Sarsaparilla.

County Court.

The Conclusion of the Criminal Business—The Trial of the Charge Against John Pope—The Verdict not Guilty—Civil Business Disposed of.

The Pope-Finlay seduction case, which occupied the greater part of yesterday, was concluded at 4.30 in the afternoon, and resulted in a verdict of "not guilty." For the prosecution, the girl Eunice Finlay told substantially the same story as at the preliminary hearing. Her father testified that she was 15 years of age, but in cross examination the fact was brought out that his calculations had not been correct, but that the girl was actually over 16 years of age. Mr. Montgomery and Mrs. and Miss Montgomery also gave evidence, but of no very important bearing upon the charge.

Mr. POUSSETTE, who defended Pope, argued that, as the girl was beyond the age required by the act to sustain the charge, there was no case to go to the jury. He also argued that the girl was not of a previously chaste character, and that the statutory conditions which were required to convict of this charge were not answered, and that there was no corroborative evidence of the girl's story.

Mr. WOOD, who represented the Crown, replied, and the judge directed the jury to return a verdict of "not guilty," which was accordingly given, and the prisoner was discharged.

BRADBURN VS. CARTON—An appeal for a conviction made by Police Magistrate Dumble. In the Bradburn-Carton assault case, the particulars of which appeared very fully in the EXAMINER last May a conviction was made, imposing a fine of $20 and costs the defendant, Carton. From this conviction an appeal was made, and the matter came up for trial yesterday evening. Mr. Wood, who appeared for the respondent, argued that that the appeal should be dismissed on the ground that it had not been entered on the first day of the present sittings. Mr. Edwards, for the appellant, contended contra. It was further argued by Mr. Wood that the defendant having elected to have the charge summarily disposed of, had no right of appeal. After further argument His Honor deferred the consideration of the case to the last day of the present sitting, when he would appoint a day to hear the arguments of counsel upon the points involved.

THIRD DAY—THURSDAY.

The first case to occupy the attention of the court this morning was that of

ENGLISH VS. FORSYTH.—This was an action in which Goldsmith S English, of Peterborough, sued Wm. Forsyth, a pump manufacturer, for a balance due on wages and commission to the amount of $183.95, which was claimed to have been earned during the years 1886 to 1889, whilst acting as agent or salesman.

Mr. E B. Edwards was counsel for plaintiff; Mr. John Burnham, Q. C., for defendant.

"Don't Care to Eat"

It is with the greatest confidence that Hood's Sarsaparilla is recommended for loss of appetite, indigestion, sick headache, and similar troubles. This medicine gently tones the stomach, assists digestion, and makes one "real hungry." Persons in delicate health after taking Hood's Sarsaparilla a few days, find themselves longing for and eating the plainest food with unexpected relish.

The Great Guessing Competition.

Big Values in Christmas Goods—With a Chance for Magnificent Prizes Thrown in—$50 Gold Watch, $20 Silver Watch and $5 Carving Set.

Attention is directed to the announcement in another column of a grand guessing competition to be conducted in connection with the Peterborough Bookstore. This is a real competition. The prizes offered will be genuine, reliable, valuable gold and silver watches and the carving set is one of the best made. The goods will be sold at the regular rates, which are of the lowest, and every dollar's worth of goods bought entitles the purchaser to a guessing ticket and consequently gives him or her a chance of winning one of the elegant prizes offered. Full particulars of the conditions governing this competition may be found by consulting the advertisement in another column. This competition will be a genuine, fairly and squarely conducted contest with every precaution taken to insure the utmost fairness in every respect. The number of articles in the sealed jar whose contents are to be guessed upon, is known to no living man.

In the Matter of the Peterborough Bookstore Competition:

We, James W. Brisbin, of the town of Peterborough, merchant; William Collins, of the township of North Monaghan, farmer; and George E. Elliott, of the township of Smith, farmer, do hereby certify:

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

GEO. E. ELLIOTT,
WM COLLINS,
J W. BRISBIN.

The deciding committees will be composed of some of our most reliable citizens. The keys of the ballot boxes in which the guessing tickets will be deposited, will be in the hands of the committee and in every respect the contest will be fair, above board and bona-fide.

The Peterborough Toboggan Slide.

Passing along Park street this morning we noticed a gang of men, under the superintendence of Contractor Thos. Rutherford, erecting the huge toboggan slide noticed in these columns a few days ago. The supports of the main platform are cedar poles and are over fifty feet in length, and this, added to the natural fall in the ground, will make the slide at least seventy feet from the level, which will give the tobogganist a swift and exciting start for the course before him of two thousand feet. The slide will be opened (weather permitting) on the evening of Monday, the 21st inst., the Fire Brigade band being in attendance.

HOME FOR YOUNG MEN.

The New Quarters of the Y. M C. A.

Brief Description of the Down Town Rooms—Large and Elegantly Equipped Ample Provision for Physical, Moral—and Spiritual Improvement—Formal Opening To-Morrow Night.

For some time past the members of the Peterborough Y.M.C.A. have felt the great necessity of more convenient premises in which to conduct the work of the Association, the rooms occupied by them at the corner of Brock and George streets being found utterly inadequate to the growing needs of the work and the accommodation of the increasing members. New premises have therefore been secured on the east side of George street, over the store formerly occupied by Mr. O. C. Rowse, and directly opposite Mr. Robert Fair's "Golden Lion." As

THE FORMAL OPENING,

or "house warming," as it is termed by the general secretary, is to be on Friday evening a short description of the new rooms may not be out of place. In front of the entrance is fixed the large lamp that formerly did duty in front of the Palace Grocery, but which has been secured by the Association, and is to be lighted by electricity.

The stairway leading to the entrance hall is panelled in varnished and polished basswood and is lighted with an incandescent lamp, the entrance hall itself being on the first floor. Opening from this is the reception room, containing also the secretary's offices, which stand in the middle, the private office being petitioned off from the outer office. These are fully equipped with all the necessary conveniences for the despatch of the business part of the Association work.

On entering the reception room, to the right is seen the reading room, which when complete will contain a large quantity of wholesome and pure literature, for the entertainment and instruction of the attendants. This room is 20 feet by 30, and lighted with electricity as are all the rooms. To the right of the Secretary's office, is the boys' and amusement room, particular for the work of the junior branch, which is in a flourishing condition.

THE BATH ROOMS

are situated on the left of the office, and are replete with every modern convenience. There are tub and shower baths, fitted up in the best style with hot and cold water laid on; besides a lavatory and wash room. It may be mentioned here, that the hot water for the baths will be heated by a gas heater, the first of the kind used in Peterborough.

Leaving the reception room attention is drawn next to the main hall, to be used for public association meetings, gospel services, etc. This is 25 feet by 52, and estimated to seat about 300. At the west end of the hall, however, are folding doors leading to the parlour and library, which, when thrown open, give additional space, making the hall 25 feet by 75, with a seating capacity of about 400 to 450. The ceiling is of varnished baswood and the woodwork finished in imitation polished oak, giving an exceedingly pretty effect. At the east end of the hall is the raised platform for the speakers and leaders of the various meetings. On the second floor, overlooking the parlour and library is a gallery or band room 35 feet by 25, which can also be used as a refreshment room.

THE EDUCATIONAL AND SOCIAL

rooms are not forgotten, the former being represented by the library, a room 24 feet by 10, opening from the main hall by means of folding doors. It is comfortably furnished, the walls papered and the floor nicely carpeted, and, when completed, will be one of the most useful adjuncts of the rooms. The social part of the work will be carried on in the members' parlour, 14x15 feet, which is handsomely furnished and carpeted. It will be fully supplied with games of various kinds, and it is in this room that the members meet for a social chat, play checkers and other games and generally enjoy many pleasant hours, meeting as brothers and strengthening each other by the aid of

> "the tie that binds
> Each heart in Christian love—
> The fellowship of kindred minds,
> Like unto that above."

ON THE SECOND FLOOR

to the right of the landing is the gymnasium 60x25 feet, which when fitted up and equipped, will contain all the necessary appliances for all ordinary physical training short of making athletes, such as Indian clubs, dumb bells, wands, chest weights, etc., and will no doubt be one of the greatest material attractions of the rooms, and a useful aid to the spiritual work, by providing that necessary concomitant to a sound mind,—a sound body—and by providing wholesome counter attractions to the vicious allurements that confront the young men of large towns at almost every turn. Adjoining the gymnasium is the kitchen, a large room, which will also be used, when not otherwise required, as a store room.

On the left of the landing is the gallery previously mentioned, overlooking the large hall. The whole of these commodiously and elegantly furnished rooms form not only a work shop, so to speak for the members and officials of the Association, but also a "home from home" for any young man, and they are, no doubt, destined to take the place of home, to a great number of both strangers coming to the town, and the young men who have to pass their nights in the monotonous routine of hotel and boarding house existence.

HONOUR TO WHOM DUE

Great praise is due to the Ladies' Auxiliary, which has worked so hard, having furnished and carpeted the parlor and library, and thereby showing the deep interest they felt in the work of the Association.

The fitting up of the rooms has been done by Mr. Geo. A. Cox, under the personal supervision of Mr. Jas. McClellan, the foreman, who is to be congratulated on the success that has attended his efforts. He deserves great credit for the pains he has taken in endeavouring to meet the wishes of the committee in every possible way. The painting and paper hanging was done by Messrs. Watson & Son., the paper being furnished by the Peterborough Bookstore; the plumbing by Mr. Adam Hall, and the carpentry work under the direct surveillance of Mr. Jas. McClennan, all of whom are worthy of congratulation on the successful issue of their work. The incandescent lights are now being placed in position by the Peterborough Light and Power Company, and are almost finished, proving so far a decided success.

The members of the Peterborough Y.M.C.A. may well feel proud of their new home, which, in point of elegance and completeness of equipment, would be a credit to some of our large cities. It now rests with the young men of the town whether or not the new suite of rooms shall fulfil the object of their establishment. The young men of the town and the transient visitors, are distinctly informed that, for all legitimate purposes of enjoyment and occupation the new rooms of the Y.M.C.A. are theirs—their home to which they will be as unquestionably welcome, as any son to the home of his father. These rooms are solely maintained in the interests of the promotion of the spiritual, moral, mental and physical welfare of the young men of Peterborough, and their usefulness will be in exact proportion to the degree and in spirit in which they are made use of.

The final opening and occupation of the rooms will take place to-morrow evening.

A MOUNTAIN DREAM.

ing I heard a step, a soft rustle and looked up to see a vision in my doorway. A young girl, but little more than 15 years of age, stood there with her hand resting upon the head of a great mastiff dog. The sight was so unexpected that for a moment I thought of optical illusions and rubbed my eyes, expecting the picture to vanish; but instead, it advanced, and the dog came and poked his cold nose into my hand, asking, after the manner of his kind, for notice and caresses. As for his mistress, she stood looking about her as a child might have done, and indeed she was but little more.

"Have you lost your way?" I asked her gently.

"Oh, no, sir," she said with a faint smile. "Knight and I never get lost. Do we, Knight?"

At the mention of his name the dog turned and stood by her, and I was glad to see that he would indeed be a reckless man who would dare molest her.

"Will you sit down and rest?" I asked, pushing one of my two camp stools toward her.

"Knight and I never get tired, do we, Knight?" she asked, but she sat down and put her arm around the dog's neck.

"Do you live here?" she asked.

I replied that I did, and fell to wondering where the child could have strayed from. She now caught sight of my work and drew near me with wonder in her eyes.

"You must be like God," she said, "to make mountains and canyons like that."

"You give me greater praise than I deserve," I said; "but here are some more pictures—will you look at them?"

I turned them for her, and it was a strange sensation to watch her face, filled as it was with wonder and awe.

"Do you like pictures?" I asked.

"I never saw any before," she said, "except black and white ones—little ones, you know, in papers and books. I liked them, but these! Oh!"— She clasped her hands and I saw that she was trembling. "I don't think that anybody in the world could make pictures like these."

While she looked at them I looked at her, and my wonder grew as I gazed. She was a slender little creature, olive skinned, and with a great mass of dusky hair gathered into a braid which hung below her waist. Her features were delicate and regular, her eyes large, brown and full of the slumbering fires of unwakened womanhood; but her mouth was the feature that caught and riveted my attention. It was so unchildlike, so inexpressibly sad in the pathetic curves of the small red lips.

"Does your Knight like pictures?" I asked, trying to win a smile? The faintest ghost of one crossed her face.

"Yes, he likes what I like," she answered, Knight knows as much as any of us"

I returned to my sketching in some embarrassment. Had she been, indeed, the child I at first supposed, to question her or amuse her would have been easy; but as it was I could only await her pleasure. Presently she came to my side.

"My mother used to say," she said timidly, "that if I prayed to the Holy Mother Mary she would hear me and give me what I asked for. Do you think she will?"

"I hope so, with all my heart," I answered, "but what do you wish for most of all?"

"To make pictures, as you do."

"You say your mother used to tell you so. Is she then, no longer living?"

"She is dead. She died years ago, when I was a little girl, but I remember what she told me. My father has another wife now. She has Mexican blood; she is cruel."

"Not to you?" I said doubtfully.

"Yes, to me and everybody except Knight. She is afraid of Knight."

"I am glad of that," I replied: "but surely she cannot hurt you very much now. You are almost a woman and can defend yourself."

"She is large and strong and cruel. She shakes me," went on the plaintive voice.

"But your father—surely if he knew"——

"He knows, but he loves her."

"He loves you, too, I suppose?"

"He hates me," she answered in the same sad, level voice, "and so I run away when I can and stay all day."

"And when you go home?"

"They beat me sometimes."

In the interest and sympathy awakened by her confession I forgot my reserve.

"What is your name?" I asked.

"Carol Cleaves."

"Cleaves!" I sprang to my feet in astonishment, for that was the name of a notorious outlaw, whose record was black with crime. And this lovely child, could it be possible that she claimed such paternity?

She looked at me wistfully. "I will go now," she said.

"Stay a moment," I entreated, in perplexity. Was there no way in which I could help her? I thought rapidly for a few moments. "Will you come again," I asked, "and let me paint a picture of you and Knight?"

Her eyes answered me; such a look of glorified surprise came into them. "Oh, will you? Can you?"

"I can and will, if you will come here a little while as often as convenient."

"I shall have to run away, but I will come."

"And if they are angry and punish you?"

"I shall not care, but they will never know where I am. If Mannella knew she would kill me. She said she would kill me if I ever spoke to any man."

"She shall not harm you," I boldly promised.

"Do you go out alone as often as you wish?"

"Yes; only when they have men at the house and want me to help."

"Very well, then. Come every day, if you can, and I will see if there is not some way that I can help you."

She laid her little hand on the head of her dog and they went away, the noble creature trotting by her side with a

BREACH OF PROMISE.

The "Long Swiss Boy" Has to Pay His Own Poll $3000.

NOTTINGHAM, Eng., Dec. 9.—A jury in the Under Sheriff's Court yesterday awarded Miss Mary Ann Simmonds £600 damages against Adolphe Saurer, for breach of promise of marriage. The plaintiff, a fashionably dressed young woman, aged 26, was formerly engaged as chief saleswoman at Messrs. Stedall's mantle establishment at Nottingham, and estimated her earnings, with commission, at £5 weekly. She made the acquaintance of the defendant when he was engaged in a large lace embroidery machine factory. They kept company three years, and some hundreds of letters, which were produced in court, had passed between them, defendant, a Swiss, addressing her as "My own darling precious" and "My only Poll," and describing himself as "Long Swiss Boy." He made her several presents. The date of the marriage was fixed. Defendant's attentions began to slacken, and ultimately he broke off the engagement, without assigning any reason, after plaintiff had purchased her wedding trousseau at a cost of £60. Proceedings being threatened, defendant's uncle came from Switzerland, and first offered £200 and then £400 in settlement, which she refused to accept. Defendant afterwards wrote from Arbon, Switzerland, that she might now do what she pleased. It was stated he was entitled to £3000, as well as a large interest in his relative's factory in Switzerland.

A CUP FOR EACH.

An Ohio Clergyman Inaugurates a New Feature in the Methodist Service.

CLEVELAND, Dec. 9.—A novel feature in communion service was inaugurated in the Scoville-avenue Methodist Episcopal Church Sunday. It has been customary in the Methodist church to serve communion wine to all partakers from one cup. Rev. H. Webb held that it was as much a vulgarism to do so as to require a tea party to drink from the same tea cup, and, on the ground of decency, good taste and politeness, he furnished each member who attended the service with a separate cup. There were 72 in all and the cups would not go around, so some of them had to be washed.

A Speaker of Few Words.

WASHINGTON, Dec. 9.—Mr. Crisp was duly elected Speaker yesterday amid a storm of applause. Mr. Crisp said:

"Gentlemen of the House of Representatives: For the great honor you have conferred upon me I return heartfelt thanks. I shall endeavor to discharge the duties of the office of Speaker with courtesy, with firmness and with absolute impartiality. [Applause.] Let us unite in the hope that our labors here may result in the advancement of prosperity, the honor and the glory of our beloved country. I am now ready to take the oath of office."

The U.S. Senate.

WASHINGTON, Dec. 9.—The Vice-President called the Senate to order promptly at 2 o'clock, when Mr. Kerr, the new clerk of the House, made his first official announcement to the Senate informing them of the organization of the House and the appointment of a joint committee to wait on the President.

The Senate then adjourned until to-morrow.

Oat Mill Burned.

LONDON, Ont., Dec. 8.—The drying kiln of Cartley & Thomson's oat mill, together with a large quantity of oats, was destroyed by fire about noon yesterday. Loss fully covered by insurance.

Killed in Buffalo.

BUFFALO, N.Y., Dec. 9.—A boiler explosion occurred in Lee, Holland & Co.'s planing mill at 7.30 yesterday. One man was killed and three injured.

A Cure for Constipation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick headache in one night. For the blood, liver and kidney, and for the clearing up of the complexion it does wonders. Druggists sell it at 50 cents a package.

The Best in the World.

The oil of the Norwegian Cod Liver is nature's grand restorative, and is only found in its entirety and purity in Miller's Emulsion. It is the most palatable and wholesome preparation of Cod Liver Oil in the world, and is now being taken by invalids, particularly those afflicted with consumption, with the most astonishing success. It is the greatest blood and flesh maker in existence and is a life saver to consumptives. In big bottles, 50c. and $1—at Peterborough Drug Stores. dw

A Great Surprise

Is in store for all who use Kemp's Balsam for the Throat and Lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free? It never fails to cure acute or chronic cough. All druggists sell Kemp's Balsam. Large bottles 50c. and $1.

Cold Weather Trials.

DEAR SIRS,—This fall and winter I suffered from neuralgia in my face and had the best medical advice without avail, I at last thought of B.B.B. and after using one bottle have not felt any symptoms of neuralgia since. I regard it as the fine family medicine.

Enjoying a Blessing.

DEAR SIRS,—Last summer my younger sisters were taken very badly with croup, indeed we were almost in despair, having little hope of curing them. Finally we applied Hagyard's Yellow Oil, and to our great joy it cured them perfectly, and they are now enjoying the blessing of perfect health.

INTENSE SUFFERING!

Mr. William Buchanan, 24 years engineer in the Cunard Steamship Company's service, 8 St. John's Road, Kirkdale, Liverpool, Eng., writes: "I suffered two years of agony from an affection in the head which six physicians pronounced incurable. They were divided in opinion as to whether it was acute neuralgia of the head or rheumatic affection of the brain, but all agreed that I could never recover. In my paroxysms of pain it needed two and sometimes three men to hold me down in bed. When at death's door,

ST. JACOBS OIL

was applied to my head. It acted like magic. It saved my life. I am well and hearty, and have had no return of the trouble."

GRAND HOLIDAY

PRIZE COMPETITION

—AT THE—

PETERBOROUGH BOOKSTORE!

THE PRIZES

A GOLD WATCH,

A

SILVER WATCH,

AND A CARVING SET.

The Peterborough Bookstore began on Saturday evening, Dec. 5th, at 6 o'clock, a Grand Guessing Competition for the prizes of

Lady's or Gentleman's Gold Watch, Worth $50,

Lady's or Gentleman's Silver Watch, Worth $20,

Silver Steel Carving Set, Worth $5.

No One Person will be Entitled to More than One Prize.

Our Xmas Stock of Fancy Goods has all been purchased in the Best Markets, and the Goods are Entirely New.

It would take a great amount of space to illustrate and describe the different articles in our handsome stores. All we can say is that we have cut the prices away down, and everything is marked in plain figures, so that a grander chance was never offered to purchase what you may require in the BOOK, STATIONERY AND FANCY GOODS LINE FOR XMAS AND NEW YEAR PRESENTS. Remember, also, that we invite the public to call in and examine our Beautiful Stock, whether you purchase or not. We have numerous and very courteous clerks, who will enjoy showing you the finest display in Peterborough in our line. An inspection will prove to you that OUR GOODS ARE RIGHT IN PRICE AND IN QUALITY.

A SPECIAL POINTER.

Remember, that every person making a purchase in our establishment to the amount of ONE DOLLAR, and also for every dollar above that amount, will be given an opportunity to guess the number of Peas, Beans and Hazel Nuts in the Glass Jar in one of our show windows, and the one making the nearest guess to the total number of Peas, Beans and Nuts in the Jar receives

A GENUINE GOLD WATCH of Substantial Value, and of the best manufacture. The Lady's Watch is a 14-Carat, Solid Gold Hunting Case, full-jewelled, stem-winding Waltham Watch, worth $50.00, and the alternate prize, a Gentleman's Gold Watch, is of equal quality and value; the winner may make choice and take either.

The Second nearest receives the SILVER WATCH, a Three-Ounce Hunting Case, full-Jewelled-Compensating Balance Elgin Watch;

The Third nearest receives A BUCKHORN HANDLE CARVING SET, Silver Steel, Sheffield make.

Should two or more guess the exact same number of the total of Peas, Beans and Nuts in our Glass Jar, the award will be made to the one first making the guess. Therefore guess early.

The number of Peas, Beans and Nuts in the Jar is unknown to any person, as the following certificate shows:—

In the Matter of the Peterborough Bookstore Competition:

We, James W. Brisbin, of the Town of Peterborough, merchant, William Collins, of the Township of North Monaghan, farmer, and George E. Elliott, of the Township of Smith, farmer, do hereby certify:

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar, or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

GEO. E. ELLIOTT,
WM. COLLINS,
J. W. BRISBIN

Come early and make your purchases, and should you not require the goods delivered at present they will be laid aside until Xmas and New Year.

"German Syrup"

A Farmer at Edom, Texas, Says:

"We are six in family. We live in a place where we are subject to violent Colds and Lung Troubles. I have used German Syrup for six years successfully for Sore Throat, Cough, Cold, Hoarseness, Pains in the Chest and Lungs, and spitting-up of Blood. I have tried many different kinds of cough Syrups in my time, but let me say to anyone wanting such medicine—German Syrup is the best. That has been my experience. If you use it once, you will go back to it whenever you need it. It gives total relief and is a quick cure. My advice to everyone suffering with Lung Troubles is —Try it. You will soon be convinced. In all the families where your German Syrup is used we have no trouble with the Lungs at all. It is the medicine for this country." **John Franklin Jones.** ®

The farm, which is a splendid one, will be offered for sale by auction at the same time. Sale to begin at 11 a.m. Terms cash for sums of ten dollars and under; for larger sums twelve months' credit.

Nickel Steel for Armour Plates.

In his report for 1891 the Secretary of the Navy at Washington speaks in high terms of nickel steel armor plates for vessels of war, giving a brief accounts of the various experiments conducted with them and with the all-steel and compound plates from France and England. The new smokeless powder is also commended. With charges one half the weight of those used with ordinary powders the velocities have been increased nearly 200 foot-seconds, with no increase of chamber pressure. The department is experimenting with torpedoes and expects to secure delivery of 100 per month. It is also experimenting with sub marine boats driven by electricity, and intends to make further trials with the Vesuvius, a boat with guns for throwing dynamite. The Secretary recommends the construction of a number of heavily-armored cruisers of the type of the New York, which was launched a few days ago—vessels possessing great coal endurance, high speed, and nickel steel armor protection; together with the establishment of a naval militia. Since March 4, 1889, thirteen war vessels have been built and put in commission and twenty more of various sizes are in course of construction. Some of these will be very powerful vessels, the Puritan, which will be ready in the spring of 1893, being of 6,000 tons displacement, and a protected cruiser known at present as No. 13 7,500 tons. All the new cruisers are of great speed, the maximum being 22 knot and the sustained sea speed 21 knots, and they are able to cruise for distances without recoaling.

Ashburnham Council.

More Telephone Privileges Asked for—Another Snow Plough Wanted.

The regular session of the Ashburnam Council was held on Monday, presided over by the Reeve Mr. Burnham there also being present Messrs. Calcutt, Craig, Wand and Throop.

ACCOUNTS.

Accounts referring to various public and corporation services to the amount of $148.93 were presented and ordered to be paid.

MORE TELEPHONES.

Mr Schaeffer, President of the Bell Telephone Company was present, in reference to the application of the company for permission to place poles on public streets. The following resolution, moved by Mr. Burnham and seconded by Mr. Craig, was adopted, "that the Bell Telephone Co, be permitted to erect poles on Lake street from Elizabeth to Maria sts, on Sophia from Lake to Concession streets, on Stewart from James to Dickson streets, and Elizabeth from Stewart to Concession streets, the poles to be placed on said streets at the direction of the Reeve and other members of the council, to be straight poles, and to be of sufficient height to clear trees, and so as not to interfere with the growth of the trees.

THE SNOW QUESTION.

Mr. Craig suggested the purchase of another snow plough, as at present with only one plough, the whole of the streets could not be cleared early in the day.

Mr. Throop objected, saying that at present one horse got over the work in a day, and getting another plough would mean another day's work.

Mr. Craig, however, said it would only take half a day.

After some more discussion had taken place on this subject, Mr. Peck, the treasurer, was instructed to find out what the work has cost during the past three years, and the matter was laid over.

The council then adjourned.

"At last I can eat a good square meal without its distressing me!" was the grateful exclamation of one whose appetite had been restored by the use of Ayer's Sarsaparilla, after years of dyspeptic misery. A teaspoonful of this extract before each meal sharpens the appetite.

PERFECTLY RESTORED!

"I intended to let you know results of treatment, but thought I'd best wait, and after five months I must say, that I am thoroughly satisfied that I was perfectly restored to health, both as regards physical and nervous vigor, and I may also say, that I am engaged at work for the last five months, which I never could have stood but for your treatment."

DR. JAMES' NERVE BEANS.

Nerve Beans are a new discovery that relieve and cure the worst cases of Nervous Debility, Lost Vigor and Failing Manhood; restore the weakness of body or mind caused by over-work, or the errors and excesses of youth. This remedy absolutely cures the most obstinate cases when all other treatments have failed even to relieve. They do not, like other preparations advertised for Lost Manhood, etc., interfere with digestion; but impart new life, strength and energy in a quick and harmless manner, peculiar to themselves.

AFTER THE REBELS.

Chinese Imperial Troops Inflict a Crushing Defeat on Revolutionists.

LONDON, Dec. 10.—A despatch was received yesterday at the Chinese legation stating that the rebels in North China had had another engagement with the imperial troops and that the insurgents sustained a most crushing defeat. The despatch adds that Government forces are following up their victories and that the complete annihilation of rebels is expected in a few days.

Further Massacres.

LONDON, Dec. 10.—A despatch to The Times from Tien Tsin says: Some Christians have been massacred near Pakouscibe by banditti and an undisciplined mob. The military commander who connived at the massacre has committed suicide. A magistrate implicated in the affair has been arrested and committed for trial.

THE PRESIDENT'S MESSAGE.

The Behring Sea Fishery Question Ready for the Arbitrators—The McKinley Bill and Trade.

WASHINGTON, Dec. 10.—As usual, the House paid little attention to the President's message yesterday, the few members present indulging in merry and at times hilarious conversation.

The message announces that satisfactory terms for a settlement of the Behring Sea question have been arranged, and the appointment of arbitrators is all that is necessary for a completion of the convention.

The message says provision should be made for a joint demarcation of the frontier line between Canada and the United States, wherever required by the increasing border settlements, and especially for the exact location of the water boundary in the straits and rivers.

The still unsettled Italian difficulty, the Chinese outbreak and the harshness to the Jews in Russia are alluded to and a defence is made of the McKinley Act. The President says:

"A brief examination of the statistics of the treasury, and a general glance at the state of business throughout the country, will satisfy any impartial inquirer that its results have disappointed the evil prophecies of its opponents, and in a large measure realized the hopeful predictions of its friends. Rarely, if ever before in the history of the country, has there been a time when the proceeds of one day's labor or the product of one farmed acre would purchase so large an amount of those things that enter into the living of the masses of the people.

"There seems to be satisfactory evidence that the business of passing Chinamen through Canada to the United States is organized and quite active. The Department of Justice has construed the laws to require the return of any Chinamen found to be unlawfully in this country to China as the country from which he came, notwithstanding the fact that he came by way of Canada. But several of the district courts have over-ruled this view of the law and decided that such persons must be returned to Canada. The Canadian officials refuse to allow them to re-enter Canada without the payment of the $50 head tax. I recommend such legislation as will remedy those defects in the law."

Those who were in favor of recalling the Chilian Minister to the United States and abolishing the legation at Washington were defeated. The Government made a strong fight against the adoption of the proposal.

Is This a Murder.

PORT ROWAN, Ont., Dec. 10.—Mr. D. A. McColl of St. William had occasion to drive to Turkey Point yesterday. The road winds through a lonely cedar growth. He noticed a fresh wagon track turn off in the thick cedars. He followed the track to see where it went, and did not proceed far before he came to what appeared to be fresh dirt thrown up like a grave, and he dug down sufficiently to find a box with a man in it, well dressed and about 40 years old.

Ended in Smoke.

INGERSOLL, Dec. 9.—The famous perjury case against James Ryan, one of the license commissioners of South Oxford, came up before C. E. Chadwick, police magistrate, to-day for judgment and ended in smoke. The magistrate held that there was not evidence enough to sustain the charge and honorably acquitted the defendant. The prosecutor is J. B. McKenzie, well known in Toronto and Brantford. A similar case against J. R. Jackson, barrister-at-law, of this town, laid by George Southwick, hotel-keeper of Tilsonburg, shared the same fate.

Quebec Mining Act Disallowed.

OTTAWA, Dec. 9.—The Minister of Justice has reported in favor of the disallowance of the act relating to mines and minerals passed at the last session of the Quebec Legislature, and it is understood an order-in-council disallowing it has been passed. The owners of mine properties in the province have been agitating in favor of the disallowance of the act.

The White Wolf Caught.

MACLEOD, N.W.T., Dec. 10.—The old white female wolf, which has for several years past given so much trouble on the Willow Creek ranges, and which has defied all efforts to capture her, has at last been caught. A couple of the boys on the range roped her and claimed the $30 reward. This was the only pure white wolf known to exist in this part of the country. She was a most prolific breeder, and she and her offspring have probably done more damage to stock than any other dozen families of wolves in the district.

FONSECA'S REASONS.

What Led Up to His Proclamation of Dictatorship Over Brazil.

RIO JANERIO, Brazil, Nov. 10.—President Fonseca on the morning of Nov. 4 published a decree dissolving Congress and declaring in a state of siege the Federal District and the city of Nictheroy, on the opposite shore of the bay. At the same time he issued a manifesto of about seventy-five hundred words, giving his reasons for his action.

In the decree he convoked the nation to choose new representatives at a date to be hereafter designated, the Government to issue for that purpose electoral regulations assuring entire freedom to the country in that choice. The new Congress was to proceed to revise the constitution of Feb. 24, 1891, in points that would be made known in the decree of convocation. The revision was in no case to relate to the constitutional provisions that established the federative republican form of government and the inviolability of the right to liberty and personal safety.

In placing the federal district and Nictheroy in a state of siege Fonseca declared that there was imminent danger to the preservation and stability of the republican form of Government; that a movement to restore monarchy and to dishonor and ruin the country had commenced, and that extraordinary measures were necessary to meet these conditions.

He therefore announced that constitutional guarantees were suspended for two months; that disorderly acts would be severely punished; that a commission would be appointed to try summarily all enemies of the republic; that all persons deemed dangerous or disorderly would without delay or trial be sent to a place to be designated, and that the government would render to the Congress an account of its acts.

In his manifesto Fonseca said that the Constituent Assembly, thwarted in its attempt to concentrate in its hands the government and administration of the country, formed radical groups to transfer to the Legislature rights essentially those of the Executive.

These attacks were so much more inexcusable as the Dictator had founded the Republic without shedding of blood and with scarcely any interference with the liberty of the press. Congress from the beginning had been hostile toward the President and his ministers. The two chambers passed a law (in contravention of article 50 of the constitution) by which the duties of Minister of State were declared incompatible with the exercise of other functions, so as to force some of the Ministers to renounce the positions they had acquired in the life magistracy and to deprive the President of his constitutional right to freely choose or dismiss the Ministers of State.

The Senate held a secret session under the pretence of approving nominations to the Supreme Court, but really to inflict a moral defeat on the President, as these nominations, having been made under directorship, the constitutional formality of the Senate's approval had not been complied with. In the Chamber of Deputies the members of the most important committees were selected from the ranks of the Government's enemies.

Some deputies, dissatisfied with the rule of the state governors, joined the Opposition, and another law was passed contrary to the constitution, which gives the Government a right to intervene in the management of states not definitely organized.

The Chambers frequently made requests for information in terms which cast the greatest slur on the morality of the administration. The bill as to the President's responsibility and the crimes for which he is liable to imprisonment was hurriedly discussed. When the President's sanction to the bill about the Minister of State was refused the vote of one Senator, by a flagrant violation of the laws, was declared void and the victory given to the opposition.

Under the pretence that the financial situation was ruinous and that there was a heavy deficit the Chamber suppressed supplies indispensible to the proper conduct of affairs. It also tried to rupture the friendly relationship with the leading European and American powers by suppressing several of their legations. The Senate vainly tried to restore the legation to the Holy See. In the Chamber of Deputies the deficit in the budget was greatly exaggerated.

A hostile press tried to persuade the country that the circulation of paper money was too great and that there was insufficient metallic basis for equal security of the same. It even brought charges of misdemeanor against the administration of the principal banking institutions. Congress put aside government suggestions to remedy financial difficulties, causing rapid depreciation of the country's fortunes. The enemies of the Rebublic made use of general panic to raise the banner of the restoration.

"If in the crisis," Fonseca added, "I do not appeal to the nation dissolving Congres I should be a traitor."

He next reminded the country that he was at its side in the deposition of the monarchy and promised to be at its side to depose anarchy. He said that Congress had passed no important laws, but had voted increased pay to its members. He assured the public that order would be maintained, pecuniary engagements of the State duly met, acquired rights and contracts respected, and the courts permitted to continue their functions. Only such laws would be altered or revoked as the State's security would require.

Brewing For a Long Time.

It had all along been evident that many members of Congress were decidedly hostile to Deodoro. At the time of his election by the Congress in February this feeling was clearly evident.

On Sept. 14 the personal feeling against the President was shown by one of the deputies asking to be informed by what decree the President had been raised from the rank of major-general to that of marshal of the army. The following day another deputy spoke of the Government as an evil-like cancer which required rooting out.

The final struggle between the president and the Senate was on the bill defining the crimes for which the President of the Republic is liable for impeachment.

On Nov. 2 the Senate again annulled the veto of the President, and it was evident that either the President or Congress must go. Deodoro solved the matter by reassuming the Dictatorship and threatening with severe punishment all who attempted any measures against him.

The appearance of President Deodoro's manifesto, with the decrees of dissolution and martial law, occasioned profound and widespread surprise.

At the usual hour a number of Senators and Deputies assembled at the San Christovao Palace, but were prevented from entering by a military guard.

Telegraph and cable offices were placed under charge of officials, and the telephone lines were closed. To reduce the cost of food orders were issued abolishing the duty on live cattle at the city slaughter house and reducing freight rates one-half on meats, cereals, &c., on the Central Railway.

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurance in force, 1st January, 1891	$16,759,355.98
Increase over previous year	3,421,372.84
New Applications received in 1890	6,371,599.15
Increase over 1889	2,268,888.60
Cash Income for year ending 31st December, 1890	889,078.87
Increase over 1889	325,938.35
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,222.68
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$64,824 07
" " " " 1886,	86,452 97
" " " " 1890, (four years)	232,175 69

Pays a Visit to the Husband-Poisoner in Woking Prison

LONDON, Dec. 1.—Baroness de Roque, the mother of Mrs. Maybrick, serving a life sentence for poisoning her husband, was allowed to visit her daughter in Woking Prison yesterday. It is rarely a visitor is allowed to a life prisoner. The meeting was affectionate. The Baroness told her daughter of the efforts made for her release and Mrs. Maybrick's face lighted up with joy. After an hour's interview mother and daughter kissed each other and separated.

MAJOR PELLY KILLED.

Thrown From His Carriage at Hereford, Eng., and Fatally Hurt.

LONDON, Dec. 11.—Major-General Sir Lewis Pelly, K.C.B., K.C.S.I., while driving yesterday at Hereford was thrown from his carriage and sustained concussion of the brain. He died almost immediately afterward.

He was born in 1825 and represented the North Hackney division in the House of Commons since 1885. He has held many diplomatic and administrative offices in India. He was the author of several works. Deceased entered the East India Military Company's service in 1841 and was successively promoted until 1882, when he was made major-general. He had been A.D.C. to General Jacob, commanding the cavalry in the Persian expedition of 1857, judge at Kurrachee, India, Secretary of Legation at Court of Persia (1860), political agent and consul at Zanzibar, employed on numerous missions and many times thanked by the Government for his services.

The St. John Divorce Case.

LONDON, Dec. 11.—In the divorce case of Florence St. John, the actress, against her husband, the jury yesterday struck for an increase of compensation, which was promised to them.

An affidavit from Miss Nita St. George, formerly of the Gaiety Company, was read with great interest. Miss St. George showed that Marius, the husband of St. John, had been intimate with Miss Marie Lewella, an actress belonging to the Avenue Theatre.

Mr. Gill, for the defence, declared that the whole matter of the application made by Miss St. John for a divorce was most preposterous and impudent. The truth of the matter was, he said, that Miss Florence St. John had grown tired of her third husband, Marius Duplaney, and that she was anxious to have a fourth husband. This, said Mr. Gill, was the case in a nutshell, and it was for the jury to decide if they were willing to assist Miss St. John in her efforts to untie herself from husband No. 3 in order that she might throw herself into the arms of husband No. 4.

Referring to the charges of cruelty made against Marius, Mr. Gill said that if the latter had struck his wife it was because she had wilfully provoked the blow.

Here Justice Jeune interrupted Mr. Gill, saying:

"No wife's words or insults justify a blow, which constituted legal cruelty." [Applause.]

Anglo-Canadian Trade.

LONDON, Dec. 11.—The Board of Trade returns show that Anglo-Canadian trade was not favorable last month. The exports to Canada declined 8 per cent. and the imports from Canada declined 2 per cent. compared with the month of November, 1890. Exports and imports increased but slightly in the eleven months.

The Czar's Peaceful Words.

ST. PETERSBURG, Dec. 11.—All Europe will rejoice at the words of the Emperor at the celebrated feast of St George held yesterday. In an address the Czar said that he was greatly pleased to note that the European situation had become entirely pacific.

THE COLONY'S ANSWER.

NEWFOUNDLAND HAS NO FURTHER USE FOR CANADA.

Prohibitive Duties on Pork, Flour, Tobacco, Oil, Etc.—What the Colony Newspapers Say—The London News and Chronicle on the Situation.

ST. JOHN'S, N.F., Dec. 11.—The Whiteway Government have not been long inacting in response to Canada's threats to withdraw the favors which the Dominion has been granting the Ancient Colony in allowing her fish free entry into Canadian ports.

The Royal Gazette last evening announced that additional duties will be levied at Newfoundland ports hereafter on goods imported from Canada. The official notice gives as the reason for this action the action of Canada in imposing duties on Newfoundland fish.

The increased duties fall on imports of flour, pork, butter, tobacco, kerosene oil and products of the farm.

There is much excitement in commercial circles at the new phase the matter has taken, and it is the general opinion that the trade between Canada and Newfoundland will be much deranged and large losses caused.

ST. JOHN'S, Dec. 11.—In retaliation for the duties imposed by Canada on Newfoundland fish the government here has put in force section 13 of the Revenue Act against Canada, which increases duties on articles imported from that country. The duty on flour is increased 75 cents per barrel; pork 75c.: butter, per 100 lbs., 75c.; tobacco, per 100 lbs., $5; oil, per gallon, 5c.; meal, per barrel, 25½c.; hay, per ton, $5; oats, per bushel, 10c.; potatoes, per bushel, 25c.; turnips 25c.; cabbages, per doz., 40c; unenumerated vegetables 30 per cent. ad valorem. The Government has wired instructions to enforce this law throughout the country.

MR. MORINE TALKS.

Newfoundland Dependent Almost Entirely Upon Canada for a Market.

ST. JOHN'S, Nfld., Dec. 11.—A. B. Morine, leader of the Opposition in the Newfoundland Legislature, in an interview yesterday, said: "The refusal of Newfoundland to recede from its untenable position is a distinct triumph of the anti-British and pro-American faction of the Government, led by Messrs. Harvey and Bond, to which Premier Whiteway has weakly yielded. The entire south and west coast of the island is dependent upon Canada for a market. Some years ago, as a piece of bluff, the Newfoundland Legislature enacted that when Canada imposed duties on the fish of that colony, the duties on food products imported from Canada should be 100 per cent. higher than on similar imports from the United States. This law now goes into effect, and will be prohibitive so far as Canadian food-stuffs are concerned."

The Herald says: The Government have been guilty of a gross and flagrant violation of a solemn compact made between the colony on one side and Canada and the Imperial Government on the other, a contract which has been performed on the part of the other side, so to speak, and of which we, the colony, have received the benefit; that they have broken the pledge given to the Legislature and the people and abused the trust and power conferred upon them by the act.

On the other side The Telegram, the organ of the Government, says the people of Newfoundland are pleased with the action of the present patriotic Government in excluding intermeddling and officious Canada from free access to our bait fishes, and the wisdom of this course will be emphasized in a forcible manner before the close of next year's fishing season. Every fisherman in Newfoundland knows that but for the stand taken against this colony by the Ottawa Government we should to-day be enjoying the inestimable advantage of free trade with the United States. Canada deserves no favorable consideration at our hands. She has been corrupt at home and treacherous to her sister colonies, and the feeling in Newfoundland to-day, outside the little mercenary confederate party here, is "The less we have to do with her the better."

WHAT TUPPER SAYS.

OTTAWA, Dec. 11.—Hon. C. H. Tupper, Minister of Marine and Fisheries, in an interview yesterday states the Government have received no intimation that the Newfoundland Government has placed duties on Canadian produce. The latter body obtained powers enabling them to do so from the Legislature at its last session and he expects they will use the power, at the same time he does not anticipate that such an imposition would have the serious effects some people thought. Newfoundland is too dependent on Canadian ports and Canadian vessels for her intercourse with the outside world for any retaliatory act to be long before it was repealed, and there would be agitation against any such act, arising from the pressure that would be experienced by the Island consumer. The Dominion Government did not desire to be harsh to Newfoundland and hoped for an amicable adjustment of the difficulty.

English Views.

LONDON, Dec. 11.—The news that Canada feels compelled to retaliate on Newfoundland is regretted here. It is generally agreed that Canada has a strong grievance against Newfoundland, but it was hoped that the intervention of the Imperial authorities would restore friendly relations.

The St. James Gazette yesterday deplores what promises to be a tariff war on a small but exasperating scale, though it admits that Newfoundland has been grotesquely wrong on the bait question from the very beginning.

The Daily Chronicle has been urging that a round table conference be set up between Ottawa and St. John's. It regrets the relation, but says Newfoundland has really been acting the part of a sorehead.

Drowned at Deseronto.

BELLEVILLE, Dec. 11.—As men were moving some timber outside the dock at the cedar mill at Deseronto last night the body of a man came to the surface. It was recognized as that of Michael Mannion, or Managhan, who had been working during the summer on the Bayview ranch and later in the mill yard. About three weeks since the unfortunate man left to visit relatives in Tyendinaga, which was the last seen of him until his body was found.

CONTESTED ELECTIONS.

THREE CONSERVATITES UNSEATED FOR VARIOUS REASONS.

Trial of the East Middlesex, South Victoria, Welland and North Wellington Protests—Nomination of Candidates in Various Constituencies.

LINDSAY, Dec. 11.—The protest against the return of Charles Fairbairn as Conservative M.P. for South Victoria came on for hearing yesterday before Justices Falconbridge and Street. S. H. Blake, Q.C., and Hugh O'Leary, Q.C., appeared for the petitioner and B. B. Osler, Q.C., and John McSweyn appeared for the respondent.

The general organization of the Conservative party was proved by E. D. Orde, the secretary, and F. D. Moore, the treasurer, of the association, but the books and records of the association were not forthcoming and had been destroyed.

John Dobson, president of the association, was called to prove the presence in the riding of Thomas Todd of Goodwood and Robert Birmingham of Toronto, and, while admitting that Todd called upon him several times at his grocery store, stated that he did not know what he was doing in the riding or what he wanted, except upon his last visit the day following the election, when he borrowed $10 to pay his hotel bill. Dobson declared that he had received no money for distribution in bribing.

The charge against William Macksey of receiving $3 from Samuel Fox was allowed to stand over until to-morrow by reason of Mackscy being too intoxicated to give his evidence.

Thomas Powers of Emily was a very reluctant witness. Mr. Blake got out of him after two hours' hard work that M. O'Halloran of Lindsay, a prominet supporter of Mr. Fairbairn, had placed in his overcoat pocket $2 for one Haggerty, that Haggerty had put his hand into his (Powers') pocket and got the money, but that this had all taken place in connection with the bye-election in December last. This being the case the charge was dismissed.

The charge against M. Hickey of giving whisky to Michael Flynn of Emily and telling him to vote for Fairbairn and afterwards go and see O'Halloran was under consideration when the court rose.

There are some 70 charges in all. Court sits again to-morrow at 9 o'clock.

WELLAND.

The Charges in the Protest Against the Member for Welland.

WELLAND, Dec. 11.—The protest against the return of W. M. German, Liberal M.P. for Welland county, was opened here yesterday before Justices MacMahon and Rose; George T. Blackstock, Q.C., and L. C. Raymond appearing for the petitioner and Walter Cassels, Q.C., and T. D. Cowper for the respondent. Dr. John Ferguson, the defeated candidate, was present.

In charge 45, of William Gearin loaning money to William Fraser and amounts were shown as loans being made, security given and security refunded, judgment was reserved.

On charges 25, 26, 27 and 28, Alexander Logan giving Michael Dooker and wife money being called, Logan emphatically denied the charge and the cases were abandoned.

Charges 47 and 48 were inducing George Neff to personate voter and swearing falsely. Neff's father died about two years ago and the name was on the roll, but neither senior nor junior after it. Neff thought he had no right to vote, but was induced to do so and took the oath. W. M. German testified that neither of those charged with inducing Neff to vote were agents.

Arguments were heard as to this case and as to agency, court adjourning till to-morrow morning.

East Middlesex.

LONDON, Dec. 11.—Argument in the case of East Middlesex contested election trial was finished at a late hour last night. S. F. Glass testified that he had taken an active part in the election of Mr. Marshall and that he had voted twice. It was proved that Mr. Glass was an agent, and upon his evidence their Lordships declared the election of Mr. Marshall as member for East Middlesex void.

Mr. McMullen's Case.

GUELPH, Dec. 11.—The North Wellington contested election case came up for hearing yesterday before Justices Osler and MacLennan. The case occupied all day and was adjourned at 6.30 till 9 a.m. to-morrow.

Political Notes.

South Perth Liberals again nominated Mr. Trow as their candidate at a convention yesterday.

At a Liberal convention at Almonte yesterday, R. J. Dowdal, barrister of Almonte, was chosen to contest Lanark.

Joseph A. Gillies, Conservative member for Richmond, C.B., has been unseated for corrupt practices by agents.

F. A. Dyer, Conservative member for Brome, Que., who was elected by the casting vote of the returning officer, was unseated yesterday for corruption by agents.

The petition against Sir Hector for Richelieu County has been dismissed, but Sir Hector has resigned, having chosen Three Rivers.

The London Chronicle deplores Canada's treatment of Newfoundland as likely to indefinitely postpone the creation of one strong British Dominion in North America.

Uncle Sam Will Establish a Department of Public Health.

WASHINGTON, Dec. 11.—Among the bills introduced yesterday in the Senate was Sherman's to establish a department of Public Health, under the charge of a medical officer, to be appointed from civil life by the President. State and municipal health boards will also be chosen.

Alleged Procurers.

BUFFALO, Dec. 9.—William Wood and his stepson, Arthur Wood, were arrested yesterday on the charge of procuring young women for immoral purposes. It is charged that about two weeks ago William and Arthur Wood brought three women, Frankie Levelle, Mrs. Mary Mills and Ann Gibson to Buffalo from Toronto for the purpose alleged.

Daily Examiner.

FRIDAY, DECEMBER 11 1891.

ON Wednesday the Bell Telephone Company paid into the city treasury, of Toronto, $1,172, being 5 per cent. of the company's earnings for the past three months. This is the first payment under the franchise granted to the Bell Company for five years on conditions providing for lower rates, underground wires and various other improvements. The city revenue for the street railway franchise, is expected to reach at least $137,000 this year.

THE Duke of Devonshire, who is now said to be dying, is the owner of 193,322 acres of land lying in fourteen different counties. As he is the patron of forty-two church livings, worth over $50,000 a year, it is fortunate that he has so lived as to earn the reputation of being the most modest, accomplished, and high-minded noblemen in Great Britain. Other large possessors of patronage have been of a very different character. The Marquis of Hartington is the Duke's eldest son and the heir to his title.

PRESIDENT Van Horne claims that the Canadian Pacific Railway has beaten the world's record for speed on the rails. Some weeks ago a special train made the run between Smith's Falls and Montreal a distance of 127 miles, in 120 minutes. Nearly forty miles of the journey were traversed at a rate of seventy miles an hour. England's highest record for a run of this length is 55 4 miles an hour, and that of the United States 58. Canada's record is now more than a mile a minute, and Mr. Van Horne says he has locomotives which can do better than that.

ABUSE is Sir Charles Tupper's "great hold," and he is now engaged, says the Ottawa *Free Press*, in slandering the Reformers of Canada—the men who pay the greater portion of the $40,000 a year which go to maintain the Tupper family in affluence and luxurious idleness. The High Commissioner's attack upon Mr. Goldwin Smith is ungrateful as well as untruthful, because Mr. Smith very foolishly assisted in putting the Tory party in power in 1878. And Mr. Smith has been devoting his time and his money to philanthropic and literary labours, in the interest of Canada and the Canadians. The High Commissioner and his brood and retinue have been helping to loot the public treasury and amass wealth at the expense of the Canadian taxpayers. What have the Tuppers ever done for Canada, except plunder her exchequer, malign her best citizens and debauch her electorate?

The Explosion of a Bomb startles all within hearing. So the pains which arise from derangements of the liver, stomach and bowels, quickly alarm those who experience them. WHAT WE SAY ABOUT THESE GOODS.

ONE man's extremity is another man's opportunity. Our grip on the market has brought this bargain to our counters. We want the public to know just what we offer. When we say the goods are bargains, they are positive. When we say that no such bargains were ever before offered, we have the goods to back up the statement. We nail the flag of Cheap and Good Goods to the mast, and defy any dealer on earth to lower our colors.

OUR PLAN TO HELP YOU HERE.

We want every one to come and see what we are doing. Drive if you can, come by water, by stage or on foot, for there's money for you in the expedition. That there shall be no excuse, we will pay railroad fare of any passenger within a radius of fifty miles, who comes to our sale and buys $10 worth of goods or upwards.

THE twenty-third annual winter meeting of the Fruit Growers' Association of Ontario will be held in the City Hall, Hamilton, beginning on Tuesday evening, December 15th, at 8 o'clock, and continuing through Wednesday and Thursday. A Friday morning session will be held, if necessary, to complete the programme. The committee of fruits and flowers will meet at the hall on Wednesday morning to receive and assist in arranging the fruit sent in for the fruit table. Any one, whether a member of the Association or not, is welcome to attend and take part in all the meetings, and contribute interesting samples of fruits, new and old. All worthy exhibits will be mentioned in the report of the committee. Several distinguished visitors are expected to be present, and among them—the Hon. John Dryden, Minister of Agriculture; Wm. Saunders, Director of the Experimental Farm, Ottawa; C. C. James, Deputy Minister of Agriculture; S. D. Willard, the Vice-President of the Western New York Horticultural Society; D. McLellan, Mayor of Hamilton; Prof. Paton, D. A. C. Guelph, and others. As no special return fares have been arranged, it will be best for those in attendance to purchase ordinary return tickets. There will be a question drawer in the hands of the secretary, to which questions in writing may be submitted at any time, which will be placed in the hands of the most fit persons for reply at such times as seem to the president most opportune. The Royal Hotel will give members special rates of $2.00 per day. When registering each should mention that he is attending this meeting. It is to be hoped that the fruit growing interest of Peterborough will induce a larger than the official attendance of the representative of the local fruit growers' association. Much can be learned by personal attendance that cannot be got by means of the most elaborately compiled printed reports. Fruit growing is becoming an important industry in this county which is especially well adapted to the culture and successful growth of grapes, plums and apples. Every adjunct that can be made to increase the profit of farming should be made the most of.

THE PERFECT WOMAN.

The Work of the Young Women's Christian Association.

An Outgrowth of the Y.M.C.A.—Mrs. John Harvie Explains how the Perfect Woman is Formed—The Qualities that are Necessary, and How They May be Developed—Stirring Addresses to Young Women.

Some nine or ten days ago a branch of the Young Women's Christian Temperance Association was formed in Peterborough for the purpose of carrying on work for young women on similar lines to that carried on by the Y.M.C.A. for young men. Officers were elected as detailed in the EXAMINER of Wednesday, and it is intended to rent a suite of rooms, which will be costly furnished and open every night, so that young women engaged in business or domestic pursuits, and strange young women coming to town, will have a place to spend their evenings happily, pleasantly, and in good company.

A general secretary will be engaged, to conduct the spiritual work of the association, and endeavour to assist those young women who need help in any way. To make the character and

OBJECT OF THE ASSOCIATION

more widely known, Mrs. John Harvie, President of the Young Women's Christian Guild, Toronto, consented to come here and address meetings. The first meeting was for young women only and was held in St. Paul's schoolroom. About one hundred and twenty-five young ladies attended, and a very enjoyable and profitable afternoon was spent. Mrs. Harvie in the course of her address spoke of the need of special work for young women; there were so many in all the large centres of population engaged in various pursuits, and more kept coming from the country to towns and cities in search of employment. These all needed to be taken care of and warned of the temptations and snares that abounded in all large places on every hand. Another reason given for the need of this special work, was the influence for good or evil exerted by all young women, and which, by means of this work, could be diverted into the proper channel. These young women hoped some day to become wives and mothers, and to possess

GOOD AND PURE HOMES

What better training school could they have than a Young Women's Christian Association? There was a great need for young women to work in the church. Many who did not go to church at all, might be induced to attend by the training received in the Y.W.C.A. Another point mentioned was that the young women were better able to reach others themselves, and train them, than by any other means. The Association brought all classes of young women together. There was no caste distinction—all met and helped each other as sisters.

Reference was also made to the social needs of young women, which were fully provided for in the Young Women's Christian Association, which also tended to elevate the young women and to help them to take better positions, by means of educating them.

At the close of the meeting an appeal was made for volunteers to help in this great work. In reply about two-thirds of those present signified their intention of rendering the necessary aid, and about fifty names were taken, making in all about eighty members for the new Peterborough Branch.

THE EVENING MEETING

was a public one and was held in the Baptist church. Notwithstanding the many counter attractions in the town a very fair attendance gathered to hear Mrs Harvie. The Rev. Mr. Trotter, pastor of the church occupied the chair and after the opening exercises called upon the speaker of the evening who was to give an address. Mrs. Harvie took as her topic, "The Perfect Woman," referring more particularly to a relative and not an absolute perfection. The first necessity was spiritual life. The great importance of conversion was spoken of, also the spiritual advantages of the Young Women's Christian Association, and an earnest appeal was made to all young women who were not Christians to come to Jesus. The cultivation of the physical nature was next dealt with. This was part of the work of the association, conducted by means of the gymnasium, lectures on health, hygiene, &c., thus giving to the young women a thorough physical training, which would perhaps be of great service to them at some period of their lives.

THE SOCIAL LIFE

of the perfect woman was spoken of, and the speaker showed that she must have proper friends and have her social nature well trained. This could be well done at the association by work in the rooms amongst other young women. The intellectual nature was afterwards dealt with, and Mrs. Harvie demonstrated how this could be developed by regular attendance at the rooms. Educational classes would be formed and various useful subjects taught by competent teachers, and in every way the Young Women's Christian Association was shown to be the training school for relative perfection in women.

In the course of the address reference was made to notes of introduction which were given to members leaving for other towns, to the General Secretaries of other Associations, thus ensuring for them a hearty welcome, and friends who would assist them in any way possible.

AT THE CONCLUSION

of the address the speaker again asked all who would assist in the work of this newly organized Association to stand up. A large number of those present complied with this request, and at the close of the meeting a large number of names was added to the membership roll.

Mrs. Harvie desires it to be made known that the rooms of the Young Women's Christian Guild in Toronto are at 203 Yonge street where she and others will be pleased to welcome any young woman who may go to Toronto from this district. They also assist strangers in obtaining employment.

The meetings held by this talented lady have proved a great success, and the results of the stirring and instructive addresses will be long felt. The Young Women's Christian Association of Peterborough may now be regarded as an accomplished fact, thus filling a long-needed want. It is hoped that the good work will be blest with continued prosperity, and very soon equal, if not surpass in extent, that of the Y.M.C.A. amongst young men.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 128th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

Opening of the New Rooms.

The new rooms of the Young Men's Christian Association will be formally opened tonight. Mr. G. J. Early, President of the Association, will take the chair, and an excellent programme of short addresses, vocal and instrumental music by Miss Sophie Cameron, Miss Crane, Miss Thom, Miss Hasbeck, Messrs. McKenzie and Seward, Miss Wrighton and Master Dundas, will be presented. Mrs Dr. Goldsmith will give a reading and the Y. M. C. A. orchestra will furnish selections during the evening. A large attendance is anticipated, and a very enjoyable "house warming" will be held.

Class Leader's Entertainment.

Last night in the lecture room of the George Street Methodist Church, Mr. R. J. Winch and the members of his class entertained the officials of the church and members of the other classes at an evening social. Between one hundred and ten and one hundred and twenty five persons sat down to the tables, which had been covered by the ladies of Mr. Winch's class with a splendid collation. The supper disposed of, there followed devotional exercises, sacred songs, solos, duets and brief addresses. Mr. Winch, the host of the occasion, addressed the meeting in reference to the importance of every member using the various services of the church, and impressed upon those present the importance of the class meeting as a means to spiritual growth, and, therefore, the fountain of all impulse to church work. A very profitable and pleasant evening was spent.

A SEVEN-FOLD SUCCESS !

"The Carnival of Nations" Last Night.

A Large Attendance of the Public—Delighted With the Brilliant Scene—Elegant and Picturesque Booths—Tenanted by Beautiful and Beautifully Dressed Ladies—A Brisk Boom in Business—Music and Marching—A Most Enjoyable and Successful Event.

Last night the "Carnival of Nations," prepared for presentation by the ladies of the Charlotte Street Methodist Church, opened with most signal success. Early in the evening, shortly after six o'clock, the public began to drop in, the first inducement being the elegantly prepared tea, which was liberally sought after. The hall presented a most attractive appearance. Everywhere blazed the bright hues of flags, and the electric light "shone o'er fair women and brave men," and "a thousand hearts beat happily—and all went merry as marriage bell", and beautiful booths that filled the long stretch of the western and northern walls, tenanted with gaily dressed ladies, with the strains of music filtering through the happy hum of chat and brisk exclamations of surprised approval, made the entire scene like a panorama out of fairy land. A few words are certainly due to a reference to the

TEMPORARY HABITAT OF THE NATIONS.

The several booths, whether from design or chance, were arranged in geographical order from east to west. Beginning with Japan and following in succession with England, Ireland, Scotland, United States, Canada and the Northwest Indians. The Japanese booth was fitted up in a manner characteristic of that nation. Over the middle was spread a huge paper umbrella, and the front was gorgeous with Japanese screens, and banners hideous with dragons wrought in gold. The ladies presiding over the booth were attired in the jaunty flowing attire of the Japs, with high piled hair, and other accessories of attire to make them resemble Japanese ladies. The ladies in charge were Mrs. Dr. Stephenson, Miss Clarke, Miss Marke, Lindsay. In this stall were sold beautiful articles of Japanese manufacture, delicate China and dainty cups of Japanese tea in dainty cups of oriental porcelain.

Next came one of the handsomest, if not the handsomest—certainly the largest—booth in the hall—that of England. This booth consisted of an elevated platform, enclosed by walls composed, in front, of a double arch and of arches at the sides. These arches were draped with British flags. Over the junction of the front arches was a canopy of flags drooping over the motto, "God Save the Queen," and underneath this a portrait of Her Majesty. This state fitted up in a very artistic manner as a drawing room, containing a piano and all other necessary accessories, while the sprigs of the genuine holly, etc., combined to make it all "quite English, you know." The ladies who occupied this booth were Mrs. J.R. Stratton, Mrs. Fred Winch, Mrs. Mark Ostrom, costumed as "Britannia," Miss Fawcett and Miss Clark. Nothwithstanding that this shop represented "a nation of shopkeepers," there was nothing offered for sale.

Ireland had a characteristically pretty booth, composed of evergreens, tastefully disposed in arches, with adornments suggestive of the "Green Isle"—the harp of Erin suspended in the middle of the booth. This was the most dramatic stall of the seven. Every one of the ladies in charge represented some well known Hibernian character. Mrs. McBain represented the "Maid of Erin," Mrs. W. J. Green, "Irish lady of the 19th century," Mrs. Clyde Green, "Molly Bawn," Miss May Dawe, "Peasant girl," and Miss Ketcham, "Norah, the Pride of Kildare." There were also shown the spinning wheel, the blarney stone, and a stock of articles for sale, consisting of all sorts of linen goods, "pure Irish buttermilk," potato cakes, aprons, fancy goods, etc.

The Scottish booth was also beautifully arranged, in representation of a thatched cottage. Wreaths and festoons and streamers of tartan, and the lion of Scotland exceedingly rampant, figured conspicuously, while a portrait of "Mary, Queen of Scots" was placed in front of the arch. The ladies in charge of this booth were Mrs. McCreary, Mrs. Jory, Mrs. W. Morris, Miss Brownscombe, and Miss Oyr as "Highland Lassies," and Miss Flossie Ferguson as "Mary, Queen of Scots." This had for sale woollen goods, woollen yarns, (a' as woo') porridge bowls, porridge sets, etc.

Next came the United States stall, which was beautifully and elaborately fitted up. At the apex of the front arch an enormous spread eagle was placed, and underneath, a trophy of flags and the words "Unite States," while the "stars and stripes" were wreathed and twined in every part. The booth within, was also beautifully fitted up, conspicuous being a portrait of Mrs. Frances Willard, the great female apostle of temperance. Here were offered for sale samples of the multifarious manufacturing products of the United States, coal and its products, American rattan work, etc., etc., in profusion. In this booth Mrs. Thos. Brooks, clad in pure flowing white and crowned with the conventional Phrygian cap, represented the "Goddess of Liberty," Mrs. Aaron Cox, "Martha Washington," (handsomer, if anything, than the original) Miss Kate Henderson, "Priscilla," and Miss Edith Hamilton and Miss Laura Lane, "Quakeresses." Here was also the American phonograph for the delectation of those desirous of hearing it.

Canada, dear Canada, first as she is in our hearts, was first in the place of honour as represented by her booth, and a beautiful booth it was. A Canadian reporter may be pardoned for paying it special attention. First over all waved the protecting folds of the Union Jack, and underneath crossed snowshoes, and then the word "Canada," and underneath that again a transparency showing the national beaver. This was flanked on one side by a fierce wolf, having for his companion on the opposite side, a bear. The corner pillars of the booth were composed of snow shoes, while in conspicuous place the toboggan was displayed. A cornice of snow, spangled with icicles, suggested, combined with the toboggan and snow shoes, the delights of the Canadian winter. The ladies representing the Dominion were Mrs. A. L. Davis, "Young Canada," Mrs. Neill, Miss Ostrom, "Spring,"Miss Morrow, "Summer," Miss Alice Davis, "Autumn," and Miss Maggie Neill, "Winter," and a glance at the four seasons thus represented would suggest to a foreigner that Canada had the most delightful climate in the world. Little Madeline Davis was enthroned in a gigantic piece of foot wear, and cunningly represented "The Little Old Woman that Lived in a Shoe," and, from her pedal point of vantage, drove a thrifty trade in selling dolls, while the elders disposed of a large portion of the splendid stock of miscellaneous goods the Canadian booth contained.

The Northwest Territories had a booth of a most realistic character. A small tent served the place of a wigwam, and the stock of bead goods, muskrat skins, baskets, snow shoes, moccasins, etc., offered for sale by the ladies in charge of the booth in full "war paint" and feathers, made a very suggestive picture. The ladies that represented the "dusky maidens" were Miss Lottie Green, Miss Parnell, Miss Thompson and Miss Sperry.

An appendix to the national representations was a tent in the corner covering over a well, at which Mr. George Morrow and Miss Cook, costumed in gorgeous Oriental garb, presided, furnishing drink to the thirsty and representing the Biblical idyl of Isaac and Rebecca.

The hall in general was profusely decorated with flags and cordons covered with flags. At the southern end of the hall the supper tables were laid, and during the early part of the evening a large number partook of the excellent edibles provided, and refreshments were served at the different booth during the evening.

At 8 30 a

GRAND PROCESSIONAL MARCH

opened the evening's entertainment. The processionists consisted of the costumed occupants of the different stalls, and the procession moved in the following order:—Canada, North-West Territories, England, Ireland, Scotland, Japan and, lastly, the United States occupying the post of honour in the line of march, which was made to the music of the pianoforte, presided over by Miss Fawcett. The march was in charge of Sergeant-Major Rundle, and the following movements were made: First the costumed representatives paraded in column of nations, wheeled into line, advanced, and retired in line, reformed column of nations, marched past in column of nations, reformed into line, moved to the right in files, and performed some intricate fancy movements, reformed into line, advanced and retired in slow time, and then "broke off" to their respective booths. The marching and movements were very creditably done, especially considering the fact there were only four rehearsals. Everybody was delighted, and so much so that in answer to an urgent and general demand, the spectacle was repeated at the close of the programme, amidst hearty plaudits.

The first night of the Carnival of Nations was a gratifying success. The sales were large and in every department there were good reports of financial thrift and as an enjoyable spectacle and entertaiment the Carnival of Nations was a great success, well worthy of patronage.

During the evening the Fire Brigade Band very generously giving their services, gratis, was present and performed in a most musicianly manner the following

Obituary.

The Late William Sargent.

The township of Seymour has contributed another of its residents to the great army who have gone to face the realities of another world, the one to so soon follow the sudden departure mentioned elsewhere being Mr. William Sergent, of the Narrows, who finished his life-work on Saturday last. The deceased had been in ill health for three month previous to his death, suffering from ulceration of the stomach, which confined him to the house and to his bed the greater part of that time.

Mr. Sargent was a resident of Seymour for about twenty years, and for a long time previously made his home at Norwood, his parents having settled in Asphodel township. He was a native of Ireland, and came to this country when a child with his father and mother. He reached the age of 70 years, and leaves a wife, five daughters and two sons of a family of eleven—two sons and two daughters being dead. The deceased was well known in the counties of Northumberland and Peterborough, possessed very good business ability, was just in his transactions, and sustained a good character and reputation. His remains were interred at Norwood, a large concourse of people having assembled to pay a last tribute to their departed friend and acquaintance.—Campbellford *Herald*.

Self Application of Electricity

FOR MEDICAL PURPOSES

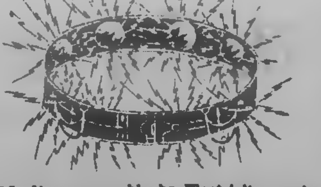
BY THE

DORENWEND ELECTRIC BELT

And Attachments.

HEAD OFFICE—103 Yonge St., Toronto.

THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT OF QUANTITY not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM but, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D TULLY, Agent, Peterborough. eod-w

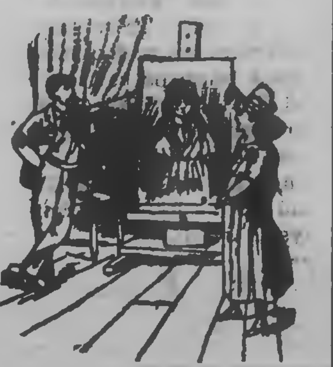
A MOUNTAIN DREAM.

wise and protecting air that was almost human—or, shall we not rather say, if we reflect a little, superhuman?

CHAPTER II.



"Well, she came, of course"——

Yes, I found myself unable to go on with my landscapes from the moment that she left. I called myself an idiot and tried to shake myself into reason and common sense, but it was of no use. That sweet, pathetic little face haunted me, and I was in a fever of impatience to see her again. Well, about noon of the next day she came, as before, with her dog by her side. It was more like a dream than reality, she was so little like other girls.

"I am glad that you have come," I said quietly, "and I am going to ask you to unbraid your hair and let it fall over your shoulders; will you?" Without reply she untied the ribbon, slowly unbraided and shook loose her wonderful hair. It fell around her like a shadowy mist, and so etherealized her that I began to doubt whether she were indeed a mere human child or I the victim of a mental hallucination. I began to outline my picture, but decided, as much as I love a good dog, to leave hers out and make an after study of him to please his little mistress; for I wanted that face, with its pensive lips and wonderful veil of hair, to be what it has since become—a mountain dream. She came, day after day, always gliding in and loosening her hair without further request from me; and she glided as silently into my heart. In ten days' time I knew that I loved her better than my own life; that I would protect and defend her with my last drop of blood.

We had talked but little all this time. I had asked her if she was missed at home, and she said that her father was away and that Mannella had some Mexicans visiting her; "and I think they are glad to have me away," she said, "but they quarrel terribly, and although I can't understand all they say I think they are talking about me."

Here was danger. What step should I take? Should I ask this child to fly with me? Never! Better death for both of us taan dishonor for her. The censorious world would never have believed that I would have died to keep my Dream, as I called her in my thoughts, pure and innocent, until the time came when she could "lay her sweet hands in mine and trust to me." Should I go to this nest of Mexican cutthroats and boldly declare myself her lover, claiming the right to protect her, and trust to fate? Most likely the result of such a step would be death for me and worse than death for her. No, I must take care of myself for her sake. To go to her father was impossible. He was a fugitive from justice—perhaps swinging from some impromptu gallows in gorge or canyon. I had no friends in all the great northwest to aid me. I must act alone— but how?

The picture was nearly finished. You have seen it, Jim—the sweet pathos of the face, the mystic eyes, the cloud of shadowy hair, the form half veiled in mist, the background a faint vision of the mountains. I was satisfied. It must have been an inspiration; it was the inspiration of love—for to save my immortal soul I could no more paint such a picture now than I could bring the dead to life. She looked upon it as a miracle, and upon me as the followers of Christ may have looked upon him.

All this time no word of love had passed my lips. I must see my way clearly before I spoke, and I waited and pondered. Did it never occur to me that she might be followed and watched? Yes. I had thought of that, but this cabin, as you may have observed, commands a view of miles. I had watched her going and coming after the first few days. I could see the little figure far away as it advanced in coming or faded in the distance when she departed, and always she seemed unmolested—and with her faithful guardian by her side I trusted that she was safe.

That smoke gets into my eyes, Jim. What do you say? Tears! Well, I am not ashamed of them. Perhaps you would not have fallen in love with an outlaw's daughter, but I did. I loved her so that no other woman will ever have any charm for me. However, I determined to say no word of my feelings toward her until I could by some means place her in safety.

It was while my mind was in this state of love and anxiety that I finished her picture. She looks at you from the canvas just as she looked at me—mournful and tender as a wounded dove.

As an excuse for further visits I told her that I must now paint a portrait of Knight, and she gladly assented. I prepared my canvas and waited impatiently for her next visit.

It was autumn by this time—autumn gloriously beautiful, as it can only be in these mountains. Not with the splendor of variegated forests, although they are very beautiful too. I sometimes shut my eyes and my imagination pictures our old home in Illinois, especially as it used to look in the fall of the year. The low hills which surrounded our valley farm were covered with oak, maple, hickory, cherry, hackberry and many other trees, and at that time of the year they were russet and crimson and gold with the first kisses of decay. Wild grapevines swung from branch to branch filled with small purple clusters, acid, to be sure, but nectar to a boy's taste. Black and red were hung in tempting profusion. Nuts lay thick in the fallen leaves or came rattling down through the hazy air. The sumach, most gorgeous of American plants, blazed in glory and offered its spikes of velvet berries. Crows called from the treetops. Bluejays added a bit of pure azure to the mosaic of color. Blackbirds rose in clouds from the cornfields and squirrels chatted over their abundant stores. Along the roadside, in the fence corners, bittersweet hung its coral berries among great purple and white wild asters and the large, pale pink blooms of horsemint. A little river bordered the farm on one side, and we could hear its waters plunging over a milldam just out of sight.

You know how short lived this beautiful time is in that latitude. But while Nature was calling me in her most alluring voice to come out and be happy I husked corn from early morning till night. Then, after the horses were cared for and the milking done, I crawled into my small, low chamber under the roof, too tired even to rest and sleep.

CHAPTER III.

But let us come back to the mountains. Here we had none of this, but instead the indescribable colors of the great range, the golden splendor of the sun shining through an atmosphere like amber wine. I breathed balsamic odors. I walked over fragrant beds of pine needles, and searched for the latest Rocky mountain wild flowers—unequaled in all the northern world—and I dreamed of my love. No matter what her father might be, I remembered that her mother had taught her to pray, and believe me, Jim, it is the mother who makes us what we are.

My own mother, who died when I was a child, was a passionate lover of beauty. I have seen her kiss the early flowers that I used to bring her; I have seen her tender blue eyes watch the sunset with a look of longing in them as if she were tired of her hard life and would be glad to go where there was rest. Had she been alive I would have placed my love in her motherly arms and felt that she was safe. But I had no one.

While sitting in my cabin waiting for her I was startled by a rapid step, a rush of the dog and in she came, panting and white as death.

"What is it, Carol? What is it child?" I cried, springing toward her.

"Oh, she frightened me so—Mannella! She found it out that I came here, and she and Jose were talking last night and they said that I must be put out of the way! Oh, Mr. Von Ranke! where is it they would put me?"

"They shall not harm you," I said, as calmly as I could, for I wished to quiet her. I did not take her in my arms, as I wish that I had, but we men are not so bad as the erotic school of novelists paint us—at least some of us are not. I know that to me she standing there in her helpless, unprotected innocence seemed so sacred that I felt it would be profanation to lay my hands upon her, even in the tenderest love.

"Tell me, Carol," I said, "if you know why they wish to put you out of the way. You are safe now; don't be frightened, but try to think."

A Cure for Constipation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick headache in one night. For the blood, liver and kidney, and for the clearing up of the complexion it does wonders. Druggists sell it at 50 cents a package.

The Best in the World.

The oil of the Norwegian Cod Liver is nature's grand restorative, and is only found in its entirety and purity in Millers's Emulsion. It is the most palatable and wholesome preparation of Cod Liver Oil in the world, and is now being taken by invalids particularly those afflicted with consumption, with the most astonishing success. It is the greatest blood and flesh maker in existence and is a life saver to consumptive. In big bottles, 50c. and $1—at Peterborough Drug Stores. dw

A Great Surprise

Is in store for all who use Kemp's Balsam for the Throat and Lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free? It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50c. and $1.

Cold Weather Trials.

DEAR SIRS,—This fall and winter I suffered from neuralgia in my face and had the best medical advice without avail, I at last thought of B.B.B. and after using one bottle have not felt any symptoms of neuralgia since. I regard it as the fine family medicine.

GRAND HOLIDAY

PRIZE COMPETITION

—AT THE—

PETERBOROUGH BOOKSTORE!

THE PRIZES

A GOLD WATCH, A SILVER WATCH,

AND A CARVING SET.

The Peterborough Bookstore began on Saturday evening, Dec. 5th, at 6 o'clock, a Grand Guessing Competition for the prizes of

Lady's or Gentleman's Gold Watch, Worth $50.

Lady's or Gentleman's Silver Watch, Worth $20.

Silver Steel Carving Set, Worth $5.

No One Person will be Entitled to More than One Prize.

Our Xmas Stock of Fancy Goods has all been purchased in the Best Markets, and the Goods are Entirely New.

It would take a great amount of space to illustrate and describe the different articles in our handsome stores. All we can say is that we have cut the prices away down, and everything is marked in plain figures, so that a grander chance was never offered to purchase what you may require in the BOOK, STATIONERY AND FANCY GOODS LINE FOR XMAS AND NEW YEAR PRESENTS. Remember, also, that we invite the public to call in and examine our Beautiful Stock, whether you purchase or not. We have numerous and very courteous clerks, who will enjoy showing you the finest display in Peterborough in our line. An inspection will prove to you that OUR GOODS ARE RIGHT IN PRICE AND IN QUALITY.

A SPECIAL POINTER.

Remember, that every person making a purchase in our establishment to the amount of ONE DOLLAR, and also for every dollar above that amount, will be given an opportunity to guess the number of Peas, Beans and Hazel Nuts in the Glass Jar in one of our show windows, and the one making the nearest guess to the total number of Peas, Beans and Nuts in the Jar receives

A GENUINE GOLD WATCH of Substantial Value, and of the best manufacture. The Lady's Watch is a 14-Carat, Solid Gold Hunting Case, full-jewelled, stem-winding Waltham Watch, worth $50.00, and the alternate prize, a Gentleman's Gold Watch, is of equal quality and value; the winner may make choice and take either.

The Second nearest receives the SILVER WATCH, a Three-Ounce Hunting Case, full-jewelled Compensating Balance Elgin Watch;

The Third nearest receives A BUCKHORN HANDLE CARVING SET, Silver Steel, Sheffield make.

Should two or more guess the exact same number of the total of Peas, Beans and Nuts in our Glass Jar, the award will be made to the one first making the guess. Therefore guess early.

The number of Peas, Beans and Nuts in the Jar is unknown to any person, as the following certificate shows:—

In the Matter of the Peterborough Bookstore Competition:

We, James W. Brisbin, of the Town of Peterborough, merchant, William Collins, of the Township of North Monaghan, farmer, and George E. Elliott, of the Township of Smith, farmer, do hereby certify:

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar, or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

GEO. E. ELLIOTT,
WM. COLLINS,
J. W. BRISBIN

Come early and make your purchases, and should you not require the goods delivered at present they will be laid aside until Xmas and New Year.

"German Syrup"

A Farmer at Edom, Texas, Says: "We are six in family. We live in a place where we are subject to violent Colds and Lung Troubles. I have used German Syrup for six years successfully for Sore Throat, Cough, Cold, Hoarseness, Pains in the Chest and Lungs, and spitting-up of Blood. I have tried many different kinds of cough Syrups in my time, but let me say to anyone wanting such medicine—German Syrup is the best. That has been my experience. If you use it once, you will go back to it whenever you need it. It gives total relief and is a quick cure. My advice to everyone suffering with Lung Troubles is—Try it. You will soon be convinced. In all the families where your German Syrup is used we have no trouble with the Lungs at all. It is the medicine for this country.

Farewell Presentation at Norwood

Rev. Mr. and Mrs. Peer Affectionately Remembered.

On the eve of Rev. William Peer's and Mrs. Peer's departure from Norwood to Rodney, after five years' arduous and successful labour in Norwood and vicinity, the members of the church and outside friends presented them with the following address, accompanied by a purse of money, and a quilt for Mrs. Peer:

To Mrs and Mr. Peer.

DEAR FRIENDS.—As we are about to sever the tie that has bound us so lovingly together for the past five year, we take this opportunity of expressing our love and esteem to you and your dear partner, Mrs. Peer. We have great reason to rejoice for the refreshing seasons of fellowship we have enjoyed together. God has indeed blessed your labor among us, and we will ever praise Him for sending you among us to point out the blessed truths of the gospel and help us to go forth and obey the commands therein, and by that means to show to the world that we have put on Christ, who to us is our hope of glory.

And, now, although we feel that is hard to be separated yet we feel with yourself that the Almighty hand of God is directing you to a people where you may be the instrument in His hands to bring many to Christ, and cause great rejoicing and glory to God.

Our prayers shall go with you, and though separated in body, yet "blest be the tie that binds our hearts in Christian love." And now as a token of our love and esteem, we ask you to accept this small sum of money, and also the quilt, which Mrs. Peer has striven so hard to obtain names for to advance the cause of Christ. May you both long live to do the Master's bidding, and when all is ended on this earth may we meet an unbroken family around the throne of God.

Yours in love,
FROM YOUR CHURCH AND OUTSIDE FRIENDS.

The British Barley Market.

Official returns of the exports of barley from the Dominion in the year ending June 30, 1891, show that the British market for barley, which Sir Charles Tupper and Mr. Carling claim to have opened up, is but a miserable substitute for the United States market. In 1889 90 the shipments of barley from Canada aggregated 9,975,908 bushels, valued at $4 600,409. According to Bradstreets', our exports in 1890 91 reached 4 892 337 bushels. And of the shipments for 1891, 4 751 952 bushels went to the United States, 132,660 bushels to Great Britain, and 7,714 bushels to Newfoundland. A decrease of fifty per cent. in the exports of one of Canada's staple cereals in a single year is a most disappointing exhibit. And it will be observed that, notwithstanding the duty of 30 cents per bushel imposed by the McKinley tariff upon barley, the United States continues to be practically the only market for that grain. Of the exports of barley for 1891, less than 3 per cent. went to the English market, about which the champions of trade restriction prate so much. It is evident that our high commissioner—who is living in luxurious idleness in London at the expense of the Canadian taxpayer—is not doing much in the way of finding a market for Canadian barley; though he finds time to slander and misrepresent the best half of the people who pay his salary, and the expenses of keeping up his oriental establishment. As to the price, it may be pointed out that while No 1, with the British market wide open to it, is selling in Toronto at 56 to 57 cents, a Buffalo despatch to the *Empire* says good Canada fetches 91 cents in that market, this figure having been obtained for one lot of 5,000 bushels. Eggs are quoted by the *Empire* as selling in Toronto for 17 to 19 cents. The Buffalo *Commercial* of Tuesday give the price there as follows:—State, 27 to 28c; Western, 25c to 26c. Dressed poultry also feels the effect of the McKinley pressure. The Toronto price for turkeys is 7 to 8c per pound; at Buffalo 11 to 13. It would be interesting to know just what the average Tory farmer thinks of the *Empire*.

What is more annoying than going about constantly hawking and spitting? This is the result of catarrh, and Nasal Balm will cure any case when faithfully used. dw

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff, not only in the first stages, but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

DR. JAMES' NERVE BEANS.

NERVE BEANS are a new discovery that relieve and cure the worst cases of Nervous Debility, Lost Vigor and Failing Manhood; restore the weakness of body or mind caused by over-work, or the errors and excesses of youth. This remedy absolutely cures the most obstinate cases, when all other TREATMENTS have failed even to relieve. They do not, like other preparations advertised for Lost Manhood, etc., interfere with digestion; but impart new life, strength and energy in a quick and harmless manner, peculiar to themselves.

ERASTUS WIMAN SPEAKS.

He Repl'ed to Francis Wayland Glenn in Brooklyn Last Night.

NEW YORK, Dec. 11.—In the Brooklyn Union League Club last evening Erastus Wiman delivered an address in reply to Francis Wayland Glenn, ex-member of the Canadian Parliament, on the Canadian annexation question.

Mr. Glenn's principal contention was that to promote reciprocity between the United States and Canada would have the effect of postponing indefinitely the annexation of the latter country.

A political union, Mr. Wiman replied, might partake of the character of a zollverein, as illustrated by the German Customs Union. There was no justification for the continuance forever of the barbed wire fence which ran athwart the continent, over which one brother could not trade with another brother a bushel of potatoes for a bushel of apples without paying tribute to two governments equal to the cost of production.

"Certainly, it is time to consider," said Mr. Wiman, "the propriety of extending the area of the trade of the United States when the manufactures far exceed the consumption; when in order to eliminate competition, to regulate production and maintain a profit there is a necessity for trusts, consolidations, corners and combinations, such as are now the economic feature of the hour."

But, Mr. Wiman said, there were other considerations, and one of these was that of the ability of the United States to assimilate at one gulp the diverse elements of which the British provinces are composed. Then, too, Great Britain would not willingly view a transfer of an area that comprises 40 per cent. of her empire to this republic, against whose independence she struggled so vigorously.

NO REPORT YET.

The Delayed Judges' Report—Politicians Speculating on the Causes of the Delay.

QUEBEC, Dec. 11.—Great surprise was expressed yesterday at the non-arrival of the Royal Commissioners. Politicians of both stripes are puzzled, and now the anxiety is more intense among them than ever.

In connection with the non-arrival of the judges, politicians say that some unexpected difficulty must have cropped up at the last moment.

The commissioners are not now expected until Friday and their report may not be submitted until next week. Certain ministers whose conduct may be reflected upon by the commissioners are said to have placed their resignations in the hands of Mr. Mercier.

WASTED CLEVERNESS.

Smuggled a Skeleton Into Canada to Find That It Was on the Free List.

WINDSOR, Dec. 11.—Charles Allen, a medical student of Leamington, Ont., bought a human skeleton in Detroit last week, dressed it in woman's attire, including hat and veil from his sister's wardrobe, and held it by his side in his buggy so naturally that in going over to Canada it passed muster as a living person.

Arriving in Windsor he expressed it to Leamington, and when he got home he bragged to a few friends about the neat piece of smuggling that he had done.

Then, for the first time, he learned that the Canadian tariff law does not impose a duty on articulated skeletons.

THE HESLOP MURDER.

The Alleged Heslop Murderers Taken to Hamilton for Trial—Claim to Have No Fear of Acquittal.

BRANTFORD, Dec. 11.—John Lottridge, charged with having murdered John Heslop, treasurer of Ancaster township, on Jan. 27 last, was arraigned at the Police Court yesterday and formally committed for trial. Detective Greer took him to Hamilton later in the day.

John Bertram will remain here until after the charge of cattle stealing preferred against him has been disposed of. George Douglas is also held here pending his trial for theft.

Samuel Goosey, the Indian witness, was released on bail. It is thought that this is a scheme to gain the good will of the Indian and induce him to tell all he knows for a substantial consideration. Lottridge is the only one of the four who is held on a direct charge of murder.

It is said evidence has been obtained that Jack Bertram and his nephew, Jack Lottridge, were at the Lottridge farm, nine miles from Caledonia, on the day before the murder was committed, and that they left there together that same night.

Bertram will depend for his defence upon the efficacy of the alibi. His friends are already at work, and it is understood that, if necessary, 50 Indians can be produced who will swear that they saw him on the night of the murder and far from the scene of it. There was a rumor abroad to-day that Douglas and Sam Goosey had both given indications of a desire to turn Queen's evidence. There is no truth in it.

A Port Hope Fire.

PORT HOPE, Dec. 11.—A frame house in Cavan-street occupied by Millard F. Maybee and owned by F. C. Tisdale of Toronto, was destroyed by fire last night. Loss $1200, insurance $800.

Grips and Passwords for Barbers.

GRAND RAPIDS, Mich., Dec. 1.—President Myers of St. Paul was elected delegate to the Federation of Labor meeting by the Barbers' International Union. A system of grips and passwords was adopted. The union will publish its own official organ. The next annual meeting will be held in St. Louis.

In the Italian Chamber of Deputies yesterday, replying to a question asked by Sig. Campi on Italy's relations with the United States, Premier Rudini said that he felt confident that the question at issue between the two countries would soon be settled.

Suicided in Canada.

VANCOUVER, B.C., Dec. 11.—The fishing vessel Galatea went ashore at Otter Point a few days ago. No one was aboard of her, although papers were found which indicated that she had been, shortly previous to the wreck, in charge of Capt. Nyholm.

Some two years ago Captain Bush Nyholm was master of a fine Danish vessel, which was wrecked near her home port on the Scandinavian coast. The loss of the vessel ruined the captain financially and he left his home, wife and family and came to Puget Sound.

Capt. Nyholm was a man of splendid education and had moved in the highest social circles in his own country. He found the transition from such a life to the poor and humdrum one of a fisher smack master a very irksome change and he became despondent.

Just before he left Port Angeles on the trip when the Galatea was lost he went to a friend and told of an insurance policy of 3000 Danish crowns, which he held on his life in favor of his wife in Denmark.

Under the circumstances it is very probable that Capt. Nyholm may have done away with himself.

FIVE DAYS FOR TAKING A CHEW.

A Prisoner Who Helped Himself to the Judge's "Quid" in Court.

NEW YORK, Dec. 11.—Peter McGibney wandered into the house of George Mackie while drunk and was brought to his sober senses when Mrs. Mackie screamed on finding him near her bedstead. He was arrested. Yesterday Justice Duffy was about to discharge him, when the prisoner picked up the justice's package of chewing tobacco and helped himself to a liberal "quid." The incensed justice called the prisoner an "impudent fellow" and gave him five days in which to sober up.

MURDERED FOR $7.

A Chinaman Kills a Cook in a Dispute Over Wages.

DONALD, B.C., Dec. 11.—A Chinaman has been lodged in jail here on a charge of murder committed at Fort Steele. The prisoner got into an altercation with Mr. Hanson's cook over a sum of $7. The cook paid the prisoner $93, declaring that it was the amount due, while the other asserted that it was the even $100. The prisoner then went away and procured a sharp ax, and with this attacked his unsuspecting victim, striking him with the edge immediately over the right eye, smashing the skull in such a manner as to cause the brain to protrude.

Purify Importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is heredited and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. There is nothing more conclusively proven than the positive power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

RUSSELL SAGE'S ASSAILANT.

Positively Identified as a Boston Note Broker—Creditable Work of Newspaper Reporters.

BOSTON, Dec. 12.—The man who attempted to kill Russell Sage and was himself killed has been positively identified as Henry L. Norcross of Sargent-avenue, Somerville, a note broker doing business at 12 Pearl-street, Boston.

New York detectives arrived yesterday, bringing with them a trousers button and portions of the trousers worn by the bomb thrower, as well as a piece of his coat and portions of his underclothing. These were taken to the Norcross residence this afternoon and the underclothing positively identified by Mrs. Norcross as belonging to her husband. The trousers have also been identified by Brooks, tailor, as having been made for Norcross, and Brooks' name appears on the buttons. Norcross disappeared the day before the attempt on Sage's life and has not been seen since.

At midnight to-night Norcross' father identified the clothing as that of his son. The "detectives" are believed to be newspaper men.

STATE OF TRADE.

Collections Are Not so Satisfactory However—The Mild Weather Has its Effect.

NEW YORK, Dec. 12.—Special telegrams telegrams to Bradstreets' report the customary falling off in jobbing and other wholesale lines due at this season of the year, in practically all directions, though it is a little intensified by unexpectedly mild weather, which tends to check sales of seasonable staples. Country merchants quite generally are buying stocks as they need them, and there is a widely manifested disposition to go ahead slowly. Dealers have begun stock-taking in many instances and the only noteworthy animation aside from the grain trade is in Christmas holiday specialties.

General trade is quiet in the Dominion with the volume about equal to and in some instances in excess of that one year ago. Mercantile collections are not satisfactory. Exports of wheat, flour, etc., from Montreal have practically ceased for the winter.

Canadian business failures this week equal 45 against 35 last week and 40 in the like week last year.

CUT HIS HEAD OFF.

Frightful Accident to a Grand Trunk Fireman at Parkdale.

TORONTO, Dec. 12.—James Spring, a G.T.R. fireman, fell off a train as it slowed up at Parkdale Station yesterday morning and rolled in front of the engine, which passed over his body, and to the intense horror of the spectators of the accident, completely severed his head from his body.

HIS APPETITE FOR DRINK.

Too Strong to be Satisfied With Bichloride of Gold.

CHICAGO, Ill., Dec. 11.—A great amount of comment has been occasioned here by the death of Dr. W. F. Standiford of this city, who was a former patient of Dr. Keeley at his bichloride of gold institute, at Dwight. Dr. Standiford's practice once was worth $30,000 a year, and he was well known at the Hot Springs, where he treated many patients sent to him by Dr. Pancoast of Philadelphia. He went to Keeley's institute to be treated for alcoholism, was cured, but in a spirit of investigation tried to determine whether the habit had been killed absolutely The old appetite gradually returned and he was speedily conquered by whisky, from the effects of which he died.

The Simians Keep Saying That They Want More Food.

NEW YORK, Dec. 11.—Robert L. Garner, who is trying to sift out a language from the chattering of apes, and who is in New York making arrangements for a visit to Central Africa, the place where the monkey is free, untrammelled and talkative, experimented with the monkeys in the Central Park menagerie yesterday. When he went up to the cage and uttered the monkey word for food the little simians became quite excited, repeated the word after him and looked around for a meal.

He had never met these particular monkeys before, yet at a word from him they became friendly and affectionate. With the assistance of a phonograph, after three hours' work, he managed to learn an entirely new word, bringing his total vocabulary up to seven, out of a possible 50 or 60, which he thinks is about the limit of a monkey's capacity.

So far he has not found that monkeys discuss abstruse questions. They have talked to him only about carrots, bread and the weather. He believes that their language is limited to this sort of thing and to occasional remarks about imminent danger or love.

Prince Bismarck arrived at Hamburg yesterday for the purpose of visiting Gen. Count Von Waldersee at Altona. At the railway station he was greeted enthusiastically by an immense crowd of citizens. In the course of a conversation he said he was undecided whether or not to attend the Reichstag.

TWO MORE UNSEATED.

WELLAND AND SOUTH VICTORIA VOIDED FOR BRIBERY.

The Personal Charges Against Mr. German Now Being Investigated — The North Wellington Petition — Further Nominations for the Bye-Elections.

GUELPH, Dec. 12.—In the North Wellington election petition trial before Justices Osler and McLennan Friday to unseat James McMullen (Liberal) an attempt was made to prove that one Scott of Palmerston, an alleged agent of the respondent, through Edward Watt, offered William Watt, his brother, who lived at Orangeville, his fare if he came down and voted. The evidence was considered doubtful and the charge was dismissed.

A charge that James McMullen attempted to corruptly influence one Boos, a tailor, to vote for him by a promise of some settlement was not sustained.

It came out in the evidence of William Dixon, a livery man at Mount Forest, that he had been paid in his election bill for a horse to convey the respondent's scrutineer from Mount Forest to Arthur township. The Conservative scrutineer drove out with him. This was admitted.

The balance of the charges that had not been dismissed were withdrawn and the court adjourned until 9.30 p.m., when the evidence of the scrutineers was taken.

Mr. Fairbairn Unseated.

LINDSAY, Ont., Dec 12.—The trial of the protest against the return of Charles Fairbairn, Conservative M.P. for South Victoria, was resumed this morning, when the Mocksey charge was investigated. It was proved that Samuel G. Fox, an agent for the respondent, had "lent" William Mocksey $3 before the election.

Mocksey swore he never expected to return this.

Fox swore that it was a loan, and produced his account book to prove this.

Upon inspection it appeared that the entry had been altered in the book by Fox, and while Mr. Blake was pressing him Fox created a sensation by fainting in the witness box.

John McDonald, contractor of Lindsay, admitted paying several sums of money the day before the election to three or four voters from Emily, who claimed that they had accounts unsettled from the bye election in December.

On the latter charge Judges Falconbridge and Street voided the election.

Mr. German Unseated.

WELLAND, Ont., Dec. 12.—The judges in the trial of the petition against William German, Liberal M.P. for Welland, were occupied Friday with the charges that J. F. Hill, J. F. Gross and William German had paid Elias Holder of Welland for livery. The fact was proven that Holder had tendered an account for carriage hire on the day and evening of election, and the agent of respondent had falsified the account and contended it was intended to pay for the evening and for a trip to Montrose.

Justices Rose and MacMahon, after retiring to consider the question, announced that it was undoubtedly a corrupt act and voided the election, but the charge against the respondent was not sustained. The rest of the charges against the agents were withdrawn and court adjourned at 1 o'clock.

At the afternoon court the charge against respondent of giving a sum of money to George Rose as refund of a bill of costs was taken up. Rose swore that respondent offered to refund bill of costs if he would vote for him. Cross-examined, he said he considered respondent had beaten him out of some money and he wanted to get even with him. His wife corroborates his testimony as to respondent's offer.

Respondent W. M. German denied the charge.

The charges of promising to loan a sum of money to Michael and Benjamin Stoltz were next. German testified Stoltz wanted to borrow money on property and he told him he could get it for him, but afterwards found two mortgages and couldn't loan it to him.

Stoltz testified that German said, "Stand by me and I will stand by you."

J. F. Hill, Thomas Wilson and Charles Garner testified that Stoltz told them it made no difference in his voting. Case laid over charges of treating and paying money to Caleb Horton and paying money to A. O. Sager and James McCabe to pay Horton.

Caleb Horton denied being treated or being paid money. The charge was not true. William German never treated or paid Horton any money.

Both A. O. Sager and James McCabe swore neither paid nor promised to pay Horton any money.

Caleb Horton, recalled, testified that he received $5 at the election but it was not from Reformers, but Conservatives. Mr. Hobson gave it to him. The case was here abandoned.

The court adjourned until 9.30 to-morrow morning, there only being one more charge to come up.

Rosamond for North Lanark.

ALMONTE, Dec. 12.—At the Conservative convention Friday afternoon Bennett Rosamond, the well-known miller, received the nomination for North Lanark.

Mercier Still After Boodle.

QUEBEC, Dec. 12.—The Hon. Honore Mercier and the Hon. Charles Langelier have taken out two actions for $10,000 each against Charles Vincelette, farmer of Chateau Richer, for libellous statements made by defendant.

The United States hop crop of 1891 is computed at 243,308 bales, compared with 204,849 bales last year. The ruling price is 16½c lb. compared with 30c for the last crop and 18c for the production of 1889.

Fatal Wreck of a Circus Train.

LONDON, Dec. 9.—Letters received from Singapore bring information of a serious railroad accident that occurred on the road between Bangalore and Mysore.

Follis' circus was proceeding to Mysore in three special trains, one of which came in collision with a freight train and was completely destroyed, several people being killed.

NEWFOUNDLAND CRISIS.

SALISBURY NEGOTIATING FOR A SETTLEMENT.

The Hervey Islands and the Colony of Lagos Will be Ceded to France—Horrible Murder in Brighton—Row in the French Chamber.

LONDON, Dec. 12.—Lord Salisbury has reopened negotiations with M. Ribot, the French Foreign Minister, for a settlement of the Newfoundland fisheries dispute. It is reported that Lord Salisbury, in return for the surrender of all the French rights in Newfoundland, offers to cede to France the Hervey Islands and the colony of Lagos.

Frenchmen Break Loose.

PARIS, Dec. 12.—There was a hot debate in the French Chamber of Deputies over the hostile attitude of the clergy.

M. Floquet, the President of the Chamber, said that Pope Pius IX. had given his authority to Freemasonry and was himself a Freemason.

M. de Cassagnac instantly jumped up and called M. Floquet a liar and a tremendous uproar ensued, in which scores of members took part.

When quiet was restored M. Fallieres said that the Government was opposed to the separation of church and state. The Ministry, he continued, would shortly introduce a bill dealing with the matter.

It is reported that after the debate M. Floquet and M. De Cassagnac were appointed seconds, but that M. Clemenceau interfered and succeeded in preventing the threatened duel.

It is the general opinion among members of the Chamber of Deputies that to-morrow's debate may be critical as regards the existence of the Cabinet, owing to the dissatisfaction of the members of the Right at the Cabinet's announcement of the intention to introduce a bill dealing with religious associations.

FIENDISH OUTRAGE.

Horrible Crime Reported from Brighton—The Perpetrator at Large.

BRIGHTON, Eng., Dec. 12.—Edith Jeal, aged 5, disappeared last night from in front of a shop, into which her brother had gone to make purchases. This morning her body was found under a shed in a cricket field. The little girl had been outraged, then strangled. A stranger named Wood, seen giving little girls money, has been arrested.

THE PARIS FUNDS.

Parnellites Serve Justin McCarthy With a Writ to Recover Possession.

LONDON, Dec. 12.—Justin McCarthy, as sole surviving trustee of the Paris fund, has been served with a writ at the suit of Timothy Harrington, John Redmond, Clancy, O'Connor, Kenny and Richard Lalor, all of whom are members of the Parnellite section of the Irish party, who claim that the funds are subject to a trust in favor of themselves and other members of the National League. The petitioners request the removal of Mr. McCarthy from the trusteeship. Mr. McCarthy says no proceedings in an English court can affect the control of the funds. His own suit against Mr. Munroe, the Paris banker, to recover the money will be reached by Easter.

INFERENCE NOT PROOF.

Daisy Hopkins Must Be Released From the Spinning House.

LONDON, Dec. 12.—Daisy Hopkins, sentenced to a term of imprisonment in the spinning house by Cambridge University authorities on the charge of "walking the streets with a University man"—a custom pursued from time unmemorial by the officials of Cambridge University—was today ordered to be discharged by the Queen's Bench judges. Counsel for the University claimed that the girl had been convicted not for being in the company of an undergraduate of the university, but for being in his company for immoral purposes. This, he stated, was inferred in the charge made against her.

The court decided that no charge of immorality had been stated and no definite legal charge had been made. The vice-chancellor, the court held, could not convict a person on inference.

A MOTHER'S GREED FOR GOLD.

A Hungarian Woman Slays Her Son to Acquire His Savings.

VIENNA, Dec. 12.—A tragedy, unparalleled in atrocity, is reported from Wieselburg a town of Hungary, 21 miles from Presburg. Sixteen years ago the son of a poor peasant, living in the county of which Wieselburg is the capital, went to America. There by industry he gradually saved up about $3000. He resolved to return home, where he arrived with 600 gold sovereigns. It was late when he arrived at his father's house. He did not make himself known, but asked for hospitality as a stranger. The father recognized his son through the disguise of years and embraced him. The son, being weary, retired to rest, leaving the money in a bag near his bed. The father did not tell the mother when she came who the stranger was, resolving to wait until morning and then let the son reveal himself. The mother got up during the night and examined the stranger's baggage, and finding the money, a larger sum than she had ever dreamed of, determined to possess it. She stealthily got a knife and cut the throat of the stranger, killing him instantly; then she took and hid the gold. When the father awoke he found his son in a pool of blood on the bed. His cry of anguish and horror aroused his wife. The father gasped out who the victim was. With one cry the murderess reeled and fell dead.

Hundreds of Chinese Drowned.

A Methodist Divine on Protection.

Rev. Hugh Price Hughes, of London, England, a noted Methodist divine, in one of his letters from Ecumenical Methodist Council at Washington, to the Methodist *Times*, an English publication says:—

"The great prosperity of the United States is not the result of protection, but in defiance of it. The vast resources of this undeveloped continent are so inexhaustible that American statesmen may play the fool for several generations to come without permenently sapping the root of their national porsperity. But even here protection is so great an evil that it has swept the American mercantile marine from the seas, and made all the necessaries of life preposterously dear. The American workman may seem to have higher wages than the English Workman, but his real wages are not higher. The true test of the value of wages is not their nominal financial amount but their purchasing power, and the purchasing power of an American workman's average is not as great as that of the corresponding class in our country. I am horrified to find how dear nearly everything is. Speaking generally, you have to pay twice as much for articles of necessary and ordinary consumption here as you pay in England. By their system of protection, our American kinsmen have indeed enabled Mr. Carnegie and a few other highly privileged persons to amass millions of dollars, but they have also succeeded in depriving themselves of their natural advantages and reducing the new world to the level of the old. So we have another illustration of the divine fact that selfishness never pays, but is always short-sighted and suicidal. Every attempt to benefit one nation by injuring another results in inflicting more injury upon the selfish aggressor than upon the supposed victim. Human society, as Herbert Spencer has pointed out, is so constituted that neither an individual nor a nation can ever achieve genuine prosperity along the miserable pathway of selfishness. The notion that there is any real conflict of interests between one nation and another is a delusion of the devil. All legitimate commercial transactions, whether between individuals or between nations, are a mutual benefit. The idea that America can really derive any advantage from what is injurious to England is a stupendous mistake. What really benefits one benefits both, and every kind of war, whether it is a war in which blood is shed or one in which selfish men try to snatch bread out of one another's months, is a delusion and a snare. The day will come when our wiser children will be at a loss to understand how any of us could be so ignorant of economic fact, and so hostile to the morality of the Gospel, as to imagine for a moment that we could ever benefit ourselves by taking advantage of our neighbor, or by trying to inflict disabilities upon our neighbor, or by violating in any way the golden rule which requires that we should treat others as we would that they should treat us.

"I use Ayer's Cherry Pectoral freely in my practice, and recommend it in cases of Whooping Cough among children, having found it more certain to cure that troublesome disease than any other medicine I know of."
—So says Dr. Bartlett, of Concord, Mass.

A Good Verdict.

SIRS,—I have great reason to speak well of your B.B. Bitters. I have taken 6 bottles for myself and family and find that for loss of appetite and weakness it has no equal. It cures sick headache, purifies the blood and will not fail when used. I heartily recommend it to all wanting a pure medicine.

Measures for the Men.

READ our CHAMPION OFFER and don't try to duplicate it, for it can't be done:

We offer a Man's Overcoat for $3.90 that cost $4 78 wholesale. We offer splendid fitting Suits, and in 150 different patterns, at $6.00, usually worth $8 75 wholesale. The suit, if sold in the regular retail way, would bring $11 00 and $12.00. Our Great Big Xmas Box for the buyers consists of 900 Overcoats, ranging in price $17.00, $16.00 and $14 00. Your choice for $10.00. The cloth alone is worth more than we ask for the whole Overcoat complete.

Look them all through, and then come to us and if we fail to convince the most skeptical that our stock is not at least five times larger, and our prices at least 50 per cent. lower, than those of other dealers, we will give a whole out-fit free.

WHAT WE SAY ABOUT THESE GOODS.

ONE man's extremity is another man's opportunity. Our grip on the market has brought this bargain to our counters. We want the public to know just what we offer. When we say the goods are bargains, they are positive. When we say that no such bargains were ever before offered, we have the goods to back up the statement. We nail the flag of Cheap and Good Goods to the mast, and defy any dealer on earth to lower our colors.

OUR PLAN TO HELP YOU HERE.

We want every one to come and see what we are doing. Drive if you can, come by water, by stage or on foot, for there's money for you in the expedition. That there shall be no excuse, we will pay railroad fare of any passenger within a radius of fifty miles, who comes to our sale and buys $10 worth of goods or upwards.

Railway Extension.

The engineers, under M. J. Butler, have completed the survey for the extension of the railway now in operation between Napanee and Kingston and Tweed, from the latter place to this village, to form a junction with the line now in operation between Bridgewater and Madoc. The building of the line will tend to develop the marble and other mineral deposits in North Hastings.

The Great Guessing Competition.

Big Values in Christmas Goods—With a Chance for Magnificent Prizes Thrown in—$60 Gold Watch, $30 Silver Watch and $5 Carving Set.

Attention is directed to the announcement in another column of a grand guessing competition to be conducted in connection with the Peterborough Bookstore. This is a real competition. The prizes offered will be genuine, reliable, valuable gold and silver watches and the carving set is one of the best made. The goods will be sold at the regular rates, which are of the lowest, and every dollar's worth of goods bought entitles the purchaser to a guessing ticket and consequently gives him or her a chance of winning one of the elegant prizes offered. Full particulars of the conditions governing this competition may be found by consulting the advertisement in another column. This competition will be a genuine, fairly and squarely conducted contest with every precaution taken to insure the utmost fairness in every respect. The number of articles in the sealed jar whose contents are to be guessed upon, is known to no living man.

In the Matter of the Peterborough Bookstore Competition:

We, James W. Brisbin, of the town of Peterborough, merchant; William Collins, of the township of North Monaghan, farmer; and George E. Elliott, of the township of Smith, farmer, do hereby certify:

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

GEO. E. ELLIOTT,
WM. COLLINS,
J. W. BRISBIN.

The deciding committees will be composed of some of our most reliable citizens. The keys of the ballot boxes in which the guessing tickets will be deposited, will be in the hands of the committee and in every respect the contest will be fair, above board and bona-fide.

Mr. Lech's Rejoinder to Mr. V. Eastwood's Letter.

To the Editor of the Examiner:

DEAR SIR,—I should not pay any attention to the letter appearing in the EXAMINER of December 10th, over the signature of V. Eastwood, a gentleman with whom I hardly ever exchanged any words before Wednesday last, when he came in our store and in the most courteous manner complained of a wrong done him in my letter of Monday, which has raised so much satisfaction among the ratepayers. I assured Mr. Eastwood of no intention on my part to do him any *injury*, and could not see any *wrong* in mentioning his name in connection with the disposal of part of that celebrated lot of great value, and therefore I declined on making any alteration in my letter. Mr. Eastwood's letter was, therefore a surprise to me, as I would take a good deal on his reputation in not being capable to let himself down so low to write for me a character. But is this author the same Mr. Eastwood who spoke so kindly to me, and whom I always have met with a pleasant smile on his face? Oh no! This is another man's trumpet, who cannot conceal his clumsiness, and which has to him become a second nature. As for the matter as to whom paid for the lots Mr. Eastwood bought and sold, and whether he or another has paid for them, that is of no concern. My reason for referring directly to Mr. Langford was not that I considered him any more to blame in the town matter than some others, but from the fact that as a town councillor (in which council the public has reposed great confidence), his oath of office solemnly pledges him to "truly and faithfully execute the office thereof to the best of his knowledge and ability, and that he will not receive any payment or reward or promise of such for the exercise of any partiality or malversation or other undue execution of said office," and not by any means that "it suited my purpose better." My purpose is to have the truth in this matter brought to the knowledge of the public, to some extent at least, and the more Mr. Eastwood or others will, by any means, accomplish this, the better. Perhaps Mr. Eastwood or the other man will write a rejoinder to this end inform the public if his first deed from Mr. Langford did not give him north of the Midland Railway siding, a narrow slant of land, at the widest part 36 feet, sharpening off to nothing, and if his later deed did not give him the whole frontage on Townsend street, 231 feet, instead of part, with an average depth therefrom of over 60 feet, upon which a terrace is being built, and whether his increase in quantity and value of land is not derived from part of the one third acre conveyed to the town (now reduced to one quarter acre), and how much the town has paid for such acquired property. Let us have the truth out. I am aware that Mr. Eastwood's other piece of land was reduced about one twentieth of an acre, but again in this he was rather benefited than otherwise by the change, for he got an extra width of lot where he most needed it—at the back of the $1500 house.

Thanking you, Mr. Editor,

I remain, yours truly,

W. LECH.

A Fact
WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.
Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—
"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."
Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."
"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

A Pleasant Evening.

An "at home" under the auspices of the Epworth League of the George street Methodist church, will be held at the residence of Mr. Bean, 32 Benson avenue, on Tuesday evening, Dec. 15th. A good programme, with parlor games, has been prepared. All are invited. 1d

Collegiate Institute Literary Society.

Yesterday afternoon at four o'clock the fourth regular meeting opened with President Dodds in the chair. After Secretary VanEvery's minutes were read and confirmed, the following programme was rendered:—

Reading..........Mr. C. Brodigan
Reading..........Mr. P. Might
Reading..........Mr. C. Bell
Dialogue—"The Husband," "The Wife,"... ["The Mother-in-law."
Three Minute Speeches—"Our new Collegiate"—Mr. W. Fitzgerald, and "Mrs. [Proctor's Lecture,"—Mr. H. Fife.

The programme was then briefly criticised by Mr. Jeffrey. In closing he drew forth immense applause by congratulating the Society upon the geniality, tact and humour of its popular President. The meeting was marked by the first impromptu speeches. Only one gentleman declined when called upon by the President, and the few given were quite good. As an effective means of giving definite aim and ambition to the practice in prepared and impromptu speaking, it is suggested to the committee that they arrange for a debate with Lindsay or Norwood in, say, February or March.

Oddfellowship at Havelock.

On Friday evening a new lodge of Oddfellows, Royal Lodge, 286, was instituted at Havelock by Grand Master Fitzgerald. Members of Norwood Lodge had charge of matter, assisted by brethren from Campbellford, Peterborough and Hastings. The Grand Master was assisted in the institution ceremonies by Brother Ferris, Past Grand, of Campbellford Lodge; Brother Stewart, Past Grand, of Norwood Lodge; and Brother Jackson, Past Grand of Lakeview Lodge, West Toronto Junction. After the institution a deputation of Peterborough Oddfellows arrived and assisted in initiating nine candidates, the number of charter members being seven, and the conferring of degrees. Between these ceremonies the lodge was "called off," and the brethren present, to the number of about seventy, repaired to the dining hall of the C P R. boarding house, where a very excellent repast was enjoyed, followed by speeches pertinent to the occasion were by the Grand Master, Bro. Steward, P.G., Bro. J. Nugent, D.D. G. M., and others. Upon the conclusion of the degree work the installation of officers took place in which the Grand Master was assisted by Bro. Ferris, Campbellford, acting as Grand Marshall, Bro. F. D. McKay, Peterborough, as Grand Warden and by R. Hamilton, of Peterborough Lodge. Grand Master Fitzgerald came to town with the Peterborough brethern and will be present at the regular meeting of Otonabee Lodge on Monday night.

Oh, What a Cough!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

His Head in Danger.

The *Globe* says: "In Chancery yesterday Mr. John Hoskin, Q.C., for the benchers of the Law Society, made application to strike the name of James H. Simpson, of Belleville off the rolls for alleged unprofessional conduct. The grounds of the charge were that Mr. Simpson, acting as barrister in an administration suit of Roblin v. Roblin some years ago, refused to pay into court some $5,000 he was asked to give up. No one appeared for Mr. Simpson, and after Mr. Hoskin had put his case case, Mr. Justice Meredith said before giving judgment he would write to Mr. Simpson and hear what he had to say about the matter,"

A Most Successful Evening's Enjoyment.

Opening of the Edison Athletic Association Rooms.

Last evening the spacious rooms of the above club were taxed to their utmost capacity, it being the formal opening of the club's new quarters in Bradburn's Opera House Block

The decoration committee are to be congratulated on the results of their efforts in adorning the club rooms. On the wall immediately opposite the entrance there stretched the flag belonging to the Edison works, with the word "Edison" upon it. The doors between the rooms were prettily festooned with Union Jacks, and on the wall opposite to the entrance into the parlor were gracefully drooped, side by side, the Union Jack and the Stars and Stripes. The parlor itself was tastefully festooned with flags and bunting, and was further adorned with an autograph photograph of Mr. Edison, and photographs of the Edison General Electric Company's Works at Schenectady, N. Y., and Peterborough. Round the frame of the former was twined the Stars and Stripes, while the latter was decorated with the Canadian flag. The general effect of the parlour was very pretty. In it an impromptu concert given by the members, assisted by their friends, was performed, of which the following is the programme:

Overture, Orchestra; waltz, Orchestra; comic song, Mr. Bairra; piano duet, Mr. Umpleby and son; song, Mr. Mackenzie; comic song, Peter McArthur; piano solo, Mr. Umpleby; song, Mr. Thos. Dunn; banjo duet, Messrs. Daly and Magraw; selection, Orchestra; song, Mr. Taylor; comic song, banjo accompaniment, Mr. Harris; banjo duet, Messrs Daly and Magraw; galop, Orchestra. Too much praise cannot be given to the Peterborough Amateur Orchestra for the excellent rendering given to their selections, all of which were encored. Messrs. Harris and Pete McArthur in their numbers, fairly took the house by storm. Encores were demanded and given. Mr. Harris responded with the popular song, "I Went Wid' Him," and Mr. Pete McArthur with a capital exhibition on the bones. In the rendition of their respective solos Messrs. Mackenzie and Taylor showed themselves to be artists of no mean talent, and were vociferously encored. Messrs. Daly and Magraw, with their banjos, seemed to catch the boys, having to respond four times to encores. The pianoforte duet by Mr. Umpleby and his son was given with artistic talent, and an encore was demanded and given. Owing to unavoidable circumstances over which he had no control, Mr. Thomas Dunn was unable to be present but was represented in spirit(s). The vocalists were accompanied by Mr. W. Leob with that gentleman's well known ability.

During the programme the recitation rooms were the scenes of pleasant enjoyment where the members sought to cultivate a better acquaintance with each other, and many hard fought rubbers of whist and keen games of billiards were decided.

The proceedings were brought to a close at 11 p.m. by the singing of God save the Queen.

Matrimonial.

The Rochester *Democrat* contains a record of the marriage of a former Peterborough boy, Mr. J. Allen Hallman to Miss Wilhelmina Myers, formerly of Hanover Ont. The ceremony was performed at the end of November by Rev. G. B. F. Hallock. The happy man was formerly a member (contra bass) of the Peterborough Amateur Orchestra. His friends here give congratulations.

Physical Culture Classes.

Partly as a consequence of the "fever" taken by the nations at the carnival, Major Randle has organized a class of ladies to whom he will impart a thorough course of physical instruction. Many members joined the class during Thursday and Friday nights, and all others who propose joining the classes are requested to hand in their names at once, so that all may begin the course, which will open early in the new year, at the same time.

Presentation.

On Wednesday, Miss Hayes, a forewoman of one of the departments of the Edison Works, was honoured by her fellow employes by being presented with a complimentary address and an elegant "lady's companion." The presentation was made by Miss Lucy Wright, and Miss Hayes made a suitable reply of thanks, and concluded by wishing her friends a Merry Christmas and a Happy New Year, which was followed, in further testimony of her popularity, by three rousing cheers given by the employes.

A Successful "Housewarming."

Formal Opening of the new Y M. C. A. Rooms—An Auspicious Occasion.

If the attendance last night can be regarded an index of public interest in the Y. M. C. A. work, the association cannot complain of any lack of well wishers in the community. Last night was announced as the formal opening of the new Y. M. C. A. rooms, described in a late issue of the Examiner, and at an early hour the hall and rooms were crowded to excess and numbers, at least two hundred or three hundred, had to be turned away. Mr. G. J. Early, President of the Association, occupied the chair, and on the platform were Rev. J. C. Davidson, rector of St. John's; Rev. Mr. Trotter, of the Baptist Church; Rev. Mr. McWilliams, of St. Andrew's Presbyterian Church; and Rev. Mr Locke, George Street Methodist Church, who delivered five-minute addresses, referring to the excellent work being done by the Association, commending the work to the support and sympathy of Christians of all denominations, and wishing it success in their work. During the evening an excellent and excellently presented musical and literary programme was given.

Quartette, "Hail, Smiling Morn" ... Misses [Crane and Cameron and Messrs. Crane [and Nelson

The devotional exercises were conducted by Rev. Mr. McWilliams and Mr. G. M. Roger.

Mr. Colville, the general secretary, announced that the ordinary membership fee was $1; including baths, gymnasium, instruction, etc., $4.

The opening of the new rooms may be regarded as a most gratifying and encouraging success.

The Carnival of Nations.

Closing Afternoon and Evening—A Great Success Throughout.

The same, or even greater, success attended the second day of the "Carnival of Nations" in the new market building, as that which the first day witnessed. There was a large attendance of the public, and in the afternoon a liberal patronage of the dinner tables spread in the hall. During the afternoon also a reception, given in the English drawing-room by Mrs. J. R. Stratton and Mrs. Fred. Winch, at which coffee was served, was largely attended. During the reception excellent music was given by Miss Fawcett, Miss Sperry and Miss Clarke, and the "drawing-room" was a very pleasant social success. The first evening the attendance was about six hundred, and that of last evening quite equalled it. The same general features marked the evening's programme at the booths, though there was a livelier run of business in the articles offered for sale. And the booths bore the same brilliant and attractive appearance. In regard to the Irish booth a regrettable error was made in the omission of the name of Mrs. Heather, the lady who contributed the old fashioned spinning wheel and, dressed in snowy "mutch," superintended it, besides rendering valuable assistance in other ways. During the evening the Fire Brigade band was in attendance and furnished a capital programme of music on gospel lines, that is gratuitously.

And also during the evening Mr. Ketcham, as "George Washington," in costume, sang the "Star Spangled Banner" in the refrain of which the "Goddess of Liberty," Mrs. Brooks, assisted, Miss Fawcett sang "The Willow Copse", and little Lola Ostrom gave a most excellent and amusing reading—"A Kiss Through the Telephone," which was received with hearty applause. As they would say in the United States' booth, this was the "cutest" event of the Carnival of Nations. There were two parades of the "Nations" in response to Sergeant Major Rundle's grandiloquent command:—"Nations, fall in!" The several movements made the previous night were repeated, with even better precision and effect—the slow marching in line was capitally done — with the steadiness and correctness of "touch" of a regular regiment. The movements were loudly applauded, and are exceedingly creditable when it is remembered that the ladies of the nations had only four preparatory drills. Much of this credit is due to Major Rundle who takes a delight in this work and is most successful in imparting his enthusiasm to his pupils. He says that ladies have better ideas of time and rythm, and that they learn to obey the order to "dress" with astonishing facility. By special request the "national" evolutions were repeated. A closing spurt of business at the booths resulted in the disposal of a large quantity of fancy goods. The result of the "Carnival" was satisfactory in a financial sense, as the net proceeds will amount to about $400. While due credit is to be given to all the ladies who worked so faithfully and energetically, special credit is due Mrs. J. J. McBain, who originated the idea of the carnival here, and directed the perfection of the details that resulted in such satisfactory success

Lakefield.

(From Our Own Correspondent.)

Taxes must all be in the hands of the collector by Monday night.

Snow again gone, spring-like days and frosty nights.

"Cotton tail" soup is a fashionable dish in the village.

The illustrated supplement to the Examiner this week was greatly appreciated, and are in demand to send to friends.

Our sportsmen are having good luck at the rabbit shooting. One gentleman secured seven Thursday afternoon.

AT IT AGAIN.

Disgusted with their failure to secure the coveted booty at the Lakefield Lumber Co.'s office last Monday night, the midnight robbers again tried their hand at the Grand Trunk Station and Mr. G. Nelson's store house last night (Thursday), but again came to grief so far as securing any money was concerned, as they failed to obtain entrance into the station, though the door and window bear the marks of their bungling work. At Mr. Nelson's they also departed empty handed, except any flour or grain was taken, and that is doubtful. There is a grand chance for our village constable to show his detective abilities.

SCHOOL BOARD.

The regular meeting of the Lakefield School Board was held in the ward school on Tuesday evening, Dec 8th. Present, Thos. Gordon, chairman, in the chair, Messrs. W. M. Graham, Levi Payne, W. J. White, and Dr. R. J. Fraser. Minutes of last meeting read and confirmed. Requests from Wm. Doidge and Mrs. Jas. Kemp, requesting to be appointed janitors were received. The reports of the Head Master for October and November were read, and on motion received. Among other things Mr. Campbell, the head master, suggested that the morning recess be abolished, and the time added to the noon hour for dinner, as many of the pupils were late in the afternoon owing to the distance to go and return from dinner. The Board, however, refused to sanction the change.

Moved by Dr Fraser, seconded by Mr. Payne,—That the following accounts being found correct, an order be drawn on the treasurer for the same, viz.:—

Moved by Mr. Graham, seconded by Mr. White, that all bills handed into the Finance Committee before Dec. 15th if found correct be paid.—Carried.

Moved by Dr. Fraser, seconded by Mr. Graham, that the application of Mr. Isaac Watson as janitor of the brick school, at a salary of $80.00 dollars per annum be accepted, and that of Mr. Wm. Smith as janitor of the ward school at a salary of $47.50 be accepted.—Carried.

Mr. White moved an ammendment to the last motion, that the board advertise for tenders for both schools, but the members considered that the old janitors had given satisfaction and should be re-appointed, and all declined to second Mr. White's amendment. Board then adjourned.

Old Veterans of 1837-38.

Mr. Geo. Merrill, of Belleville, who has interested himself most actively and persistently in the interest of procuring pensions for those who served in the rebellion of 1837-38, has addressed the following letter to the Belleville *Intelligencer*:—"You may look for good news and stirring times soon. Many of the most influential members of the Dominion Parliament, and also some of the most prominent men in England, have assured me that your claims will be settled. I am having two petitions made out, one for the home government and the other for Ottawa."

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." Ed. Jenkins, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. Begole, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." Mrs. Phebe Mosher, 90 Brooks Street, East Boston, Mass.

A MOUNTAIN DREAM.

"Oh, I know," she said, bursting into tears; "they have my mother's money, her jewels—all that was hers—and they think that I will want them. They think that I will tell some one who will take them away."

All my irresolution, my miserable dallying, was now at an end. Here was a case for the Vigilantes. I would go at once and lay the matter before them, and I would also go to the legal authorities, if any could be found, and have a guardian appointed for my love. Fool that I had been, to sit dreaming over her portrait when her sweet life was at stake.

"Carol," said I, "can you stay here with your dog while I go to Helena? You must never go back to your home. You are my little girl now, and I must find another home where there is some good, kind woman to take care of you. Dare I leave you? You have Knight, and you see there are strong bolts on the door and window shutters."

She gave me a look that will go with me to my grave. Adoration and gratitude shone from her soul lit eyes, drowned as they were in tears.

"I am not afraid to day," she said, "for Mannella and Jose are drinking so hard, and they expect some friends, and they will all dance and eat and drink and forget all about me until they get sober again."

"But they are watching you?"

"Mannella never remembers anything when she is drinking."

"Very well, then. If you do not like to shut yourself up in the dark while I am gone put Knight on the watch, and watch yourself. You can see far down the gorge, and there is no other way for them to come. Keep strict watch, Carol, and if you see any one bolt the door and window. Keep you dog with you and you will be safe until I can return—so good-by for a little while; I shall not be gone a moment longer than I can help. You are used to being alone, Carol?"

"Oh, yes; Knight and I are not afraid in your house," she said, "and we have the other Carol, my twin, to keep us company."

She tried to smile through her tears, and I turned and left her.

I ran half the way to Helena. I was a good pedestrian in those days, and my feet seemed winged, like those of Mercury.

When I reached town and hurriedly told my story there was intense excitement. "Deserve to be hanged yourself," growled some one whom they called "X." "If you knew that this Cleaves was in the vicinity why, in God's name, were we not told?"

"I know nothing of him," said I, "or his whereabouts. I am here to get protection for the child."

"And you shall have it," said twenty voices, and as many men were examining revolvers and tightening saddle girths, a fierce, determined band—the famous Vigilantes of Montana.

I provided myself with a horse and we rode rapidly away. Few words were spoken—none was needed. Every man in that company knew his duty.

We never slackened our pace until we reached my cabin. There the first object we saw was the mangled body of the faithful dog, showing that he had died in fierce conflict. How I got down from my horse I never knew. I only know that I had my dead darling in my arms—my dead darling with a Mexican dagger in her heart—and was crying to God for vengeance.

"Vengeance is ours!" said a deep voice. "Forward, men! Vigilantes of Montana, do your duty!"

In less than two hours, as I was told afterward, the Mexican gang were swinging, with blackened faces, from the limb of a blasted pine.

Look from the window, Jim. You see that marble cross? It marks her grave, and her faithful Knight sleeps at her feet; and some day I shall lie down beside her—my pure, unsullied bride in death. Call it German mysticism, or what you will, but this place to me is filled with her presence and I can never remain away from it. That face, the face of the picture, seems to float in the light clouds about the mountain's crest, and the silvery mists which rise from the valley cast a divine radiance around it making all other women seem earthly and commonplace. I have dedicated my life and my work to her memory, and wait for death as my wedding day.

That is the story of the picture, Jim. What, old man! crying So you newspaper fellows have hearts, after all. Let's turn in. The night is devilish cold, although you may not realize it. But under half a dozen California blankets and a buffalo robe you will sleep like a top.

May you write it out in full? Yes; they have the picture—let them have the story to sanctify it.

A Cure for Constipation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick headache in one night. For the blood, liver and kidney, and for the clearing up of the complexion it does wonders. Druggists sell it at 50 cents a package.

Christmas Dominion Illustrated.

We are in receipt of an advance copy of the *Christmas Dominion Illustrated*, and can not but feel proud that such a magnificent issue is (as we are informed) entirely the product of Canadian skill and enterprise. It is far and away ahead of any Christmas issue we have seen; the English holiday issues just out do not begin to compare with it for beauty and variety of coloured supplements and general illustration. The supplements are four in number; chief of these are two large reproductions of oil-paintings—one "A Type of Canadian Beauty," by Mr. J. W. L. Forster, of Toronto, the other, "The Young Recruit," by Mr. C. Patterson, of Montreal; both are beautiful in design and colour, and are well worth rich framing and places of honour in any room. Another supplement, also in colours, is an eight-page series of comic sketches of the trials and mishaps of a corpulent English sportsman while hunting in the woods, away back in the French-Canadian country. A fourth is a photo gravure showing all the universities of the Dominion, printed on a large sheet of heavy plate paper suitable for framing. The number itself is a beauty. It contains 40 pages of stories, poems and articles from the pen of some of our most brilliant writers. Almost every page contains an exquisite illustration, printed in colours; no less less than five different tints are used in the press-work of the volume. Altogether the issue is a superb one and Canadians should feel proud of such a national contribution to the Christmas literature of the year For sale in cases ready for mailing at the Peterborough Bookstore.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff, not only in the first stages, but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

"German Syrup"

A Farmer at Edom, Texas, Says:

"We are six in family. We live in a place where we are subject to violent Colds and Lung Troubles. I have used German Syrup for six years successfully for Sore Throat, Cough, Cold, Hoarseness, Pains in the Chest and Lungs, and spitting-up of Blood. I have tried many different kinds of cough Syrups in my time, but let me say to anyone wanting such medicine—German Syrup is the best. That has been my experience. If you use it once, you will go back to it whenever you need it. It gives total relief and is a quick cure. My advice to everyone suffering with Lung Troubles is—Try it. You will soon be convinced. In all the families where your German Syrup is used we have no trouble with the Lungs at all. It is the medicine for this country. John Franklin Jones.

G. G. GREEN, Sole Man'fr, Woodbury, N.J.

North Victoria.

The Bobcaygeon *Independent* says:—The North Victoria election trial, as briefly noted last week, took but a short time when brought before Mr. Justices Falconbridge and Street. The first witness was enough. Dr. Wilson, of Fenelon Fall, admitted that he gave a man named Getobel $5 on the day of election to pay his taxes. He held that it was merely a loan, which he subsequently demanded, but the judges considered that it was a bribe, and voided the election.

By the indiscreet zeal of a friend Mr. Barron has been deprived of his seat in the Dominion Parliament. This is to be regretted, for Mr. Barron has been a careful, judicious and able representative, and not being a rich man, can ill afford the expense of another election. As regards the decision of the court, this journal can only express its entire approval. The gentleman who gave evidence, may at the time, in the heat of a contest, and burning with enthusiasm, have imagined that his act in giving the elector $5 to pay his taxes, was not bribery, but now, in the cool moments of reflection, it must be perceived that he did that which no system of morality or ethics can recognize as other than highly improper.

Whether Mr. Barron will again be a candidate is not at present known. If he sought only for his own advantage he would retire from politics and stick to his profession. But Mr. Barron has been a most useful member of the Opposition at Ottawa, and the Liberal party of Ontario will assuredly endeavour to induce him to re-enter Parliament.

Mayor of Montreal.

Recognizes Honesty and Merit—Canadians Must Commend Him!

The Hon. Jas. McShane, Mayor of Montreal, is a man who possesses many strong characteristics which help to make the successful ruler, politician and business man. Some of these characteristics are strongly developed in Mayor McShane's ever-day life, and are worthy of our admiration. When the worthy Mayor knows he is following the great path of duty, honesty and truth, no human power can cause him to swerve from it. He is always opposed to charlatanry and deception, but ever ready and willing to hold tenaciously to that which bears the royal stamp of worth and merit.

Was he mistaken or disappointed? No. His experience with this great remedy was so satisfactory and gratifying that a few weeks ago he sent the proprietors a strong testimonial which speaks volumes, and proves conclusively that of all the remedies now before the people of Canada, Paines' Celery Compound stands elevated far above all others in honest and great results.

Mayor McShane says that Paine's Celery Compound has given him great strength and a good appetite—two qualities which every man should possess. He writes as follows:—

The Late Mrs. Ann Scott.

It is with regret that we are called on to chronicle the death of Mrs. Ann Scott, of Dummer, relict of the late Thos. Scott, at the advanced age of 80 years, 5 months and 2 days. Deceased was born in County Cavan, Ireland, and emigrated to Canada with her husband in the year 1831, settling on lot 1, in the 5th concession of Dummer, where she resided continuously until the time of her demise. She was a consistent member of the Methodist Church, and was highly esteemed and respected by all who knew her. Deceased was among the first settlers in the township. The funeral took place on Saturday last and was largely attended. The bereaved relatives have the sympathy of the community in their loss.—*Register*.

FIGHT ON THE FRONTIER

ALARMING NEWS RECEIVED FROM PAMIR.

British Garrison Sacked—Col. Durand Arrives with Reinforcements and an Engagement Follows—Col. Durand and Other British Officers Wounded and Many Sepoys Killed—Excitement in London.

LONDON, Dec. 12.—Official despatches received here last evening from Calcutta state that there has been fighting between the British forces and the tribesmen in the vicinity of Gilgil, near the Pamir frontier, and not far from the boundary line recently claimed by Russia.

At Gilgil there is a British army garrisoned by some Kashmires and Indian Ghoorkhas and a battery of artillery.

Details of the Fight.

Colonel Durand, the British agent at Gilgil, was notified that the Indo-Russian tribesmen of Hunza and Nagar, two towns on the River Indus and almost opposite to each other, have for some time been threatening the Chalt Fort, situated near the Milthuza River, and which was held by a detachment of Khasmirs in the service of the British. The information received by Col. Durand was of such a grave nature that he decided to make an advance upon the Chalt Fort for the purpose of relieving the garrison, at the same time notifying the Foreign Office that he feared a conflict was inevitable, although he had done everything possible to prevent it.

The advance of the British troops was made early during the present month, for on Nov. 29 Col. Durand wired the commander-in-chief that he should move upon the enemy on Dec. 2 unless he was previously attacked by the tribesmen, who were reported to be assembling in large numbers and to have been instigated in their action by Russian agents.

Carried by Storm.

From the despatches received to-night it would appear that Fort Chalt was captured by Col. Durand's force on Dec. 2, and several Sepoys were killed and 26 wounded.

Col. Durand, the despatch adds, Capt. Aylmer and Lieut. Babcock were seriously wounded.

Several other officers, including Lieut. Gordon and others, were slightly wounded.

Capt. Aylmer and Lieuts. Boisragon and Babcock displayed extraordinary gallantry.

Capt. Aylmer most gallantly led a storming party carrying a gun-cotton petard and in face of a shower of bullets he dashed up to the iron-bound gates of the fort, affixed the petard to it and lit the fuse. The petard blew the gates of the fort to pieces.

Capt. Aylmer, Lieutenants Boiseragon and Babcock followed by a handful of Sepoys then made a dash into the fort and after some desperate fighting captured a field gun which had been used effectively against the attacking party. The British officers and Sepoys also captured nine prisoners. The remainder of the rebel tribes fled, leaving a number of dead inside and outside the fort.

Was There a Previous Battle.

The news of the engagement on the Pamir frontier is not quite clear as to what became of the original Kashmierce garrison of the fort. It is presumed, however, that the rebel tribesmen captured the fort previous to the arrival of the British troops and that it has now been retaken.

Excitement in London.

The reports of the conflict on the Pamir frontier reached this city in time for them to spread to the clubs and theatres. The result was a feeling of considerable excitement and there were many old Indian officers, who gravely shook their heads upon hearing the news, saying that it was the most serious that had come from India for many a day.

The excitement increased as details became known and at midnight the opinion is general about the clubs and such places that war with Russia is looming up on the horizon in India. In any case it is certain that the whole Pamir question will now be raised in deadly earnest.

Government Officials Active.

A constant exchange of despatches is going on between high Government officials here. Some of the officials of the India Offices, who are apparently going to pass the night in that building, refuse to furnish any other information to enquiries than they have already given above. One officer of high rank, who has recently returned from India, was more communicative, and frankly said there could now be no doubt that affairs on the frontier of the Pamir district had reached a most delicate and dangerous stage. The claims made by Russia, he said, must be greatly modified before even a basis for negotiations can be established by the three nations concerned—Russia, China and Great Britain

How the Trouble Originated.

The commencement of the trouble was in what is known as the Younghusband incident late last summer, when a party of Russians, numbering 8 officers, 60 horsemen and 40 infantry soldiers, made an exploring expedition towards Afghan Chitral and the Chinese boundaries, which all approached each other on the Pamir.

Poison in the Coffee.

RAT PORTAGE, Ont., Dec. 12.—A coroner's inquest was held to-day on Christina McLeod, who died on Monday afternoon. The evidence so far apparently shows that death resulted from a corrosive and irritant poison received in a cup of coffee on Saturday. The inquest was adjourned.

MISS ST. JOHN'S MARRIED LIFE

Behind the Scenes With the Gay Gaiety Actress.

LONDON, Dec. 12.—In the St. John divorce case, Marius, the husband of the gaiety actress, was placed on the stand and gave his version of the watch incident. He said that he took a watch out of a safe in the bedroom he occupied with his wife; this safe, he explained, was the receptacle in which they kept their jewelry and other valuables. Miss St. John, he added, was in bed at the time and was suffering from a bad headache. When she saw him take the watch she sprang out of bed in a state of extreme deshabille and shouted, "Stop thief" as loud as she could.

He mildly suggested that she had better not make so much noise, also remarking that he did not see how it could be possible for him to steal his own property. This seemed only to add to her rage, and she abused him in the warmest terms, using expressions not generally heard from a lady, saying among other things that Cohen wouldn't take a watch, and finally she worked him up to such a pitch of anger that he lost control of his temper, and smashed the watch by throwing it upon the floor.

He declared that he did not strike his wife upon this occasion or upon any other occasion, though she aggravated him beyond endurance

When pressed by further questions regarding this interesting incident, Marius admitted saying that he would not allow Miss St. John to "accompany that ——— Jew." Witness added that his wife thereupon sprang upon him like a tiger cat and struck him in the face, at the same time declaring that Mr. Cohen was a gentleman.

Counsel then extracted from Marius that his wife for a considerable time previous to their separation had insisted upon sleeping alone. She would lock herself up in a spare bedroom, or in their mutual bedroom and would refuse to admit him inside the door in spite of his earnest entreaties and demands.

Once, he said, while he was thus appealing to her she tried to escape from the room in which she had shut herself in, and in so doing she pushed against him, and he naturally pushed against her. The result was that she fell heavily to the floor and began screaming at the top of her voice, shouting "murder" and all sorts of things.

This outcry caused her brothers and sisters to rush to the spot in alarm When they reached her side she was kicking and writhing upon the floor as if in great agony and cried hysterically: "He has tried to kill me. He tried to murder me."

This so enraged her eldest brother that he ran to a fireplace, caught hold of a poker, and made a desperate attack upon the witness, who was vainly protesting his innocence of the serious charge made against him by the angry lady upon the floor. Finally, witness said that she afterward wrote to him begging him to forgive her for her conduct upon that occasion.

The Cross-Examination

Sir Charles Russell for Miss St. John then cross-examined Marius. Replying to questions put to him the witness said that it was true that he had written many letters, couched in most endearing terms, to his wife.

Counsel: You wrote that you swore that you loved her alone in this world, did you not?

Witness (smiling): I may have done so. [Laughter.]

Counsel: Don't you know that you did so? Don't you know that you also said that life without her was not worth living?

Witness: Quite likely that I did. [laughter.] I admit that I then loved Florence, and that I love her now, in spite of all that has transpired.

Sir Charles Russell brought out the fact that Marius had not paid the alimony awarded to his divorced first wife, nor provided for the maintenance of the child. "Yet," said Russell, "you are playing the role of a deeply injured and highly virtuous husband who has been most harshly treated by a vixenish wife." [Laughter.]

Sir Charles Russell continued questioning Marius in the most relentlessly probing manner. He caused the witness to admit that he had suspected his first wife of being unfaithful to him, that he had set detectives upon her trail in order that her every movement should be recorded to him, that he had openly and repeatedly charged her with undue intimacy and with drunkenness, and that she had taxed him with treating her in a cruel manner.

The Private Detective.

Having thoroughly ventilated the conduct of Marius towards his first wife, showing that he must have behaved towards that lady in a manner much similar to that charged against him by Miss Florence St. John, his second wife, he then turned his attention to the statutory charges brought by Marius against the lady last mentioned. In reply to several questions on this subject, Marius stoutly adhered to the charges he had made in this connection against his present wife.

He also said he could not be mistaken in this fact and that Arthur Cohen, sub-editor of The Financial News, was undoubtedly the person with whom she had misconducted herself.

When asked to explain upon what grounds he based these serious assertions Marius said that he made the charges referred to upon information received from a detective named Moser, from servants and others.

Counsel: "Then you have acted toward your second wife as you acted towards your first wife—you have vaguely suspected her of infidelity and have set a paid spy to dog her footsteps and to report to you anything he fancied was not quite proper? In other words you made this detective the judge of your wife's conduct?"

Witness: I employed a detective to obtain corroboration of suspicions I had entertained for some time previous.

Counsel: Exactly; that's only a way of disguising the stern facts that you spied upon your second wife's actions as you had spied upon your first wife's doings

Taking up another line of cross-examination, Sir Charles Russell caused Marius to admit that he had frequently joined his wife and Mr. Cohen at dinner, and that he had sometimes dressed in Mr. Cohen's bedroom.

The witness also confessed to the fact that he had been on very friendly terms with Mr. Cohen; that he had been in the habit of addressing him by his Christian name, Arthur, and that Mr. Cohen had been in the habit, in Marius' presence, of addressing the latter's wife by her Christian name, Florence.

Can Railways Issue Passes ?

WASHINGTON, Dec. 11.—Attorney-General Miller has determined to test the right of railway companies to issue free passes. The question to be decided is whether the issue of such passes is a violation of the Inter-state commerce law. He will shortly bring suit against one of the New England railways, known to have issued passes.

Eczema on a Lady.

Stubborn Case of Skin Disease Covered Her Face and Body—Many Doctors Baffled.

Marvellous and Complete Cure by Cuticura—Six Years have Elapsed and No Return.

A lady customer of ours (Miss Fanny Atwood of Caroline Depot, N. Y.) has been cured of a stubborn case of skin disease by the use of CUTICURA REMEDIES. She remarked that her case had baffled the skill of many well-known physicians. They unanimously pronounced it Eczema, with Rheumatism lurking in the blood. Some predicted that any treatment strong enough to cure the Eczema would surely increase the Rheumatism. She used two sets of the CUTICURA REMEDIES. The effect was marvellous. Her case of Eczema was not only completely cured, but her Rheumatism was greatly relieved during the treatment. Six years have elapsed since the cure was performed, her Rheumatism has since never increased by the treatment, but rather diminished, and she sees no symptoms of the return of the Eczema which once so completely took possession of her face and body. Miss Atwood delights in telling of the good effect that the CUTICURA treatment had upon her, and recommends unsolicited the CUTICURA REMEDIES for Eczema and all kindred ailments. Your preparations find ready sale; indeed, CUTICURA SOAP is on the list to buy almost continuously.

CREMATED IN A HOTEL.

AWFUL HOLOCAUST AT MOOSEJAW, N. W. T., YESTERDAY.

Three Persons Burned to Death and Several Others Fatally Injured—Two Hotels and a Church Burned to the Ground—General Canadian News.

WINNIPEG, Dec. 14.—A despatch from Moosejaw, N.W.T. says: A disastrous fire attended with fatal results broke out at 12.30 this morning in the Lorne House, kept by Henry Jackman. So rapidly did the flames spread that the inmates of the Ontario House, which is part of the same block, narrowly escaped with their lives.

In the Lorne House the proprietor, Henry Jackman, and his little girl and a young woman named Ruth McDougall were overtaken by flames and all perished. Their charred remains were found in the debris this morning.

Brakeman McMicken and Mrs. Jackman were badly, possibly fatally, injured while attempting to escape.

The fire was not extinguished until 20 buildings including the English Church had been burned, the high wind blowing rendering it impossible to check fire.

Miss McDougall was a sister-in-law of Mayor Rutherford. All the sufferers were from Eastern Canada. Among others, these were burned out:

T. B. Baker, Foley block; Mrs. McFall, millinery; Jackman & McKennett, hotel; Felix Plante, general store; William McBride, boots and shoes; J. McCauley, jewelers; Mr. Tillen, residence and bakery; W. W. Bole, drugs and stationery; W. Doran, harness and saddlery; T. E. Williams, Queen's Hotel; P. Catter, barber; James Hood, boots and shoes; G. M. Annable, storehouse; O. Fields, billiard room.

POLITICAL.

M. C. Cameron of West Huron Resigns His Seat.

GODERICH, Ont., Dec. 14.—In the matter of the West Huron protest, M. C. Cameron (Liberal) has decided to admit bribery by agents and allow the election to be voided. He will have to pay costs. His majority at the last election was 379. The trial was set down for Monday before Judges Ferguson and Robertson.

Welland.

WELLAND, Dec. 14.—Charges three, four and five were taken up in the Welland election case yesterday morning. The charges were that the respondent, William German, Liberal M.P., paid Joseph Wood a sum of money and offered to procure him a situation to influence his vote. Respondent denied the charges. Wood swore respondent paid him $10 for his vote and promised to secure him a situation, and went to Buffalo and tried to get him a situation. Mrs. Wood swore that she saw German give her husband $10 and heard him promise to get him a situation. William Clark, J. F. Gross, Murray Bridgman, Charles Scanlan and John Goodwillie gave evidence as to whereabouts of German on the evening of the Port Robinson meeting, when the Woods' stated he was at their house and gave them the money. As time would not admit of full argument of case it was reserved to Osgoode Hall, Toronto, Saturday, Dec. 19, at 11 a.m.

A CORPSE IN A CHIMNEY

Where the Body Remained Three Years Before the Murder Came Out.

PARIS, Dec 14.—In 1889 the wife of a shopkeeper named Bender disappeared, and Bender informed the police at the time that she had been unfaithful to him and had fled after making an attempt to poison him. Recent communications led the police to search Bender's house, when the body of the woman was found hanging in a chimney. The corpse had been dried and blackened by the heat and smoke for nearly three years. Bender has made a confession.

A Disgraceful Scene.

DUBLIN, Dec. 14.—St. Mary's Church in Newry, a Protestant place of worship, was yesterday the scene of a very disorderly occurrence. While services were going on 11 vestrymen advanced to the altar and seized the communion cloth, on which were embroidered the letters "I.H.S." The rector of the church also seized the cloth and a struggle ensued for its possession, a struggle in which the vestrymen were victorious. Having secured the cloth they cut off and burned the lettering "I.H.S." The vestry had long agitated the subject of the removal of this lettering, which proved extremely objectionable to certain of the members.

Aldershot Barracks Damaged.

LONDON, Dec. 14.—A hurricane swept over the camp at Aldershot yesterday, and did a great deal of damage. So great was the force of the gale that the glass roof of the barracks was blown down and smashed to pieces. Every building on the grounds was more or less damaged. Fortunately the soldiers now at Aldershot were attending divine service when the storm broke upon the camp, and no one is reported to have been injured.

ITALIAN STEAMER LOST.

BLOWN UP BY A BOILER EXPLOSION NEAR GENOA.

Of a Total Complement of 33 Passengers and Crew More Than a Score are Drowned—Testifying Their Love For Gladstone.

GENOA, Dec. 14.—The Italian steamer Calabria left Genoa yesterday morning for Naples. She had proceeded but a short distance when her boiler exploded, so damaging the steamer that she sank.

Including the passengers and crew there were 33 persons on board the Calabria. Of this number 21 were drowned, the rest being saved by the Calabria's boats or by boats from other vessels which were near by.

DASHED TO DEATH.

Tragic Termination of An Aerial Voyage in India.

BOMBAY, Dec. 14.—An accident occurred here yesterday by which a daring parachutist met a most horrible death in the sight of many persons. The victim was Lieut. Mansfield, who had gained quite a reputation by his thrilling jumps from a balloon at a great altitude.

The wonderful performance of Mansfield had caused a considerable stir among the residents of Bombay and adjacent districts, and as a consequence the Victoria Gardens in this city, which had been selected as the place from which the balloon would be liberated, were thronged with a vast crowd at the hour set for the ascension.

The appearance of Mansfield was the occasion for long applause. The preparations for the ascent were soon completed and at a signal from the aeronaut the guy ropes were cut and the balloon was liberated amid a storm of cheers.

The balloon had only reached a height of about 400 feet when it burst with a loud and startling explosion and immediately began to fall to the earth. Mansfield made the most desperate efforts to disengage the parachute from the collapsed balloon, but it had become entangled in the ropes and the unfortunate man was soon forced to release his hold. The horrified spectators uttered cries of dismay as they saw his body come twirling towards them, and some of the ladies fainted at the terrible sight. Mansfield struck the ground with terrific force and was instantly killed, his body being crushed and mangled in a terrible manner.

ADDRESSED BY GLADSTONE.

He is Carried Into His Carriage on the Shoulders of His Admirers.

LONDON, Dec. 14.—Mr. Gladstone, who has been on a visit to Earl Spencer, previous to leaving England for the south of France, bade farewell to his host to-day and drove to Northampton, en route to this city.

At the railroad station Mr. Gladstone received a number of addresses from municipal and other bodies. In reply, the great Liberal leader said, among other things:

"The Tory menu is varied daily, and the latest change seems to indicate that the Irish Local Government Bill has been shunted to make room for Mr. Goschen's quack measure to provide, in the strangest manner, an issue of £1 notes."

Mr. Gladstone spoke from the steps of the railroad bridge crossing the lines, inside the station, to a dense crowd of people who had gathered within the station. After speaking, Mr. Gladstone crossed the bridge and reached the track upon the other side of the station.

Arrived there, Mr. Gladstone's most enthusiastic admirers lifted the old gentleman above their shoulders, and totally regardless of his alleged infirmities, carried him into his carriage, while the station fairly shook with cheers. Mr. Gladstone will be the guest of Lord Rosebery to-night, and will continue his journey to-morrow.

Gladstone to the Delegates.

LONDON, Dec. 14.—Four hundred of the rural delegates to the National Liberal Federation conference, which opened yesterday in Memorial Hall, Farrington-street, partook of a breakfast this morning, at which the principal guest was Mr. Gladstone. When Mr. and Mrs. Gladstone entered the room there was a scene of great enthusiasm. Mr. Gladstone said he thought the time had come for the commencement of continuous efforts to bring about rural reforms and these efforts ought not to be terminated until their just ends had been attained. Mr. Gladstone said the labor question had a wide range. Home Rule was part of the labor controversy, as the bulk of those in whose behalf they were struggling were laborers or small farmers. The condition of rural laborers was almost as urgent a question. The proof of this statement lay in the constant migration of these laborers. Every endeavor ought to be made to keep laborers at home. He hoped to see labor candidates for seats in Parliament increase in number, and they ought not to be saddled with frightful election expenses. Mr. Gladstone enforced upon his hearers the necessity for parish councils, which, he maintained, were a necessary complement to local government. He held that the laborers should have free access to land, and the local authorities ought to be given power to purchase or lease land for this purpose.

Mr. Gladstone urged the abolition of the common law against conspiracy. This law, he said, had given rise to proceedings that were adverse to the liberties of the people. Speaking with particular reference to this law, Mr. Gladstone said: "We must provide for the rural population of Great Britain as well as for the same class in Ireland. Nothing must be a crime which relates to the prosecution of labor in their interests, or because it is done by a combination of men, unless it is an offence against the letter and the spirit of the law."

Mr. Gladstone strongly advocated that parish councils should be charged with the control of parish charities, the care of roads and [illegible] and of rights of way. They should also see that the schools and dwellings were in proper sanitary condition. He said some scheme ought to be devised to offer the laborer, after a long and blameless life, something better than the workhouse. Until that was done society would not have discharged its duties and the aims of the present conference would not be fully attained.

Burned in a Bonfire.

DUNNVILLE, Dec. 14.—Yesterday about 2 p.m. the wife of Mr. William Miller, a farmer residing about five miles east of here, while standing over a bonfire, took a fit, falling in the flames. She was horribly burned in the face and body. It is doubtful whether she will recover from the effects of the burns.

A STRATFORD SENSATION.

A HUSBAND SAYS HIS WIFE TRIED TO POISON HIM.

A Well-Known Canadian Resident of Chicago, Formerly of Perth, Trying to Secure a Divorce From His Wife—Her Marriage a Conspicuous Failure.

CHICAGO, Ill., Dec. 14.—According to his story told to the Superior Court of this county Arthur M. Transom of Stratford, Ont., is fortunate to be alive and able to file a bill for divorce against his wife. Mr. Transom is a well-known Canadian railroad man in the employ of the Grand Trunk Railway, who has lately settled in this city. According to his tale of woe his wife is a perfect Lucretia Borgia. It was on the last day of Feb., 1872, that Mr. Transom, then a young man, married Anna Eliza, the pretty 18-year-old daughter of a prosperous merchant of Ayr, Ont. Mrs. Transom had a handsome pair of snapping black eyes that showed that their possessor had a will of her own, and a very determined one at that. After the marriage the young husband, if his story is to be believed, did everything for his bride that a young husband could do, but he soon developed the fact that she had a most violent temper. She would fly into a passion at the most trivial provocation. Their married life was a conspicuous failure. Ten years fled by and in 1882 the couple were still living together. It was one bright, balmy morning in June that Mr. Transom sat down to his breakfast opposite his wife and with two or three little Transoms on either side of him. Mr. Transom began to devour his food with all the zest of a man with a big appetite. Now if there is any one article of food Mr. Transom dotes on above another it is hash-corned beef, so when on this particular occasion Mr. Transom saw a big steaming plate of hash in front of him he attacked it with great relish. After his first taste, a look of pained surprise passed over his face, but he said nothing. Instead he took another spoonful of the article of food. There was no mistake this time and Mr. Transom said, "Annie, there is something the matter with this hash; what have you been doing to it?" "Nothing," stammered the woman. But Mr. Transom had his own ideas on that subject and he took the hash to a chemist friend of his, who analyzed it. "Great Scott, man!" said the chemist when Transom called the next day to learn the result of the analysis, there is enough poison in that food to kill 10 ordinary men. There is phosphorous and other drugs mixed in it and it is a very narrow escape you have had." Mr. Transom thought so too. It was while the Transoms were visiting in Fort Gratiot, Mich., that Mrs. Transom tried to end her own life by taking poison. The husband's business had called him to other points, but he heard all about the affair when he returned home. What did you want to do such a thing for." he asked his wife. "Because I despise you and I want to die," she replied, "and I only wish that I had been successful when I tried to poison you, but I was not and I was going to poison myself. But Mrs. Transom lived, though her husband left her then and there. He could not afford to live any longer with a woman who had such an unpleasant habit of dropping poison into her own and other people's stomachs. The railroad man claims that since he left his wife she has gone to the bad. There are five children by this marriage, three of whom are able to care for themselves. Transom asks that the custody of the two little ones be awarded to their grandfather, a wealthy old gentleman, Benjamin Howell, living in Canada, who is anxious to bring them up.

A BOLD BURGLAR.

Sensational Arrest and Escape of a Burglar From Port Hope Lock-Up.

PORT HOPE, Ont., Dec. 14.—For some time past numerous burglaries have been committed in the town. Suspicion fell upon a stranger, who since December has boarded at the Royal Hotel and registered as J. S. Lawrence. The Chief Constable arrested him Friday night and lodged him in the lock-up. Lawrence's luggage, a neat bag and parcel, were examined and found to contain a complete burglar's kit, chartridges for blowing safes, saws and files, revolvers, skull-crackers and other weapons and plans of the stores of Messrs. Clark, Mulholland & Brown and Deyell. Property belonging to Messrs. Hargraft & McNachton, of Cobourg, whose premises were recently burglarized, were also found in his possession.

Lawrence had not been in the lock-up long when he discovered a weak spot in the cell. Standing on a bench he cut a hole through the lath and ceiling and rested on the joists. Making a hole through the lath and plaster he dropped into a narrow passageway at the south side of his cell.

Just at this moment Constables Douglas and Gamble who had heard the noise of the fall rushed into the lockup and as the chief reached the door of the passageway, the fellow bolted through the window and climbed the stone wall which entrenches the prison and vanished into the darkness. Blood stains beneath the window showed that he cut himself. This morning a man with injured hand and haggard appearance presented himself at Newtonville station where his injuries were dressed. He immediately afterwards disappeared.

KILLED BY A SPLINTER.

Strange Death of a Listowel Lad While Playing in the House.

LISTOWEL, Ont., Dec. 14.—A most encidental and fatal accident occurred to the youngest son of Mr. William Robinson of the Maryboro' side of the town line. The little fellow, named John and aged 6 years, was upstairs playing with his two sisters; he picked up a splinter of hard wood and was using it in play as a gun, running about the room. He afterwards put it in his mouth for a pipe, when he stumbled and fell towards the bed and had the sharp end of the splinter driven into the roof of his mouth. He bled severely, and though medical aid was at once summoned, he became so weak that nothing could be done and the boy died the next day.

Steward Heismeir of the North German Lloyd steamer Ems was engaged in cleaning a loaded pistol while the steamer was off the Needles, when the weapon discharged, wounding the steward so that he died at Southampton.

The First By-Election.

OTTAWA, Dec. 14.—The writ for an election in North Lanark, as the result of the elevation to the bench of Mr. Jamieson, M.P., has been issued. Nominations Dec. 24, polling Dec. 31.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN who finds his mental faculties dull or failing, or his physical powers flagging should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

Cabinet Reconstruction.

The weeks are passing repidly and the promised reconstruction of the Dominion Cabinet, about which we at one time heard so much, is apparently as far off as ever. It is not surprising, therefore, that even loyal supporters of the Government are becoming restive and beginning to wonder whether the task of making the necessary changes has proved too formidable for the prentice hand of the Premier. There can be, we suppose, no doubt that the demonstration made a few weeks since in favour of Mr. Haggart indicates that whoever may be sacrificed to the political exigency, he is not to be one of the number. Nor can it be disguised that this result was, in some degree, a surprise to many who had not been accustomed to think of the Postmaster-General as one of the strong men of the ministry, either morally or intellectually. This demonstration may, it is not unlikely, have had something to do with the feeling of uneasiness which seems to be showing itself in certain unexpected quarters. On the other hand, it may be said, not without force, that the very fact of refusing to make haste when others are impatient is in itself sometimes a proof of strength. That talent for delay was in fact, as is well known, one of the secrets of Sir John A. Macdonald's wonderful power as a tactician and manager of men. It is quite likely that Mr. Abbott thinks that in his present difficult circumstances he cannot do better than to take a leaf from his predecessor's book. But the time for the re-assembling of Parliament will soon be near, and nothing political is much more certain than that unless the ministry is materially strengthened in the interim its position will not be an enviable one during the coming session.—*The Week.*

Local Option in Mariposa.

Steps have been taken to procure the submission of a local option by-law in Mariposa, and the text of the by law is published in other columns. The voting takes place on Monday, Jan. 4th, next, at the same time as the municipal elections. The Mariposa Temperance Alliance announce a series of public meetings in the township for the discussion of the question. We have no doubt the by-law will be carried by a good majority. All interested should read the copy of the by-law in our advertising columns and attend the meetings.—*Lindsay Post.*

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the favorite remedy for ladies in clearing up the complexion. Druggists sell the package 50c and $1 dw

GOUGH BROS. ON THE TRAIL

OF TOTTERING HOUSES THAT REQUIRE MONEY.

A Wholesale Stock of Clothing bought at Fifty-Two and a Half Cents on the $, comprising over 1800 Overcoats, of Men's, Youths' and Boys' Clothing, and 1800 pairs of Pants extra. GOUGHS have secured this Splendid Bargain Line and commenced to-day a Grand Fitting Out Sale.

Measures for the Men.

READ our CHAMPION OFFER and don't try to duplicate it, for it can't be done:

We offer a Man's Overcoat for $3.90 that cost $4 78 wholesale. We offer splendid fitting Suits, and in 150 different patterns, at $6.00, usually worth $8 75 wholesale. The suit, if sold in the regular retail way, would bring $11.00 and $12.00. Our Great Big Xmas Box for the buyers consists of 900 Overcoats, ranging in price $17.00, $16.00 and $14 00. Your choice for $10.00. The cloth alone is worth more than we ask for the whole Overcoat complete.

Look them all through, and then come to us and if we fail to convince the most skeptical that our stock is not at least five times larger, and our prices at least 50 per cent. lower, than those of other dealers, we will give a whole out-fit free.

WHAT WE SAY ABOUT THESE GOODS.

ONE man's extremity is another man's opportunity. Our grip on the market has brought this bargain to our counters. We want the public to know just what we offer. When we say the goods are bargains, they are positive. When we say that no such bargains were ever before offered, we have the goods to back up the statement. We nail the flag of Cheap and Good Goods to the mast, and defy any dealer on earth to lower our colors.

OUR PLAN TO HELP YOU HERE.

We want every one to come and see what we are doing. Drive if you can, come by water, by stage or on foot, for there's money for you in the expedition. That there shall be no excuse, we will pay railroad fare of any passenger within a radius of fifty miles, who comes to our sale and buys $10 worth of goods or upwards.

The Great Guessing Competition.

Big Values in Christmas Goods—With a Chance for Magnificent Prizes Thrown in: $50 Gold Watch, $20 Silver Watch and $5 Carving Set.

Attention is directed to the announcement in another column of a grand guessing competition to be conducted in connection with the Peterborough Bookstore. This is a real competition. The prizes offered will be genuine, reliable, valuable gold and silver watches and the carving set is one of the best made. The goods will be sold at the regular rates, which are of the lowest, and every dollar's worth of goods bought entitles the purchaser to a guessing ticket and consequently gives him or her a chance of winning one of the elegant prizes offered. Full particulars of the conditions governing this competition may be found by consulting the advertisement in another column. This competition will be a genuine, fairly and squarely conducted contest with every precaution taken to insure the utmost fairness in every respect. The number of articles in the sealed jar whose contents are to be guessed upon, is known to no living man.

In the Matter of the Peterborough Bookstore Competition :

We, James W. Brisbin, of the town of Peterborough, merchant ; William Collins, of the township of North Monaghan, farmer ; and George E. Elliott, of the township of Smith, farmer, do hereby certify :

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

GEO. E. ELLIOTT,
WM. COLLINS,
J. W. BRISBIN.

The deciding committees will be composed of some of our most reliable citizens. The keys of the ballot boxes in which the guessing tickets will be deposited, will be in the hands of the committee and in every respect the contest will be *fair*, above board and bona-fide.

The Belmont Gold Mine.

Reports from the Belmont gold mine are of the most encouraging nature. Forty men are now working night and day. The shaft has been sunk a distance of 60 feet and the ore is now panning out $18 to the ton, which is very high average. On Tuesday of last week the first Crawford reducing mills which came to Canada, arrived at Belleville, and will be sent out to Belmont and put into operation at once. The machinery was bought from Roby & Co., of Lincoln, England, and were patented in June last. By these mills the ore is reduced by a chemical process. Workmen are busily engaged in erecting steam and electric drills and steam hoists at the mines. The celebrated Gate's ore breakers are put in. Telephone connection has been made with Marmora. T. P. Pearce, an extensive miner and capitalist of North Hastings, has granted the company free water power. Millions of capital, both in England and the United States, are anxiously waiting further developments, before stepping in and opening out this mine on an extensive scale. From present indications there is no reason to doubt that Belmont has a good sized gold mine on its hands and will yet turn out to be one of the biggest mines in America. Samples are shipped daily to New York and have created considerable attention in Wall street.—Norwood *Register*.

What Does it Mean?

"100 doses one dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations, taken according to directions, are gone in a week. Therefore be sure to get Hood's Sarsaparilla, the best blood purifier.

Children Cry for Pitcher's Castoria

Grand Trunk Fire Company.

It may not be generally known that a very efficient fire company has been organized for some months among the G.T.R. employees in town, and great interest is taken by the men in the work. Wherever the G.T.R. keeps a large resident force such an organization is encouraged in every possible way, and last summer Mr. J. Storer, locomotive superintendent, picked out the different teams, practice being held Friday afternoon. Lately a series of hose-reel competitions have been taking place along the line, with the result that the Lindsay men have been victorious in each with the greatest ease. The last was with York, when the Lindsay team of eleven men and Capt. J. Storer, beat all previous records. The work was (1) to run 100 yards with reel, lay 350 feet of hose, fix nozzle, get water, and break a disc 30 yards distant; (2) replace 50 feet of hose, get water and break disc; (3) add 50 feet of hose, run 300 feet, put on nozzle, break disc and roll up. The time occupied in executing the three movements was 3m. 39⅗s. The York team took 5m. 57⅗s to do the same movements. Mr. Storer has good reason to be proud of his men from the fact that the ground was in poor condition.—*Post.*

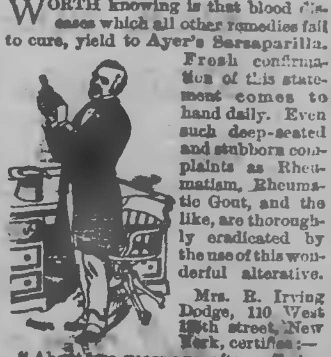
A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.



Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. E. Irving Dodge, 110 West 125th street, New York, certifies :—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

Charges of Perjury.

On Saturday afternoon Mr. and Mrs. John Montgomery, of Bridgenorth, appeared before County Police Magistrate Edmison, with whom was associated D. W. Dumble, police magistrate, to answer to charges of perjury preferred by John Pope. Two informations were sworn out against Mrs. Montgomery, the substance of which were that she did, before County Magistrate Edmison at the preliminary hearing and at the General Sessions before the county judge, in her evidence in the Pope Finley seduction case, commit perjury. In the same case it is alleged that John Montgomery did also commit perjury before the county judge. After hearing objections by Mr. Edwards, counsel for defendants, the magistrates adjourned the hearing for one week—till next Saturday—to consider the questions of law raised by Mr. Edwards. Mr. Wood appeared on behalf of the Crown, and Mr. Poussette on behalf of the complainant.

Personal.

Mr. Fred Clarke has been appointed organist of St. John's church, his duties to begin on January 1st.

The Bobcaygeon *Independent* says:—The removal of C. Gunsolus and family, to Peterborough, will be the loss of a citizen who has been in the village for many years, and one who had become identified with the sporting interest of the locality.

Mr. A. P. Poussette, Q. C., left this morning for Oswego, New York, where he will examine witnesses under commission, issued by the Master in Chambers, in Toronto, some months since, in the suit at present pending, the Standard Agency Company of Montreal vs. the Dickson Company. Mr. Haslitt accompanied Mr. Poussette, and Mr. E. B Edwards, solicitor for the plaintiffs, goes to-morrow morning to Oswego in their interests.

The Ogilvie Expedition Safe!

It Arrives at Edmonton this Morning—A Telegram Received From "Charley" Gladman.

Mr. Thomas Gladman is to-day the happiest man in town. He received the following telegram at noon:—

EDMONTON, N.W.T. Dec. 14th.

To T. GLADMAN, Peterborough.—Leave for Peterborough via Ottawa on Wednesday. All well.

CHARLEY.

Mr. Charles Gladman said goodbye to his parents here last June, and started off on the Ogilvie expedition, the projected course of which was detailed in the EXAMINER a few days ago. The time having elapsed, which was thought the expedition would last, Mr. Gladman knowing the dangers of the course to be travelled, and not having had a scratch of a pen from his son for five and a half months, began to feel anxious for the safety of the members of the expedition, and only those who have experienced a similar anxiety can understand the feeling of intense relief and joy which he experienced upon the receipt of the above telegram. Mr. Charles Gladman has very many friends in Peterborough, who will rejoice that he has come safely through over five months tramping through a land, a larger part of which had never before felt the pressure of the foot of a civilized man. It is expected that Mr. Gladman will arrive in Peterborough the latter part of this week and he will receive a most hearty welcome.

Police Court.

MONDAY, Dec. 14th.

Fred Meyner who had been arrested by County Constable John Holmes, at Stricklands' shanty, in Chandos, on Saturday afternoon, was arraigned on a charge of having feloniously received from Christopher Graham, knowing the same to have been stolen from James Donovan, the sum of $30. The prisoner elected to be tried summarily and pleaded guilty.

Christopher Graham was brought up on remand, from Thursday, and the preliminary hearing in the charge of feloniously taking a sum of money from the person of James Donovan on the night of December 7th was begun.

JAMES DONOVAN testified that he had been drinking with Graham and Meyner at Connor's hotel on the date in question and left there about nine o'clock and went to Cavanagh's. He did not know whether they went h m or not, but he saw them at Cavanagh's. When he left Cavanagh's he started for home by way of Water street. Graham and Meyner were with him. While on King street he had his purse with him. When he reached home he found his money was gone. In cross-examination the witness testified that he had been drinking and that his recollection was not very clear as to what amount of money he had when he left Connor's.

To MR. WOOD—Witness said that an effort had been made after Christopher Graham's arrest by George Graham and T. Cavanagh to settle the matter. Mr. Cavanagh said if George Graham did not make the money good he would; the money referred to was the ten dollars witness had lost.

JOHN DONOVAN, bartender of Connor's hotel, testified that Graham and Meyner were with Donovan at that hotel and that they left the place with him. Donovan was drinking and treating.

T. CAVANAGH testified to the fact that on the night in question Graham had got a $10 bill—the amount claimed by Donovan to have been stolen, changed at his place.

FRED MEYNER, who had just previously pleaded guilty to having received $3 from Graham, part of the money which he believed Graham had stolen from Donovan, said that Graham had told witness that he had got the money from Donovan.

This concluded the evidence and the magistrate held that a *prima facie* case had been made out and he committed the prisoner for trial, fixing bail at two good sureties of $500 each. Upon Mr. Stone, who appeared for the accused, objecting to the amount, the matter of bail was left open to permit Mr. Stone to apply to the county judge.

Fred Meyner then stood up for sentence. The magistrate said that the circumstances of the case which pointed the existence of a deliberate conspiracy to rob Donovan in a manner very like highway robbery, prevented him even in view of the prisoner, Meyner, having confessed to receiving a portion of the money, from imposing a light sentence. The sentence of the court was that he, Frederick Meyner, be confined in the common jail at hard labor for the period of three months.

Y. M. C. A. Notes.

On Saturday night the first young men's rally was held in the new hall, and the attendance and interest were gratifying and helpful. Bright testimonies were given and the singing was hearty, being led by the orchestra.

Mr. Albert Hamilton conducted the Bible study and consecration service Sabbath morning. The attendance was large and all received a blessing.

Personal purity meeting yesterday afternoon was led by the general secretary, who gave a short talk on "What Shall the Harvest be?" Much interest was shown by the large number of young men present. The Y.M.C.A. band led the singing.

Rev. Mr. McWilliams gave the address at the gospel and song service last evening. The new hall was crowded to excess—many being unable to obtain admittance. Rev. Mr. McWilliams' address was very practical and helpful to all present, the theme being, "Aids to Prosperity." It was so encouraging to see the great interest manifested in our work by the large number who are attending our meetings.

A committee conference will be held on Tuesday evening at eight o'clock.

Bible study for young men on Thursday evening at eight o'clock.

Boys' meeting Friday evening at seven o'clock.

We desire to convey publicly our sincere and heartfelt thanks to the Ladies' Auxiliary and others who have so elegantly furnished our new home; also to Messrs. Frank. Mason and Arthur Blade for cut flowers and potted plants to beautify the same, and to one and all who have given their time and help so generously to assist us in getting settled in our new home.

Missing Mail Bag Recovered.

Some months ago, says the Lindsay *Post*, the Bobcaygeon mail bag disappeared from the Lindsay post office in some unaccountable way. An investigation was held by Mr. Spry, when the clerks declared that the bag lost was amongst those handed to the mail carrier to be delivered to the east bound train, but the carrier stoutly denied that he had been given the bag in question. Now the employees have been vindicated in an unexpected manner. Tuesday last Mr. Workman while getting his cutters ready for use, discovered the bag under the seat of one of them, and promptly conveyed it to the post office, where the recovery was the signal for general rejoicing, as Mr. Gladman and the staff felt deeply its inexplicable loss. We congratulate them upon the happy clearing up of the mystery.

Oh, What a Cough!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

Annual Meeting of St. Paul's Auxiliary

Of the Women's Foreign Mission Society—Reports Presented—Mrs. Harvie's Address—Officers Elected.

The ninth annual meeting of St. Paul's Auxiliary of the Women's Foreign Mission Society of the Presbyterian Church was held in the school room Friday afternoon, Mrs. Fairbairn, president, in the chair. The opening devotional exercises were conducted by Mrs. Dennistoun, who also read Isaiah xl. Reports of the Auxiliary and Mission Band were read and appear below:

ANNUAL REPORT.

Miss Flora H. Davidson presented the ninth annual report of St. Paul's Auxiliary of the Woman's Foreign Missionary Society:

I beg to submit the following report of the proceedings of the Woman's Foreign Missionary Society of St. Paul's church for the past year:—

The meetings have been held regularly during the year, average attendance, 23. Amount contributed $212 which is $17.52 less than last year, but although a smaller sum yet it shows a better rate of contribution, as we had $50 life membership last year and this year it is all voluntary. The total number of members is 53; 31 of whom belong to the general society and 7 of whom are life members. Fifty dollars was raised for the North West this year. In February last a letter was received from Miss Walker at Portage La Prairie thanking the society for the box of Christmas gifts sent in December. The "Interior" was sent as usual to our lady missionaries in India. The annual meeting of the Presbyterial Society was held in St. Paul's church in January. The meeting in the afternoon was very well attended and was addressed by Mrs. Graham of Lakefield and Mrs. Macnachtan of Cobourg.

Our Auxiliary was represented by Miss Fairbairn and the Secretary at the annual meeting of the general society held in Kingston in April, and the report of same given at the May meeting. Miss Reid attended the semi-annual Presbyterial held in Bobcaygeon in July and brought back a most interesting report. We had a most successful thanksgiving meeting in October, Miss Haultain, a former member, and Mrs. Locke, of the George street Methodist church, giving short addresses. The thank-offering amounted to $54.

In the beginning of the year each member undertook to find out all they could about a given missionary. It has made the meetings much more interesting.

It was our privilege in March, by the kind invitation of St. John's Auxiliary, to hear the Bishop of Saskatchewan and Calgary give an account of their work in the North-west among the Indians. We have to thank the Stewart settlement for the addition of $17 to our funds.

Since our last annual meeting our Heavenly Father has called one of our members home to Himself, the late Mrs. Roper.

Before closing our report there is one question we would ask. How is it, out of so large a congregation, no more come to our meetings? There are about 400 women and girls in the congregation. About 100 belong to this Auxiliary and Mission Band. We should be glad to welcome more, yes double the number to our monthly meetings. We are commended to preach the Gospel to the heathen. We cannot all go to foreign lands, but—

If you cannot cross the ocean,
And the heathen lands explore,
You can find the heathen nearer—
You can help them at your door.

If you cannot give your thousands,
You can give the widow's mite;
And the least you give for Jesus
Will be precious in His sight.

Let none hear you idly saying
"There is nothing I can do,"
While the souls of men are dying
And the Master calls for you.

Take the task He gives you gladly—
Let His work your pleasure be;
Answer quickly when He calleth,
Here am I, send me, send me.

FLORA H. DAVIDSON,
Secretary.

Mrs. Fairbairn made an urgent appeal to the women of the congregation to join in the work of the Auxiliary. A greeting from the Baptist Mission Circle was received.

"FAITHFUL WORKERS'" WORK.

Miss Annie Hall presented the eighth annual report of the Faithful Worker's Mission Band.

The year which has just closed, so far as we ourselves can judge has been a prosperous one, in the history of the band. Although we cannot report a large increase in membership, still the meetings, on the whole have been well attended, the number of members on the roll being 30, with an average attendance of 16.

This year it was deemed advisable to separate the juvenile band from our own; accordingly this was done and under Miss Tucker's able management, the Fraser Mission Band has been doing splendid work.

The amount raised by the band during the year is $167.73, exclusive of $37, raised by the Fraser Band; we are glad to be able to report a considerable increase over the amount raised, last year. Part of this money was derived from the proceeds of a lecture delivered by Rev. Mr. Johnston, of Lindsay, in February, a lawn social in June and an entertainment given last week by the Band. The sale of calendars at the beginning of the year also added to the amount. Instead of sending our usual contribution of clothing to the North West we were asked this year to provide an outfit for one small boy, or give the equivalent in cash, accordingly $5 was donated for this purpose.

By subscribing $1 to the Presbyterial circulating library we have had interesting books, bearing on mission work sent us regularly.

Our Band was represented at the annual meeting of the W. T. M. S. by Miss Fairbairn, when Miss Sim was our delegate to the semi-annual meeting of the Presbyterial Society; from both meetings full and interesting reports were brought back.

In October we held our usual Thanksgiving meeting, which was well attended.

In conclusion let us once more invite the young women connected with our congregation to become members of the Mission Band and with increased membership increased interest will follow, and trusting in the strength of Him who hath hitherto helped us, we hope in future to do better and more faithful work.

MRS. HARVIE'S ADDRESS.

Mrs. Harvie, of Toronto, gave a most impressive and much appreciated address. She began by pointing out that the equipment of of Christian women in the work of promoting the evangelization of the world was two-fold, consisting of preparation and purpose. The preparation involved the seeking for and obtaining a high spiritual life, the diligent and prayerful study of God's Word, prayer and meditation, the power of the Holy Spirit for service, heart consecration, the yielding up of the will to God's service, and faithful service, the consecration of all our gifts and powers to the Lord Jesus. The purpose of women's work for women should be the evangelization of their sisters in heathendom, to bring every women into practical touch with the work. Women should be deeply and earnestly interested in this work in order to give practical obedience to our Saviour's command to go into the world and teach all nations. Since the providence of God had opened so many doors to the Gospel, the women were urged to enter in and work for as Christian women they had from a human standpoint, the second coming of our Lord in their hands. God had chosen the weak things of the world to confound the mighty, and women should be very grateful that they had the grand opportunity of being used in God's work, and to this end they should give of their means and themselves, both old and young. Mrs. Harvie closed with on earnest appeal to women to volunteer to supply the demand of laborers for the Lord's harvest.

A cordial vote of thanks, moved by Mrs. Dennistoun and seconded by Mrs. McPherson, was tendered Mrs. Harvie.

While the collection was being taken Miss Sophie Cameron sang a sacred solo.

Miss Martha Dickson offered the dedicatory prayer, and the successful and encouraging meeting was closed by singing, and prayer by Mrs. McPherson.

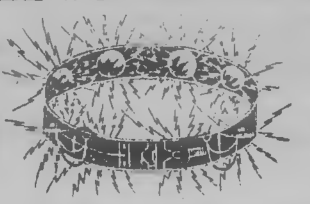
FOR MEDICAL PURPOSES
BY THE
DORENWEND
ELECTRIC BELT
And Attachments.
HEAD OFFICE—103 Yonge St., Toronto
THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The *Dorenwend* is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT OF QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM but, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

The Heslop Murder.

BRANTFORD, Dec. 12.—At the County Court here to-day John Bartram was charged with stealing a steer from John A. McDonald and a steer from William Sherry in October, 1890. He was found guilty and sentenced to 23 months in the Central Prison, Toronto.

Bartram and Lottridge were given over to Detective Greer by the county authorities here. That officer will proceed at once with them to the Wentworth county jail at Hamilton, where the trial will be held when the evidence has been completed. The opinion is gaining ground here that the officers of the law have a very hard task before them in their attempt to convict the prisoners now under arrest on suspicion of having murdered John Heslop.

Although Detective Greer has obtained possession of suspicious circumstances tending to implicate the accused, the feeling among the people who have come into the city from Middleport and other parts of the Indian reserve is that the officers working up the case will never be able to convict Jack Bartram.

There are no new developments in the case, most of what has been telegraphed being surmises, conjectures and fabrications.

Bartram, Lottridge and Douglas, it is believed, will undertake to prove an alibi. Bartram's relatives at Middleport state that he started from Middleport at 4 o'clock in the morning on the night of the tragedy for Hamilton with a load of wood for his son. If he had done this he would have passed through Ancaster, as that was the shortest and best road. He would have reached Ancaster, which is 11 miles from Middleport, about 7 o'clock in the morning, and at a time when the villagers were all astir. As a matter of fact no person remembered having seen him pass through with a load of wood. The party who tells this story says that he took a single one-horse wagon. This seems highly improbable, when it is considered that he had 20 miles to drive with his vehicle loaded down with wood. Bartram's neice at Middleport states that she is prepared to swear that Jack was playing cards all night at that place on the night of the Heslop murder. It has been discovered that when Bartram and Douglas disappeared so mysteriously after they were seen in Hamilton the day after the tragedy the former went over the Great Western division to Detroit, and from that place he went to Owosso, Michigan, where he remained two weeks and three days, while Douglas went east to the Falls, crossed over to the American side and joined Goosey where he was working down near Lewiston.

LAZIEST MAN ON EARTH.

Whitecaps Visit Him and Threaten Him With Death.

BELLEVILLE, Ont., Dec. 11.—The laziest man in the county is Benjamin Harris, who lives near Canifton. Last night 40 masked men visited his house. An entrance being affected, the demands of the whitecaps were read that Harris should properly support his family and feed his horses, or in the event of his not doing so within three days his dead body would be carried out in a coffin.

This the now thoroughly scared victim promised to do, when he was led out into the cold night air, where, surrounded by the horsemen and with the stars for witness, he was, on bended knees, compelled to promise to comply with the demands of the whitecaps, who, with a fiendish yell, "beware," clapped spurs to their horses and disappeared as mysteriously as they came.

Decoyed to Destruction.

BUFFALO, Dec. 12.—William Wood and Arthur Axtell Woods, his stepson, are on trial for inducing girls to come here from Canada for immoral purposes. Frankie Levelle, the prosecuting witness, testified that she was born in Haliburton and lived there until 13 years old. For the past three years she has lived in Toronto and met Woods in Church-street in that city about the middle of October. She was then "rooming" in Yonge-street. She was accompanied by Lizzie Hastings when she first met Wood and Miss Hastings knew the letter. An introduction followed and Miss Hastings interrogated Wood as to whether he had yet found a housekeeper. He hadn't, and Frankie Levelle was suggested. Wood told her to call at 2½ Draper-street, which she did. Defendant's son was there but no women. She agreed to do the house work for her board. She lived there two weeks and did the house work. Then for one week all three moved to No. 22 Draper-street, the house of Mrs. Mills, where they lived for one week. Then defendant asked her to come to Buffalo. She came to Buffalo about the middle of October with Wood and his stepson Arthur Axtell. They were accompanied by Mrs. Mills, her child and her sister, Annie Hudson.

Perils of Modern Life.

Contacts with electric wires, railroad accidents, broken car and elevator cables, explosions of steam, natural gas and chemicals, poisons in adulterated food and drink, are a few; but all these dangers combined do not kill as rapidly as slow and sure consumption.

The death rate, however, from consumption, is being yearly cut down since Dr. Pierce, of Buffalo, N. Y., has given to the world his celebrated "Golden Medical Discovery," a cure for consumption and throat and lung troubles that lead to consumption, if taken in time and given a fair trial. The time to cure consumption (which is nothing more or less than lung scrofula) is in the first stages. A cough generally sounds the alarm, and you should take the "Discovery" at once. There is a time when it is too late.

A year ago Carson married Miss Susie Richardson, but because of his drunkenness and cruelty she was compelled to return to her father's home, which is in "Nine Mile Bottom," 25 miles from here. To-day Carson went to Richardson's house and demanded his wife. The old gentleman refused the request, when Carson shot at him, the ball passing through both hips. Mrs. Richardson, who was in the kitchen, heard the shots and hurried to the room where Carson was and was shot directly through the forehead, dying instantly. The murderer then mounted his horse and escaped into Bent Canyon.

It is a pleasure for me to say good words in favor of Anti Dandruff, as its merits cannot be questioned. In my own case dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of dandruff disappeared but the falling of the hair has stopped. Having full faith in the preparation I not only endorse it for the above, but further add that as a dressing for the hair nothing equals it.

"August Flower"

What is It For? This is the query perpetually on your little boy's lips. And he is no worse than the bigger, older, balder-headed boys. Life is an interrogation point. "What is it for?" we continually cry from the cradle to the grave. So with this little introductory sermon we turn and ask: "What is AUGUST FLOWER FOR?" As easily answered as asked: It is for Dyspepsia. It is a special remedy for the Stomach and Liver. Nothing more than this; but this brimful. We believe August Flower cures Dyspepsia. We know it will. We have reasons for knowing it. Twenty years ago it started in a small country town. To-day it has an honored place in every city and country store, possesses one of the largest manufacturing plants in the country and sells everywhere. Why is this? The reason is as simple as a child's thought. It is honest, does one thing, and does it right along—it cures Dyspepsia. ●

Too Lazy to Work

The White Caps Make a Visit at Night to a Lazy Man at Canifton—They Compel Him, Upon Bended Knee, to Promise That he Work in the Future, Rather Than Be Taken From Home in a Coffin.

The laziest man in the county is Benjamin Harris, who lives near Canifton. He is well known in the neighborhood, and it was determined that Harris should be made to work. To that end about half a hundred masked horsemen might have been seen on Tuesday night wending their way to his humble dwelling, which, when reached, the leader demanded admittance in the name of the mighty an irresistible order of White Caps. The admittance was refused; when "right wheel!" cried the leader, and the body of men and horses filed around the building to the dismay of Harris, whose wife offered to let her husband go out if they would not hurt him. An entrance being effected, the reasonable demands of the white caps were read; that Harris should properly support his family and feed his horses, or in the event of his not doing so within three days his dead body would be carried out in a coffin.

This the now thoroughly scared victim promised to do, when he was led out into the cold night air, where, surrounded by the horsemen and with stars for witness, he was, on bended knees, compelled to promise to comply with the demands of the white caps, who, with a fiendish yell "beware," clapped spurs to their horses and disappeared as mysteriously as they came.

Harris says he has been looking for work since, but cannot find any, and as the three days' grace will expire to-morrow night, it is only possible that the dread threats of the white caps will be carried into execution.—*Belleville Intelligencer.*

A Pretty Story by Cable.

LONDON, Dec. 12—Princess Victoria Mary of Teck may be granted a dowry by Parliament, the act of 1889, barring a special grant to the Duke. The wedding may take place earlier than hitherto announced, possibly on Feb. 10. Mr. Gladstone and wife called at Marlborough House yesterday to offer their congratulations, and the Queen gave a dinner at Windsor last night to the whole Teck family.

There are current stories that the betrothal is due to the Duke of Clarence's persistent love under great opposition do not agree with court reports. On the contrary it is known that the Duke of Clarence has long been enamored of Princess Helene of Orleans and that two years ago he personally declared his passion to the Comte de Paris and received the assurance that Princess Helene reciprocated his love and that both her father avd mother approved the match. Princess Helene then went to Rome to put the question of a change of religion as an absolute necessity before the Pope who told her that it would be impossible that such a change could obtain his remotest sympathy. The position remained unsettled until Prince George became ill when tha Queen and the Pricess and Prince of Wales became alarmed over the chance of the Duke of Fife nearing the throne. Pressure was then put on the Duke of Clarence and Avondale on every side family and Cabinet reasons being adduced against an alliance with the House of Fiance. This pressure led to his acceptance of Princess Victoria Mary, for whom he has shown a cousinly liking. The Queen has promised a dowry to the bride.

On the occasion of the coming marriage the Queen will raise the Duke of Teck and his children to the dignity of "Royal Highnesses." They are now simply "highnesses."

What Will the Weather Be?

The local weather prophets of Campbellford, says the *Herald*, have taken their observations, and give it as their opinion that the winter will be cold and broken throughout December, January and February. The tendency will be more to rain and dampness than snow and dry, cold weather. What snowfalls there may be will be followed by rising temperature and thaws. Bare roads and mud will be seen during the three months.

Quite in harmony with this forecaste is that given by Capt. Howard, of Belleville, who has proved himself a successful weather seer. He says: "The winter will be a most unusually mild one. The month of December, however, will have some cold, stormy weather, January and February being very mild for those months, there being plenty of rain and slush. Altogether, instead of dry, cold weather, it is probable the present will be a wet, mild winter."

Let us wait and see who will be nearer the mark, our local weather wise, or the professors of science and goosebone, muskrat and corn husk theorists, who have predicted a very hard winter.

Nearly all colds are slight at first, but their tendency is to so lower the system that the sufferer becomes a ready victim to any prevalent disease. The use of Ayer's Cherry Pectoral, in the beginning of a cold, would guard against the danger. dw

MICHAEL DAVITT WOUNDED.

A Mob Tries to Prevent the Irish Leader From Walking.

WATERFORD, Ireland, Dec. 14.—Michael Davitt, the Irish leader, was seriously wounded during a riot here yesterday. Mr. Davitt and William O'Brien had come to Waterford to support the candidature of Mr. Keane, who, on Mr. Davitt himself declining to oppose him, was nominated by the McCarthyites for the seat in Parliament made vacant by the death of Richard Power.

The riot was one of the most sanguinary and vicious of any of the political rows that have recently attended the discussions of the rival leaders.

The fight was started by the Parnellite faction, and for an hour they fought at close quarters despite the presence of 600 police in the city.

During the melee Mr. Davitt received a nasty cut on the forehead from which the blood flowed freely.

At a subsequent meeting O'Brien announced that Davitt's answer to the blow was that now he was a candidate for Waterford. O'Brien also accused the police of using their batons more in favor of the attacking Parnellites than the McCarthyites.

The respective bands of musicians received much ill-usage. Their brass horns were twisted and their drums torn into shreds.

While Mr. O'Brien was making his speech Dr. Tanner was busy in dressing the wound on Mr. Davitt's head, and after he was salved and bandaged that gentleman appeared at one of the windows of the club house and spoke briefly.

Mr. Redmond upon hearing of the affair immediately drove to Mr. Davitt's hotel and left a note expressive of his regret for what had occurred.

A MARQUIS' POVERTY.

Savernake Forest to be Sold to Pay the Titled Owner's Debts.

LONDON, Dec. 14.—In August last the Marquis of Ailsbury applied to Justice Sterling of the Lord Chancellor's Court for application to sell his estate, Savernake Forest. He gave his reason for desiring to sell the property that he wanted the money which the estate would sell for the purpose of paying his debts. It is said the Marquis owes £750,000, the price asked for the property, and this sum Lord Iveagh agreed to pay if the court would authorize the sale. The application was opposed by the other heirs on the ground that usurers would alone reap the benefit upon the sale. Judge Sterling declined to grant the required permission.

From this decision the Marquis appealed and the case was carried to the Court of Appeals. The court has just handed down an opinion, overruling the decision of the Lord Chancellor's court and sanctioning the sale of Sevarnake Forest, and it is expected Lord Iveagh will soon be in possession of the property.

Sevarnake Forest when it came into possession of the present Marquis of Ailsbury was one of the "show" places of England. The estate comprises 40,000 acres and is a magnificent property, despite the fact that its present owner has cut down most of the gigantic oaks, for which and other things the place was noted. When the father of the Marquis died six years ago the present holder of the title owed a notorious money lender named Sam Lewis £20,000, for which he had post obits, and in his obligation to Justice Sterling the Marquis testified that he was still living on the money-lender's bounty. He declared that he had no money to keep the estate in repair.

THE WAR CLOUD.

What the Engagement on Pamir Frontier May Result In.

LONDON, Dec. 14.—Is it to be war with Russia? This is the question Englishmen are now asking themselves wherever that drum beats. Later despatches from Calcutta received this morning confirm the news of the capture of a fort near Gilgil, the most advanced British agency on the frontier near Pamir. These latter advices also confirm the gallantry of the British troops. Russian money and Russian arms and ammunition are said to have been found upon some of the prisoners and one of the dead. Col. Durand though suffering severely from his wounds, has prepared and forwarded to the Commander-in-Chief a report of the operations and the causes which led to them. It is understood that Russian intrigues are undoubtedly at the bottom of the affair.

THE "SINJIN" SUIT.

Keyhole Light at the St. John-Marius Divorce Suit.

LONDON, Dec. 14.—In the divorce suit of Miss St. John a housemaid named Hubble gave damaging testimony against the actress. "Sinjin" used to call the girl a "d—— fool." A theatrical dresser named Bruce, employed in the Gaiety Theatre, gave similar testimony, also implicating Cohen.

France and the Vatican.

LONDON, Dec. 14.—The Standard's Rome correspondent says: "Explicit declarations have passed between France and the Vatican with the view of promoting cordial relations between that Government and the papal see. On the part of France it was stated that the Government did not desire to attack the Pope, but that the question of internal order constrained the Government to maintain its own authority. To this the Vatican replied that it did not desire to foment a rebellion and had advised the French bishops to be prudent, but it could not impose a definite line of conduct in regard to such a delicate question."

IN SAN GABRIEL VALLEY.

A Destructive Wind Storm Causes Immense Damage in California.

LOS ANGELES, Cal., Dec 14.—A destructive wind storm visited Los Angeles and vicinity Thursday night and early Friday morning. Its severity seems to have been greatest at Passadena and San Gabriel Valley. So far as reported but two persons were killed. At Passadena several churches were wrecked. The Raymond Hotel suffered serious loss.

The storm was terrific up in San Francisco Valley. The old mission at San Fernando was shaken up as it never was before. Great chunks of the walls weighing a ton were hurled about; big timbers placed in position in the old place were suddenly dropped from their resting place and tossed about.

The old Mission Church at San Gabriel was badly damaged by the gale.

FORGIVING EDITH.

It Was Against Buffalo's Ex-Superintendent of Police and For $20,000.

BUFFALO, Dec. 14.—The suit of Mrs. Edith Sessions Tupper, of this city, against Ex-Police Superintendent Martin Morin of Buffalo has been discontinued. Mrs. Tupper sued Morin for $20,000 damages for illegally causing her arrest. She went to Toronto on July 19, 1890, to visit relatives in that city. When she reached Toronto she was placed under arrest on the supposition that she was Mary Wilson, who was wanted by the Buffalo police for robbing the house of her employer, Edwin G. S. Miller, of property valued at $3000.

The court room was packed with an angry crowd, and the officers had difficulty in repelling an attempt to get at the prisoner. A mob attacked the miscreant when being taken back to jail, but without success. Wood, who denies his guilt and seemed indifferent to his surroundings, was remanded until Tuesday.

Patent Right Swindlers.

WINDSOR, Ont., Dec. 14.—Scribner and McGill, the patent right note manipulators who were convicted on two charges of forgery, were sentenced yesterday by Judge Horne. Scribner was given three years at hard labor at Kingston. McGill was let off with six months in the Central Prison at Toronto.

Ravages of Influenza.

LONDON, Dec. 14.—Reports of ravages of influenza in various parts of Europe are being constantly received. At Perigneux, France, 20 of the 22 nuns occupying the Convent of St. Claire were prostrated with the disease. When the nuns finally consented to admit outsiders, who for several days had vainly sought to offer them assistance, it was found that the poor women were in a starving condition, only remaining food consisting of a small quantity of dried beans. Proper food and medical attendance were promptly supplied and the sufferers are now rapidly recovering. At Hamburg 2000 cases of influenza have been reported during the past week and the death-roll has not diminished.

The famous pianist Von Boulow is a victim of the disease and is in a critical condition.

For Another's Sin.

LONDON, Dec. 14.—Jane Wade, sister of the manager of the banking firm of Bawtree, Danway & Curson of Colchester, which suspended Tuesday last, was so distressed at the failure that she committed suicide last night by hanging herself.

"While of Unsound Mind."

SHERBROOKE, Que., Dec. 14.—James K. Wilder of Lennoxville committed suicide on Thursday by shooting himself with a rifle. The coroner's jury found that "he came to his death by his own hand while temporarily of unsound mind."

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

THE PAMIR INCIDENT.

THE GOVERNMENT PUSHING FORWARD REINFORCEMENTS.

The Czar Must Make an Explicit Explanation of All the Circumstances—Brutal Murder by Poachers—The Times and the Newfoundland Question.

LONDON, Dec. 15.—Despatches from Calcutta say that there has been considerable fighting near Gilgil, on the Pamir frontier, but that the engagements have been of a desultory character. The tribesmen have taken to the hills and all pursuit has been stopped for the present. There has been no further loss of life among the British and the wounded are all doing well.

Additional reinforcements have been ordered to march towards Gilgil immediately, and the Indian Government is strengthening the passes and advancing the defences and roads in the direction of the threatened disturbances.

Lord Salisbury demanded from the Russian Government an explanation, which the Czar promised, and the outcome will be the appointment of a joint Chinese-Russian and British commission to consider the whole question.

THE PRESIDENT SCORED.

At a Meeting of the Hudson Bay Company in London.

LONDON, Dec. 15.—A lively Hudson Bay meeting was held yesterday, lasting two hours, Sir Donald Smith presiding.

On the motion to re-elect Sir Donald Smith to the board, Mr. MacLean opened a vigorous and sometimes heated debate on Sir Donald's course as governor. Mr. MacLean denounced the policy of the board as one of obstruction and concealment. He congratulated the company on the good effects of bringing new blood into the management.

Sir Donald, replying amid cheers, said that he held £120,000 in Hudson Bay stock. That showed where his interests lay. The dividends paid during the four years of his chief commissionership evidenced his business capacity and knowledge of the needs of the company.

The speech was much applauded, followed by a vote of thanks to Sir Donald and his re-election to the board.

SPREAD OF GRIP.

Bad Features of Former Visitations Lacking this Year.

BERLIN, Dec. 15.—The influenza, although on the decrease, is still claiming many victims. During the past week the average number of deaths from this malady has been nine daily, but to these must be added for the week about 130 deaths from illness supervening. Among the 63 deaths from this disease was that of one child two years old, eight between the ages of 30 and 40, 20 between the ages of 40 and 20 and the others ranged from 60 to 81. The average of people dying from influenza during the week was 60, and the same average was noticed in previous weeks.

Since the revival of the epidemic the medical authorities have concluded that old people seldom recover from an attack The doctors also find that people suffering from affections of the heart suffered severely, even if none died, and that scrofulous children are generally troubled after it with disorders of the brain.

According to Dr. Otto Seifert of the University of Wurzburg the influenza is caused by a microbe, which is now called microbusseifertius, and which can only be extirpated successfully by gin mixed with benzoid of soda, the fumes from this mixture clearing the air of these microbes.

Smallpox Carrying Off Thousands of Russian Peasants.

ST. PETERSBURG, Dec. 15.—To the horrors of famine in this country have been added the concomitant of pestilence. Smallpox is carrying off large numbers of the impoverished people. In two small villages of the government of Riazen 200 persons are down with the loathsome disease and 50 deaths have already occurred.

Smallpox is also ravaging eight other provinces, and typhus fever is carrying off numerous victims in various provinces.

Sold His Wife for $75.

SAULT STE. MARIE, Dec. 15.—Captain B. B. Maltes of the tug Mystic last night brought down from a fishing village at Detour the story of the sale of one fisherman's squaw wife to another fisherman for $75. A formal quit-claim deed was given, the woman making no objection to the transfer. This is the second case of the kind in that vicinity this year.

The Insane Dodge a Failure.

NEW YORK, Dec. 14.—Edward M. Field of the banking firm of Field, Linley & Wieschers was arrested by detectives at the Manchester Mansion, a private insane asylum near Tuckahoe, N.Y. He is now locked up in police headquarters in this city. His arrest was made on a warrant issued by Judge Martin and the charge is grand larceny in the second degree.

CERTAINLY NORCROSS.

A BOSTON FRIEND IDENTIFIES THE BOMB THROWER'S HEAD.

The Broker's Parents Also Convinced—He Frequently Talked About Elevated Railroad Schemes—A Mysterious Fluid—Inspector Byrnes Is Still Skeptical.

BOSTON, Dec. 15.—Every new circumstance in connection with the disappearance of Henry L. Norcross leads to the belief that it was he who threw the fatal bomb in the office of Russell Sage. His absence from his Somerville home and from his office in Pearl-street, his not having been in Providence or other places where he said he was going, the similarity of the material in the Milk-street tailor's shop to the material of the clothing worn by Norcross and that taken from the body of the dynamiter are circumstances that are hard to throw aside. The father and mother of the missing man are convinced beyond a doubt that the body of the man in the New York morgue is that of their son. Mrs. Norcross was told the circumstances of the story this morning by a woman neighbor. She was shown pictures of his clothing and identified them.

When he left the house Thursday he was apparently in good spirits. He came into Boston and visited his office in Pearl-street He wore a Derby hat when he left home. This he left at his office, having bought a silk hat, which he wore when he left Boston. He took great pains to conceal his identity, having left all his papers at his office. Mrs. Norcross, when questioned about the watch and chain her son wore, said it was not made of links but was a sort of twisted chain. This describes the piece of chain found in the wreck. Mrs. Norcross said her son carried a dark leather pocketbook, not a very big one. Mr. Norcross said it closed with a flap. This fairly describes the pocketbook found in the wreck with a $10 bill in it.

Mr. Howes Identified the Head.

Mr. Howes, a friend of Norcross, who went to New York yesterday, sent word to Boston this morning that he positively identifies the body as that of Norcross. J. G. Pennycuick, who has an office in the same building where Mr. Norcross was, knew the young man well. He says he frequently talked about elevated road schemes, and believed that he would be a rich man some day. He believes that Mr. Norcross thought so much about his plans that it became a mania with him. People who were acquainted with him cannot connect him with any band of bomb throwers. He was a home person, spending almost all his spare time with his mother.

The conditions of Mrs. Norcross this morning is very serious. The office of H. L. Norcross was entered this morning by his father. Everything was found in the best of order. There is no possibility of trouble with the books, as Mr. Norcross handled none but his own money. R. T. White, whose office is in the same building, and who has known Mr. Norcross since 1887, scouts the idea of his being the man. "Why" he said, "Henry would never do such a thing as that." F. A. Fisher has an office directly opposite that of the missing man. He had gone to baseball games and the theatre with him, and he positively identified the photograph of the head which was shown him by a reporter this morning as the head of Norcross.

While the reporter was there Mr. White brought in a piece of the trousers of Norcross, and this was also identified. He could give no cause for Norcross' act, if it was he who threw the bomb. Mr. Norcross was interested in an elevated railroad, he said, and often talked of sending circulars to rich men, but he was no crank on the subject. He looked at it in a business light only.

A Mysterious Fluid.

A former elevator boy, who has been with Mr. Norcross lately, tells a peculiar story. One day when he was in Norcross' room he happened to take up a bottle that was on the desk and began to shake it. Mr. Norcross jumped up, took the bottle from him, hid it away in his desk and closed the lid, cautioning the boy at the same time against fooling with it. As to what the fluid was the boy could not say. It was not ink, neither was it water.

THE POLITICAL SLATE.

The Names of M. C. Cameron and Mr. Miller of Prince Edward Rubbed Out.

GODERICH, Dec. 15.—The trial of the petition against the return of Mr. M. C. Cameron (Liberal) as member for West Huron opened in the court house here yesterday before Justices Ferguson and Robertson.

The case of Samuel Weller, charged with treating on election day, was gone into, and on it being admitted by the respondent that Weller was an agent, their Lordships at once voided the election with costs.

Miller Steps Out.

PICTON, Ont., Dec. 15.—The election petition against A. C. Miller, M.P. for Prince Edward, was disposed of Monday by Judges Burton and Maclennan. Mr. Widdifield put in the respondent's admission of bribery by an agent and the judges set aside the election with costs. The cross petition against Dr. Platt was dismissed with costs.

TORONTO TOPICS.

The Sunday Street Car Question—Denies That He Is a Lunatic.

TORONTO, Dec. 15.—Before the chancellor in chambers yesterday a motion was made to declare Paul Houle of Detroit a lunatic. Houle and his wife and family reside in Detroit, but he has land in Ottawa, and it is in respect of this property that the application was made. The supposed lunatic was represented by counsel and objected to being declared a lunatic. The chancellor referred the matter to the local master at Windsor to examine Houle and report to the court.

At the meeting of the City Council last evening, W. F. Maclean of The Toronto World presented a petition signed by 7300 ratepayers praying for a referendum to the people on the question of running Sunday street cars. The petition was referred to a committee to investigate the signatures, and if 5000 bona fide ratepayers are found to have signed it, a vote will be taken on the question on Jan. 4.

Tried to Burn the Organ.

KINGSTON, Dec. 15.—Between Saturday night and Sunday morning an attempt was made to destroy St. George's Cathedral organ by fire. When the organ was opened up on Sunday morning it was found to be almost useless. An attempt had been made to burn it.

BRITISH AND FOREIGN.

READABLE GOSSIP FROM LONDON AND PARIS.

Mrs. Parnell Insists Upon Writing Her Husband's Life Herself, and Proposes to Use in It Documents that Will Be Unpleasant for Gladstone, Chamberlain, et al.

LONDON, Dec. 14.—Mrs. Parnell has declined the proposals made to her that the work of writing the biography of Mr. Parnell should be undertaken by some of his colleagues. The names of O'Kelly and Tim Harrington were specially urged. Her intention is to write the biography herself. It is said she has already begun to read Mr. Parnell's papers with the assistance of Mr. Harrison, M.P., who is staying at Mr. Parnell's former house in Brighton, next door to the house occupied by Mrs. Parnell. The object of Parnell's colleagues in trying to secure the work of writing his life and dealing with his papers was to ensure that the work should be done by those who were best acquainted with him, who could form a reliable opinion as to the disposition of his highly important letters and papers in the interests of the Irish cause and Mr. Parnell's own reputation. It is understood that Mrs. Parnell's object is to make a ruthless exposure of her late husband's enemies among the anti-Parnellites and Liberals.

The revengeful feeling in the mind of the afflicted widow seems natural enough, but it is very doubtful whether it is the way in which Parnell's reputation can best be served. There are in Mrs. Parnell's possession a mass of letters between Mr. Gladstone and Capt. O'Shea, as well as between Capt. O'Shea and Joe Chamberlain, dating back to the days when O'Shea was the regular intermediary between Parnell and the Liberal ministers. These letters can now be used with damaging effect. They include communications both direct and through O'Shea, showing that Chamberlain regularly kept Parnell informed of the proceedings in the Cabinet concerning Ireland; that he gave Parnell full and explicit warning through O'Shea that he was to be arrested under Forster's act. The object of giving Parnell this information was to enable him to baffle the plans of the ministry, of which Chamberlain was at the time a member. If Parnell's life is written in this spirit there is no doubt it will create a sensation, but it is hoped that as time wears away it may be found possible to wean Mrs. Parnell from this conception of her duty to the memory of her dead husband.

Lord Dufferin's Promotion.

It seems to give general satisfaction that Lord Dufferin won the Ambassadorship to Paris. For once Lord Salisbury has not disappointed the prophets who, almost to a man, plumped for Lord Dufferin when the news arrived of Lord Lytton's death Lord Dufferin spends the last days of his diplomatic life in possession of the blue ribbon of British diplomatic service. He was sent to Rome on returning from India more that he might qualify for a pension than for any special inducements attracting him to the Eternal City. He is well known to Frenchmen and likes and is liked by them. His period of service at the Embassy at Paris will doubtless be a great success. For the moment his successor at Rome is hardly thought of, though Sir Julian Pauncefote is generally mentioned.

Telegrams from Barrow say the Duke of Devonshire's condition is more serious. There is great loss of vital power and failing strength. Dr. Beardsley is in constant attendance but does not deny that the Duke's condition creates the gravest anxiety.

A Noble Gambler Sent to Prison.

The Baron de Saerville, a young Belgian nobleman, who has been staying at Aix-les-Bains since September, entered a gambling room in the Casino des Fleurs one evening somewhat tipsy and began to stake at baccarat. After losing a couple of small stakes he threw a 1000-franc note on the table, which was won by the bank, whereupon the Baron picked up the note and declared that he only intended to stake 100 francs. The excitement among the croupiers and players and the recrimination of the gambler finally led to the police station, where the judge delivered a sentence almost as long as a sermon, the gist of which was that the prisoner was guilty of theft, cutting and wounding and carrying concealed weapons, for which offence he was condemned yesterday to six months' imprisonment.

In the Pavilion de Paris, situated behind the Palais de l'Industrie, there is an exhibition of Dutch pictures. The Dutch artists are exhibiting in Paris because Herr de Kuyper, the President of the Rotterdam Art Club, has for years bought the works of the best French artists, and thus gathered a fine collection. The Dutch artists becoming a little jealous insisted that Herr de Kuyper should do as much for Dutch art as he had done for French, and the President of the Art Club thought that the best way to further Dutch art would be to exhibit Dutch pictures in Paris.

Of course the best works are by Josef Israel, and of these there are no less than 15. John Forbes, an English railway magnate, has lent a number from his collection, which he has forwarded from London. Besides these there are pictures by Jacob William and Malthys Maris, Gerke, Henkes, Albert Nuhuys, Bisschops and Mesdames, as well as other important paintings.

An Immense Fossil Elephant.

LAWRENCE, Kan., Dec. 15.—Kansas has always been noted for the large number of fossil remains found within the borders of the state. Prof. Williston now has received notice that an immense fossil elephant has been found in the arid region among the sand hills in the western part of the state. The measurements show that the animal in life was a monster indeed, and that it was larger than any mammoth remains which have ever been discovered. It is 16 feet from the sole of the foot to the point of the shoulder, and its length is proportionate with the height.

A Deep Water Canal From Lakes to Sea.

DETROIT, Dec. 14.—Next Thursday the Deep Waterways Congress will meet in Detroit, and in addition to the consideration of a 21 foot channel from Chicago to Buffalo, the question of the best location for a deep water route from the lakes to the seaboard will doubtless come up for earnest discussion.

Douglas Gets Three Months.

BRANTFORD, Dec. 15.—At the County Court yesterday, George Douglas (Indian) was sentenced to three months in jail for stealing a set of harness from Mr. Johnston, postmaster at Ohsweken. Douglas' name has been connected with the Ancaster murder case.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

TUESDAY, DECEMBER 15, 1891.

The revised Dominion Voter's List for East Peterborough has been received at the office of the clerk of the Crown in Chancery, Ottawa.

In a sermon delivered on Sunday last in Kingston, Principal touched on present day politics, remarking: "To sell our votes or influences for private ends, or for a bribe, or for a carriage ride, is the sin of high treason to ourselves, our country, and our God. Such sins as these, remember, will as surely damn the soul as drunkenness or other sins of appetite."

MR. T. G. HAWTHORN, manager of the Welland Vale Implement Works, St. Catharines, went to Ottawa Frinay last to get Mr. Bowell and another minister to go to St. Catharines and endeavor to bring about harmony in the Tory ranks in Lincoln county. They are expected to induce Mr. Chaplin, the head of the implement works, to support Mr. Neelon, but Mr. Rykert threatens to knife everybody unless he is given a judgeship or a senatorship. Mr. Hawthorne speaks of Mr. Rykert in terms of utter contempt, but party exigencies require that terms be made with him. Mr. Rykert is said to be anxious that Mr. W. R. Meredith shall contest Lincoln.

THE Argentine Republic does not appear to be a good place to play football in. Recently the St. Andrew's Club, of Buenos Ayres, was playing the Cordoba Club, at Cordoba, when fifty soldiers surrounded the teams and arrested all the players and took them before a local Justice of the Peace. The magistrate read over a long charge which accused the sportsmen of committing a breach of the law under the Revolution Acts, and forthwith fined each man $10. It seems for some time the Government has been on the expectancy of a revolution, and had announced by placard that all sports of whatever nature would be suppressed until further notice. The officials of the clubs pleaded ignorance of such on their part, but that was held as no excuse. The St. Andrew's team are all Scotch players

GOUGH BROS. ON THE TRAIL

OF TOTTERING HOUSES THAT REQUIRE MONEY.

A Wholesale Stock of Clothing bought at Fifty-Two and a Half Cents on the $, comprising over 1800 Overcoats, of Men's, Youths' and Boys' Clothing, and 1800 pairs of Pants extra. GOUGHS have secured this Splendid Bargain Line and commenced to-day a Grand Fitting Out Sale.

Measures for the Men.

READ our CHAMPION OFFER and don't try to duplicate it, for it can't be done:

We offer a Man's Overcoat for $3.90 that cost $4 78 wholesale. We offer splendid fitting Suits, and in 150 different patterns, at $6.00, usually worth $8 75 wholesale. The suit, if sold in the regular retail way, would bring $11.00 and $12.00. Our Great Big Xmas Box for the buyers consists of 900 Overcoats, ranging in price $17.00, $16.00 and $14.00. Your choice for $10.00. The cloth alone is worth more than we ask for the whole Overcoat complete.

Look them all through, and then come to us and if we fail to convince the most skeptical that our stock is not at least five times larger, and our prices at least 50 per cent. lower, than those of other dealers, we will give a whole out-fit free.

WHAT WE SAY ABOUT THESE GOODS.

ONE man's extremity is another man's opportunity. Our grip on the market has brought this bargain to our counters. We want the public to know just what we offer. When we say the goods are bargains, they are positive. When we say that no such bargains were ever before offered, we have the goods to back up the statement. We nail the flag of Cheap and Good Goods to the mast, and defy any dealer on earth to lower our colors.

OUR PLAN TO HELP YOU HERE.

We want every one to come and see what we are doing. Drive if you can, come by water, by stage or on foot, for there's money for you in the expedition. That there shall be no excuse, we will pay railroad fare of any passenger within a radius of fifty miles, who comes to our sale and buys $10 worth of goods or upwards.

Bouncing Bargains in Boots.

GOUGH BROS., the Live Boot and Shoe Men, the Famous Bargain Givers of Peterborough, are now showing a very large and well-selected stock of

BOOTS AND SHOES,

Overshoes, Rubbers and Felt Boots, in every possible design style and price. Hundreds of pairs of Men's Good Boots, in Cordovan and Calf Skin—the nicest goods made.

Our Slipper Department is replete with all the novelties for Xmas trade. In Ladies' Slippers our stock is very choice.

Don't buy Felt Boots or Winter Overshoes until you see what we are doing. The LARGEST STOCK. Polite attention whether you buy or not.

The Great Guessing Competition.

Big Values in Christmas Goods—With a Chance for Magnificent Prizes Thrown in—$50 Gold Watch, $30 Silver Watch and $5 Carving Set.

Attention is directed to the announcement another column of a grand guessing competition to be conducted in connection with the Peterborough Bookstore. This is a real competition. The prizes offered will be genuine, reliable, valuable gold and silver watches and the carving set is one of the best made. The goods will be sold at the regular rates, which are of the lowest, and every dollar's worth of goods bought entitles the purchaser to a guessing ticket and consequently gives him or her a chance of winning one of the elegant prizes offered. Full particulars of the conditions governing this competition may be found by consulting the advertisement in another column. This competition will be a genuine, fairly and squarely conducted contest with every precaution taken to insure the utmost fairness in every respect. The number of articles in the sealed jar whose contents are to be guessed upon, is known to no living man.

In the Matter of the Peterborough Bookstore Competition :

We, James W. Brisbin, of the town of Peterborough, merchant ; William Collins, of the township of North Monaghan, farmer ; and George E. Elliott, of the township of Smith, farmer, do hereby certify :

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

GEO. E. ELLIOTT,
WM. COLLINS,
J. W. BRISBIN.

The deciding committees will be composed of some of our most reliable citizens, The keys of the ballot boxes in which the guessing tickets will be deposited, will be in the hands of the committee and in every respect the contest will be fair, above board and bona-fide.

Early Lambs for Market.

W. D. Hopkins, in the New York *Tribune*, expresses the opinion that the demand for early lambs has become so settled that there is little danger of over-production. The season of greatest demand begins at the present season and lasts until the spring weather becomes too warm for safe shipment. He says :—

"Ewes need not be young, although it does not pay to keep them after four or five years old, but they must be strong, healthy, and of good breeding. The best ewes for this purpose are crosses between merinos and some coarse-wool sheep—Southdowns preferable. This produces animals of full size, with wool that weighs and sells well. Each year poor milkers may be weeded out and the flock made nearly perfect. About December 1st ewes should be inclosed in the pens. This time may vary, according to the season, but it is often earlier than later. The fold must be light, well-ventilated, and warm—between sixty and seventy degrees Fahrenheit. If the temperature be warmer than the common living rooms of a house the sheep do not thrive, and if below fifty degrees it is too cold for the lambs. Ventilation and drainage are important to prevent dampness and mould. Almost any basement may be made warm enough without artificial heat by lining the sides with boards and straw or chaff. Paper may be used, but it is not much better. For a few days after shearing the fold should be kept quite warm, as sheep feel the cold ; but as soon as the wool starts a little the temperature may be lowered. It is needless to try to raise lambs in winter without shearing the ewes ; if the place is warm enough for lambs ewes suffer from heat, and vice versa. Then, too, lambs get ticks from unshorn mothers, which hinder growth ; they also look dirty from rubbing against the ewes, which sometimes hurts the sale. Moreover, ewes not sheared lose considerable wool."

These read like practical, common-sense hints, which those who are going into the production of young lambs without much experience in the business will do well to heed.

Across the Continent.

Wm. Renwick, M. D., M.R.C.S.E., Victoria, B. C., writes : I have used Millers' Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy. Agricultural and Arts Association.

Three Candidates for a Representative of Division Five in the Field.

There are now three candidates in the field for the representation of agricultural division No. five on the Council of the Agricultural and Arts Association of Ontario. These are Mr. W. J. Westington, of Hamilton township, West Northumberland ; Mr. T. B. Carlow, of Percy, East Northumberland ; and Mr. Robert Vance, East Durham, the present member, who is again a candidate. Mr. Vance is likely to be the favourite of Peterborough county, judging by his nomination paper, which is signed by leading agriculturists, representing every township in the county. Mr. Vance has been a representative in the Council of the Association for six years, being at present, President, and the strong support which his nomination for a third term receives, would indicate that he has heretofore filled the position to the satisfaction of those most directly concerned.

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies :—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

A Hustle in Hay.

Last night a number of men and horses were engaged in teaming from the Grand Trunk station a consignment of hay for Mr. T. Brady, old post office block. One of the teams, belonging to Mr. John Hoban, became frightened a. an engine and ran away, but were stopped with no further damage done than a lively scatteration of hay.

Busts for the Collegiate Institute.

Mr. James Stevenson, chairman of the Property Committee of the Board of Education, and Mr. C. Fessenden, Principal of the Collegiate Institute, were in Toronto yesterday purchasing busts for the adornment of the rooms of the Institute. They selected some half dozen life-size busts, including the following:—Hon. Edward Blake, Sir Daniel Wilson, Sir John Macdonald, and statuettes of Col. Williams and Dr. Ryerson. The fact that Mr. Stevenson presents these gifts to the Collegiate Institute is only another evidence of his generosity and of his interest in the promotion of educational matters with which he has been associated for so many years. Who will be the next citizen to follow Mr. Stevenson's example and enrich, with pictures or statuary, the Collegiate Institute and school buildings? The busts referred to above are all excellent works of art, selected at the studio of Hamilton McCarthy, R.A., Toronto.

George Street Church Epworth League.

A largely attended regular meeting of the George street Methodist church Epworth League of Christian Endeavor was held in the lecture room of the church last night. The chair was occupied by Miss. C. Sanderson. After the devotional exercises, Mr. Bean read the Scripture lesson. After the discussion of the topic of the evening, led by Mr. Cockran, the meeting took a missionary aspect. Essays showing considerable research and originality were read by Miss Stewart, on "The Red Man"; by Miss Frise, on "Indian Missions in Ontario"; by Mr. Munro on "The characteristics of the Indian;" by Miss Grundy, on "The Crosby Orphanage"; by Miss M. Allin, on "The McDougall Orphanage"; and by Mr. A. E. Scott, on "The need of the work; and can we do anything?" Mr. Brisco sang in good style a vocal solo, and Misses Metheral and Moyse a well rendered vocal duet. The meeting altogether was a most interesting one, and was remarkable for the active interest taken by the members in the work of the League.

News Nuggets,

—There will be a meeting of the Ashburnham council to-night.

—There was a meeting of the directors of the Cemetery Company this afternoon.

—Lindsay people are discussing the giving of a bonus of ten thousand dollars to the Gurd Wooden Ware Company.

—A Port Hope railway laborer was struck by a train on Sunday morning. Nine ribs were broken and other serious injuries inflicted.

—At the annual meeting of the Port Hope branch of the Upper Canada Bible Society held on Friday evening, the financial statement showed that the amount of $234.26 had been collected.

—Louis Cyr, the Canadian Sampson, is knocking out all his strong men rivals in England by lifting a huge mass nightly weighing no less than 3,956 pounds. His rivals have relinquished the competition at this particular feat.

—The impression is spreading that the climate of Canada is changing—becoming milder. "A Canadian winter" used to be synonymous with ice bound lakes and rivers, weeks and months of continuous intense cold and deep snow completely blocking all traffic. In these days such is the exception and not the rule.

Police Court.

TUESDAY, Dec. 15th.

At the police court this morning John Lavery was charged with drunkenness and indecent exposure of person. He was fined $2 or ten days, and given ten days in which to raise the money. The Grandmaster's Visit.

A Red-Letter Day in Local Oddfellowship—Official Visit of Grandmaster FitzPatrick to Otonabee Lodge.

Last night was a red-letter occasion for Otonabee Lodge of Oddfellows particularly, and for Peterborough Oddfellows in general, interest centering in the first official visit of Grand Master FitzPatrick of the Grand Lodge of Ontario. There was a very large attendance of members of Otonabee Lodge at the rooms, as well as a large number from Peterborough Lodge, and a few from outside places. After the lodge had been opened in due form, the Grand Master entered, accompanied by Mr. John Nugent, D.D.G.M., and was cordially received with grand honours. Subsequently three candidates were initiated. The team degree work was very successfully exemplified and the dramatized work of the second degree also exemplified to the delight of the Grand Master, who congratulated them upon the manner in which the exemplification was carried out. He spoke as somewhat of a critic, having had command the Hamilton team and he could say without flattery that the work was most creditably done—could not well be surpassed—he had never seen the work better exemplified—with more correctness. He heartily congratulated the team instructor (Bro. Pierce,) and the officers in the different chairs upon their work. He was glad to notice the prosperity and true Oddfellow spirit of Otonabee lodge, which he said was characteristic of the order throughout the jurisdiction. There were being made, not only continual accessions of membership all along the line, but new lodges were continually being formed. He concluded by repeating his congratulations and thanking the brethren present for the hearty reception they had tendered him, making his first official visit both officially and personally gratifying. Brief addresses were made by several local brethren, and thus ended a most delightful Oddfellow gathering.

'Just as Good.'

Say some dealers who try to sell a substitute preparation when a customer calls for Hood's Sarsaparilla. Do not allow any such false statements as this induce you to buy what you do not want. Death of Mrs. Ward.

The Port Hope *Times* says:—The death of Mrs. Harriet Amelia Ward, (wife of Mr. George Charles Ward, Registrar, and mother of Mr. H. A. Ward, ex-M. P.) which occurred at the family residence, King street, on Saturday evening, Dec. 12th, will be sincerely regretted and mourned by a large circle of relatives and friends. Deceased was held in the highest esteem and beloved by all who knew her. The bereaved husband and family are accorded the most heartfelt sympathy of their fellow-citizens in their affliction. The funeral took place Monday afternoon at 3 o'clock.

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

Tallest in the World.

The Illinois Oddfellows' Building to Beat Them All—A Gigantic Monument to the Energy of One of the Greatest Societies in the World.

And now the Illinois Oddfellows propose to out-do the Masons, and, in fact, everybody else. They say their new Chicago temple is to be one of the biggest, best and most beautiful buildings in America. Plans and specifications have been prepared and all that is needed is to select one of the many sites which the building committee has under consideration. The temple will be so constructed as to serve the purpose of an office building as well as a society rendezvous. It will be thirty-four stories high and will be so peculiarly constructed as to have windows in every apartment facing the light. The main portion of the building will be twenty stories high, the tower constituting the remaining fourteen stories and rising to a height of 556 feet. The area of the site will be 43,000 square feet, and the broad base 177 by 210 feet, will cover the entire tract to a height of thirty feet above the sidewalk. The "breaks" and deep recesses of the long facades are so formed as to admit air and light to the building, and also to give a diversity of outline.

The tower, it is said, will be easily visible from Michigan City, La Porte, Aurora, Elgin, Vaukegan, points sixty miles distant. It will not be built merely as a curiosity. While its design will be artistic, business like considerations will not be sight of, for within it will be run no less than eighteen elevators in addition to four main staircases, which will lead to 192 offices, all in the tower proper and above the roof level of the building.

It is intended that twenty four lodge rooms and public halls shall occupy the third, fourth, fifth, sixth and tenth stories, the great drill hall occupying the whole of one end of the tenth story, and measuring nearly 8,000 square feet in area. The remainder of the building will be available for business purposes. The entire number of rooms available for rental, exclusive of the halls and lodge rooms, will be 1,100, and their aggregate area will be over 250,000 square feet, while including lodge rooms and public halls the area inclosed, exclusive of walls, partitions, corridors, etc., will be 350,000 square feet. The design of the superstructure involves the use of riveted steel pillars and steel girders, immovably knit together at all joints, vertical as well as horizontal, by steel or iron rivets, and a system of diagonal windbraces of steel so thorough and all prevading that, re-inforced by the masses of masonry that will surround the pillars in the lower parts of the structure, there will be attained that combination of masonry and skeleton construction required for successful resistance to the wind strains to which so high a building will necessarily be exposed.

Workingmen's Building and Savings Society.

The closing meeting for the year of the Peterborough Workingmen's Building and Savings Society was held in Mr. Stevenson's office last night. There was a large attendance of members. The chief object of the meeting was to close up the business of the year, which has been very satisfactory, especially in the matter of the payment of current calls on stock, nearly all being paid up, and the arrearages so few that the fines representing them only amounted to 35c. The annual statement was presented and turned over to the auditors. As soon as they have made their report upon it, the statement will be printed for the inspection of shareholders. The affairs of the society are in a very satisfactory condition.

News From the Sun.

Edison Expects to get a Telephone Message from Old Sol.

"I expect to receive telephonic messages from the sun before next Christmas," said inventor Edison a few days ago. "I don't mean," he said, "that my son of the sun will do the familiar 'Hello, hello! Is that you, Tom?' But I do expect to hear the boom and the bang and general hubbub that we know to be constantly going on among the mighty elements there."

This is the most audacious thing that the wizard of inventions has ever attempted. It is on a level with the idea of communicating with the supposed inhabitants of Venus and Mars, and the trust bequest of $20 000 left last summer by a French nun to be given to the person who shall discover such means of communication.

The mountainous regions of New Jersey are rich in iron ore, and Edison is the owner of a peak about a mile in diameter at the base, which is supposed to be an almost solid mass of iron. For many months the great inventor has been working to convert this mountain into a huge telephone. The common telephone is made by running a wire around the top of a magnetic bar, and this, when charged with electricity, enables us to register the sounds that come in contact with it. Edison has wound many miles of wire around the top of his iron mountain, forming an inductive circuit which will produce powerful electric currents. This is the means by which he expects to hear explosions caused by the gaseous outbursts in the sun, and the gigantic telephone is so nearly completed that it will probably be ready for a test within two or three weeks. Physicist generally have no faith in the practicability of the solar telephone. But Edison is something of a physicist himself, and his novel experiment will at least be awaited with much interest.

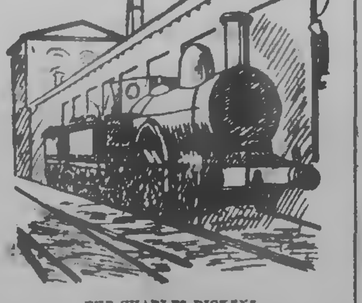
RAN A MILLION MILES.

THE ENGINE CHARLES DICKENS AND ITS WONDERFUL TRIP.

Constructed in 1882, this Engine Has Been Running Daily Between Manchester and London, a distance of 183 1-2 Miles—A Wonderful Record.

The London and Northwestern Railway Company's engine, Charles Dickens, built at the Company's works, Crewe, in February, 1882, or rather over nine years of age, completed her millionth mile a short time ago. During this period she has been running daily between Manchester and London (Sundays excepted), covering the journey in four and a quarter hours, a distance of 183½ miles. Timed to leave Manchester at 8.30 a.m., she calls at Stockport, Stoke, Rugby, Blisworth and Willesden, finally arriving at Euston at 12.45. Having discharged her valuable cargo she is conveyed to the shed at Camden, there to be cleaned, coaled, oiled and thoroughly overhauled ready for the return journey.



THE CHARLES DICKENS.

Returning from Euston at 4 o'clock p.m., she calls at the same stations, with the exception of Blisworth, a call at Lichfield being made in lieu. Arriving at Manchester at 8.15, she completes a hard day's run of 367 miles, apparently none the worse, and greatly to the credit of her engineer.

The Charles Dickens is a fine, powerful-looking engine, apparently now as fit for the express service as she was half a dozen years ago. Of course, since she was first launched into the world many great improvements have taken place and new types of engines built, but in face of all this she still holds her own upon the iron road, demanding some amount of praise when you come to consider the thousands of valuable lives she has safely conveyed between the two great cities without the slightest mishap. In construction this engine is typical of many running upon the same system, being what is generally known in engineering phraseology as a six feet four-wheel, coupled passenger engine; in length about fifty feet and weighing about thirty-three tons, with an additional twenty-five tons for the tender, which is constructed to carry about eighteen hundred gallons of water.

The amount of coal consumed averages some 30 pounds per mile, causing a loss of 240 pounds of water, equivalent to 24 gallons, which is thrown off in steam. This being the case, it is necessary to take in fresh supplies upon the journey. For this purpose long semi-circular troughs have been placed between the rails, which enables the driver to lower a kind of scoop into the trough, which is always filled with water. The rate at which the engine is travelling forces the water up by the aid of the scoop into the engine-tank, thereby saving an immense amount of time, trouble and inconvenience over the old method of stopping the train to take in water. Up till quite recently the London and Northwestern was the only railway that worked upon this system. These water troughs are about 500 yards long, and there are three sets between London and Manchester one between Pinner and Bushey, another between Castlethorpe and Bletchley and the third between Tamworth and Lichfield. An engine of this description, starting out with her tank fully charged with water, would probably run with safety fifty miles before replenishing. The average load is about nine or ten carriages, and her highest speed has been known to attain seventy miles an hour when the road is exceptionably favorable, but the average speed would be about forty-five miles an hour. In conclusion, it may not be out of place to remark that the same railway consumes some three thousand tons of coal daily for its two thousand five hundred engines, while twenty thousand tons of water are boiled every day and converted into steam.—Pall Mall Budget.

CHANGES IN FACTORIES.

The Progress of Invention Necessitates Continual Renewals in Machinery.

I suppose there are very few persons who are familiar with the compilations of statistics who have not reached a condition of very profund distrust of the deductions which may be drawn from great averages covering very wide areas and very different conditions, even in respect to the same product. The trained and permanent employes in a continuous bureau would qualify the great averages by comparing them year by year with typical establishments and by ascertaining the relative conditions of different parts of the country wherein the same branch of industry may be undertaken.

To illustrate, there is one cotton factory in New England which has been operated for more than fifty years upon the same fabric, working the same grade of cotton, under the same conditions except so far as those conditions have been changed year by year in the progress of discovery and invention. That corporation has never failed, has rarely, if ever, reduced its product, has been continuously profitable, and may therefore be taken as a typical establishment working on that standard grade of goods.

From the books of that concern it is proved conclusively that in the course of fifty years it has been necessary to change the entire machinery of the factory, even though it might not have been worn out, two or four times, according to its kind; second, there is but a part of the outer walls left and one or two floors of the original building; third, the whole motive power has been changed; fourth, the average capacity of each operative in the factory has been increased in productive power from 5,000 yards per year produced in thirteen to fourteen hours per day to 30,000 yards per year produced in ten hours per day.

The earnings of those who now work in that factory ten hours are nearly twice as much per day as the earnings of those who worked on the lesser product thirteen hours each day under the former conditions, and are more than double per hour, while the price of the cloth on the same cost of cotton is very much less to the consumer now than it was then. By that single typical standard the progress of that branch of textile manufacture may be measured more accurately than by any possible compilations of figures covering the whole country, however correctly they may be averaged.—Edward Atkinson, in the Engineering Magazine.

It will declare that the law of guarantees is not sufficient to guarantee the liberty of the Pope. The address has been modified since Count Kalnoky's recent speech on the papal question in the Australian delegation.

Gales in England.

LONDON, Dec. 13.—The Cunarder Aurania, from New York, which arrived at Liverpool this morning, was unable to stop at Queenston on account of the gales. The gales which have been accompanied by snow and heavy rain during Saturday and today, have done much damage throughout the country. Vessels in the English and Irish Channels have been obliged to run for shelters. Vessels arriving at Queenstown report terrific weather on the Atlantic. The steamer Wetherby, from Newport News, Nov. 8, which has been towed into Queenstown by the steamer McGarel, had her shaft bent in a gale on Dec. 4. Four days later the McGarel commenced towing her, and while the latter was engaged at this work four hawsers were broken.

The McGarel herself was damaged before she arrived at Queenstown. Buildings have been unroofed at the Welsh seaport of Llanelly and one Dr. Rees was fatally injured by the roof above him by falling while he was in bed.

Along the Yorkshire coast there has been a severe snowstorm.

Suspensions of railway service owing to the snow is reported. Floods are reported in many parts of Derbyshire and many streets are under water in Matlock. In the Todmorden Valley damage amounting to thousands of dollars have been done by the high water. Scores of houses are flooded and a bridge has been partly demolished. There have been several narrow escapes from death at Cambridge. Two girls were crushed beneath falling walls, one of them named Nettie Foster being killed outright. The other was seriously injured and is in a critical condition.

Gunning at Gunnison.

GUNNISON, Col., Dec. 14.—Sheriff Shores of Gunnison County and a posse of 25 men were fired at at midnight by 50 striking miners at the coal mines of the Colorado Coal and Iron Company at Crested Butte. The sheriff and posse are now besieged. The latest reports are that five men have been killed.

MONTREAL, Aug. 4 1891.

It is a pleasure for me to say good words in favor of Anti Dandruff, as its merits cannot be questioned. In my own case dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti Dandruff I used it, and not only has every trace of dandruff disappeared but the falling of the hair has stopped. Having full faith in the preparation I not only endorse it for the above, but further add that as a dressing for the hair nothing equals it.

"German Syrup"

Asthma. "I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommended me to try thy valuable medicine, Boschee's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle refreshing sleep, such as I had not had for weeks. My cough began immediately to loosen and pass away, and I found myself rapidly gaining in health and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario."

Gentle, Refreshing Sleep.

The North Victoria Case.

It is to be regretted that the "fortunes of war" in the election courts went against Mr. Barron last week. The inadvertent act of a generous and kind-hearted man was held by the judges to be sufficient to upset the election. We do not feel disposed to review the decision of court. It may be a harsh and severe one. To the lay mind it will seem that the law has been administered with severity. The personal charges against Mr. Barron were wisely dropped. They had no foundation except in the heated imagination and chargin of a defeated opponent. And while an injudicious act was sufficient to void the election there was no evidence of any reckless or corrupt expenditure on the part of Mr. Barron and his friends. If there had been the slightest chance of disqualifying Mr. Barron or proving extensive corruption we may be sure that the malignant hatred that inspired the contestation would have sought the further means of wreaking vengeance.

A new election may be expected in January; and the friends of Mr. Barron will no doubt *re-elect him by an increased majority.* We assume as a matter of course that the North Victoria Reform Convention will again nominate Mr. Barron. He has been a useful and valuable representative; an industrious and active member of the House; and an excellent speaker, having the respect of both sides; and the riding cannot do better than return Mr. Barron. There can be no doubt as to the Conservative candidate. It will be the same election contest over again. The riding knows what it has to face and go through, and we are confident the popular verdict will replace Mr. Barron in the position he held up to a few days ago, and the duties of which he has discharged with credit to himself and the country.—*Lindsay Post.*

Bowmanville's Bridge "Blow Out."

The new King street bridge over Barber's creek, Bowmanville, was formerly opened on Friday with great eclat. The morning express brought from Cobourg Warden Ferguson and the members of the county councils for Northumberland and Durham to the number of thirty-five or forty. They were met at the depot by Mayor Allan, the town council, the Dominion Organ band and several citizens in carriages and escorted uptown, where bunting and flags were floating in all directions. At 3 o'clock a test of the carrying capacity of the new town and county bridge was made by driving a dozen loads of gravel on it at once and crowding on about 1,000 citizens, who, attended by the band, gathered to witness the test. Speeches were afterwards made by Mayor Allan and Warden Ferguson congratulating the town and counties on the successful completion of such a magnificent bridge to replace the one carried away by the great flood of June 5, 1889, The cost of the new bridge will be about $12,000, the original contract being $10,540. The contractor was Robt. Weddell, of Trenton; the engineer was the late John T. Stokes, C E., of Toronto; the inspector was Mr. Jas. McDougall, B.A., C.E., of Toronto, who was appointed engineer on the death of Mr. Stokes. Friday night the Warden and county councillors were banquetted by the town council and leading citizens at the Bennett House.

Moving the Manitoba Crops.

The Winnipeg *Free Press*, speaking of the movement of the big grain crop of Manitoba and the Northwest, says:

"Grain blockades are getting very common on the other side. It will be a miracle, or something like it, if the Northwest have not a similar experience before the shipping season closes. Considering the facilities for moving it, we have a much larger crop to handle than the West and Northwest of the United States, for once navigation closes the Canadian Pacific Railway will be practically alone. It is exceedingly creditable to the resources and management of the road that it has kept the way clear up to this time, for the traffic has been enormous; it is perhaps too much to expect that it will be equally successful when the rush of winter is upon it, and the route to the seaboard will be all rail. Should it do so it will surpass anything heretofore achieved in the history of railway transportation in this country."

The Clasp Envelope.

Mr. W. McDonnell, of Lindsay, has an inventive as well as a literary bent of mind. He has been devoting his talent in that line for some time to an improvement on the ordinary envelope, and has invented a new method for folding and sealing that will render it impossible for an envelope to be tampered with and leave no traces. At present, it is well known, an envelope can be easily opened and re-sealed, and no traces left of the operation. By Squire McDonnell's ingenious methods, letters will be absolutely safe. It will be impossible to open them without destroying the envelope. This invention has the great merit of simplicity, cheapness and facility in handling. There are three styles: single clasp, double clasp and plain. The latter style is the one that will come into general use. The other two are designed for extra precaution as to safety and secrecy where desired; and will be used for important correspondence and money letters. The new style will be known as "The Clasp envelope," and it has been patented at Washington and Ottawa. If the envelope comes into general use, there will be a handsome thing in it for our townsman.—*Post*

Little Johnnie, on seeing a skeleton for the first time, exclaimed: "Why, but they skinned her mighty close, didn't they! She looks worse than Aunt Jane *did, before* ma gave her that bottle of 'Favorite Prescription!'" Aunt Jane was so completely worn out by prolapsus, periodical difficulties and nervous prostration that she was a constant sufferer night or day, but Dr. Pierce's Favorite Prescription acted so promptly and favorably upon the uterus and other organs that she suffers no pain at any time, and her general health was never better. As a remedy for all female weaknesses, as a strength giving tonic and quieting nervine, "Favorite Prescription" is unequalled. Guaranteed to give satisfaction or price ($1.00) refunded. b

BY-LAW No.——

A BY-LAW to raise the sum of Ten Thousand Dollars for Public School Buildings in the Town of Peterborough.

PASSED

WHEREAS the Board of Education for the Town of Peterborough have in accordance with the Statutes in that behalf applied to the Corporation of the Town of Peterborough for the sum of Ten Thousand Dollars for "Public School Purposes" to wit: to pay for the improvements and additions to the smaller of the Public School Buildings known as the Central Schools, and it is necessary and desirable to comply with said application,

AND WHEREAS for raising said sum it will be necessary to issue Debentures of the said Corporation for the sum of Ten Thousand Dollars,

AND WHEREAS for the purpose of paying the amount of such indebtedness and interest thereon it will be necessary to raise annually by special rate upon the rateable property of the said Town liable thereto the sum of Six Hundred Dollars,

AND WHEREAS the amount of the whole rateable property of the said Municipality according to the last revised Assessment Roll being for the year one thousand eight hundred and ninety one is the sum of four million one hundred and thirty-five thousand nine hundred and fifty five dollars,

AND WHEREAS the amount of the rateable property of the said Municipality liable for the support of Public Schools is the sum of three million four hundred and ten thousand eight hundred and seventy-five dollars,

AND WHEREAS the amount of the existing Debenture debt of the said Municipality is the sum of two hundred and fifty-four thousand five hundred and fifty dollars and there is no part of the principal or interest thereof in arrear,

The Corporation of the Town of Peterborough therefore enacts as follows:—

1. This By law shall take effect on the thirty-first day of December, 1891.

2. The Mayor and Treasurer of the said Corporation are hereby authorised to issue Debentures of the said Corporation to be signed by the Mayor and counter-signed by the Treasurer of the said Town and the Secretary of the Commissioners of the Peterborough Town Trust for the sum of Ten Thousand Dollars. Such Debentures shall be made payable in thirty years from the day fixed for this By-law to take effect and shall bear interest at the rate of five per cent. per annum, payable half-yearly, on the Thirtieth Day of June and the Thirty-first Day of December in each year and shall have coupons attached thereto for the payment of such interest.

3. For the purpose of paying the Interest and Sinking Fund necessary for the repayment of such Debentures there shall be raised and levied in each year during the currency of such Debentures the sum of—for interest the *sum of Five Hundred Dollars*, and the sum of One Hundred Dollars for Sinking Fund for the payment of such debt by a special rate sufficient therefor upon all rateable property in the said Municipality liable to such assessment in addition to all other rates levied in said Municipality.

4 Nothing herein contained shall be deemed to render any Property in said Town that is by law liable to contribute to the support of Separate Schools, also liable for Assessment under this By-law

5. Upon the sale of such Debentures the money received therefor shall be paid over to the Board of Education of the said Town, and shall be applied to the purpose of paying for the improvements and additions to the smaller building of the Central School Buildings in the Town of Peterborough.

6. The votes of the duly qualified Electors of the said Corporation being supporters of the Public Schools within the said Town shall be taken upon the said By-law on the Twenty-third day of December, 1891, at the hour of Nine o'clock in the forenoon and closing at Five o'clock in the afternoon of the same day at the following places and before the following Deputy Returning Officers:

Number One Ward at Mission School House; to be Deputy Returning Officer, Joseph Lundy.

Number Two Ward at Market Building; to be Deputy Returning Officer, Chas. Cameron.

Number Three Ward at Rathbun's Office; to be Deputy Returning Officer, John Irwin.

Number Four Ward at W. Lee's shop; to be Deputy Returning Officer, William Lee.

7. That the Twenty-fourth Day of December at the hour of Twelve o'clock noon and the Office of the Clerk of the said Town are hereby fixed as the time when and the place where the Clerk of the said Town Council shall sum up the number of votes given for and against the By law; and the Sixteenth Day of December at the hour of Twelve o'clock noon and the Office of the Clerk of the said Town are hereby fixed as the time and place for the appointment of persons to attend at the various polling places and at the final summing up of the votes by the Clerk respectively on behalf of the persons interested in and promoting or opposing the passage of the By-law.

NOTICE.

Take notice that the foregoing is a true copy of a proposed By-Law which has been taken into consideration and which will be finally passed by the Council in the event of the assent of the electors being obtained thereto after one month from the first publication in the Daily Evening REVIEW and Daily Examiner newspapers, the date of which first publication is the First Day of December, 1891, and at the hour, date and places therein fixed for taking the votes of the Electors the polls will be held.

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.92
Increase over previous year	3,421,372.34
New Applications received in 1890	6,371,599.15
Increase over 1889	2,268,888.60
Cash income for year ending 31st December, 1890	889,078.87
Increase over 1889	325,938.35
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,222.66
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	142,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$64,824 07
" " " " 1886,	89,452 97
" " " " 1890, (four years)	232,175 69

The women were only to be paid day wages (8 to 14 shillings a week), the machines were to be used at night, and copy was to be selected for them in violation of the rules of piecework. The owners yielded after much persuasion and men will work the machines

ALL FOUR SHOT TO DEATH.

Revolting Sight Presented at the Finding of the Victims.

JACKSONVILLE, Fla., Dec. 15.—In connection with the terrible quadruple murder at New Smyrna, on the east coast, 125 miles southeast of here, the following telegram was received early this morning from Orange City:

"Miss A. H. Bruc, Master Frank Packwood, Mrs. L. D. Hatch and her little boy were found murdered this morning in the Packwood House, six miles below here, on the east coast. The house was entered last night through a window, the intruder smashing the sash and glass in order to gain an entrance.

"A ghastly sight met the eyes of the first visitors to the premises this morning. In one corner of the main room on the floor lay the body of Mrs. Hatch, shot through the left eye. In the same room, lying on the bed, was the body of her six-year-old son, shot under the left eye and with his throat cut from ear to ear.

In the adjoining room, lying on the floor, was the body of Frank Packwood, 4 years old, shot through the head and with his throat cut also. In the same room, lying upon the bed, was the body of Miss Bruce. She had been assaulted and her skull and face had been smashed with some heavy weapon. Her face had also been shot through and her throat had been cut. At the entrance of the broken window a large revolver was found, two chambers of it having been emptied.

On the bed by the side of the body of Miss Bruce lay a double-barrelled shot-gun with the stock broken into splinters. On the bed near the body of the Hatch boy lay a long-bladed butcher knife.

Tramps Suspected.

"No clue to the murderers has yet been found, but tramps seen in this neighborhood yesterday are suspected of the crime. A large posse, headed by Deputy Sheriff Dimick, started southward to-night to scour the country for the murderers."

A few days ago a party of Western people started southward from Jacksonville, among whom were the Packwoods, father and son; Miss Bruce and Mrs. Hatch. Frank Packwood is a man well-known in this state among the sporting fraternity. He has opened the lodge south of New Smyrna every winter, and it is a popular resort for hunters and fishermen.

Packwood is a middle-aged man, about 45 years old, and has an extensive acquaintance all over the country. Robbery was undoubtedly the purpose of the murderers, but the extent of their plunder is as yet unknown. The occupants of the Packwood house had been there only a very few days, and the money and valuables which they had in their possession are merely a matter of conjecture.

Difficult to Get Details.

As the scene of the murder is off the regular line of travel and there are no trains from Saturday night till Monday, nor any telegraphic facilities, no further particulars of the crime can be learned until tomorrow, but it is thought that the full horror of the atrocious deed has not been fully given. No information is given about Packwood, sr., though it is believed he is safe. He has lived in the state a number of years. He married a Miss Bruce in New York 10 years ago. There were two sisters and their brother, a well-known Wall-street broker, who failed several years ago, and in the failure the estate funds of the sisters were lost.

When Mrs. Packwood died some years ago her sister came to Mr. Packwood's to bring up her young nephew. They went north very often, and Packwood seemed never to lack for funds. This time they had just returned home. Mrs. Hatch is supposed to be a friend of theirs, though her identification and home cannot be fixed till tomorrow.

A nephew of Frank J. Packwood, sr., living in this city, said to-night:

"My uncle owns a large orange grove eight miles south of New Smyrna, on the banks of the Hillsborough River and only about a mile from the ocean. He has lived on the Hillsborough River for at least fifteen years I should say. He is an all year round resident and not a tourist. All the Packwood family came originally from New Orleans. There are several brothers in this state. Frank's wife was a Miss Bruce of New York city, and she died when their boy Frankie was a little baby,

"Who Mrs. L. D. Hatch is I have no idea. I never heard the name before. Probably relations or friends of Miss Bruce and visitors in the Packwood home. The brother of Miss Bruce was at one time a prominent lawyer in Wall-street, New York, and it is said that not long before the marriage of Mr. Packwood with his other sister he failed, the property of his sister being all lost in the smash up. Miss A. H. Bruce, the murdered woman, was about 35 years of age.

Dyspepsia

Intense Suffering for 8 years—Restored to Perfect Health.

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

RANDOLPH DISENCHANTED.

He Hopes to Escape from Africa Without Loss of Capital.

LONDON, Dec. 16.—Lord Randolph Churchill's disgust with Mashonaland is more fully brought out in his fourteenth letter to The Graphic, which is to be published to-morrow morning, than in any previous communication that has been received from him.

The letter concludes in the following way: "What I have seen since I commenced my travels in South Africa has led me to the conclusion that no more unwise and unsafe speculation exists than the investment of money in exploration syndicates here. It may be that many of these are at work here or on their way out. Most of those which have come under my notice have had their money finally wasted and their business property mismanaged.

"Mainly, however, owing to good fortune, good advice and the excellent qualities of those who are conducting my expedition, I have some anticipation of escaping from this country without any appreciable loss of capital; but there are seven shareholders at home in exploration syndicates out here who will hardly see again a single sixpence of their money.

TROUBLESOME HILLSMEN.

The Tribes of Hunza and Nagar Fighting As Guerillas.

CALCUTTA, Dec. 16.—The tribes of Hunza and Nagar, though driven out of the Nilt, have not been entirely subdued and are conducting a guerilla warfare. Desultory firing is carried on daily, but thus far there have been no casualties since the first engagements.

Col. Durand, Capt. Aylmer and Lieut. Babcock and the 20 Sepoys who were wounded at the storming and capture of Nilt, and Lieut. Gordon and the seven Sepoys who were wounded during the pursuit of the tribesmen in the mountains, are all making favorable progress towards recovery.

The Bombay Gazette summary of the 14th ult., just to hand, does not seem to share the alarmist reports cabled about the affair. Speaking of its origin it says:

"Col. A. G. Durand, British agent at Gilgit, has received definite orders to bring the robber tribes of Hunza and Nagar under control. These tribes are the pirates of Central Asia, whose chief occupation is plundering caravans on the Yarkund and Kashgar. Any prisoners they take on these expeditions are sold into slavery. Col. Durand has established an outpost at Chalt, about 30 miles beyond Gilgit, on the Hunza River, and intends making a road to Aliabad, the capital of the Hunza chief, at once. That he will meet with armed opposition in doing so is not improbable."

THAT BOMB-THROWER.

HIS PARENTS EXAMINE THE HEAD AND SAY IT IS THEIR SON'S.

The Letter He Left Behind—Heartrending Scene at the Home of His Father and Mother—No Possible Shadow of Doubt as to His Identity.

NEW YORK, Dec. 15.—The parents of Henry L. Norcross, the Boston note broker, identified the bomb-thrower's head at the morgue as that of their son at 1 o'clock this morning. Coroner Messmore had charge of the identification, and accepted it as complete. Previous to the visit morgue, the coroner took the sworn statements of the note broker's parents, and they will be used at the inquest which will begin as soon as an expert jury can be summoned. The scene at the morgue was very affecting. Afterwards Mrs. Norcross made a short affidavit to the identity of her son and his peculiarities.

SOMERVILLE, Mass., Dec. 16.—The Norcross Home is located in Sargent-avenue, near the old turnpike and beyond Somerville Park. The Norcross family, father, mother and son, lived in the upper part of the two-story and basement cottage, neighbors said. A bright little woman with gray hair answered the bell on Saturday as the reporter enquired for the note broker.

"Well," said the little woman, her voice trembling, "the truth is we don't know where Henry is, and we're very much worried. We've been hoping every day against hope, but he doesn't come. He left home last Thursday. He said he was going to New Haven and one or two places near by to place some bonds for customers, and he expected to be back Saturday. We were worried when he did not return as agreed, but he didn't like to say anything to our neighbors, and have kept our trouble to ourselves."

It was a hard thing to add to the anxiety and sorrow of that mother, but sooner or later the truth would have to come out. The reporter informed the mother, first, that an unknown man had met with an accident in New York, and that there was a chance that it might be her son.

"Is he hurt so badly that he can't speak?" she asked.

The reporter made no reply. The mother asked many other questions which were hard to answer. She described the suit of clothing that her son wore when he went away. The description was that of the bomb-thrower's suit. Then the reporter asked:

"Do you know what underwear he had on?"

"Yes; he had on two flannel shirts; one was terra-cotta colored and the other white. I laid them out for him myself."

The mother then accurately described underwear of which the reporter had pieces in his pocket, as well as the material of the coat and trousers. The reporter went away without showing the woman the fragments of clothing he carried in his pocket. It was decided to go to the father in his office and let him make the truth known.

A tall, white-haired old man, a bookkeeper in Quincy Market, said he was Henry's father. He trembled as he asked:

"Is it about my son that you come?"

"Yes," was the reply. "Don't be agitated. A young man has been injured in New York who may prove to be your son. I wanted to ask you a few questions about him."

"I knew it. I knew it," muttered the old man; "he would never have stayed away so long if he could have helped it," and he put his hand to his eyes and held it there for several seconds.

"Where is he?" was the next question. "Tell me the truth. Is he dead?"

The reporter made no answer.

"Was he killed instantly?" came the next question after a long pause. The old man was trying not to let his voice tremble.

"Yes, he was killed instantly," replied the reporter.

"Thank God for that," was the slow, solemn reply.

The pieces of garments were produced. He examined them with tears streaming from his eyes. "They are his, I'm sure," he said, "but his mother will know; she always took such care of his clothes. I must go home at once. I can't stay here any longer. My God, why could it not have been myself instead of him? I'm old enough to die, and he had everything to live for. He was all we had, mother and I." The old man wept aloud. When he had partially recovered his composure he put on his hat, and, with the reporter, went back to Somerville to tell the mother. The reporter was shown into a pleasant front room, while Mr. Norcross gently led his wife into the room adjoining, speaking to her in an undertone.

"Is he dead?" she screamed. "Oh, he's dead! I'm sure he is!"

The shrieks that echoed through the house were appalling and brought a white-haired lady from the door below in a hurry. She and the old man tried to quiet the mother in vain. For five minutes her screaming lasted. She only became quiet when told that there was a man in the front room with pieces of clothing which the dead had worn. She insisted on seeing the pieces at once. Mr. Norcross came in and picked out the cleanest piece of cloth. It was part of the trousers.

"Don't, for God's sake, let her see any blood," he said. She'd never get over it."

Mrs. Norcross positively identified the piece of trousers and the piece of coat. Then the pieces of underwear were shown her.

"They're just as I told you," she said, "terra cotta and white. And here," she added, "is where I mended the sleeve of the white shirt—where the stitching had come out," and she exposed a bit of mending so neatly performed that the reporter had not before noticed it.

Mrs. Norcross said her son carried a dark leather pocketbook—not a very big one. Mr. Norcross said that it closed with a flap. This fairly described the pocketbook found in the wreck with a $10 bill in it.

The parents of Henry L. Norcross, the Boston note broker, identified the bomb thrower's head at the New York morgue yesterday. The identification was accepted by the police as complete.

DIED DEFENDING LIFE

MISS BRUCE USED A PISTOL AND A GUN, BUT WAS OVERPOWERED.

Mrs. Hatch and Her Children Slain to Destroy Evidence—Suspicion That the Quadruple Murder Was the Revenge of a Jilted Lover.

JACKSONVILLE, Fla., Dec. 16.—The theory that the quadruple murder at New Smyrna was committed by tramps has been abandoned. A trail has been discovered leading from the house to the north and then south to the road through a path no one could travel unless he was familiar with the country.

There are whisperings of a discarded lover who had sworn vengeance and a suspicion that Mrs. Hatch and the two children were killed to prevent them telling who assaulted and then murdered Miss Bruce. State officials will be asked to aid the county authorities in ferreting out the murderer.

One of the first of the men to reach the scene after the alarm was given says:

"On her back by the window, in a pool of blood, we found Mrs. Hatch, a pistol ball wound on the inside corner of her left eye, her face blackened with powder. The other bodies lay near. When the crash came she had evidently been near the window.

"As the murderer entered, her little son, frenzied with fright, had probably fled, as a child would, and sought refuge under the bedclothes on a lounge at the other end of the room. He was torn from these, shot over the left eye and his throat was cut in three places. His head was almost severed from his body.

"While the murderer was entering the window Miss Bruce had apparently secured an old pistol, which was handy, and fired at him. The ball lodged in the window frame.

"The murderer, heedless of this onslaught, continued his terrible work and finished it. By this time Miss Bruce had gone to the closet and secured a double-barrel shotgun. She leveled it at the man as he approached, but unfortunately the hammers snapped on the shells that had been exploded many days before. He assaulted her, probably after killing her little nephew. She was found lying on her back on the bed, her feet touching the floor and her clothing disarranged.

"The murderer had shot her through the right cheek, the bullet striking the wall and falling on the bed.

"Then another struggle must have begun for the gun and he evidently tore it from her and, swinging it around his head with both hands, drove the stock against her face with great force. The blow struck her between the forehead and nose and caved in the skull. Every bone in the face was broken.

"Then, with a keen bread-knife, he stabbed her in the neck, cutting out a square section of flesh, and finishing the job with two terrible gashes on the throat.

"Frankie Packwood, a beautiful little golden-haired child of five years, was found on the floor at the foot of the bed with his throat cut. His features had not been marred.

"The floors of both rooms were covered with blood and the mattress on the bed on which Miss Bruce lay was soggy with gore. On the curtains and walls blood was spattered."

Near the house the neighbors found the track of a left foot, No. 7 or 8, with a common box-toe shoe. The indentation of the heel on the outside was deeper than the inside, indicating that the man wearing it was bowlegged.

Before leaving the house they sent Jenkins out to look for tracks. Jenkins found none in the leaf-carpeted hummock, but on the main road, half a mile south, he found tracks like that near the house, accompanied by those of a dog.

Fifty men on horseback, with guns, are searching for the murderer, but up to to-night no clue beyond those described had been found.

It was thought that the murder was committed Friday night, but it is now believed that it was done Saturday morning. For 12 hours after Saturday morning the bread in the kitchen continued to rise, and half a cooked ham lay near, evidently preparations for Sunday.

From these facts the conclusion is drawn that the first attack was made upon the kitchen Saturday morning and that all ran to the other house and bolted the doors.

Mr. Packwood says he has suspicions, but will only divulge them to the coroner's jury.

Bloodhounds have been sent for and will be used, though it is feared too late to be of use.

The people of New Smyrna believe the murderer belongs in that neighborhood, there being many little things which clinch that supposition. The blood was "dippered" from the house, then scooped up in masses and thrown away, then the remainder was sopped up with cloths and the spots were scrubbed and strewn with flour. But even this did not hide the evidence of the crime.

The scene of the crime is a romantic spot, half way between Smyrna and Oak Hill on Hillsborough River, a sort of sound dividing a long narrow beach from the mainland. It varies from a quarter of a mile to ten miles in width and is 100 miles long.

A gruesome fatality seems to cling to it. Here the Shives family, father, son, wife and baby, were murdered by Indians in 1858. It will be remembered by the readers of "Early Pioneer Days." Sheldon and a companion in a boat on the river saw the smoke from the ruins. In the creek near the house the mother lay half covered by the water, her hair floating across her face and half concealing the babe in her arms.

The house where this latest murder was committed is on the site of those ruins.

The funeral of the murdered woman and children took place yesterday morning, services being held at Mr. D. L. Hatch's house.

Mrs. Blaine Granted Alimony.

DEADWOOD, S.D., Dec. 16.—The application of Mary Nevins Blaine for temporary alimony and counsel fees to prosecute her suit for a divorce against James G. Blaine, jr., was heard in chambers before Judge Thomas to-day. The court granted her $500 temporary alimony and $300 for attorneys' fees, and the further sum of $800 to be paid within 30 days after service of the order upon the attorneys for the defendant.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD up the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN who finds his mental faculties dull or failing, or his physical powers flagging should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

WEDNESDAY, DECEMBER 16 1891.

Now Mr. Abbott seems to think that Hon. Mr. Chapleau is not fit even for the position of a navvy—to work on Railways and Canals. Mr. Chabot, of Ottawa, a Conservative and a Government contractor, met Mr. Abbott and complained of the delay in constructing the Cabinet, inquiring at the same time if Mr. Chapleau was to get the portfolio of Railways and Canals. "Well," responded the premier, "you know very well that Mr. Chapleau did not manage his present department as he should have done, and I cannot give him any promotion until he proves himself fit for promotion."

The Condition of Canada.

The *National Observer*, a high class Scotch Tory paper, repeats in its issue of Nov. 28 the *Empire's* story that there are 7,000 empty houses in Toronto, and argues that the financial condition of Canada is highly unsatisfactory and the cause of "all her distresses." "English capital," it says, "following a necessary law, flows into the States" while American capital does not find its way to Canada. Moreover we need not expect to get preferential treatment for our products in the British market, for "Britain is free trade and Canada in the necessity of things must work out her own commercial fate." But the English people are ready, it says, to allow Canada to get reciprocity with the United States. Mr. Abbott's best policy, however, is to secure immigrants from Europe and appeal to the loyalty of the Canadian people. "An appeal to so high a motive as loyalty is always a trump card." The *Observer* exaggerates the financial unsoundness of the country, and is mistaken in assuming that Toronto is a wilderness of empty buildings. Times are not good in either city or country, but the banks and other monetary institutions are perfectly sound and trade seems to be slowly reviving. Closer commercial relations with the States would undoubtedly help us, but the trouble is that Mr. Abbott does not care to negotiate for any measure that would threaten Canadian manufacturers with competition while opening a vastly larger market to their enterprise, and the Americans will not agree to reciprocity in natural products alone. But things will come out right in the end. A young community like this cannot be kept from benefiting itself by a "mossback" Administration.

GOUGH BROS. ON THE TRAIL

OF TOTTERING HOUSES THAT REQUIRE MONEY.

A Wholesale Stock of Clothing bought at Fifty-Two and a Half Cents on the $, comprising over 1800 Overcoats, of Men's, Youths' and Boys' Clothing, and 1800 pairs of Pants extra. GOUGHS have secured this Splendid Bargain Line and commenced to-day a Grand Fitting Out Sale.

Measures for the Men.

READ our CHAMPION OFFER and don't try to duplicate it, for it can't be done:

We offer a Man's Overcoat for $3.90 that cost $4 78 wholesale. We offer splendid fitting Suits, and in 150 different patterns, at $6.00, usually worth $8 75 wholesale. The suit, if sold in the regular retail way, would bring $11.00 and $12.00. *Our Great Big Xmas Box for the buyers* consists of 900 Overcoats, ranging in price $17.00, $16.00 and $14.00. Your choice for $10.00. The cloth alone is worth more than we ask for the whole Overcoat complete.

Look them all through, and then come to us and if we fail to convince the most skeptical that our stock is not at least five times larger, and our prices at least 50 per cent. lower, than those of other dealers, we will give a whole out-fit free.

WHAT WE SAY ABOUT THESE GOODS.

ONE man's extremity is another man's opportunity. Our grip on the market has brought this bargain to our counters. We want the public to know just what we offer. When we say the goods are bargains, they are positive. When we say that no such bargains were ever before offered, we have the goods to back up the statement. We nail the flag of Cheap and Good Goods to the mast, and defy any dealer on earth to lower our colors.

OUR PLAN TO HELP YOU HERE.

We want every one to come and see what we are doing. Drive if you can, come by water, by stage or on foot, for there's money for you in the expedition. That there shall be no excuse, we will pay railroad fare of any passenger within a radius of fifty miles, who comes to our sale and buys $10 worth of goods or upwards.

It is a pleasure for me to say good words in favor of Anti-Dandruff, as its merits cannot be questioned. In my own case dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of dandruff disappeared but the falling of the hair has stopped. Having full faith in the preparation I not only endorse it for the above, but further add that as a dressing for the hair nothing equals it.

The Great Guessing Competition.

Big Values in Christmas Goods—With a Chance for Magnificent Prizes Thrown in—$60 Gold Watch, $20 Silver Watch and $5 Carving Set.

Attention is directed to the announcement another column of a grand guessing competition to be conducted in connection with the Peterborough Bookstore. This is a real competition. The prizes offered will be genuine, reliable, valuable gold and silver watches and the carving set is one of the best made. The goods will be sold at the regular rates, which are of the lowest, and every dollar's worth of goods bought entitles the purchaser to a guessing ticket and consequently gives him or her a chance of winning one of the elegant prizes offered. Full particulars of the conditions governing this competition may be found by consulting the advertisement in another column. This competition will be a genuine, fairly and squarely conducted contest with every precaution taken to insure the utmost fairness in every respect. The number of articles in the sealed jar whose contents are to be guessed upon, is known to no living man.

In the Matter of the Peterborough Bookstore Competition :

We, James W. Brisbin, of the town of Peterborough, merchant ; William Collins, of the township of North Monaghan, farmer ; and George E. Elliott, of the township of Smith, farmer, do hereby certify :

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

GEO. E. ELLIOTT,
WM. COLLINS,
J. W. BRISBIN.

The deciding committees will be composed of some of our most reliable citizens. The keys of the ballot boxes in which the guessing tickets will be deposited, will be in the hands of the committee and in every respect the contest will be fair, above board and bona-fide.

Dufferin and Ava.

The announcement that the Marquis of Dufferin and Ava has been appointed by Lord Salisbury Her Majesty's representative to France, as successor of the late Lord Lytton, will undoubtedly cause a thrill of pleasure throughout Canada, where the Marquis and his amiable spouse are still held in the kindliest remembrance. The office of Ambassador to France is regarded as the highest and most important in the diplomatic service ; and although the position has not always been filled by diplomats of the first rank, still the rule has been to send to Paris only men of rare ability, tact and discretion, and the selection of Lord Dufferin for this important post is an acknowledgment on the part of Lord Salisbury that the ex-Governor-General of Canada is the foremost diplomat of the present day. Lord Dufferin was born in 1826, began his public career forty-five years ago, when he was appointed Lord-in-Waiting to Her Majesty, and has since that time been almost continually before the public, winning his way upward by sheer talent, for he had but little money or influence to help him. He is not a rich Peer, and is too free and generous to save any money out of his salary. On his return from Canada it was his humorous boast amongst intimate friends that he had "saved a hundred pounds !" — an entirely exceptional experience. His many admirers in Canada will wish him health and long years to enjoy his new position. He stands now in the second highest rank in the British Peerage, and his name is followed by the following tremendous array of letters : P. C., K P., G C. B. G.C. S I., G.C.M.G., G.C.I. E , D. C. L., LL D., F.R S. The following is a list of the different important positions he has filled :

Christmas Memories.

The weaving of Christmas garlands has begun, and smilax and holly and the more prosaic and plentiful hemlock are being bound into pillars and woven into ropes to hang out as an inducement to Christmas weather. We have the calender with us. The Christmas enthusiasm is bubbling in our hearts, but save the few snowflakes which are just now graying the buildings across the way, the weather has not been with us at all. It interferes with our other Christmases. It will not be reconciled to memories of sleighing and snow-covered, brand-new furs.

I wonder what is the first thought that stairs in our memories as we sniff the spicy hemlock ? I wonder if there comes to any a bare old schoolroom littered with branches of green and piles of rowan berries ? There were not many well recited lessons that afternoon, for the biggest boys had been allowed to go out to the woods for the green, and there was a feeling of holiday in lazy little heads. There was the patient teacher, who shewed the girls how to make wreaths and crosses and stars and tissue-paper flowers. Then came examination day and frizzed little heads and best dresses and affected little manners. Fathers and mothers and uncles and aunts crowded the stairways on public examination days, and then—Santa Claus and the holidays.

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies :—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

Council Notes.

There was a full meeting of the town fathers last night.

The business did not permit much display of oratory.

The council of 1891 was literally snuffed out. This was their last meeting, and just as they had passed the bylaw appointing polling places and deputy-returning officers for the municipal elections, the electric light spattered, paled and went out, leaving the councillors only the illumination of their own wisdom.

There was a large audience of interested spectators at the meeting. The councillors were late in taking their seats, and the audience showed their impatience by stamping like gallery "gods" in a theatre. They had paid their taxes, and they were impatient for the show to begin.

The scarcity of debate did not permit a single joke being cracked—the only approach to one was the quiet remark of one shameless councillor on the motion to reduce the clerk's salary, "that it was an attempt to rob the cobb of its corn. Few heard the joke, and those who heard it, didn't "see" it.

On South Ward councillor was sharply reproved for quoting Scripture when he said, in allusion to councillors being forgiven for the sins of the past year—"While the *candle* holds out to burn, the vilest sinner may return"—just then the electric lamp went out.

The bylaw to confirm the new electric light contract was not introduced, because the electric light went on strike, and the bylaw forbidding the sale of cigarettes to "children under 15 years" hung fire, because there was no means of lighting it.

What it Does.

Hood's Sarsaparilla
1. Purifies the blood.
2. Creates an appetite.
3. Strengthens the nerves.
4. Makes the weak strong.
5. Overcomes that tired feeling.
6. Cures scrofula, salt rheum, etc.
7. Invigorates the kidneys and liver.
8. Relieves headache, indigestion, dyspepsia

If you have any pains in the joints caused from cold or dampness, do not wait until it developes into a bad case of rheumatism, but ask W. B. Greatrex, druggist, for a bottle of Royal Rheumatic Remedy. dw

Highly Successful Sale.

A highly successful sale was held at St. Andrew's school room yesterday. The sale began at 3 o'clock p.m., and the entire stock of useful articles provided by the Ladies' Aid and the girls of Miss Mercer's class, was disposed off at good prices. Tea was served from 5 p.m. till all the goods were sold and, presumably, all the *edibles* disposed of.

The Duty of the Hour.

It must be apparent to every right thinking young man that if he wants to appear dressed in a faultless suit of clothes on New Years' Day, that will put the stamp of a gentleman upon him in fit, finish and fashion, he must leave his measure *immediately* with DUNCAN CAMERON & Co., the Y. M.'s tailor of George street. eod

Charlotte Street Epworth League.

There was a large attendance at the meeting of the Charlotte street Epworth League on Monday evening, Mr. S. E. Bacon presided, and after the opening exercises the Rev. Mr. Edwards gave a short but very interesting address on the subject: "Helping our Brethern." The meeting, which was a very enjoyable one, was brought to a close by the benediction.

Beautiful Windows.

Two of the prettiest windows in town are those of J. J. Sheehy's dry goods store. In one is to be seen a beautiful bell, and it is simply an ornament. The other is filled with twenty-five different shades of all-wool cashmere, 38 inches in width, which goods Mr. Sheehy is selling at the low price of 23½ cents a yard. There are just 1,000 yards in the whole window, and it is needless to say that they are selling rapidly. The store inside is decorated beautifully, and persons looking for novelties for the Christmas season are invited to inspect Mr. Sheehy's stock. The goods are arranged in such a way that it is absolutely no trouble to show them.

Tobogganing.

The frosty weather of last night and today brings joy to the hearts of the lovers of this delightful sport. The big slide is nearing completion, and will be opened Monday evening next by His Worship Mayor Stevenson, when speeches will be delivered by several prominent citizens. The *Fire Brigade* Band will render a choice programme.

Several ladies have expressed a desire to be the first to go down the slide. The management have pleasure in announcing their wish can be gratified, as an immense toboggan, capable of seating twelve persons, have been procured for the opening night.

A party of between twenty and thirty tobogganists from Lakefield will attend the opening of the slide Monday night.

Persons desiring toboggans should order them at once so as to be sure to have them for Monday evening

Entertainment at St. John's South Ward Mission.

A very successful entertainment was held at St. John's South Ward Mission last evening. Mrs. G. A. Smith opened the performance with a piano solo, which was loudly applauded. Mrs. Seward's song, "A Little Mountain Lad," was enjoyed by all. Mr. Koy then followed with his most entertaining and instructive lecture on "China and the Chinese," illustrated with beautiful stereopticon views. He also gave several views especially for the children. A recitation was given by Mr. Beal, and last, but not least, Messrs Tool and Barnes sang a humorous duet, entitled "Romeo and Juliet," accompanying themselves most ably with banjo and guitar. This being encored, they sang "Swinging in the Grape Vine," and so well was it received that one of the audience threw them a beautiful bouquet. Taking into consideration that this was their first appearance in public we feel convinced that if they go on as they have began we shall soon hear of them again. A very pleasant evening was closed by singing "God Save the Queen."

Thrown From a Train.

Yesterday during the icy weather, a young brakesman named Foster, son of the driver on the way *freight* between Belleville and Lindsay slipped and was thrown from the train sustaining serious injuries.

A Captured Prize.

Mrs. Thomas Kelly, town has secured one of the prizes in the *Dominion Illustrated* historical prize competition. The condition to success in this contest, was the possession of a wide range of literary and historical knowledge and patient research. Mrs. Kelly is to be congratulated on her success.

Over Twenty-three Years Absent.

We received a call on Tuesday from Dr. S. D. Merriam, of Springfield, Mass., who is here visiting his aged mother, who resides with her son-in-law, Mr. John Throop, of Ashburnham. He is a son of Beildge B. Merriam, (deceased), of Hiawatha, Ont. Dr. Merriam served three years in the Union Army during the late American rebellion and was present in twenty-three different battles. His old acquaintances and friends are pleased to see the doctor's return once more to the home of his childhood. He is looking hale and hearty, and looks in appearance, as young as ever. The doctor sees a great change in Peterborough since then and expresses his opinion that in twenty-five years hence Peterborough will be the leading city of Canada. He further says that Peterborough takes the lead in fine looking and well dressed ladies and gentleman of any place he has visited in Canada, and that in all appearances as to taste, neatness, style, shrewdness and ability, that the people of Peterborough are on a par with those of the States. The doctor goes West from here to visit his brothers and sisters in the States, from there he goes back east where he has a large practice.

Personal.

Mr. John R. Cobb, the newly elected town clerk, executed his security bond to-day, and will enter upon his duties to-morrow.

Mr. G. G. Gladman, of Parry Harbour, is in town for a few days. Even in that high latitude he reports soft, sloppy weather and an entire absence of beautiful snow.

Purify The importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is heredited and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. **Your** There is nothing more conclusively proven than the positive power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system. **Blood** Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

County Magistrate's Court.

This morning County Police Magistrate Edmison held court at the Court House to investigate a charge of assault preferred by Charles H. Mann against John Montgomery, Bridgenorth. This charge grew out of the Pope-Montgomery perjury case, which grew out of the Pope-Finley seduction case. The plaintiff claimed that, in discussing the perjury case, the defendant knocked him down. There were no lawyers retained and consequently, if not necessarily, the case was settled.

A Financial Freshet.

Monday, was the last day of receiving taxes minus the five per cent. addition, and during the day there were nearly $30,000 paid in, of which $6,000 was cash and the balance cheques. The collector is entitled to great credit for the dexterous and judicious manner in which she got through such a tremendous day's work. The total amount on the collector's roll was $66,705 50 Of this amount, $59,091 36 has been paid, leaving a balance of unpaid taxes of $7,615 14 less by $550.02 than the amount of taxes unpaid on Dec. 13th last year. This speaks well for the financial position of Peterborough, and the ability to meet tax obligations. Our merchants have been fairly prosperous, and the artisans and the labouring classes have had steady employment during a much longer season than usual.

Oh, What a Cough!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

THE ELECTIONS.

On motion Mr. Peck was appointed deputy returning-officer for the south ward and Mr. Wright for the north ward.

ANNUAL FINANCIAL STATEMENT.

The Reeve read the annual statement of receipts and expenditures, which was ordered printed.

After a brief reference to the snow plough matter, without taking decided action, the council adjourned.

The Last Way to Economize.

To the Editor of the Examiner:

DEAR SIR,—Possibly this letter may be rather premature, but I cannot wait for the printed announcement of the doings of the city fathers assembled in economical conclave last night in the Hall of Wisdom, and if the report (as per town talk) of their mighty doings is correct, surely they deserve great credit for making the salary of the clerk elect—Mr. John Cobb—$25.00 lower than that of the former clerk. Now sir, the idea of such cut-throat economy as that is purely ridiculous to a town like Peterborough or I might say any country village. For if Mr. Cobb did not enjoy the fullest confidence of the whole council as to ability, responsibility, etc., etc., then why was he appointed? And since it is shown he does enjoy their full confidence, why have they made such a great reduction in his salary? for he is required to do the same amount of work as the former clerk in every particular, and yet he is cut short TWENTY-FIVE DOLLARS, which amount I presume, will be applied on account of visiting deputations who go abroad to look after——nothing, or possibly, it will be set aside, with similar savings, to be applied on some drain that will be opened in the near future for the benefit of parties concerned. But it does not matter much how and where it will be applied, suffice it to say that the principle is "small," and the act is a scandal to the town. The motive or retaliation on Mr. Cobb and his friends, should be beneath the perpetrators of the act, and if the competitors for the office had been other than they were I don't think that we would have heard anything of such mean economy, and if the Council have any respect for ability, they will at the very earliest opportunity rescind such malicious legislation before asking the ratepayers for a renewal of office; for their action in this respect is not consistent with the whole of the year's transactions, and it will not be entirely satisfactory for them to begin so late in the year with such small things.

The town of Peterborough, as well as Mr. Cobb, is to be congratulated on his appointment to the office, as it is a mark of appreciation of his abilities, as well as a guarantee to the ratepayers that their work will be properly attended to—notwithstanding the small economy of the city government in cutting him off in his remuneration to the amount of $XXV.

Yours, etc.,
RATEPAYER.

A Great Advantage.

The great advantage the public enjoy in purchasing their Bible, Hymn Books, Prayer Books and all leather goods such as Purses, Card Cases etc at the Peterborough Bookstore, in addition to having the largest and best assortment to select from, is, that they stamp your name on the article purchased, in goldletters, while you are taking a birdseye view of their excellent stock. It will pay you to come and see their magnificent stock of Bibles and Hymn Books for all denominations. 4d-142

THE SEWARAGE QUESTION.

Mr. Langford, chairman of the special committee, presented the following report :

To the Mayor and Councillors :

Gentlemen,—Since my last report the Committee on Sewarage has been called together to consider what action it would be desirable to take on the initiation of the sewerage of the town, whereupon it was deemed necessary to obtain such information as would enable your council to proceed with the work with the least possible delay. Having this in view the committee authorized the town engineer and myself to proceed to Toronto and consult specialists on the subject. This we have done, and at a subsequent meeting of the committee, I laid the information with the letters received from the sanitary engineer, consulted by the town engineer in company with myself, before them, when after consideration it was resolved that Mr. Allan Macdougall, sanitary engineer, be employed to prepare a report as to the methods he would propose for the sewerage of the town and supply all the necessary plans, drawings, specifications and estimates, so that the town could proceed with the work by contract or otherwise, or in sections if considered more convenient. I should also state that a letter had been received from a New York company who proposed a scheme for supplying to the town a system of sewerage, and who stated that they would express their views more fully and forward pamphlets setting forth their methods when written to on the subject. I have carried out the instructions of the committee and have written to Mr. Macdougall, who will be here to-morrow, and I have also written to the New York company for the information they state they are prepared to give. I beg leave to add that, the professional part of the work being now under way, I am in hope within a short time to have a perfected scheme for the sewerage of town to lay before you.

All of which is respectfully submitted.

W. Langford,
Chairman.

The report was adopted.

THE TOWN CLERKSHIP.

Mr. Kendry chairmen presented the following report:—

To the Mayor and Councillors of the town of Peterborough.

Gentlemen.—Your Committee on Appointments and Supervision of Police, beg leave to report and recommend John H. Cobb for the position of town clerk.

All of which is respectfully submitted.

Jas. Kendry,
Chairman.

On motion to adopt the report, and after considerable discussion as to the salary, Mr. Davidson moved, seconded by Mr. Dennistoun, that the salary of the town clerk, police court clerk and secretary of the Board of Health, be the sum of eight hundred dollars

Mr. Kelly asserted that the salary of the late town clerk was no larger than it should be. There was considerable extra work to be done.

Mr. Davidson's motion was agreed to and the report as amended was adopted.

Mr. Kendry moved the first reading of a bylaw to appoint a town clerk, and the council went into committee of the whole on the second reading, Mr. Meldrum in the chair, and the bylaw was duly passed appointing John R Cobb town clerk, clerk of the police court, and secretary of the Board of Health, at a salary of $800—the security being fixed at $2,000

EXTENDING GEORGE STREET

Mr. Hall moved, seconded by Mr. Winch, that the Street and Bridge Committee be instructed to ascertain the practicability and probable cost of opening George and Aylmer streets south from where they now end, and also the north end of George street, and to report to the Council.

THE MUNICIPAL ELECTIONS.

A by-law was passed fixing the polling places and deputy returning-officers for the respective words as follows :—

No. One Ward—Mission School on Dalhousie street, Joseph Lundy to be deputy returning-officer.

No. Two Ward—Market Building, Charles Cameron to be deputy returning-officer.

No. Three Ward—Rathbun & Co.'s office, John Irwin to be deputy returning-officer.

No. Four Ward—William Lee's shop, William Lee to be deputy returning-officer.

The council adjourned.

A SPECIAL POINTER.

Remember, that every person making a purchase in our establishment to the amount of ONE DOLLAR, and also for every dollar above that amount, will be given an opportunity to guess the number of Peas, Beans and Hasel Nuts in the Glass Jar in one of our show windows, and the one making the nearest guess to the total number of Peas, Beans and Nuts in the Jar receives

A GENUINE GOLD WATCH of Substantial Value, and of the best manufacture. The Lady's Watch is a 14-Carat, Solid Gold Hunting Case, full-jewelled, stem-winding Waltham Watch, worth $50.00, and the alternate prize, a Gentleman's Gold Watch, is of equal quality and value ; the winner may make choice and take either.

The Second nearest receives the SILVER WATCH, a Three-Ounce Hunting Case, full-jewelled Compensating Balance Elgin Watch;

The Third nearest receives A BUCKHORN HANDLE CARVING SET, Silver Steel, Sheffield make.

Should two or more guess the exact same number of the total of Peas, Beans and Nuts in our Glass Jar, the award will be made to the one first making the guess. Therefore guess early.

The number of Peas, Beans and Nuts in the Jar is unknown to any person, as the following certificate shows :—

In the Matter of the Peterborough Bookstore Competition :

We, James W. Brisbin, of the Town of Peterborough, merchant, William Collins, of the Township of North Monaghan, farmer, and George E. Elliott, of the Township of Smith, farmer, do hereby certify :

1 That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2 That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar, or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

"August Flower"

Mr. Lorenzo F. Sleeper is very well known to the citizens of Appleton, Me., and neighborhood. He says: "Eight years ago I was taken "sick, and suffered as no one but a "dyspeptic can. I then began taking August Flower. At that time "I was a great sufferer. Every "thing I ate distressed me so that I "had to throw it up. Then in a "few moments that horrid distress "would come on and I would have "to eat and suffer "again. I took a "little of your medicine, and felt much "better, and after "taking a little more "August Flower my "Dyspepsia disappeared, and since that time I "have never had the first sign of it. "I can eat anything without the "least fear of distress. I wish all "that are afflicted with that terrible "disease or the troubles caused by "it would try August Flower, as I "am satisfied there is no medicine "equal to it." ●

PHOTOGRAPHING CHINAMEN.

May Not Look So Much Alike in Pictures As In Life.

WASHINGTON, Dec. 15.—Acting Secretary Spalding yesterday instructed the collectors of customs at Buffalo, Ogdensburg, Suspension Bridge and Plattsburg to cause photographs to be taken of all Chinamen arrested for unlawful entry into the United States from Canada. It is expected in this way to establish a positive identification of all Chinamen who return to this country after having once been departed to Canada as the country whence they came.

In a Man-Eater's Clutches.

BRIDGEPORT, Conn., Dec. 15.—Alexander Pope, a Boston artist, was attacked by a "man-eater" this morning at Barnum & Bailey's winter quarters, and might have lost his life but for the prompt action of George Conklin and Henry Shaw, keepers. Pope was painting the tigers when, getting too near the cage, one of them seized him by the shoulder, which was badly lacerated before the keeper drove it back with a sharp iron prod.

No Divorce for Florence.

LONDON, Dec. 15.—The jury in the case of Miss Florence St. John, the actress, who brought suit for divorce from her husband, yesterday rendered a verdict refusing the divorce asked for.

Advice to Newfoundland.

LONDON, Dec. 1.—The Times earnestly appeals to the people of Newfoundland to think twice before they allow their Government to precipitate a conflict in which they have much to lose and hardly anything to gain.

The Church of England Wins Its Suit Against the City of Winnipeg.

WINNIPEG, Dec. 15.—Yesterday before the Manitoba full court an application was made by a member of the Church of England to quash the city bylaw for levying taxes on the ground principally that it is illegal to assess members of the Church of England for support of schools which are not under control of Church of England and in which there are taught religious exercises prescribed by such church. This is a similar appeal to that taken recently by the Roman Catholic Church of the province. The Chief Justice delivered judgment of the full court granting the application and quashing the city bylaw.

While attempting to make her way from a neighbors with her children, Mrs. John Reddie of Deloraine, Man., became lost on the prairie and was frozen to death when found by her husband. The two children had both hands and feet frozen.

The man who cut his throat with a jack knife at the residence of Mr. Henry Tracksell, in South Easthope, and died from the effects, has been recognized by his wife as Thomas W. Wallace, a farm laborer, who removed to Toronto from the Western States two weeks ago.

In the French Senate yesterday M. Dide claimed that the Catholic bishops were working to establish the temporal power of Papacy and urged the Government to pave the way for the separation of church and state by legislation giving further control of public worship. M. Fallieres, Minister of Justice, replied that if the provisions of the concordat were not sufficient to recall the clergy to a sense of respect they owe the constitution, the Government would ask Parliament to authorise other matters. By a vote of 211 to 57 the Senate adopted an order of the day pledging the Government to avail itself of its rights to compel the clergy to respect the public and to submit to the laws.

Treble and Bass.

"Twinkle, twinkle, little star,

In treble sweet piped little Grace,
"Catarrh, catarrh, catarrh, catarrh,
What a horrid pest you are;"
Growled dear papa in lowest bass.

When papa reads this he will learn how to get rid of the pest. By its mild, healing, antiseptic, and cleansing properties, Dr. Sage's Catarrh Remedy cures the worst cases. This infallible remedy does not, like the poisonous, irritating snuffs, 'creams,' and strong caustic solutions with which the public have been so long humbugged, simply palliate for a short time, or drive the disease to the lungs. It produces a perfect and permanent cure of the worst cases of chronic catarrh. "Cold in the head" cured with a few applications. Catarrhal headache relieved and cured as if by magic. It removes offensive breath, loss or impairment of the sense of taste, smell or hearing, watering or weakness of the eyes, and impaired memory, when resulting from catarrh. HE THREATENS TO BLOW UP A BERLIN BANK.

The Banker Shows Pluck, However, and the Man is Arrested—John Dillon Wounded—Railway Wreck in England—A Skeleton in a Cargo.

BERLIN, Dec. 16.—During the business hours yesterday a young man entered the offices in this city occupied by Hermann & Co., bankers, and asked to have a personal and private interview with the principal member of the firm on busines of a most important nature. The stranger was ushered into a waiting-room and Mr. Hermann soon joined him. When the two men were alone the stranger handed the banker a letter *containing a demand to pay* ovet 10,000 marks to the bearer, with the threar that in case of a refusal the premises woud instantly be blown up with dynamite Mr. Hermann called out for help. The fellow thereupon made a dash from the place, but was captured and handed over to the police. When searched Among the various things taken from his pockets were two packets of gunpowder and two other packages containing a white powder, the nature of which was not known. Neither the prisoner's name nor anything that might establish his identity has so far been learned He has remained mute to all questions and the efforts of the police to throw light upon the matter have thus far been without avail.

The prisoner had apparently followed closely the accounts published here of the Sage affair in New York, as his plan of operation was exactly the same as that of the New York dynamiter.

An Archduke Dies From Grip.

VIENNA, Dec. 16.—Archduke Sigismund Leopold Renier of the Imperial House of Austria died to-day of influenza. He was a cousin of the Austrian Kaiser and son of the late Archduke Renier, for many years Viceroy of Lombardy, and noted for his severity against Italians struggling for liberty. Sigismund was born in Milan in 1826. He was a brother of the late Archduke Henry.

Privy Councillor Loper, a noted savant, died in Berlin, Germany, yesterday, of influenza.

Major-General Pedler died at Plymouth, England, vesterday, of influenza.

Sir James Risdon Bennett, M.D., ex-president of the Royal College of Physicians, is dead, aged 82.

Jean Servais Stas, the celebrated Belgian chemist who contributed to Bunsen's and Kerchoff's discoveries on the electric nature of sunlight, died to-day, aged 79.

Mr. Morris, the inventor of the Morris tube, yesterday committed suicide by shooting himself with a rifle in London, England. No reason is given for the act.

A Skeleton in a Cargo.

LONDON, Dec. 16.—An Italian sailor aboard the Genoese bark Emanuel, from Rangoon for London, murdered a shipmate shortly after leaving Rangoon. He was put in irons, but managed to slip them and sought refuge in the cargo, where he kept the crew at bay for six weeks, subsisting meantime on biscuits and water. It was not until the cargo had been removed at the India docks, Mitwall, that the murderer surrendered. He was reduced to a skeleton and is now in the hospital.

Railway Wreck.

MANCHESTER, Dec. 16.—At Accrington, Lancashire, 19 miles from Manchester, on the Lancashire & Yorkshire Railway, a freight train overran its stops and burst into the wall of the freight depot. The building thereupon collapsed, burying several people in the ruins. One dead body has been extracted from the ruins and many persons have been injured by the accident.

A French Duel.

PARIS, Dec. 16.—The explorer Charles Soller and Col Andruzzi recently became involved in a dispute concerning the colonial policy of the Government and forcible language was used. The men fought a duel yesterday. Soller was wounded in the forearm and Andruzzi received a severe sword lunge in the chest.

Dillon Wounded.

DUBLIN, Dec. 16.—In a shindy at Ennis to-day John Dillon was hit over the face with a stone and badly cut.

Leo XIII. as an Heir.

PARIS, Dec. 16.—On Wednesday there will be begun before the Civil Tribunal of Montdidier a case of almost unique interest, for it will show His Holiness Pope Leo XIII. summoned before the smallest tribunal in the French Republic. On July 4 of last year there died at the Chateau du Moreuil, Mme. de Pastoret, Marquise du Plessis-Belliere, leaving a fortune of 10,000,000 francs, part of which consisted of the famous Chateau de Moreuil.

By her will the Marquise left Pope Leo XIII. heir to her entire property. The natural heirs of the Marquise are contesting the validity of the will.

Clarence's Wedding.

LONDON, Dec. 16.—When their marriage occurs the Duke and Duchess of Clarence and Avondale will have an income of £20,000 a year out of the sum which was voted by Parliament in 1889. The Duke and the Princess continue to plead for their marriage to be allowed to take place in Westminster Abbey. The Queen, however, still adheres to Windsor.

POLITICAL.

The Member for Prescott Unseated—Petition Against Dr. Landerkin.

L'ORIGNAL, Dec. 15.—The trial of the petition against the return of Isidore Proulx as Liberal member of the Dominion Parliament for the County of Prescott was completed at the court house yesterday before Justices Falconbridge and Street, Mr. Proulx being unseated and the election voided. The corruption established was treating by agents.

Judgment in the South Grey Election

WALKERTON, Dec. 16.—The South Grey election trial to unseat Dr. Landerkin (Liberal) opened yesterday before Judges Rose and MacMahon. Two cases of paying for livery rigs on election day and one case of a voter voting twice were completed and judgment reserved. One case of a voter getting money from an agent of respondent on the day after the election was not concluded when the court adjourned until to-morrow morning.

The Patrons of Industry May Bring Out a Candidate.

MILTON, Dec. 16.—The convention of Patrons of Industry Tuesday, called to select a candidate at the approaching bye-election, was slimly attended, some districts, not being in sympathy with the movement, declining to send delegates. A majority of those present favored a nomination and Richard Graham of Esquesing was selected, but as he was not in attendance his acceptance is problematical.

SUICIDE AT HAMILTON.

A Hamilton Tobacconist Lodges a Bullet in His Stomach.

HAMILTON, Dec. 16.—A. B. McKay, aged 36, keeper of a cigar store at 151 King-street east, was found by his wife at 9 a.m. lying on the bed partly dressed and his white shirt covered with blood. McKay had shot himself in the stomach with a revolver. A policeman asked McKay what he did it for. The man replied: "I made a fool of myself. Hurry up and send for a doctor if you want to save my life." He will probably die.

"SINJIN" LOSES HER SUIT.

Marius Is Cheered While She Leaves the Law Courts Unnoticed.

LONDON, Dec. 16.—In the St. John vs. Marius divorce suit to-day Arthur Cohen, the corespondent in the counter-action for divorce instituted by Mr. Marius against Miss St. John, denied that he had ever committed adultery with Miss St. John and that there had ever been any undue familiarity between them.

The jury returned a verdict refusing Miss St. John the divorce asked for, finding that Mr. Marius was not guilty of the acts of cruelty imputed to him by Miss St. John, nor was Miss St. John guilty of adultery, as charged by Mr. Marius.

The court granted Mr. Cohen his costs in the action. The question of who shall pay the other costs was not settled.

When the verdict was announced it was greeted with cheers and cries of "Bravo!" When Mr. Marius left the court room a crowd heartily cheered him. No notice was taken of Miss St. John.

Although refused a divorce, Florence St. John has obtained a legal separation from her husband.

RIO JANEIRO, Brazil, Dec. 15.—One of the last acts passed by the Brazilian Congress before its dissolution granted a pension of $90,000 per year to Dom Pedro de Alcantara, ex-Emperor of Brazil, with arrears from Nov. 15, 1889.

Eczema on a Lady.

Stubborn Case of Skin Disease Covered Her Face and Body—Many Doctors Baffled.

Marvellous and Complete Cure by Cuticura—Six Years have Elapsed and No Return.

A lady customer of ours (Miss Fanny Atwood of Caroline Depot, N. Y.) has been cured of a stubborn case of skin disease by the use of CUTICURA REMEDIES. She remarked that her case had baffled the skill of many well-known physicians. They unanimously pronounced it Eczema, with Rheumatism lurking in the blood. Some predicted that any treatment strong enough to cure the Eczema would surely increase the Rheumatism. She used two sets of the CUTICURA REMEDIES. The effect was marvellous. Her case of Eczema was not only completely cured, but her Rheumatism was greatly relieved during the treatment. Six years have elapsed since the cure was performed, her Rheumatism has since never increased by the treatment, but rather diminished, and she sees no symptoms of the return of the Eczema which once so completely took possession of her face and body. Miss Atwood delights in telling of the good effect that the CUTICURA threatment had upon her, and recommends unsolicited the CUTICURA REMEDIES for Eczema and all kindred ailments. Your preparations find ready sale; indeed, CUTICURA SOAP is on the list to buy almost continuously.

The Czar Will Probably Bounce the Minister of Railways.

ST. PETERSBURG, Dec. 17.—The Czar is incensed at the absence of railway facilities for the distribution of corn. It is probable Gen. Annerkoff will succeed the Minister of Railways, who has resigned.

PEACEFUL SETTLEMENT PROBABLE

Of a Little Unpleasantness Between Bulgaria and France.

PARIS, Dec. 17.—An interview was held yesterday with the Bulgarian Minister in this city in regard to the Chadouine incident. M. Chadouine was representative at Sofia of the Agency Havavas, a French newspaper association, and he was expelled from Bulgaria because the Government held that the news agent was unfavorable to Prince Ferdinand. France, through her representative at Sofia, demanded that the decree of expulsion be recalled. This demand the Bulgarian Government refused to grant, and the consequence was that the French Minister was instructed to sever diplomatic relations with the Bulgarian Government. The Bulgarian Minister stated yesterday he felt confident the whole matter would be amicably settled. He entertained no doubt that Bulgaria would make the concessions demanded by France and thus bring about a re-establishment of diplomatic relations.

DENOUNCED MASSES.

A Too Zealous Pastor Has His Church Closed Over His Head.

VIENNA, Dec. 17.—The magistracy of the city, at the instance of the public prosecutor, have issued a decree commanding the closing of the Methodist Church here. They have also prohibited Pastor Roesch from preaching anywhere in the city on the ground that his Methodistic denunciation of masses as blasphemous fables and dangerous conceits is an insult against the Catholic religion, which is recognized by the state.

In Hawaii.

HONOLULU, Dec. 16.—Robert Wilcox, the Hawaiian agitator, is taking part in the preliminary movements of the coming political campaign. His following is entirely Hawaiian. At the meeting of the Hui Kaiakana Society, Dec. 4, a resolution was introduced contending that the proposal to convert Hawaii into a republic should be openly disapproved by all candidates for office. Mr. Karilokua, who introduced the resolution, said there was a rumor circulated that certain persons were conspiring to overthow the Queen's throne, and that some perverse statements had been made to the effect that Queen Lilliqulani herself favored the project. The speaker declared that a republican form of government would be destructive to Hawaii and the natives. Willcox, who had been an advocate of a republic made a speech in reply, but refrained from making any open declaration for a change in the form of government. After further discussion Karilokua's resolution was indefinitely postponed.

MICHAEL THE PRINCE.

HE TELLS A REPORTER HOW HE WAS PURIFIED.

Balls of Fire Flew From All Parts of His Body and He Said "Praise God" Ten Thousand Times—The Former Elgin Book Pedlar Transfers His Headquarters From Toronto to Detriot.

DETROIT, Dec. 17.—A curious religious sect has purchased a large number of pretty cottages in the northern part of the city, and many have settled there with their leader, Michael Kiefer Mills. More houses will be purchased and the vicinity made the headquarters of the sect. The people profess to live in rigid accordance with the rules laid down in the Old Testament. They never cut their hair, and their appearance, especially that of the men, is grotesque in consequence. Mills has until recently lived in Marlborough-avenue, Toronto. It was there that he was purified. "I thought I was being torn to pieces," he said, in describing the process of purification.

"I was thrown to the ground and balls of fire flew from all parts of my body. I said 'praise God,' I suppose ten thousand times. Since that time I have been free from bodily infirmity. My food, which formerly disagreed with me, nourishes me perfectly, and I am fitted to lead the people in Israel."

The house of Mills is the finest in the neighborhood and the central house of the sect in the United States. In addition to the Bible they have a peculiar revelation called "the flying roll." The roll is said to have been in preparation for 100 years and to have been the work of the seven thunders. It contains unspeakable words, according to the faith, which it is unlawful to utter.

DEATH AT THE WINDOW.

A Man Seen for Three Days by the Trainmen Proves to Be Dead.

NEW YORK, Dec. 17.—From last Saturday morning until this afternoon the passengers, conductors and guards on the Ninth-avenue elevated railroad have noticed an old man wearing spectacles, leaning on the sill of a window on the sixth floor of the tenement house No. 645 Greenwich-street. His arms were crossed on the casement and upon them rested his head with the face turned sidewise, as though watching something going on down the street. Hour after hour as the numberless trains sped by the motionless form of the man still remained.

This afternoon a trainman upon nearing the man's abode looked up. "The old man's at the window again," he remarked to a passenger. The passenger, who chanced to be Dr. Donlin, the coroner's assistant, glanced in the direction indicated. His professional eye detected in an instant that the man was dead and that he would remain there until doomsday unless disturbed. The doctor alighted and going to the house found his surmise correct. The man was Richard E. Harvey, who lived alone. He was kneeling on the floor with his head resting on the window sill.

MRS. CLEVELAND SAYS "NO."

Her Influence May Take the Husband Out of the Race.

NEW YORK, Dec. 17.—A friend of ex-President Cleveland has been talking to a representative of The Advertiser, and he declares that Mr. Cleveland is not a candidate for the Presidency again. As to whether he would take the nomination if offered to him, it would depend upon who did the offering. He has had the honor of the Presidency, and a re-election could not add much to that honor.

"Besides," continued the friend, "a man should always be considerate of the feelings of his wife on such a subject. And Mrs. Cleveland is decidedly averse to a re-entry into politics. Her experience in Washington has made her satisfied with a quiet, social, domestic life. I tell you, Cleveland is not in the race."

Reciprocity Treaty With All British West India Islands.

WASHINGTON, Dec. 17.—The Secretary of State this afternoon announced the conclusion of a commercial reciprocity agreement with the United States and all the British West Indian Islands and British Guiana, and on Jan. 1 next the President will issue a proclamation announcing the details of the convention. The agreement includes arrangements with Jamaica, Barbadoes and Trinidad and the Leeward Islands.

In return for the continued free introduction of sugar and coffee into the United States it has been agreed by the colonies named not only to greatly enlarge the free list of the tariffs, but also to make very considerable reductions in the duty on the leading agricultural and other products of the United States.

Starving Miners in Indiana.

BRAZIL, Ind., Dec. 17.—The situation in the bituminous coal region, where there are 20,000 miners on strike, is a gloomy one for the strikers. Many of the men and their families are subsisting on one meal a day and have been doing so for two weeks. The men talk with an air of grim determination to fight it out to the death if need be. There is no hope, however, that this will not become necessary, as the National Executive Board of the Coal Miners' Association of the United States has at last recognized the strike and approved it and has issued a call to all its members to contribute to the relief of the strikers. It has been stated that mine owners in adjoining states have been supplying contracts for the Indiana mine owners. This will be investigated by the board, and if it cannot be settled in any other way the miners in those states will be called out also.

ANGERS TAKES ACTION.

THE MERCIER GOVERNMENT DISMISSED FROM OFFICE.

Judges Baby and Davidson Declare the Whole Baie Des Chaleurs Railway Transaction to Have Been Illegal and Unjust—Judge Jette Disagrees With Their Finding — Election Trials.

QUEBEC, Dec. 16.—Late yesterday afternoon Lieutenant-Governor Angers sent a message to the local Cabinet dismissing it from office. Mr. DeBoucherville is called upon to form a new Cabinet. It is generally believed that the House will shortly be called and that general elections are near at hand

Commissioners Baby and Davidson gave the Lieutenant-Governor an interim report which did not bear Judge Jette's signature and in which he did not concur. The report condemns the whole Baie des Chaleurs Railway transaction as illegal and corrupt.

The report covers about 12 pages of foolscap of type-written matter. It recalls different parts of the evidence given before the commission and strikes directly a stunning blow at Messrs. Mercier, Garneau, Robidoux and Langelier. It declares the whole transaction spurious, illegal and corrupted, and ends by a solemn condemnation of Mr. Mercier's Government as subversive to the interest of the province.

The two commissioners were bearers of a letter from Judge Jette addressed to the Lieut.-Governor. The contents of the letter are unknown to the members of the Cabinet. It is claimed, however, that it contained a declaration of the hon. judge to the effect that he did not concur in an interim report.

It is said Mr. DeBoucherville, who will take Public Works portfolio himself, will have the following as his colleagues: Messrs. Beaubien, Agriculture; Casgrain, Attorney-General; Hall, Crown Lands; Robertson, Treasurer; Nantel, Provincial Secretary, and La Bruere, President of Council. It is understood that the Legislature will be immediately dissolved and that the general elections will take place in January.

The Liberal leaders pronounce Lieutenant Angers' action as hasty.

Most of the Conservatives to whom this political occurrence was told refused to believe that Hon. Mr. Angers would have taken upon himself to dismiss a Government on a report ad interim devoid of the president of the commission's signature.

The dismissed members of the Cabinet feel very indignant at what they term an extreme indelicacy on the part of Hon. Mr. DeBoucherville in coming down with the two commissioners.

THE CHEROKEES' CHIEF DEAD.

Joel B. Mayes Goes to the Happy Hunting Ground.

TAHLEQUAH, I. T., Dec. 17.—Joel B. Mayes, chief of the Cherokee nation, died here yesterday morning. Joel Bryan Mayes was born in the Cherokee reservation, Ga., Oct. 2, 1833. His father was white and his mother of mixed blood, being descended on her paternal side from James Adair, an Indian agent under George III.

Joel was removed while a boy to the Cherokee reservation in Indian Territory. He graduated from the Cherokee male seminary in 1856, and taught until the beginning of the civil war, when he enlisted in the confederate army. He held the position of quartermaster during the war.

He returned to the farm on Grande River in 1865, and was made county commissioner and chief clerk to the Cherokee court, a dual position he held for many years. For two years he was county judge.

CHINESE JUNKETINGS.

How Local Agitators Put in Time in the Celestial Empire.

LONDON, Dec. 17.—The Times publishes a despatch from Singapore which contains China advices to Dec. 1. They include the following description of the origin of the Choo Yoong troubles: A party of cavalry destroyed a hill robber's village in the absence of the chief and killed all the members of the chief's household except the concubine, who was delivered to the magistrate. Afterwards, while the cavalry men were being inspected outside the town, the boys in revenge captured Choo Yoong, killed the magistrate, liberated the women and held the town. The affair was purely local. The same advices also contain the following: The so-called "massacres" of Christians were merely factional fights with members of a local sect, who, after rioting and extorting money, fled and joined some brigands.

How She Caught Him.

HALIFAX, N.S., Dec. 17.—In the County Court Robert Conway was arraigned on an interesting charge. He had promised to marry a young lady living in the north end and the wedding was arranged. These facts became known to another girl, whom the young man had also promised to wed, and upon learning that her marriage was set for a later date than that of the north end girl she decided to get ahead of her rival by having Conway arrested. To-day Conway promised to marry the girl who had the warrant issued, and the ceremony took place upon his release. He has now a suit for breach of promise on hand.

His Share of the Prize Money.

NORWALK, Conn., Dec. 17.—Theodore F. Flegler, and inmate of the Soldiers' Home at Norton, will soon receive from Washington nearly $30,000 prize money of the late war, due him as his share of many valuable captures made by Admiral Farragut's fleet, comprising the western Gulf squadron. Flegler was on board the Monongahela. The prizes consisted chiefly of blockade runners, the most important of which was the vessel Dashing Wave, loaded with cotton and a large sum in gold, which the confederacy was trying to ship to England for safety.

Death Summoned Her in Court.

ORILLIA, Dec. 17.—Wilbut Morden of Fesserton was remanded to-day for seducing Nellie Ross, a girl under 16. The mother of the girl took a fit in court from which she may not recover.

Judge Sinclair Dying.

HAMILTON, Dec. 17.—Judge Sinclair was in chambers yesterday morning and attended to several matters, after which he went to the Hamilton Club. During the afternoon, about 4 o'clock, he returned to his residence in Herkimer-street, and was placing his hat on the rack in the hall, when he reeled and fell. The judge was got to his bed as speedily as possible and Dr. Mullin, the family physician, was called. It was found that the stricken judge was suffering from a recurrence of the paralysis that prostrated him three years ago. He cannot recover.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD up the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

Daily Examiner.

THURSDAY, DECEMBER 17. 1891.

THE Dufferin *Post*, a Conservative journal, speaking of the dismissal of the election petition against Mr. McMullen, says:—"We have never been able to understand why there is such a bitter feeling against Mr. M., or such anxiety in certain quarters to have him relegated to private life. No one should object to the desire he manifests when at Ottawa to have expenditures, large and small, strictly enquired into and fully explained. That is one of the duties he is elected to perform, and we have no doubt but that it is his untiring industry coupled with other characteristics, that gives him such a strong hold on the riding of North Wellington. Mr. M. is, in fine, a Grit for whom the *Post* has always had the highest respect. He has made his way in the world by industry, pluck and zeal." The bitter feeling of which the *Post* speaks and the anxiety shown in certain quarters to have him driven out of public life are due simply to the fact that he is an uncompromising foe of corruption and extravagance. Such a man makes bitter enemies, but he also makes strong friends, and the results of the elections show that the latter prevail in North Wellington. It is a good thing for the country that North Wellington will continue to be represented by so fearless and vigilant a critic of the Administration as Mr. McMullen, in a period of Parliamentary service extending over nine years, has shown himself to be.

The Bye-Elections.

The haste of the *Government* to issue the writ for a new election in North Lanark is made manifest by the fact that the revised voters' lists for that riding cannot yet be obtained, although doubtless they can be got ready by the Printing Bureau in two or three days. Still nomination takes place in ten days, and the short notice given to the riding precludes the majority of the electors from hearing explanations on the issues they are asked to decide.

Mr. Haggart is now in the county and will make it a personal matter to see that he is "vindicated" in a riding which was shamefully gerrymandered in 1882 so as to make a Conservative majority in it of 350. The chances of the Liberal candidate, Mr. Dowdall, who is now in the field, are, however, first-class. In those constituencies which are open or about to be opened Liberals should be alert and vigilant, as the Government are prepared to adopt the most desperate measures to carry, if possible, the bye-elections.

Mr. J C. Patterson is still in Ottawa directing the campaign in Ontario, and sends out and receives scores of telegrams and letters every day. He is in constant hourly communication with the *constituencies*, and has been given clerical help in his heavy duties.

The Cabinet held two meetings on Monday and the bye-election campaign is said to have been the sole subject of discussion and decision. Messrs. Haggart, Chapleau, Foster, Dewdney and Bowell were absent in the morning, but Mr. Chapleau was present at the one-hour's sitting in the afternoon. Mr. Costigan attended for the first time since the session.

OF TOTTERING HOUSES THAT REQUIRE MONEY.

A Wholesale Stock of Clothing bought at Fifty-Two and a Half Cents on the $, comprising over 1800 Overcoats, of Men's, Youths' and Boys' Clothing, and 1800 pairs of Pants extra. GOUGHS have secured this Splendid Bargain Line and commenced to-day a Grand Fitting Out Sale.

Measures for the Men.

READ our CHAMPION OFFER and don't try to duplicate it, for it can't be done:

We offer a Man's Overcoat for $3.90 that cost $4 78 wholesale. We offer splendid fitting Suits, and in 150 different patterns, at $6.00, usually worth $8 75 wholesale. The suit, if sold in the regular retail way, would bring $11.00 and $12.00. Our Great Big Xmas Box for the buyers consists of 900 Overcoats, ranging in price $17.00, $16.00 and $14 00. Your choice for $10.00. The cloth alone is worth more than we ask for the whole Overcoat complete.

Look them all through, and then come to us and if we fail to convince the most skeptical that our stock is not at least five times larger, and our prices at least 50 per cent. lower, than those of other dealers, we will give a whole out-fit free.

WHAT WE SAY ABOUT THESE GOODS.

ONE man's extremity is another man's opportunity. Our grip on the market has brought this bargain to our counters. We want the public to know just what we offer. When we say the goods are bargains, they are positive. When we say that no such bargains were ever before offered, we have the goods to back up the statement. We nail the flag of Cheap and Good Goods to the mast, and defy any dealer on earth to lower our colors.

OUR PLAN TO HELP YOU HERE.

We want every one to come and see what we are doing. Drive if you can, come by water, by stage or on foot, for there's money for you in the expedition. That there shall be no excuse, we will pay railroad fare of any passenger within a radius of fifty miles, who comes to our sale and buys $10 worth of goods or upwards.

Bouncing Bargains in Boots.

MONTREAL, Aug. 4, 1891.

It is a pleasure for me to say good words in favor of Anti Dandruff, as its merits cannot be questioned. In my own case dandruff not only made itself known by appearance in more than liberal quantities from which I could *not obtain relief*, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of dandruff disappeared but the falling of the hair has stopped. Having full faith in the preparation I not only endorse it for the above, but further add that as a dressing for the hair nothing equals it.

(From Our Own Correspondent.)

It is with deep regret that we chronicle the sudden demise of the late Mrs. Andrew Caldwell who passed quietly away on Monday night at the ripe old age of 72 years. The deceased, who has not been enjoying good health for some time, was on Sunday Dec. 6th taken seriously ill with a severe attack of congestion of the lungs which carried her away. The bereaved relatives and friends have the sincere sympathy of all the people.

The following officers, who were elected at the last regular meeting of Keene Lodge A. F. & A.M. No. 374, will together with the officers appointed by the W.M. elect, be installed at the St. John's meeting, which will be held on the evening of the 28th Dec.:

(From Our Own Correspondent.)

On Friday evening last the High Park Band filled the air with melodious strains of music, the boys turning out on that evening to do honor to their esteemed friends, Mr. and Mrs. Joseph Green, the former having joined the army of benedicts. They have many warm friends in this vicinity and the boys were pleased to have an opportunity of showing their regard in such a public manner. About eight o'clock the boys formed in front of Mr. Green's palatial residence, and played a couple of choice selections, when Mr. Green came forward and extended a hearty welcome, and a cordial invitation in to partake of luncheon which Mrs. Green had prepared. This being over a pleasant social hour was spent. But before allowing the boys to depart Mr. Green presented their leader with a $10 note as a mark of his appreciation for the respect shown. He also hoped that the kind feeling now existing between them as friends and neighbours might not only last but grow stronger as time rolled on. After the playing of "Auld Lang Syne" and another hearty handshake the boys departed for home, feeling they had done their duty. Mr. and Mrs. Green have the best wishes of a host of friends for a happy and prosperous life.

An entertainment under the auspices of the Elmdale Union Sunday School, will be held in the school house, lot 3, concession 11, on Tuesday, December 22nd. Addresses will be delivered by Mr. J. Coyle Brown and others, and a varied programme, including good music will be given. Tea will be served from 6 p. m. to 7.30 p. m., previous to the presentation of the programme. Everybody cordially invited. Admission 25 cents; children, 15 cents.

Perils of Modern Life.

Contacts with electric wires, railroad accidents, broken car and elevator cables, explosions of steam, natural gas and chemicals, poisons in adulterated food and drink, are a few; but all these dangers combined do not kill as rapidly as slow and sure consumption.

The death rate, however, from consumption, is being yearly cut down since Dr. Pierce, of Buffalo, N. Y., has given to the world his celebrated "Golden Medical Discovery," a cure for consumption and throat and lung troubles that lead to consumption, if taken in time and given a fair trial. The time to cure consumption (which is nothing more or less than lung scrofula) is in the first stages. A cough generally sounds the alarm, and you should take the "Discovery" at once. There is a time when it is too late. a

THERE is no one article in the line of medicine that gives so large a return for the money as a good porous strengthening plaster, such as Carter's Smart Weed and Belladonna Backache Plasters. dw

A vote of thanks was tendered Mr. J. H. Mann for the able manner in which he carried out his part of the business. Every one went away well pleased with the evening's entertainment and some made the remark that if the tickets were fifty cents next year they would be there. WHY COUGH,

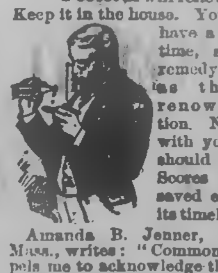
WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use



Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G.W.Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. REMEMBER THE
Clearing Sale of the Season,
That takes place before Stock-taking at
THOMAS KELLY'S.
The season is now far advanced and as there is only a short time to clear out the stock before stock-taking, I have decided to make this the Greatest Clearing sale of the season by reducing the whole stock to such prices as will effect a speedy sale. We are determined not to carry any goods over another winter season. The goods are all new, of the finest quality and the prices that are asked, unprecedented.

DRESS GOODS! DRESS GOODS!
The whole of our large stock of Dry Goods will be cleared out at a slight advance on cost.
NOW IS THE TIME TO GET WHITE AND GREY COTTONS AT MILL PRICES.
A Large Stock of Table Linens, Table Napkins, Sheetings, Tickings Quilts, Cretonnes, Grass Linens, Check Linens, Towels and Towellings, Lace Curtains, Pillow Cottons, Toilet Covers, &c., very low in price.
5 Pieces Circular Pillow Cotton for 12½c per yard, and 46 in. wide!
The time is short to clear out the stock, so you can expect to get bargains. It is money we want, and we are determined to have it.

Address and Presentation.

On Wednesday the pupils of the Boys' Junior Fourth Class, Central School, gave their teacher, Mr. J. C. Smyth, a practical and expressive evidence of the esteem in which they held him, both as a teacher and a gentleman. Master Willie Cochrane, on behalf of the class, read a complimentary address, and Master Ernest Goldsmith, presented Mr. Smyth with an elegant leather traveller's companion. Mr. Smyth was much pleased with this evidence of his success in doing his duty faithfully towards those under his charge, and cordially thanked the boys for their handsome gift.

A New Canadian Monthly.

The *Dominion Illustrated* announces an important departure, and one that will mark a new era in the high class journalism of Canada. The publishers of that splendid weekly have decided to convert it into a monthly with the beginning of the year. It will be called the *Dominion Illustrated Monthly*, and the subscription, $1.50 per annum, will place it within the reach of all. Address the Sabiston Litho. & Pub. Co., Montreal.

New Presbyterian Church.

The opening of the new Presbyterian Church at Pontypool took place on Sunday, 6th. inst. Three sermons were preached and the crowds of people attending were large, and the services were highly interesting in the beautiful new church which was densely packed to overflowing. On the Sabbath Rev. Mr. Wendell gave the opening sermon; Mr. Binnie, of Kingston, the afternoon; and Rev. Mr. Johnston, of Lindsay in the evening. It must be a source of much gratification, says the Port Hope *Times*, and thankfulness to Mr. Windell and the friends as well as to the congregation to have succeeded in getting up such a commodious and beautiful building, while it is a great acquisition to the place.

BY-LAW No.______

A By-Law to Raise, by Way of Debentures, the Sum of Fourteen Thousand Dollars for Drainage and Purchase of Right of Way to the Edison Works.

Passed.................

WHEREAS it is necessary and expedient to raise, by way of debentures, the sum of Fourteen Thousand Dollars for the purpose of paying for the drain on Park and Rink streets, and the purchase of the right of way from the lines of the Grand Trunk Railway Company and the Canadian Pacific Railway Company to the lands of the Edison General Electric Company, such debentures to bear interest at the rate of five per cent. per annum and to be payable in thirty years from the date of issue thereof;

And, whereas, the amount of the whole rateable property of the Town of Peterborough, according to the last revised assessment roll of the said town, being for the year one thousand eight hundred and ninety-one, is the sum of four million one hundred and thirty-five thousand nine hundred and fifty-five dollars;

And, whereas, the amount of the existing debenture debt of the said municipality is the sum of two hundred and fifty-four thousand five hundred and fifty dollars, and there is no part of the principal or interest in arrears;

And, whereas, the amount required to be raised annually for the payment of the said debentures is the sum of seven hundred dollars for interest, and the sum of one hundred and forty dollars for sinking fund;

The Corporation of the Town of Peterborough by the Council thereof therefore enacts as follows:

1. This By-law shall take effect on the 31st day of December, one thousand eight hundred and ninety one.

2. The Mayor and Treasurer of the said Corporation are hereby authorized to borrow the sum of Fourteen Thousand Dollars, and for that purpose to issue debentures of the said Corporation for the said sum of Fourteen Thousand Dollars; such debentures to be made payable at the office of the treasurer of the said Corporation in thirty years from the date of issue thereof, and to bear interest at the rate of Five per cent. per annum, payable half-yearly, on the Thirtieth day of June and the Thirty-first day of December in each year, and to have coupons attached thereto for the payment of such interest.

3. There shall be raised and levied in each year during the currency of the said debentures the sum of Seven Hundred Dollars for the payment of interest, and the sum of One Hundred and Forty Dollars to provide a sinking fund for the payment of the said debt by a special rate sufficient therefor upon all the rateable property in the said Municipality in addition to all other rates levied in the said Municipality.

4. Upon the sale of the said debentures the moneys received therefor shall be applied to the purposes hereinbefore set forth.

5. The votes of the duly qualified electors of the said Municipality shall be taken upon the said Bylaw on WEDNESDAY, the

Twenty-Third Day of December, 1891

commencing at the hour of Nine o'clock in the forenoon, and closing at the hour of Five o'clock in the afternoon of the same day at the following places and before the Deputy-Returning Officers :—

NUMBER ONE WARD—At Mission School House, to be Deputy-Returning Officer, Joseph Lundy.

NUMBER TWO WARD—At Market Building, to be Deputy-Returning Officer, Chas. Cameron

NUMBER THREE WARD—At Rathbun's office, to be Deputy-Returning Office, John Irwin.

NUMBER FOUR WARD—At Wm. Lee's shop, to be Deputy-Returning Officer, Wm. Lee.

6. The Twenty-Fourth day of December, Eighteen Hundred and Ninety-One at the hour of Twelve o'clock noon, and the Office of the Town Clerk of the said Town, are hereby fixed as the time when and the place where the Clerk of the said Town shall sum up the number of votes given for and against the Bylaw, and the Sixteenth Day of December, Eighteen Hundred and Ninety-One, at the hour of Twelve o'clock noon, and the Office of the Clerk of the said Town are hereby fixed as the time and place for the appointment of persons to attend at the various polling places and at the final summing of the votes by the Clerk respectively on behalf of the persons interested in and promoting or opposing the passage of the by-law.

NOTICE.

Take notice that the foregoing is a true copy of a proposed By-Law which has been taken into consideration and which will be finally passed by the Council in the event of the assent of the Electors being obtained thereto after one month from the first publication in the *Daily Evening Review* and DAILY EXAMINER newspapers, the date of which first publication is the 1st day of December, 1891 and at the hour, day and places therein fixed for taking the votes of the Electors the polls will be held.

Card of Thanks.

The Ladies' Aid Society of the Charlotte Street Methodist Church, desire to publicly and cordially thank all those who assisted in promoting the success of the "Carnival of Nations." They cannot undertake to particularize, but they wish to include all who lent them a helping hand in whatever way, but the Fire Brigade Band is especially deserving of thanks for their liberality in furnishing their excellent music free of charge.

"Joseph's Bondage."

A splendidly successful full dress rehearsal of **"Joseph's Bondage,"** the delightful cantata to be presented so brilliantly in the opera house **to-night**, took place last evening. The soloists and choruses were up to the mark in every way, the orchestral accompaniment was A 1, the costumes were simply beautiful, and the whole affair **to-night** will be a striking success in every respect. Don't miss it to-night. A few seats only remaining on the plan, secure them at once, and, if you are disappointed, remember that the cantata will be repeated with full effects on Friday night. Hall plan at Greatrex drug store; admission 25 and 50 cents.

Peterborough Vagrants Abroad.

On Thursday *last*, says the Campbellford *Herald*, a large, rough man about 60 years old, in company with a stout, elderly woman, probably his wife, and a boy of about 16 years of age, called at the residence of Mr. James Jacobs, lot 20 in the 13th concession of the township of Seymour, and insisted on having dinner. Mr. Jacobs and his wife were absent from home, the only person in the house at the time being his daughter. The boy was the spokesman for the party, and he said they wanted bread and butter and meat. Miss Jacobs complied with the demand, and provided a meal for them. While she was doing some work in an adjoining room, the boy picked up a jack-knife that was lying near the table, and carried it away. They said their home was in Peterborough. They came from the direction of Seymour east, and were travelling towards Belmont township. They are evidently of a bad stripe, and should be looked after.

"Canada Brewing and Malting Company of Peterborough."

This is the Title of a New Company Organized to Enter Extensively Into Brewing and Malting—Prospectus and Prospects of the New Enterprise.

There is thought to be a good field in this district for the exercise of enterprise in the matter of brewing ales and beers. At present the demand is largely supplied by outside establishments. In view of this fact a number of Peterborough citizens have joined together and taken the necessary preliminary steps for the formation and organization of a joint stock company to be called the "Canada Brewing and Malting Company of Peterborough"; and the notice of application for incorporation will appear in next Saturday's *Ontario Gazette*. The capital of the company will be $100,000 divided into 1 000 shares of $100 each. Thirty-one thousand dollars of this stock have already been taken up, and the stock books are only just opened. The intention of the promoters is to give the citizens of Peterborough an opportunity to *become stockholders* and *the stock books* are now open and subscriptions of stock can be made therein at the office of the solicitors of the company, Messrs. Hatton & Wood. The company have acquired the buildings and plant of the brewery of Mr. H. Calcutt, Ashburnham, who retains a substantial interest and will be the first president of the new company. Large additions will be made to the brewery buildings, including complete facilities for the manufacture of lager beer. It has long been evident that owing to the rapid development of the trade of the district that Mr. Calcutt has not been able to supply the demand and it is the intention to enlarge the facilities and capacity of the brewery to supply not only all local demands but to ship the products to all parts of the Dominion. This increase will necessarily mean the employment of an additional number of hands, and create a home market for barley, which, as far as this district is concerned, will settle the question of a profitable barley market, independently of England or the United States. The company starts under very favorable auspices. It acquires a business which has been established for nearly forty years, and with the improvements to be made in premises and plant, and with modernized facilities, they think they can not only hold their own in this district, but do a large and lucrative business with the remainder of the Dominion.

Police Court.

THURSDAY, Dec. 17th.

Geo Cunningham, who had been indulging too much, in "mountain dew" was up before the Cadi this morning. After promising the magistrate that he would behave himself in future he was discharged.

John Adlum was charged with beating his wife, contrary to the statute in that behalf. He was summoned to appear yesterday morning, but did not, and a warrant was issued for his arrest. This morning he appeared upon the scene, but his wife had pardoned him. The magistrate told John that he would also pardon him, but if he ever appeared again a long term in Castle Nesbitt or the Central Prison would be the sentence of the court.

A number of Italians living on McDonel street appeared magistrate this morning looking for law. It appears that two Italians have a house rented on the above street, and they had resolved upon "dissolving partnership." Both men claimed the furniture in the house, and this started the the fight, in which it is said knives were drawn. The magistrate explained Canadian law, to them and they settled their differences in the court—for the present anyway.

Congregational Missionary Meeting.

Highly Successful Meeting at St. Paul's—Addresses and Music.

The annual congregational missionary meeting of St. Paul's Presbyterian church was held on Wednesday night. There was a fair representation of the members of the congregation. Rev. Mr. Torrance, pastor of the church, presided, and conducted the introductory devotional exercises, consisting of prayer, singing and reading of the Scriptures, and concluding with a stirring missionary hymn by some of the girls of the Sunday School.

Rev. Mr. TORRANCE made a financial statement of the missionary contributions. For missionary purposes there had been collected $952.83, to which it was expected to add before the close of the financial year, $175, making the total missionary contribution of St Paul's congregation $1,127, not counting $119 contributed for French evangelization, which would swell the total to $1,247, considerably in excess of last year's contributions, which amounted to $991. The total contributions of St. Paul's to the scheme of the church would amount to about $2,360, also an increase over last year.

Rev. Dr. SMITH, of Kingston, addressed the meeting on

HOME MISSIONS.

He pointed out that the mission should begin with the home circle and in this connection he deplored the extent to which home training by parents had been supplanted by the comparatively inferior agency (no matter how good) of the Sunday School, which at the most should only be auxiliary to thorough home training, which would flood the land with love and make missionary work easier and more effective. He deprecated the too intense devotion of most people to the affairs of this world to the exclusion of the discharge of duties towards the members of the family. The speaker depicted the deprivation of Presbyterians in different parts of the land, deprived of regular services where they could worship after the manner of their forefathers. There were about 17,500 families, constituting 26,000 communicants, who were unable to support a regular ministry, and for these there were contributed, from settled congregations, $80,000, to help these people distributed among missionary stations in maintaining a regular service, and yet there were many that were not reached, and the work of laymen was advocated to help supply the deficiency. There was more money needed, and the congregation was appealed to to appreciate their privileges and give liberally to the mission funds. Giving should be done on principle—as an act of worship. Giving for God's work was an emulation of Christ's example who gave Himself for the world. The speaker closed his address with an earnest appeal for liberality on behalf of the educational institutions to prepare young ministers and for aged and infirm ministers.

Master Gussie Arlidge sang with exquisite voice and method the stirring solo, by Gouno, "Entreat Me not to Leave Thee,"

Rev. Mr. HAY, of Cobourg, addressed himself to the subject of

"FOREIGN MISSIONS."

The foreign mission field of the church embraced the North-West mission field, where the Indians claimed the attentions of the church. The work was being done slowly, but it was being done. It was cheaper to Christianize and civilize the Indian than to kill him. Another foreign mission field was in the New Hebrides. The third field was China, where there were four hundred million souls where there is hardly a missionary to a million. The fourth field was Central India. The most telling feature of this work was the Zenana work among the degraded women of India. Last year $90,000 was raised in the Presbyterian church, of what $30,000 was raised by the Women's Foreign Missionary Society but that was not which the church might or should do. The speaker commended the act of St. Paul's in increasing her missionary contribution for as the strongest congregation in the Presbytery of Peterborough its example, would be an encouragement and inspiration to other congregations. The meeting closed in the usual form.

Frazer Mission Band.

First Annual Report

The "Frazer Mission Band" in presenting their annual report are quite pleased with the result of their first year. The attendance and also the interest at our meetings have been good, and we hope to add to our numbers, also our funds, next year. Our membership this year is fifty-six, and the average attendance was twenty-five. Our Band was represented at the semi-annual meeting by our secretary, Lillian E Hall, who brought back a very full report. We had a special thanksgiving service, when Mr. Whitehouse, of the Inland China Mission, gave us a bright and very instructive address. At this service we considered we were taking a step forward, as our collection was a self-denial one. This year we have had no entertainment or sale, so all our contributions are voluntary. Just here we wish to thank our kind friend, Miss Walker, who took such an interest in our Band that she gave the members each a talent to increase during the year. Let us consider the great privilege it is to work for our Master and we shall receive the "Well done good and faithful servant." Our collections for the year amounted to $37 92.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorises all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

News About Town.

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

WHISKY CORSET.

The New Device in Montreal to Evade Liquor Laws.

MONTREAL, Dec. 16.—For years candy stores have been known to be selling liquor on Sunday. In vain the officers rushed into saloons and candy stores out of which they saw drunken men coming. The owners of the places were always inside, but the bars were always shut, and not a glass was to be seen around. Candy shops were searched from top to bottom for liquor. All in vain. The storekeepers only laughed at the police for their pains.

Yesterday a detective produced in court a tin corset. At the left hand side of this wonderful garment there was a small tap, which on being turned gave a flow of whisky. He explained that on Sunday he managed to get into a saloon in St. Catharine-street east, which had long been suspected. There were lots of men in at the time. Finally one of the crowd went up to the man who ran the saloon and gave him a five cent piece. The keeper then unbuttoned his coat and gave the man who had handed him the money a thin, innocent looking tube; at the same time he put a hand under his vest and turned on the tap, which let the whisky out of the corset. The buyer was allowed to take one swallow only. A distinction was made to those who paid 10 cents, as they were allowed to take three swallows.

After watching several men take their drinks in this disgusting manner the sergeant pounced on the man with the tube and searched him. The result was the discovery of the tin corset in question, which was confiscated.

AN ACTRESS HELD UP.

She is Attacked in the Place de l'Opera by a Footpad.

PARIS, Dec. 16.—The epidemic of street robbery continues, and it is absolutely unsafe for unprotected ladies to take their walks abroad.

Yesterday afternoon Mlle. Lariedky, a young actress, visited a jeweler's shop in the Chaussee d'Antin, where she purchased a gold necklace for 16,000 francs. On leaving the shop at 8 o'clock she proceeded towards the Place de l'Opera, examining her purchase on the way. She had just arrived at the open place when a man suddenly rushed upon her and tried to snatch the necklace, twisting her wrists to make her let go. She, however, caught hold of him and screamed and he, finding himself in danger of being seized by the bystanders, tripped her up and took to his heels. The lady fell under the wheels of a passing carriage, but fortunately was only slightly bruised about the shoulders, as the coachman succeeded in stopping his horses in time. The robber escaped.

Another lady was attacked in the same neighborhood at 6 o'clock in the evening by a thief, who succeeded in snatching her valuable gold watch and chain and then fled. He was pursued and captured. On being taken before the Commissary of Police he confessed that he was the same individual who had attacked Mlle. Lariedky.

For Kissing His Wife.

GREENVILLE, N.C., Dec. 16.—W. E. Grimsby of Snow Hill, who on the 8th shot Rev. J. T. Abernethy for kissing his (Grimsby's) wife, made a second assault on Abernethy at Snow Hill yesterday. Abernethy was on the street for the first time since the shooting. Grimsby saw him and with oaths began firing at him. Abernethy drew a pistol and returned the fire. Abernethy was killed.

Drowned Himself.

HALIFAX, Dec. 16.—Ebezener Leakin sought death by jumping into the harbor yesterday. He was a despondent brewer.

Jesse James Outdone.

CHICAGO, Dec. 16.—Jesse James' exploits were outdone last night in Chicago. On one of the leading thoroughfares five daring highwaymen surrounded one of Uncle Sam's biggest mail-wagons and at revolver point forced the postal employes to throw out two sacks. The bulky Government vehicle was then sent flying on its journey, the occupants being threatened with instant death if they made outcry or stopped. So complete was the surprise effected by the bandits that the mail drivers failed to utilize the services of a large bulldog which was beside them on their seat. Near midnight the stolen mail bags rifled of their contents were found on Superior-street three miles away.

It is feared that the British steamer Opetal which left Shields, Eng., on Nov. 4, in ballast for New York, has foundered.

Nearly all colds are slight at first, but their tendency is to so lower the system that the sufferer becomes a ready victim to any prevalent disease. The use of Ayer's Cherry Pectoral, in the beginning of a cold, would guard against the danger. dw

It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy. SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.98
Increase over previous year	3,421,372.84
New Applications received in 1890	6,371,599.15
Increase over 1889	2,268,888.69
Cash income for year ending 31st December, 1890	889,078 87
Increase over 1889	325,938.35
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,222.68
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year *exceeds $2,000 for each day in the year*, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the *current quinquennium is nearly* THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$64,824 07
" " " " 1886,	89,452 97
" " " " 1890, (four years)	232,175 69

An inspection will prove to you that OUR GOODS ARE RIGHT IN PRICE AND IN QUALITY.

A SPECIAL POINTER.

Remember, that every person making a purchase in our establishment to the amount of ONE DOLLAR, and also for every dollar above that amount, will be given an opportunity to guess the number of Peas, Beans and Hazel Nuts in the Glass Jar in one of our show windows, and the one making the nearest guess to the total number of Peas, Beans and Nuts in the Jar receives

A GENUINE GOLD WATCH of Substantial Value, and of the best manufacture. The Lady's Watch is a 14-Carat, Solid Gold Hunting Case, Full-Jewelled, stem-winding Waltham Watch, worth $50.00, and the alternate prize, a Gentleman's Gold Watch, is of equal quality and value; the winner may make choice and take either.

The Second nearest receives the SILVER WATCH, a Three-Ounce Hunting Case, full-Jewelled Compensating Balance Elgin Watch;

The Third nearest receives A BUCKHORN HANDLE CARVING SET, Silver Steel, Sheffield make.

Should two or more guess the exact same number of the total of Peas, Beans and Nuts in our Glass Jar, the award will be made to the one first making the guess. Therefore guess early.

The number of Peas, Beans and Nuts in the Jar is unknown to any person, as the following certificate shows:—

In the Matter of the Peterborough Bookstore Competition:

We, James W. Brisbin, of the Town of Peterborough, merchant, William Collins, of the Township of North Monaghan, farmer, and George E. Elliott, of the Township of Smith, farmer, do hereby certify:

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar, or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

"German Syrup"

Here is something from Mr. Frank A. Hale, proprietor of the De Witt House, Lewiston, and the Tontine Hotel, Brunswick, Me. Hotel men meet the world as it comes and goes, and are not slow in sizing people and things up for what they are worth. He says that he has lost a father and several brothers and sisters from Pulmonary Consumption, and is himself frequently troubled with colds, and he often coughs enough to make him sick at his stomach. Whenever he has taken a cold of this kind he uses Boschee's German Syrup, and it cures him every time. Here is a man who knows the full danger of lung troubles, and would therefore be most particular as to the medicine he used. What is his opinion? Listen! "I use nothing but Boschee's German Syrup, and have advised, I presume, more than a hundred different persons to take it. They agree with me that it is the best cough syrup in the market." 6

The Barley Trade.

The price of barley continues to harass the souls of those Tories who are foolish enough to contend that the free British market is as good for the Canadian farmer as the American market would be if the McKinley duty were repealed. The *Empire* says in its commercial columns that choice Canadian barley is selling in Buffalo for 90 cents, 10,000 bushels having been sold at that figure on Monday. Lower grades of it are selling at 85 to 87½c. In Toronto the price for the best six-rowed barley by car lots is 55 to 56 cents, while the best two-rowed commands from 54 to 58. It is evident from this that the practical value of the British demand is nil, the price here being the American price minus the American duty. The best New York State barley sells for 76 cents at Buffalo and Michigan for 68, but ours is a far superior article. Large buyers in Toronto say that the trade with England is making slow progress. There is an exceptionally large demand over there this year for all kinds of grain, owing to the prevailing scarcity in Europe; nevertheless both Canadian six-rowed and Canadian two-rowed are hanging fire. The English brewers appear to think that the barley is not good enough for their purposes, though it might serve for the manufacture of light beer, which is said to be coming into use among the English people. Good judges in Toronto and Montreal, who would have been delighted to see Canadian barley make headway in the English market, are of opinion that the farmers should not go in very extensively for growing two-rowed. To come to perfection that variety requires a long cool summer with a moist atmosphere. On this continent it soon degenerates in weight and becomes hard and "steely." Years ago it was grown in the neighborhood of Oshawa and at other points in Ontario, but the farmers abandoned its cultivation for that reason. In years of ordinary plenty it would be difficult to sell Canadian two-rowed in Britain except for what it might bring as feed. At present, owing to the unsatisfactory result of the attempt to create a trade with England, most of the barley shipped from Toronto is going to the United States, despite the duty of 30 cents a bushel; and, as the market reports show, the price of all barley in this market is still regulated by that across the line, the freight charges and the tariff tax being deducted. Free trade between the two countries would be of great advantage to the Ontario farmer even if it did nothing more than give him a good paying figure for this important crop.

Canadian Mining Boom.

The Belgian Bank Gets Control of the Antikokan Iron Range.

PORT ARTHUR, Dec. 15.—The Belgian Bank, known as the Society General, to-day controls the Atikokan iron range. The last contract was signed this morning, and Consul-General Von Bruyssel and Messrs. Wiley and Russell left together to day for the east. The contract between the mine owners and the Belgian Bank provides that the bank shall have until November, '92, to test the deposits. The railway is to be built within the next year, and when so built the owners deed the bank an interest in the mines, and the bank agrees to mine the ore and pay a royalty thereon. A minimum output of 300,000 tons per annum is guaranteed. The lands under contract cover ten miles in length on the range, including deposits of ore equal to all the mines on the Marquette range. Blast furnaces and rolling mills are, under the contract, to be erected at Port Arthur.

Why it is Popular.

Because it has proven its absolute merit over and over again, because it has an unequalled record of cures, because its business is conducted in a thoroughly honest manner, and because it combines economy and strength, being the only medicine of which "100 Doses One Dollar" is true—these strong points have made Hood's Sarsaparilla the most successful medicine of the day.

Omemee.

(From Our Own Correspondent.)

The remains of Mr. John Thrusten who died of a complication of diseases on Sunday was interred in the cemetery this (Tuesday) morning, Rev. Mr. Thompson officiating. The deceased, who was twenty-six years old had been in the employ of the railroad company for some years and was a member of the mutual insurance society connected with the road.

On last Friday evening the barns and out-buildings of Alfred German were burned. He had thrashed his grain the day before and it, and the farming implements were all consumed. He and his wife were in town when the fire occurred. The property was fully insured. The cause of fire is a mystery.

THE CANADIAN BUDGET

RESULT OF YESTERDAY'S ELECTION PETITION TRIALS.

Many Sudden Deaths in Toronto — Destructive Fire at Kingston — Proposed to Too Many Women — The Minister of Marine at the Queen City.

TORONTO, Dec. 17.—Hon. C. H. Tupper made his first appearance before a Toronto audience last evening at the Auditorium. In the course of his speech he referred to the Newfoundland question. The apparently harsh measures, he said, have been forced upon the Goverament by the uncompromising attitude of the Government of Newfoundlan and in defence of the Canadian fishermen. Newfoundland tried to play into the hands of the United States. The Canadian Government would not tolerate it. The Imperial Government said it was illegal. Our Government simply enforced an old statute.

Sir Richard Cartwright, Goldwin Smith and Wilfrid Laurier claim that it is a physical impossibility to establish an inter-provincial trade. Is this not contrary to the spirit of confederation? "If we cannot stand shoulder to shoulder as merchants, as farmers, as laborers, for God's sake let us make an end of the whole business."

Speaking of Canadian Prosperity, he said that the tests laid down by Sir Richard Cartwright in 1877 would show an advancement, and submitted the following statistics:

	1877.	1891.
Bank note circulation....	$78,000,000	$32,000,000
Exports....................	75,000,000	96,000,000
Export of fish............	12,000,000	17,000,000
Export of cattle.........	22,000 head	125,000 head
Life insurance...........	85,000,000	231,000,000

James Lydon, auctioneer, of 43 King-street east, died at 10.50 yesterday. The deceased had been suffering from a varicose vein in the right leg; which he for some time took to be rheumatism, and treated under that supposition. He was confined to his bed for some days, but seemed better.

Mr. John Kay of the firm of John Kay & Co. died at his residence, 328 Wellington-street west, yesterday afternoon from an attack of pleurisy. Mr. Kay started in business as a drygoods dealer over half a century ago on the south side of King-street, east of Yonge-street. About 15 years ago he entered exclusively upon the carpet and house trimming branch of trade in which he continued until his death. Little less than a year ago the deceased contracted pneumonia and never seemed to have recovered from the attack.

Political Notes

WALKERTON, Dec. 17.—In the South Grey election trial to unseat Dr. Landerkin, Liberal, the probabilities are that the case will rest on three charges reserved:

Payment of livery rigs by respondent's financial agent to take scrutineers to the polls on election day;

The case of William Bell, who voted twice, being induced to vote the second time by one Dan McDougall, an agent of respondent;

Case of William Tocher of Wiarton, who received from H. H. Miller of Hanover, an agent of respondent, a note for $2.50. Tocher got $2.25 out of this and heard no more about it. The money was asked for on election day, but was not paid over until the following day.

The court considered this latter a payment by agent and heard argument as to when the agency terminated. Respondent's counsel argued that Miller's agency had terminated when the last vote was polled and before this money was paid, but Mr. Aylesworth contended that agency did not terminate until the election was completed by the return of the writ.

On these cases judgment is reserved.

Dr. Allison, Liberal M.P. for Lennox, has admitted bribery by agents and his election will be voided by consent.

To Connect Lakes Erie and Ontario at Niagara Falls.

WASHINGTON, Dec. 17.—Senator Davis introduced a bill for the construction of a ship canal around Niagara Falls for the passage of merchant and war ships from Lake Ontario to Lake Erie. The canal is to be located in Niagara county, and the bill appropriates $1,000,000 for the purpose.

LONDON, Dec. 17.—The man Wood, who assaulted and killed a 5-year-old girl at Brighton, a few days ago, was examined in court to-day and remanded for a week in order to give time for the public prosecutor, who has taken charge of the case, to obtain evidence. The people of Brighton are still highly wrought up over the atrocious crime, and Wood has to be strongly guarded for fear of an attempt to wreck popular vengeance on him.

BETRAYED BY A WOMAN.

How Balmaceda's Hiding Place Was Discovered.

SEATTLE, Wash., Dec. 17.—A special to The Post Intelligencer from Port Townsend, Wash., says that J. Perkins Shanks, an American engineer, who for the past 22 years has resided in Chili, and who arrived here a few days ago, tells the story how Balmaceda was betrayed. He said:

"Balmaceda was betrayed by the Argentine Minister, Senor Uribirrn, in Santiago, in this manner: When Balmaceda sent his minister to request Senor Uribirrn to shelter him against the attack of insurgents, it was agreed that Balmaceda should arrive at the Argentine legation at 4 o'clock in the morning.

"When he arrived he was met by the senor, and on entering he met, face to face, the wife of his most bitter enemy, Mrs. Carlos Walker Martinez, who had taken refuge in the same legation, fearing an attempt on her life on the part of the Balmacedans.

Great confusion followed the meeting, and the lady was compelled to take a solemn oath not to divulge the whereabouts of Balmaceda. But she entered into intrigue with the Argentine minister to betray Balmaceda to Jorge Montt.

"Word was sent notifying Montt of Balmaceda's hiding place. Montt immediately took steps to induce the ex-dictator to surrender himself peacefully to the newly constituted authorities, promising every guarantee of a fair and just trial. Balmaceda agreed to surrender at the holidays.

"From the day Balmaceda received the first word from Montt he commenced preparing for death and began writing instructions disposing of all his personal effects, and when the time arrived for him to surrender he killed himself, knowing that he could not receive justice."

THEY KILLED THE FIEND.

A Colored Family Avenged a Wrong to the Wife.

TORRINGTON, Conn., Dec. 17.—Dennis Dwyer, a farm hand, went to the residence of Floyd Crossley, an inoffensive man, on Saturday and in the absence of Crossley assaulted Mrs. Crossley and another woman. Crossley and a friend named Whitford came in opportunely and attacked Dwyer. Twice he was knocked down. When he regained his feet and was able to escape from the house one hand was almost severed and he also suffered from a number of minor cuts.

Dwyer was so weak from loss of blood that he died from exhaustion on reaching home. Dr. Park said that the man had undoubtedly been assaulted with an ax.

The Crossley family were arrested. They deny that an ax was used in their attack on Dwyer.

A Michigan Girl Who Has Slept 180 Days Shows Signs of Recovering.

STOCKBRIDGE, Mich., Dec. 17.—May White, the Ingham Township girl who has slept almost all the time for the past 180 days, seems to be recovering slowly, although her physician does not express strong hopes of a complete cure. She was brought to the residence of Dr. Brown here, that he might better watch her case.

It takes Dr. Brown less than 20 minutes to awaken his patient now, notwithstanding it took him five hours to awaken her the first time. She has been awake eight hours at a time during the past week and yesterday she was awake three hours and 45 minutes. During her sleep she had lost over 70 pounds in weight and 10 days ago only weighed 50 pounds. To-day she weighs 54 pounds and the doctor believes she will continue to gain.

She is given ordinary diet three times a day, the doctor going through the tedious process of awakening her at 8.30 a.m., 2.30 and 8 p.m.

Two Prominent Canadians Dying.

MONTREAL, Dec. 17.—Two of the best known French-Canadian senators in the Dominion are dying. Senator Chaffee is seriously ill at Notre Dame Hospital, while Senator Paquette has received the last rites of the church at his home at St. Cuthbert. Both are Liberals. The former is 64 years of age and the latter 61.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." MRS. PHEBE MOSHER, 90 Brooks Street, East Boston, Mass.

THE POLITICAL STATE.

THE MEMBER FOR GLENGARRY RESIGNS HIS SEAT.

A Quebec Member Follows Suit—The Mercier Dismissal Still Exciting Politicians—Premier Mercier Sends a Letter to the Lieutenant-Governor—The New Ministry.

CORNWALL, Dec. 18.—The election petition protesting the return of Major R. R. MacLennan, Conservative, M.P. for Glengarry, was disposed of here yesterday before Hon. Justices Falconbridge and Street. Mr. McCrimmon represented the petitioner and Mr. Dalton McCarthy the respondent. Respondent admitted treating by agents and the election was thereon declared null and void. The personal charges were dismissed, respondent paying costs.

THE MERCIER DISMISAL.

The Premier Protests Against the Lieut Governor's Action.

QUEBEC, Dec. 18.—Hon. Mr. Mercier sent a memo to His Honor Lieutenant-Governor Angers yesterday asking His Honor to give him the letter or a copy of the letter addressed to the Lieutenant-Governor by Judge Jette. The Lieutenant-Governor refused to give either, as he considered Hon. Judge Jette's letter personal.

Mr. Mercier forwarded yesterday his reply to His Honor Governor Angers. The document, it is thought, is a manifesto by which Mr. Mercier energetically protests against the action of His Honor. It is possible that to-morrow the new ministry will be known.

What Mercier Has To Say.

QUEBEC, Dec. 18.—L'Electeur, Mr. Mercier's organ, breaks the news of Mr. Mercier's downfall in an editorial entitled "Coup d'Etat," and says: The Federal officer we call Lieutenant-Governor has just consummated his scheme. Tramping under foot the constitution, obeying an order from his master at Ottawa, pursuing a vengeance 12 years, he dismissed from office yestetday the advisers of the province who had been given him by a majority of 25 in the Legislature. The electorate will shortly be called upon to judge of this unqualified action.

As Viewed in Ottawa.

OTTAWA, Dec. 18.—The following opinions were gleaned yesterday on the Mercier incident.

Sir John Thompson did not think the alleged unconstitutionality of the dismissal worthy of serious notice and added: "The reason of the Lieutenant-Governor for dismissing his ministers are effective whether they are good or bad."

Dr. Bourinot: The Lieutenant-Governor like the Governor-General has full constitutional power to dismiss the body of men who act as his constitutional advisers on all matters of state. It is for him alone as head of the executive to consider whether the public reasons are sufficient to justify the extreme step open to him under the constitutional system of England and Canada of dismissing his advisers. But he must at the same time call to his control immediately a new set of advisers who will be prepared to accept full responsibility for his acts and justify them to the Legislature and the country.

Sir Adolphe Caron was not surprised at the result.

Dr. Mousseau Resigns.

MONTREAL, Dec. 18.—The bill of particulars in the case of the contested election of Dr. Mousseau, M.P. for Soulanges, was filed in court yesterday, and as a result the doctor was in the city this morning for the purpose of filing a declaration that he resigned his seat in the House of Commons. Mr. Choquet, attorney for the doctor, states that four of the voters sent by the Montreal committee were paid $1.50 for losing their day's work, and this being sufficient to invalidate the election the doctor has preferred to resign at once.

Lennox Voided.

NAPANEE, Dec. 18.—The petition against D. W. Allison, Liberal M.P. for Lennox, came up for trial yesterday before Justices MacLennan and Burton. Mr. Allison acknowledged bribery by an agent in Watertown, N.Y., and asked the court to have the election voided, which was done with costs, the personal charges being abandoned.

Advocate Morgan in Sorel.

SOREL, Que., Dec. 18.—At the convention of the Richelieu Conservatives at St. Victoire yesterday E. A. D. Morgan, advocate of Sorel, was nominated.

Truax Re-Nominated.

WALKERTON, Dec. 18.—The East Bruce Reform Association yesterday nominated Reuben Truax, the unseated member, to be again the candidate of the party in the coming election.

A CORPSE IN A RESERVOIR.

Water in Which It Floated Used in an Insane Asylum a Month.

JACKSONVILLE, Ill., Dec. 18.—It has just come to light that the patients in the Illinois Insane Asylum here used for 34 days last winter water drawn from a reservoir in which floated a corpse.

William Wilson, an inmate, was reported missing Jan. 20. The asylum engineer discovered his body in the reservoir Feb 23 and notified Supt. Cariel. The superintendent is said to have given an order not to remove the body until the dinner hour, when all the patients and attendants were at table.

Only a few trusted employes were let into the secret, and at noon the body was pulled out. It was so decomposed that it could only be identified by the clothing.

According to an affidavit made by William Wright, who helped to take the body from the reservoir, no inquest was held, and he does not know what disposition was made of the body.

The reservoir has not been emptied since the finding of Wilson's body, and the patients and employes were not aware that they had been using the water in which a corpse had lain for over a month. The water was used for drinking and cooking as well as for washing.

A ferry boat on the Clyde sprung a leak last evening and a terrible panic resulted among the passengers, among whom were 150 workmen returning to their homes at Renfrew. Fortunately the boat managed to reach a pier and all hands aboard of her scrambled ashore in a hurry. The last man was hardly ashore before she went to the bottom.

Children Cry for Pitcher's Castoria.

THE CANADIAN BUDGET

IMPORTANT CONVENTION OF CANADIAN BANKERS.

Proposed Tax of Ten Per Cent. on U. S. Currency—A London Family Which Was Born to Be Drowned—Death of Judge Sinclair.

MONTREAL, Dec. 18.—A private meeting of all the bank managers in Canada was held in Montreal yesterday to complete the arrangements for an association for mutual protection. One subject which engaged the attention of the association was that of the circulation of American currency in Canada. Canadians have come to regard the American silver currency, whether represented by coin or paper, as equivalent to their own and without question of intrinsic or exchange value. They accept these tokens at their face value. Yet the American silver currency is in value for commercial purposes far below that of Canada, and those who accept it run the risk of appreciable loss. The bankers fear that unless something is done to check this influx of American currency the evil may become as marked as after the rebellion in the United States and for the second time Government interference may be necessary. The United States has for some years past imposed a tax of 10 per cent. upon Canadian currency and the bankers here propose to urge Parliament to imitate the example, as it is a matter of concern to the bankers to rid the country of this currency, as there is no more profitable branch of their business than circulating their own notes, against which they are compelled by law to hold no stipulated reserve. But this opportunity of profit is counteracted by the circulation of the American coin.

THE SARNIA TUNNEL.

Working Like a Charm—C.P.R. After Fort Gratiot Crossing.

SARNIA, Dec. 18.—All Grand Trunk business is now carried on through the tunnel, and the yards at Point Edward and Fort Gratiot, which a few weeks ago were crowded with trains and buzzing with the hum of industry, are now almost as silent and deserted as the Egyptian Pyramids. The local trains run up there, but all through trains, passenger and freight, go the other way.

The opening of the tunnel route and the consequent shortening of the distance between Chicago and Buffalo is said to have already perceptibly increased the business of the Grand Trunk.

The tunnel works like a charm. Two tunnel engines are kept with steam up; one of these takes a train through from the station on this side and then brings a train back; then the other engine takes a train through and brings one back, and they continue to alternate in this way. They handle a train of 24 loaded cars easily. Each tunnel train has its own conductor, engineer and trainmen, whose duty it is to take the train through from this side and bring one back, the regular conductors, engineers and brakemen going on at the stations on each side. It took the first regular passenger train that went through the tunnel just one minute and 58 seconds to go from portal to portal.

The latest railway rumor is that the Canadian Pacific has made the Grand Trunk an offer for the Fort Gratiot crossing, including yards and right of way on both sides.

JUDGE SINCLAIR DEAD.

A Long and Brilliant Legal Career Ended at Hamilton.

HAMILTON, Dec. 18.—Mr. S. Sinclair, senior judge of the County Court, died yesterday at his residence, Herkimer-street. Death was caused by a stroke of paralysis with which deceased was stricken on Tuesday last. The funeral will take place on Saturday afternoon.

The late judge was considered one of the most able and efficient county court judges in the province. In his leisure hours he turned his attention to authorship, and numerous legal works testify to his erudite knowledge of the subjects which he undertook to treat. Only this year he published a valuable treatise on the License Act of Ontario.

A Prominent Manitoban Dead.

WINNIPEG, Dec. 18.—C. P. Brown, who was for several years connected with the Provincial Government and held portfolios of Provincial Secretary and Minister of Public Works, died yesterday of pneumonia after a few days' illness. Mr. Brown was one of the promoters of the Manitoba and Northwestern Railway and founded the town of Gladstone. Since leaving the Government in 1887 he followed the profession of civil engineer and land surveyor.

A DARING THIEF.

Attempted Murder and Robbery of the Rideau Canal Paymaster.

OTTAWA, Dec. 19.—At 9 o'clock yesterday an unknown man entered the office of Frank Abbott, paymaster of the Rideau Canal, and with a piece of rubber hose containing a lump of lead tied firmly in the one end, struck at Abbott's head, but the force of the blow was weakened by touching the shoulder. The man then grabbed a valise containing $5000 with which Abbott was about to start out to pay the employes. Abbott closed with his assailant, who dropped the bag and escaped.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

FRIDAY, DECEMBER 18, 1891.

A SPECIAL cable from London says semi-official admissions are now made that the recent encounter between the British forces at Gilghit under Col. Durand and hostile tribesmen, supposed to be acting in the Russian interest, was not in any sense an accidental collision, but one for which the Indian Government has been long preparing.

The Canadian *Gazette* devotes its first editorial in the last issue to Mr. Mowat's letter on annexation. It says Mr. Mowat has done the empire and Canada signal service by his manly, outspoken letter, which will effectually correct any notion that Canada is really losing its attachment to British institutions. Possibly the Dominion may one day become an absolutely independent nationality, seeking its own ends in its own way, but these problems are for the future. Canada is not eager to rush them to a premature solution.

The British Political Situation.

Lord Salisbury stated at the recent Tory convention at Bimingham, and Lord Hartington repeated it at another place, that whilst the Liberals might carry the agricultural laborer with them at the general election the Tory party would win in the cities and towns. At a meeting at Derby on the 3rd inst., Sir William Harcourt touched upon this point in the following terms:—

"I will tell you the true state of the case. It is not the fact that our successes have been wholly, or even mainly, in the rural districts, and that the great towns, with their political intelligence, have been against us. Since the last general election there have been 60 contests where there were contests in 1886. Of these 60 contests three-fourths were in boroughs proper and urban constituencies, such as Govan and Eccles. I call these urban districts because they are suburbs of great towns, and truly urban. Only one fourth were in rural districts. On the whole, since the last general election, we have won 21 seats. How many have they won? One. Of these 21 seats, 14 were in the borough and urban districts. What becomes of Lord Hartington's statement, then, after that? That does not tell the whole story; but of 44 borough and urban constituencies, how many do you think they have won against our 14? Not one. Our gain in votes upon the urban constituencies, allowing for the increase in the Conservative and Liberal votes balancing against one another—our improvement upon the urban vote has been 25 000 and theirs has been 4,000. So much for Lord Hartington's statement that they have the boroughs and the urban constituencies with them. I will give you two more figures and then I will leave that subject. Since the general election there have been 96—I am speaking of Great Britain and not Ireland—96 seats vacated, contested and uncontested. Of these in 1886 the Tories held 80 and we had only 26 of the same seats. *Of the very same seats* we now hold 46, and they only hold 50, and we have returned within one in respect of these seats to the election of 1885, when, as you know, the Tories were in a vast minority. They may get what comfort out of those figures they like."

Sir William made great fun of the adoption by the Tory convention of Mr. Howard Vincent's Imperial customs union scheme in the face of the fact that Lord Salisbury, Mr. Chamberlain, Mr. Goschen, Mr. Balfour, Lord Hartington and other Unionist leaders are as stout in their adhesion to free trade as Mr. Gladstone or Sir William himself.

Your choice for $10.00. The cloth alone is worth more than we ask for the whole Overcoat complete.

Look them all through, and then come to us and if we fail to convince the most skeptical that our stock is not at least five times larger, and our prices at least 50 per cent. lower, than those of other dealers, we will give a whole out-fit free.

WHAT WE SAY ABOUT THESE GOODS.

ONE man's extremity is another man's opportunity. Our grip on the market has brought this bargain to our counters. We want the public to know just what we offer. When we say the goods are bargains, they are positive. When we say that no such bargains were ever before offered, we have the goods to back up the statement. We nail the flag of Cheap and Good Goods to the mast, and defy any dealer on earth to lower our colors.

OUR PLAN TO HELP YOU HERE.

We want every one to come and see what we are doing. Drive if you can, come by water, by stage or on foot, for there's money for you in the expedition. That there shall be no excuse, we will pay railroad fare of any passenger within a radius of fifty miles, who comes to our sale and buys $10 worth of goods or upwards.

Nearly all colds are slight at first, but their tendency is to so lower the system that the sufferer becomes a ready victim to any prevalent disease. The use of Ayer's Cherry Pectoral, in the beginning of a cold, would guard against the danger. dw

"I have been treated by doctors, who had long lists of so-called cured patients, but they could not reach my case, and hope had been murdered in me by fair promises, but on first application of your magical appliance, hope and confidence came flocking in stronger than the combined powers of the four winds. I knew then that you would cure me, and now that I am a man and well again, I cannot thank you sufficiently for the cure. So again I say, use my name as reference whenever you wish. Address and Presentation.

A Pleasant Oddfellow Event at Peterborough Lodge.

At the meeting of Peterborough Lodge, I. O.O.F., No. 111, last night, Mr. Robert Pierce, late of Brantford, and an employe of the Edison Works and for some time team instructor to the local lodges, was handsomely remembered.

After the first and second degrees upon a candidate in a manner that showed the value of Mr. Pierce's instruction, and a striking contrast between the new and the old, the lodge opened in the third degree, and Mr. Pierce was called to the front, when Bro. A McFarlane, P.S., read the following address and Bro. T. Emmerson made the presentation of a purse containing the sum of $100 in gold :—

DEAR SIR AND BROTHER :—

We the members of Peterborough Lodge, No. 111, I O.O.F. have learned with great pleasure, for your own sake, that you are soon to visit your home in Brantford to spend the holiday season, thus depriving us, for the present, of the pleasant associations we have enjoyed both personally and fraternally with you during the past few months. We, therefore, wish to take this the earliest opportunity that has presented, of cordially recognizing the devoted zeal you have shown in the interests of the Oddfellow society in Peterborough, and of this lodge particularly. Though your stay with us has been brief, your interest in our society was shown by your discovery to us how much the impressiveness of our beautiful ritual was lost through lack of organization and systematic presentation, and we have to express our hearty thanks for the pains you took, with no other motive than the promotion of the interests you have so much at heart, to bring about the result at which we all so much rejoice, that the ceremonies of our order are being performed in our lodge in such a thorough, systematic and effective manner, which gives the highest satisfaction to those who have enjoyed the benefit of the experience. And though we feel that to a generous and unselfish heart like your own, the consciousness of promoting the pleasure and profit of your brethren and the interests of Oddfellowship is a sufficient reward, yet we feel that it would be ungracious on our part if we failed to give signal expression of our feelings of gratitude; we, therefore, as an earnest of our appreciation of your services, and fraternal and personal kindness, ask your acceptance of this purse, coupled with the wish, that this festive season suggests, that you may enjoy a merry Christmas and a happy New Year, and, with the hope that in the contemplated re-union with your family, amidst the joys of the occasion, some memories of the warm friends you have in Peterborough may mingle, and that your recollections of, and your return to, Peterborough may be as pleasant as the memories we entertain of your kindness, geniality and genuine spirit of Oddfellowship. Signed on behalf of Peterborough Lodge, No. 111, I O O F.

B. MULLIGAN, N. G.,
A. MCFARLANE, Sec.

Bro. Pierce was absolutely taken by surprise. After recovering, he thanked the brethren for their splendid gift, remarking that he had reason to think that he had a few friends in Peterborough lodge, but he was, it seems, mistaken; otherwise he would have had some one kind enough to have given him a hint of the magnificent surprise they had sprung upon him—if he could not express his gratitude he could now and would feel it all his life. Several of the brethren bore warm testimony to Mr. Pierce's good qualities as a man and a brother, speaking in especially complimentary terms of his effective instruction in the special work which the lodge now felt the benefit of to such a great degree.

The Great Guessing Competition.

Big Values in Christmas Goods—With a Chance for Magnificent Prizes Thrown in—$50 Gold Watch, $20 Silver Watch and $5 Carving Set.

Attention is directed to the announcement another column of a grand guessing competition to be conducted in connection with the Peterborough Bookstore. This is a real competition. The prizes offered will be genuine, reliable, valuable gold and silver watches and the carving set is one of the best made. The goods will be sold at the regular rates, which are of the lowest, and every dollar's worth of goods bought entitles the purchaser to a guessing ticket and consequently gives him or her a chance of winning one of the elegant prizes offered. Full particulars of the conditions governing this competition may be found by consulting the advertisement in another column. This competition will be a genuine, fairly and squarely conducted contest with every precaution taken to insure the utmost fairness in every respect. The number of articles in the sealed jar whose contents are to be guessed upon, is known to no living man.

In the Matter of the Peterborough Bookstore Competition :

We, James W. Brisbin, of the town of Peterborough, merchant; William Collins, of the township of North Monaghan, farmer; and George E. Elliott, of the township of Smith, farmer, do hereby certify :

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

GEO. E. ELLIOTT,
WM. COLLINS,
J. W. BRISBIN.

The deciding committees will be composed of some of our most reliable citizens. The keys of the ballot boxes in which the guessing tickets will be deposited, will be in the hands of the committee and in every respect the contest will be fair, above board and bona-fide.

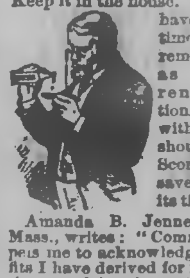
WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use



Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 150 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—C. W. [illegible], Salem, N. J.

"Last winter I contracted a [illegible] cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. REMEMBER THE

Clearing Sale of the Season,

That takes place before Stock-taking at

THOMAS KELLY'S.

The season is now far advanced and as there is only a short time to clear out the stock before stock-taking, I have decided to make this the Greatest Clearing sale of the season by reducing the whole stock to such prices as will effect a speedy sale. We are determined not to carry any goods over another winter season. The goods are all new, of the finest quality and the prices that are asked, unprecedented.

DRESS GOODS! DRESS GOODS!

The whole of our large stock of Dry Goods will be cleared out at a slight advance on cost.

NOW IS THE TIME TO GET WHITE AND GREY COTTONS AT MILL PRICES.

A Large Stock of Table Linens, Table Napkins, Sheetings, Tickings Quilts, Cretonnes, Grass Linens, Check Linens, Towels and Towellings, Lace Curtains, Pillow Cottons, Toilet Covers, &c., very low in price.

5 Pieces Circular Pillow Cotton for 12½c per yard, and 46 in. wide.

The time is short to clear out the stock, so you can expect to get bargains. It is money we want, and we are determined to have it.

FUR TRADE.

The only one manufacturing entirely their whole stock in town and having a record of over thirty years standing without shaking.

We never boast of selling goods at and below cost price, except when winter is drawing to a close; but we can assert that we are able to sell at and below prices offered by wholesale houses to the trade, and at the same time making superior goods. Our stock this season is the largest we ever yet offered for inspection, and comprise all the latest styles, from the finest to the lowest grades of Ladies', Gentlemen's, and Children's Fur Goods.

Peterborough Academy of Music.

A pupils concert was given at the residence of the director Mr. J. Churchill Arlidge, at 14 Murray street last night. There were present a large number of prominent citizens present, including, Rev. F. F. Torrance, Mrs Walsh, Mr. and Mrs. Davidson, Sheriff and Mrs. Hall, Mrs John McKee, Miss Dickson, Mr. A. Lambe, Toronto, and others. The following

PROGRAMME

was presented chiefly by the pupils of Mr. Arlidge:

Flute solo—"Du, Du, liegst mir am Herzen,"..T. [Boehm
Mr. J. Churchill Arlidge.
Song—"The Ash Grove" ....John Thomas
Master Gussie Arlidge.
Song—"Emmanuel" ....Paul Rodney
Miss Vair.
Guitar solo—"Polish Dance" ....Bane
Mr. Johnson Bane.
Song—"The Mermaid's Song". ....Hayda
Miss Edith Hall.
Song—"The Better Land".........F.H. Cowen
Mrs Brodigan.
Vocal trio—"Lullaby" ....Bennett Gilbert
Misses Patterson, Morgan and R. Patterson.
INTERMISSION.
Pianoforte solo—"Andante Con Variazione".... [Mozart
Miss Katie Hall.
Song—"Tell Me O Bird of the Merry Greenwood".........F. Abt
Miss Vair.
Song—"The Roll Call"..............Ciro Pinsuti
Mr. Henry Thompson.
Song—"Life's Uphill".. ...Alfred Scott Gatty
Mrs. Hunter.
Guitar solo—"Ouverture" ....Bane
Mr. Johnson Bane.
Song—"When I'm Big, I'll be a Soldier" Molloy
Master Gussie Arlidge.
Flute solo—"Mallbrook" ....Bucher
Mr. J. Churchill Arlidge.
GOD SAVE THE QUEEN.

The general rendition of this programme gave ample testimony to the excellence of the musical instruction imparted by Mr. Arlidge. The benefit of this instruction was particularly noticeable in the vocal trio "Lullaby" by Misses Patterson, Morgan and R. Patterson, who with only one term of instruction sang with remarkable ability. Miss Kate Hall's pianoforte solo, Mozart's andante with variations, was cleanly and creditably performed. Miss Vair's singing of Rodney's "Emmanuel" showed a decided improvement in quality and quantity of her excellent mezzo-soprano voice. Mrs. Hunter in singing "Life up Hill" by Gatty, did good work and combined artistic method with pleasing quality of voice. Pinsutis' "Roll Call," sung by Mr. H. Thompson, a new pupil, showed the effect of careful training. Master Gussie Arlidge's dainty little Welsh song, "The Ash Grove," was a musical novelty in a delightful setting. Mr. Johnson Bane's two guitar solos, were really extremely fine, both in selection and execution. Mr. Bane has few equals on this romantic instrument. Of course Mr. Arlidge's flute solos were a rich artistic treat. His accompaintments were played excellently by Mr. George Schneider. A very pleasant evening was spent, and the importance and value of the excellent instruction was combined with excellent music. Light refreshment between the parts of the programme.

George Street Church.

The teachers' weekly Bible class will not be held this evening.

Oh, What a Cough!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

A Lesson in Grammar.

Positive, slip; comparative, slipper; superalitive, Gough Bros.' superb slippers, for ladies, misses and men. Splendid stock and splendid value at the low prices at which they are offered. The same particular remarks apply to the superb stock of ladies' fine boots and shoes at Gough Bros., the wonderful cheap men.

Wynn Again Remanded.

Matthew Wynn, the alleged assailant of Walter Kerr, was brought up for trial at the police court this morning and again remanded until Thursday, and if Walter Kerr's condition permits of him being able to give evidence, a portion of the evidence will be heard at the hospital.

A Musical Treat.

and an entirely new feature in concert at the Y.M.C.A. Hall, Tuesday evening next. Johnson Bane the great guitarist, by request will play several of his arrangements on the "Banjo." The management are arranging a very fine programme to assist Mr. Bane. See to-morrows papers for press and public comment.

Mark the Place.

Mr. Mark Lockington has taken out a bowling alley license and has secured the Commercial House Alley, which he has fitted up in first class style. He will be pleased to have the boys call on him—especially during the winter nights, when they will be sure to enjoy themselves. It will no doubt be a favorite resort for the boys during the winter, and Mark will run it as it should be run—in first class style. d144-3

Alive and Well.

A few days ago it was reported about town that Mr. Alex. Gibson, a former resident of Peterborough, had been murdered at Seattle, W.T. A representative of the EXAMINER called on some of his relatives to-day to learn the particulars, and it was found that the report was false. His wife had heard of it Saturday and at once telegraphed to her husband in British Columbia, and she received word from him that he was all right. His many friends in town will be pleased to hear that he is alive and well.

A Narrow Escape.

Last night Little Lake was covered with skaters and one of the number came near furnishing material for the hungry reporter to write a drowning accident on. He was skating around Point St. Charles, where the water is swift at all seasons of the year, when the ice suddenly gave way under him, precipitating him into the cold water. A skater near by went to his assistance and took off his coat for him to grasp, and after a few hard pulls the human icicle was relieved from his uncomfortable position.

Personal.

Mr. James Menzies, of Detroit, Mich., is visiting relatives in town.

Miss Anna Hamilton, of Peterborough, the *Reporter* says, has been visiting R. J. Doak of Millbrook.

Mr. and Mrs. John Roach, formerly of Carson City, Nevada, but now of Belleville, have been the guests of their brother, Mr. C. E. Roach, Hunter street. They left for their home to-day.

Dr. Lefever, of Vancouver, B. C., is in town to-day. The doctor came to Ontario to attend the recent meeting of the Dominion Building and Loan Association, and represented the entire province. He is also connected with the British Columbia Telephone Company, and is a director of the Vancouver Street Railway Company, as well as a director of the electric tramway connecting Vancouver and New Westminster. He leaves for home early next week. The Edison Company appliances are in use in the above systems.

The Street Railway Franchise.

To the Editor of the Examiner:

DEAR SIR,—Having been informed that there is a rumor to the effect that if the Street Railway Franchise is awarded to the Edison Syndicate, it will be transferred by them to some other company and not operated by the Edison people, we will be greatly obliged if you will kindly publish our denial of this.

It is the intention of the Edison Syndicate if the Franchise is awarded to them, to install and operate this railway themselves.

Hope, Emma Morrow, Jessie Stephenson, H. E. Hagerman, J. Mercer, Mabel Mason, Phœbe Barrie, Ambrose, Ida Wesley.

CONTRALTOS—Mrs. C. Green, Mrs. D. M. Stapleton, Mrs. McFarland, Misses Lizzie Mahoney, Lizzie Ketcham, Anna Sproule, Etta Montgomery, M. M. Clark, Alice Davis, Miss Lumsden.

TENORS.—Messrs. W. H. Manning, R. M. Gray, J. Crane, Walter Squires, Harry McClelland. H. Jones, K. G. Lech, Jas. Steers, M. H. Minore, L. Pickles, Willie White.

BASSOS—Messrs. F. A. Lount, W. J. Drope, Joseph Jones, W. Greatrex, G. S. Mathews, A. McCallum, Ben Hill, B. W. Brooks, J. H. Metherel, Will McClelland, M. Braden, Herbert King.

The action of the cantata followed pretty closely the *lines of* the scriptural narrative. The scene opened in the house of Jacob where the jealousy of Joseph's dreaming proclivities is first aroused. The scene changes to the camp of the shepherds and unravels the plot at first against Joseph's life and the pleading of Reuben *for the compromise of* the sale into slavery, and the scene discloses the grief of Jacob for the loss of his son, slain by some "evil beast," with which the first act closes.

The second act opens in Egypt, in Potiphar's house, with Joseph's temptation and the punishment that he experienced of

"how hate can burn
In hearts once turned from soft to stern."

Then follows the prison scene, and to this succeeds perhaps the most striking and effective of the cantata, the court room in the palace of Pharaoh, the king on his throne surrounded with his gorgeous *entourage* of retainers and the dramatic incidents that lead up to Joseph's elevation to a prominent place in the government of Egypt. In the third act the action returns to Jacob's house and the arrangements for the journey of his sons to Egypt, followed by the ostensibly harsh reception of his brethren, the sending back for Benjamin, the visit of Benjamin. The fifth scene introduced the banquet in progress in Joseph's palace, and this scene in its splendor and stirring choruses and solos, was, with the third scene in the second act, the best of the cantata, depicting with strong dramatic and choral effect the peace making between Joseph and his brethren, the meeting of Joseph and his father, and the final burst of choral rejoicing, with which the cantata ends.

With an array of soloists numbering about a score, it is impracticable to make detailed reference, but *place aux dames*, of course. Mention may be made of Zilpah, Jacob's wife, Miss H. Hagerman, who in this scene, as well as in her solo in the third act, "Our Sins have Found us Out," showed exceedingly strong dramatic action, and true intonation, if not strong vocalization. It is not invidious to say that Miss Hagerman dressed and acted her character as well as the best in the cast, Mrs. D. M. Stapleton took the character of Bilhah, Jacob's wife, and sustained it creditably. Mrs. H. Jones, as Leah, Jacob's wife, sang the solo assigned her well. Mrs. C. Green, as Leva, Potiphar's wife, in the love scene of Joseph sang with excellent effect and most judicious dramatic action. The trio sung by her and Joseph (Mr. Gray), and Potiphar (Mr. Manning), was capitally done, and was one of the best concerted pieces of the evening. Miss Fawcett, as the king's daughter, took her *role* very effectively, singing the rather difficult music assigned her with ease and correct taste. The choruses were full, well balanced and generally effective. The costumes were brilliant and correct and the scenic effects were well presented, and creditable to Mr. R. M. Roy, who filled the position of stage manager, while the excellence of the action shown is due to the coaching of Mrs. Ketcham. Mr. Ketcham deserves great credit for the success that attended the initial presentation of this fine cantata. It is well worth seeing and the public who could not attend last night will have an opportunity to-night when the cantata will be produced in the same manner as last night, except with the added excellence which practice gives. There will be some slight change in the lady soloists but it is not expected to in any way injure the effectiveness of the work. The reserved seat plan is at Greatrex's drug store.

A Tea her Remembered.

Wednesday evening Miss Jenkins, teacher in the Central School, was presented by her pupils with a beautiful present in the shape of an elegant lady's companion in plush. The scholars took this step in order to express to their teacher the evidence of the esteem and respect in which she was held by them. Master Lorne McWilliams made the presentation, and Miss Jenkins returned her most heartfelt thanks to the pupils, and was much pleased that her efforts to promote their welfare was being appreciated by them.

Lakefield.

(From Our Own Correspondent.)

Our tax collector has finished his work and returned his roll.

The notices for the municipal and school elections are out, the nomination is Dec. 28, and polling, if any, Jan. 4, '92.

Mr. Charles Peyton, formerly a resident of Lakefield, and now of Medicine Hat, N.W.T., is here at present on a visit.

Mrs. Dr. Bell, left on Wednesday to spend a few weeks with her sons in Toronto.

The Reeve and Clerk are now engaged in running opposition bachelors' halls

The burglars are still operating in the village. Several citizens have to mourn the loss of goods. On Monday evening one was seen trying to force his way into J. C. Sherin's back store, who at once made off unmolested by the observer, who considered discretion the better part of valor.

The Royal Templars' concert on Monday night was well attended, and all enjoyed the evening. Songs were given by Miss May Nelson, Miss Maltine Nelson. Miss Whitis, Miss Buchanan, Messrs. R. Graham, H. F. Moller, Rev. O. T. Bartlett, readings by Rev. W. L. Palfreman, Miss A. Campbell, W. J. Campbell, Miss Graham, C. J. Bloomfield and others, while instrumental music was supplied by violin, organ, etc.

COUNCIL MEETING.

The regular meeting of the village council was held in the town hall on Tuesday evening, December 15th, Present — W. H. Casement, reeve, in the chair, and Councillors Hull, Moore and Richardson.

Minutes of last meeting read and adopted.

Moved by Mr. Moore, seconded by Mr. Richardson, that the communication of the Waterous Engine Company be received, and that the applications of Mrs. John Cox, Mrs. George Nichols, and Miss L. Godfrey, be granted, and that the clerk be instructed accordingly.—Carried.

Moved by Mr. Richardson, seconded by Mr. Moore, that the taxes charged to Mr. J. Hull on the lot through which the street at the station runs, be remitted, and the clerk be instructed accordingly.—Carried.

Moved by Mr. Moore, seconded by Mr. Richardson, that the report of the Medical Health Officer, and recommendations of the Board of Health, be received and laid over for the consideration of the council of 1892 —Carried.

Moved by Mr. Hull, seconded by Mr. Moore, that the $42 passed last session in favor of the Waterous Engine Company, be struck out of the minutes, they having sent us a letter of credit for the amount.—Carried.

Moved by Mr Richardson, seconded by Mr. Moore,—That the council pay Dr. Bell, medical health officer, $15 for his services, as passed by the Board of Health.—Carried.

Moved by Mr. Hull, seconded by Mr. Moore,—That the collector's roll as returned by the collector be accepted.—Carried.

The finance committee presented their report, recommending payment of the following sums, the reeve's order to issue for the same, viz.:—

Madill Bros., electric light	$ 52 00
Isaac Watson, wages	11 87
" " collecting licenses and care of hall	14 20
C. J. Burgess, repairs to town hall	1 00
G. A. Milner, printing	12 00
J. Griffin, work for road master	0 70
J. R. Stratton, paper	0 90
Dr. Bell, supplies—fire department, $3.84, office, $2 02	5 86
Waterous Engine Co., fire hall supplies	3 20
Chas. Hales, lumber	29 27
Jas. Campbell, constable	96 00
Robt. Graham & Son, civic holiday supplies	4 00
Total	$231 00

The report was adopted on motion of Mr. Hull, seconded by Mr. Moore.

The special committee of the whole council appointed at the last meeting to visit that portion of Water street Mr. J. P. Strickland complained of being obstructed, brought in a report, that they had met and examined into the cause of the complaint. The street was found almost blocked with lumber and ties, and it was recommended that the owners be given until the 31st of Jan. next to remove them and if not done the village constable is to take action. The report was adopted on motion of Mr. Richardson, seconded by Mr. Moore.

A by-law to make provision for holding the Municipal and School Trustee Elections received its several readings, was passed, sealed and signed by the reeve and clerk. Council adjourned to meet at the call of the reeve.

MONTREAL, Aug. 4, 1891.

It is a pleasure for me to say good words in favor of Anti Dandruff, as its merits cannot be questioned. In my own case dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of dandruff disappeared but the falling of the hair has stopped. Having full faith in the preparation I not only endorse it for the above, but further add that as a dressing for the hair nothing equals it.

Ontario Dairymen.

WOODSTOCK, Dec. 17.—The second annual meeting of the Oxford Dairymen's Association held here to-day was a very successful one. About 100 representative dairymen, cheesemakers and farmers from all parts of the country were present. These officers were elected: President, J. M. Butchart, Burgessville; vice-president, A. Pattullo, Woodstock.

Refused to Betray Her.

ST. JOHN, N.B., Dec. 17.—Robert Langdon, a well-known baseballist, was shot in Maud Lindsay's disreputable house on Walker's wharf last night. The wound will prove fatal. He says he fired the shot himself, but Mrs. Hunt and George Shephard say Maud Lindsay did the shooting. All were drunk. Maud Lindsay has been arrested.

The compositors on two of the Philadelphia morning papers, The Record and Enquirer, went out on strike last evening, their demands for an increase of wages from 40 to 45 cents per 1000 ems being refused. The Times and North American granted the advance. Subsequently the men returned to work on The Enquirer, pending a settlement of differences.

The Pope in his speech at yesterday's Consistory said that the enemies of the church ruthlessly encompassed it on every side. Not content with displaying their hatred in words that had proceeded to acts of violence against peaceful foreigners who had come to Rome actuated by filial piety and free from political aims. These enemies, who had not hesitated to resort to riot, insults and threats, now sought to deal the papacy a death-blow. Other secret foes who paraded their moderation really aimed at the same object. The liberty of the Pontiff to communicate with the outer world was becoming more and more curtailed.

"Don't Care to Eat."

It is with the greatest confidence that Hood's Sarsaparilla is recommended for loss of appetite, indigestion, sick headache, and similar troubles. This medicine gently tones the stomach, assists digestion, and makes one "real hungry." Persons in delicate health after taking Hood's Sarsaparilla a few days find themselves longing for and eating th' plainest food with unexpected relish.

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

NOT INFLUENZA AT ALL.

The Epidemic Prevailing in Europe Pronounced a Mysterious Malady.

LONDON, Dec. 17.—Considerable surprise has been felt at the announcement that the Right Hon. Charles T. Ritchie, president of the Local Government Board and member of Parliament for St. George's, in the East London district, is not suffering from influenza, as was generally supposed, but from a violent chill and also an abscess on the back.

In this connection it may be said that the physicians are beginning to regard the epidemic called influenza as a mysterious disease which they as yet do not fully understand. In France a new and startling theory is being advanced to the effect that the popular diagnosis of the disease is entirely wrong and that the epidemic is not really influenza, but a malady of a typhoid form. In support of this theory some very strong evidence is adduced.

The real influenza, of a most malignant form, has appeared among the horses in the southeast of London. The disease is much more severe than when the animals were last attacked, and is accompanied by congestion of the lungs. Fifty per cent. of the whole number in the district are affected and the epidemic is spreading.

Arms For Russia.

VIENNA, Dec. 17.—The suspended negotiations between the Styrian Arms Factory and the Russian Government for the delivery of a large quantity of repeating rifles have been resumed. The execution of the order depends upon the company obtaining the consent of the Austrian Government, to whom it has addressed representations on the subject showing that Russia, if she chooses, can place her orders for arms in France or Germany, whereby much profitable business would be lost to Austrian manufacturers.

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.92
Increase over previous year	3,421,372.84
New applications received in 1890	6,371,599.15
Increase over 1889	2,368,588.00
Cash income for year ending 31st December, 1890	889,078.87
Increase over 1889	325,938.35
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,332.68
Increase over 1889	567,722.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus,	31st	Dec.,	1881,	(five years)	$64,324 07
"	"	"	"	1886,	88,422 97
"	"	"	"	1890, (four years)	232,175 69

BRITISH AND FOREIGN.

THE GRIP SAID TO BE MILD TYPHOID FEVER.

A Heavy Fall of Snow Puts a Termination to Fighting on the Pamir—A Judge Who Objected to Being Sketched—General Foreign News.

LONDON, Dec. 18.—Physicians are beginning to regard the epidemic called influenza as a mysterious disease which they as yet do not fully understand. In France a new and startling theory is being advanced to the effect that the popular diagnosis of the disease is entirely wrong and that the epidemic is not really influenza, but a malady of a typhoid form. In support of this theory some very strong evidence is adduced. The real influenza of a most malignant form has appeared among the horses in the southeast of London. The disease is much more severe than when the animals were last attacked and is accompanied by congestion of the lungs. Fifty per cent. of the whole number in the district are affected and the epidemic is spreading.

STOPPED BY SNOW.

The Tribesmen Around Gilgit Are Safe Until the Spring.

CALCUTTA, Dec. 18.—The question of further operations on the part of the British troops against the Hunza Niger tribesmen in the vicinity of Gilgil and Fort Nilt, near the Pamir frontier, has been settled for the time being by the weather. Snow has fallen at those places and in the surrounding country to such an extent that military operations are impossible. They are still making good progress toward recovery. The troops are well supplied with food, ammunition, etc., in quantities sufficient to last them until the snow disappears.

HE WAS EMPHATIC.

Judge Denman Strenuously Objects to Being Sketched in Court.

LONDON, Dec. 18.—Before Justice Denman and a federal jury in the High Court of Justice yesterday was continued the action for slander, brought by a Mrs. Osborn, a lady well known in society, against Mrs. Hargreaves, the wife of Major Hargreaves of the Prince of Wales entourage and well known in yachting circles. While at her residence at Torquay Mrs. Hargreaves lost a considerable amount of jewelry and is said to have charged Mrs. Osborne with appropriating the jewels.

While a witness was being examined Judge Denman angrily sprang to his feet and loudly asserted that some one was sketching him, adding: "I won't have it; I'll have any person turned out of court who takes such liberties with me."

Sir Charles Russell suggested that he did not think anybody was making a sketch of His Lordship. This only seemed to make Justice Denman all the more angry, for he sharply replied: "I won't have it. I know somebody is sketching me and I won't have it. Besides, they are sketching the witnesses and it disturbs them. I won't have it."

BORN TO BE DROWNED.

Four Members of a Family Perish in the Same Way.

NEW YORK, Dec. 18.—On Nov. 30 last news came from Manzanillo, Mex., via San Francisco, that the brig Tahiti and 270 Gilbert Islanders, who were on board under contract for the coffee plantations of San Benito, Mexico, had been lost at sea. The brig had on board Henry Montgomery Scrymser, youngest son of the late James Scrymser. Henry Scrymser was 34 years old and came from London, Ont., where the family lived for years. He was extremely fond of the water, and with the exception of a short time on the plains has been at sea, practically speaking, all his life since he left college.

It is remarkable that at about the same time that Henry Montgomery Scrymser was drowned his brother, Frederick E., was drowned in Hutton Lake, near Laramie, Wyoming.

Henry was drowned probably on Oct. 15, and his brother at Laramie on Oct. 22.

The Scrymser family seems to have been unfortunate for deaths occurring in it by drowning. Mrs. William Merritt and Miss A. Scrymser, both sisters, were drowned in the wreck of the White Star steamer Atlantic off the coast of Nova Scotia in 1873.

Girl's Charge Against a Priest.

HOUGHTON, Mich., Dec. 18.—The sensational trial of James I. Otis, a Catholic priest, for assault on Minnie Molliter, 16 years old, ended yesterday with a disagreement of the jury, after they had been out for 14 hours. The girl's testimony showed that while on a visit alone at the priest's house he had kissed and caressed her, and finally by means of chloroform rendered her unconscious and in that condition ruined her. Father Otis admitted kissing her, but denied all her other statements. He will probably be tried again.

Found $800 in a Rubbish Heap.

BEAMSVILLE, Dec. 18.—J. D. Osborne in preparing an office for a new tenant had a quantity of rubbish removed to an old barn across the street. Children playing with it afterwards uncovered a pile of $4 Bank of Hamilton bills which had been lying amid the dust and rubbish for over 20 years. There were 200 of the bills, amounting to $800. Bills of this issue were called in by the bank 15 years ago. Mr. Osborne says that years ago he frequently concealed money, but this had slipped his memory completely.

THE PAMIR PLATEAU.

The Collision Between British Soldiers and Tribesmen Not an Accident.

LONDON, Dec. 18.—Semi-official admissions are now being made that the recent encounter between the British force at Gilgit under Colonel Durand and hostile tribesmen supposed to be acting in the Russian interest, was not in any sense an accidental collision. The time had arrived for open action, which had been led up to by diplomatic and military preparations which have been going on for at least two years with this eventuality constantly in view.

Attention has already been called in these despatches to the visit of Col. Durand in October to the Viceroy of India at Simla, for the purpose of discussing the attitude to be observed by the British force near the Pamir, in view of the persistent encroachments of the Russians in that direction. It was at this conference that Col. Durand received his final instructions authorizing him to take the steps which brought on the recent engagement, and which are doubtless the prelude to much more important hostilities.

But this was not the first conference of the Gilgit commander with the viceroy. In the summer of 1889 the knowledge of Russian intrigues in the vicinity of the Pamir led to Colonel Durand being investigated with unusual latitude of discretion and to his being appointed British agent at Gilgit. The viceroy's visit to Kashmire, undertaken about the same time, and which was the subject of much speculation, had the same incentive.

England has not been idle in the work of proselytizing the tribesmen of that disputed region, but in some important respects she labors at a disadvantage as compared with Russia. The kings of Hunza and Nagar boast, singular to relate, of descent from Alexander the Great and are of a remarkably proud race. The British have shown very little consideration for their claims until recently and there has for generations been a feeling of hatred entertained by these modern Alexanders toward England and her representatives. The Russians, on the other hand, have always treated the proud potentates of the Indus with a great show of respect and have consequently been welcome visitors.

When the Russian Captain Gronchevtsky and a squadron of Cossacks visited that region in the summer of 1889 they made so many friends that they had no difficulty in repeating the visit in 1890 and again this year. Every appearance of an armed English force, however small, has on the other hand been greeted with sullenness if not with open opposition. This summer the visiting party of Russians was larger than ever before and included the Cossack division under the famous Colonel Yanch. It penetrated to the passes leading from the Pamir plateau into Hunza, and the result of the excursion was soon observed in the increasing insolence of the tribesmen toward the British. It was evident that the descendants of Alexander believed that they now had an alley which would protect them from the hated British and even back them up in any predatory raids they might make against the red coats.

Meanwhile British diplomats have been insisting that the sphere of influence of the Indian Government must be recognized as paramount up to the southern slopes of the Hindu-Koosh, and that whether it be so recognized or not, it was necessary, for the proper protection of the northern Indian frontier, that England be allowed to check the lawlessness of the tribesmen, who are want to harass the loyal people of that district.

The tribes complained of are notorious brigands, cattle thieves and slave dealers. The number of Kashmire slaves in Central Asia is said by travelers to be astonishing. Nor in spite of their claim to distinguished ancestry, can the rulers themselves be considered respectable. The king of Hunza, like many a better known predecessor in the course of history, murdered his father in order to mount the throne, and the king of Nogar procured the waylaying and removal of his brother in order to seize the reins of government. No one need waste any sympathy upon the natives who now stand ready to be crushed between the forces of England and Russia. The final struggle which is to decide the future mastery of the region is probably not far distant. Russia denies the right of England to any influence, much less any actual military possession, beyond Kashmire, while Lord Salisbury encourages the pretensions of the viceroy's government to supremacy in that region, hence it would seem that continuance of the present status must be impracticable for any great length of time.

Martha Washington's Slipper, $90.

PHILADELPHIA, Dec. 18.—A large quantity of Washingtoniana was disposed of at auction here yesterday. A dainty black velvet slipper worn by Martha Washington at the inaugural ball brought $90.

Sensational Murder at Brussels.

Saved by a Howling Dog.

INDIANA, Pa., Dec. 17.—Robert Rodgers and his sister, both old and single, lived in a small house in East Wheatfield township, this county. Early yesterday morning the howling of a dog in the kitchen awakened them just in time to save them from cremation. They got out nothing but the dog, which Rodgers went after at great peril, being badly burned. He said the dog had saved his life and must not be deserted.

PHOTOGRAPHED THE CHINESE.

An Attempt Which Nearly Scared Three of Them Into Fits.

LOCKPORT, N.Y., Dec. 18.—Acting on advice of United States Attorney D. S. Alexander of Buffalo, Acting-Secretary Spaulding yesterday instructed the collector of customs at Buffalo, Ogdensburg, Suspension Bridge and Plattsburg to cause photographs to be taken of all Chinamen arrested for unlawful entry into the United States from Canada. It is expected in this way to establish a positive identification of Chinamen who return to this country after having once been deported to Canada.

To-day Lee Yick, Yan Kow and Lee Lol, three Chinemen who have been in jail here for the past month, were ordered back to Canada by Commisioner Pound. They were the first victims of the camera, and Deputy United States Marshall from Weaver and his assistant, had a circus in obtaining the pictures.

Lee Lick thought he was about to be executed, and howled like a heathen when the lens was shot on him. It took four officers to hold him. His companions heard his yell and thought they were about to be tortured.

An interpreter was sent for and explained the matter. Then the Chinamen made grin faces and twisted their countenances into all sorts of contortions.

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

WHAT THE TIMES SAYS.

Angers' Reasons Not Flimsy, But Did He Act Wisely?

LONDON, Dec. 19.—The Times, commenting on the political situation in the province of Quebec, says "Lieut.-Gov. Angers acted within his right in dismissing the Mercier ministry. His reasons were neither flimsy nor unimportant. Whether he acted wisely is another matter. On the whole, we would rather he had acted with more deliberation, but it will be disappointing and surprising if the good sense of Canada does not approve his bold attempt to purify political life."

THE COUNT'S SPEECH.

Mercier Says He Will Go Back to Power and Take Revenge.

MONTREAL, Dec. 19.—Mr. Mercier arrived here to-night and addressed a meeting of 3000 people in the Bonsecours Market. His speech dealt with the unconstitutionality of his dismissal and was an appeal to the people for support against the encroachment of Federal power. He was very bitter in his denunciation of Mr. Angers and the Dominion Government. He assured them that he would go back to power and mete out punishment to those who had thwarted the will of the people.

CONDITION OF TRADE.

Bradstreet's Report for the Past Week as to State of Business.

NEW YORK, Dec. 19.—Special telegrams to Bradstreet's review previous reports of a general slackening up of the movement of general trade from jobbers and producers, which appears to include nearly all lines except those of leading cereals. Mild weather, which continued until within two days, added a depression to staple lines such as clothing, hats, shoes, woolen and cotton goods of some varieties which they probably would not otherwise have experienced. The lower temperature is too late to stimulate much increase in the demand prior to the new year.

In the Dominion of Canada direct exports of grain and flour have ceased for the winter, Boston, Portland, Me., and Halifax to some extent becoming winter ports of export for Ontario and Quebec. General trade in those provinces is quiet and prices, except for wheat, are steady.

The total number of business failures in Canada this week is 23 compared with 45 last week and 35 in the like week last year.

Bank clearings at four Canadian cities this week aggregate $21,410,986, a decrease of 2½ per cent. on the week.

There were about 60 guests present; the bridal presents were numerous and valuable.

MERCIER TO ANGERS.

THE COUNT GIVES THE COMMISSIONERS' REPORT TO THE PUBLIC.

He Calls Angers a Conspirator-Traitor, Has Done What the Queen Dare Not Do—The Report Charges Garneau with Carelessness, Robidoux and Langelier with Being Compromised.

QUEBEC, Dec. 19.—Yesterday Mr. Mercier made public his views on the political situation, and has published the correspondence between himself and the Lieutenant-Governor and the interim report of the Royal Commissioners. The report contains about 3000 words and is signed only by Judges Baby and Davidson, Judge Jette being incapacitated by illness. It says that Mr. Pacaud acted as intermediary between the Government and the contractors, who were persuaded that this functionary was necessary. The report continues: The bargain between Armstrong and Pacaud by which $100,000 was paid to Pacaud was fraudulent, contrary to public order and an audacious exploitation of the provincial treasury.

We are of opinion that Mr. Garneau gave proof of carelessness, but that he was in good faith and benefited in no way by the transaction.

The fact of Hon. Mr. Robidoux having in his possession Pacaud's note for $20,000 endorsed by P. Vallier, and to which was attached one of the $20,000 checks signed by Jean Chrysostome Langelier, commissioner in the Baie des Chaleurs affair, constitute very compromising acts for that gentleman.

Mr. Langelier Inculpated.

Mr. Langelier was one of the Ministers who took the greatest part in the adoption of the sham proposal, and we cannot avoid saying that when Mr Langelier accepted money from Pacaud he was perfectly aware of its source.

Mr. Mercier also was included among the endorsers, and when the payment was known better it was not repudiated by them and they profited by it.

The commissioners then point to apparent contradictions between Mr. Mercier's statement to the Government and the evidence before the commission in connection with moneys forwarded for his use while in Europe. The report regrets that certain correspondence was not produced, and concludes: "It is not proved that Mr. Mercier knew of the existence of the bargain between Armstrong and Pacaud, and that gentleman declares that he benefited in no way thereby. Hon. Messrs. Ross, Shehyn, Boyer and Duhamel derived no advantage whatever from the transaction."

In transmitting the report to Mr. Mercier the Governor states that it proves carelessness and illegalities and shows the statements and justifications of the Premier to be of no value. "The request," he says, "forces upon me the conviction that the Ministry is not in a position to advise the representative of the Crown and therefore he must dismiss them."

The Count's Request.

Mr. Mercier then demands a copy of Judge Jette's letter supposed to be dissentient from the report and permission to publish the letter of dismissal, both of which the Governor refuses. Then follows Mr. Mercier's final reply, in which he says: "I have to do not with the impartial head of the executive, but with a political adversary subjected to the outside influence of evil counsellors and bad passions, and have knowingly and willingly violated the usages of constitutional law. You have had the audacity to do what our august Sovereign Queen Victoria would not have dared to do in England without provoking revolution among the English people. All good citizens must admit there is a limit to tyranny and that a man though he may have been a Prime Minister is not a slave. The report is that of two partisans, from whom you have dragged an unjust and unfounded opinion, and it is altogether informal and without legal value. The allegations of this pretended preliminary report are contrary to the proof. They contain gratuitous insults to your ex-Ministers supported by the great majority of the Legislature of this province."

He then charges the Governor with personal and autocratic government, with having arrested the working of the Government, refused to pay legitimate debts, to call the Legislature at the request of its majority to transact public business and of having carried out one of the most odious conspiracies ever entered against the constitutional liberties enjoyed by a free people. He taunts the Governor with a desire to place power in the hands of political friends by taking abusive advantage of the illness of Judge Jette, against all the rules of decency and professional etiquet, and trampling under foot the dignity of the crown. He charges him with leaving politics for the bench where even there he was a partisan.

Considered Constitutionally.

Mr. Mercier then discusses the constitutional side of the question, referring to Lord Dufferin in the Pacific scandal, who laid the matter before Parliament, and he charges the Governor with supporting the then guilty ministers and to-day he says: "You obey the will of the Federal Prime Minister, Mr. Abbott, who was himself the distributer of this bribery money to the ministry. Your conduct puts our political institutions in jeopardy. I will try to undo your nefarious work with the assistance of my colleagues and my political friends, and will willingly expend all that I possess to save our cherished province. I denounce you before public opinion, and it is not far distant when the representatives of the people will again resume the power of which you have stripped them and vindicate the constitution which you have broken. You will shortly receive from Mr. Abbott, your master, the price of your national treachery and I shall soon go before the people and receive from its strong and powerful hands a new mandate which will enable me to resume in the legislature the position from which you have driven me and to chase you constitutionally, but surely, from Spencerwood."

Notes.

Monster mass meetings are being organized by the Liberal voters of St Roch and St. Sauveur Wards of this city. St. Roch is perhaps the strongest Liberal stronghold of the Dominion, is represented in the House of Commons by Hon. W. Laurier, and in the Local House by Hon. Mr. Shehyn, ex-Provincial Treasurer. Both these gentlemen and Mr. Mercier are idolized by the St. Roch people.

Hon. Mr. De Boucherville is busy forming his cabinet. Very little can be gleaned of that gentleman's doings, however.

THE CANADIAN BUDGET

IMPORTANT MEETING OF STOCK BREEDERS AT TORONTO.

Another Drowning Accident in Toronto Bay—Woman Probably Murdered in Oxford—Gathering of Bankers at Montreal—Poisoned by Rancid Lard—General Canadian.

MONTREAL, Dec 19.—The Canadian Bankers' Association was formed yesterday at a large and representative meeting of bankers held in this city. Two honorary presidents were elected, Hon. J. D. Lewin, president of the Bank of New Brunswick, St. John, and R. W. Heneker, president of the Eastern Townships Bank, Sherbrooke. The regular officers are: President, Mr. George Hague of the Merchants Bank; vice-presidents, Messrs. Walker of the Canadian Bank of Commerce; Ward of the Bank of British Columbia; Stephenson of the Quebec Bank, and Fysh of the Bank of Nova Scotia.

A council was elected, composed of Messrs. Clouston of the Bank of Montreal, Grindley of the Bank of British North America, Thomas of the Molsons Bank, Burn of the Bank of Ottawa, Bousquet of the People's Bank, Schofield of the Bank of New Brunswick and Farewell of the Eastern Townships Bank.

Considerable time was spent in discussing the constitution of the association, which was finally adopted.

The council met after the adjournment of the association and elected a secretary-treasurer. An informal discussion took place over a number of matters interesting to bankers, including, it is understood, the advisability of taking steps to reduce the volume of U.S. currency afloat in the country.

ROW IN BURFORD.

A Burford Man Injured in a Farm Dispute—Will Probably Die.

WOODSTOCK, Dec. 19.—Some residents of the second concession, Burford, got into an altercation yesterday over the removal of some hay from a farm which had been rented by J. Rapp from a Mrs. Tougher. Mrs. Tougher objected to the removal of the hay, whereupon Rapp and two other men endeavored to take it by force. In the dispute which followed, Mrs. Tougher was knocked down and badly hurt. A Princeton doctor was sent for, who reports her recovery doubtful.

Mrs. Tougher's son at first blocked the doorway, but he was tossed aside and then the mother and sisters came to the rescue. The girls were struck in the face, but it appears the old lady fared the worst.

Fishermen's Association at Collingwood.

COLLINGWOOD, Ont., Dec. 19.—At the meeting of the Inland Fishermen's Association in Collingwood every district was represented.

The election of officers for the ensuing term resulted:

W. A. Clark, Collingwood, president.
J. Logie, Kincardine, vice-president.
A. Montgomery, Collingwood, secretary.
C. Noble, Collingwood, treasurer.

Messrs. D. McAuley, Southampton; James Clark, Wiarton; J. D. Van Vlack, Van Vlack; C. Duffy, jr., Collingwood; James Anderson, Midland; N. McDonald, Goderich; William Ferguson, Bayfield; John Boyd, Collingwood; J. Pinch, Thornbury; J. Noble, Killarney; D. W. Port, Toronto; G. P. McIntosh, Meaford; Donald McDonald, Owen Sound, and M. McDonald, Kincardine, were elected a managing committee.

A committee was appointed to confer with the Boards of Trade re the best method of preserving the fisheries.

Dominion Live Stock Association.

TORONTO, Dec. 19.—The Dominion Live Stock Association held one of the most successful meetings in its history at the Albion Hotel, yesterday afternoon. President G. F. Frankland presided, and delegates from all over the Dominion were present.

The most important question was that of railway rates. At one time members were given a one-cent rate by rail, but this has lately been increased to 2½c. An interview was had with the local representatives of the two railways, and a concession was obtained, giving men who had been over the ocean with cattle full transport from Montreal west, on their return. The cattlemen want a return to the 1 cent rate, and a deputation consisting of Messrs. Dun, Crawford and Gilchrist were appointed to visit the railway officials at Montreal, and ask for this reduction.

Mr. E. Snell of Galt complained of the high transportation rates demanded by the railways. He thought it strange that cattle could be shipped from Chicago to the sea for $50, while the cost of transporting from Galt to Montreal was $52. He thought the Government should legislate in behalf of the Canadian cattlemen, all the delegates were of the same opinion, and the Executive with Mr. Snell will go to Ottawa to see what can be done.

Mr. G. F. Frankland was unanimously re-elected president for 1892, and the other officers were elected as follows: First vice-president, J. C. Coughlin; 2nd vice-president, T. O. Robson; secretary, H. Gilchrist, Montreal; treasurer, A. J. Thompson.

A MAIMED FINGER THE CLUE.

How a Canadian Was Run To Earth on a Murder Charge.

WALKERTON, Ont., Dec. 19.—A man named Remington, formerly of this county, is on trial at Fargo, Dakota, for the murder and robbery of an elevator agent named Flett. He was traced step by step, from a clue given by a delivery man, who noticed as he got into the buggy that the top joint was gone from one of the fingers of his left hand. The finger joint was amputated some years ago by Dr. Bradley of Bervie, near Kincardine. Remington's chances of ornamenting the end of a rope look very promising.

Drowned in Toronto Bay.

TORONTO, Dec. 19.—A sad drowning accident occurred yesterday afternoon about 3 o'clock. As the steamer Mizpah was nearing the Church-street wharf, John Lee, who resides as 119 Palmerston-avenue, slipped and fell from the deck. He was not in the water more than two minutes before he was lifted out, but life was extinct.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

THREE VOTES FOR EACH VOTER.

"We are the people," may be somewhat nearly related to slang, but, at the same time, it emphasises the large share the people have in deciding questions affecting their own interests, which are too momentous to be left to representative decision. Of this nature are the three by-laws which will be submitted to popular vote on Wednesday next, December 23rd. For the two money by-laws, freehold ratepayers, or long term leaseholders, only are entitled to vote; for street railway franchise all ratepayers can vote who are entitled to vote at municipal elections. The by-law to authorize the issue of debentures to the amount of $10,000 for school purposes was made necessary by the obligation of providing additional accommodation for schools. The action of the School Board in incurring this expenditure was compulsory. The Education Department demanded something of the kind in alternative of the withdrawal of the Government grant. The Board acted in what it considered the most economical manner, in enlarging the smaller Central School building for Institute purposes, thus leaving the larger building to be devoted to public school purposes; at the same time complying with departmental requirements and providing the necessary increase of public school accommodation. The obligation thus incurred is to be met by the passage of the $10,000 school bylaw. The other bylaw provides for the issue of town debentures to the amount of $15,000 to cover expenses incurred in the establishment of the Edison General Electric Company, a concern which has already strikingly promoted the material growth and interests of the town; an institution which other towns and cities would give twice $30,000 to have within their borders. The action of the railways in forcing upon the town the construction of two railway sidings, when one was expected to answer, made the first amount of money voted on account of the Edison company, insufficient, and the present by-law is required to be passed to meet the obligations incurred by virtue of the extra expenditure referred to above. The town was bound to carry out its agreement with the Edison company, and if a failure to do so had resulted in the loss of the works to Peterborough, every ratepayer would doubtless have been loud in denunciation of the economy that would have contributed to such a loss, and would have denominated it penny-wise and pound-foolish. The third by-law to be voted on next Wednesday has directly no relation to money; it is to decide between the two companies, now applying for the franchise of the streets of Peterborough for the purpose of an electric street railway. As is well known, one is the "Peterborough and Ashburnham Street Railway Company," and the other is the "Edison Syndicate." The people are to decide, by their ballots, as to which of these two companies shall be granted the franchise. The names of these two companies will be printed in separate compartments on the ballots, which will be handed to all ratepayers entitled to vote at municipal elections, who may wish to express a preference for one of the companies, which he can do by making the usual cross opposite the name of the company he wishes to have the franchise. The people have the matter in their hands, and their intelligence and understanding of the situation should leave no difficulty in the way of expressing an opinion.

GOUGH BROTHERS

SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Nearly all colds are slight at first, but their tendency is to so lower the system that the sufferer becomes a ready victim to any prevalent disease. The use of Ayer's Cherry Pectoral, in the beginning of a cold, would guard against the danger. dw

MONTREAL, Aug. 4, 1891.

It is a pleasure for me to say good words in favor of Anti-Dandruff, as its merits cannot be questioned. In my own case dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of dandruff disappeared but the falling of the hair has stopped. Having full faith in the preparation I not only endorse it for the above, but further add that as a dressing for the hair nothing equals it.

TORONTO—Alfred Day.

VILLIERS—Lizzie Nelson, Robt. Borland, sr., Agnes Borland, Mrs. Jas. Ashburn.

WESTWOOD—Mr. and Mrs. T. Eason.

A children's meeting was held at which addresses were made by Mr. Alfred Day, of Toronto, and Rev. John McEwen, of Lakefield, and at the evening service Rev. Mr. McWilliams, of St. Andrew's church, gave a couple of well rendered solos. At this meeting also Mrs. Curtis, of Keene and Mr. Day, of Toronto, Toronto, gave earnest addresses, and Rev. Mr. Philips, of Hastings, an address of welcome.

The second day (Tuesday, Dec. 15th) was devoted to receiving reports from schools, and Rev. Mr. Parker, of Campbellford, gave an address on "Sunday School Literature," and Mr. Trotter, of Peterborough, an address on "Missionary Work."

Dr. Harrison, of Keene occupied the chair at the evening session, when Rev. Mr. McEwen, of Lakefield, gave and address on "Primary Work," and Rev. Mr. McWilliams gave a splendid address on the "The Teacher's Influence." Mrs. Harrison, of Keene, and Rev. Mr. McWilliams each sang a solo and Rev. Mr. Curtis, of Keene, gave an earnest address on "Workers' Reward."

WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G. W. Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. REMEMBER THE
Clearing Sale of the Season,
That takes place before Stock-taking at
THOMAS KELLY'S.
The season is now far advanced and as there is only a short time to clear out the stock before stock-taking, I have decided to make this the Greatest Clearing sale of the season by reducing the whole stock to such prices as will effect a speedy sale. We are determined not to carry any goods over another winter season. The goods are all new, of the finest quality and the prices that are asked, unprecedented.
DRESS GOODS! DRESS GOODS!
The whole of our large stock of Dry Goods will be cleared out at a slight advance on cost.

The Gates of Derry.

Friday, December 18th, being the anniversary of the closing of the gates of Derry, the local body of 'Prentice Boys celebrated the event by holding a grand ball and supper. Their hall in China Hall block was beautifully decorated for the occasion with flags and bunting. Between fifty and sixty couples tripped the light fantastic to the music of Mr. W. H. Boyle's orchestra, Mr. M. A. Jamieson being floor manager. At 12 o'clock the dancers adjourned for supper to the Cardwell House, where mine host Cardwell and his estimable wife served an excellent repast. The tables fairly groaned beneath the good things provided by Mr. Cardwell, who is known to be a first class boniface, and the sixty couple that sat down to the feast were loud in their praises of the host and hostess, who took such pains to prepare this elegant supper. The dining room was elegantly decorated with flags, bunting, evergreens, and mottoes suitable for the occasion, and the 'Prentice Boys have no reason to regret giving the supper into Mr. Cardwell's hands. The dancers then returned to the hall, where dancing was kept up to an early hour. Everything was conducted in an orderly and first class manner, which reflects the greatest credit on the following committee, who had it in charge:—Messrs. M. A. Jamieson, George Hellinger, E Fredenburg, Alex. Dugan and J. C. Stinson]

THAT new stock of dry goods at M. CARTON'S is going off with a rush. Auction sale every night. Catch some of the bargains to-night as they go.

Oh, What a Cough!

Will you heed the warning. The signal, perhaps, of the sure approach of that most terrible disease consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it We know from experience that Shiloh's Cure will cure your cough. It never fails. dw

A Lesson in Grammar.

Positive. slip; comparative, slipper; superlative, Gough Bros.' superb slippers, for ladies, misses and men. Splendid stock and splendid value at the low prices at which they are offered. The same particular remarks apply to the superb stock of ladies fine boots and shoes at Gough Bros., the wonderful cheap men.

Winter Meetings.

The first series of winter meetings of the East Peterborough Farmers Institute will be held in Norwood and Keene on the 6th and 7th of Jan. respectively. F. C. Greenside, Prof. of Veterinary Science, and T. B. Linfield, B.S.A. of the Ontario Agricultural College, Guelph, and W. D. Beadle, Esq., will address the meetings.

Mark the Place.

Mr. Mark Lockington has taken out a bowling alley license and has secured the Commercial House Alley, which he has fitted up in first class style. He will be pleased to have the boys call on him—especially during the winter nights, when they will be sure to enjoy themselves. It will no doubt be a favorite resort for the boys during the winter, and Mark will run it as it should be run—in first class style. d144-3

Market Notes.

There was a very large market this morning. The early trains from all points brought in a large number of farmers and the square was filled to its utmost capacity. There was a large amount of fowl offered for sale, geese selling for 80c. chickens 45 to 50c, and turkeys 60 to 70c. Potatoes sold from 50 to 60c a bag, and apples, by the barrel, $2; by the bag 60c. There was also a large amount of beef which sold from 5 to 6c a pound, while lamb and pork sold at the regular market prices. Vegetables were also for sale in large quantities.

Supposed to be Drowned.

Mr. Daniel Phelan, of Ennismore, aged about 24, left his home on the 5th of Dec. for Peterborough taking his skates with him. He reached Bridgenorth and left his skates at a house on the lake shore intending to skate home on his return from town. He has not been heard of since, and his parents are distracted with grief and fear he has been drowned. Neighbors and friends of the young man have instituted a search for him and have traced him as far as the lake. It is supposed Mr. Phelan started to cross the lake, that the ice was not sufficiently strong to bear him up, and that the unfortunate young man went through the ice and was drowned. In case this supposition is correct, of which, unfortunately, there is no reason to doubt, it is probable his body will not be recovered until the ice breaks up.

The Big Toboggan Slide Completed.

Snow is what is now required in order to open the slide on Monday night. The carpenters are putting the finishing touches upon the platform this afternoon and by to-night everything will be in readiness for the rush and hum of this delightful sport. If old Probs will only give us snow to-night or to-morrow, everything will tend toward a brilliant opening the following night, and the hum of the toboggan—and the enlivening strains of the Fire Brigade Band will be heard. The actual building of the great slide is complete and everyone who enjoys the "sliding sport" will have their fill on Monday night. The management have made every arrangement to make it an enjoyable and pleasant occasion and the only thing which they cannot furnish is weather which should by Christmas custom be propitious. All Peterborough, with their sisters and their cousins and their aunts will no doubt be present.

The Musical Event of the Season.

At the Y.M.C.A. hall, Tuesday evening, Dec. 22nd, Johnson Bane, the master of the guitar. Don't fail to hear the guitar as you never heard it before. The following have kindly consented to assist Mr. Bane, making one of the finest concerts of the season:—Miss Vair, soprano; Miss Louise Yokome, violinists, will play two of Bane's compositions with guitar accompaniment; Prof. J.C. Arlidge, flute solo; and Master Gussie Arlidge, the wonderful boy soprano; Mr. F. R. Clarke, pianist; Mr. Schneider, pianist. Admission only 25 cents. Read press comments on Mr. Bane.

A Kalamazoo, Michigan, journal says:—"Such musical critics as Karl Merz have pronounced Mr. Bane 'The Master of the Guitar,' and his playing amply justifies the opinion. It is indicative of the man that he has made choice for his specialty of an instrument that is dignified, sweet, and not associated with musical trash or frivolity, and is never 'loud' or aggressive. Mr. Bane has overcome all obstacles of its limited resources, and for him it will give out compositions that heretofore it has been considered nothing less than the piano would suffice for. Overtures to operas, Heller's Tarantelle, Polish Dances, Hungarian Rhapsodies, and sacred music are produced by him, rather than Fandangoes and love songs of most guitar players, though in the hundreds of compositions from which he makes up his programmes one obtains all styles of music that are good and genteel. Mr. Bane has the musician's soul that becomes *en rapport* with widely varying styles, as is shown in the daintiness of his playing of light opera music, that passion that throbs in Schubert's Serenade, the grace and vigor of his Polish Dances, and the fervor of his sacred compositions. Mr. Bane represents much more than a player who is content to let nature do it all for him; he is a thoroughly scientific musician, and grasps the mathematics as well as the rhetoric and elocution of music. His musical judgment and taste are never at fault. His technique surpasses that of any player in our country."

The Father Mathew Remedy is a certain and speedy cure for intemperance, and destroys all appetite for alcoholic liquors.

Personal.

Dr. Spilsbury, of Toronto, will be at the Oriental Hotel, Peterborough, on Saturday, Dec. 26th, from 9 to 11.30 a.m., for consultation in throat, nose and ear diseases.

Gospel Temperance Meeting.

Miss Camilla Sanderson will (D.V.) give an address at the Royal Templars' hall, Hunter street, to-morrow (Sunday) at four p.m. A cordial invitation is extended to all who can arrange to be present.

A Pleasing Sense

Turner's Tents.

J J. Turner's tents and other goods have a brisk and wide demand. Yesterday he received an order for a large "Northwest" tent complete, from Perth, which was shipped by next train. This order is one of the first fruits of Mr. Turner's business trip in Eastern Ontario. To-day the workmen of the firm are putting up elegant sets of shop blinds for Ivory's new block, Omemee.

Fine Peterborough Fruit.

The impression is entirely erroneous that the finest of apples, especially, cannot be grown in the Peterborough district, and the proof can be seen in the offices of the Rochester Star Nurseries, Water street. Here is a superb collection of apples grown by Mr. Christopher Howson, Otonabee, on the trees of a nineteen year orchard. There is no better sample of apples than these grown anywhere on this continent. The samples comprise twenty-ounce pipins of a circumference of fourteen inches, mammoth pipins of nearly an equal size, king apples, snow apples, golden russetts, northern spies, fallawaters. This fine fruit was grown on trees procured from Bowman's Rochester Star Nurseries of which Mr. Charles L. Trotter, Water street, is the Canadian manager and speaks emphatically of the excellency of the stock, and its adaptability to the climate of this latitude, of the Rochester Star Nurseries.

"Joseph's Bondage" Cantata.

The Second Night's Presentation a Conspicuous Success—A Smooth and Delightful Progress of the Performance.

There was not a very large house present to witness the second presentation of "Joseph's Bondage" in the Opera House last night, but those who were present were delighted. The cantata ran as smoothly as the first week of a honeymoon. The performers had greater confidence, the scenes followed each other with greater promptness, and in every way the benefit of the previous night's experince was apparent. The performers were the same in cast as the night before, with the exception of Zilpah, Jacob's wife, which was capitally taken by Miss Eva Tivey, and Bilhah, which was very creditably sustained by Mrs. C. Green. The character of Leva, Potiphar's wife, received very effective treatment from Mrs. D. M. Stapleton. Mr. Gray acquitted himself in a most praiseworthy manner as the junior Joseph, while Mr. Lount deserves special mention for the excellent manner in which he sustained the *role* of Benjamin. In fact all of the solo characters did well, many of them showing an improvement over the first night, the choruses showed an effective sharpness of attack, and, as before remarked, the whole cantata went smoothly and very enjoyably to the audience.

Personal.

Mrs. Dixon, of Peterborough, the *Post* says, is the guest of her father, Mr. J. P. Saunders, Cobourg.

Miss Davidson, the Colborne *Express* says, is home again from Peterborough, intending to remain for the winter.

The Rev. A. Campbell, of Stirling, the *Register* says, will likely succeed to the pastorate of the Baptist church, Norwood.

Mr. T. G. Kells, Millbrook, has just returned from a trip to Manitoba, and speaks in glowing terms of the state of things in the Prairie Province.

Mr. A. Brown, bandmaster of the Citizens' Band, Cobourg, has composed a song and dance entitled "Golden Bells," which is becoming quite popular.

Principal Blanchard of the Business College has obtained Isaac Pitman's certificate of proficiency. He has also been elected a member of the Phonetic Society, England.

Miss Violet Robertson, daughter of W. Robertson, Port Hope, was married Tuesday to Rev. Jas. N. McLean, B.A., Rosebank, Ont. Rev. D. Canfield Jones tied the knot.

The Blackstock correspondent of the Bowmanville *News* says that Mr. Houston, of Peterborough, gave a very encouraging address at an S.O.E. supper in that place recently.

Mr. George Stewart, who has been for about twelve years the honoured representative of Otonabee in the County Council, intends to retire from the field at the end of his present term. Mr. Stewart has made a judicious and vigilant representative, and the interests of the township will be well protected if as capable and careful a successor is elected.

News Nuggets.

—There was a blank at the police court this morning.

—The owner of post-office key 2009 can procure it by calling at this office.

—Cobourg can boast of two hockey clubs, this winter, and it is altogether likely that they will take the place of the curling club.

—Mr. A. L. Anderson, of the *Globe*, has been in Lindsay during the past week making arrangements to have that town illustrated in the Saturday edition of that paper. The illustrations are expected to appear the first Saturday in January.

—North Verulam can boast of a first-class debating society, and the *Independent's* correspondent remarks that the next debate will be on Thursday, Dec. 24th, on the subject, "Which is the most productive of happiness, married or single life?" He says: "The bachelors are rehearsing perorations for their speeches, and if anyone on nearing a barn hears some one inside piling up the agony about walking the floor all night in an abbreviated shirt, nursing a colicky infant with an elongated howl, he will know that it is only a member of the literary club getting up his speech."

Address and Presentation.

At the popular boarding house of Miss Maggie Richardson, corner of Hunter and Sheridan streets there was a pleasant time spent last evening in the way of a presentation of a parlour lamp, the boarders having made up their minds to give her a small token of appreciation of the efficient way in which she conducts her home and the good will and the Christian-like spirit that she always shows towards all in her home; the following address with the lamp was presented to her:—

To MISS MAGGIE RICHARDSON, Hunter St.

DEAR FRIEND,—As a signal expression of our feeling of gratitude for you, allow us, your boarders, to present you with this small present as a token of our esteem coupled with the wish that this festive season suggests, that you may enjoy a merry Christmas and a happy New Year.

Dyspepsia

Intense Suffering for 8 years—Restored to Perfect Health.

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

Not in this District.

An article appears in the telegraphic columns of all our exchanges under the heading "Killed with a Whiffletree" It is dated Peterborough, and the affair is said to have occurred at Ridge Centre, the victim being John C. Wheeler, an hotel keeper. It is evidently a mistake, as there is no place bearing the above name in Peterborough county or in the district. Mr. C. N. Smith, of the *Globe*, arrived in town on Friday in order to get particulars for that live paper, but left last evening with an empty note book. Another evidence of the enterprise of the *Globe*,

Please Return It

There is trouble in Brother Smiff's lair as the following will show:—Lost, or strayed, from the premises of this office, a hammer of the claw variety. It is a bit old fashioned in pattern, and the handle is part of the off front leg of a common wooden chair. The head is nicely whale backed from use. It is not much to look at but it will decorate a thumb nail with the best of them. One half of the claw is broken off, it was broken in trying to draw a dollar out of an intelligent and liberal citizen who reads his neighbour's paper, and who does not see much use in advertising. If the borrower returns it no questions will be asked, provided he winks in the direction of the swing bridge. The wink is not intended for publication, but as a guarantee of continued good faith

The Street Railway Franchise.

To the Editor of the Examiner:

Dear Sir,—Next Wednesday, Dec. 23rd, a popular vote is to be taken to decide whether the town council shall grant to the Edison syndicate or to the Peterborough syndicate, the *sole and exclusive* right to operate an electric street railway upon the streets of the town.

This is, in my estimation, a very important question, which, in its ultimate results, might operate very detrimentally to the best interests of the town and which cannot be discussed too publicly or too thoroughly.

In the first place I am opposed to granting the Street Railway Franchise to the Peterborough syndicate, because, divested of all drapery, the Peterborough syndicate is no more and no less than a combination of the Dickson estate and the Peterborough Light and Power Co.

So far as the Dickson estate is concerned it is now almost a sole monopolist of the water power of the town and with the control of a little more money and a little more patronage, would soon be the sole autocrat and dictator of the water privileges upon which this town is certainly and largely dependent, and I ask the public the question, has the Dickson Water Power ever been run in the best interests of this town or has it not, rather, been run in direct opposition and antagonism to the public welfare? As to the Peterborough Light and Power Co., they now have, in conjunction with the Dickson estate, an absolute monopoly of the electric light, gas, etc., and is that company run so creditably that the ratepayers wish, of their own accord, to hand over to them further, and exclusive rights and privileges, and do we wish that a combination of seven or eight men shall grow as powerful as in a short time to throttle anything in the shape of active competition? It is rumoured credibly that, if the Peterborough Syndicate can get the franchise from the town, there are electric companies who will put in an electric street railway plant for next to nothing, with the sole object that they will be able to boast that in Peterborough itself, the home of the Edison General Electric Company, the town would have nothing to do with the latter system. I ask, is it in the interests of the town that the Edison Electric Co. should be absolutely debarred from erecting this railway, If the franchise is given to the Peterborough syndicate, the Edison Company would be precluded from operating on our streets even an exhibition railway.

As a ratepayer, feeling that if the railway franchise is granted to the Edison Company, that it will be operated with credit to the town and to the company, and with suspicions that if the franchise is given to the Peterborough Company it will be a means either of aggrandizing a few men at the public expense or seriously injuring a company whose good will to the town and whose benefit to the town is self-apparent, I would request every voter on next Wednesday to cast his ballot for the Edison Company, for with them you have everything to gain, and nothing to lose, but with the Peterborough Company you have everything to lose and nothing to gain.

Yours truly,
Ward Number Two.

Taking a Decided Stand.

To the Editor of the Examiner:

Dear Sir,—A number of voters of both sexes have declared their intention of withholding their votes at the coming municipal election unless thorough-going temperance men are brought out as candidates. Would it not be well for every man and woman who has this cause at heart to consider this question of responsibility? The W.C.T.U. earnestly request the temperance voters of this town, and especially the ladies, to take this stand for the right and adhere to it. If they do this they will see a marked change in the morality of the town in a very few years. Remember water will not rise above its source, nor a representative above his constituency.

"Father in heaven, thy kingdom come"—
This is the prayer that Christians pray.
Yet vote, "Return the demon rum
Over our city to have sway."

Who guilty is? Thou, voter, thou;
Thy ballot sinks these drunken souls.
Oh, bear not blood upon thy brow!
Retire, not guilty, from the polls.

TRUMAN YOUNG.

A Well-Known Merchant of Tara, Ontario.

He Secures What he Longed for after Years of Suffering—An Interesting and Extraordinary Narrative — Bruce County Awakened and Astonished.

We regret to say that there are some newspaper readers in Canada who are continually looking for articles of a sensational character—narratives that are flavored with the spice of the miraculous and supernatural. To supply this craving some newspapers with great regularity, supply food almost as abhorrent and ridiculous as the common and trashy dime novel, which, amongst many, beget feelings and aspirations dangerous to the individual and the community.

The following narrative is entirely free from anything approaching the miraculous, no matter how strongly it may savor of it. The whole story, glistening with wonder, amazement and astonishment, is in reality a statement of facts and solid truths, made by a prominent merchant of the town of Tara, Ont.

Mr. Truman Young is well known to the people of Bruce county; his object, at this time, is not the wish of securing increased notoriety and popularity; of these he already possesses ample. Mr. Young has, through Providence, been successful, after years of eager longing, search and suffering, in finding what thousands of less fortunate mortals are now looking for, viz., relief from intense sufferings, a new life and a promise of long years. He is now anxious to communicate to his suffering brethren of Canada the fact that he has found the means—the agent which cured him, and which can do the same good work for others.

"What! Has he found the Water of Life?" "Is he now in possession of the Philosopher's Stone?" Some skeptic will perhaps ask these questions. We leave such questioners, with their hardened hearts, and narrow, contracted minds, to judge for themselves. To the honest-minded sufferers in Canada we say Mr. Young found an agency—a God-given blessing—in what is know as Paine's Celery Compound, which renewed his entire system and gave him that priceless treasure, health. It removed the heavy chains of suffering and disease which for long years had held him captive. He, like many others, had consulted the best physicians, and had tried every advertised remedy, but no cure rewarded his perseverance until nature's great remedy—Paine's Celery Compound—was used. The cure is certainly a marvellous one, and gives proof of what this grand remedy can accomplish.

In the face of Mr. Young's extraordinary statements, it is useless for us to enlarge on the case; we leave the afflicted to draw their own conclusions from the following statements:—

"After having used Paine's Celery Compound, and feeling grateful for the grand benefit derived from it, I have concluded that, in justice to you, and in the interests of poor suffering humanity, I should let you and others know what a great blessing Paine's Celery Compound has been to me. After suffering for years with dyspepsia, sleeplessness, nervous prostration, loss of appetite, and a weak and tired feeling, and after consulting the best physicians in my locality, and having tried a great many so-called cures advertised in the newspapers, and receiving no benefit from any of them, I was persuaded to try a bottle of Paine's Celery Compound. I noticed an improvement before the first bottle was finished; and after I had taken the third bottle, I considered myself a well man; all this was done by Celery Compound. I can now go about my work with the old-time life and vigor; my sleep is sweet and sound, my appetite good, and my sincere wish is that you may be long spared to go on doing good to my poor suffering fellow creatures." I remain,

Yours truly,
TRUMAN YOUNG,

HE STOLE MILLIONS.

Record of Ed. Field's Financial Transactions.

NEW YORK, Dec. 17.—The World this morning, in an article in which it alludes to Edward M. Field as Napoleon of Finance II., and apparently fit to rank with Ward and Ives, says that during the past year he has been intrusted with over $2,000,000 in money, bonds and stocks and the owners thereof do not know what has become of their property.

These facts, The World says, have been gathered from interviews had with the partners of Field, with Wall-street brokers and with some of his victims. The amount is made up as follows:

Cash and securities from Wiechers and his relatives, $1,287,000.

From Woeraishoeffer & Co., cash from corn sales, $100,000.

From Peter Cassidy for 1500 shares of North American (which were never delivered), $30,000 cash.

From two widows, in securities which they gave to him as their agent so he could collect their dividends, $14,000.

From a tailor for investment, $18,000, and finally $500,000 which he raised from re-hypothecation of Union Pacific bonds, making a total of $1,940,000.

The World also says that the day following the failure the Field family sent for Dr. Allen McLain Hamilton, the expert on insanity, to examine young Field. He had acted strangely about the house and they had become alarmed.

Dr. Choate, who conducts a private asylum, was at the house when Dr. Hamilton called, and together they made the examination.

It was most thorough, according to all accounts. They were asked later to fill out a certificate, previous to his commitment. The two experts declined and left the house.

A day later two other physicians were called and made an examination. They filled the certificate on which Judge McAdam committed Field to the madhouse.

He was arraigned yesterday on one charge and bailed in the sum of $25,000, but was immediately rearrested and placed in Ludlum-street jail.

What John Charlton Said.

BUFFALO, Dec. 18.—In a speech last night John Charlton, M.P., referring to the last dissolution of the Canadian Parliament, said that he was unable to say whether Lord Stanley, the Governor-General, had "been the dupe or the accomplice of the scoundrels" in consenting to dissolution. Mr. Charlton said that in Canada at present there was no strictly political organization to promote annexation, but there was a political sentiment, of just what strength it would be difficult to say. He understood that many held views favorable to annexation but were afraid to express them. At a recent meeting in Oxford, he said, but 25 persons were openly in favor of the movement, but he understood that if the vote had been by secret ballot the resolution favoring annexation would have carried.

"German Syrup"

A Cough and Croup Medicine.

For children a medicine should be absolutely reliable. A mother must be able to pin her faith to it as to her Bible. It must contain nothing violent, uncertain, or dangerous. It must be standard in material and manufacture. It must be plain and simple to administer; easy and pleasant to take. The child must like it. It must be prompt in action, giving immediate relief, as childrens' troubles come quick, grow fast, and end fatally or otherwise in a very short time. It must not only relieve quick but bring them around quick, as children chafe and fret and spoil their constitutions under long confinement. It must do its work in moderate doses. A large quantity of medicine in a child is not desirable. It must not interfere with the child's spirits, appetite or general health. These things suit old as well as young folks, and make Boschee's German Syrup the favorite family medicine.

PREVALENCE OF GRIP.

The Provincial Board of Health Issues Some Excellent Advice.

TORONTO, Dec. 18.—In view of the reappearance of la grippe in epidemic form Dr. Bryce, secretary of the Provincial Board of Health, has issued a circular to the public explaining the cause, origin, pathology, general symptoms and measures for the limitation of the disease. The three forms of the disease are:

(a) Nervous—characterized by great depression and severe pains in head, spine and muscles;

(b) Catarrhal—worked by congestion of mucuous membrane of nose, throat and chest;

(c) Gastric—especially seen in children and worked by vomiting, diarrhœa, etc.

The report points out that the disease is wholly or mainly propagated from person to person or by *human agency* and may be conveyed by clothing, etc., and one attack is not preventive against another as in smallpox.

As regards preventive measures the report suggests that *for certain classes of* persons, e.g., those in whom from their age or infirmity an attack would be especially dangerous, as well as for the first cases in a locality or household (where these are known and their isolation is practicable), the isolation of the sick is the most efficacious means of preventing the spread of the disease.

The ventilation and cleanly keeping of the buildings in which many persons are collected together should also receive special attention when influenza threatens.

Since the development of an attack of influenza in persons exposed to infection seems to depend very largely upon the reciprocity of the subject, it is important that at the time of the epidemic all persons should, as far as they are able, pay attention to such measures of individual hygiene as may best maintain their general state of health, avoiding exposure to cold and fatique, unwholesome food and excessive use of alcoholic liquors. Medical opinion, divided in other points relating to influenza, seems unanimous to the deleterious affect of exertion or fatique upon those suffering from influenza, or exposed to the influence of the epidemic. It has proved the worst policy to "fight against" the disease. Unfortunately, however, during the strain in places of business caused by the disablement of so many of the staff, and in the case of medical men, nurses and others, advice as to avoiding undue fatigue is more easily given than followed.

On the assumption that the disease is communicable by the breath inhaled, carrying the dried particles of mucus from the nostrils, and of the saliva from the lips, a very natural preventive measure may, I believe, with some reasonable expectation of success, be tried by the infected person keeping the mucous covering of the lips and nostrils constantly annointed with carbolized glycerine diluted one-half with rose-water; since the glycerine will greatly serve to prevent the dying of the particles, which is necessary before they can be carried into the air.

The greatest care in the use of separate handkerchiefs and towels by those affected and the keeping themselves, as far as possible, from close contact with other persons, are precautions which will naturally occurr to everyone.

BETRAYED AND POISONED.

A New Jersey Girl Dies at the Hands of Her Lover.

RED BANK, N.Y., Dec. 18.—Ella Potrula, a Hungarian girl, was reported dying late last night and her sickness was of such a sudden and mysterious nature that the public prosecutor was called in to take her ante-mortem statement. The girl is employed as a domestic by the family of Richard Crawford at Nut Swamp. She told the prosecutor that she had been betrayed by her lover, Thomas Timothy, a farm hand, and that on Sunday last he took her to the woods and compelled her to take a dark liquid. She said she believed that it was poison. Yesterday the girl gave birth to a child, but it only lived a few hours. Timothy cannot be found. An investigation shows that her lover gave her Paris green.

Thomas Timothy, jr., the farm hand who, the girl alleges, gave her the poison, was arrested to-day. He denied all knowledge of the occurrence. Timothy was taken to the county jail and will be given a hearing on Dec. 30.

"The Converted Jewess."

Mrs. Baeyertz, the converted Jewess, who is to begin a mission under the auspices of the Y.M.C.A., on Sunday, December 27th and continue till Jan. 10th, is at present labouring in London, where, as the following from the London *Advertiser* will show, she is doing a great work:—"An hour before the time announced for Mrs. Baeyertz's meeting yesterday afternoon in the Queen's Avenue Methodist Church crowds were pouring into the doors and the large building was soon crowded to its utmost capacity, and hundred were then turned away. Determined to gain admission in the evening some presented themselves at the doors at 5.30, and for half an hour before the service began thousands were turned away, very many standing around the outer walls in their anxiety to near the talented lady expound the Word of God in her simple but forcible and convincing manner. At both services feeling addresses were delivered. In all her addresses Mrs. Baeyertz is deeply concerned that all should understand that while good works are desirable, it is absolutely imperative that there should be a complete sacrifice of self before salvation is assured to anyone. She exemplified the lives of Cain and Abel, and pointed out wherein lay the difference between the offering presented by them to the Most High. Cain looked for favor because *of his good works*, and when his offerings were not accepted he became angry and killed his brother, whose simpler offering, a lamb slain on an altar, accompanied with prayer, self abasement and supplication, had been accepted. God had told Cain what his offering should be, but pride prevented Cain from humbling himself at the altar. There comes in the life of every man and woman a time when God's offers of mercy must either be accepted or rejected. Mrs. Baeyertz pleaded eloquently for a decision at once in favor of a life of purity, and proved that those who now rejected Christ were worse than murderers, being guilty of the unpardonable sin of resisting the appeals of the Holy Ghost until the spirit no longer strives within. At the conclusion of the evening meeting a large number of enquirers met in a class room for conversation with Mrs. Baeyertz.

Treble and Bass.

"Twinkle, twinkle, little star,
How I wonder what you are."
In treble sweet piped little Grace,
"Catarrh, catarrh, catarrh, catarrh,
What a horrid pest you are;"
Growled dear papa in lowest bass.

When papa reads this he will learn how to get rid of the pest. By its mild, healing, antiseptic, and cleansing properties, Dr. Sage's Catarrh Remedy cures the worst cases. This infallible remedy does not, like the poisonous, irritating snuffs, 'creams,' and strong caustic solutions with which the public have been so long humbugged, simply palliate for a short time, or drive the disease to the lungs. It produces a perfect and permanent cure of the worst cases of chronic catarrh. "Cold in the head" cured with a few applications. Catarrhal headache relieved and cured as if by magic It removes offensive breath, loss or impairment of the sense of taste, smell or hearing, watering or weakness of the eyes, and impaired memory, when resulting from catarrh. Only 50 cents, by druggists. c

SHOCKING SERIES OF TRAGEDIES IN EUROPE.

The Escaped Mahdi Captives—The Franco-Bulgarian Dispute—Austria's Emperor Down With Grip—A Burglar Who Lived a Dual Life Convicted.

CAIRO, Dec. 19.—More news of the Austrian missionaries, whose arrival at Korosko, near Wady Halfa, after escaping from the hands of the Mahdists at Omdurman, was reported from here on the 14th inst., has been received.

In an interview at Korosko after Ohrawalder, one of the members of the Austrian Soudan Mission who fell into the hands of the Mahdists in 1883, when Kordofan was captured, states that 40 Europeans are still held in captivity at Omdurman. These captives, he says, are kept loaded with manacles and often cruelly beaten and are so strictly guarded that they have lost all hope of ever being able to effect an escape.

The priest declares the people are tired of strife and desire to have the Egyptian Government of the country restored. He also states that the province of Darfur, which was formerly overrun by the Dervishes, has been deserted by them and is infested with wild beasts.

France and Bulgaria.

ST. PETERSBURG, Dec. 19.—The Novoe Vremya prints a semi-official article concerning the dispute between France and Bulgaria growing out of the Chadouine incident. The article approves of the action of France in withdrawing her representatives from Bulgaria, and declares that if France had yielded any but her demands that the decree of expulsion against M. Chadouine should be rescinded she would have established a dangerous precedent.

The Novosti says that the Chadouine incident may render in incumbent on France and Russia to intervene to prevent Bulgaria from being made a centre of agitation by the dreibund and a base for Austria's advance upon the Balkans.

In addition The Novosti says that whatever the outcome of the present difficulty may be the incident shows that Russia is right in regarding the coming regime in Bulgaria supported by the dreibund as a permanent danger to Europe.

The Austrian Government, probably acting in concert with Lord Salisbury and Chancellor Von Caprivi, supports the Bulgarian bureau. Austria's agent at Sofia has instructed Premier Stambuloff to address a note to Governments of Turkey, Germany, Austria and England, vindicating the expulsion of Chadouine.

France Shows Her Hand.

LONDON, Dec. 19.—The rupture of diplomatic relations between France and Bulgaria on the pretext of the expulsion of the French journalist, Chadouine, now proves to be the initial step of a French diplomatic scheme to ask the Sultan to use his suzerain right to interfere in Bulgaria in Russian interests. Advices were received at the Foreign Office to-night that M. Cambon, the French Ambassador at Constantinople, has demanded and will obtain a formal conference on the subject with the Sultan to-morrow.

The development is no surprise to Lord Salisbury and his diplomatic allies in Vienna and Berlin. M. Cambon, in an interview with the Foreign Minister of the Porte on Wednesday last, was understood to intimate that as France had never recognized Prince Ferdinand, the Government of France must look for redress to the suzerain before taking directly active measures. As M. Ribot must know or expect that the Porte will decline to interfere in a question concerning the international administration of Bulgaria, anxiety pivots on what the French Government will next do.

The Paris correspondent of The London Chronicle says it is stated that M. Ribot, Minister of Foreign Affairs, has declined to grant an interview to a confidential agent of Prince Ferdinand of Bulgaria, who sent the messenger to France to explain the Chadouine affair.

Claimed to Be a U.S. Colonel.

LONDON, Dec. 19.—Lochiel Lorimer Graham, who stated upon his trial that he was formerly a colonel in the United States army and who claims to be still a pensioner of the Mexican war, was to-day sentenced to three years' penal servitude for passing a worthless check for £2.

It is reported Graham has committed extensive frauds in various European capitals. He was at one time attached to the American consulate in this city.

IMPORTANT TRANSACTION.

The Belgian Bank Now Controls the Valuable Atkokan Range.

PORT ARTHUR, Dec. 19.—The Belgian Bank, known as the Society General, controls the Atkokan iron range. The last contract was signed Tuesday and Consul-General von Bruessa and Messrs. Wiley and Russell left together Tuesday for the East. The contract between the mine owners and the Belgian Bank provides that the bank shall have until November, 1892, to test the deposits.

The railway is to be built within next year, and when so built the owners deed to the bank an interest in the mines and the bank agrees to mine and pay a royalty thereon. A minimum output of 300,000 tons per annum is guaranteed. The lands under contract cover 10 miles in length on the range, including deposits of ore equal to all the mines on the Marquette range. Blast furnaces and rolling mill are under the contract to be erected at Port Arthur.

MELINITE INVENTION

The Whole of the Formula Was Not Given to the Armstrong Company.

PARIS, Dec. 19.—In June last four men, Tripone, Fassler, Turpin and Fetiver, were each sentenced to imprisonment, fine and deprivation of civil rights for selling the secret of the manufacture of melinite to the Armstrong Gun Company. Tripone, who was an officer in the French territorial army, was also an agent for the Armstrong Company. Turpin was the inventor of melinite.

The Gaulois to-day says that experiments have been secretly made in England in the manufacture of this explosive, according to processes divulged by the convicted men, and they have been complete failures. The natural deduction is that when the Frenchmen gave the formula and processes for the manufacture of melinite to the England gun-making firm they did not give the detals with sufficient clearness to allow the foreign company or power to take advantage of the French invention. This fact may have an important bearing on the appeal the convicted men have taken from their sentences.

PRAISED HIS MINISTER.

The German Emperor Speaks Kindly of His Chancellor.

BERLIN, Dec. 19.—Emperor William while at a banquet this evening at Feltow near Potsdam received a despatch containing the information that the Reichstag had just passed new commercial treaties. The Emperor thereupon rose from his seat at the table and informed the company of the news that had been brought to him.

"This satisfactory result is due to the devoted labor of Chancellor Von Caprivi, a simple, honest, Prussian general," he said, "In two years he has succeeded in becoming conversant with and mastering problems of extreme difficulty, with rare political insight he has at the right moment saved the Fatherland from evil consequences. It is only natural that single individuals should make sacrifices in order that the whole people might reap the advantage of their achivements."

"I am convinced," continued the Emperor, "that not only the fatherland, but the millions of subjects of the other countries united with us in the Customs League, will sooner or later bless this day. I ask you to drink to the health of General von Caprivi. Er Lebe Hock.

MET HIS DESERTS.

A Notorious Burglar Sentenced to 12 Years' Penal Servitude.

LONDON, Dec. 19.—Yesterday Fred George Barton, having several aliases, was sentenced to 12 years' penal servitude for burglary.

Barton is an ex-convict. After his last term of imprisonment he went to America, married a respectable lady and under the name of Lieutenant Barton returned to England and lived in style at Burgess Hill, Sussex. There he robbed the house of a next door neighbor.

A Successor to Baron Fava.

ROME, Dec. 19.—Italy is arranging to send a minister to Washington in place of Baron Fava, who was called from America in consequence of the New Orleans lynching. The name of the proposed minister has not been announced. The Government has concluded to take this course without waiting for an assurance from the American President that the constitution will be changed so as to afford more protection to foreigners, Rudini having learned semi-officially that it was beyond the power of the President to give such an assurance.

An Infernal Machine in the Mails.

DUBLIN, Dec. 19.—The new newspaper, The Irish Independent, appeared yesterday. The paper asserts that a large package, bearing no address, was recently posted in the Dublin postoffice. The sorter of the mails noticed the absence of an address and while examining the package found a fuse protruding from it. The postal authorities were immediately notified and the package taken to a Dublin chemist, where it was found to contain a quantity of dynamite.

A Mansion for the Clarences.

LONDON, Dec. 19.—The city guilds have started a movement to subscribe a fund for the purpose of building a suitable mansion for the Duke of Clarence and his bride, and there is little doubt but that this movement will result in an enormous subscription. The idea was only broached to-day, but it was eagerly received and subscription books were at once opened.

The Emperor and Empress of Germany, the King of Greece and a host of German and Danish princelings will come to the wedding of the Duke and Princess.

The bride's dress will be purely of English manufacture.

King and Queen Sick.

COPENHAGEN, Dec. 19.—The King and Queen of Denmark are suffering from influenza.

VIENNA, Dec. 19.—Considerable anxiety is expressed concerning the health of Emperor Francis Joseph. The Emperor has been confined to his bed for over two days, and his physicians are in almost constant attendance on him. Archduke Sigismund died of the grip, and his brother, Archduke Ernst, is now dying.

Burned to Death.

OTTAWA, Dec. 19.—During the absence of its mother from the room the infant child of R. Laschance, stone mason, pulled a lighted lamp over on the floor. The lamp exploded, setting fire to the babe's clothing and it was fatally burned.

English Socialists Sentenced.

LONDON, Dec. 19.—Eighteen Socialists were recently arrested at Chelsea on the charge of creating a disturbance in the streets while spreading their doctrines. They were convicted and to-day they were each sentenced to pay fines varying from £20 to £3. Several, in addition to being fined, were also sentenced to one month's imprisonment.

The Cashiered Officers.

LONDON, Dec. 19.—Captains Boileau and Butcher, cashiered army officers, who were concerned in the Manipur massacre, are returning to England to demand that the War office authorities reconsider their case. A number of military men both here and in India support their appeal.

Danced on the Eve of Waterloo.

LONDON, Dec. 19.—The Dowager Lady Deros is dead. She danced at the famous ball given in Brussels on the eve of the battle of Waterloo and was, the last survivor of that ball.

Bishop of Winchester Dead.

LONDON, Dec. 19.—The Right Rev. Edward Harold Browne, D.D., Bishop of Winchester, is dead. He was chairman of the committee employed on the revision of the Old Testament.

Eczema on a Lady.

Stubborn Case of Skin Disease Covered Her Face and Body—Many Doctors Baffled.

Marvellous and Complete Cure by Cuticura—six Years have Elapsed and No Return.

A lady customer of ours (Miss Fanny Atwood of Caroline Depot, N. Y.) has been cured of a stubborn case of skin disease by the use of CUTICUTA REMEDIES. She remarked that her case had baffled the skill of many well-known physicians. They unanimously pronounced it Eczema, with Rheumatism lurking in the blood. Some predicted that any treatment strong enough to cure the Eczema would surely increase the Rheumatism. She used two sets of the CUTICURA REMEDIES. The effect was marvellous. Her case of Eczema was not only completely cured, but her Rheumatism was greatly relieved during the treatment. Six years have elapsed since the cure was performed, her Rheumatism has since never increased by the treatment, but rather diminished, and she sees no symptoms of the return of the Eczema which once so completely took possession of her face and body. Miss Atwood delights in telling of the good effect that the CUTICURA threatment had upon her, and recommends unsolicited the CUTICURA REMEDIES for Eczma and all kindred ailments. Your preparations find ready sale; indeed, CUTICURA SOAP is on the list to buy almost continuously.

BOMBS FOR THE POLICE.

SENSATIONAL DISCOVERY IN A FRENCH SUBURB.

May-Day Rioters Adopt Terrible Means to Secure Revenge—Wholesale Plot to Murder Accidentally Discovered and Frustrated—Proposal to Abolish the Royal Buckhounds

PARIS, Dec. 21.—Clichy, a northern suburb of Paris, was thrown into a state of great excitement by the discovery of four bombs in the police station. The fuses attached to the bombs had been ignited, but the fire had by some means been extinguished before reaching the explosives with which the bombs were filled. It was at Clichy that serious Socialist disturbances occurred during the labor demonstration on May Day, and the fact of the finding of these bombs has caused great alarm in police and other circles, as it is believed it shows that the persons who came in contact with the police on May Day are determined to seek revenge and that some of them placed the bombs where they were found, in the hope of demolishing the station.

FRANCE'S CAUSE CELEBRE.

M. Lesdain on Trial for Attempting the Murder of His Wife and Her Lover.

PARIS, Dec. 21.—The trial opened at Angouleme of M. Lesdain for attempting to murder his wife and her lover in a railway carriage. The leading witness, Mme. de Rute, directress of The Revue Internationale, of which Mme. Lesdain was assistant editor, sent a medical certificate to the effect that she was in ill-health and was sojourning in Spain.

Madame Lesdain deposed that her husband was an agent of an insurance company and traveled in the country, visiting her only at long intervals. She resided and worked with Madame de Rute and was thrown constantly into the society of M. Delboeuf, a member of the staff of The Revue, who succeeded in gaining her affections. When Delboeuf was dismissed from his position on the staff she resolved to abandon her husband in order to share the fortunes of her lover. She wrote her husband her decision, saying that she wanted a divorce, as it was impossible to live happily with him.

While traveling towards Paris with Delboeuf her husband suddenly appeared at the door of the railway carriage at the Hendaye station. After kissing her and saying, "I know all, yet I love you," he drew a revolver and fired, wounding Delboeuf. She denied that her husband had found her in the arms of her lover.

A physician who was on the train at the time of the shooting stated that Mme. Lesdain said: "My husband has surprised me and my lover and has avenged himself. He has done well."

Dona de Rute, nee Bonaparte-Wyse, is the wife of Don Luis C. de Rute, a deputy in the Spanish Cortes and a political director of La Iberia. One of his residences is the Altamira Palace, Madrid, whether Dona de Rute has probably gone.

How the Persians Put an End to a Government Monopoly.

TEHERAN, Dec. 21.—The agitation against the tobacco monopoly in Persia which the priests of the country have been for some time carrying on, during which they have forbidden the people to smoke, has finally compelled the government to abolish the monopoly. The company which held the complete control of the trade will be indemnified by the government and will also be allowed a monopoly of the export trade.

The Mystery of the Lost Jewels.

LONDON, Dec. 21.—In the action for slander brought by Mrs. Osborne against Mrs. Hargreaves, now before Justice Denman and a special jury in the High Court of Justice, the case for the plaintiff was closed to-day. There were no new developments in the investigation being made into the mystery of the jewels lost by Mrs. Hargreaves while at Torquay.

Sir Edward Clarke, in his opening address for the defence, intimated that the plaintiff doubtlessly stole the jewels, and said that he would call evidence to prove the charge.

The Queen and Rabbit Coursing.

LONDON, Dec. 21.—Queen Victoria has written a letter in which she expresses sympathy with the agitation now being carried on for the abolition of the sport of rabbit coursing.

The Pall Mall Gazette urges the Queen to give evidence of the sincerity of her sympathy with the movement by the withdrawal of her support from the maintenance of the Royal Buckhounds.

BEHRING SEA ARBITRATION.

Arbitrators Nominated and Their Appointment Expected in a Day or Two.

WASHINGTON, Dec. 21.—The President and the Secretary of State have had several consultations recently in regard to the seal fisheries. An agreement having been reached with the British Government as to the basis of arbitration all that now remains *to complete the convention is an agreement* as to the arbitrators. This, too, has practically been done so far as the number and powers of the arbitrators are concerned, and it is confidently expected that their appointment and the terms of arbitration will be officially announced in a few days. The nominations have been made and await only the concurrence of the governments interested.

Eggs For Belgium.

MONTREAL, Dec. 19.—An enquiry from Belgium for Canadian eggs was made some days ago and the letter was sent to a Montreal dealer for reply as to further trading. On the gentleman who received the letter being asked if Belgian eggs were not sent to the English market in large quantities, he replied: "Yes, but there is a desirable quality in Canadian eggs which the Belgian eggs have not." This, he presumed, was the reason for the enquiry

He Wore No. 17 Shoes

FORT DODGE, Ia., Dec. 20.—John Allen, colored, died to-day, aged 80. His chief claim to fame was the fact that he had the biggest feet ever seen in this locality. He wore No. 17 shoes.

Grist Mill Burned.

JARVIS, Ont., Dec. 19.—Bowlby's grist mill near Rockford, Townsend township, was destroyed by fire last night. The owner, Thomas Toms, will lose $5000.

THE CRISIS IN QUEBEC.

MR. MERCIER STILL ADDRESSING MEETINGS.

The New Premier Has Not Yet Formed His New Cabinet—What the Conservative Program is Alleged to Be—General Political News.

QUEBEC, Dec. 21.—The work of forming a new *ministry* has not yet been completed and will not be until Monday. As might naturally be expected, it is a work of no little difficulty, but the best of feeling animates everyone concerned, and there is not one who will not willingly sacrifice himself for the sake of the party and for the purpose of beating Count Mercier.

Of course some will be disappointed, but it will be seen that the Conservative party is unanimous in its support of Mr. de Boucherville, and his difficult task is lightened thereby.

In striking contrast to this is the spirit displayed by the Liberals. They want to lay Count Mercier on the shelf and go to the country with Hon. Mr. Joly as their leader.

This would no doubt be a good stroke, but the only trouble *is that Count Mercier* is too ambitious and too obstinate to yield. He is determined that the party shall sink or swim with him. Rather than see the Liberal party succeed without him he would see them in the lowest depths. There is a good deal of disgust among the faithful about this, but the Dictator is resolute.

The Conservative Program.

The program of the Conservatives in Quebec seems to be:

1. To get the new De Boucherville Cabinet formed;
2. To call the Legislature together and explain what has been done;
3. Appoint a royal commission to investigate all Mercier's questionable financial transactions;
4. Then prorogue the Legislature;
5 And when the commission has completed its investigation and made its report on all Mercier's record to dissolve the Legislature and go to the country on the issue, not only of the Baie des Chaleurs Railway job but at least a score of other steals, averaging anything from $20,000 to $150,000 each.

Mr. Mercier's Meetings.

QUEBEC, Dec. 21.—An immense mass meeting took place at the Jacques Cartier Hall to-night, which was literally packed with some 5000 men, and as many remained *outside, not being able to gain admittance.*

Hons. Mercier, Shehyn, Garneau, C. A. Pelletier and Mr. Tarte delivered speeches. Order and enthusiasm prevailed throughout. Hon. Charles Langelier was also present.

The Prescott Appeal.

OTTAWA, Dec. 21.—The deposit required by the Controverted Elections Act to appeal from the decision of the trial judges in an election appeal was made to-day in the Prescott case in behalf of Mr. Proulx, the Liberal member. The ground of appeal to the Supreme Court is that the petitioners, there being two of them, neglected and refused, notwithstanding objections raised to prove the status of petitioners, that is to show that they were qualified electors, and as such had a right to petition.

SENATOR PLUMB DEAD.

The Well-Known Kansas Senator Dies Suddenly of Apoplexy in Washington—A Victim of Overwork.

WASHINGTON, Dec. 21.—"Oh, my God, my head! my head! my head!" said Senator Preston B. Plumb, who as a representative of the State of Kansas in the United States Senate continuously since 1876, has occupied a prominent place in the councils of the Republican party. It was 6.45 this morning when he uttered this exclamation. A little more than five hours later the broad-framed, powerful looking Kansas Senotor was stretched out dead in his modest apartments on 14th-street. Death came from apoplexy, the result of exhaustion of the brain. It was a clear case of overwork. He attended a dinner Saturday night. The Senator was known for years.

News of her husband's death had been telegraphed Mrs. Plumb, who is at Emporia, Kansas. Just after the undertaker had embalmed the body a telegram was received from one of the friends of the family at *Emporia*, directing that the remains be not embalmed, as last summer Senator Plumb was for two or three hours in a state of suspended animation and to all appearances was dead. Having that crisis in mind Mrs. Plumb did not wish the body to be embalmed until it was absolutely certain that her husband was dead. The message came too late, however.

Christmas Poultry Trade.

OTTAWA, Dec. 21.—The McKinley Bill does not seem to have had much effect on the Christmas trade in poultry for the United States, as the usual train load for Boston from Smith's Falls, Perth, Brockville, Almonte and Carleton Place passed over the Canada Atlantic road. The train consisted of 12 cars, containing over 100 tons of poultry, valued at about $26,000. Prices were higher than last year and the supply for the United States somewhat smaller than usual owing to the large quantity shipped to England for the Christmas market and also to the fact that for the first time buyers were present from the west and British Columbia, three carloads being taken for Vancouver and one for Winnipeg.

Fast Mails.

NEW YORK, Dec. 21.—A postal train left Jersey City at 9 a.m. to-day via the Pennsylvania Railroad. This train consisted of three postal cars. These cars are equipped with new and improved appliances for quick distribution and assortment of mail matter. By means of the improved facilities put into service on this train, all fourth-class postal including newspapers will reach Chicago at 9.40 to-morrow morning, reducing the time from this city 7 hours and 40 minutes.

Warden Morgan Dead.

OTTAWA, Dec. 21.—Mr. Ira Morgan, ex-warden of Carleton County, who was injured by falling under an electric street car, died at the hospital at 3.15 this morning. Mr. Morgan took a prominent part in agricultural matters.

A Baby That Is a Wee One.

PLAINFIELD, Dec. 21.—The smallest baby ever born in Plainfield came to Elias Southard's household, at No. 52 West Third-street, to-day. It is a little girl and weighs just one pound and a half. Dr. Jenkins says it is a bright and healthy child.

GOUGH BROTHERS

SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the reguirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Lakeview Cheese Factory.

In the report of the operations of Lakeview cheese factory published in last week's issue of the EXAMINER, there was a clerical error printed. The average price of the season's make of cheese appeared 9½, whereas it should have been 9 18-100 nearly 9 1-5, a difference of nearly eight cents on the dollar, no inconsiderable matter in transactions involving over four thousand dollars.

Preparations Made for the Next Public Meeting.

A meeting of the directors of the West Riding Farmers' Institute was held at Allen's Temperance House Saturday afternoon. There were present the whole board, except Mr. Collins. The date of the next meeting was fixed for the 11th of January, 1892, in Lakefield, and on the 12th in Peterborough, sessions to begin at 10 o'clock each day. At Lakefield there will be an evening session, at which there will be addresses by the members of the Agricultural College deputation, and a literary and musical entertainment. The subjects to b discussed are selected from the programme sent by the Ontario Agricultural College, and the speakers will be Professor Grenside, T. B. Lidfield, B.S.A., and D. W. Beadle, the noted authority on horticultural matters. It is also expected that papers will be read by local specialists on different subjects of interest to farmers, stock raisers and fruit growers. Printed programmes will be distributed within a few days, containing the list of subjects for discussion at each session.

Dummer.

(From Our Own Correspondent.)

Council Meeting.

Dummer council met in the clerk's office, Warsaw, on Tuesday, December 15th, 1891. Present—A. R. Kidd, reeve; Edward Hawthorne, deputy reeve; H. A. Moore and Geo. Payne, jr., councillors. Minutes of last meeting read and signed, after which the following business was transacted, viz.:—Moved, seconded and carried, that the following orders be drawn on treasurer and paid, viz:—To George Parker, pathmaster, for repairing crossing on 6th concession, lot 13, $3; to Joseph W. Grant, abatement of statute labour on pathmaster's certificate, $2; to George Grant, sr., work done on boundary between Dummer and Methuen, $5; to James Kidd, salary as caretaker of town and agricultural hall, Warsaw, $4; to John Wesson, jr., lumber for sidewalks in Warsaw, $9.71; to Joseph Cooper, abatement of interest on taxes of 1891, 82c.; to James Robb, special charity for John Lloyd, $10, also abatement of taxes, $10; to Robert McCracken, part salary as collector, 1891, $40; to Geo. Payne, jr., part repairs on town and agricultural hall $25. Bylaw No. 577 to appoint deputy returning officers for polling places for the municipal elections of the township of Dummer, 1892, underwent its several readings and passed, viz: Deputy returning officers and polling places: No. 1 Division, A. R. Wigmore, held in No. 2 school house; No. 2 Division, Donald E. Cameron, held in post office, Cot[illegible]; No. 3 Division, Thomas Campbell, held in Town Agricultural Hall, Warsaw; No. 4 Division, John Hunter, held in Orange hall, 4th line. Bylaw No. 578 to provide for the payment of money underwent its several readings and passed, viz:—A. R. Kidd, Reeve, sessional allowance, $14, commission, $8; Edward Hawthorne, Deputy Reeve, sessional allowance, $16, commission, $4; H. A. Moore, councillor, sessional allowance, $16, commission, $4; Geo, Payne, Jr., councillor, sessional allowance, $16, commission, $5; W. J. Doughty, councillor, sessional allowance, $10, commission $6; B. James, Jr. balance as clerk, $70, refund postage, $4 72; Jacob White, salary as treasurer, $65, refund postage, $1.

The council and treasurer having made out the financial statement of receipts and expenditures of the township of Dummer to date, required by the municipal amendment act of 1888, signed by reeve and treasurer for publication, the council adjourned to meet again on the 3rd Monday in January, 1892.

Cure for A Constipation and Headache.

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package. dw

It is estimated that there are five thousand different kinds of pills on the market. Should one be able to test the entire lot for a perfect specific in sick headache, foul stomach, habitual constipation and liver complaint then only one would be found—McGale's Butternut Pills. They cure where others only relieve. Price 25 cents. dw

IF YOU ARE TIRED TAKING the large, old-fashioned griping pills, try Carter's Little Liver Pills and take some comfort. A man can't stand everything. One pill a dose. Try them. dw

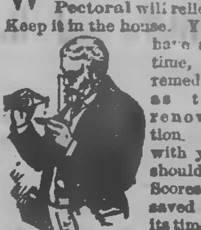
WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use



Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G. W. Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. C., Jonesboro, Tenn.

REMEMBER THE

Clearing Sale of the Season,

That takes place before Stock-taking at

THOMAS KELLY'S.

The season is now far advanced and as there is only a short time to clear out the stock before stock-taking, I have decided to make this the Greatest Clearing sale of the season by reducing the whole stock to such prices as will effect a speedy sale. We are determined not to carry any goods over another winter season. The goods are all new, of the finest quality and the prices that are asked, unprecedented.

DRESS GOODS! DRESS GOODS!

The whole of our large stock of Dry Goods will be cleared out at a slight advance on cost.

NOW IS THE TIME TO GET WHITE AND GREY COTTONS AT MILL PRICES.

A Large Stock of Table Linens, Table Napkins, Sheetings, Tickings Quilts, Cretonnes, Grass Linens, Check Linens, Towels and Towellings, Lace Curtains, Pillow Cottons, Toilet Covers, &c., very low in price.

5 Pieces Circular Pillow Cotton for 12½c per yard, and 46 in. wide.

The time is short to clear out the stock, so you can expect to get bargains. It is money we want, and we are determined to have it.

Honour to Whom Honour.

The presentation of medals, scholarships, and diplomas will take place at the new Collegiate Institute hall on Tuesday evening 22nd Dec. at 8 o'clock. Adults interested in the work of the Institute, particularly the parents of the pupils, are invited to attend.

Ashburnham Politics.

In conversation with a village councillor to-day it was learned that the present council would seek re-election at the coming municipal election, and that there would be a large number of new candidates in the field. There promises to be some excitement in our neighboring suburb between now and the election among the village politicians.

The Opening Postponed.

Owing to the unpropitious and unsportsmanlike weather, the proprietors of the new toboggan slide, corner Park and Charlotte streets, intimate that they have been compelled to allow the opening announced for to-night, to slide, instead. The weather is too open for the opening, which has been postponed pending suitable weather. The public will be kept well informed of the course of events.

The Sewerage Question.

The proposal to enter upon the work of procuring drainage for the town is taking practical shape. On Friday and Saturday Mr. Allan Macdougall, C.E., M.I.C.E., England, of Toronto, was in town, and, accompanied by Mr. Town Engineer Belcher, went over the ground pretty thoroughly, and with the personal inspection thus given, together with the profiles and levels taken by Mr. Belcher, he will be able to suggest a system of sewerage which will be of a practical character. He has been empowered by the Sewerage Committee to prepare and submit such a plan. It is understood that he favours a system that will involve three trunk sewers, which will follow the existing natural water-courses and will unite in a common trunk sewer at the lower part of the town. The question of sewerage is an important matter and it is to be hoped that the authorities will push the matter to the utmost. No reasonable expense should be thought to great too make the town healthy, and the town cannot be made healthy without an effective system of sewerage.

Many persons were unable, owing to the edition being exhausted, to procure a copy or copies of the EXAMINER edition of Peterborough Illustrated, which was issued recently. To meet this demand the public are informed that we have made arrangements to issue on Wednesday a similar edition of the DAILY EXAMINER, containing all the illustrations. As this edition will be limited, persons desiring copies should leave their orders at once at any of the different bookstores. By so doing they will be sure to have their orders filled.

A Dishonest Farmer.

On Saturday morning a gentleman of the West Ward purchased a barrel of apples from a farmer on the market. On arriving at his home he emptied the barrel and was surprised to find it half full of straw. He at once went back to the market and accused the farmer of having sold him the straw apples. The latter denied the accusation, but on looking in the book in which he entered his sales he was forced to admit that he was guilty. He immediately drove off the market and was seen no more, but it is said that he will have to answer in the court for his dishonesty.

The Street Railway Franchise.

TO THE ELECTORS OF THE TOWN OF PETERBOROUGH:

The Provisional Directors of the Peterborough and Ashburnham Street Railway Company, (limited), beg respectfully to submit for your consideration the following plain statement of facts:—

In the spring of *1890* before it was known that the Edison General Electric Company intended removing from Sherbrooke it was suggested by some of the men who have always been foremost in public enterprises, that the time had arrived for the construction of an Electric Railway in the town and this suggestion having been received with favor formal notice of application for a charter was inserted in the *Gazette*, the applicants being Messrs. James Stevenson, Richard Hall, Thomas Evans Bradburn, T. G. Hazlitt, Arthur Stevenson, William Walsh, A. P. Pousette and C. B. Clementi, it being understood that Mr. Thomas Bradburn and others would also take stock in the Street Railway Company.

Upon filing their petition with the Provincial Secretary the applicants were informed that they would require the consent of the councils of the municipalities through which they intended to run. They consequently applied first to the Town Council for such consent, which was granted, and they then obtained similar consent from the councils of Ashburnham, Smith, Otonabee, Douro and Monaghan, it being designed to eventually construct a "belt line" surrounding the "City" of Peterborough.

Much time was consumed in obtaining these various consents, in consequence of the township councils meeting so infrequently, and it was not until July 3rd, 1891, that the charter was actually issued.

It being then too late in the year to commence construction, the permission of the council to use the streets was not immediately applied for, but the gentlemen composing what is known as "The Edison Syndicate," having thought fit to attempt by private negotiations with members of the council to supplant the Peterborough Company, the latter made their application to the council, offering to submit to such reasonable conditions as might be imposed.

The result was that the whole matter was referred to a committee of the council under the chairmanship of Mr. Moore, who, with his colleagues, made a thorough investigation of the subject, and prepared a very able report.

Some of the conditions of granting the franchise proposed by this report were considered more stringent than should be imposed upon the undertaking during its experimental stage, but they were practically accepted by the Peterborough company, except the eighteenth, which, in effect, provides that the whole electric plant should be purchased from the Edison General Electric Company, who would thus be enabled to dictate their own price.

Such a condition as this was, and is, contended to be contrary to every business principle, and no argument is necessary to show its unreasonable character. The council eventually determined to strike it out, and its elimination is the cause of the electors' vote being asked upon the question whether the franchise shall be given to "The Edison syndicate" or the Peterborough company.

Had the Peterborough company been willing to accept the eighteenth condition, the Edison syndicate would have retired from the contest, their only object evidently being to force the Peterborough company to put in an Edison plant. In this effort they have been unfairly supported by some members of the council.

The Peterborough Company have asserted over and over again that they have never had any desire to use any other system than the Edison and they here reiterate that assertion but they confidently submit that to agree to a condition for the purchase of any given plant would be a humiliation which no man or men should be called upon to undergo. Moreover the Peterborough Company hereby pledge themselves that in the event of the vote being in their favour they will make every effort to reach a fair agreement with the Edison Company before going elsewhere.

The Peterborough Company has among its members the very largest tax-payers in the town and are thus contributing most largely towards the bonus which has secured the erection of the Edison works here. They thus have as great an interest in the successful operation of these works as any of the citizens, and far greater than most members of the council, and they confidently refer to their standing of many years in the community as alone sufficient reason for their fellow-citizens extending them the support to which they believe themselves justly entitled.

When the Peterborough Company applied for the council's consent it was stated that the promoters of the company had no desire to monopolize the undertaking and that the stock subscription would be thrown open to the public generally. That *promise is now repeated.*

It has been urged that the Edison Syndicate would construct a more complete road than the Peterborough Company: this the Peterborough Company emphatically deny and the Directors' record is sufficient proof that what they undertake will be first class.

Finally the Provisional Directors of the Peterborough Company beg to say that it is not their intention to canvass or organize for the contest, preferring to leave the choice to the untrammelled judgment of their fellow citizens in whose verdict they have the utmost confidence and to whose support they believe they need not look in vain.

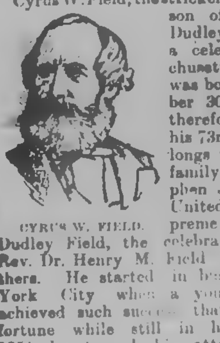
THE FIELD TRAGEDY.

DANGEROUS ILLNESS OF THE ATLANTIC CABLE'S PROJECTOR.

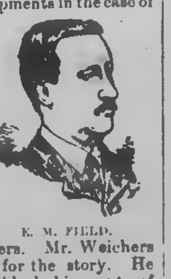
A Victim of Appalling Misfortunes—Wife Dead, Son Disgraced and a Mental Wreck, His Daughter an Invalid, and His Own Fortune Swept Away.

His wife just laid in the grave; his son disgraced, ruined financially, and a mental wreck; his daughter an invalid with but a few months at most to live; his daughter-in-law prostrated with grief and anxiety; his own fortune hopelessly involved in the ruin of his son's business by that son's treachery—this is the appalling load of misfortune under which, in the autumn of his life, Cyrus W. Field lies crushed both in body and mind. Any man so sorely afflicted would receive the sympathy of his fellows; much more so will one to whose indomitable energy and perseverance the world owes one of the greatest and most useful of modern inventions—the ocean telegraph cable.



CYRUS W. FIELD.

Cyrus W. Field, the stricken financier, is the son of Rev. David Dudley Field, D.D., a celebrated Massachusetts divine, and was born on November 30, 1819, having therefore just entered his 73rd year. He belongs to a remarkable family, Justice Stephen J. Field, of the United States Supreme Court, David Dudley Field, the celebrated jurist, and Rev. Dr. Henry M. Field being his brothers. He started in business in New York City when a young man and achieved such success that he amassed a fortune while still in his prime. In 1854 he turned his attention to the subject of ocean telegraphs, and obtained from the Newfoundland Legislature a charter granting the exclusive right for 50 years to establish a telegraph from the continent of America to that island, and thence to Europe. He devoted his entire time to the fulfilment of the task, the successful completion of which in 1866 was chiefly owing to his indomitable energy and perseverance. He accompanied several of the expeditions to lay the cable under the Atlantic, and crossed the ocean more than 50 times. He was awarded a gold medal by Congress, and another by the Paris Exposition. Some years ago Mr. Field was fleeced to the extent of several million dollars by a squeeze in Elevated Railway stock manipulated by Jay Gould.



E. M. FIELD.

From the latest developments in the case of Edward M. Field, of the wrecked firm of Field, Lindley, Weichers & Co., New York, it appears that Field not only has emptied his father's strong box of all its securities and left Cyrus W. Field penniless, but it has been learned that he deliberately robbed his partner, John F. Weichers. Mr. Weichers himself is the authority for the story. He says Field not only robbed him out of $250,000 capital he invested with the firm, but that he also took $50,000 in Government bonds left in the firm's safe when Weichers went to Cuba a number of months since to negotiate the purchase of sugar plantations.

Later intelligence is that E. M. Field is no longer confined in Dr. Granger's insane asylum at Mt. Vernon, according to the statement of trustworthy persons. It is said he was quietly sent to the west.

THE STORY OF THE ATLANTIC CABLE.

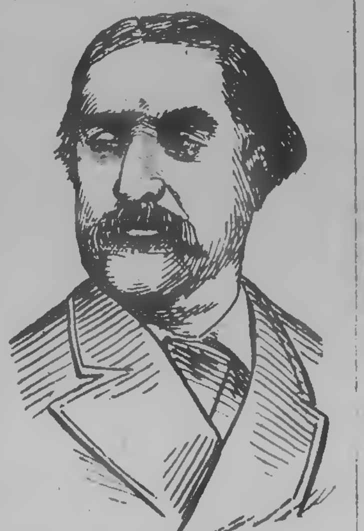
It is less than forty years since Cyrus W. Field conceived the idea of establishing telegraphic communication between the Old World and the New. In 1854, when at the age of forty-five he had become the head of a large mercantile house in New York, he was asked by his brother, an engineer, to aid in the construction of a land telegraph across Newfoundland from Cape Ray to St. John's, the intention being to run a line of fast steamers from the latter point to Ireland in connection with it. Mr. Field entered into the project, obtained a fifty years' charter from the colony, and induced five other capitalists to take stock in the New York, Newfoundland, and London Telegraph Company. But while studying the subject, it occurred to him that the line might be carried through to the British Isles on the bed of the ocean. As a preliminary, while the land line was being built, he went to England and ordered a submarine cable to connect Cape Breton and Cape Ray. This was lost in a gale in 185[illegible], while it was being laid, but in the following year the undertaking was successful. Mr. Field then returned to England and organized the Atlantic Telegraph Company, subscribing one-fourth of the stock himself. Ships having been procured from the British and United States Governments, the first Atlantic cable-laying expedition was undertaken in 1857. It proved a failure, as did also a second one in 1858. In the latter year, however, a third attempt was made, this time with success. The vessels spliced the ends of two cables in mid-ocean, and then laid them, one to Ireland and the other to Newfoundland. On August 17th, 1858, telegraphic communication across the ocean was established for the first time, and between that date and September 4, when the cable refused to work, 129 messages were transmitted. The break-down destroyed public confidence in the scheme, and it was at this time that Mr. Field's patience, energy, and perseverance were most conspicuously displayed. For several years he journeyed constantly between England and America, seeking to arouse interest in his plan and to secure capital for another attempt to carry it into effect. This he ultimately succeeded in doing, and in 1865 the Great Eastern set out from Ireland with a greatly improved cable. But when over 1,200 miles had been laid, the line suddenly snapped and was lost. After dragging for it ineffectually for several days the expedition gave up the task and returned to England. But Mr. Field was still undismayed, and in the following year his untiring efforts were crowned with success. The Great Eastern accomplished the laying of a new cable, and on July 27, 1866, communication was once more established, and has never since ceased. On the same expedition the lost cable was picked up at a depth of two miles after a month's search, and, having been spliced, was also laid to the Newfoundland shore. Thus, after twelve years' labor, in which he crossed the ocean some fifty times, Mr. Field accomplished the great task which he had so boldly undertaken and so unflinchingly carried on in the face of most extraordinary discouragements. Since then over 100,000 miles of submarine cable have been laid, and a direct line between Asia and America is all that is needed to complete Puck's girdle around the globe.

Mr. Field's achievements won him, says the Mail, extraordinary honours. The United States Congress presented him with a gold medal and the thanks of the nation, and New York accorded him a hero's welcome home. The British Premier declared that only the fact that he was a foreigner prevented the Imperial Government from doing him like honour. John Bright pronounced him the "Columbus of modern times, who by "his cable had moved the New World "alongside the Old." The Paris Exposition of 1867 awarded him its highest prize. It is inexpressibly sad, then, to think that a man so highly and so deservedly honored should now, in his old age, be so sorely stricken by the rod of affliction that his life hangs in the balance, and, above all, that the name which he made famous should be dragged in the mire through the disgrace of his own son. "Call no man "happy," said Solon, until he is dead."

EDMUND YATES' ILLNESS.

The Popular London Journalist Laid Aside by Sickness.

The wonderful popularity of Edmund Yates, the novelist, editor and newspaper correspondent, of London, Eng., will cause the report of his serious illness from pulmonary trouble to be received with profound regret by his many transatlantic admirers. Edmund Yates is the son of Frederick H. Yates, an English actor, and



was born in 1832. Though the elder Yates died in 1842, he left the son in comfortable circumstances and with the means of securing an education which procured him a good berth in the postoffice. When he resigned in 1872 he was chief of the missing letter department. He began to write for the newspapers in 1854, and for six years was dramatic critic of the London Daily News. Subsequently he was editor of The Temple Bar. His first book, "My Haunts and Their Frequenters," appeared in 1854. The list of his novels is familiar to all readers of fiction. During the past twenty years he has been London correspondent for half a dozen transatlantic newspapers. In 1872 Mr. Yates visited this country, lectured frequently and was extensively lionised. In 1884 Mr. Yates passed four months in gaol for having libelled the notorious Lord Lonsdale in the London World, of which he was then editor.

A Ten Dollar Gold Piece for a Cent.

Sometime ago, a gentleman bet that if he stood at the corner of Broadway and Fourteenth streets, New York, and offered gold Eagles to the passers-by for a cent each, he would find no purchasers. The experiment was tried, and it turned out just as he said. No one would believe that the coins were genuine. It seemed too good to be true. An equally remarkable offer is that made by the proprietors of Dr. Pierce's Golden Medical Discovery, the sovereign cure for consumption. Think of it! restoration to life and health for a mere song. There is not a case of lung-scrofula—in other words, consumption—that will not yield to it, if it is taken in time. It is the greatest blood-purifier ever known, and is guaranteed to benefit or cure in all diseases of the throat and lungs, or money refunded. Only extraordinary curative properties could warrant or sustain its makers in selling it thus, on trial! a

In my paroxysms of pain it needed two and sometimes three men to hold me down in bed. When at death's door,

"August Flower"

Mrs. Sarah M. Black of Seneca, Mo., during the past two years has been affected with Neuralgia of the Head, Stomach and Womb, and writes: "My food did not seem to strengthen me at all and my appetite was very variable. My face was yellow, my head dull, and I had such pains in my left side. In the morning when I got up I would have a flow of mucus in the mouth, and a bad, bitter taste. Sometimes my breath became short, and I had such queer, tumbling, palpitating sensations around the heart. I ached all day under the shoulder blades, in the left side, and down the back of my limbs. It seemed to be worse in the wet, cold weather of Winter and Spring; and whenever the spells came on, my feet and hands would turn cold, and I could get no sleep at all. I tried everywhere, and got no relief before using August Flower Then the change came. It has done me a wonderful deal of good during the time I have taken it and is working a complete cure." ⓐ

Women's Work

In the Evangelization of the World—Sermons on the Subject by Rev. Geo. Brown, of Orono, in the Charlotte Street Methodist Church.

On Sunday there were special sermons in the Charlotte Street Methodist Church in connection with the work of the Women's Foreign Missionary Society. There were large congregations at both services, the seating capacity of the church being very fully occupied. Special and excellent music was furnished at both services by the choir. The preacher, who is an earnest, energetic speaker, selected for his text at

THE MORNING SERVICE

the words found in the 8th verse of the 14th chapter of St. Luke's Gospel :—

"She hath done what she could."

The preacher, in an elaborate exposition of the text, showed what a grand work had been done by women in the evangelization of the world and how they were specially adapted, by their spirit of self-sacrifice and by the facilities they enjoyed by virtue of their sex, of gaining an entrance in the households of certain heathen lands where male missionaries would be ruthlessly excluded. Their tenderness and sympathy made their ministrations in bodily matters welcome, and thus they gained the opportunity of bringing the Gospel message to those who dwelt in darkness behind, otherwise, closed doors. At

THE EVENING SERVICE

The preacher took for his text the 15th verse of the 16th chapter of the Gospel according to St. Mark :

"And he said unto them, Go ye into all the world and preach the Gospel to every creature."

The gospel, the speaker said, was the most momentous question that could engage the attention of mankind, and Jesus Christ was the essence and centre of it. This gospel must be preached to every creature. The atonement provided by Christ included every one, even the chief of sinners. The gospel was not only designed for all but adapted for all — for men of every clime and nationality. The gospel was the most mighty of all transforming powers; the gospel was in the religious world what the philosopher's stone vainly aimed to be in the material world. It was the only power that could restore man to his true relation to God. It could uplift the most degraded, subdue the most savage, enlighten the dullest, and soften the hardest heart. The gospel of Jesus Christ was adapted to the world, and not only adapted but ready for all the world. The gospel dispelled the cruelties that blight every heathen land, and made the habitations of cruelty to blossom as the rose. The preacher went on to point out the duty of the church to take to heathens the gospel—the news of atonement for the sense of guilt they felt, but felt in ignorance of the great remedy provided. The world was now ready for the gospel; every heathen land was open to the missionary of the cross. The question was, are we as a church, ready to take this ready gospel to the ready world of darkness? The command to preach the gospel was just as binding on every Christian to-day as it was upon the Apostles to whom it was personally and directly addressed. We could either preach the gospel in person, or help in sending others to spread the good tidings. Every Christian must be a missionary according to his light. The command was an individual one, but there were more personally called to go as missionaries than was generally thought and there was thousands ready to go, but an empty missionary treasury kept them at home and kept the gospel from the heathen. If we could not go ourselves, we were bound in obedience to the divine command to go in the sense of helping others go. God demanded sacrifices at the hands of His children, and the example was given of two Christians, one of whom sacrifices home, kindred, society comfort, safety and perhaps health and life, to take the gospel to the heathen, while the other attempted to satisfy his responsibility in reference to the command to preach the gospel by contributing a few dollars for missionary purposes. The preacher closed an earnest address by urging his hearers to act according to the responsibility imposed upon them by the divine command contained in the text of his discourse.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed Miller's Emulsion nearly always succeeds. It is the best kind of a flesh and blood maker, and has been used with marked success by the physicians in the Insane Asylum, Penitentiary, Hotel Dieu, and General Hospital in Kingston, Ont. In big bottles, 50c. and $1. At Peterborough drug stores. dw

A Great Surprise

is in store for all who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free? It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50 cents and $1. dw

A Change for the Better.

SIRS.—I have taken three bottles of Burdock Blood Bitters, and find it a splendid medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it.

Mrs. J. V. GREEN,

Victoria Carbolic Salve is a great aid to internal medicine in the treatment of scrofulous sores, ulcers and abscesses of all kinds.

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company :—

Life Assurances in force, 1st January, 1891	$16,759,355.92
Increase over previous year	2,421,372.84
New Applications received in 1890	6,371,599.15
Increase over 1889	2,968,888.60
Cash income for year ending 31st December, 1890	889,078.87
Increase over 1889	325,938.35
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,322.68
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,640.05
Death claims fallen in during 1890	142,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.94 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures :—

Net Surplus, 31st Dec., 1881, (five years)	$64,894 07
" " " " 1886,	89,452 97
" " " " 1890, (four years)	232,175 69

IMPORTANT RULING IN THE NORTH PERTH ELECTION CASE.

The Election of Mr. James Grieve Confirmed—Costs on Petitioner—Personal Charges Against Dr. Spohn (Lib.) Dismissed Mr. German Unseated.

TORONTO, Dec. 21.—In the court of Common Pleas Saturday Justices Rose and MacMahon gave judgment on one of the two reserved charges in connection with the North Perth election trial. The charge was to the effect that the candidate was liable for the procurance of the conveyance of voters by the Grand Trunk Railway. Their Lordships held that while W. T. R. Preston was proved an agent of Mr. Grieve, the Liberal member for the division, he distributed tickets for such conveyance without knowing them to be other than free passes. The principal ground for the decision was that Mr. White, traffic manager of the G.T.R., led Peter Ryan to believe that there was to be no charge for the tickets in question. The charge was, therefore, dismissed.

Judgment was also given on the personal charges against Dr. Spohn, Liberal member, elected for East Simcoe, and unseated. Their Lordships said they had received a letter from petitioner's solicitors asking that the charge be dropped, which, however, they had themselves decided to do. The charge was therefore dismissed.

The personal charges against Mr. German, the member elected for Welland and unseated, were then taken up, Mr. German being disqualified and disfranchised for seven years.

A BELLEVILLE TRAGEDY.

An Aged Woman and Her Dog Found Lying Dead.

BELLEVILLE, Dec. 21.—Mrs. Hanfield, an aged widow, living in a little frame dwelling in South Church-street, next to James Anning's canning factory, was found dead at noon Saturday by a boy named Thomas Wilson, who had gone into the house with some peelings. The body was found lying on the kitchen floor with the face toward the left. A peculiar circumstance of the affair is that a black and tan dog which belonged to the deceased was also found dead beside the body. The house in which the deceased lived was poorly furnished and there was very little wood or food in the house. A hammer was found on the floor, but no marks were found on it that would lead to the supposition that a tragedy had been committed. It was known that the old lady had a little money and contrived to eke out a living by selling the milk from one cow. She also owned a couple of pigs.

Coroner Wilson was summoned and an inquest will be held. The deceased was apparently about 70 years of age and had lived alone for several years. Her late husband worked for years in the gas works.

No Free Rides for Cattle Kings.

CHICAGO, Dec. 21.—The meeting of general live stock agents of the Western roads, which was in session for two days in this city, resulted in the adoption of a resolution by which, taking effect Jan. 1, the issue of free transportation to live stock shippers is to be abolished, except that provided for in the classification and tariffs. The latter allows the transportation of only the number of train attendants necessary to look after the stock in transit. It has heretofore been the custom for cattle kings to ride free of charge on all roads, and the question of putting a stop to this practice has been under advisement for several months.

Forged by Wholesale.

NEW YORK, Dec. 21.—A paper here says Edward M. Field has committed at least a dozen forgeries. There are so many of the forgeries that the district attorney does not try to limit them to a specific number. They extend, it is said, over the period near the day of the failure, when Field was desperately trying to make money to save himself from wreck. It is not unlikely that a series of indictments will be returned, which will practically make it impossible to secure Field's release upon bail. Strenuous efforts heretofore made to prove Field insane seem to have been redoubled.

It's a Way They Have in the West.

DENVER, Col. Dec. 21.—A young man named Pillings, hailing from Chicago, who came west some weeks ago for his health, secured a pass from Denver to El Paso, Texas, thinking that the climate would be more beneficial to him. Pillings started on the same train with several Western Union operators who were en route to El Paso to take the places of Southern Pacific strikers. The trainmen, whose sympathy was with the striking operators, spotted Pillings as a "scab." When the train reached the snow blockade at Trinidad, he in company with a young lady en route to California went out on the platform to watch the snowplows on an adjoining track. While Pillings and the young lady were standing there some wretch threw carbolic acid in their faces. Both Pillings and the lady are disfigured for life.

MURDER NEAR BERLIN.

A YOUNG MAN KILLED ON THE HIGHWAY.

His Murderer Stepped Up to Him and Without Warning Plunged a Jackknife Into His Heart, Killing Him Instantly—The Motive for the Deed as Yet Not Known.

BERLIN, Ont., Dec. 21.—Saturday about 10 o'clock a murder was committed in the village of New Germany, about 10 miles from here, by Martin Reinhard, a man about 60 years old.

The victim, Michael Hauss, about 28 years of age, was walking into the village, when Reinhard met him and without a word plunged a knife into his heart, killing him instantly.

Mr. Hauss, father of the murdered man, came here and notified Detective Klippert, who succeeded in capturing the murderer at Mossborough Station, about 12 miles from here.

At the time of the arrest a large jackknife stained with blood was found in Reinhard's possession. He confessed that it was the weapon used. The motive for which the crime was committed is not known, but will doubtless come out at the investigation, which will be held to-day by Coroner D. S. Bowlby.

The prisoner seems to feel his position keenly.

Reinard is a man about 60 years of age, is about 5 feet 9 inches in height and wears a a heavy iron-gray mustache. It was thought at first that he had taken train for Toronto and the police were notified at 11 o'clock yesterday morning. At 5.30 in the evening, however, a message was received from the Berlin authorities saying that the murderer had been arrested.

MORE WRITS ISSUED.

The Government Suing the Parties who Opened Their Purses to Senecal.

OTTAWA, Dec. 21.—Senecal's presents that he received from firms that supplied material to the Printing Bureau have produced more trouble. Saturday in the Exchequer Court civil suits were entered against eight firms of individuals, with regard to whom it was proven that they had paid sums of money, by way of bribes or commissions to Andre Senecal, late superintendent of the Government Printing Bureau. The object of the suit is to recover from those firms the sums which it was proven in evidence they had paid to Senecal, the contention of the Government being that these moneys belong to the country, writs have been issued against the following: Miller & Richard, type founders, Edinbergh, Scotland, and Jordan-street, Toronto, $6000; Dominion Type Foundry Company of Montreal, $1800; Barber & Ellis Company, Toronto, $2000; Polson Iron Works Company, Toronto, $540; Buntin, Reid & Co., Toronto, $300; MacLean, Roger & Co., Ottawa, $570; George Low, machinist, Ottawa, $800, and J. T. Johnston, Toronto, type foundry, $1500, or a total of $13,690. It is said that further prosecutions will follow.

Europe's War of Tariffs.

LONDON, Dec. 21.—G. W. Smalley cables: The scope and effect of the treaties just completed by Germany are perhaps nowhere yet fully understood—or nowhere outside of Count von Caprivi's bureau. France, which will probably suffer most, woke up latest to the importance of them, and seems to have been quite unaware that anything of moment to her was going on at Berlin. To-day she finds herself in a ring fence. She is not big enough, say her free trade economists, to prosper inside of it, and if she does not make haste not a single gate will be left open to any other European country; in short, the war of tariffs has entered upon a new phase, and France may find herself fighting single-handed against all Europe, Russia perhaps excepted.

An M.P. Arrested.

LONDON, Dec. 20.—M Hastings, M.P. for East Worcestershire, was arrested to-day on arriving at Folkestone from the Continent. He is charged with defrauding Malvern College of £15,000 under his trusteeship.

Drowned While Skating.

THAMESFORD, Ont., Dec. 21.—Saturday afternoon a number of young men and boys were skating on the mill-pond here, when Fred McLeod, aged 19, broke through the ice. Thomas Fillmore, a companion, crawled near and took hold of him, when the ice gave way and both went down. McLeod floated under the ice and was drowned. The body was taken out about 7.30 to-night. Fillmore was rescued by throwing out a rail to him.

THE WATERLOO MURDER.

PARTICULARS OF THE TERRIBLE NEW GERMANY CRIME.

Deliberately Killed His Stepson as the Result of a Family Quarrel—The Prisoner Jokes About the Affair—Verdict of the Coroner's Jury.

BERLIN, Ont., Dec. 22.—The coroner's jury yesterday committed Martin Reinhard for trial on a charge of wilful murder of his stepson at New Germany. The most authentic account of the tragedy states that the old man was in the habit of abusing Mrs. Reinhard, who is his second wife, and mother of the murdered man, Michael Hauss. On the evening of the murder they were having a quarrel, and Mrs. Reinhard, becoming frightened, ran out of the house to escape her husband's vengeance. At this time three men chanced to pass, one of whom was the murdered man. It is surmised that Reinhard took this occurrence to mean that his wife had asked their assistance. Scarcely had they appeared in front of the house when Reinhard rushed out and, it is said, without any warning plunged a knife into Hauss, penetrating his heart and killing him almost instantly.

So far as known Reinhard has borne a fairly good reputation hitherto. He has a grown up family who all bear good names.

The evidence went to show that when Reinhard did the deed he was under the influence of liquor and had been for some time before brandishing a knife on several occasions. The murdered man, after being stabbed, rushed into his shop and exclaimed "My God, boys, go and get a doctor!" but immediately reeled over and expired shortly after.

The prisoner, while going to and coming from New Germany, exhibited the utmost unconcern, joking and talking, and sometimes contentedly smoking his pipe, not seeming to realize the awful situation he is placed in.

It was shown at the inquest that the prisoner has not lived happily with his wife, who is much younger than himself, and they have on different occasions had domestic quarrels.

A Terrible Wound.

The doctors experienced difficulty in holding a post mortem on the body, as it was completely saturated with blood. The wound, which was made by a large pocket-knife with a blade about 3½ inches long, was a frightful looking one. The blade entered a little to left of the breast bone between the fifth and sixth ribs, penetrating into and through both cavities of the heart.

The murder has created immense excitement all through the county.

CHINESE RASCALITY.

An Ingenious Method for Settling a Long-Standing Vendetta.

LONDON, Dec. 22.—Advices from Shanghai report that the Meng Tzan and the Meng Chio tribes have been for long engaged in a clan feud, and that Han Yung Sien, *the chief of the former tribe*, bribed Li Ting Hsien, the adjutant of the camp, to procure him the assistance of some Chinese soldiers in order that he might be able to fight his opponent.

Li Ting Hsien, on his part, persuaded Ho Hsu Wen to frame a contract by which Pao-Hu, the captain of a company of soldiers, and several others bound themselves to attack the residence of Meng Chio for a consideration amounting to about $4000. They carried out the contract and Meng Chio's house was robbed and destroyed.

The Government officials heard of this illegal contract and investigated the matter. They finally recovered most of the property, which they restored to its original owner, and Li Ting Hsien was tried, sentenced to death and beheaded for his part in the affair. Pao-Hu, the captain of the company; Ho Hsu Wen, who framed the contract, and two others who signed the document, are also condemned to death.

Wu Chang Sheng, one of those who had a hand in the attack, has since died, but the court ordered posthumous decapitation to be showed to him, and his body was accordingly exhumed and his head chopped off.

DR. STAFFORD DEAD.

The Well-Known Methodist Divine Passes Away At Hamilton, the Result of Head and Nervous Symptoms.

HAMILTON, Dec. 22.—Rev. Dr. E. A. Stafford, pastor of the Centenary Church, died yesterday at 3 o'clock. He has been ill for about four weeks and a number of doctors have been in attendance, but were unable to ascertain the exact nature of his complaint. Recently he was granted leave of absence and was to have gone away in search of complete rest, but has been too weak to move.

Though it was known that he was very ill it was not expected that a fatal termination was at hand, and the announcement of his death will be a horrible shock.

Dr. Rosebrugh, one of the doctors in attendance, says that Rev. Dr. Stafford died suddenly, and that death resulted from head and nervous symptoms of an obscure character.

The deceased was one of the most striking personalities in Canadian Methodism. He was a man of indomitable energy and force of character. With few early advantages he had made his way to the front by his own unaided efforts. Dr. Stafford was a Canadian, having been born in the township of Southwold, near St Thomas, Ont. When a mere boy he began the work of a public school teacher, and at 20 years of age he became a probationer for the ministry of the Methodist church, in which he was continually engaged for 31 years. His most important appointments were the Dominion-square Church, Montreal; the Dominion Church, Ottawa; Grace Church, Winnipeg; Metropolitan Church, Toronto, and Sherbourne-street Church, Toronto. He had the good fortune to make many friends on all his circuits. Dr. Stafford also had his share of official honors, the esteem and confidence of his ministerial brethren having been shown by his election as president of every conference to which he has belonged—the Montreal, Manitoba and Toronto conferences. He was the representative of the Methodist church of Canada to the general conference of the Methodist Episcopal church in the United States in 18[illegible]. Dr. Stafford was also a graduate in arts and law of Victoria University. He was the author of several brochures.

Maimed by Whisky.

BELLEVILLE, Dec. 22.—A man named Sargeant, who lives in Tyendineoga, was so severely frostbitten a few nights ago, whilst intoxicated, that it was found necessary to amputate one of his feet and some of the toes of the other foot.

Killed by a Tree.

SUTTON, Ont., Dec. 22.—William Deering, second son of the sexton of St. James' Church, was driving into Mr. Hugh Sibbald's woods for fuel, when a tree some of his comrades were cutting fell and crushed in his skull. He expired in about five hours.

DEATH OF THE DUKE OF DEVONSHIRE.

The Marquis of Huntington Succeeds to the Title and Will Take His Seat in House of Lords—A Historic Italian House Blown Up by Dynamite.

LONDON, Dec. 22.—The Duke of Devonshire, who has for a long time been lying ill and near to death's door at his residence, Holker Hall, Milnethorpe, died last evening.

The Duke of Devonshire (Sir William Cavendish, K.G.P.C.), was born April 27, 1808. His titles are Marquis of Huntington (used by his eldest son), Earl of Devonshire, Earl of Burlington, Baron Cavendish of Hardwicke, Baron Cavendish of Keighley, K.G., F.R.S., D.C.L.; Lieutenant and Custos Rotulorum of the county of Derby, High Steward of Cambridge, Chancellor of the University of Cambridge; a Senator of the University of London and Steward of the Hundred of Amounderness, county Lancaster. He married August [illegible], 1829, Lady Blanche Georgiana Howard, daughter of George, sixth Earl of Carlisle, by whom he had four children.

By the Duke's death his eldest son, the famous Union-Liberalist, the Marquis of Huntington, born July 23, 1833, and unmarried, succeeds to the peerage, thus leaving a vacancy in the House of Commons for the North-east division of Lancashire.

The late Duke had never fully recovered from the shock caused by the tragic death of his son, Lord Frederick Cavendish, who on May 6, 1882, shortly after being appointed Chief Secretary for Ireland, was assassinated in Phoenix Park, Dublin, with Under-Secretary Thomas H. Burke.

The New Leader.

LONDON, Dec. 22.—The Times regards Mr. Chamberlain as the new Unionist leader in the House of Commons.

ITALIAN DYNAMITARDS.

Attempt to Blow Up a Historic House in the City of Pavia.

ROME, Dec. 22.—An attempt was made to-day to blow up with dynamite a building in Pavia, a city of northern Italy. The scene of the explosion was the house in that city which King Charles Albert of Sardinia resided in 1848. Although the dynamite was exploded in the building it was only slightly damaged. In the confusion which ensued the culprits succeeded in making their escape.

Newfoundland May Enter Canada.

PARIS, Dec. 22.—The Eclair publishes an interview with M. Fabre, the Canadian commissioner in this country. M. Fabre said he felt certain that the colony of Newfoundland, would join the Dominion of Canada, as in view of the embarrassment which the Government of the colony had created in the relations between Canada, Great Britain and France, the Imperial Government would insist upon the incorporation of the colony with the Dominion.

Another English Divorce Suit.

LONDON, Dec. 22.—Lord Howard de Walden has begun proceedings for a divorce from his wife. Lady De Walden has instituted a counter suit.

WHITMAN IS WEAKER.

Fears that the "Good Gray Poet's" Days are Numbered.

CAMDEN, N.J., Dec. 22.—Walt Whitman's physicians last night announced that the condition of the poet was unchanged. It is said, however, that the patient is gradually growing weaker.

Mr. Whitman is suffering from bronchial pneumonia, and as he is past 72 the opinion is general that his days are numbered.

A Child With Two Fathers.

JANESVILLE, Wis., Dec. 22.—Judge Bennett awarded Andrew Ingle custody of a child, heir to $40,000. Ingle was the father of it, but the child was not born until seven months after his wife had been divorced from him and married to Alexander Sherman. The woman died and Sherman claimed the child and fortune.

Y. M. C. A. Notes.

Mr. E. A. Mannell led the young men's rally on Saturday evening, which was both profitable and practical. He handled the topic, "Disaster and Rescue," in a straightforward and manly style, which made a marked impression on all present. The orchestra led the singing in good style, and the attendance was good.

Mr. Frank Brisco conducted the Bible study and consecration service Sabbath morning in a helpful way and many valuable hints were given by those present, which will lead to blessed results.

Mr. H. S. Griffis addressed the personal purity meeting yesterday afternoon. The attendance and interest was good, and the earnest, practical address was well received by those present, who greatly enjoyed the straight talk given. The Y.M.C.A. band led the singing. Professor Johnson Bane was also present and gave a sacred selection on the guitar, which added much to the pleasure of all.

Sheriff Hall gave the address at the gospel and song service last evening. The hall was filled to overflowing. The address was impressive and pointed and made a marked impression on all present. Messrs. Grey, Brisco, Miller and Wesley sang well, "Where is My Wandering Boy To-night?" Professor Johnson Bane played on the guitar, which added much to the impressive service.

We desire to thank heartily Mrs. J. D. Collins for 13 volumes, which will add much to efficiency of our library. We thank God that our appeal for books has been so speedily heeded. We shall be pleased to acknowledge more.

A Philosopher's Opinion.

Voltaire said to a beautiful young lady with whom he was dining: "Your rivals are the perfection of art; you are the perfection of nature." This could not have been said if the young lady was suffering from disease and pain had left its sign on the features. Women who want to keep beautiful, and be the "perfection of nature," should use "Favorite Prescription" to assist nature when needed, to correct irregularities, aid circulation and digestion, and thereby clear up the skin, rendering it soft and beautiful. Dr. Pierce's Favorite Prescription is the only medicine for woman's peculiar ills, sold through druggists, and guaranteed to give satisfaction in every case, or money refunded. b

Canada's Wonder.

The more it is known and the further it carried to distant shores the greater grows the wonder. All nations and tongues declare St. Leon perfection to assist digestion, purification of the blood, the assimilation of food, circulation and promote healthy vigor life long. St. Leon has no compeer. Council Meeting.

The Harvey council met at the clerk's office Dec. 15th as provided by statute. Members all present. After routine the treasurer's financial statement from 1st January to date, was presented, read, filed, and the clerk instructed to procure 100 printed copies of the same for distribution as the law directs. Communication read from H. Grundy re-taxes and statute labour on lot 6, con. 10, Harvey for the years 1890-1. Petitions presented and read, from John Wood and others requesting the council to open a road from the depot road on lot 29, con. 17, thence west on the side line between lots 29 and 30 in the 17th, 18th and 19th concessions to the Galway road. Mr. McIlmoyl was appointed to interview the owners of these lots in the 17th and 18th cons. in order to procure the right of way for the new road. On motion, the council adjourned to the 16th to meet at the same place.

December 16th—Council met pursuant to adjournment. Members all present. After reading the minutes of the 15th inst., orders were drawn on the treasurer in favor of the trustees of school sections numbers 1, 2, 3, 4, 5, 6 and 8, for the amount of their respective levies for 1891, amounting altogether to the sum of $1499 83; also orders drawn for payment of accounts, salaries, sessional allowances, contracts on roads, etc, amounting to the sum of $363.27. On motion the council adjourned to meet at the call of the Reeve.

Are you suffering from cold in the head? Do not neglect it—delays are *dangerous*, death is easily courted. Nasal Balm is an unfailing cure in all cases of catarrh and cold in the head. dw

TROUBLE BREWING.

France's Imbroglio with Bulgaria May Burst the Warcloud and Light a Flame in Europe

PARIS, Dec. 21.—M. Herbette, French Minister at Berlin, has advised Foreign Minister Ribot that the German Government supports Bulgaria in her attitude in the Chadouine affair and holds that M. Stambuloff had no action but to act as he did, and that France is not justified in rupture of relations with Bulgaria.

The attitude of Germany as regards affairs, however, will not alter M. Ribot's policy, which is approved by the whole cabinet.

In the Chamber of Deputies to-day the Minister will maintain the illegality of the arrest and expulsion of M. Chadouine and will assert that the general hostility of the Bulgarian Government was shown in the watching of the residence of M. Lanelo, the French charge d'affairs.

At the same time he will announce the determination of France not to submit to violation of treaty rights.

In regard to the note sent to M. Cambion, the French ambassador to Turkey, instructing him to present formulated demands to the Porte for an apology from Bulgaria and that she be made to rescind the order of expulsion against Chadouine, it is now stated here that semi-official advices from Constantinople are that the Porte will reply that the matter is an internal affair of Bulgaria which does not come under the jurisdiction of the suzerain, and that as France only applied to the Porte after the rupture it is impossible now to interfere.

SOFIA, Dec. 21.—Premier Stambuloff, explaining the Chadouine affair in general committee of the Sobranje to-day, declared that there was neither motive nor desire to cause a breach with France, but Bulgaria could not recede from the position she had adopted. He hoped the Sobranje would support the Cabinet in this conclusion. This was received with loud applause.

The Franco-Bulgarian Incident.

LONDON, Dec. 21. G. W. Smalley, referring to the row arising from the expulsion of the French correspondent, Chadouine, from Bulgaria, cables: What makes the business important is the readiness of France to assume these humiliating relations to Russia, to fetch and carry for the Muscovite in the Balkans, to do the dirty work of a Russian emissary, to set herself, as she does in Egypt, in the path of a people struggling manfully toward prosperity and freedom. The one great Republic of Europe surely ought not to be the obedient servant of the greatest despot of Europe.

AN ELEAGANT TROUSSEAU.

It Will be of Softest White Damask Elegantly Brocaded

LONDON, Dec. 21. The wedding of the Duke of Clarence and Princess Victoria of Teck will take place on the 10th of February, which is the 52nd anniversary of the wedding of the Queen. This date was fixed on at the Queen's special request. The British Silk Society, of which the Duchess of Teck is president, has begun the manufacture of the wedding dress. It is to be of softest white damask, brocaded in a design of lilies of the valley with roses, shamrocks and thistles entwined in the border, thus combining symbols of the three countries of the Kingdom. The train shows silver lilies and other designs on a silk ground. Ordinarily it would take at least three months to complete the dress, but the looms have been ordered to run night and day in order to insure its readiness for the day of the wedding.

The gift of the Duchess will be a bridal veil of the finest Honiton lace, the design being the same as that of the dress. The Queen's betrothal souvenir gift is a bracelet with two hearts of moonstone set in diamonds and rubies.

The number of betrothal gifts already amounts into the hundreds. The girl friends of the bride have sent a magnificent set of silver toilet articles, diamond hair ornaments, etc.

As Ayer's Sarsaparilla outstrips all other blood purifiers in popular favor, so Ayer's almanac is the most universally familiar publication of the kind in the world. It is printed in ten languages, and the annual issue exceeds fourteen millions of copies. Ask your druggist for it.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

Dairymen's Association of Eastern Ontario.

The annual meeting and convention of the above association will be held in the town of Cobourg, Ont., on Wednesday and Thursday, January 6th and 7th, 1892.

Prof. J. P. Roberts, of Cornell University, Ithaca, N.Y., who has charge of the agricultural farm there, Ex Governor Hoard, of Ft. Atkinson, Wisconsin, U.S., both of whom have had large and valuable experience in all matters pertaining to the dairy, in feeding and producing milk, will deliver addresses specially prepared for farmers and dairymen.

Prof. Robertson, of the dairy department, Experimental Farm, Ottawa, whose authority on butter and cheese will also give his experience and experiments in the dairy department as well as valuable hints and suggestions to cheese makers, dairymen and farmers.

Mr. F. T. Shutt, chief chemist of the Dominion Experimental Farm of Ottawa, who has been doing some very valuable work in the analysis of fodder, corn and milk, will make the same known at our convention, showing the value of fodder corn if grown and harvested in the proper time and manner.

A. A. Ayer, Esq., the largest buyer of cheese in Canada has also kindly consented to again be with us, and lend assistance by giving some of his business experience in the cheese markets of the world, boxing, shipping of cheese &c.

The Minister of Agriculture for the Province of Ontario, Hon. John Dryden, and one or two of the professors from the Model Farm at Guelph, are also expected to be with us and address the members of the association.

Ample time will be given for asking questions and discussions of all the subjects, including silos, construction of, growing of fodder corn, filling of silos, feeding of ensilage, and everything pertaining to the best interests of the farmers and dairymen.

WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1883 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G. W. Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. REMEMBER THE
Clearing Sale of the Season,
That takes place before Stock-taking at
THOMAS KELLY'S.

The season is now far advanced and as there is only a short time to clear out the stock before stock-taking, I have decided to make this the Greatest Clearing sale of the season by reducing the whole stock to such prices as will effect a speedy sale. We are determined not to carry any goods over another winter season. The goods are all new, of the finest quality and the prices that are asked, unprecedented.

DRESS GOODS! DRESS GOODS!

The whole of our large stock of Dry Goods will be cleared out at a slight advance on cost.

NOW IS THE TIME TO GET WHITE AND GREY COTTONS AT MILL PRICES.

A Large Stock of Table Linens, Table Napkins, Sheetings, Tickings Quilts, Cretonnes, Grass Linens, Check Linens, Towels and Towellings, Lace Curtains, Pillow Cottons, Toilet Covers, &c., very low in price.
5 Pieces Circular Pillow Cotton for 12½c per yard, and 46 in. wide.

The time is short to clear out the stock, so you can expect to get bargains. It is money we want, and we are determined to have it.

Epworth League Notes.

The regular meeting of the Epworth League of the Charlotte street Methodist church was held last evening. The Rev. Geo. Edwards presided and read as the evenings' lesson the prophecy of Isaiah, concerning the birth of Christ and the fulfillment of that prophecy in St. Matthew, II chapter. The subject for the evening "Thoughts for Christmas" was then introduced and those present once more had the pleasure of listening to Mr. A. M. Morrison who read a very interesting essay on the subject that is foremost in the mind of every person at this season of the year.

A "Capital" Establishment.

The *Monetary Times* says:—"Some handsome new business blocks have lately been erected on Sparks, Wellington and Elgin streets, in the city of Ottawa. Along with these may mentioned one lately erected by Mr. George Matthews, pork packer, Peterborough. It is a stone building with three floors and basement, situated on York street, and is really an ornament to that part of Ottawa. We are told that besides his establishments in Ottawa, Peterborough and Lindsay, Mr. Matthews contemplates erecting one in Vancouver, B.C., at an early date."

The Bridgenorth Perjury Case.

The adjourned hearing of the Pope-Montgomery perjury case was brought before Police Magistrates Dumble and Edmison. John Pope charged John and Margaret Montgomery with having committed perjury in their evidence in the Pope-Finlay seduction case. Mr. Poussette appeared for the prosecution and Mr. Edwards for the defence. Testimony was given by John Pope, Margaret Pope and George Ritchie. After the testimony had been put in the magistrates remarked upon the unsatisfactory nature of the evidence tendered and adjourned the case till to-morrow morning.

The Lake Gives up Its Dead.

In a paragraph in Saturday's issue reference was made to the fact that Daniel Phelan, of Ennismore, had been missing since *December 5th*, when he started to town, leaving his skates at a house in Bridgenorth. It was known that he got the skates and presumably started to cross the lake on the ice. Yesterday this conjecture was proven correct. The dead body of the unfortunate young man was found near where a parcel lay on the ice about a mile above the bridge. The body was found lying on the face, partially imbedded in the mud at the bottom of the lake. The deceased was a steady lad about twenty years of age and worked last summer for Mr. Fobert at Bridgenorth. His bereaved parents live in Ennismore.

For Charity' Sake.

An entertainment to raise funds for the benefit of the poor at Christmas, was held in the hall adjoining the Opera House Monday evening. The hall was comfortably filled with an appreciative audience, and the programme presented was of an excellent order, each number being heartily applauded. The programme opened with an overture, "Siege of Paris," by the Peterborough Amateur Orchestra, which was rendered in good style and greatly pleased the audience. This was followed by a chorus by a number of young ladies, given in an excellent manner. Miss Edith Hall next favored the audience with a with a well rendered vocal solo. A laughable charade by Misses McCallum and Sherwood, and Messrs. Cluxton and Ames, put the audience in good humor; the young people acquitted themselves very creditably. Mr. Drope rendered "Love's Old Sweet Song," in excellent voice, and was encored, but did not respond. The Amateur Orchestra produced, in a very pleasing manner, a set of waltz arranged from Antarte's popular song, "O, be Mama." Mr. W. A Lount gave an excellent solo, "Marguerite," and was followed by Mrs. D. M. Stapleton, who sang with much taste and expression. Then followed another enjoyable charade by Misses McCallum and Sherwood and Messrs. Jellett and Cockburn. The performers acquitted themselves very creditably. To a well sung chorus, "Sailing," succeeded the favorite "Forget Me Not," by the Peterborough Amateur Orchestra. Miss Carnegie gave a vocal solo in good voice, and was favored with an encore, but did not reappear. The programme closed with three tableaux: "Meditation," "Pears' Soap," and "The Dying Soldier." Mr. Fred Clark and Miss Ada Sherwood played the accompaniments of the different vocalists very acceptably. The programme provided a very pleasant evening's entertainment.

Purify importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is heredited and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. There is nothing more conclusively proven than the positive power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

A Request for Help.

The Local Union of Christian Endeavour Societies of the town are preparing to send Christmas cheer to the homes of as many of the deserving needy as they can. The committee in charge will be pleased to receive donations of provisions or necessaries of life from any of their friends who are willing to assist in the work. The young people will meet at the Y M.C.A. rooms Thursday forenoon to arrange their baskets and will be glad to receive any help you can send them in the way of provisions of all kinds by or before ten o'clock of that day. Let us all remember that it is "more blessed to give than to receive," and do what we can to make this endeavour a great success. All the young men and women who can are requested to meet at the Y M C.A. rooms Thursday morning at nine o'clock to assist. Please come.

Street Railway Franchise.

To the Ratepayers of the Town of Peterborough:

Gentlemen:—As the provisional directors of the Peterborough and Ashburnham Street Railway Company have seen fit to issue a manifesto to the electors of the town in order to influence their votes on the granting of the franchise, I think in all fairness the manifesto should have conformed strictly to the truth and that its statements, many of which are misleading, should be examined and explained.

The document itself, as a piece of special pleading on behalf of the Peterborough and Ashburnham Street Railway Co., is a credit to its author, Mr. Poussette. He has set forth with a great deal of flourish that the provisional directors of this Company, are citizens of great wealth and great public spirit and with an unsullied record, and he argues from this that they are therefore the only fit and proper persons to be intrusted with the building of an Electrical Street Railway in Peterborough. The ratepayers before voting upon the question should consider which of these parties, is likely to build, equip and maintain an electrical railway that will be a credit to the town and to themselves, and which of them is the more likely to be influenced by motives of pure speculation. First, it might be pointed out that Mr. Poussette's statement that the Peterborough and Ashburnham Company applied for their charter before the Edison Company had thought of removing from Sherbrooke, is not correct, as the Ontario *Gazette* shows that the application was first made on Aug. 30th, 1890, a month after the Edison Company had decided to remove here.

The electric railway system is almost in its infancy and improvements will be from time to time adopted, but from experience which we have gained from railways run by private companies in other places, we can feel assured that these improvements will not be adopted by such a company as the Peterborough and Ashburnham Company, as they will not add to the earning powers of the road, whereas, were the franchise given to the Edison Syndicate it is plain that it would be anything but a good advertisement for them if it did not have the very latest improvements and newest inventions.

From the action of the provisional directors of the Peterborough and Ashburnham Company, and from their long delay in obtaining their charter, and from the fact that they did not apply to the Council for the right of the franchise of the streets until after the Edison Syndicate had made their application, it is quite clear that they had no intention of proceeding with the building of the street railway at the time the charter was applied for, nor, it may safely be asserted, is it now their intention, even if the franchise be granted to them, to build the railway themselves. The charter was obtained by them—not with the intention of building the road—but with the idea of securing it for the purpose of sale, for it is a fact that they have offered to sell their charter to the Edison Syndicate, coupled with the condition that the power for running the street railway should be taken from the Dickson race way, at a price, however, that the Edison Syndicate could not entertain. It is also a fact that Mr. Poussette, acting for this company, peddled the charter about Toronto, but, failing in all these attempts, they now imagine that if they secure the franchise they will compel the Edison Syndicate to purchase it from them, as it is absolutely necessary to the welfare of the Edison Company that the system of electrical street railway plant to be used in Peterborough should be the Edison system. If they do not secure the right to build the road, rival companies will be only too glad to instal their plant here for a merely nominal price as an advertisement, and there is a further point which should not be overlooked, that throughout the whole of the manifesto it is not once stated that if the franchise be granted to the P. and A. Co. they intend to build the road. The manifesto is in fact ominously silent on this point. The statement that the Edison Syndicate endeavoured by private negotiations with members of the council to supplant the Peterborough and Ashburnham company is not correct. The application of the Edison Company to the council for the franchise was in writing, stating what they were prepared to do and it was not until after this application had been put in, that the Peterborough Company made any move in the matter, and even then they did not submit any proposition in writing as to the kind or length of railway they would put in or even within what time it would be constructed. As to the eighteenth clause, on which so much stress is laid, it was considered by the committee of the council, when it was inserted, that it was only a fair provision to protect a manufacturing establishment which had been bonused by the town, and which had been a great benefit to it, and, moreover, this clause merely provided that the plant should be purchased from the Edison Company, provided it could be got from them at a reasonable price, so that it was not in the power of the Edison Company to charge their own price. This clause, however, has been eliminated and if the Peterborough Company should secure the franchise there is no doubt that the Edison Company will not supply one dollar's worth of plant, but that all the appliances for the railway will be purchased and manufactured in the United States. If the Edison Company secure it, all the motors, cars and other appliances will be manufactured in Peterborough and the large amount of money that this will take, will be expended in our midst. The ratepayers should consider these things before casting their votes on Wednesday next and if they consider their own interests, and desire to have a street railway that will be properly maintained and will have the newest improvements in electrical plant, they will give it to the company whose business it is to build street railways and not to the company whose only object in having the road, will be to make the most out of it for their own benefit. There is no hardship in refusing the franchise to the Peterborough Company as building railways is something entirely out of their line of business, whilst it would be a hardship to refuse it to the Edison Company as we see.

Electors! is it wise that, in addition to the monopoly of the water power, the electric and gas lighting of the town, the Dickson Company, and with them the Light and Power Company (who constitute the Peterborough and Ashburnham Street Railway Company), should also be given the exclusive right to supply electric power for manufacturing and locomotive purposes? Is it well? Is it right? Is it judicious? Is it reasonable? Is it safe?

Electors? Who is to own this town, anyway?

Why Not Do It?

To the Editor of the Examiner:

Dear Sir,—I recollect that at a meeting of the council when the street railway franchise question was under discussion, Mr. Cahill proposed a motion to insert a clause providing that whatever company was awarded the franchise should pay a portion of its earnings to the town for the privilege of using the streets. Toronto receives nearly $140,000 a year percentage on the earnings of the street railway company. Mr. Cahill did not get a seconder to his motion, which he should have done. The telephone companies pay Toronto nearly $2,000 per year for the use of the streets, and why should not Peterborough get enough from street railway, telephone and electric light companies to pay the interest on the cost of some public improvement? I am sorry that Mr. Cahill did not get a seconder for his public spirited motion and that the council did not pass it. The principle of paying for privileges of using our streets is not sharp practice; it is simply business.

Yours truly,
Taxpayer.

Wedding Bells.

An Ashburnham Bridal Happily Celebrated.

This afternoon the pretty village of Ashburnham was in a condition of social ferment over one of those perennially interesting events—a wedding. At the parsonage of the Mark Street Methodist Church, at three o'clock, Miss Maggie Thom, second daughter of Rev. J. Thom, B.A., was united in marriage to Dr. Walter Earl Willmott, Dental Surgeon, Toronto, and one of the professors in the Dental College. The ceremony was performed in the drawing room of the parsonage, which was beautifully and tastefully decorated for the occasion with hot-house plants and foliage and other suitable adornments. The ceremony was performed by Rev. J. Thom, B. A., father of the bride, who was "given to be married" by Rev. I. Campbell, Ph.D., Listowell, brother-in-law of the bride. Mr. W. B. Short, of Toronto, filled the position of "best man," and Miss Marion Scoley, of Toronto, acted as bridesmaid, assisted by Miss Frankie Campbell, while Master Bertie Campbell, attired in black velvet performed the duties of page. The handsome young bride was dressed in cream faille silk with cream lace trimmings, her only ornaments being flowers—chrysanthemums and white hyacinths. Miss Scoley's costume was of yellow bengaline silk, with yellow roses and Miss Frankie Campbell was similarly attired. The bride was the recipient of a very large number of unusually handsome and valuable presents, some coming all the way from England. At the conclusion of the ceremony the elaborate wedding breakfast was discussed by about fifty of the guests who were present at the ceremony. The newly wedded couple received the cordial congratulations of their friends and later took the 9 o'clock G. T. R. express for Port Hope *en route* to Philadelphia and New York. At the conclusion of the honeymoon tour, which will be in about a fortnight, Dr. and Mrs. Willmott will take up residence at 37 Shuter street, Toronto. Miss Thom during her brief residence in Ashburnham has made a large number of friends whose congratulations and best wishes follow her and her husband for a happy life in the estate upon which they have entered under such hopeful auspices.

Personal.

Messrs. A. E. Hurley, M. J. O'Brien, J O'Brien, J. Phelan, and Master Bert Dolan, of St. Michael's College, Toronto, are spending their vacation with their parents in town.

Mr. John Laplant, tobacconist, of Brandon, Manitoba, a resident of Peterborough, some thirteen years ago, is in town renewing old acquaintances. John looks well after such a long absence, and his many friends here are pleased to see him.

Among the students who successfully passed the final examinations of the Ontario College of Pharmacy, are those of Mr. Dickson Davidson, with Messrs. Ormond & Walsh and Mr. A D. Deverell, with Mr. J. D. Tully. These gentlemen are now full-fledged druggists.

Self Application of Electricity

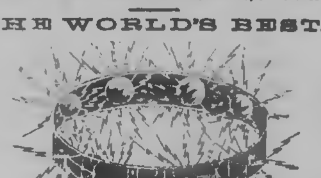
FOR MEDICAL PURPOSES
BY THE

DORENWEND ELECTRIC BELT

And Attachments.

HEAD OFFICE—103 Yonge St., Toronto

THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete Body Battery. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a Current of Quantity, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for Indigestion, Rheumatism, Neuralgia, Sciatica, Lumbago, Liver and Kidney Troubles, Weak Back, Spinal Disease, Heart Disease, Nervous Debility, Paralysis, Vertigo, Female Complaints, Impotence, Sexual Decline and all diseases of the Nervous and Muscular Systems.

Remember that the Dorenwend Belt is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy them but, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

MACFARLANE WILSON, - - Direct Importer.

adian by birth. He was born in Middlesex County, Ontario, near London in 1841. He was called to the bar in 1863 and began practice at first in London, subsequently removing to Toronto. He became one of the most successful members of the bar in the Provincial capital and held briefs in many important cases. He became Queen's Counsel in 1880, and a year later, as stated above, was elevated to the bench. Mr. Ferguson is widely known for his genial kindly nature, and he enjoys great popularity not only among members of the profession, but among all others who have the advantage of numbering themselves among his acquaintances. As a judge he is painstaking and impartial. His years of practice have equipped his mind with a vast store of knowledge of the law and the principles underlying it and his judgments are listened to with respect.

Hon. Thomas Robertson has been a member of the Court of Chancery since 1887. He is a native of Ancaster, Ont., and was born on the 25th of January, 1827. Ancaster had not then been outstripped by other places, but was the most important business centre in all Upper Canada west of York (Toronto), the capital. The present judge was educated in the district grammar

school and in the University of Toronto. He studied law under one of Canada's most eminent barristers, the late John Hillyard Cameron, and was called to the bar in 1852. He began practice in Dundas and was successful from the first. He became the first County Crown Attorney of Wentworth, which office he held for several years. He was always an ardent politician and in the first general election after Confederation he was nominated by the Conservatives as their candidate for the Commons against the well known "Joe" Rymal. The contest was keen and close, as contests in South Wentworth usually are, but Mr. Robertson was defeated, the majority of his opponent being less than thirty votes. In 1878 he ran in company with Mr. Kilvert for Hamilton City, which sends two members to the Commons. On this occasion he was successful. He continued to represent the city until 1887, when he was called to his present position.

Hon. R. M. Meredith, the junior judge, was appointed in October, 1890. He comes of distinguished family, his father being

for many years Chamberlain or City Treasurer of London, while his elder brother is William Ralph Meredith, leader of the Opposition in the Ontario Legislature, and one of the most distinguished members of the bar of the Province. Mr. Meredith was born in London on the 27th of March, 1847, being thus the junior not only in time of appointment but in age. He was educated in the London grammar school and other good educational institutions, and studied law in the office of his brother's firm, at the head of which was Thomas Scatcherd, who was for years the representative of North Middlesex in the Dominion Parliament. Mr. Meredith devoted himself mainly to equity practice, and made an excellent name at the bar. In his short career as a judge he has given every evidence of possessing in rare degree the qualities which will earn for him the highest reputation as an administrator of the law.

In the East they have another royal cousin, whose portrait we give to-day; he is the Emperor of Annam, and is under the protection of the French Government.

The young emperor, Than Thai, is seated on the throne, his brother is on his left and his sister on his right hand, presenting their loyal homage. He is represented in city dress of dark yellow silk with gold embroidery. On each side of him are two Annamite tables gilded and inlaid with mother of pearl. On one is a box containing his betel nut and tobacco, and on the other the royal cuspidor of gold inlaid with silver ornaments. Behind the young monarch is the royal curtain with the inscription in Chinese characters, "May the king live one hundred thousand years."

Vanderavers murdered three of his brothers and a sister before he made the attempt to take the life of his other brother.

The chances of the convicted man suffering the death penalty are, however, remote. The King of the Belgians is notoriously tender-hearted and he almost invariably commutes all sentences of capital punishment.

STORY OF A HANDKERCHIEF.

A Clue For the Detectives in the Ancaster Murder Case.

HAMILTON, Dec. 19.—On the day following the murder of John Heslop, a handkerchief was picked up on the road near the Heslop homestead. Certain initials were worked in it, and when it reached the detectives they were sure they had a valuable clue. For a long time efforts to trace the owner were unsuccessful. Finally the secret came out. The owner was Mrs. J. H. Smith, wife of the inspector of the county schools, who had gone to offer her sympathy and assistance to Mrs. Heslop on the morning after the murder and had dropped her handkerchief on the way.

The Street Railway Franchise.

TO THE ELECTORS OF THE TOWN OF PETERBOROUGH :

The Provisional Directors of the Peterborough and Ashburnham Street Railway Company, (limited), beg respectfully to submit for your consideration the following plain statement of facts :—

In the spring of 1890 before it was known that the Edison General Electric Company intended removing from Sherbrooke it was suggested by some of the men who have always been foremost in public enterprises, that the time had arrived for the construction of an Electric Railway in the town and this suggestion having been received with favor formal notice of application for a charter was inserted in the *Gazette*, the applicants being Messrs James Stevenson, Richard Hall, Thomas Evans Bradburn, T. G Hazlitt, Arthur Stevenson, William Walsh, A. P Poussette and C. H. Clementi, it being understood that Mr. Thomas Bradburn and others would also take stock in the Street Railway Company.

Upon filing their petition with the Provincial Secretary the applicants were informed that they would require the consent of the councils of the municipalities through which they intended to run. They consequently applied first to the Town Council for such consent, which was granted, and they then obtained similar consent from the councils of Ashburnham, Smith, Otonabee, Douro and Monaghan, it being designed to eventually construct a "belt line" surrounding the "City" of Peterborough.

Much time was consumed in obtaining these various consents, in consequence of the township council's meeting so infrequently, and it was not until July 3rd, 1891, that the charter was actually issued.

It being then too late in the year to commence construction, the permission of the council to use the streets was not immediately applied for, but the gentlemen composing what is known as "The Edison Syndicate," having thought fit to attempt by private negotiations with members of the council to supplant the Peterborough Company, the latter made their application to the council, offering to submit to such reasonable conditions as might be imposed.

The result was that the whole matter was referred to a committee of the council under the chairmanship of Mr. Moore, who, with his colleagues, made a thorough investigation of the subject, and prepared a very able report.

Some of the conditions of granting the franchise proposed by this report were considered more stringent than should be imposed upon the undertaking during its experimental stage, but they were practically accepted by the Peterborough company, except the eighteenth, which, in effect, provides that the whole electric plant should be purchased from the Edison General Electric Company, who would thus be enabled to dictate their own price.

Such a condition as this was, and is, contended to be contrary to every business principle, and no argument is necessary to show its unreasonable character. The council eventually determined to strike it out, and its elimination is the cause of the electors' vote being asked upon the question whether the franchise shall be given to "The Edison Syndicate" or the Peterborough company.

Had the Peterborough company been willing to accept the eighteenth condition, the Edison syndicate would have retired from the contest, their only object evidently being to force the Peterborough company to put in an Edison plant. In this effort they have been unfairly supported by some members of the council.

The Peterborough Company have asserted over and over again that they have never had any desire to use any other system than the Edison and they here reiterate that assertion but they confidently submit that to agree to a condition for the purchase of any given plant would be a humiliation which no man or men should be called upon to undergo. Moreover the Peterborough Company hereby pledge themselves that in the event of the vote being in their favour they will make every effort to reach a fair agreement with the Edison Company before going elsewhere.

The Peterborough Company has among its members the very largest tax payers in the town and are thus contributing most largely towards the bonus which has secured the erection of the Edison works here. They thus have as great an interest in the successful operation of those works as any of the citizens, and far greater than most members of the council, and they confidently refer to their standing of many years in the community as alone sufficient reason for their fellow-citizens extending them the support to which they believe themselves justly entitled.

When the Peterborough Company applied for the council's consent it was stated that the promoters of the company had no desire to monopolise the undertaking and that the stock subscription would be thrown open to the public generally. That promise is now repeated.

It has been urged that the Edison Syndicate would construct a more complete road than the Peterborough Company : this the Peterborough Company emphatically deny and the Directors' record is sufficient proof that what they undertake will be first class.

Finally the Provisional Directors of the Peterborough Company beg to say that it is not their intention to canvass or organize for the contest, preferring to leave the choice to the untrammelled judgment of their fellow citizens in whose verdict they have the utmost confidence and to whose support they believe they need not look in vain.

A WOMAN DROPS DEAD IN A SANDWICH CHURCH.

Destructive Fire in Toronto—A Series of Drowning Accidents Frightful Accident at Merritton—Dr. Stafford Dies Suddenly in Hamilton.

WINDSOR, Ont., Dec. 22.—The services at St. John's Episcopal Church, Sandwich, came to a sudden end yesterday morning, when it became known that one of the parishioners, Mrs. Louisa T. Mercer, nad dropped dead. While the singing was in progress Mrs. Mercer was seen to sit down suddenly. A lady who stood next to her turned to see if she needed assistance and was horrified to find she was dead. The rector, Rev. D. H. Hind, immediately closed the services and dismissed the congregation. Death was caused by cerebral hemorrhage. Mrs. Mercer had been enjoying unusually good health during the past four years and her remarkable vitality was the subject of considerable comment at a recent celebration of her 76th birthday anniversary. She was one of the oldest residents and was well known in Western Ontario.

THROUGH THE ICE.

An Aged Picton Woman Wanders Away and is Drowned,

PICTON, Ont., Dec. 22.—At an early hour yesterday morning the dead body of Mrs. Ackerman, an old lady, was found floating in a hole in the ice in the harbor. Mrs. Ackerman was living with her daughter in the western part of the town. She got up every Sunday morning before the rest of the family were around. It is supposed to go to her sons' but lost her way, wandered down to the bay and was drowned.

TORONTO TOPICS.

A Fire Which Caused Much Excitement—Trinity Lecturer Dead.

TORONTO, Dec. 22.—Trinity University has sustained a loss in the death of Mr. F. Cunningham Dunlop, late lecturer in modern history, modern languages and philology.

About 5.20 last evening Notre Dame Convent was damaged by fire. The rear portion of the third flat was completely gutted, and the rest of the building was more or less injured by smoke and water. A number of very valuable images were ruined. The damages throughout are computed at $3000.

At a meeting of the City Council last evening it was decided by a vote of 34 to 5 to submit to the popular vote the question of Sunday street cars in accordance with the request of The World's petition.

Mayor Clarke has decided not to run for the mayoralty of 1892, and the fight is now admitted to be between, Osler and Fleming. Beaty and McMillan, will probably retire.

Run Over by a Dummy.

HAMILTON, Dec. 22.—Shortly before 7 o'clock last night, while crossing the dummy track at the corner of Macnab and Hannah-streets, Miss Minnie Waters, a young girl, was struck by the train. She was knocked down between the rails, and before the train could be stopped the engine and part of a car passed over her and she was dragged along for some distance. When the train was stopped the unfortunate girl was so caught in the gear that the passengers and bystanders had to lift the car up before she could be removed. She was removed to the hospital, where it was found that she had a terrible wound on her shoulder, besides being scraped and bruised about the hands, face and body and her head badly cut. She will recover.

Killed by a Waterwheel.

MERRITON, Ont., Dec. 22.—A. G. Hill, proprietor of the Hill Disk Harrow Co., formerly of Grimsby and Prescott, has recently commenced the manufacture of his implement here, and was superintending the erection of a wire cable in Wilson's foundry yesterday. He went into the shaft-room to shut down the waterwheel, when a small rope which was lying on the floor became entangled with the shaft and caught his feet. Before the waterwheel could be stopped his head was smashed and his legs broken into pieces. The brains were scattered about the room. Mr. Hill was about 40 years of age and unmarried. His only known relative is Mrs. J. C. Corbin of Prescott, Ont.

Fire in a Cotton Mill.

MERRITTON, Dec. 22.—A fire broke out in the fourth story of the elevator tower at the Lybster Cotton Mills yesterday but was extinguished without doing much damage. The loss on cotton in process of manufacture and machinery from water was considerable.

European Breech-Loaders in China.

LONDON, Dec. 22. Advices received from Lung Chow state that the general in command of the native troops has received a consignment of European breech-loading cannons which were sent from Canton in junks.

Four of the 14 vessels, however, which were carrying the guns were wrecked on the voyage, and their cargo has not yet been recovered from the river.

The General has received five guns. They are intended for the Nankwan forts on the Tonquin Chinese frontier.

GEORGE JAYNES' ODD OCCUPATION.

He Has a Forty Acre Farm on Which He Cultivates Rattlesnakes for a Living.

GAINESVILLE, Mo., Dec. 22.—Probably the oddest occupation ever followed by man is that of an old Tennessean, who lives about three miles north of here in the Ozark Mountains. It is George Jaynes, or, as he is known in this neighborhood, "Snaky George." Jaynes came here from the mountains of Tennessee several years ago and followed the occupation of hunting for a living. He never got very much ahead, but managed to eke out a good living for himself by the sale of game and skins. He brought with him from his old home the art of making snake oil and sold several pints during each season to the various druggists in this part of the state and always got a good price for it, as it was of an excellent quality. The rocks of the Ozark Mountains abound with rattlesnakes, and it was not long before Jaynes saw that if he went at it right he had a bonanza in the business. He looked about and found a piece of rocky land on the south side of the mountain which was utterly worthless as far as agriculture was concerned.

He entered this land as a homestead and began improving it in a most peculiar way. Instead of clearing off the rocks he tried to get more there, and soon he had built a veritable snakes' retreat. The hillside was honeycombed with holes, and everything that a snake could desire to make life a pleasure was added to the spot. While he had entered 160 acres he utilized only about 40 of them. He built a house of stone, but cemented it thoroughly inside and out, for while he made a living off of snakes he did no care to have too close companionship with them. Having arranged his farm to his satisfaction he set about getting inhabitants for the place. In this he experienced little trouble, for the hills abounded with the reptiles, and he knew how to catch and handle them without danger. His daily excursions were taken with the view of bringing home a new resident for his farm, and his live stock increased with wonderful speed.

About four years ago he completed his work of stocking his place, and now he is reaping the benefit of his acumen. Snakes are everywhere on the place and on a warm day the sight on the hill back of the house would give a drinking man the impression that "he had 'em again." Rattlesnakes of all sizes and conditions are seen lying around in profusion or crawling over the rocks, squirming and twisting in heaps, while the deadly whirr of the rattles makes music which strikes terror to the heart of one unaccustomed to the situation. Above all is that terribly nauseating odor which fills the whole air and drives away any one not accustomed to such an offensive scent.

"Snaky George" estimates that there are 10 000 full grown rattlesnakes on the place, and says that he kills an average of 2000 every season. He only kills them during the months of September and October, for then they are the fattest and are full of oil. They are getting ready to go into winter quarters and are in prime condition. His method of catching them is simple. He has fed them in a certain cleared spot ever since they have been on the place and they now come there regularly. When he wants to begin work he stands on an elevated rock near the place and with a slip noose of wire catches as many as he can use and kills them. He then takes the bodies to his house, where he throws them into a caldron and renders out the oil. This he packs in heavy bottles and ships it to various wholesale druggists over the country, it being used in the preparations of various liniments. One good sized rattler will make a pint of oil, and this brings $1.50 a pint, or nets Jaynes about $1 after all expenses of rendering, bottling and shipping are paid.

Diego Lopez and his wife won 600 francs from three fellow-countrymen, Garbin, Maceras and Garcia, in the district of Sidi-Bel-Abbes, France. The guests departed, but a few hours later returned and murdered Lopez and his wife and stole 1000 francs in gold. They then set fire to the house. They were arrested, however, and have just been sentenced to death.

Found in a Creek.

DUNDAS, Dec. 22.—Leet Herald, the 5-year-old son of W. S. Herald, bookkeeper for Bertram & Sons, disappeared from the house. Yesterday morning his dead body was found in some shallow water near the Dundas cotton mills.

The Heslop Suspects.

HAMILTON, Dec. 22.—Jack Bartram and George Douglass, the alleged Heslop murderers, are still in Brantford Jail. It is likely that they will be brought here and arraigned with Lottridge on Saturday next.

His Skull Smashed.

HAMILTON, Dec. 22.—Walter Borthwick, farmer of the south concession of Beverley, while on his way home from the city, was thrown from his vehicle. His head struck against a stone and the back of his skull was smashed in. He cannot recover.

Stolen Goods Recovered.

WINDSOR, Dec. 22.—While some boys were playing in the woods back of the Catholic cemetery Saturday evening they found a quantity of drygoods secreted between two logs. It is supposed the goods are a portion of the swag recently taken from Stone's store at Chatham.

ANOTHER M. P. IN TROUBLE.

G. W. Hastings, Liberal Unionist, Charged With Embezzlement.

LONDON, Dec. 22.—A profound sensation has been caused by the arrest on a criminal charge of G. W. Hastings, Liberal Unionist M.P. for East Worcestershire. Mr. Hastings, who is about 65 years of age, has stood high both in Parliament and in Worcestershire, where he has been vice chairman of the Quarter Sessions and chairman of the Worcestershire School Board.

Like Captain Verney, he has figured as a reformer, and has been secretary of the National Reformatory Union and secretary of the Law Amendment Society. He has also been a conspicuous figure in social science congresses. He is a barrister by profession and also a magistrate in Worcestershire. In politics he was a Liberal up to the time of the Liberal-Union against Irish home rule. He has been supposed to be wealthy. The charge on which he will arrainged at Bow-street, to-morrow is that of having embezzled $20,000 from an estate of which he is a trustee.

He has been sojourning recently on the Continent, and the police were waiting for him on Saturday on his arrival at Folkestone. He did not appear surprised when taken in custody, and accompanied the police quietly to London. Interesting developments are expected, should Mr. Hastings decide to face an examination. The Unionists are vexed by this blow, following so closely upon the assurance that De Cobain will have to be expelled from Parliament. No action will be taken in the case of Hastings until the charge is disposed of. Should Hastings eventually be expelled the Liberals would stand a fair chance of carrying the constituency.

HORSE BOLOGNA.

Sausages and Smoked Beef Made From Horses.

NEW YORK, Dec. 23.—Seventy-five barrels of cured horse flesh lay on a wharf at the foot of Maspeth-avenue, fronting on Newton Creek, Maspeth village, yesterday, waiting shipment to a foreign port. They were from Henry Bosse's factory. The factory is in Maspeth-avenue, some distance from the wharf.

A year or so ago it was discovered that he was buying up old horses and converting them into bologna sausages and smoked beef. The exposure brought his business to a stop and he was forgotten.

It now appears he resumed his business some months ago and since then he has been making shipments of horse flesh in barrels. Inspectors from the Bureau of Animal Industry have been on watch at the wharf named night and day for several weeks waiting for Bosse to make another shipment.

Saturday night Bosse's men began hauling barrels to the dock. The odor emitted left no doubt in the minds of the inspectors as to what the barrels contained. From the employes in Bosse's factory it was learned he contemplated shipping it away on Sunday. A lighter was to call for the cargo yesterday and transfer it to a tramp steamer bound to Belgium. For some reason the lighter failed to arrive.

During the afternoon Bosse and one of his men went to the wharf and branded the barrels. Some of the barrels they marked "horse beef" and others "horse trimmings." It is thought they got wind that government inspectors were watching the stuff. Last night Inspectors W. J. Gordon and James Connors were on guard. They have instructions to arrest any one attempting to ship the stuff away. The meat will be seized under a recent law providing that a veterinary inspector designated by the Bureau of Animal Industry shall inspect all animals and their products intended for inter-State and foreign shipment.

COULD NOT FIND HER CHILD.

Countess Van Zeldicka Dying with Her Heart-Hunger Unsatisfied.

ATLANTA, Ga., Dec. 23.—There lies dying at St. Joseph's Infirmary a Prussian Countess, who has passed eighteen years looking for her child. She is the Countess Mein Von Zeldicka. A little over twenty years ago the Countess Von Jewitzaka was one of the happiest maidens in Prussia. Clouds soon drifted across her horzion. Her father was exiled and she was forced to marry a man whom she neither loved nor respected, Von Zelcicka an officer in the Prussian army.

The husband abused his wife, who finally refused to live with him. He took their only son, a bright, handsome child, and left Prussia. She sold her estates, and learning that her husband was in America, followed him to this country. She could get no trace of the boy. Her husband, she learned, died several years ago, leaving the boy alone.

She wandered from city to city until her fortune was almost exhausted. Then she taught music to earn a livelihood. She was a brilliant musician, and found always any number of families who were glad to have her instruct their children. In this way she managed to live comfortably in Atlanta. Now she is dying from pneumonia. She has willed all she has to the sisters

WANTED TO KILL SAGE.

ANOTHER CRANK AFTER RUSSELL'S BLOOD OR $2500.

But Mrs. Sage Fired Him Out—He Was a Poor, Weak Creature and Nearly Scared Mary, the Servant Girl, Out of Her Wits, But Sage's Wife Gave Him the Grand Bounce.

NEW YORK, Dec. 23.—On Saturday night last another crank attempted to get at Russell Sage with the avowed purpose of killing him. Mrs. Sage said yesterday she regretted that the crank's visit had become known, because the notoriety of the recent explosion has already attracted the attention of cranks and beggars all over the country.

"Mr. Sage," said she, "had just gone upstairs to his room, leaving me chatting in the back parlor with my neighbor, Mrs. Van Valkenberg. The door bell rang, and Mary, the door girl, throwing open the door, was face to face with a man anywhere from 28 to 35 years old, well dressed but with a hungry and wild look. Brushing aside the girl, he got into the hall. Then he turned round to the girl and said: "I have come to see Mr. Sage. I must see him." Mary told the visitor he couldn't see Mr. Sage.

"I must see him," the stranger insisted, and added. "I wrote him a letter this morning, saying I must have $2,500. I have come for the money." Mary was thoroughly alarmed, but she repeated that the man could not see Mr. Sage. He put his right hand in his overcoat pocket and said, "Then I will kill him." The girl almost fainted, and scarcely knowing what to do, she stood there while the visitor continued. "You cannot escape me this time; there is nobody to help you; there isn't a policeman around, and I have two confederates at the corner of 42nd-street and two at the 43rd street corner. I tell you I am going to kill Mr. Sage unless I get that money." Leaving the door open and the man standing in the hall, Mary ran to me in the back parlor. I heard only a rumbling in the hall, but when I saw Mary's white face I knew there was trouble at hand. She told me there was a man in the hall who said he was going to kill Mr. Sage. I told her to tell him to leave the house. The girl had told him this, she said, but he would not budge. "I can't put him out," said Mary. "Well, I can," I replied, and I walked out into the hall and saw one of the most poorly-looking creatures I have ever seen. He looked so wild in the eyes and haggard. He had what I call a dead face. I walked straight at him and, as I approached him, pointed to the door and said, "You leave this house at once.

The stranger reminded me of some hounded cur, though he made some slight resistance when I pushed him half way through the door. He moved in a slinking sort of a way. I did not tell Mr. Sage of the occurrence that evening; but waited until Sunday morning."

Mrs. Sage has always been known for her grit. She is not a large woman, but has plenty of nerve. Further along she told how she had been annoyed by thousands of letters begging for money since the disaster to Mr. Sage. Some of the letters called for $5000 and others for $40,000," she said, "and scarcely any of them are for less than $1000. I do not wish to complain, but the second day after the explosion a woman in Harlem sent me a letter demanding a big sum of money, and last week she sent me a letter complaining because I had not answered her former letter. One of the letters says: "Although Russell Sage has escaped dynamite, he will not escape the pistol—sure death."

A Train Crashes Into a Buggy at a Crossing With Fatal Results.

ORANGEVILLE, Dec. 22.—Mr. and Mrs. Robert Keyes of Amaranth station were driving home from Orangeville market in a buggy yesterday and in passing the West Broadway railway crossing a freight train struck the buggy. Mr. and Mrs. Keyes were thrown into the air and fell bruised and bleeding in the fence corner. Mrs. Keyes died in a few minutes, but her husband escaped with a few cuts.

You May Wear Your Hat in Church.

STRATFORD, Dec. 22.—Rev. Manly Benson of Toronto, who preached in the Waterloo-street Methodist Church Sunday, before commencing his sermon requested that some of the windows be drawn down a little to keep the temperature down. "I know," said he, "the danger of a draught and if anyone feels a draught and feels that it is hurting him let him put on his hat and keep still. It will hurt no one if you sit with your hat on."

All the Family Die from Grip.

BIRMINGHAM, Conn., Dec. 23.—The grip is spreading here, and to-day four deaths from it were reported. Mrs. Julia Munson, who lived on Great Hill and was the last survivor of a family of four stricken with the grip in one week, died last night. Herbert Carpenter, Mrs. D. Criggs and Travers Smith died to-day.

Like the New Orleans Lynchers.

DE WITT, Ark., Dec. 23.—A body of masked men entered the jail at this place at 2 o'clock yesterday and shot to death J. A. Smith, Floyd Gregory and Mose Henderson, who were confined therein. Smith's wife obtained a divorce and he hired the negro Henderson and his son-in-law Gregory to kill her. The negro wounded the woman, was captured and confessed.

Fortune in An Old Log Hut.

DEARBORN, Mich, Dec. 23.—When creditors tore down the little log hut in which John Flynn died last month they found $3000 in bills and $5000 in gold coin between the logs. His little farm had been mortgaged to the full extent and neighbors wonder why he didn't settle.

Accessory After the Crime.

BRANTFORD, Dec. 23.—Detective Greer was in the city this morning. He had an interview with Constable Hunter regarding certain statements made to him by prisoner Douglas, and which constituted important evidence of accessory after the fact on the part of Douglas. Douglas and Bartram are still in the county jail.

A Lily Bloomed for Death.

WINDSOR, Conn., Dec. 23.—A calla lily owned by Orrin Searles is a strange freak. Mr. Searles says that 20 years ago there was a beautiful blossom on the lily stalk. His wife died and in all the years not a bud appeared until yesterday, when his second wife died. Then a fine large flower appeared and is in full bloom.

THE HOUSE DISSOLVED.

QUEBEC LEGISLATURE DISMISSED BY ANGERS.

Elections to Take Place in March—A Royal Commission Also Appointed to Investigate the Doings of the Mercier Government—Mr. Tarte Indignant.

QUEBEC, Dec. 23.—An extra of The Official Gazettee will be published to-day dissolving the Legislature and appointing a commission to investigate further alleged boodling by the late Government.

Nominations will be held on March 1 and voting March 8, writs returnable March 15.

The Legislature is called for April 7.

The New Commission

QUEBEC, Dec. 23.—The news is confirmed that Premier De Boucherville will form a royal commission to enquire into the doings of the Mercier Government. The departments will be gone through. The commission will be composed of a French-Canadian judge with a superior officer of the civil service and a well-known accountant of this city.

Mr. Mercier has definitely settled his campaign preparations. The Liberal Committee opens at the Clarendon House tomorrow. Hon. Mr. Joly de Lotbiniere enters in action again. He will, in company with several other politicians, start for a campaign tour in the province.

It is said Mr. Masson refuses to enter the new Cabinet again owing to ill-health.

Composition of the New Cabinet.

The new Ministry was sworn in by Lieutenant-Governor Angers as follows:

Mr. De Boucherville, Premier and President of Council.
Mr. Hall, Treasurer.
Mr. L. P. Pelletier, Provincial Secretary.
Mr. Nantel, Public Works.
Mr. Flynn, Crown Lands.
Mr. Beaubien, Agriculture.
Mr. Casgrain, Attorney-General.

There are three Ministers without portfolio, namely, Messrs. L. R. Masson, L. O. Taillon and J. Mackintosh. It will be seen that the English have one Minister more in this Government than in that of Mr. Mercier's.

It is said that the Lieutenant-Governor will dissolve the Legislature and order a new election. Meanwhile another commission will examine the acts of the recent Administration.

Mercier's Forces Organized.

In point of organization the Mercierites are more advanced than the Conservatives. Mr. Mercier and his friends have the old campaign organization, which gave them 28 majority last year at Quebec, and although the ex-Premier loses in Pacaud, who is no longer the party organizer, an able lieutenant, still there are many others willing and capable to replace him. Mercier will address meetings shortly at St. Hyacinthe, St. John, P.Q., Coaticooke and Sorel. Mr. Mercier will most likely be accompanied in his tour by a numerous escort of partisans of all nationalities, the speakers being for French audiences, Messrs. M. Langelier, Beique, Turgeon, M.P., and Poirier, and for English audiences Hon. Joly de Lotbiniere, Hon. P. Mitchell and perhaps Mr. Greenshields. In order to open the field to all those who, differing with Mercier in politics, yet believe that a violation of the constitution has been perpetrated, the campaign will be fought exclusively on that ground and if, as the Liberals expect, the Conservatives are defeated, Mr. Mercier announces that he will call a meeting of all his friends, resign his place as leader of the party and call upon them to elect him if they believe in him or if not choose somebody else, whom he will undertake to support.

WHAT MR. TARTE SAYS.

He Says $500,000 Was Illegally Raised for Conservative Election Expenses.

OTTAWA, Dec. 23.—J. Israel Tarte, ex-M.P., who is in the city on the Connolly-McGreevy trial, says the people of Quebec are quite alive regarding such acts of tyranny as Lieutenant-Governor Angers has committed. He says Angers has been badly advised and he is sorry for him. He has committed a frightful blunder. It is not a question of Mercier and his government, but of the people of Quebec to manage their own affairs. As regards Sir Adolphe Caron Tarte says: "He betrayed me and I will put him completely in the soup before he is much older. I have not told one tittle of what I mean to prove."

"Suppose Mercier to be guilty," continued Mr. Tarte, "who are his accusers? They are men whom I know to be far worse than he—the Federal ministers, who knew of the Langevin-McGreevy frauds, and at whose special request I made my charges last session."

Continuing, Mr. Tarte said he would like to know whether Sir A. P. Caron did not know of somebody else besides Mercier who had signed endorsed promissory notes for election purposes, which he had never been called upon to pay, but had been redeemed by contractors whose action was never repudiated. The last Dominion elections had cost the Conservatives $500,000. Where did they come from? If the electors of Montmorenci returned him once more he pledged his honor that he would demand an investigation and prove that such a sum had been expended, and also show whence a large portion of it came. He would prove also that the day before polling at the last elections a federal contractor had arrived in Quebec with $45,000 to be expended in Tory corruption and that a minister of the Crown was perfectly cognizant of that fact.

The Larkin-Connolly Trial.

OTTAWA, Dec. 23.—The case against the Connollys, Mick and Nick, and Hon. Thomas McGreevy for conspiracy etc., was resumed in the Police Court yesterday before Judge Ross. Martin P. Connolly, bookkeeper of the late firm of Larkin, Connolly & Co., and R. McGreevy, son of Robert H. McGreevy, an exile in the United States, were examined, but their evidence was of no account. The question as to the admissibility of the Parliamentary Committee's evidence was considered. His Honor decided to accept the evidence, subject to objections, and Walter Todd put in the blue book.

The Court then adjourned.

Through the Ice.

OTTAWA, Dec. 23.—Thomas Mulligan, aged 12, wandered out on thin ice at Campbellford village, broke through and was drowned.

Lost the Load.

SUNDRIDGE, Ont., Dec. 23.—Mr. Charles Tripp of this place was to-day crossing Round Lake with a load of log sleighs when the ice broke letting the load and horses through. The team was drowned and the load lost, Mr. Tripp narrowly escaping

Ashburnham News Notes.

PRESENTATION AND ADDRESS.—A very pleasing event took place on Saturday evening at the Mark street parsonage, when Miss Thom was presented with a handsome jewel case and the *following address* :—

DEAR TEACHER.—We, the undersigned members *of your Sunday school class*, having learned with deep regret of the near approach of your departure from our midst, have taken the present opportunity of meeting you once more before you leave us. During the short time you have been our teacher we have learned much from you of the way of eternal life ; your words and acts of love, ever pointing us to Jesus, our Saviour, have taken a firm hold on our affections, and it is with sorrowing hearts that we think of your departure from us. You came amongst us a stranger, and during your short stay you have made for yourself many friends. But while we thus lament our present loss, we look forward with gladness to a happy meeting in the paradise of God, in the mansions of the New Jerusalem.

"Time is the seed plot for eternity,
Eternity the harvest field of time."

May the seeds of love which you have sown, and may sow, wherever under God's providence your lot may be cast, be watered by the dews of God's grace and bring forth much fruit in the harvest field of eternity. We wish you to accept the accompanying jewel case not as any compensation for your services, but as a memento of the days you have been amongst us. We cannot but look with interest on your career in life ; your success will be our opportunity for rejoicing, and we shall ever pray that the cup of your prosperity may be always full.

Mrs. W. Wand has been very ill for some days, but is now recovering.

Preparations for the Christmas boat and entertainment of the Mark street Sunday school are progressing favourably, and a good time may be expected.

Y. M. C. A. Notes.

The Ladies Auxiliary met yesterday afternoon and made preliminary arrangements for the "New Year's at Home" which promises to be unusually attractive this year. The ladies are endeavoring by the help of the christian citizens to make those young men who are away from home realize some one cares for them; we are satisfied they will succeed. The "At Home" will be held on New Year's day from 3 to 7 p.m. Music, games, etc, will be provided and refreshments served during those hours.

At 8 p.m. Mrs. Baeyertz, the converted Jewess, will give a special New Year's address, and music will be provided by the Y. M. C. A. band and others.

Bible study and Prayer service this Thursday evening, all young men welcome.

The Old Man Would Have His Joke.

Two boys, who owned a cattle farm out West,
Christened it "Focus," at their sire's request ;
The old man thought it quite a good conceit,
For there the sun's rays meet—(the sons raise meat !)

The lads prospered, and they and their families enjoyed the very best of health. Dr. Pierce's *Pleasant Pellets* were always found in their medicine chest—the only positive cure for bilious and sick headache, dizziness, constipation, indigestion and all disorders of the bowels and stomach. Strictly vegetable, small, sugar coated ; only one required for a dose, and their action is gentle and thorough. The best liver pill on earth. c

GOUGH BROTHERS

SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying ! A noticed point is to get value ! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

Hurt by a Runaway.

CAMPBELLFORD, Dec. 22.—As Mr. and Mrs. Charles Moffatt were driving home in a sleigh from Campbellford a runaway team came up behind them and plunged in the sleigh. Mrs. Moffatt had three ribs broken and received other injuries. Mr. Moffatt sustained several scalp wounds.

Nova Scotia Protests.

HALIFAX, Dec. 22.—This morning the Supreme Court en banco gave judgment on the question of the validity of the orders enlarging the time for commencing the trial of the election petitions in Richmond, Annapolis and Inverness. The court held that the orders were invalid. The decision practically disposes of the petitions in Annapolis, Antigonish, Pictou, Inverness, Lunenberg and Shelburne, and will probably result in the members for these counties being confirmed in their seats and of the judgment of the trial judges unseating Mr. Gillies in Richmond being set aside.

The Powers Decline.

(From Our Own Correspondent.)

As Mr. Mark is compelled to leave this school section, contrary to the wishes of a majority of ratepayers, a number of his numerous friends wished to have one more opportunity of a friendly and social visit. So they formed themselves into a surprise party. Mr. Mark was completely ignorant of their designs and was wholly taken unawares as they formed in column, carrying a well organized commissariat of well filled baskets and succeeded in capturing the citadel. They celebrated their triumph in a sumptuous repast to which about 100 sat down. Not satisfied with their successes this far they still pushed forward their hosts, led on by Rev. J. Curts and Rev. F. Andrews who finally called upon the storming party to halt, then called the prisoners—Mr. and Mrs. Mark captured by their continued kindness and present manifestation of good will, to step forward, when Rev. J. Curts read the following address:—

Mr Keward Mark, Head Teacher Public School:

Dear Sir:—It is with much pleasure we have taken the liberty this evening to meet you and your dear family in your home and convey to you some small token of the high esteem in which you are held by your numerous friends. We realize that it is especially befitting to do so as we are aware with profound regret that you are about to take your departure from us and enter upon another field of labor. Permit us to say that we feel our deep obligations to you not only for the excellent record you have made for yourself as a most efficient educator during the eleven years of your residence in this section of country, as well as your congenial spirit as a neighbor, and your unblemished Christian character, and also for the salutary influence you have wielded in the formation of youthful character for good and useful lives. Your Christian urbanity is recognized by all sections of the Christian church, and your public service for the cause of Christ duly appreciated. You may be assured, dear sir, that the memory of your name will be as "ointment poured forth." It is due to say to Mrs. Mark that her unremitting kindness in the sick room, and to those who needed her help, will ever be cherished with gratitude. While we deeply feel the loss which this section sustains in your removal, we congratulate the people in your new section, on their gain. Hoping for you and your dear family a bright and prosperous future, and trusting finally to meet you, and your loved ones in the Heavenly Home—where there will be no separation. And now, dear sir, with this brief address, will you allow us to present this purse as a tangible evidence of our good will for you and yours.

Signed on behalf of all who have given expression of their appreciation.

December 18th, 1891.

Rev. F. Anderson then made an eloquent and impressive appeal and presented Mr. Mark with a purse and its contents, which made him richer by $58; a friend also presented a crock of butter of twenty-seven pounds. Mr. Mark made a suitable reply. Speeches were given by Mr. Kindred, Mr. McCamus, Dr. Harrison and others, after which the company dispersed with expressions of hearty good will to Mr. Mark and family.

Last Monday night, at a social gathering of Mr. Mark's Bible class in connection with the Keene Methodist Sunday school, after tea and at the close of a pleasant evening spent in songs, &c., Rev. Mr. Curts, in an informal manner, presented Mr. Mark with two books, "Life and Epistles of St. Paul," two volumes in one unabridged, and "Testimony of Nineteen Centuries to Jesus Christ." Mr. Mark replied in a feeling manner.

There are four weddings reported for this week. Not a bad thing for the ministers.

Villers.

(From Our Own Correspondent.)

The concert held in Viller's school last Friday night was a decided success both socially and financially. The programme which consisted of recitations, dialogues, songs and instrumentals on violin and guitar accompanied by the organ, was prepared by our popular and efficient teacher Mr. Grylls, his pupils and others throughout the section. Miss Bessie Bryce, of Keene, sang several songs which were well received. The school was tastefully decorated by the ladies and presented a beautiful appearance. The night being all that could be desired, the building was packed to the doors, over three hundred being present, and "all went merry as a marriage bell." the best of order prevailing throughout. Much credit is due Mr. Grylls, his pupils and those who assisted him as they made every effort to render this a success. The proceeds of the evening amounted to the handsome sum of over $33. Dr. MacNaughton, of Westwood, ably officiated as chairman.

Do you feel tired and worn out? Is life a burden to you? Are your cheeks pale and sallow? If so, try Dr. Williams' Pink Pills and you will feel like a new person. They never fail. Good for both sexes, young and old. dw

Cure for A Constipation and Headache.

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package. dw

Good Advice.

Dear Sirs—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

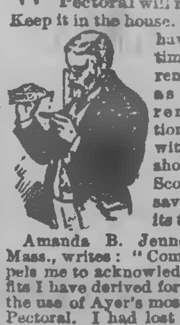
WHY COUGH,

WHEN a few doses of *Ayer's Cherry Pectoral* will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household with young children, should be without it. Scores of lives are saved every year by its timely use



Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children *from croup and consumption*, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G.W. Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. C., Jonesboro, Tenn.

Artistic and Seasonable.

The height of artistic decorative skill combined with effect in display of holiday grocery goods is shown in the show windows of W. J. Mason & Son's grocery store. It is certainly well worth seeing and as it is an index of the stock, householders can have no fear of not being supplied in any department of demand for holiday groceries.

Fell Through the Floor.

Mr. Wm. Kennealy, employed in the Dickson Co.'s saw mills, met with a bad accident this morning. He was engaged in his duties about the mill when he fell through an opening in the floor to the ground floor. When picked up it was found that he was hurt internally. A doctor was called in, who attended to the unfortunate man, who will be laid up for some time.

A New and Nobby Bar.

Mr. Cardwell, of the Cardwell House, is justly proud of his new bar, which is an elegant piece of wood work. It is constructed of oak and ash—the front of oaken pilasters and ash panels. The top is composed of alternate narrow strips of maple and oak. This fine piece of workmanship was produced at Mr. J. R. Donel's Riverside Planing Mills, and it was securely placed in position by Mr. Geordie Kincaid.

Ringers on the Track.

A largely represented meeting of the horsemen of Canada was held in Belleville Monday, the *Ontario* says, to take decisive steps to prevent so called "ringers" starting horses out of their class. Mr. M. Connors, of Peterborough, who was largely instrumental in bringing about the meeting, was appointed secretary. The meeting was thoroughly organized and a sharp lookout will be kept on these ringers, who are mostly from the other side. The practice has been carried on to excess in Canada and this winter's circuit will be closely watched by the legitimate horsemen.

Organ Recital.

Dr. Davies will give his last recital at St. John's church on Tuesday evening next, on which occasion he will play Mehul's "Henry the Fourth" Overture, Mendelssohn's Notturno from the Midsummer Night's Dream, Bach's "Giant and Dwarf," Fugue, Spindler's Phantom March, the Andantino from Spohr's "Power of Song," and other selections. He would remind lovers of classical music to keep this date in mind.

Preparing for Chistmas.

The young people of St. John's are hard at work with the Christmas decorations which are now well in progress. On the whole, things look much the same as in former years. The chief attraction, however, will be a screen of entirely new and very effective design across the chancel. A large number of poor and needy persons were made happy yesterday with baskets of provisions, liberally provided by the congregation. The choir meets for pactice for the last time before Christmas to night. Needless to say very general regret is felt in the choir, that this will be the last choir practice at which the talented Dr. Davies will preside.

Fine Old Wines For the Festive Season.

I have laid in a large stock of fine old and reliable wines and liquors imported for the Christmas and New Year's trade. Rare old port wine bottled in Oporto, a quarter of a century old; rich native wines from the celebrated Pelee Island vineyards; pure juice, unfermented wine for sacramental and other purposes; fine sherries, Maderias, clarets and champagnes in splendid condition. Extra old Scotch, Irish and Canadian whiskies Brandy, rum, gin, bottled ale, sweet cider, &c. Also a large and varied assortment of choice family groceries at moderate prices

Personal.

Miss Lillie Brennan is in Hastings visiting friends.

Mr. Ozias Laplante, of Ottawa College, Ottawa, is home for the Christmas holidays.

Mr. E. G. Toel, of the Edison Company, leaves this evening for his home in New York to spend his Christmas vocation.

Miss Mary Thompson leaves this evening for Cameron, Missouri, where she intends residing with her brother, Rev. R. L. Thompson.

Mr. Chas. Kelly, solo guitarist, well known in Peterborough, will visit Ontario shortly with a company of Chicago talent. He has taken to the operatic stage.

His Lordship Bishop O'Connor attended the funeral of Rev. Father Dowd, late pastor of St. Patrick's Church, Montreal, yesterday. He will return this evening.

Mr. H. Barnes of this town attended a grand banquet of the Sons of England, in Belleville, Friday evening, and favored the assembly with a number of vocal selections, which were, of course, very heartily appreciated.

The Guitar Recital.

A Rare and Excellent Musical Evening.

Seldom has a more pleasant and thoroughly excellent musical entertainment been presented than that given in the Y.M.C.A. rooms last night. The programme was contributed by Mr. Johnson Bane and the best local talent of the town. Being a "guitar" recital, the burden of entertainment rested upon Mr. Bane, and he acquitted himself splendidly. He contributed six out of the ten numbers of which the programme consisted. His first was a heroic marche militaire, of his own composition, and the first few bars sufficed to show he was a master of the instrument. In his hands the guitar shows magnificent resources of harmony and melody which are a revelation to those who hear Mr. Bane for the first time. His rendering of "Operatic Selections" was really magnificent, and the cordial recall brought him out in "Old Black Joe," and in his hands the instrument, that is generally guiltless of sustained tones, wailed pathetically. Mr. Bane played his own overture in a splendidly artistic manner, and his rendering of Home Sweet Home was most pathetically and expressively given. His versatility was shown by his giving an artistic banjo selection in place of the number of Mr. Arlidge, who was through illness unable to be present. Mr. Bane's first public appearance not only stamped him an artist as an executant, but a musician of high merit. He taught the people what the guitar can do, and his method enables him to teach others in a very rapid and effective manner. The other contributors to the programme did excellently also. Mr. John Miller gave a fine cornet solo—*polka de concert* Master Gussie Arlidge sang, with fine effect, Rodney's "Thy King," and "Sailing." The latter number was encored, and in reponse he gave "Remembrance." This clever lad sings with an excellence of method and style worthy of a concert veteran. Miss Nellie Wrighton gave a pleasant pianoforte solo, Bane's "New Polish Dance." Miss Louise Yokome played a double number for violin with guitar accompaniment, in a very sympathetic and airy manner corresponding to the contrasting character of the selections. She was warmly recalled but did not again appear. Miss Vair sang Bishop's "Should He Upbraid," and for an encore, "Robin Adair." Miss Vair was in excellent voice and she sang with great sweetness and expression. Mrs. Wood played her accompaniments with spirit and taste. Mr. G F. Schneider effectively supplied the accompaniments to the other vocalists. Altogether the concert as a musical entertainment was a decided success, an artistic treat, and it is to be regretted that it was not more largely attended.

Merry Christmas to All.

We thank our friends for past favors and wish them all the compliments of the season.

Police Court.

WEDNESDAY, Dec. 23rd.

At the police court this morning Police Magistrate Dumble speaking for himself and Mr Edmison, gave judgment in the Pope-Montgomery perjury case dismissing it.

Wm. Dineen, of the Queen's hotel, was this morning fined $40 and costs—in all $42 75, for selling liquor during prohibited hours on Sunday, Dec. 20th. Inspector Cochrane laid the complaint.

News Nuggets.

—There was a large market this morning and prices ranged about the same as on Saturday.

—Mr. G. J. Early entertained the members of the Y. M. C. A. band to an oyster supper at his residence last night. A very pleasent evening was spent.

—It was reported about town to-day that an explosion had taken place at Mr. Macfarlane Wilson's oil house. Investigation showed that this report was without foundation.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." MRS. PHEBE MOSHER, 90 Brooks Street, East Boston, Mass.

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.98
Increase over previous year	3,421,372 84
New Applications received in 1890	6,371,599.15
Increase over 1889	2,968,355.60
Cash income for year ending 31st December, 1890	859,078.57
Increase over 1889	325,938.35
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,323.63
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$64,394 07
" " " " 1886,	9,453 97
" " " " 1890, (four years)	232,175 69

Whiskey Did It.

An Italian woman, under the influence of liquor created quite a disturbance at the Oriental hotel last night about six o'clock. The police arrested her and placed her in the cells, where she set up a yell which almost raised the roof from the town buildings. In the midst of her "war dance" she fell on the floor in a swoon and the police thought that she was dead. A doctor was called in and restored her to consciousness. A few minutes afterwards her husband arrived and endeavored to take her home, but she escaped from him and ran into a Simcoe street alley way. It is not known whether she was caught or not.

Wedding Bells

This morning at St. John's at 7.30 a wedding was quietly celebrated, Mr. Fred Clementi leading to the altar Miss Mary Stevenson, daughter of the late Robert Stevenson. The marriage ceremony was performed in the presence of a few of the immediate friends of the contracting parties, by Rev. J. C. Davidson, M. A., Rector. The groom was supported by Mr. Thos. Fortye, while the duties of bridesmaid were performed by Miss M. Clementi, sister of the bridegroom. The wedded couple then left the church to the cheery chimes of the wedding bells, and taking carriage, drove directly to the Grand Trunk Railway station and took the 8.20 express for Toronto, whence they will proceed on their wedding tour to Buffalo, Detroit and other cities. Their hosts of friends give them cordial congratulations and best wishes for wedded happiness.

Collegiate Institute Literary Society.

Monday afternoon the society closed a successful term with a rousing debate. For the second time the third form lifted up its voice in argument against their seniors of the fourth, and for the second time they failed to win the judge's verdict. Their task was to prove that "July is a more enjoyable month than December." It was a decidedly hard and unpopular part to plead against the combined eloquence of approaching holidays, of Santa Claus now nearly in sight, and of plum pudding already almost smelt. The affirmative was upheld by Messrs. Goldsmith and Munro, and the negative by Messrs. Brooke and Wm. Cragg. While Mr. Drope, the critic, pronounced all the speeches quite good, the speech of the meeting—indeed of the whole term—was Mr. Cragg's. In his pleasing, manly presence and delivery, his fluency, his systematic arrangement, and his not infrequent eloquence, Mr. Cragg is a speaker not found in every school; and the society will be missing an opportunity of a laurel if it neglects to use this talent in debate against some of the neighbouring High Schools.

Ashburnham Public School.

An Entertainment and Presentations.

The final term of 1891 of the Ashburnham Public School was brought to a pleasant close Tuesday afternoon. The pupils of Miss Bart's division had arranged and decorated their room in a very pretty manner with handsome plants and had issued invitations to parents, friends and the scholars of the other divisions of the school. The room was filled to overflowing, and the head master, Mr. Dean, occupied the chair. An excellent programme was carried out, and, after six numbers had been rendered, Miss Jenny Scott read an address to Miss Stevenson, which was signed on behalf of the division by Emma Payne and Jenny Scott. Miss Payne then presented Miss Stevenson with a handsome silver bracelet, which she acknowledged in a few words. The remainder of the programme was carried out, and at its conclusion Miss Laura Craig read an address to Miss Bennett and Miss Alice Scott presented her with a silver bracelet similar to the one received by Miss Stevenson. Miss Bennett thanked the pupils for the present, and Miss Bart then read the names of the pupils in the division who had obtained promotion. An adjournment took place to the head master's room, where the elder pupils rendered an excellent programme of songs, dialogues, etc. The younger pupils are to be congratulated on the creditable manner in which they carried out their undertaking. They were tendered no help except an occasional valuable suggestion from Miss Bart. The proceedings closed by the singing of the national anthem

CONFERRING THE LAUREL!

Presentation of Medals, Prizes and Diplomas.

An Interesting Evening at the Collegiate Institute Rooms—A Large Gathering of Citizens—Worthy Students Worthily Remembered.

Tuesday evening was a proud day for the pupils and staff of the Collegiate Institute and in fact for all interested in the advancement of higher education. Under the comparatively new *regime* the Institute is flourishing and the record of the midsummer examinations reflected credit not only upon the staff but upon the pupils concerned. Such results accomplished under the disadvantages of incomplete equipment, indicate a brilliant future for the Institution, with its now excellent staff and well equipped building. Already there has been a marked increase in the attendance and about $600 *increase* in fees from outside pupils showing that that the name of the school for good work had gone abroad.

The commodious assembly room of the Institute was filled with pupils, their parents, and citizens. On the platform were the following prominent citizens:—Rev. A. McWilliams, Rev. E. F. Torrance, Rev J. C. Davidson, Messrs. W. H. Hill, T. Cahill, R. M. Dennistoun, John Corkery, J. Hampden Burnham, John McKee, W. G. Ferguson, Dr. Boucher, D. W. Dumble, Henry Denne, Adam Dawson, Dr. Brennan, E. B. Edwards and Charles Cameron.

A letter of regret at his inability to be present was read from Mr. J. R Stratton, M.P.P.

Mr. STEVENSON occupied the chair, and in a few introductory remarks stated that the object of the gathering was first to present the prizes and diplomas won at the July examinations, and secondly to celebrate the opening of the new school buildings, which would probably be devoted exclusively to High School purposes, and the two school premises and buildings entirely distinct. He was sure the new buildings would be entirely satisfactory and he predicted that with the excellent teaching staff now employed it would not be long before the entire capacity of the new buildings, three hundred pupils would be made use of. If the town grew as it was now doing, additional school accommodation would be required. He was certain the ratepayers would endorse the course of the Board in providing adequate school accommodation, for with first class schools, population would be attracted to the town, which the speaker eulogized in a most patriotic strain, as the best in Canada, to the accompaniment of hearty applause.

THE PRINCIPAL'S REPORT.

Mr. Fessenden, the Principal of the Collegiate Institute was received with ringing cheers when he arose to make his report of the record of the July examinations. He explained that the high school course consisted of four years. At the end of the first two years there was a uniform examination held all over the province, and also at the end of the third and fourth years. The second year's examination was called the primary examination and corresponded to what were formerly third class teacher's examinations. It was a good test of two years good work of a pupil of good ability and the pupil who passed it did well. The examination at the end of the third year was called the junior leaving, and corresponded to the departmental matriculation. At the end of the fourth year the senior leaving examination corresponding to the university matriculation was held. During the last July examinations there were twenty passed the primary, nine the junior leaving, three the departmental matriculation, two the university matriculation. The principal further explained that the late Mrs. Nicholls had left $2 000 to educational purposes, and the board had decided to use the interest to provide prizes—$20 for those passing highest in the primary examination; $30 for the pupil passing highest the junior leaving examination; and $50 to the student passing highest the senior leaving examination.

The business of presenting the medals, diplomas and prizes then followed, and this is the list in the several subjects:—

PRIMARY PASS CERTIFICATES

were presented to the following:—

Misses Maud Allis, M. Crowley, Lillie Davidson, Winifred Dench, Maud Dutcher, Mary Fife, Minnie Graham, Katie Kennealy, Celia McGee. Lillie Pratt, Annie Wood; and Messrs. Edward J. Bolton, Chas. Bradburn, Thos. H. Carveth, John Cummings, Thos. J. Dwyer, John W. Fitzgerald, Arthur Laing, Jas. McNulty and John Smithson.

Mr. E. Bolton having made the highest standing in this examination, was the winner of the Mrs. Nicholls scholarship of $20, which he received at the chairman's hands.

JUNIOR LEAVING DIPLOMAS

awarded to those having passed this examination were presented to Misses E. Lillian Clarke, Maggie Campbell, Emily McCleary, Bertha Might, Catharine O'Connell, Elizabeth O'Connell; and Messrs. Alfred Carveth, John VanEvery and T. J. Wallace.

Mr. Alfred Carveth having passed the highest in this examination, was awarded the Nicholls scholarship of $30.

PASS MATRICULATION DIPLOMAS

were presented to Messrs, Charles McKee, A. H. Robinson and W. A. Wilson, and Toronto University matriculation examinations had been passed by Messrs. H. Bell and Roland McWilliams whose certificates had been forwarded directly by the department.

THE J. H. BURNHAM MEDAL.

The gold medal, offered by Mr. J. Hampden Burnham, a graduate of the Peterborough High School and of Toronto University for the pupil from the Institute taking the highest honour standing at University matriculation, was won by Mr. W. A. Wood who took first in first-class honours in mathematics at the recent examinations. Mr. Burnham in presenting this medal made a clever thoughtful and polished address, in which he referred to his past connection with the school, and university, and in which he eloquently urged students to take a course in natural science as the one best adapted in this utilitarian age to qualify him for fulfilling the highest duties of citizenship. Mr. Burnham's speech, for it is well worthy the name, was a pleasure as well as profit to hear and furnished practical exemplification of the excellence and thoroughness of our high school and university training.

CONGRATULATORY ADDRESSES.

Mr. DUMBLE, congratulated those present on the new building as a step in the right direction. But for this new school building it would be impossible to have held a gathering like that of the evening. This room in the means it would provide for debating and literary exercises, would train pupils to make use of their education. He heartily congratulated the pupils who had received certificates of honour and medals. The industry and application that helped win medals was more valuable than money or lands. He commended the High School; for the great achievements of the day were accomplished by men who had had higher culture than the public school could supply. He commended the High School very heartily and justified the Board in its efforts to improve the school and buildings.

Dr. BRENNAN was delighted to be present and witness the result of the good work done and it was an especial pleasure to him as a trustee of the Separate School Board, to see that two ex-pupils of the Separate School had taken a prominent place among the prize winners.

Mr. C. J. LEONARD, chairman of the Separate School Board, commended the Collegiate institute for its work, and spoke of its usefulness in training pupils to business studies, that a public school education would not permit. He had great pleasure in stating that the High School had the entire sympathy of the Separate School supporters, and wished it continued success.

Remarks, largely similar in tone and spirit to those which had preceded, were made by Mr. E. B. Edwards, Mr. R. M. Dennistoun, Rev. E. F. Torrance, Rev. J. C. Davidson. Rev, J. E. Trotter, and Rev. A. McWilliams,

During the evening, at suitable intervals, a pleasant programme of music was given, consisting of a vocal solo by Mr. Drope, three melodious with well sung glees by the Institute Glee Club, and the clever, well written and well read valedictory address by Miss E. Lillian Clarke. The evening's programme was brought to a close by the singing of the national anthem.

Mr. Fessenden, the energetic principal, received cordial personal congratulations from a large number of prominent citizens on the success of the evening's proceedings as indicating the efficiency of the teaching of the Peterborough Collegiate Institute.

BUNCOED IN THE CHURCH'S NAME.

Three-Card Monte Men Hunt Victims in a New Guise.

MASSILLON, O., Dec. 22.—Harmon Schriver, an aged, respectable and wealthy citizen, met two entertaining strangers the other day. He would not gamble for all the world, but when his new-found friends proposed a quiet game, and that Mr. Schriver give his profits to the church, they overcame his scruples.

Brother Schriver and sharper No. 1 were pitted against sharper No. 2. Finally sharper No. 2 produced $10,000 and challenged the wolf and the lamb. Sharper No. 1 said he had but $5000 with him or he would accept the proposition. He appealed to Mr. Scriver to "go halves." Mr. Scriver consented and drove to Canton with his new found friends, a distance of eight miles, to get the money. After securing the cash the trio proceeded to the country, midway between Massillon and Canton, and a three-card monte game was played, the stakes being $20,000. Mr. Schriver and sharper No. 1 won the game to the delight of the venerable pillar in the church, and great was the dejection of sharper No. 2.

By this time darkness was approaching. and sharper No. 1 and Brother Schriver had $20,000 to divide, including stakes and winnings. The two sharpers decided that they had important business in Canton and Mr. Schriver said that he had to return to Massillon. With magnificent confidence Mr. Schriver's partner insisted that he (Schriver) should keep all the money and promised to meet him Monday morning to divide the spoils, which Mr. Schriver is sure he saw locked in a tin cash box provided by the strangers. Brother Schriver agreed and took the box, sharper No. 2 being satisfied to retain the key as his only receipt and only security.

Mr. Schriver trudged home to Massillon in a merry mood and his whilom companions drove furiously to Canton. The adventure rested uneasy on Mr. Schriver's conscience and he told his family about it. It was decided to open the box and a tinner was called to do do it. The lid was soon off, but in place of the $20,000 in greenbacks was a French novel and a tiny Jack-in the-box, which popped out of a cheap watch case.

A. Bellanger, Propr., Stove Foundry, Montagny, Quebec, writes: "I have used August Flower for Dyspepsia. It gave me great relief. I recommend it to all Dyspeptics as a very good remedy."

Ed. Bergeron, General Dealer, Lauzon, Levis, Quebec, writes: "I have used August Flower with the best possible results for Dyspepsia."

C. A. Barrington, Engineer and General Smith, Sydney, Australia, writes: "August Flower has effected a complete cure in my case. It acted like a miracle."

Geo. Gates, Corinth, Miss., writes: "I consider your August Flower the best remedy in the world for Dyspepsia. I was almost dead with that disease, but used several bottles of August Flower, and now consider myself a well man. I sincerely recommend this medicine to suffering humanity the world over." ①

The Addington Trial.

NAPANEE, Ont., Dec. 22.—The Addington election trial to unseat George W. Dawson Liberal, was up Monday before Judges Osler and Maclennan A. B. Aylesworth, Q.C. and E. J. Hooper for petitioner; W. R. Riddell, Q.C., and H. T. Shibley for respondent. About 25 or 30 charges were taken up to-day and disposed of. No cases of bribery have yet been established. The court adjourned until morning.

The Judges Are Unanimous.

QUEBEC, Dec 22.—Le Courrier du Canada contradicts Le Canadien's statement that Judge Jette's letter contradicts the report of the other judges and asserts most positively that all three members of the commission are unanimous in their finding. It states further that this will be proved in a very few days.

Haldimand Trial Adjourned.

CAYUGA, Ont., Dec. 22.—The court for the trial of the Haldimand election petition to unseat Dr. Montague (Conservative) opened here this evening at 8, but adjourned until to-day without taking any evidence.

King of Queen's Deposed.

ST. JOHN, N.B., Dec. 22.—Mr. King (Liberal) notified George F. Baird's counsel that he would admit corrupt practices by agents, thereby vacating the seat. The Conservatives will, however, endeavor to disqualify Mr. King or secure the seat for Mr. Baird.

Chaplin's Reward

OTTAWA, Dec. 22.—Rumor states that Mr. W. Chaplin of St. Catharines will shortly enter the Senate as successor to Hon. J. B. Plumb, who died about five years ago.

A Judge Resigns.

OTTAWA, Dec. 22.—Mr. Justice Church has sent his resignation as judge of the Court of Queen's Bench of Quebec to the Minister of Justice, owing to ill-health. Judge Wurtele will probably succeed him.

The Boodle Investigation to be Resumed.

OTTAWA, Dec. 22.—Judge Ross will to-day resume the investigation into the accusations against the Connollys and Hon. Thomas McGreevy.

Mosseau of Soulanges Unseated.

COTEAU LANDING, Que., Dec. 22.—J. O. Mosseau (Liberal), M.P. for Soulanges, was Monday unseated on his own admission of corruption.

Postponed for a Day.

HALIFAX, Dec. 22.—The trial of the petitions against Messrs. Kenney and Stairs (Conservatives) has been adjourned until to-day.

LEFT HER MONEY TO A POLICEMAN.

The Strange Freak of a Woman in the Last Stages of Consumption.

CHICAGO, Ill., Dec. 22.—Several years ago the father of Mary A. Gavin, a wealthy undertaker, gave his sons and daughters a partnership in the business.

In due time he died and the business went on prospering. A few months ago Miss Gavin fell a victim to consumption, and as her death approached her brothers and sisters began to feel solicitous about her money, which amounted to $20,000. They requested her to convey it to the family but she refused, and while in the last stages of the disease she went out to look up an attorney. She met a stalwart policeman, Benjamin Langlois, on the corner swinging his club, and asked the way to the lawyer. He asked her what she wanted of a lawyer, learned of her family troubles and proposed that she marry him. She consented and they fixed the ceremony for the next day. In 24 hours her disease assumed a deadly phase and she could not leave her bed to become a bride.

Father Cashmere was sent for, but he refused to marry them. Then the policeman went for a minister, but the family refused to allow the minister or policeman to enter the house. Then the bluecoat bethought himself of a lawyer. The attorney came, but, as he could not marry them, he made Miss Gavin's will, in which she left the chance policeman her $20,000. Then she died, and now the family and the policeman propose to lock horns in court over the will.

New Sarum Notes

DEAR SIRS,—I have used 6 bottles of B.B.B. I took it for liver complaint. Before I took it I had headache, and felt stupid all the time, but now I am healthy and entirely well. In addition I have a good appetite, which I did not have previously.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed Miller's Emulsion nearly always succeeds. It is the best kind of a flesh and blood maker, and has been used with marked success by the physicians in the Insane Asylum, Penitentiary, Hotel Dieu, and General Hospital in Kingston, Ont. In big bottles, 50c. and $1. At Peterborough drug stores. dw

TROUBLE BREWING.

France's Imbroglio with Bulgaria May Burst the Warcloud and Light a Flame in Europe.

PARIS, Dec. 21.—M. Herbette, French Minister at Berlin, has advised Foreign Minister Ribot that the German Government supports Bulgaria in her attitude in the Chadourne affair and holds that M. Stambuloff had no action but to act as he did, and that France is not justified in rupture of relations with Bulgaria.

The attitude of Germany as regards affairs, however, will not alter M. Ribot's policy, which is approved by the whole cabinet.

In the Chamber of Deputies to-day the Minister will maintain the illegality of the arrest and expulsion of M. Chadouine and will assert that the general hostility of the Bulgarian Government was shown in the watching of the residence of M. Lanele, the French charge d'affairs.

At the same time he will announce the determination of France not to submit to violation of treaty rights.

In regard to the note sent to M. Cambion, the French ambassador to Turkey, instructing him to present formulated demands to the Porte for an apology from Bulgaria and that she be made to rescind the order of expulsion against Chadouine, it is now stated here that semi-official advices from Constantinople are that the Porte will reply that the matter is an internal affair of Bulgaria which does not come under the jurisdiction of the suzerain, and that as France only applied to the Porte after the rupture it is impossible now to interfere.

SOFIA, Dec. 21.—Premier Stambuloff, explaining the Chadouine affair in general committee of the Sobranje to-day, declared that there was neither motive nor desire to cause a breach with France, but Bulgaria could not recede from the position she had adopted. He hoped the Sobranje would support the Cabinet in this conclusion. This was received with loud applause.

STARVING RUSSIANS.

COUNT TOLSTOI TAKES ACTIVE MEASURES FOR THEIR RELIEF.

Help from the Czar's Family—The Boodlers Get Their Work in and Steal from the Famishing—People Knouted to Death for the Most Trifling Crimes

MOSCOW, Dec. 23.—Corruption is so ingrained in all classes of society that the Grand Duke Sergius, a brother of the Czar, is making himself intensely unpopular by his efforts to suppress fraudulent practices. At a recent meeting of wealthy merchants the Grand Duke was roundly hissed. The latest scandal is the misappropriation of $12,500 sent to the Orla branch of the Red Cross Society, of which the Czarina is chief patroness, for relief purposes among the famine-stricken people.

ST. PETERSBURG, Dec. 23.—The Czar has sent Col. Wendrich to Rostoff, invested with absolute powers to so organize railway traffic as to effect a distribution of corn. The Czarowitz has just donated 50,000 roubles to the famine fund, while the Grand Dukes George, Alexander and Sergius have each contributed 40,000 roubles. Money for relief purposes is also flowing in freely from other sources.

Count Tolstoi, who has just returned from the famine-stricken districts, was interviewed to-day on the present state of affairs among the distressed people. He announced that his co-worker, M. Koyeffsky, recently died of influenza. Count Tolstoi declared that if the Government would promote village industries, sufficient work could be found to avert actual starvation. The ordinary authorities should establish public feeding places. He himself had started 30 such places, which fed 500 persons daily, at the cost of three shillings monthly for each person. The meals consisted of wholesome vegetable porridges without meat. Ignorance as to the situation and amount of stocks of grain, he said, prevents a proper organization of relief. The Government should ascertain the true state of affairs when supplies would be brought from America and other countries. The count indignantly opposed the Government plan of building railways, which, he said, were a curse, and would ruin Russia. Railways would deprive the peasants of the only occupation in winter, when, field work being impossible, by acting as carriers they are sufficient to procure food for their horses and keep themselves in condition until field work recommences. The count stated that the wealthy peasant, to be an example, ate mouldy bread and then gave the same to the workmen and their children, thus causing a terrible infant mortality.

A BONAPARTE SUED.

An English Law Altered to Suit the Crime.

LONDON, Dec. 23.—To-day the application of Rosalie Barlow for a divorce from Prince Clavis Bonaparte, son of the late Prince Lucien Bonaparte, on the ground of bigamy in marrying Laura Scott in October last was refused, and Prince Bonaparte then presented a counter petition asking for a dissolution of his marriage to the petitioner on the ground that the woman's first husband was still alive. It had been supposed that petitioner's first husband, who had instituted proceedings because of her intimacy with the Prince, had been granted a decree, as Rosalie and Prince Louis Clavis were subsequently married.

The Steamer Abyssinian Takes Fire At Sea

SOUTHAMPTON, Dec. 23.—The North German Lloyd steamer Spree, with the passengers and crew of the steamer Abyssinia on board, arrived here at late hour last night. Fire was discovered on the Abyssinia by the officers at noon on Friday. The flames had then gained such headway that they soon spread over the whole vessel. The passengers first heard of the fire in the afternoon. Three hours later the steamer Spree was sighted and she was asked to take off the Abyssinian's passengers and crew. The Spree immediately sent her boats and all on board the Abyssinia were safely transferred, with the exception of one seaman, who jumped overboard and was drowned. As there was then not the slightest chance of saving the Abyssinia she was abandoned and the Spree proceeded on her voyage. Among the passengers were John Harvey of Weston, Ont., and Charles Massey of Montreal.

The Bibilee Against Dr. Monteyne of Haldimand Dismissed

CAYUGA, Ont., Dec. 22.—The attempt to unseat Dr. Montague, Conservative M.P. for Haldimand, has failed the evidence offered failing to show any culpability on his part. There had been considerable personating, however, and no costs were allowed. The cross-petition against Colter, the defeated candidate, was also dismissed without costs.

The Halifax Petition.

HALIFAX, Dec. 22.—The trial of the Halifax petition was resumed yesterday. The court refused to allow the petitioners to add any further charges to their particulars and ordered a large portion of the particulars filed to be struck out as too indefinite. Portions thus struck out constitute a large proportion of the whole. John F. Stairs was the first witness and occupied the witness stand all day.

Senator Chaplin.

ST. CATHARINES, Dec. 22.—The announcement in The Toronto World yesterday that Mr. William Chaplin, one of our leading manufacturers, is to be called to the Senate created intense excitement here to-day. The matter is discussed to the exclusion of all other subjects. It was generally supposed the honor was to be conferred on Dr. Ferguson. Mr. Rykert was also in the field and is very bitter over the elevation of his former antagonist.

The Purest Election They Ever Tried.

NAPANEE, Ont., Dec. 22.—The trial of the protest against election of Mr. Dawson as M.P. Addington was finished Tuesday morning. The only two or three remaining charges being disposed of, Judges Osler and Maclennan dismissed the petition with costs and pronounced it the purest election they ever tried.

Dr. Wilson Will Run in East Elgin.

AYLMER, Ont., Dec. 22.—The Reform convention met here yesterday and selected Dr. Wilson, ex-M.P. of St. Thomas, as a candidate to contest the riding of East Elgin at the coming by-election.

HALIFAX, N.S., Dec. 23.—F. F. Forbes of Moose River, N.W.T., who is at present in Halifax, has been tendered the Liberal nomination for East Assinaboia as Mr. Dewdney, the present M.P., will accept the Lieut.-Governorship of British Columbia shortly.

A Supposed Horse Thief Cuts His Throat in Jail.

PRESTON, Ont., Dec. 23.—An unknown man was arrested yesterday for trying to sell a horse and buggy supposed to have been stolen. He was placed in the lock-up. Two hours later police found the prisoner on the floor of his cell with his throat horribly gashed, and beside him, written on a piece of an old geography map, this message: "I am gone to the devil—yes, gone. Do not bother yourselves about me. This is the last of me."

He is still alive but unconscious, and has not yet been identified.

"Father of the Canadian Press" Dead.

BROCKVILLE, Dec. 23.—Lt.-Col. David Wylie, known as "the father of the Canadian press," died yesterday, aged 80 years. Col. Wylie was born in Renfrewshire, Scotland, in 1811 and was associated with journalism in England and Scotland, until 1845, when he came to Canada as a reporter on The Montreal Herald. From 1850 to 1883 Mr. Wylie edited The Brockville Recorder.

Author of "Box and Cox" Dead.

LONDON, Dec. 23.—John Maddison Morton, the dramatist, is dead.

Mr. Morton was 80 years old, and during his long life was a prolific writer of farces, among them "Box and Cox," which became famous. His plays were as successful as they were numerous, and the royalties paid him would have made most men rich, but he was so improvident that in his old age he had to seek shelter in the Charter House of London.

THREW A PLATE AT HIS WIFE.

Because He Led the Life of a "Toad Under a Harrow."

STRATFORD, Dec. 23.—Because he thought his wife had bought a fiddle for one of the children, John Smith of the Gore of Downie threw a plate at his wife, inflicting a wound on her head which bled freely. At the police court to-day Smith declared that he was a badly used man and led the life of "a toad under a harrow" with his wife. His worship decided to impose a fine and bind the prisoner over to keep the peace.

The Assault on the Rideau Pay Master.

OTTAWA, Dec. 23.—Henry James Cook, an old-timer, has been arrested on suspicion of being the assailant of Mr. Frank Abbott, pay master of the Rideau Canal. Mr. Abbott, however, fails to identify him.

PRETTY ROMANCE ENDED.

A Tale of Love, Elopement, Abuse and Remarriage.

PITTSBURG, Pa., Dec. 23.—A pretty though tragic romance has just ended by the second marriage of the heroine. Mrs. Piere Pituo, who was a lovely French girl, fell in love with young Pituo and they eloped to America. The husband became a drunkard and abused the young wife after she had inherited $20,000 from an aunt. Drink drove him insane and he is now in the Norristown Asylum. The poor woman just got a divorce here and went to Philadelphia, where she yesterday married a young Frenchman. They returned to this city, where they will reside.

Eczema on a Lady.

Stubborn Case of Skin Disease Covered Her Face and Body—Many Doctors Baffled.

Marvellous and Complete Cure by Cuticura—Six Years have Elapsed and No Return.

A lady customer of ours (Miss Fanny Atwood of Caroline Depot, N. Y.) has been cured of a stubborn case of skin disease by the use of CUTICURA REMEDIES. She remarked that her case had baffled the skill of many well-known physicians. They unanimously pronounced it Eczema, with Rheumatism lurking in the blood. Some predicted that any treatment strong enough to cure the Eczema would surely increase the Rheumatism. She used two sets of the CUTICURA REMEDIES. The effect was marvellous. Her case of Eczema was not only completely cured, but her Rheumatism was greatly relieved during the treatment. Six years have elapsed since the cure was performed, her Rheumatism has since never increased by the treatment, but rather diminished, and she sees no symptoms of the return of the Eczema which once so completely took possession of her face and body. Miss Atwood delights in telling of the good effect that the CUTICURA treatment had upon her, and recommends unsolicited the CUTICURA REMEDIES for Eczema and all kindred ailments. Your preparations find ready sale; indeed, CUTICURA SOAP is on the list to buy almost continuously.

THOSE EXPRESS COMPANIES.

The Railway Committee Will Wait to See What the Grand Trunk Will do.

OTTAWA, Dec. 24.—The Railway Committee of the Privy Council has given its decision on the application of the Ontario Express Company for an order compelling the Grand Trunk to grant them facilities equal to those afforded the Canadian Express Company. The committee decline making an order until after New Year's day, the date fixed by the Grand Trunk for taking the express business into its own hands. If the Grand Trunk continues after Jan. 1 to afford facilities to any company the application of the Ontario Express Company will be granted.

THE CONTRACTORS' TRIAL.

Expectation that McGreevy and Partners Will Be Sent for Trial.

OTTAWA, Dec. 24.—The trial against Uncle Thomas and the Connolly brothers was again resumed in the Police Court this morning before Judge Ross. All the forenoon was taken up by Mr. Osler reading the evidence which was taken before the Privileges and Elections Committee last session, and which the judge admitted under objection as evidence in this case.

Will Featherstone stay?

BRAMPTON, Ont., Dec. 24.—The Peel election trial was resumed here yesterday. Mr. Aylesworth, for respondent, continued his arguement on charge 15, and judgment was reserved till later. It is generally thought that this charge will be dismissed. This is one of the strongest on the list, and the petitioner's counsel hoped to void the elections on it.

Halifax Election Voided.

HALIFAX, Dec. 24.—In election court yesterday Kenny and Stairs, Conservative M.P.'s, through counsel admitted hiring of teams by agents for election purposes. The election was therefore voided. Counsel for petitioner then applied for costs on personal charges as well as other charges. Court adjourned till Monday next, when decision will be given.

South Victoria Liberals.

LINDSAY, Ont., Dec. 24.—A largely attended Reform convention held yesterday in the opera house to nominate candidates in reform interest for forthcoming bye-election in South Victoria for the House of Commons. Mr. W. Eyres of Mariposa, president of the association. Mr. Thomas Walters, Mayor of Lindsay, was the only candidate nominated and he was at once heartily and unanimously adopted.

G. T. R. Safe Blown.

LISTOWEL, Ont., Dec. 24.—The safe in the G.T.R. station here was blown open last night and $111 taken. The postoffice was also entered, but only a little change was taken from the till. It was doubtless the work of experts. There is no clue as yet.

Waldie for Milton.

MILTON, Ont., Dec. 24.—The Halton Liberal convention held here yesterday for the purpose of nominating a candidate for the coming by-election, was largely attended. Mr. John Waldie was the unanimous choice of the meeting.

REV. MR. WEIH, THIEF.

HIS LODGINGS LOADED WITH SPOILS FROM MANY SANCTUARIES.

Three Altars There, But He Is In Prison for Five Years—Mania to Steal Bibles, Chalices, Hymn Books, Candlesticks and Any Articles of Religious Service.

NEW YORK, Dec. 24.—On the door of a second floor room in the tenement No. 431 East Seventeenth-street there has been nailed for about a year a tin plate with the inscription: "Rev. J. Weih, German Pastor. Office hours, 9-12 a.m.; 7-9 p.m." Mrs. Bock, the landlady, hasn't curiosity, and so long as she got her rent she didn't bother about the Rev. Mr. Weih. He came and went as he pleased and the landlady did not even get a glimpse into his room, for he attended to the chamber work himself and always locked the door when he went out. Sometimes he appeared in a clerical cap and gown, which gave him a real sacerdotal appearance, and the other lodgers thought that he was indeed a minister. They agreed, though, that he was very eccentric.

At first Mr. Weih occupied only one room, but when the lodgers in the adjoining one left he took that also.

Mrs. Bock probably never would have known what the apartments of her eccentric lodger contained had it not been for the police. She had never asked him anything about himself, and didn't even know with what church he was connected or with what denomination. No one else did, either.

It all came out yesterday and the mystery of Rev. J. Weih was explained through the arrest of a man in Hoboken. A little over a week ago Mrs. Bock's lodger disappeared, and a few days later she received a postalcard from Hoboken saying that the writer was in jail there for shooting a man, and asking that his things be taken out of his rooms and placed in the cellar for safe keeping. A little later that day she received a Hoboken newspaper, with the account of the arrest of Frederick Schneider marked so as to catch her eye. The paper said that Schneider had been arrested for stealing books from the German Methodist Church on Garden-street. He was carrying them in a bag to the ferry when Policeman Hammond arrested him. He was taken to jail and confessed. He claimed that some one else had personated him.

Mrs. Bock put on her thinking cap, and after a while concluded to look into the Rev. Mr. J. Weih's room. What she saw there so astounded her that she closed the door quickly and sent for the police.

Even the police were amazed. Trunks, boxes and bundles were piled along the walls of the two rooms and on the tables and the walls were all sorts of things. Three alters were erected against the walls—one for Roman Catholic, one for Protestant and one for Jewish worship. Chalices, pitchers, vases, bibles and hymn books were piled on the altars, and above and around them were Sunday school banners and mottoes in profusion. The rooms were almost jammed with the paraphernalia of churches and Sunday schools of many creeds and many nationalities.

Verily, the Rev. Mr. J. Weih has been a gleaner in the church vineyard. All was fish that came to his net. Costly silver vessels used in the celebration of the mass and worthless scraps of Sunday school blazonry were alike welcome in that marvelous collection. Here is a partial inventory:

Three silver plate pitchers, five chalices or goblets, three pairs of altar candlesticks, likewise of silver, five silver card plates, three call bell, four napkin rings, eighteen plated spoons, three forks, two small hourglasses, two microscopes, three crucifixes, two gilt chains, two pawn tickets, a seal ring, a superintendent's gavel, two pulpit Bibles, one bearing the inscription that it belonged to the Baptist Mission Sunday School of Hoboken, a stamp of seal with the imprint of the "Mission of the Twelve Apostles," two boxes of drawing instruments, a needle case, a plush bound album, a writing case, poor box, loads of banners, rugs, brocade portieres, curtains, little iron safes, table covers and piano covers.

How the Rev. J. Weih contrived to get all the stuff into his rooms puzzled Mrs. Bock. No one had ever seen him bring anything to the house, yet it must have taken him months to accumulate that variety and quantity of church goods.

The police concluded that the Rev. G. Weih was a religious monomaniac. A great deal of the material was valueless, except perhaps to the owners. Mrs. Bock told them of the arrest of Schneider in Hoboken, and a lodger who knew Weih was sent over there with an officer. Schneider was identified as Weih. Mrs. Bock said that Weih was a friend of Rev. Conrad Doench, pastor of the Second German Presbyterian Church, No. 425 East Houston-street. When Mr. Doench was asked about the man he said that he knew Weih only slightly as an occasional visitor to his church.

It was about 4 a.m. Monday, Dec. 3, that Weih was arrested in Hoboken. He was loitering near the Hoboken ferry-house and had two heavy bundles on his shoulder. At first he pretended to be deaf and dumb, but at the station house he said he was Frederick Schneider, a watchman, with no permanent home. Burglar's tools were found under his coat. In this bag were Bibles, prayer books and song books, printed in German. The prisoner finally acknowledged that he had robbed the German Methodist Church in Garden-street, near Second

Rev. C. A. Gaebelein, the pastor, dentified the stolen goods and went to the cell to see Schneider. He was greatly surprised when he saw the prisoner. Schneider held his head low as if he wanted to get out of sight. Mr. Gabelein said that Schneider had frequently been to his home and solicited alms. He had said that he was out of work, friendless and starving. Mr. Gaebelein had helped him.

Schneider was speedily tried. He pleaded guilty and was sentenced to State prison at hard labor for five years. At present he is in jail awaiting orders.

BRITISH AND FOREIGN.

STEAMER LOST WITH ALL HANDS ON BOARD.

The Cold Weather Continues in England—The Pope Delivers an Address—The Chinese Troubles—The Powers to Seize Several Places.

LONDON, Dec. 24.—A boat marked "Cavalier" and a number of pieces of new wood which evidently had not long been in the water, have been picked up off the Scilly Islands, and it is believed that the steamer Cavalier, which left Gibraltar Dec. 1, for Falmouth, has been lost.

The British steamer Indian Prince, Captain Forsyth, at Rotterdam from New York, reports that on Dec. 13, when 16 miles from Bishop Rock, she passed an abandoned English steamer. The seas were breaking over the derelict and the weather was too heavy to allow the Indian Prince to approach near enough to make out her name. The details as to the abandoned vessel's rig, her color and other matters tally exactly with the Cavalier, and it is the general belief that after the steamer was abandoned everybody who had been on board of her was lost. The Cavalier was a British vessel of 1,197 tons.

THE CHINESE QUESTION.

China Would Offer Britain Formosa in Return for Protection.

LONDON, Dec. 24.—The Chronicle's Tien Tsein correspondent contributes to that journal a long and able letter showing the characteristics of the Chinese statesman and general, Li-Hung-Chang, who is viceroy of the metropolitan province of Pe Chee Lee, containing Pekin and its port. Tien Tisen is the chief administrator of the Chinese empire. The sketch contains the following: The viceroy's strength lies in his reticence. He is strong because of his office, and stronger still by self-concealment. The whole court, even the ambassadors, would fear him as an enemy, although he might lack all power. He is careful to claim that he hates foreigners. He merely uses them as a means to accomplish an end. He "picks their brains" and urges his subordinates to do the same. He is a true opportunist. He is regarded as the leader of the revolution party even, should occasion arise. He pretends to have but little knowledge of European languages in order thus to gain an advantage over foreign diplomats. He is supposed to be worth £10,000,000. He is a teetotaler, but has no belief in religion.

The Chronicle's correspondent at Shanghai telegraphs: "Although Great Britain is ostensibly represented on the Yang-So-Kiang, the admiral has not yet appeared at Shanghai. He has been for several weeks cruising in the vicinity of Vladivostock and, of course, there is little doubt he is doing so in accordance with instructions from the home Government. These operations practically amount to a reconnaissance, and are closely connected with the Russian advance on Pamir. The British admiral visited Port Hamilton and left three ships there, which fact excited the Coreans, who were under the belief that the admiral intended to acquire Corea. Russia's movement in Asia undoubtedly changed Great Britain's intention to join the naval demonstration in Chinese waters. There are 20 American and European men-of-war here. They will seize and occupy Shanghai and Woo Sung and place officers in charge of the Chinese customs. It is the universal opinion that the crisis is only suspended and that the British will be exceptionally active. It is believed that China is willing to cede Formosa in exchange for England's support against Russia. Formosa is rich in minerals.

VIENNA TREBLED IN SIZE.

The Austrian Capital More Populous Than Chicago.

VIENNA, Dec. 24.—The old boundaries of the city of Vienna were abolished at midnight. The city now includes numerous suburbs in dimensions from 13,700 acres to 42,000 acres, and in population from 700,000 to more than 1,315,626 (the number of inhabitants of the city and suburbs a year ago).

Happening conjointly with the formation of the Zollverein, many necessaries of life will be cheapened. Duties will be levied on only nine articles, instead of on fifty-two as formerly. The consolidation is the cause of great popular rejoicing.

ANOTHER BRUTAL CRIME.

Tullamore Excited Over the Murder of a Little Girl.

DUBLIN, Dec. 24.—Great excitement prevails at Tullamore, the capital of King's County and 50 miles from here, over the outrage and murder of a little girl of seven, the case, in every respect, being similar to the crime committed at Brighton last week.

The similarity leads to the belief that these and other like crimes are the work of the same man.

A mysterious tramp, calling himself Campbell, has been arrested, blood being found on his clothing. The impression is growing at Brighton that Woods, the railway porter who was arrested for the first deed, is innocent.

An Army Surgeon in Disgrace.

LONDON, Dec. 24.—Samuel Gamble White, a retired army surgeon, has been arrested for an assault upon Miss Maude Ridley in a house in Pall Mall. On being arraigned at the Marlborough-street Police Court to-day he said that he met the young lady and took her to his sister's, but did not think that he had done her any arm. He talked so irrationally that a solicitor who was present and had come to prefer a similar charge against him abandoned his intentions, being convinced that the prisoner was a lunatic, and so stated to the court. The sitting magistrate held the prisoner for trial without bail.

An English Hanging.

DURHAM, Dec. 24.—John William Johnson was hanged yesterday in the jail here, he having pleaded guilty. He died with perfect composure. Johnson, it will be remembered, had lived for several years as a lodger with Mrs. Margaret Addison, a respectable widow, with whom he seems to have fallen in love. On learning that she was about to be married and had left the house for that purpose, he, on Oct. 31, followed her, and meeting her on the public highway, shot her dead with a revolver.

Slaughtered by Wholesale.

LISBON, Dec. 24.—Advices received from South Africa state that while the Continhas expedition was en route from Quillimane to Maghamba an explosion of gunpowder occurred by which 60 persons were killed and 170 wounded. Continhas himself is among the wounded.

CHRISTMAS.

THE festive season is upon us again! Falling rain, slushy streets, murky skies are not in keeping with the accustomed associations, still the Christmas spirit is in the dingy air. Busy buyers throng the shops filled with piled up articles of protean variety to meet the chimney corner demand in the interest of the credulous children who are still innocent enough to have faith in the evergreen old fairy, Santa Claus. The butcher, the baker and the poulterer are kept up to racing speed to meet the demand on their wares. Evergreen boughs are clambering over the walls of churches and homes. All is bustle, animation, life and hope. Gifts come and go. The whirling railway trains roar over their metals glistening in long lines, with the unchristmas wet of Christmas rain, carrying dainty cards, loving message and cheery good wish, or bringing the wanderer from far away and near haunts to the Christmas home gathering, the annual reunion under the parental roof tree. But in the general holiday brightness there are dark spots in home and hearts. Death has entered the one and darkened the others with the grief of a lifetime. But the season celebrates the advent of the One whose mission is to cheer the broken hearted and give the hope of a home from whose circle death can get no prey. And there are yet other homes where the pinch of want is felt, where the children cry for bread. Such homes it is the duty of the more fortunate to blot out for once, at least on Christmas day. Remember when your groaning board is being spread that of your superfluity you could spare enough to make one such home happy. If each one who can, would think of this, there would not be a home in Peterborough to-morrow that would not be brightened with the light of Christmas cheer. The EXAMINER wishes all its readers a very Merry Christmas.

A Ten Dollar Gold Piece for a Cent.

Sometime ago, a gentleman bet that if he stood at the corner of Broadway and Fourteenth streets, New York, and offered gold Eagles to the passers-by for a cent each, he would find no purchasers. The experiment was tried, and it turned out just as he said. No one would believe that the coins were genuine. It seemed too good to be true. An equally remarkable offer is that made by the proprietors of Dr. Pierce's Golden Medical Discovery, the sovereign cure for consumption. Think of it! restoration to life and health for a mere song. There is not a case of lung-scrofula—in other words, consumption—that will not yield to it, if it is taken in time. It is the greatest blood-purifier ever known, and is guaranteed to benefit or cure in all diseases of the throat and lungs, or money refunded. Only extraordinary curative properities could warrant or sustain its makers in selling it thus, on trial! a

For the past year I have been troubled to a very great extent with dandruff, also a dullness of color in my hair, and through the advice of a friend (who spoke from experience) I tried your Anti-Dandruff, which, upon the application of less than a bottle of your liquid, I find my head not only thoroughly cleansed but a vast improvement in the color and growth.

I have, and do, recommend it as highly beneficial to the profession and public generally as an agreeable and welcome innovation in the remedies put forth for public favor.

Yours, &c., WM P. WOLFE,

GOUGH BROTHERS

SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

GOUGH BROTHERS wish their Thousands of Customers (and every Customer is a Friend) a Cheerful, Bright Christmas, and a Happy, Prosperous New Year.

Lakehurst.

A Christmas tree and entertainment was held in connection with the Lakehurst Presbyterian Sabbath School, on Monday evening 21st which was a decided success, it supposed to have been the largest gathering in the history of that church. At five minutes to seven the supertendent on behalf of the school called Mr. Renwick sr., to the chair and at seven o'clock, as announced, the programme was under way, and rendered in an excellent manner by the school interspersed by selections by the North Smith Presbyterian choir and Mrs. Reilly, after which the tree was unloaded of its fruit. The most amusing feature of the evening was that Santa Claus had for the superintendent a pair of boots which must have been intended for him when he was a week old.

Do you feel tired and worn out? Is life a burden to you? Are your cheeks pale and sallow? If so, try Dr. Williams' Pink Pills and you will feel like a new person. They never fail. Good for both sexes, young and old. dw

Canada's Wonder.

The more it is known and the further it carried to distant shores the greater grows the wonder. All nations and tongues declare St. Leon perfection to assist digestion, purification of the blood, the assimilation of food, circulation and promote healthy vigor life long. St. Leon has no compeer. For sale all over. dw

IF YOU ARE TIRED TAKING the large, old-fashioned griping pills, try Carter's Little Liver Pills and take some comfort. A man can't stand everything. One pill a dose. Try them. dw

It is estimated that there are five thousand different kinds of pills on the market. Should one be able to test the entire lot for a perfect specific in sick headache, foul stomach, habitual constipation and liver complaint then only one would be found—McGale's Butternut Pills. They cure where others only relieve. Price 25 cents. dw

Editorial Evidence.

GENTLEMEN,—Your Hagyard's Yellow Oil is worth its weight in gold for both internal and external use. During the late la grippe epidemic we found it a most excellent preventive, and for sprained limbs, etc., there is nothing to equal it.

Cure for A Constipation and Headache.

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package. dw

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G.W.Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various medicines, without relief, I at last purchased a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. C., Jonesboro, Tenn.

REMEMBER THE

Clearing Sale of the Season,

That takes place before Stock-taking at

THOMAS KELLY'S.

The season is now far advanced and as there is only a short time to clear out the stock before stock-taking, I have decided to make this the Greatest Clearing sale of the season by reducing the whole stock to such prices as will effect a speedy sale. We are determined not to carry any goods over another winter season. The goods are all new, of the finest quality and the prices that are asked, unprecedented.

DRESS GOODS! DRESS GOODS!

The whole of our large stock of Dry Goods will be cleared out at a slight advance on cost.

NOW IS THE TIME TO GET WHITE AND GREY COTTONS AT MILL PRICES.

A Large Stock of Table Linens, Table Napkins, Sheetings, Tickings Quilts, Cretonnes, Grass Linens, Check Linens, Towels and Towellings, Lace Curtains, Pillow Cottons, Toilet Covers, &c., very low in price.
5 Pieces Circular Pillow Cotton for 12½c per yard, and 46 in. wide.

The time is short to clear out the stock, so you can expect to get bargains. It is money we want, and we are determined to have it.

THOMAS KELLY
Corner of George and Simcoe Streets, Peterborough.

THREE COLD FACTS!

Are Worth a Week of Talk.

WE CARRY THE STOCK--WE MAKE THE PRICES--WE DO THE TRADE.

Winter is at hand, warmer clothing will be required. It doesn't follow that warmer clothing will cost you much money. Come to our store and select your outfit.

HEAPS OF WINTER CLOTHING.
PILES OF WINTER OVERCOATS.
PYRIMIDS OF WINTER SUITS.

We extend a cordial invitation to old and yonng to come in and witness the bright and busy scenes. We are sure it will please you and if we can please you we are sure we can serve you. We ask that you examine our clothing for the young folks and old folks with the most minute care and if you have ever seen anything that will compare with it for Tastefulness and Originality of Style, Accuracy f Fit and Perfection of Workmanship, we shall not urge you to buy.

Local Train Service.

The new G. T. R. Peterborough time table for departures of trains does not contain many changes. The Lakefield local leaves at 8 30 a.m. instead of 8.45 a.m. The afternoon Lakefield local leaves at 2 p.m. instead of 1 30 p.m. The Grand Junction express east leaves at 1.40 p.m. instead of 1.30 p.m. The evening express, (Lindsay, etc.) leaves at 5 12 p.m. instead of 5.10 p.m. The other hours of departure are unchanged.

Remenyi.

The music-loving people of Peterborough have an opportunity this season of hearing Remenyi and his concert company. This is the greatest company travelling on this continent. It was brought here by a few local gentlemen, and the rate has been put as low as will square expenses. The plan is at Thompson & Co.'s bookstore. Price of tickets 75 cents. Over two hundred seats now booked.

Choice Christmas Confectionery.

Bates Bros. have an elaborate stock of everything in the confectionery line that can be required to make everybody enjoy a very merry Christmas. Fine chocolates and creams, mixtures, walking sticks and candy toys, oranges and all kinds of nuts, also some nicely iced Xmas cakes, mince pies, and an abundant supply of all other delicacies in the cake line. We wish everybody a Merry Xmas. Bates Bros, 422 George street, Both telephones.

George Street Sunday School Anniversary

On Monday evening, January 11th, the George street Sunday School will celebrate the anniversary of the school with an illustrated lecture in the church, which will be a treat, and should prove of the greatest interest to both old and young. The title of the lecture is, "From the Doorstep of Old England to the Instep of Italy," and will be illustrated by over one hundred magnificent views thrown on canvas by power light. Following this lecture will be shown a cyclorama of Jerusalem at the time of Christ, and a number of dissolving views. Remember the date and look for further particulars. 1d

Yesterday's Popular Vote.

All Three Bylaws Carried by Good Majorities — The Edison Syndicate the Favourite for the Franchise by a Majority of 781 — The School Bylaw Majority, 195 — The Edison Agreement Bylaw Majority, 248

Yesterday the intelligent voter had an opportunity for the triplicate exercise of his franchise. Though the voting was quietly conducted considerable subdued interest was shown in the questions submitted. The largest vote polled was on the Franchise bylaw; the total was 981; for School Debentures bylaw the total vote was 389; for the Drain and Siding bylaw the total vote was 506. On the last two bylaws however the franchise was restricted to freeholders and 30-year lease holders, while on the Franchise bylaw, all could vote who were qualified to vote at Municipal elections. Below is a copy of the official returns of the ballots cast:—

SCHOOL DEBENTURE BY-LAW.

Personal.

Mr. Harry C. Walton, of Chicago, son of Mr. Robert Walton, Smith, is home for the holidays.

Mr. John C. Hayden, of the Edison Works accompanied by his wife is spending Christmas in Port Hope.

The Rev. H. E Barnes, D.D., of Sherbrooke, Que., is at the Oriental for a day or two on a visit to his son.

Yesterday Mr. Thomas Walters received the Liberal nomination to contest South Victoria for the Commons.

Mr. Hollinger, foreman of the brass finishing department of the Edison Works is spending Christmas in Toronto.

Mr. G. S. Bean, of the Business College, accompanied by Mrs. Bean, are making a fortnight's visit at Maplewood, Ont.

A. V. R Young, U. S. Consul and Angus Dickson, of Peterborough, the *Ontario* says, are registered at the Queen's, Belleville.

Mr. Geo. E. Williams, first general secretary of the Y.M.C.A. and now of the Kingston Association, is in town for a few days renewing old acquaintances.

Mr. John Brown, the popular foreman of the plumbing and steam-fitting department of the Edison works, left last evening for his home in Sherbrooke, where he will spend the holidays with his family.

A telegram was received yesterday stating that Mr. T. H. Graham, Gilmour street, town, who was on his way home from a business trip to Manitoba, was ill in the hospital at Port Arthur, though it is hoped that his illness is not of a dangerous nature. Mrs. Graham left last evening by the C.P.R. express to join her husband.

Mr. Gordon Mowat, ("Moses Oates") was in town to-day. He has great admiration for Peterborough. In visiting the outskirts of the town he was struck with the solid, respectable character of the residences. He says the only towns in Ontario that can compare with Peterborough are London and Brantford—both "cities," too, by the way—and the latter, though a clean, thrifty, tidy town, is inferior to Peterborough in the character of its public and private buildings. "Moses" wouldn't undertake to guarantee sleighing for Christmas.

"Uncle" Thomas Sent up for Trial.

For Crooked Work in the "Cross-Wall" Contract.

Ottawa, Dec. 24 —Judge Rose to-day in the conspiracy case decided to commit the Hon. Thos. McGreevy and Nicholas Connolly for actionable wrong in the Cross-Wall contract and admitted them to their own recognizance of $2,000 each.

Christmas at the Lock Works.

Santa Claus visited the lock works this afternoon. Miss Mina Creamer, on behalf of the employees, read an address to Mr. Frank Burdett, foreman of the knob department, and Miss Emma Dayner, on the same behalf, presented him with a bouquet holder, card receiver and napkin holder. The address, which recognized Mr. Burdett's urbanity and kindness, and contained Christmas congratulations, was replied to in a suitable manner.

Mr. Charles Taber, shipping clerk, was presented with a luxurious pair of slippers and an address.

Mr. W. C. Mudge, foreman of the brass finishing department, was also handsomely remembered.

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." William A. Lehr, 9 N. Railroad St., Kendallville, Ind.

Self Application of Electricity

FOR MEDICAL PURPOSES

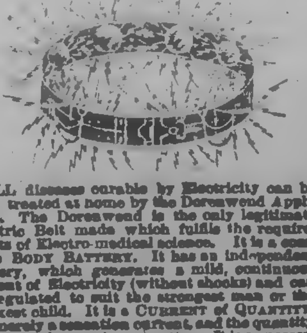
BY THE

DORENWEND ELECTRIC BELT

And Attachments.

HEAD OFFICE—103 Yonge St., Toronto

THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliances. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete Body Battery. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a Current of Quantity, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for Indigestion, Rheumatism, Neuralgia, Sciatica, Lumbago, Liver and Kidney Troubles, Weak Back, Spinal Disease, Heart Disease, Nervous Debility, Paralysis, Vertigo, Female Complaints, Impotence, Sexual Decline and all diseases of the Nervous and Muscular Systems.

Remember that the Dorenwend Belt is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy them but, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. eod-w

For Ladies Only.

The attention of the ladies is directed to Mrs. Ensign's announcement of new designs in corsets, to be found in another column. Mrs. Ensign is a favorite in corset fitting, having bestowed much attention to dress reform, and more especially to the adjustment of health corsets, in which department she is quite skilful.

Your Christmas Dinner.

You want to visit Winch Bro.'s meat market to get some of the finest meat of the season. Don't fail to see their fine display on Wednesday and Thursday, and when you are in leave your order for a choice cut of either beef, mutton, lamb, veal, pork, or bear. All fed expressly for the Xmas market.

Ninth Line Dummer Case.

This morning His Honor Judge Weller delivered to the County Clerk his written judgment in this case. O the nature of this judgment nothing is known, as the clerk has no authority to permit the newspapers to copy it without the consent of the head of council, the Warden. From the bulky appearance of the sealed packet containing the judicial decision it must be a somewhat formidable deliverance.

St. John's South Ward Mission.

After the first of January St. John's South Ward Mission will take another upward step. The congregation will have all the privileges of a parish church. Morning service will be regularly conducted. This little congregation is flourishing, the attendance at the services has grown and the large increase in contributions for church purposes, indicate the willingness of the people to add to their faith, works.

The Size of the Jar.

A good many persons are calling at the Peterborough Bookstore and enquiring as to the size of the jar containing the mixture of nuts, peas and beans, used in the great holiday competition. To give the desired information it may again be stated that the external diameter of the jar is about six inches, the internal diameter about 4¾ inches, and the height 13½ inches. Competition is very keen, and ballots are being deposited rapidly.

Good News for Christmas.

Wm. C. Kirk, the only professional tea taster in Peterborough, thanks his numerous customers for their patronage up till now, and begs to state that he has received a consignment of Ceylon tea from the famous gardens of Oonongahela, Scarbro and Monongahela. These he has blended together and they form a perfect tea. For a Christmas present the price will be low—50c. per lb. Call at his place in Ashburnham or ring up No. six Ontario telephone. d135

A Michigan Man Refutes Ra umor That His Skeleton Has Been Found.

IONIA, Mich., Dec. 24.—Two weeks ago the skeleton of a man was found in the woods in Cate township, near here, and after considerable difficulty was identified almost beyond question as that of Silas Kent, who had been missing from his home here for three years. The coroner's jury which sat on the case accepted the identification of the body, and on Saturday rendered a verdict that the remains were those of Kent and that he had been dead for a year.

A sensation resulted to-day, in consequence, when the real Silas Kent, after an absence of three years in Washington State, put in an appearance very much alive. The mystery surrounding the skeleton is now deeper than ever, though the entire county police force is working on the case.

ACROSS INDIA BY BALLOON.

Project of an American Aeronaut—Experiments in Rain-Making.

SAN FRANCISCO, Cal., Dec. 24.—A letter from Bombay says the American parachutist, Van Tassel, has lately returned to Italy and will proceed under special agreement to Mysore, where the Maharajah, who has taken up the idea of rain-making operations, wishes to utilize his experience. Van Tassel believes he will not have the slightest difficulty in producing rain by the methods so successfully tried in America, by explosions of dynamite at altitudes varying from 3000 to 4000 feet by means of balloons.

Van Tassel's next idea is to make a trip in large gas balloons across India from Calcutta to Bombay. As about the end of December the air currents will be almost in a direct line from Calcutta to Bombay he is sanguine of performing the journey safely. The distance without deviation will be about 3000 miles. The aeronaut proposes to take with him a photographer and an artist from one of the London illustrated papers to make sketches and photos of the scenes passed over during the long aerial voyage.

ATE A DOG A WEEK.

But La Grippe Came Along and Maggie Donnagher Succumbed.

SHELBYVILLE, Ind., Dec. 24.—For several weeks Maggie Donnagher has eaten on an average a dog a week for consumption, and for four weeks she has been able to perform her housework without inconvenience or fatigue. So great was her improvement in health that many persons in this section and at various points in Indiana are eating dog flesh and taking the oil as a remedy for the disease. Last Friday she was attacked by la grippe and had to take to her bed, and the believers in the dog treatment theory are much cast down.

MONSTER BABY FARM.

In Eight Years it Has Given Away 2400 Infants.

CHICAGO, Ill., Dec. 24.—Charges are made here that the New York Foundling Asylum, of which Sister Irene is the Superior, is annually disposing of hundreds of babies in Chicago and the Western States. Robert Curran, who says that he is the Chicago agent, admits having brought 45 white and colored children out last month and goes from town to town seeking homes for them. He says he takes pay for children when he can get it, and that he will take an order for a baby and deliver it within a week. In eight years he has disposed of 2400 children, he says.

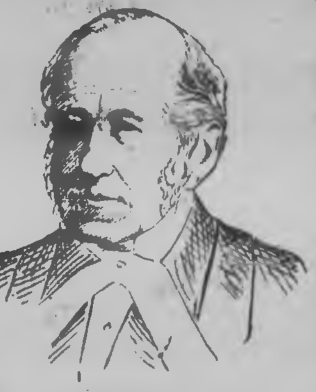
COURT OF COMMON PLEAS

CHIEF JUSTICE SIR THOMAS GALT AND HIS COLLEAGUES.

Three of the Ablest Men on the Canadian Bench—How They Severally Achieved Distinction—Winning the Highest Places by Unaided Effort.

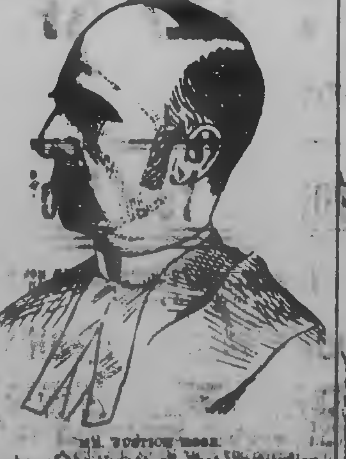
The Court of Common Pleas is one of the divisions of the High Court of Justice, which is a branch of the Supreme Court of Judicature for Ontario. The distinction between this branch and the other two of Chancery and Queen's Bench is more in name and tradition than in any hard and fast rules laid down by the existing constitution of the courts. In the days, before the fusion of the courts, Common Pleas was with the Queen's Bench one of the divisions of the common law courts. It was established in 1849 as a court of concurrent jurisdiction with the Court of Queen's Bench which was overcrowded with business so that litigants were put to great inconvenience and expense. Among the distinguished men who have occupied seats on the bench of this court in this Province of Ontario, formerly Upper Canada, are Sir James Macaulay, Sir William B. Richards, Sir Adam Wilson and Sir Matthew Crooks Cameron.

The present Chief Justice of Common Pleas, Sir Thomas Galt, bears a name well known and highly honored in Canada. That name is identified with the progress of Ontario almost from the earliest times of its settlement. Mr. John Galt, father of the present Chief Justice, and also of Sir Alexander Galt, one of the ablest men ever known in Canadian public affairs, was the manager of the Canada Company in its first dealings with this country, and was the founder of the city of Guelph, and also of the town of Galt, which was named in his honor. Mr. Galt won world-wide fame also as a novelist, being the author of "Lawrie Todd," "The Annals of the Parish," and many other works. Thomas Galt was born in London, England, on the 12th August, 1815. He received a good schooling in England and Scotland, and at the age of eighteen came to Canada, entering the employ of the Canada Company. The life of an official becoming distasteful to him, he began to study law at about twenty-four years of age, his principal being Mr. Draper who subsequently became Chief Justice. Mr. Galt was called to the bar in 1845. He was wonderfully successful in his practice and took part in many important cases. He was admitted to the degree of Queen's Counsel in 1858. Eleven years later in 1869, he was made puisne judge of the Court of Common Pleas. On the death of Chief Justice Sir Matthew Crooks Cameron in 1887 Mr. Galt was advanced to the position he now so worthily holds of Chief Justice. The honor of knighthood was conferred upon him in 1888.



SIR THOMAS GALT.

The senior puisne judge is Hon. John E. Rose. Mr. Rose is the son of the late Rev. Dr. Rose, whose memory will ever be honored by the religious people of Canada, particularly by the Methodists, of whose community he was one of the most distinguished members. John E. Rose was born in Willowdale, York county, Ont., on the 4th October, 1844. He attended school at Dundas, Ont., and completed his collegiate course in Victoria University. As a lad he was conscientious, and painstaking, and these qualities, rather than any remarkable brilliancy, were what won for him success. Entering upon the study of law he prosecuted his work with assiduity, and was called to the bar at twenty-two years of age. His father's wide acquaintance and high reputation did much to win a clientage for the young barrister, but he had the solid qualities to hold the advantage which his family connection gave him and thus his practice grew rapidly. He gave his attention mainly to questions of commercial law and in this department of his profession he made a reputation for clear-headedness, thoroughness and extensive reading. He was one of the many whose lives belie the oft repeated saying about "minister's sons." His nature was deeply religious and from his youth he identified himself actively with church affairs. As he grew up he made a reputation among the Methodist community, not only as a devout man, but as one whose extensive knowledge, great capacity for work and good judgment were most valuable factors in assisting the work of the church. He was identified prominently with many of the greatest "schemes of the church," as the Presbyterians have it, notably with his alma mater Victoria University. He was for years a leading member of the Senate of that institution. His eminence in learning and his services to Victoria were subsequently recognised by the University conferring upon him the degree of LL.D. In 1881 Mr. Rose was made Queen's Counsel. His appointment to the bench was made in 1883, on Judge Osler being appointed to the Court of Appeal. On the bench Judge Rose had had many important cases before him. He [illegible] always [illegible] of the [illegible] of his position and seems to have in exceptional degree the true judicial faculty of judging a case apart from all personal predilections or prepossessions. He has been criticised as severe, but where such criticisms have been made the fault is to be looked for rather in the law than in the administration of it by a conscientious judge.



MR. JUSTICE ROSE.

Hon. Hugh McMahon is the junior puisne judge of the Court of Common Pleas, having been appointed to that position in November, 1887. As indicated by his name he is of Irish extraction, his father having come from Cootehill, County Cavan. Hugh McMahon was born in Guelph, Ont., on the 6th of March, 1836. He had the advantage of a common school education, and at seventeen years of age was appointed to a position in connection with the public works. In this capacity he took part in the surveys for a number of proposed public works, including the Ottawa Ship Canal, between Ottawa and Aylmer, which in those days was regarded as a most necessary improvement, but which still remains unconstructed. When the great depression of 1857 came on, the Government was forced to abandon many proposed works and to reduce the staff, consequently Mr. McMahon was left without employment. He then took up the study of law under Mr. Thomas Robertson, of Dundas, who subsequently became M.P. for Hamilton, and is now himself a judge, occupying a place on the Chancery Bench. Mr. McMahon was called to the bar in 1864 and began practice in partnership with his brother, Thomas B. McMahon, since made county judge of Norfolk. Subsequently he went to London, where he opened an office of his own. Here he made his mark as one of the ablest counsel in the Province. He took an active part in politics, being identified with the Liberal party. He contested London for the Commons against Hon. John Carling in 1872 and was successful. In 1878 he ran in Kent against the Conservative warhorse of that county Mr. Rufus Stephenson but was defeated. In 1883 he removed to Toronto and established himself in practise which he relinquished to take the position he now occupies. It has been the fortune of Mr. McMahon to have his name identified with several of the most remarkable criminal cases ever known in this country. One of these was the Biddulph murder case, arising out of the murder in cold blood of the Donnelly family. A number of persons were arrested for complicity in the crime, but the success of the whole case for the Crown was rested upon the trial of one man named Carroll. Mr. McMahon defended and his speech at the trial is remembered as one of the most brilliant ever heard in a court in Ontario. Carroll was not convicted. Later on, as a judge, Mr. McMahon was called upon to preside at the trial of the notorious and well-remembered Birchall, the murderer of his friend, Benwell. It was the solemn duty of Judge McMahon, in this case to sentence the prisoner to death, which sentence was afterwards carried out. It is not in criminal cases alone, however, that he became eminent as a lawyer. He was retained by the Dominion Government to argue the famous Boundary case before the arbitrators orginally appointed, and when the case was submitted to the Privy Council he was associated with Mr. Christopher Robinson, Q. C. in appearing for the Dominion before that august tribunal. As a judge he is hard-working, painstaking and impartial.

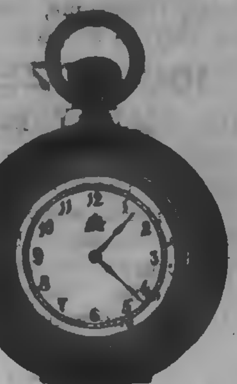
GRAND HOLIDAY
PRIZE COMPETITION
—AT THE—
PETERBOROUGH BOOKSTORE.

THE PRIZES

A GOLD WATCH, A SILVER WATCH,



AND A CARVING SET.

The Peterborough Bookstore began on Saturday evening, Dec. 5th, at 6 o'clock, a Grand Guessing Competition for the prizes of

Lady's or Gentleman's Gold Watch, Worth $50,

Lady's or Gentleman's Silver Watch, Worth $20,

Silver Steel Carving Set, Worth $5.

No One Person will be Entitled to More than One Prize.

Our Xmas Stock of Fancy Goods has all been purchased in the Best Markets, and the Goods are Entirely New.

It would take a great amount of space to illustrate and describe the different articles in our handsome stores. All we can say is that we have cut the prices away down, and everything is marked in plain figures, so that a grander chance was never offered to purchase what you may require in the BOOK, STATIONERY AND FANCY GOODS LINE FOR XMAS AND NEW YEAR PRESENTS. Remember, also, that we invite the public to call in and examine our Beautiful Stock, whether you purchase or not. We have numerous and very courteous clerks, who will enjoy showing you the finest display in Peterborough in our line. An inspection will prove to you that OUR GOODS ARE RIGHT IN PRICE AND IN QUALITY.

A SPECIAL POINTER.

Remember, that every person making a purchase in our establishment to the amount of ONE DOLLAR, and also for every dollar above that amount, will be given an opportunity to guess the number of Peas, Beans and Hazel Nuts in the Glass Jar in one of our show windows, and the one making the nearest guess to the total number of Peas, Beans and Nuts in the Jar receives

A GENUINE GOLD WATCH of Substantial Value, and of the best manufacture. The Lady's Watch is a 14-Carat, Solid Gold Hunting Case, full-jewelled, stem-winding Waltham Watch, worth $50.00, and the alternate prize, a Gentleman's Gold Watch, is of equal quality and value; the winner may make choice and take either.

The Second nearest receives the SILVER WATCH, a Three-Ounce Hunting Case, full-jewelled Compensating Balance Elgin Watch;

The Third nearest receives A BUCKHORN HANDLE CARVING SET, Silver Steel, Sheffield make.

Should two or more guess the exact same number of the total of Peas, Beans and Nuts in our Glass Jar, the award will be made to the one first making the guess. Therefore guess early.

The number of Peas, Beans and Nuts in the Jar is unknown to any person, as the following certificate shows:—

In the Matter of the Peterborough Bookstore Competition:

We, James W. Brisbin, of the Town of Peterborough, merchant, William Collins, of the Township of North Monaghan, farmer, and George E. Elliott, of the Township of Smith, farmer, do hereby certify:

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.
2. That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar, or the number of nuts, peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

"German Syrup"

G. Gloger, Druggist, Watertown, Wis. This is the opinion of a man who keeps a drug store, sells all medicines, comes in direct contact with the patients and their families, and knows better than anyone else how remedies sell, and what true merit they have. He hears of all the failures and successes, and can therefore judge: "I know of no medicine for Coughs, Sore Throat, or Hoarseness that had done such effective work in my family as Boschee's German Syrup. Last winter a lady called at my store, who was suffering from a very severe cold. She could hardly talk, and I told her about German Syrup and that a few doses would give relief; but she had no confidence in patent medicines. I told her to take a bottle, and if the results were not satisfactory I would make no charge for it. A few days after she called and paid for it, saying that she would never be without it in future as a few doses had given her relief." ⓓ

The Temperance Cause.

(Written for North Monaghan Council of Royal Templars.)

Why talk about the temperance folks?
  You know our cause is right;
We're not ashamed to show the side
  We are fighting on to-night.

We mean to fight until the last
  Whatever may betide;
Our work is sure to meet success
  As God is on our side.

Alcohol is a hard old foe
  To fight against, 'tis true;
But we shall win if all our friends
  Will help the work to do.

Perhaps you say, "We ne'er shall win—
  That alcohol must reign."
True, if you won't help our cause
  Our work shall be in vain.

But do you ever think, my friend,
  That you may be the first
To give to some the glass which leads
  To an ever burning thirst.

God forbid that this should be,
  It's a terrible thought my friend;
Oh come then fight for temperance
  And the glorious cause defend.

No doubt the battle may seem long.
  But never be downcast;
For if the Lord is on our side,
  We are sure to win at last.

Oh! give the cause a little thought
  In earnestness I pray,
And help to save the perishing souls,
  That need your help to-day.

Oh! think of that lone mother friends
  There weeping for her boy,
The one she loved from childhood,
  Her only pride and joy.

That boy was once so pure and bright,
  All badness he would shun;
But it only took a few short years,
  Till rum its work had done.

Yet little do the mothers think,
  Their babes so sweet and fair
May grow to fill a drunkard's grave,
  For many reaches there.

Oh! mothers I appeal to you
  To help our cause along,
By pleading with your girls and boys
  To join the temperance throng.

I'd like to say a warning word
  To fathers, too, as well,
For little ears are open wide,
  To hear what he may tell.

Oh! do not speak against our cause
  Before your children dear,
For if you do you may be sure
  They'll think of what they hear.

Oh! teach them when they're young, my [friend,
  To shun the evil cup,
Tell them how they all may help
  To break the custom up.

Teach them how the temperance folks,
  The little ones would save;
By voting down the cursed trade,
  That fills the drunkard's grave.

Oh! let your actions and your words
  Be in time to come,
Worthy of a noble man,
  Then our work is done.

True we've many workers now,
  Yet there's lots of room;
For God does not want any one
  To meet a drunkard's doom.

Perhaps you drink but little, friend,
  It may be but a glass;
But let me warn you e'er too late,
  To let that little pass.

All drunkards started with a glass,
  To find when but too late,
That they were then compelled, my friend
  To meet their dreadful fate.

Oh! is it not a warning then
  To each and everyone,
To shun it as an evil thing
  Before the work is done?

Then do not speak against our cause,
  But join with us to-night,
That all may see you're not ashamed
  To battle for the right.

The Converted Jewess.

Her Wonderful Meetings are Fruitful.

The London *Free Press* has the following to say in reference to the work in London of Mrs. Baeyertz, the converted Jewess, who is to open meetings here, under Y.M.C.A. auspices, on Dec. 27th, to continue till Jan. 10th:—

The interest in the mission now being conducted in this city by Mrs. E. L. Baeyertz, the converted Jewess, continues unabated. As early as half past one yesterday afternoon people began to assemble outside the doors of Queen's Avenue Methodist Church, and two hours later, when the doors were opened, there must have been in the neighbourhood of 2,000 people of both sexes standing there. When the doors were finally opened there was a tremendous crush, everyone evidently fearing he or she would be unable to secure a seat. Two or three policemen were on hand and succeeded in preventing injury to limb, of which there at one time appeared to be some danger. Never before in this city was a church so rapidly filled. Five minutes after the doors were swung open the sacred edifice was crowded, and so great was the rush that a perfect cloud of dust arose as a consequence, giving a noticeable set-back to the efforts made to ventilate the building. A large number of people were forced to turn away, unable to gain admittance. At the evening meeting the jam was again very heavy.

The series of meetings have been very fruitful, spiritually. It is said, some two hundred having professed conversion since the opening service, which many professing Christians claim to have a clearer vision of things that pertain to the better life.

Mrs. Baeyertz chose for the basis of her talk to men and young men yesterday afternoon the story told in Mark's Gospel of the visit of Jesus Christ to the country of the Gadarenes; of His meeting there a man with an unclean spirit whom no man could bind, and who was continually "in the mountains and in the tombs, crying and cutting himself with stones." This was an instance of the way the devil handled some of his victims; he made them torture themselves. The man whom the devil did not interfere with was in a most dangerous position. With much emphasis the converted Jewess expressed her contempt for spurious conversions. Many practical points ran throughout her discourse. Her manner is enchanting and her language well-nigh perfection. Without effort and gracefully her words are poured forth, now rapidly, then slow and measured. Her tone of voice, never harsh, is frequently in most sympathising, pleading strains. Again an awful truth is uttered with a determination that impresses. Added to all is an originality of thought that goes far to account for her success. Mr. Baeyertz will leave the city on Tuesday afternoon. Just previous to going she will deliver her address, "The Great White Throne," in Queen's Avenue Church, between 12 and 1 o'clock, by special request.

Does Protection Protect?

Certainly, in one instance, it does. Hood's Sarsaparilla is the great protection against the dangers of impure blood, and it will cure or prevent all diseases of this class. It has well won its name of the best blood purifier by its remarkable cures.

The highest praise has been won by Hood's Pills for their easy yet efficient action. Sold by all druggists. Price 25 cents per box. *

CHINESE REBELS VICTORIOUS.

Said to Have Defeated the Imperial Army in the Foo Chow Battle.

LONDON, Dec. 24.—The particulars of the recent battle reported near Foo Chow, in which it was stated that the rebels had been routed, have just been received here, and show that the Imperial army suffered a crushing defeat.

The people had risen en masse in this district of Tuk Fa, three days' journey from Foo Chow, in the northeast direction, and had slaughtered several of the officials. Five thousand Imperial troops were sent against the rioters by Viceroy Pin, and a bloody engagement ensued in which over 2000 of the soldiers were killed, the remainder fleeing panic-stricken, and great anxiety prevails at Foo Chow and throughout the provinces. In consequence of this the winter patrol in Foo Chow is carried on with great diligence. The Provincial Judge makes his nightly inspection in person and this causes the deputies to be very careful.

The commandant of the troops at Hang Chow has received the sanction of the Governor to purchase certain lands near the foreign missionary churches, chapels and dwellings, and he proposes to erect upon the lands temporary for the use of his soldiers during the winter season. These soldiers have up to the present been lodging in tents and doing guard duty in the protection of foreigners and mission property.

The commandant has now resolved that the soldiers are to be drilled morning and evening with rifles, and at other hours in the day they are to be taught the use of swords and spears.

A new subject for discussion and excitement in Foo Chow is just now detracting some attention from the rebellion, and the authorities hope it will help them in the suppression of the rioters. It is a talk about a possible war between Russia and China. Doubtless this has been caused by despatches from London reporting the advance of a Russian expedition over the Chinese frontier, but the authorities are fanning the flame and making the most out of it.

TWENTY MEN BLOWN UP.

Terrible Dynamite Explosion on Board a French Lugger.

ANTWERP, Dec. 24.—A French lugger named the Pilote, laden with dynamite, was blown up in the harbor here to-day and 20 men who were employed on board the vessel were instantly killed. The explosion occurred from some unknown cause, while the cargo was being discharged into a lighter. The explosion was tremendous and shook the whole city.

HEADS ON GATE POSTS.

A Sight That May Be Observed on Many Gates in China.

SHANGHAI, Dec. 21.—Another rebel chief named Chubek has been captured in Manchooria. He had for years been known as the leader of a formidable robber band in that region, and was noted for his merciless treatment of those who fell into his hands. He was responsible for the devastation of the country after the defeat of the rebels at Chaoyang. The rebels are scattering before the Imperial troops, and everywhere the severed heads of captured rebels may be seen stuck on poles. At Jehol every gate of the city has several heads thus exposed. Chubek was sentenced to be cut to pieces, and the sentence has doubtless by this time been carried out.

The Pope Makes a Speech.

ROME, Dec. 24.—The Pope delivered an address at the annual reception of the Sacred College yesterday. Referring to the labor encyclical he said that he was gratified that that document had produced a marked movement among the working classes toward the Holy Sea. His object in addressing the French workmen's pilgrimage had been to render the encyclical more effective. He had designed similarly to address pilgrimages organized in Europe and America, but the visits of bodies of workmen had been suddenly stopped by the undignified means already known to the world. The civil government had nothing to fear from the behavior of respectful persons coming to Rome to pay homage to the Pope. Among them were neither agitators nor disturbers of the peace. The word of the Pope had always been the word of peace, sweetness and charity. Even when the occupant of the Holy See demanded his right and claimed real independence his claims served the cause of people. The adversaries of the church strove to defeat its noblest and most beneficent undertakings because they foresaw those undertakings would heighten the glory and influence of the papacy. Nevertheless the papacy would persevere in its mission of peace, salvation and redemption even to the advantage of its adversaries.

"Shoolbred's" Burnt Down.

LONDON, Dec. 24.—The estatablishment in Tottenham Court-road of the mercantile firm of James Shoolbred & Co. was burned last night. Some adjoining premises were also burned. The burned place of business was only one of several in London which the Sheolbred firm owns.

Cigarettes Killed Him.

CHATTANOOGA, Tenn., Dec. 24.—John P. Richardson, one of the richest men in the south, his wealth being estimated at $2,000,000, and the greatest cotton planter in the United States, died Sunday, a victim of cigarettes. He was prostrated with lung trouble of a light character and could easily have been cured had not heart failure set it, due to the absorption of nicotine. His life was insured for $100,000.

CRAWLED OUT OF THE GRAVE.

A Count in Fine Uniform, Who Was Left for Dead.

BOSTON, Mass., Dec. 24.—Count Frau Sshowoloff, a lieutenant in the Russian Navy, is stranded in this city. The story of his trouble is a romantic one. He was attached to the frigate Sebastopol and while engaged in exercising the crew when the ship was off the Grand Banks he fell from the main topsail yard arm, a distance of some 65 feet, to the deck, and was taken into the cock pit in an unconscious condition.

The vessel steamed for Halifax, where the injured man was conveyed to the hospital in that city. There the attending physician claimed that he could not live over 48 hours. Money was left with the hospital authorities to bury him, together with papers for three years back pay.

Contrary to expectations the Count recovered and after 14 days was discharged. He started to find a legal representative of his country who could furnish him with money for certificates with which to return home. He visited all the important Canadian cities, but found no Russian representative at any of them.

He then started for Boston. C. E. Wynn, the Russian vice consul, was obliged to send the papers to the Russian *minister at Washington before* any advance could be made. At present the Count is an object of charity.

Two philanthropic police lieutenants secured accommodations for him at the Sherman House. When Count Frau Schowoloff arrived in Boston he wandered about the city hungry and without money, but clothed in all the splendor of a lieutenant of the Russian navy. He wore a helmet hat of glittering beauty and high-legged boots, while his uniform was a perfect military fashion plate. He was hooted at by street gamins until in his desperation he rushed into a second-hand clothing establishment and exchanged his regalia, which included a $10 jeweled dagger, for a cheap, ill-fitting suit.

The Count is entitled to nearly $1000, which he will obtain as soon as the necessary formalities are gone through with. He belongs in St. Petersburg, to which city he will return as soon as his funds reach him. He expects on his arrival in his native city to be examined for a commander's position.

Sues Her Husband's Executioner.

COLUMBUS, O., Dec. 24.—Mrs. Carrie E. Fitzgerald, widow of the executed murderer, to-day brought two suits for damages against Warden Dyer of the State Prison, each for $5000. One was for malicious prosecution and the other for false imprisonment. The actions grow out of her arrest, together with a Youngstown newspaper man, for taking manuscript out of the prison without the Warden's consent.

Fatal Accident.

FULTON, Ont., Dec. 24.—John Spiece, youngest son of George Spiece of Caistor, was killed by falling of a tree in a lumber woods in Pennsylvania. The body was brought to his late home last Friday, Dec. 18, and was interred on Monday following at the Bethel Church burying ground. The sorrowing family have the sincere sympathy of the entire community.

Killed His Bride.

ATLANTA, Ga., Dec. 24—Governor Northen to-day pardoned Oscar Harden for the killing of his wife. They were on their bridal tour and the killing was accidental, but the prosecution was pushed by angry relatives of the fated bride.

Another Widow of Artemus Ward.

ALBANY, N. Y., Dec. 24—Another widow of Artemus Ward, the famous humorist, has turned up. She has written to Attorney General Tabor from Bloomington, Ill., and says her name is Mrs. Charles F. Brown, that she has ten children and is 78, years old. She demands the property left by the great joker.

Killed by a Horse.

CAMILLA, Ont., Dec. 24.—Mr. John Sherra was kicked by a horse in the forehead yesterday and was killed instantly. Deceased was a respectable farmer and was a member of the Sons of Ireland, Orangeville.

Noted Horseman Dead.

LEXINGTON, Ky., Dec. 24.—Col. B. S. Strader, one of the best known horsemen in America, died last evening.

A Legislator's Integrity Comes High.

DETROIT, Mich., Dec. 24.—The jury in the celebrated libel suit of James A. Randall against The Detroit Evening News brought in a verdict for the plaintiff and fixed the damages at $11,000. Randall, when a member of the Legislature, secured the passage of a bill bonding the city heavily for the making of a boulevard along which he had land. The News fought it bitterly and virtually charged Randall with having bribed members of the Legislature. Randall asked for $100,000.

Probable Wreck on Lake Huron.

DETROIT, Mich., Dec. 24.—There are indications that a wreck has taken place off Cape Huron, on the Canadian side of Lake Hurd, as large quantities of wreckage, including a yawl of a vessel named the Oswegatchie of Detroit, have come ashore at that place. A life-preserver stamped, "Passenger Steamer Austin of Picton," was also found.

Eloped With a Forger.

ALLIANCE, OHIO, Dec. 24.—Ephraim Kelly, of North Georgetown, sold forged notes for over $6,000 and disappeared in company with beautiful adopted daughter of a Salem family.

She Stole the Jewels.

LONDON, Dec. 23.—The famous Hargreaves jewelry trial came to an inglorious end yesterday when the plaintiff in the libel suit, Mrs. Osborne, admitted that she stole the jewelry and sold it to a jeweler for £5500. A pair of diamond earrings and two pear-shaped pearls were stolen from Mrs. Hargreaves at Brighton. Mrs. Osborne was accused of being the thief and sued Mrs. Hargreaves for libel. Enquiries by the counsel led to the detection of Bank of England notes for which 550 sovereigns had been changed. These notes bore the maiden name of Mrs. Osborne. One £50 had been traced and it was found that it had been paid by Mrs. Osborne for purchase of linen.

Suffocated in Snowdrifts.

ROME, Dec. 23.—While 200 laborers were returning from work upon the Sulmona & Isernia Railway they were overtaken by a terrific snowstorm. Many of them were suffocated in drifts and others were frozen to death. Fifteen bodies have thus far been recovered and 20 are still missing.

Waterford Election.

WATERFORD, Ireland, Dec. 23.—In an interview Michael Davitt said if he was elected to-day it would put an end to the split in the ranks of the Irish party. He expects 100 majority.

John Redmond, his opponent, said if he suffered defeat the Parnellites would consider whether they would continue the struggle, but he believed, victory or defeat, every election would be contested to the end.

Slain by Soldiers.

ST. PETERSBURG, Dec. 23.—The finding of the body of a murdered man in the barracks of the Guards, linked with a succession of discoveries of nude corpses in a ditch alongside of the drilling ground, has brought to light a series of robberies and murders committed by soldiers of the Powlowsky Regiment and Imperial Guards.

Knouted to Death.

ST. PETERSBURG, Dec. 23.—There has been an enormous falling off in the Government revenues from the famine-stricken provinces of Russia, the arrears reaching 5,000,000 roubles. Lawlessness is being vigorously put down, in some cases poor wretches being knouted to death, while one man, who stole turnips to prevent being starved, was sentenced to penal servitud for life.

BOMBS AT MIDNIGHT MASS

DYNAMITE OUTRAGE IN AN ITALIAN CHURCH.

Chamberlain Succeeds Hartington as Leader of the Unionists—Feted by Royalty—Parnellites Look Upon the Result as a Vindication of Their Deceased Leader's Policy.

ROME, Dec. 26.—While midnight mass in celebration of the Christmas festival was being performed yesterday in a church in the city of Valencia four bombs were exploded in the edifice in rapid succession. The high altar was destroyed and several persons who were standing near it were injured. The side of the church was completely wrecked and a number of the worshippers were bruised by the falling debris.

Two persons were arrested on suspicion of having exploded the bombs.

MADE HIS CONFESSION TO GOD.

Execution of an English Wife Murderer—Drowned His Wife in the Avon.

LONDON, Dec. 26.—Harry Dainton, 34, mason, who drowned his wife in the River Avon at Bath on Sept. 8, was executed in Shepton Mallett jail Thursday, Billington of Bolton being the executioner. The morning was wet, but about 500 people assembled outside the prison to watch the hoisting of the black flag, which was run up as the clock was striking 8. Dainton was pinioned by Billington in his cell, and walked firmly to the scaffold. He apparently paid little attention to the chaplain, but reiterated the words; "Oh, Lord Jesus, have mercy," up to the moment the drop fell. A drop of seven feet was allowed and death was instantaneous. Since his conviction, Dainton had once or twice acknowledged the justice of his sentence, and on Monday afternoon he wrote letters to all his brothers begging them to give up drink, and he asked his sister, who visited him in prison, never to go to a public-house. He left no written confession and said that he would confess to God, not man.

Waterford Election.

DUBLIN, Dec. 26.—The official returns of the Waterford election give Redmond 546 majority.

In a speech after the election Mr. Davitt said that he would rather lose an election than win by combined terrorism and rowdyism.

This remark provoked an uproarious outburst of protest from the Parnellites, and for a time it looked as though the official canvass would end in a free fight. Mr. Redmond's supporters yelled and hooted at Mr. Davitt, and some of the more hot-headed shook their fists in his face. Amid the noise and confusion could be heard cries of "shame" and "coward," and for a time the position of the defeated candidate was very precarious. A riot was imminent, when the police intervened, and when Mr. Davitt withdrew from the counting-room he was escorted to his hotel.

The streets were filled with people, who were absolutely wild with the excitement of success. Some of the paraders had secured swords, and as they marched they brandished their naked weapons.

After the official canvass had been concluded Mr. Redmond went to the Parnellite committee-rooms, where he declared that the election would be historic. The result had shed honor and lustre on the city. It was sad, he said, that Mr. Parnell had not lived to see the glorious vindication given his policy by the electors of Waterford.

Michael Davitt's defeat may be attributed to three causes. First, he is not popular with the laboring class, which forms no inconsiderable part of the Waterford electorate; secondly, he was, next to 'Tim Healy,' Parnell's most bitter opponent at the time of the split and after, and lastly, the priesthood are not very powerful in the city.

Insurrection at Pahang.

LONDON, Dec. 26.—The Times' correspondent at Singapore telegraphs news of a Malay uprising in Pahang, a state of the Malay Peninsula.

He states that a British magistrate has been fired at, and also that a body of armed police has been despatched from Selangor to quell the revolt.

The disturbance is attributed to local hostility to the Malay Sultan.

In 1888, by an agreement with the Sultan, Pahang was taken under British protection. Pahang is on the east coast of the Malay Peninsula, within 200 miles by sea of Singapore.

Reporters in Parliament.

LONDON, Dec. 26.—Reuter's Telegram Company (limited) have been appointed official reporters and publishers of the debates in Parliament in place of The Hansard Publishing Union (limited), which formerly did this work. [illegible] in February last with liabilities placed at a million pounds, and this rendered necessary an appointment of new official reporters and publishers Before the formation of The Hansard Publishing Union the work was done for many years by the Hansards individually.

Drowned His Daughter.

PARIS, Dec. 26.—At Arras, capital of the Department of the Pas de Calais, Thursday a man named Le Grand murdered his daughter in a horrible manner. He was angry because she had married without his consent.

He grabbed her about the waist and dragged her into the River Scarpe, where he held her under water until she was dead. Then he went home, confessed his crime and was arrested.

Pigs Eating Sheep.

SYDNEY, N.S.W., Dec. 25.—An extraordinary incident was reported yesterday from Trealaw, South Wales. A truck of cattle, sheep and pigs was being discharged at the station, when it was discovered that the pigs had devoured three sheep, the skins and bones only remaining. The pigs' mouths were covered with blood.

100 Men Out of Employment.

LONDON, Dec. 26. The Rylands mill in Barnesby has been damaged to the extent of £50,000 by fire. One hundred employes are thrown out of work.

NINE KILLED IN A WRECK.

A COLLISION BETWEEN TWO N. Y. CENTRAL EXPRESS TRAINS.

The Boiler of One Engine Explodes—Many Passengers Scalded by Escaping Steam From the Wrecked Locomotive—List of the Dead and Wounded.

TARRYTOWN, Dec. 26.—Nine persons in all were killed in the collision between the fast St. Louis express and the Niagara Express on the New York Central Railway, one mile north of Hastings, Thursday. Their names are:

THOMAS PALLEY, No. 99 Court-street, Boston.
GEORGE KNIGHT, Conductor.
GERTRUDE MOORE, Medina, N.Y.
MISS D. G. FORD, Medina, N. Y.
GEORGE WRIGHT, porter of car.
MRS. A. M. BALDWIN, New York.
An unknown woman.
Unknown man, supposed to be Lawyer Wilcox of the firm of Johnes & Wilcox of New York.

The smash-up was one of the worst that has occurred on the New York Central in the recent history of that road. Nine persons in all are dead and nine more are injured, some of them fatally. Two of those who were reported among the injured have since died in St. John's Hospital, their deaths being the result of scalds. They suffered intense agony until death ended their torture. More of the injured are expected to die to-day and it is expected that the death list will be swelled to 12 or 13.

Of the injured Mrs. H. B. Baldwin, Dr. Best, Miss Lizzie Ford of Medina, N.Y., and the editor of The Pokeepsie Evening Star are terribly scalded and will probably die.

All that remains to-day to tell the story of the frightful disaster is the tin roof of the Wagner sleeping car Gibraltar. The other wreckage has been removed.

Gossip Caused the Wreck.

The man who is to blame for this wholesale slaughter is universally believed to be Albert Herrick, a brakeman of the Niagara express. When this train was halted last night at Willow Point Herrick was sent back with a red light to flag the St. Louis express, which was following immediately after the Niagara express. Instead of going back at once to perform this duty Herrick stopped at the flagman's shanty to gossip with the flagman. He thought he had plenty of time. The express proved to be much closer to his train than he thought and when he discovered his fatal mistake it was too late to avert the disaster. The crash came and Herrick, utterly demoralized and appalled at the awful consequences of his carelessness, dropped his lantern and turned and fled into the darkness. He is being diligently sought. The Niagara express left the Grand Central depot at 7.30 o'clock last night. The St. Louis fast express followed thirty minutes later. The Niagara express pulled up at Willow Point, which is sixteen miles this side of Sing Sing. The reason for this stoppage does not seem to be clear. The engineer of the Niagara train has not yet made a statement. When the St. Louis express came along and crashed into the sleeping car Gibraltar, which was in the rear of the Niagara express, the engine was completely lost in the interior of the sleeper. The heavy wood and iron work of the Gibraltar was reduced to splinters, There were 18 passengers in the Gibraltar and all but three of them were killed or injured.

The hiss of the escaping of steam and the cries and groans of the wounded and dying passengers could be heard a long distance. Their appeals were heartrending. In a moment the Gibraltar took fire. The hands of both trains quickly recovered from the momentary shock and rushed to the aid of the imprisoned people. The passengers from both trains followed suit, and soon a score of persons had organized themselves into a relief party. One after another the wounded and dying were taken out.

Bore a Charmed Life.

Engineer Donohue was in the cab of the St. Louis express. It was Engineer Donohue who crashed into the rear of the Croton local at Tarrytown three weeks ago. He was then running the St. Louis express. He says his train was running very fast at Hastings. There is a curve in the road there but no switches or side tracks to fear. He did not see the red lights on the rear of the Gibraltar until too late. Then he blew his whistle, reversed his engine and jammed down his brakes in an instant, but he could not avoid the collision. He remained at his post, and strange to relate was not hurt, neither was his fireman. Donohue must have ridden through the Gibraltar in the cab of his engine, for he did not jump. Later, when the track was cleared, he took a new engine and carried [illegible] destination.

The Baldwin party in the Gibraltar consisted of Mrs. Homer R. Baldwin, her mother and sister, and Mr. T. W. Powley, the publisher. Mrs. Baldwin and Mr. Powley were instantly killed.

The inquest will be held on Wednesday next. This morning Undertaker Vanderbilt, in preparing the remains of Mr. Powley, one of the dead, for burial, discovered that the body had been robbed. All of his jewelry, money and his wallet are missing.

The Twelfth Victim.

YONKERS, N.Y., Dec. 26.—Miss Lillian Baldwin died at St. John's Riverside Hospital from her injuries. This makes the twelfth victim of the Christmas Eve disaster on the Central road at Hastings.

A Sensational Christmas Tragedy at Kingston, Ont.

KINGSTON, Dec. 26.—Thursday Thomas Stone while on a drunken spree was run over by a train on the Napanee and Western Railway. He was terribly mangled and lived but a short time. Several of his companions are under arrest pending the result of the coroner's inquest, it being alleged that Stone was pushed on the track in front of the train during a drunken brawl. Stone was a native of Halifax, and about 35 years of age.

Choked to Death by Raisins.

HALIFAX, Dec. 26.—A young man named Thomas Comfort, arrested yesterday for drunkenness and placed in the station, in the city building, was found dead this morning. He is supposed to have smothered with vomiting, as a quantity of raisins were found stuck in his throat.

Prevented a Holocaust.

NEW YORK, Dec. 26.—The police have arrested William and Jane Goty, man and wife, who were preparing yesterday to fire a five-story tenement which is thickly peopled. They occupy apartments in the tenement and have $1500 insurance on their furniture.

The Old Man Would Have His Joke.

Two boys, who owned a cattle farm out West,
Christened it "Focus," at their sire's request;
The old man thought it quite a good conceit,
For there the sun's rays meet—(the sons raise meat!)

The lads prospered, and they and their families enjoyed the very best of health. Dr. Pierce's Pleasant Pellets were always found in their medicine chest—the only positive cure for bilious and sick headache, dizziness, constipation, indigestion and all disorders of the bowels and stomach. Strictly vegetable, small, sugar coated; only one required for a dose, and their action is gentle and thorough. The best liver pill on earth.

For the past year I have been troubled to a very great extent with dandruff and dullness of color in my hair, and upon the advice of a friend (who spoke from experience) I tried your Anti-Dandruff, which, upon the application of less than a bottle of your liquid, I find my head not only thoroughly cleansed but a vast improvement in the color and growth.

I have, and do, recommend it as highly beneficial to the profession and public generally as an agreeable and welcome innovation in the remedies put forth for public favor.

Yours, &c., WM. P. WOLFE,
Advertising Agent, "Frank Daniel's Co.,"

GOUGH BROTHERS
SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair Dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

GOUGH BROTHERS wish their Thousands of Customers (and every Customer is a Friend) a Cheerful, Bright Christmas, and a Happy, Prosperous New Year.

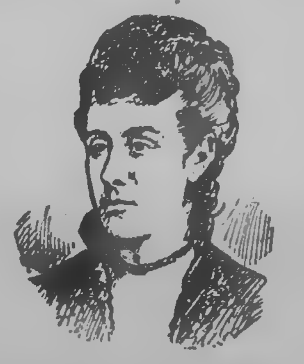
THE RUSSELL DIVORCE CASE.

The Latest Development in the English School for Scandal.

The Countess Russell lost the divorce suit she brought against the Earl, her husband. The general interest in the Russell case was due solely to the rank and social position of the parties to it and to the fact that respondent is a grandson of a considerable statesman. The result proves that Lady Russell's petition for a judicial separation ought never to have been filed or never to have been allowed to come to a public hearing. The details are paltry, sordid and often contemptible. Money was at the bottom of the squabble.



LADY MABEL, COUNTESS RUSSELL.

The serious charge, which was rather suggested than made, was abandoned in court by Sir Edward Clarke. Hardly anything of the petitioner's case was left after Lady Russell's cross-examination and after Lord Russell had told his own story on the stand. He was clearly the witness of the truth, and faced damaging questions with courage and composure, even when they compelled more damaging confessions. Public opinion is an odd thing. Lord Russell was mobbed in the streets after his wife's evidence had been given, and cheered when the verdict in his favor was known. So ends one more scandal of the many which of late years have brought, sometimes discredit, sometimes disgrace on the peerage and what is called society.

This young Countess Russell, who went into court with a vicious farrago of perjury and offensive twaddle against her husband, showed herself to be about the worst thing in cats which London has had occasion to observe in a long while. Yet to look at her she was a perfect type of the young English lady whom one sees at a Scot and Henley, with a regular profile, a tiny upper lip, a bold and composed manner, who can ride and dance, play tennis, smoke cigarettes and talk slang, and who is wholly incapable of good spelling or cleanly thoughts. The revolting exposure of her manners and her falsity has made a remarkable impression on the public mind as hinting at a gloomier and more sweeping failure of wealth to improve the human breed than even socialists have predicted. The costs of the trial, £5,000 or £6,000, fall upon her.

The steerage passengers on board the burned Abyssinia included Frank Belamy and J. Orman of Toronto, Ont.

Oliver Pilow, aged 18, fell through the ice while skating on the Madawaska, near Arnprior, and was drowned.

At the asylum entertainment at Kingston Tuesday night a patient named Cunningham walked slowly towards the pianist and suddenly made a dash at the lady. He was quickly overpowered by the guards.

Last night the Liberals and Conservatives held conventions for South Winnipeg election, D. E. Sprague being nominated by Conservatives and J. D. Cameron for Liberals.

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured Therefore I recommend it highly.

Asphodel.

A very successful closing was held in S. S. No. 5, Asphodel, on Tuesday, 22nd Dec., on which occasion a large number of the ratepayers attended to witness the closing exercises, and to witness the presentation of an address to the teacher, Mr. Thomas J. Small, who intends resigning his position in order to pursue his studies at college. He resided in Asphodel for two years, and had made very many friends in the section. A programme of songs, recitations, etc., was carried out by the children, and short addresses were made by Messrs. R. Tudhope and R. Beavis, after which the following address was presented to Mr. Small, to which he made a suitable reply:

To Mr. THOS. J. SMALL,

DEAR TEACHER,—Another year has rolled away, and we have come to the close of this school term and to the beginning of the Merry Christmas holidays, which are very dear to the hearts of boys and girls at school.

On this occasion, however, their brightness is somewhat dimmed by the thought that when we re-assemble, as we hope to do after the holidays are over, we shall miss you from your accustomed place—he, who has been our instructor, guide and friend during the two years that are gone, shall have departed and his place be filled by another.

We cannot let the present occasion pass without expressing to you, both on our own behalf, and on behalf of the school, our gratitude to you for all the care and diligence you have shown in guiding us along learning's rugged road.

We would especially keep in memory the pleasant times we have spent together, and hope you will pass gently by those times when, by our waywardness or thoughtlessness, we may have added to your cares or anxieties.

Wishing you all the compliments of the season and hoping you will be successful in the future, we would ask you to accept this watchchain as a slight token of the regard and esteem of the whole school, and to prize it, not for its intrinsic value alone, but also as a memento of your sojourn in school section No. 5, Asphodel.

Signed on behalf of the school.

Ayer's Hair Vigor

IS the "ideal" Hair-dressing. It restores the color to gray hair; promotes a fresh and vigorous growth; prevents the formation of dandruff; makes the hair soft and silken; and imparts a delicate but lasting perfume.

"Several months ago my hair commenced falling out, and in a few weeks my head was almost bald. I tried many remedies, but they did no good. I finally bought a bottle of Ayer's Hair Vigor, and, after using only a part of the contents, my head was covered with a heavy growth of hair. I recommend your preparation as the best in the world."—T. Munday, Sharon Grove, Ky.

"I have used Ayer's Hair Vigor for a number of years, and it has always given me satisfaction. It is an excellent dressing, prevents the hair from turning gray, insures its vigorous growth, and keeps the scalp white and clean."—Mary A. Jackson, Salem, Mass.

"I have used Ayer's Hair Vigor for promoting the growth of the hair, and think it unequaled. For restoring the hair to its original color, and for a dressing, it cannot be surpassed."—Mrs. Geo. La Fever, Eaton Rapids, Mich.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair and makes it glossy and soft. The Vigor is also a cure for dandruff."—J. W. Bowen, Editor "Enquirer," McArthur, Ohio.

"I have used Ayer's Hair Vigor for the past two years, and found it all it is represented to be. It restores the natural color to gray hair, causes the hair to grow freely, and keeps it soft and pliant."—Mrs. M. V. Day, Cohoes, N. Y.

"My father, at about the age of fifty, lost all the hair from the top of his head. After one month's trial of Ayer's Hair Vigor the hair began coming, and, in three months, he had a fine growth of hair of the natural color."—P. J. Cullen, Saratoga Springs, N. Y.

LOCAL NEWS

THE MAYORALTY.

The mayoralty contest, which has up to the present been in such a quiescent and undecided condition, has taken definite shape. To-day Mr. R. S. Davidson has definitely announced his candidature for the Mayoralty. This is an announcement which will be received with favor by the majority of the ratepayers of the town.

The efficient discharge of the duties of mayor requires large experience and special qualifications, which Mr. Davidson possesses in an eminent degree. He has been a representative of Ward Number One in the council for nine consecutive years. During eight of these years, in succession, he has been entrusted with the most important position, next to that of mayor, in the town council, namely, that of chairman of the finance committee. His capable, careful and efficient management of the affairs of this department, have shown him to be possessed of unusual financial abilities. This fact, combined with the fact that he has also shown the most diligent, painstaking and careful attention to his duties, leads to another important conclusion—that Mr. Davidson not only possesses the business ability and business and municipal training which qualify him for the position of mayor, but the willingness to devote them unremittingly and earnestly to the promotion of the public interests. Mr. Davidson is a steady, reliable citizen, who may be counted upon to be always found in his place, and always devoted to his official duties. He is the second oldest councillor around the board, and it is safe to say that the time, study and attention he has given to mastering the details of civic business place him among the best informed members on municipal matters around the council board. In building up a successful business for himself he has acquired a business training, experience and ability, which applied, as his past record shows it will be applied, to civic matters, will result, in the event of Mr. Davidson's selection as mayor, in the successful and prudent management of the affairs of the town. Mr. Davidson is a gentleman of good common sense, good judgment and careful methods of business management, and a gentleman who, while possessing all the personal, business and financial abilities to be required of a mayor, has the experience and municipal training which render him a safe man for mayor, one in whose hands the public business will be carefully, prudently, economically and wisely managed. The people will not only make no mistake but will consult the best interests of the town in electing Robert Stewart Davidson mayor of Peterborough for the year 1892. Peterborough has become so large a town that its executive head must be a man of special ability for the position.

A Graceful Remembrance.

On Christmas eve the members of Miss Ruby Patterson's class in St. Paul's Sunday school—C. Herriot, E. B. F. Hall, J. Milne, G. A. Morrow, B. Thompson, B. Dawson and W. Pilkey, presented her with a beautifully bound volume of Scott's poems.

Holiday Gratitude and Greeting.

Messrs. A. Mercer & Co. wish to cordially thank their customers for the liberal patronage bestowed upon them during the Christmas season of trade and to very heartily wish both patrons and public a most happy and prosperous New Year.

Address and Presentation.

On Thursday evening Mr. B. Matschke, the popular cutter at Fairweather's fur store, was presented with an address and an elegant pair of slippers by the ladies of his department. Mr. Matschke, in a neat speech, thanked the young ladies for the present received

Peterborough Bookstore Holiday Competition.

The public will kindly note that this competition closes with the present year—at 12 o'clock midnight on Thursday. The jar will be opened, the contents counted and the prizes awarded as soon thereafter as is possible. Those who wish to participate in the competition should take advantage of the opportunity before Thursday midnight next.

A Grand Display.

This is a fitting title for the beautiful decorations in the window of Mr. Alex. Elliott's grocery store. The result is a most artistic one, and as the splendidly arranged contents of the window are a type of the goods in stock, it is no wonder that on the day before Christmas it required two dashing delivery rigs to send goods home. The team of spanking greys, prize winners on many an exhibition track, were admired by all.

Personal.

Mr. Geo. Ball and wife, of Chicago, are visiting friends in town.

Miss Ida Mahoney is visiting her cousin Miss Sophie Stuart in Hamilton.

Mr. George Ostrom, of St. Paul, Minn., is spending the holidays in town with his parents.

Mr. John Stirling, Headmaster of the Vankleek Hill, Model School, Prescott County, is spending his holidays in town.

Miss Edith Ferguson has just returned from spending the summer in Manitoba with her father, Mr. Wm. Ferguson. She came by way of Chicago where she visited many friends in that city for a few days. Mr. Ferguson is expected home shortly.

Mr. W. L. Orde of Brandon, Man., came to town last week the Lindsay *Post* says, to spend Christmas with his brother, Mr. E. D. Orde. W. L. is an old Peterborough boy whose lines have fallen in pleasant places since he took Horace Greeley's advice. He holds a responsible position in the Dominion lands office in Brandon.

Mr. Horace Nelson, superintendent of the wire department of the Edison Works, leaves to-night for a two months' visit to England. Mr. Nelson's numerous friends wish him a very pleasant visit and a safe return, which will be none the less welcome in case of his being returned in duplicate.

Moderation.

To the Editor of the Examiner:

DEAR SIR,—I was very agreeably surprised upon reading the requisition to Councillor Kelly to allow his name to be put in nomination for the mayor's chair for 1892, to see the name of that prominent Orangeman and Equal Righter, Mr. C. W. Sawers at the head of it. This shows a true spirit of equal rights and a moderation in so active an Orangeman that I wish to draw the attention of your readers to it.

Mr. Kelly has been a very excellent councillor and a most upright citizen, one well thought of by all classes, whether Orangemen, Equal Righters, Protestants or Roman Catholics. By his long service I think he is entitled to recognition at our hands and I ask all citizens without regard to creed, to give him, should he accept the nomination their votes and influence.

I remain, etc.,
PROTESTANT.

"*To the Father Mathew Temperance and Manufacturing Co.:*

GENTLEMEN:

I am greatfully pleased to have in my power to testify to the efficacy and restorative qualities of your medicine in my own deplorable case.

"I was for eight years a martyr to alcohol, and "under the ban" from being, as all supposed who knew me (and as I myself thought), beyond cure from my reliance upon ardent spirit. Liquor took the place of food, and I was so prostrated, mentally and physi, that I courted DEATH as the only freedom from my wretched sufferings. A kind and noble friend (through your instrumentality) induce me to take your invaluable remedy. The first bottle strengthened and gave me appetite, and after finishing the fourth I felt completely cured, and have had no relapse whatever. Appetite and energy have returned, and I am out of the city whose associations have been so painful, and am engaged in useful occupation, with no desire for alcohol. Six months have now passed since I took my last drop of liquor, and my restoration to friends and life I claim only to have gained through your disinterested medical aid.

Permit me to subscribe myself forever your debtor,

JULIA A. GLOVER.

Christmas Chimes.

The Christmas services at St. Peter's Cathedral were of an interesting character. The first mass was at six, which Rev. Father Dube celebrated, assisted by the boys' choir, who chanted Dumont's Mass, Miss Maggie McCabe presiding at the organ. Masses were then said continuously until 9 30. At 10.30 a Pontifical High Mass was celebrated, His Lordship Bishop O'Connor pontificating. The choir rendered Concone's Mass in F in an excellent manner, Miss K. Hurley presiding at the organ, the different solos being well taken. An orchestra of five pieces rendered appropriate selections during the service, and at its close the Bishop gave the Papal benediction and spoke a few words to the congregation, wishing them a happy Christmas. Vespers and benediction was held at 7.30 a.m., Rev. Father Scollard being the celebrant. The choir rendered special music on this occasion. At the close His Lordship preached an eloquent sermon on the passage: "Glory to God in the Highest, and on earth peace to men of good will." The decorations about the cathedral were very tasty, the altar being beautifully decorated with evergreens, mottoes and bannerettes, while near the communion rail stood a miniature stable of Bethlehem. The richness of the decorations could be better observed at benediction, when the altar was one blaze of coloured lights, which added much to the effective display of the other decorations. The Christmas collection was large.

ST. PAUL'S CHURCH.

A union service of the Presbyterian congregations was held in St. Paul's church yesterday. Both churches were well represented, and a number of visitors also were present. The usual devotional exercises were conducted by Rev. A. McWilliams. Appropriate Christmas hymns were sung by the congregation, and the lesson was taken from the 2nd chapter of St. Luke's Gospel. The Rev. E F. Torrance then read a sermon of the late Canon Liddon, late Dean of St. Paul's, London, Eng., based on the fourth verse of the fourth chapter of St. Paul's Epistle to Galatians: "But when the fulness of the time had come, God sent forth His Son made of a woman." At the conclusion of the sermon Miss Vair sang a solo, "Night of Nights," in excellent voice, after which the benediction brought a most enjoyable service to a close.

ST. JOHN'S.

There were two well-attended services at St. John's on Christmas day. There was an unusually large attendance of communicants at 8.30 and at midday. The church was beautifully decorated, an especially fine feature being the chancel screen, a monument to the taste and labours of Rev. Mr. Kenrick and Messrs B. and A. Roberts, members of his Bible class. There was a fair congregation at the 11 o'clock service. The services were conducted by Rev. J. C. Davidson and Rev. C. B. Kenrick. The former gave a brief Christmas address founded on Nehemiah viii, 10: "For the joy of the Lord is your strength." After the service the surpliced choir, which had sung special music during the service, sang the anthem, "Arise, Shine for Thy Light is Come." The offertory, which according to old custom is devoted to the clergy, amounted to $80.

The service in the George Street Methodist Church was attended by a large congregation and an eloquent address was given by Rev. Mr. Thom, of Ashburnham The collection taken up was in aid of the poor.

At St. Luke's Church the services were of a very interesting character. The church was handsomely decorated for the occasion and the choir rendered in excellent manner appropriate music for the occasion. The singing of Clare's "For Unto Us a Child was Born," and a jubilate by Rose Corbin, by the choir, was an excellent treat. Rev. J. W. McCleary conducted the services and preached a sermon appropriate for the occasion.

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

Police Court.

SATURDAY, Dec. 26th.

Police court was held Christmas morning in order to permit Morris Gainey and Simon Clancy, of Ashburnham, who were run in on Christmas Eve while drunk, to partake of the Christmas turkey. They were both fined $2.

This morning the court paid attention to the grievances of two Italians, Frank Scott and Joseph Colliddle, who were the chief participants in a quarrel in the Italian colony lately. The case afforded much amusement for the big crowd of spectators, and the magistrate after hearing the evidence, (interpretated by Frank Anthony) gave them a lecture, in which he stated that he would imprison some of them if ever they appeared before him again. He dismissed the case and they left the court room free men.

The Mayoralty.

TO THE RATEPAYERS OF THE TOWN OF PETERBOROUGH:

LADIES AND GENTLEMEN—Learning that Mr. Stevenson has decided to retire from the position of Mayor, I am, at the request of a large number of Ratepayers, a candidate for the Mayoralty for 1892. The assurances I have received from ratepayers in all parts of the town and of all sections, are such as to cause me to feel that it is the desire of a large number of the electors, that I should offer myself for the position of Chief Magistrate of the town, and I respectfully ask the vote and influence of every ratepayer. As the time at my disposal before the election is too short to permit of my making a personal canvass of the town, I trust that this announcement will be accepted instead, and that my eight years record in the Council will speak for me to all who exercise the franchise. In municipal matters it is impossible to lay down a strict policy, as it is impossible, especially in a growing town, to know what the council may be called upon to deal with during the year; but I can safely say that if elected I will use my strongest endeavors to promote the best interests of our town and at the same time to hold within due bounds the expenditure of public moneys, and I will devote all the time necessary for the efficient performance of the duties of the office to that purpose. I am,

Ladies and Gentlemen,
Your obedient servant
JAMES KENDRY.

The Christmas Festival.

Yesterday was universally observed as a holiday, and partially as a holy day. The populace as a body entered heartily into the festivities of the season. There was a great influx of visitors for the day, the trains being laden from every quarter. The dull, depressing weather threw a damper over the occasion, very many felt the necessity of artificial stimulus, and, as a consequence, there was an undue exhibition of hilarity, amongst especially, the *jeunesse dorée*.

Startling Accident at Mount Julian.

A Random Bullet's Vicious Course through the Wall of a House and two Men's Shoulders in Succession.

(From Our Own Correspondent.)

On Christmas afternoon, while a party of young men were engaged in a rifle match for turkeys at Leahy's hotel, Mount Julian, a young man named Brunston while loading his rifle in the hotel, the gun accidentally discharged, the ball passing through the wall, then through the shoulder of Willard Stone, and then through the shoulder of Clarke Brunston, who were standing on the verandah outside. Dr. J. R. Fraser and Dr. Bell went up and attended to the injured men. Brunston will come out all right, but Stone's shoulder joint is crushed to atoms and he may lose his arm.

A CAPE BRETON MIRACLE.

A Case that Fairly Outrivals the Wonderful Hamilton Cure.

Hopeless, Helpless, and Given up as "One Who Must Soon Go"—An Interesting Story as Investigated by a Reporter.

Halifax *Herald*, Dec. 18th.

A few months ago all Canada was astounded by a a remarkable cure reported from the city of Hamilton, Ont., and vouched for by the press and many of the leading citizens of that city. In the Hamilton case the man (a Mr. Marshall) had been pronounced incurable, and after rigid examination by half a score of physicians, the Royal Templars of Temperance paid him the $1,000 members of that order are entitled to when pronounced totally incapacitated from labor. The remarkable narrative of Mr. Marshall's cure and the remedy to which he owed his recovery, were given wide publicity by the press throughout the Dominion, and, naturally, it brought a ray of hope to others who were similarly suffering. Among the homes to which it thus brought hope was that of Mr. Joseph Jerritt, of North West Arm, C. B., and Mr. Jerritt's recovery may be regarded as even more marvellous than that of Mr. Marshall, and many others whose cures have recently been recorded. One thing, however, is certain, and that is that never before in the history of Cape Breton has medicine wrought such an almost miraculous cure. In the year 1879 Mr. Jerritt received a fall from a truck wagon, the wheel of which passed over the small of his back. Those with him succeeded in restoring him to consciousness and took him to his home, which was near by. For six months he was unable to perform any work, and even after a lapse of a year was troubled with severe pains an. weakness of the limbs. He was able, however, to do light work about the farm, and about a year later shipped on a vessel bound for Charlestown, S.C. While on this trip Mr. Jerritt was engaged in furling a sail, when he overreached himself, and felt something start, as though something had burst in his left side. He became almost helpless, and on the arrival of the vessel at Charleston he was taken to the hospital for medical treatment. Here he remained for over two months under the most skilful physicians. His side became strong again, but his limbs grew weak and frequently the pains were intense. Mr. Jerritt then returned home; he continued to grow worse and the pains never left him. After his return home he made an attempt to work but had to give it up, and gradually became worse and worse until at last he was entirely helpless and was looked upon by his friends as one who not only could not recover, but whose time on earth was short. It was in this condition, depressed in mind, helpless, and continually suffering intense pain, that at last a ray of hope came to him. One day he read in the Halifax *Herald* of Mr. Marshall's remarkable cure. Symptoms in this case were those of his own, and despite the fact that he had already expended hundreds of dollars in patent medicines and medical treatment, without receiving any benefit, he determined to try the remedy that had restored Mr. Marshall to health. The result is that he is again restored to health and strength. Hearing from various sources of Mr. Jerritt's remarkable recovery recovery the local reporter determined to investigate the matter, and gives his story as told to him. "In my early days" said Mr. Jerritt. "I was one of the strongest men in our village, Until I received the fall in 1879 I did not know anything about sickness, and after that time I did not know a perfectly well day. I tried to fight the trouble off and to work, and partially succeeded up to the time I received the strain on board the ship while bound for Charleston. Since then my limbs have continued to grow worse until I was compelled to give up work altogether, and send for a doctor. I may add that all kinds of medicine was tried but none did me any permanent good. The physicians of our place said my disease was locomotor ataxy and although several of them treated me, none gave much hope of recovery; in fact the impression became general that "poor Joe must soon go." After the failure of doctor's treatment I again resorted to patent medicines of which I believe I have taken $500 worth. Still my disease grew worse and finally I was unable to even move from my bed. I was advised to again go the hospital in Halifax, and after spending two months there I returned home only to find myself even worse than before. My legs became so weak that I could not stand alone having to use two chairs to steady myself with; I could not bear my weight on them. For five weeks I was between life and death. My left leg swelled to an enormous size and the doctors pronounced it dropsy. My feet and legs have been cold for over five years until the last three months It was impossible for me to sleep with the pain which would continually be in my legs and body. Mustard drafts were applied, but no sooner would they be taken off than the pain would return. About one year ago I lost all feeling from my legs; they would feel like ice, and to move them caused the greatest agony. I prayed that God would take me from this world and give me relief from the torment which I was hourly in. Thus I lived; not lived but existed, a suffering being without one day's relief from the most excruciating pangs from the disease. How the face of the hitherto sufferer brightened as he began to tell of the release, as it were, from death, and continuing, he said:—"But from the blackest day of my sickness a glimmer of hope shone when my little girl, who brought home my paper, read the advertisement of Dr. Williams' Pink Pills, and I got her to read to me the cure effected in the case of John Marshall, of Hamilton. As soon as she read the statements contained therein, I saw at once that his case was similar to mine, and I told my wife that I believed I would be a well man again if I only could succeed in obtaining some of this medicine. I sent to our drug store but found none there. I then decided to send to Brockville, Ont., for the Pills, but my neighbours only laughed at me, saying that they were just like all other patent medicines, no good. This was in August I forwarded the money and in a few days received two boxes of pills, deciding to give them a fair trial. After taking them a short time the pains left me, and to-day I am not troubled with an ache or pain. True, my limbs have not yet entirely recovered their former strength, but it makes me happy to know that if five boxes will enable me to stand with just a little assistance, more will continue and complete the cure. Dead legs for a year are not easily made perfectly strong again but," here Mr. Jerritt threw both legs high into the air, "this is something myself or my friends never hoped to see. All my neighbors gave me up for dead but thank God my strength is returning and after three months I feel like a new man. You need not fear to state my case plainly, as I am well known in Cape Breton, and all the people hereabout know how far gone I was. Scores of the neighbors call to see me and are surprised to see me improving daily. My appetite has returned; my strength is renewed and when my limbs become a little stronger I shall be a healthier man than ever. No doubt exists in my mind of complete cure as the worst symptoms have entirely disappeared and I seem invigorated by the medicine. "You see," he said to the reporter, "I am to work mending nets as I feel too well to remain idle. Every person who saw me last July, and sees me now can bear testimony to the truth of the story I am telling you. My weight since I began taking the Pills has increased from 125 pounds to 146 pounds, and I am heavier now than I have been for five years. I hope what I have told you will induce other sufferers to try this wonderful medicine, and I am sure that they will have as good reason to feel grateful for it as I do."

After the interview with Mr. Jerritt, the reporter called on a number of his neighbors, all of whom endorsed his statements, and said they considered his cure one of the most wonderful things that had come within their observation. They one and all gave the credit to the treatment with Dr. Williams' Pink Pills, and are naturally enthusiastic in speaking of them.

The proprietors of Dr. Williams' Pink Pills state that they are not a patent medicine, but a scientific preparation, the result of years of careful study on the part of an eminent graduate of McGill and Edinburgh universities, and they had for many years been used in his private practice before being offered for sale throughout the country. They are offered to the public as a never-failing blood builder and nerve restorer, curing all diseases such as paralysis, rheumatism, sciatica, palpitation of the heart, headache, pale and sallow complexion, muscular weakness, etc. These pills are also a specific for the troubles peculiar to females, such as suppressions, bearing down pains, chronic constipation and all forms of weakness, building up the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature.

The proprietors deem it their duty to caution the public against imitations. These Pills are never sold in any form except in boxes, the wrapper around which bears the trade mark "Dr. Williams' Pink Pills for Pale People." They are sold by all druggists or will be sent post paid upon receipt of price, 50 cents a box—by addressing the Dr. Williams' Medicine Co., Brockville, Ont., or Morristown, N.Y.

PRIZE COMPETITION

—AT THE—

PETERBOROUGH BOOKSTORE.

THE PRIZES

A GOLD WATCH,
A
SILVER WATCH,

AND A CARVING SET.

The Peterborough Bookstore began on Saturday evening, Dec. 5th, at 6 o'clock, a Grand Guessing Competition for the prizes of

Lady's or Gentleman's Gold Watch, Worth $50.

Lady's or Gentleman's Silver Watch, Worth $20.

Silver Steel Carving Set, Worth $5.

No One Person will be Entitled to More than One Prize.

Our Xmas Stock of Fancy Goods has all been purchased in the Best Markets, and the Goods are Entirely New.

It would take a great amount of space to illustrate and describe the different articles in our handsome stores. All we can say is that we have cut the prices away down, and everything is marked in plain figures, so that a grander chance was never offered to purchase what you may require in the BOOK, STATIONERY AND FANCY GOODS LINE FOR XMAS AND NEW YEAR PRESENTS. Remember, also, that we invite the public to call in and examine our Beautiful Stock, whether you purchase or not. We have numerous and very courteous clerks, who will enjoy showing you the finest display in Peterborough in our line. An inspection will prove to you that OUR GOODS ARE RIGHT IN PRICE AND IN QUALITY.

A SPECIAL POINTER.

Remember, that every person making a purchase in our establishment to the amount of ONE DOLLAR, and also for every dollar above that amount, will be given an opportunity to guess the number of Peas, Beans and Hazel Nuts in the Glass Jar in one of our show windows, and the one making the nearest guess to the total number of Peas, Beans and Nuts in the Jar receives

A GENUINE GOLD WATCH of Substantial Value, and of the best manufacture. The Lady's Watch is a 14-Carat, Solid Gold Hunting Case, full-jewelled, stem-winding Waltham Watch, worth $50.00, and the alternate prize, a Gentleman's Gold Watch, is of equal quality and value; the winner may make choice and take either.

The Second nearest receives the SILVER WATCH, a Three-Ounce Hunting Case, full-jewelled Compensating Balance Elgin Watch;

The Third nearest receives A BUCKHORN HANDLE CARVING SET, Silver Steel, Sheffield make.

Should two or more guess the exact same number of the total of Peas, Beans and Nuts in our Glass Jar, the award will be made to the one first making the guess. Therefore guess early.

The number of Peas, Beans and Nuts in the Jar is unknown to any person, as the following certificate shows:—

In the Matter of the Peterborough Bookstore Competition:

We, James W. Brisbin, of the Town of Peterborough, merchant, William Collins, of the Township of North Monaghan, farmer, and George E. Elliott, of the Township of Smith, farmer, do hereby certify:

1. That we personally filled and sealed the jar to be used in this competition with the contents, which comprise a quantity of nuts, peas and beans.

2 That we do not know, nor does one or more of us know, nor does any other person know, either the aggregate number of nuts, peas and beans in such jar, or the number of nuts or peas or beans respectively, therein, and we believe that no person has had any means of obtaining this knowledge.

VAST MASS OF SILVER.

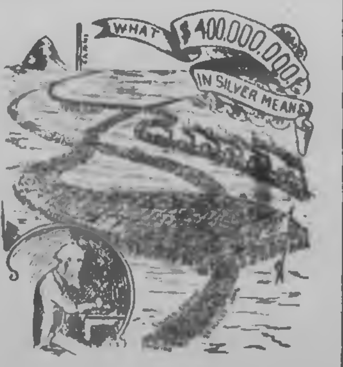
Uncle Sam Owns Enough of White Metal to Build a Bridge to the Moon.

Under the heading "Four Hundred Millions of Silver! What does it mean?" Mr. David A. Wells, writing in Harper's Weekly, says:

The Treasury of the United States had in store on the 1st of October, 1891, 348,341,193 silver dollars; $15,848,620 in the form of subsidiary silver; silver bars to the value of $41,579,253; trade dollars (bars), $2,394,260; total, $409,161,326, or in round numbers, $400,000,000. The Government, furthermore, is increasing this immense store by buying seven additional tons of silver every working day in the year.

WOULD LOAD A THOUSAND CARS.

Now, what does $400,000,000 worth of silver mean? Coined into dollars the product will weigh over 22,000,000 pounds avoirdupois, or 11,000 net tons; and if its movement is desirable, will necessitate for so doing the use of 1,000 railroad freight cars carrying eleven tons each, or 2,200 cars carrying five tons each, or 5,500 two-horse wagons carrying each two tons.



BURDEN FOR A VAST ARMY.

Assuming a load of 100 pounds per man, an army of 220,000 men would be required to carry the mass and would make a file, in close order, 80 miles long, occupying 30 hours in "passing a given point," allowing for halts or "rests."

HIGHER THAN A MOUNTAIN.

A cubic inch of pure silver weighs about 0.38 pound, and a cubic foot about 657 pounds. Hence the $400,000,000, if melted into a solid mass, would occupy some 36,500 cubic feet, which in turn would make a solid column of pure silver a foot square and about 6½ miles high—the Washington monument being 550 feet.

AN 11-YEAR JOB FOR A COUNTER.

The Treasury counts its silver by weighing it, which is the part of wisdom, in view of the fact that a man, counting at the rate of 200 dollar pieces per minute, steadily for eight hours a day, Sundays included, would be kept busy for considerably over eleven years.

A 24-MILE CARPET.

Piled one upon the other, the $400,000,000 would attain a height of 675 miles; and placed side by side they would carpet a room 50 feet wide and nearly 24 miles long.

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed Miller's Emulsion nearly always succeeds. It is the best kind of a flesh and blood maker, and has been used with marked success by the physicians in the Insane Asylum, Penitentiary, Hotel Dieu, and General Hospital in Kingston, Ont. In big bottles, 50c. and $1. At Peterborough drug stores. dw

Coffee.

Coffee is not a bush; as is popularly supposed, but a tree, which if permitted to grow will shoot up thirty or forty feet. When properly cultivated, it is nipped off about six feet from the ground thus presenting a surface from which the berries are easily plucked, and allowing the main stem to gain greater strength. The small shrubs somewhat resemble the magnolias, with their shining, dark green leaves, but the starry snow-white flowers remind one of orange blossoms in all but fragrance.

The Best Authorities,

Such as Dr. Dio Lewis, Prof. Gross, and others, agree that catarrh is not a local but a constitutional disease. It therefore requires a constitutional remedy like Hood's Sarsaparilla, which effectually and permanently cures catarrh. Thousands praise it.

CHARGED TO AN OFFICER

PARISIANS WILD WITH EXCITEMENT OVER AN ARREST.

The Recent Murder Believed to Have Been Committed by a Gang Who Make Their Livelihood by Slaughter—Damaging Evidence Against the Accused Lieutenant.

PARIS, Dec. 26.—The Christmas Day's sensation in this city is the arrest of Lieut. Anastuy, a retired army officer, on the charge of murdering Baroness Dellard. The lieutenant was subjected to a preliminary examination at the Prefecture of Police this morning and after denying that he was guilty the prisoner was remanded.

From the first the police were convinced that the assassin must have had accomplices and that he must have been well acquainted with the habits of the Baron and of his mother. The police, from certain facts which came into their possession at that time, believe that both the Ollivier murder, a short time ago, and the assassination of Baroness Dellard are the work of an organized band of assassins, more numerous and more extensive in their organization than first supposed, and that Lieutenant Anastuy, the man arrested yesterday, who is a dissipated man and is known to be overloaded with debt and who bears a very bad reputation, was possibly the chief of this gang of assassins.

The prisoner, who was arrested in the cafe, insists that he is innocent of the crime charged against him.

The murdered woman was the daughter of General Baron Boulart, who was in charge of the artillery of the Old Guard of Napoleon I. Baron Boulart served with distinction in most of the campaigns of the First Empire.

THE STORY OF THE MURDERS.

The circumstances under which the double crime was committed were sensational. At 3 o'clock on the afternoon of Dec. 4, the Baroness Dellard, the aged widow of an ex-officer in the French army, was seated in her salon, on the first floor of a house at No. 42 Boulevard du Temple. Her servant, Mme. Albertine Haurle, had just gone out to do some marketing, and the son of the widow, who shared the apartment with his mother, was absent. Hardly had the servant left the house when a man, who had been watching the building from the opposite side of the Boulevard, rushed up stairs and knocked at the door of a Mme. Hoffman, who occupied the apartment above Baroness Dellard's.

"Is this Mme. Dellard's?" said he.

"She lives down stairs," was the reply.

A minute later the same man, who was of medium height and gaunt appearance, pulled the bell on the floor below. The widow opened the door. The visitor clutched her by the throat, dragged her through the hall into the adjoining bedroom of M Dellard, forced her on to a bed and plunged a knife into her throat.

The murderer left his victim lying dead in a pool of blood and made for her bedroom, where he burst open a wardrobe in which the widow kept her jewels. Marguerite Haurle came in while he was busy at his burglary, and hearing strange noises screamed, "Madame! Madame!" The murderer turned on her, upset the lamp she held in her hand and tried to cut her throat as he had her mistress'. He partly succeeded. But the servant was more fortunate than Baroness Dellard, for she did not die of her wounds, and had strength enough to crawl to the window and shout for help. Meanwhile the stranger darted down stairs and escaped, knocking over the janitress, who tried to stop him.

In his haste he dropped one of his gloves and the knife, which was of English make and stamped with the initials F.M. The Boulevard du Temple is in the very heart of Paris, close to the Place du Chateau d'Eau and the Temple.

KING AND SUBJECT.

Belgian Workingmen Entertained at a Feast by Their King and Queen.

BRUSSELS, Dec. 26.—An unusual fete took place here yesterday in Laeken at the Royal Palace, where King Leopold gave a lunch to the workingmen who had been engaged in the reconstruction of the famous chateau, which was partially burned on Jan. 1, 1890. Some 600 guests sat down in the hothouse of the palace to cold meats, fruits and beer.

The King, Queen and Princess Clementine made the round of the tables, accompanied by maids of honor, General Van Rode, aide-de-camp to the King, and the officers of the military household.

At 4 o'clock the royal party proceeded to the Winter Garden, and the workmen marched past, headed by a score wearing decorations. The King spoke to each man who wore working clothes. During the proceedings the band of the Belgian Guides played.

The workmen were allowed to spend an hour in the garden and conservatories, and were then invited to repair to the Orangery, where, in the presence of their Majesties, each man was given a bottle of Bordeaux wine, a box of bonbons, cigars and a sum of money, ranging from five to twenty francs, according to merit and time of service. At dusk the Winter Garden, conservatories and gardens of the palace were lit with electricity for the first time and presented a fairy scene.

THE FAMOUS ROYAL CHATEAU.

Laeken, spoken of in the above despatch, is a suburb of Brussels, and contains about enty- three thousand inhabitants. It is the summer residence of the King of the Belgians. Laeken is connected with the city by two tramway lines, which unite further out on the Laeken road and lead to the new Church of St. Mary, designed by Poelaert, where repose the remains of Leopold I. and Queen Louise.

In the vicinity is the Montagne du Tonnerre, an eminence crowned with the monument of Leopold, somewhat in the style of the Albert Memorial in London. To the southeast of the monument, on the right of and visible from the road to it, rises the royal chateau. The chateau was erected by the Archduke Albert of Saxe-Teschen when Austrian Stadtholder of the Netherlands in 1782-84.

In 1802 Napoleon I. bought the palace and when part of the Low Countries, to which Belgium had belonged, was absorbed by France, the chateau was used by the Empress Josephine. It was here that the great Napoleon signed that fatal declaration of war against Russia.

In 1815 the chateau became the property of the Crown. Leopold I. died in the palace on December 16, 1865. On New Year's Day, 1890, a great part of the chateau was destroyed by fire and among the many objects of art which perished in the flames were Napoleon's library, valuable tapestries and paintings by Van Dyck. The chateau has been rebuilt in its previous form.

A Cruel Expedition.

BERLIN, Dec. 26.—A private letter from Dr. Peters, the explorer, published in The Kreuz Zeitung, shows that his principal occupation has been the killing of natives. He shot 120 natives between 8 and 3 o'clock in one day. He is now intrenched in Kilamanjaro.

Dr. Peters compares his operations in Africa to a campaign of Frederick the Great.

WILL FACE THE MUSIC.

Capt. Osborne Remains in Town, While His Wife Flees to the Continent.

LONDON, Dec. 26.—The morning newspapers all have leaders on the Osborne-Hargreaves libel suit, and agree that the Treasury was forced to bring the prosecution by Capt. Osborne acting in good faith on the representations of his wife. Mrs. Osborne departed for the Continent on Monday night. Capt. Osborne remained in London. It is believed that he will settle with Pink & Sons, who bought the jewels, for the amount they paid for them.

STARTED FOR HEAVEN.

An Insane Man Climbs a Tall Tree and Refuses to Come Down.

TEMPLETON, Pa., Dec. 26.—The mind of John Craig became suddenly impaired yesterday shortly after he left his home. After having walked a mile or so along the country road toward Kellersburg his reasoning powers suddenly left him.

A large tree standing along the road attracted his attention. He rushed to it and climbed to the top of the tree, about 75 feet in height, and when discovered some time afterward all efforts of coaxing him to descend were futile. He remained in this perilous position until the top of the tree was sawed off and lowered to the ground by means of a rope.

After Mr. Craig's capture he said he was trying to get to heaven. He was taken to the Warren Asylum. It required the strength of six men to put him on the train.

Sued for Divorce at 91.

INDIANAPOLIS, Ind., Dec. 26.—In the Circuit Court yesterday, a suit for divorce against John Lawhun, aged 91, for non-support, brought by his wife, aged 50, was dismissed by the prosecution, a settlement having been reached by the January and June couple. They left the court arm in arm and apparently happy. John married her 30 years ago, when he was 61 and she 20, and two children were born to them.

Starving to Death.

NEW YORK, Dec. 26.—E. M. Field still refused to take any food to-day. The doctors are becoming alarmed.

JESUITS IN GERMANY.

A Motion to That Effect Will Be Made in the German Reichstag.

BERLIN, Dec. 26.—The Centre party in the Reichstag proposes to move, soon after Christmas, for the repeal of the anti-Jesuit law, the only remaining feature of Prince Bismarck's anti-Catholic legislation. It is said that the government will favor the repeal, in pursuance with an understanding with the party of the Centre for the support of government measures. There is, however, a strong influence in opposition to the readmission of the Jesuit order.

In the Prussian Lantag the Centre party proposes to offer a motion in favor of giving the clergy a voice in the education of the children in the schools and inferentially condemning the doctrine of purely secular education.

CRIME ON THE RAILROAD.

Result of Russia Employing Her Convicts on the Trans-Siberian Road.

ST. PETERSBURG, Dec. 26.—It was reported some time since that the Government intended to employ thousands of the inhabitants of the famine-stricken provinces in the work of constructing the Trans-Siberian railway, which is to connect Vladivostock, the Russian port on the Pacific, with European Russia. At present an enormous number of convicts are employed on the work. Despite the guards who are placed over these convicts they seem to be able to escape the vigilance of their keepers and to work their will upon the unoffending inhabitants of the country through which the line will pass. Murders, mutilations, outrages upon defenceless women and robberies are some of the crimes placed to the credit of these undesirable railroad laborers. So frequent have become the complaints against these men that it seems now as though the Government would be compelled to abandon the use of convicts in building the road.

London's Recorder Dead.

LONDON, Dec. 26.—Sir Thomas Chambers, Q.C., Recorder of the City of London, died yesterday.

Sir Thomas Chambers, Q.C., was born at Hertford in 1814, was educated at Cambridge, and was called to the bar in 1840. He represented the borough of Hertford in the House of Commons up to 1857, in which year he became Common Sergeant of the City of London.

In 1865 he was elected one of the members for Marylebone, which borough he continued to represent in the Liberal interest until 1883. He was knighted for his judicial services in 1872, and elected Recorder of London in 1878 in the place of Mr. Russell Gurney, resigned.

The Recorder of the City of London has a salary of £3500. He presents the Lord Mayor-elect to the Lord Chancellor and to the Lord Chief Justice, is principal adviser of the Lord Mayor and attends him on all occasions of State ceremony. He tries cases in the Mayor's Court, is one of the judges in the Central Criminal Court and is Chairman of Quarter Sessions for the city.

Eczema on a Lady.

Stubborn Case of Skin Disease Covered Her Face and Body—Many Doctors Baffled.

Marvellous and Complete Cure by Cuticura—Six Years have Elapsed and No Return.

A lady customer of ours (Miss Fanny Atwood of Caroline Depot, N. Y.) has been cured of a stubborn case of skin disease by the use of CUTICURA REMEDIES. She remarked that her case had baffled the skill of many well-known physicians. They unanimously pronounced it Eczema, with rheumatism lurking in the blood. Some predicted that any treatment strong enough to cure the Eczema would surely increase the Rheumatism. She used two sets of the CUTICURA REMEDIES. The effect was marvellous. Her case of Eczema was not only completely cured, but her Rheumatism was greatly relieved during the treatment. Six years have elapsed since the cure was performed, her Rheumatism has since never increased by the treatment, but rather diminished, and she sees no symptoms of the return of the Eczema which once so completely took possession of her face and body. Miss Atwood delights in telling of the good effect that the CUTICURA treatment had upon her, and recommends unsolicited the CUTICURA REMEDIES for Eczema and all kindred ailments. Your preparations find ready sale, and continuously. CUTICURA SOAP is on the list to buy almost continuously.

MANY ORDEALS OF FIRE.

PARTIAL DESTRUCTION OF A MICHIGAN STATE INSANE ASYLUM.

Five Hundred Female Maniacs – Terrifying Scenes Large Conflagration in Chattanooga—The Losses Over Half a Million and 12 Girls Believed to Have Perished.

PONTIAC, Mich., Dec. 28.—Fire, which originated in an attic of the woman's department of the Eastern Michigan Insane Asylum, occasioned $450,000 damage Saturday, the female wing being totally destroyed. Fifteen minutes after the first alarm was sounded the occupants of the wing (500 women) were turned loose. Screaming frantically with terror, the maniacs surged through the corridors, where the air was already filled with smoke. Tongues of flames were visible through it all, and the sight filled the demented creatures with terror. Some ran like wild animals, trampling their slower companions in their mad effort to escape. Others were paralyzed with fright and stood rooted to the spot, with eyes staring horridly into the roaring fire. The attendants performed deeds of heroism in the endeavor to rescue the helpless. Rushing hither and thither, dragging the hesitating ones from their rooms, they drove the insane women into the open air.

Few if any lives were lost, although it is reported that several women were seen at the windows after the patients were supposed to be all out. They had torn every vestige of clothing from their persons and were laughing in hideous glee at the approach of the flames. When last seen they were standing in the midst of sheets of fire, gesticulating wildly and with their long hair flying disheveled about their faces.

The fear was that the fire would make its way across to the south wing, where nearly 700 men were confined. Preparations were immediately made to remove the men if it were necessary. Inside the south wing from the moment the flames came in sight the wildest excitement prevailed. The 700 crazy men tore about the narrow confines of their rooms yelling like demons, not from fear, as it seemed, but rather with exultation. The fire filled them with a terrible ecstasy. A few appreciated the danger and their terror was pitiful.

The south wing, however, was saved and by 1 o'clock the fire was under control.

Twelve Girls Burned.

CHATTANOOGA, Tenn., Dec. 28.—Fire Saturday morning destroyed many mercantile establishments, the public library and several banks. Loveman's drygoods house, one of the largest retail drygoods houses in the south, was among the buildings destroyed, and 12 female employes are said to have perished.

Wealthy John Robinson Elopes With Mrs. Andrews—Both Desert Families.

DRESDEN, Ont., Dec. 28.—John Robinson, a well-to-do farmer residing in Appledore, Bothwell county, became infatuated with a Mrs. Andrews, held an auction sale and disposed of all his effects. Having collected about $6000 he called for Mrs. Andrews and drove to Chatham Centre, where they took the train for Chicago. Robinson leaves a wife and a child behind in almost destitute circumstances. Mrs. Andrews has also left her hubby and a young child.

Fatal Oil Lamp.

TORONTO, Dec. 28.—The death of Mrs. Eliza Barker at her home, No. 5 Agnes-street, on Saturday night, has seldom been paralleled in this city.

The deceased was 60 years of age, and resided with her daughter, Ada, at the above number. Her eldest son keeps the large grocery on the corner of Agnes and Yonge-streets. Miss Ada Barker is cashier.

At 11 o'clock Miss Barker left her desk and stepped across the way to go home. When she opened the door a cloud of sickening vapor met her, while she was nearly overpowered by a peculiar odor. She promptly gave the alarm.

An active search was made for the old lady but she could not be found, and it was not till the arrival of the fireman that she was found in a corner terribly burned and quite dead. She had apparently tripped on a rug and fallen, and the overturned lamp had set her in flames in an instant. It is somewhat surprising that the house did not also catch fire.

The deceased has been a resident of the city for ten years and was in very comfortable circumstances, her property being valued at $20,000.

FATAL THEATRE FIRE.

WOMEN AND CHILDREN TRAMPLED TO DEATH.

A Senseless Cry of Fire in a Gateshead, England, Theatre, Followed by a Mad Rush for the Doors—Ten Bodies Found on a Single Staircase.

NEWCASTLE, Eng., Dec. 28.—The Royal Theatre in Gateshead Saturday was the scene of a fearful panic, in which at least ten persons, including nine children were killed outright and many injured. The sight of the slight blaze caused by a man in the audience dropping a lighted match in the sawdust-covered floor caused someone to start a cry of "fire" and a terrible panic at once ensued.

There was immediately a wild rush for the doors, which, owing to the savage crush and struggle, quickly became so locked that only a few succeeded in getting out.

Slaughtered in the Stairway.

There was an especially violent rush for the staircase leading from the gallery. The passage going across to this staircase became blocked almost at once with persons who were striving their utmost to escape, while the staircase itself was filled with a struggling mass of humanity.

The janitor had rushed to open the door at the foot of the stairs. The solid crowd fell on him like an immense Krupp hammer, crushing the life out of his body, which was flattened to the door. Down with him went eight or 10 at the head of the mass, and they too had the life stamped out of them. Behind, the shrieks and loud oaths, with appeals for mercy and execrations against the Creator, made a hell; in fact at the foot of the stairs was the rampart of dying and dead over which the escaping multitude had to climb.

A check-taker was killed in the midst of his heroic efforts to save other lives. In trying to restrain the crowd he was thrown to the floor and crushed to death beneath the feet of the panic-stricken people.

The Fire a Small Affair

When the panic had subsided so that an examination of the premises could be made, the bodies of nine children, whose lives had been literally crushed out, were found lying on the staircase or near a door leading to it.

A constable who came to assist in the work of rescue, on dragging out a boy who was wedged among the struggling people discovered the lad was his own son. The boy although living when rescued was terribly injured and died while on the way to his home.

The fire itself, which had given occasion to the terror, was but a slight affair, and was easily extinguished with two buckets of water. It was sufficient, however, to make some smoke, which hung about the ceilings and the sight of the smoke had much to do with perpetuating the panic.

The Play Was "Aladdin," or the Wonderful Lamp.

The performance which was so terribly interrupted was the second one of Saturday, the attraction being the pantomime "Aladdin." The theatre was literally crammed with people. At 10.30 o'clock the shout of "fire" created a fearful scene. The whole audience rose to their feet en masse and there was dire confusion, in the midst of which were heard the shrieks of women, many of whom fainted.

The lessee of the house stepped on to the stage and shouted to the audience, beseeching them to remain seated and solemnly assuring them there was no real danger if they would do so at this juncture. Many other men present also showed that they retained presence of mind by forcibly striving to restrain the mad rush of the crowd for the doors, but their efforts proved of no avail. The occupants of the pit, and indeed spectators whose seats were in the better parts of the house, finally succeeded in escaping safely to the streets.

The Bend in the Gallery Stair.

It was a sudden bend in the gallery staircase which caused the fearful jam in the exit. People who had fallen and were lying in heaps here, screaming and groaning, were trampled upon. At last so many of the struggling people had fallen that all passage for the exit was effectually blocked by a mass of writhing human beings, and those still remaining on their feet were forced to seek other means of escape.

Many Deeds of Heroism.

The occasion was made doubly memorable by several acts of heroism. One man who had occupied a gallery seat jumped from the gallery railing to the balcony below and slid thence to the stage, all the time holding to a child by his teeth. Other men rescued several women by similar means, meanwhile the fire was easily quenched. The police sought medical aid and assisted in extracting the victims from the staircase.

One child after calling out piteously, "Save me," "Save me," died before it could be reached.

The corpses were laid in an adjoining building and the injured were taken to hospitals and other institutions.

The Audience Numbered 1200.

The news of the catastrophe spread rapidly and soon thousands of frantic people were rushing to the scene of the disaster to ascertain the fate of relatives or friends.

Within a few hours all of the dead were identified. All were between the age of 13 and 16. The audience numbered 1200 persons.

The company members escaped in their costumes, and when they returned they found that their dressing rooms had been robbed of their ordinary clothing.

The lessee of the theatre announces that he will give the proceeds of the performance to bereaved and will close the theatre pending an enquiry.

An Unheeded Warning.

The statement is made that during the performance two youths, seated in the balcony, insisted on smoking. They were warned to desist several times; they finally desisted, but re-lit their pipes soon afterwards. The smoke of their pipes was seen issuing from balcony and a woman becoming frightened at the sight screamed "fire." A man setting near her immediately gagged her with his hand but the mischief was done. The gallery was occupied by 500 spectators, mostly boys. The check taken Forster rushed to open the door, which had been fastened. The struggle which ensued was awful. Men thrust aside the weaker lads, who were trampled to death. Two men were badly injured by jumping from a window.

The lessee of the theatre says that the alarm of fire originated from the act of a boy in dropping a lighted match into a crevice filled with waste paper and other rubbish in his search for a lost penny. He also says two pails of water sufficed to quench the fire.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

OLD TIME RHYMES.

Some Quaint Christmas Verses of Other Days.

It was Thomas Tusser who, nearly three and a half centuries ago, advised all people to at—

Christmas play and make good cheer,
For Christmas comes but once a year,

in his quaint book, entitled "Five Hundrede Pointes of Good Husbandrie," but it was previous to this that there had been issued a mock play called "Alexander and the King of Egypt," the conclusion of which is given in Ray's "Collection of Proverbs," as follows:

Bounce Buckram, velvets dear,
Christmas comes but once a year;
And when it comes it brings good cheer,
But when it's gone, it's never the near.

[Note—Bounce Buckram is equivalent to "throw away your old clothes."]

Again, in a rare tract published in 1653, are the lines:

Let's dance and sing and make good cheer,
For Christmas comes but once a year.

Herrick, in his "Hesperides," treats:

Of Christmas sports, the Wassell Boule
That tost up, after Fox-i'-th'-Hole;
Of Blind-man buffe, and of the care
That young men have to shooe the Mare;
Of Ash-heapes, in the which ye use
Husbands and wives by streakes to chuse;
Of crackling laurell, which fore sounds
A plenteous harvest to your grounds.

A writer in The Gentleman's Magazine for May, 1784, tells us that "the drinking the Wassail bowl or cup was, in all probability, owing to keeping Christmas in the same manner they had before the Feast of Yule. There was nothing the northern nations so much delighted in as carousing ale, especially at this season, when fighting was over. It was likewise their custom at all their feasts for the master of the house to fill a large bowl or pitcher, to drink out of it first himself, and then give to him that sat next, and so it went around."

In Poor Robin's Almanac for 1677, in the beginning of December, he observes:

Now blocks to cleave this time requires
'Gainst Christmas for to make good fires.

which salutary advice is still to be heeded in northern latitudes.

The Yule log figures largely in all the poetry of the Thirteenth, Fourteenth and Fifteenth centuries, and of this Herrick says:

Come, bring with a noise,
My merry, merrie boys,
The Christmas Log to the firing,
While my good Dame, she
Bids ye all be free
And drink to your heart's desiring:
"With the last year's Brand
Light the new Block," and
For good success in his spending,
On your psalteries play,
That sweet luck may
Come while the Log is a-teending.
Drink now the strong beere,
Cut the white loafe here
The while the meat is a-shredding;
For the rare mince pie
And the plums stand by
To fill the paste that's a-kneading.

GOUGH BROTHERS

SEND GREETINGS!

We won't bother you with a sermon on buying just at this season. It's enough for us to know that you know where you can get the values. Fair dealing makes Fast Friends. We have had ample proof of this, and we hold a trade that few city houses can boast of. To meet the demands of such a trade we must of necessity carry an immense stock, one that will fully meet all the requirements of taste, person and purse. Such a stock here awaits your coming. A Stock of Proper Garments at Proper Prices. At this season of good cheer Canadians have much to be thankful for—the peace that has prevailed in our Dominion for years, as well as during the past twelve months the plentiful harvest that has been reaped, and the many blessings that have fallen to the share of this country. These will be remembered along with the especial reasons for rejoicing on Christmas day.

While the Christmas season is on it is well to remember judicious economy. This cannot be bettered than by your buying! A noticed point is to get value! This you can positively receive by buying your

Overcoats, Suits, Silk Mufflers, Ties, Slippers, Boots and Shoes, and Overshoes,

at our Great Sale now on. Make a Christmas Present of an Overcoat to Brother, Husband or Lover.

GOUGH BROTHERS wish their Thousands of Customers (and every Customer is a Friend) a Cheerful, Bright Christmas, and a Happy, Prosperous New Year.

Still Believed in Santa Claus.

Faith in the Santa Claus myth hasn't entirely faded out of the juvenile mind, though even the very youngest representatives of the present generation are apt to be skeptical. The proof:

Little Bettina, three years old, has a rag doll with whom her relations are particularly tender and sympathetic. A morning or two ago this doll was discovered near the fireplace in a shocking condition. She was black in the face and, in fact, black all over, and the smell of soot about her was very strong. It was a mystery until Bettina was interrogated. The condition of the doll made her look a little rueful, but she brightened up, and said:

"I fispered to Patty all the things I wanted for Christmas and sent her up the chimney to tell Santa Claus!"—Boston Transcript.

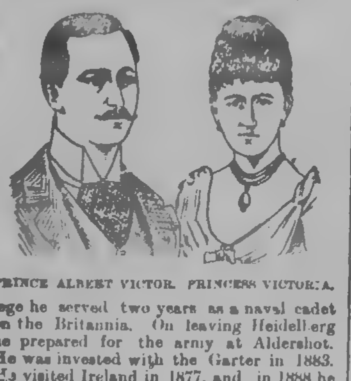
A ROYAL BETROTHAL.

THE YOUNG COUPLE MAY YET BE ENGLAND'S KING AND QUEEN.

Albert Victor, Duke of Clarence and Avondale, and Princess Victoria Mary of Teck—Sketch of Their Lives and Portraits of the Royal Pair.

A wedding has been arranged in the British royal circles which not only commands public approval, but is entirely satisfactory to the Queen herself. On March 10, 1892, Albert Victor Christian Edward, Duke of Clarence and Avondale, eldest son of the Prince of Wales and in the direct line of succession to the crown, is to wed Princess Victoria Mary of Teck.

The Duke of Clarence and Avondale is the eldest son of the Prince of Wales. He was born in 1864 and was educated at Trinity college, Cambridge, and the University of Heidelburg. Before entering college he served two years as a naval cadet on the Britannia. On leaving Heidelberg he prepared for the army at Aldershot. He was invested with the Garter in 1883. He visited Ireland in 1877, and in 1888 he received the degree of LL.D. from Cambridge. Later he made a visit to India. He returned in 1890 and took his seat in the House of Lords, having been created in that year Duke of Clarence and Avondale and Earl of Athlone. Princess Victoria Mary is the only daughter of the Duchess of Teck, and was born on May 26, 1867. The Duchess of Teck is a sister of the present Duke of Cambridge, and daughter of the seventh son of George III. She married the Prince of Teck in 1866, but has always made her home in England.



PRINCE ALBERT VICTOR. PRINCESS VICTORIA.

Exercise for the Lungs.

The following exercise in the fresh air is one of the best known:

Hold head up, shoulders back and chest out; inflate the lungs slowly through the nose until they are brimful; hold until you have counted ten, without opening your lips; exhale quickly till your lungs are as nearly empty of the bad air as it is possible to get them.

Repeat same exercise, trying to hold the lungs full while counting twenty. Try it again, and see if you can hold your breath half a minute. Finish with three or four deep, long-drawn inspirations.

One of the best times for taking this exercise is when you are going to and from your work or studies. Hold your breath while walking ten steps, then twenty, etc. The advantage of being in the open air and sunshine is that the air is fresher than is generally found indoors.

Try this three times a day, either before or after meals. If taken after, it will be found to greatly help digestion. If this exercise should be unpleasant at first, take it in smaller doses until your blood can stand the stimulation of its purifier.

The daily practice of this outdoor breathing exercise has been known to increase the size of the chest two inches in one month.

Most case of consumption are of catarrhal origin, and death follows inevitably. Catarrh can positively be cured by Nasal Balm, Thousands who have been restored, testify to its merits. Try it. dw

DEAR SIRS,—I took two bottles of Haggard's Pectoral Balsam and it cured me of hoarseness and tightness of the chest after other things had failed. I have also tried B.B.B., it works splendidly for weakness and headache.

Good Advice.

DEAR SIRS—I have been troubled with headache for over forty years, and had it so bad about once a week that I was sometimes not expected to live. I was advised to use B.B.B., and have used 3 bottles. I now have an attack only once in four or five months, and feel that if I continue using it I will be entirely cured. Therefore I recommend it highly.

MRS. E. A. STOREY, Shetland, Ont.

The Recipe.

His history is briefly told.

After several days of thought he discovered a sure way to make money, and, like other men, he was in a hurry to try it.

He made haste to insert an advertisement something like the following in several country weeklies:

"Sure way to kill potato bugs; send twenty two-cent postage stamps to X Y.Z., ——for a receipt that cannot fail."

Then he hired a dray to bring his mail from the postoffice, and had 10,000 of his receipts printed. Inside of two weeks something like 6,000 or 7,000 farmers had contributed twenty two-cent stamps each for the printed recipes.

Then several hundred of them bought clubs and railroad tickets, and started out to interview the advertiser. At his office they were informed that he had left to attend to some business in Europe, and he was not expected back. All he had left was a package of 3,000 or 4,000 slips of paper, on which were printed the following:

"Put your bug on a shingle. Then hit it with another shingle."—Chicago Tribune.

Don't Moisten the Postage Stamp.

An observer watched a young woman putting a stamp on an envelope. She moistened the stamp with her tongue and [illegible] on the envelope. "That's the [illegible]" [illegible] the observer; "do all you can to [illegible] that letter to the dead letter office. It is just as easy to moisten the envelope and put the stamp on that way, but nine-tenths of the people whom I know always moisten the gum on the back of the stamp and by doing so remove half the adhesive and leave the stamp in danger of slipping off the envelope as soon as it gets dry. I suppose hundreds upon hundreds of letters have gone to the dead letter office as a result of wetting the stamp with the tongue instead of wetting the corner of the envelope. Besides, the latter is much the cleaner way."

Colds are frequently the result of derangements of the stomach and of a low condition of the system generally. As a corrective and strengthener of the alimentary organs, Ayer's Pills are invaluable, their use being always attended with marked benefit. dw

Harsh purgative remedies are fast giving way to the gentle action and mild effects of Carter's Little Liver Pills. If you try them, they will certainly please you. dw

Ayer's Hair Vigor

Is the "ideal" Hair-dressing. It restores the color to gray hair; promotes a fresh and vigorous growth; prevents the formation of dandruff; makes the hair soft and silken; and imparts a delicate but lasting perfume.

"Several months ago my hair commenced falling out, and in a few weeks my head was almost bald. I tried many remedies, but they did no good. I finally bought a bottle of Ayer's Hair Vigor, and, after using only a part of the contents, my head was covered with a heavy growth of hair. I recommend your preparation as the best in the world."—T. Munday, Sharon Grove, Ky.

"I have used Ayer's Hair Vigor for a number of years, and it has always given me satisfaction. It is an excellent dressing, prevents the hair from turning gray, insures its vigorous growth, and keeps the scalp white and clean."—Mary A. Jackson, Salem, Mass.

"I have used Ayer's Hair Vigor for promoting the growth of the hair, and think it unequaled. For restoring the hair to its original color, and for a dressing, it cannot be surpassed."—Mrs. Geo. La Fever, Eaton Rapids, Mich.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair and makes it glossy and soft. The Vigor is also a cure for dandruff."—J. W. Bowen, Editor "Enquirer," McArthur, Ohio.

"I have used Ayer's Hair Vigor for the past two years, and found it all it is represented to be. It restores the natural color to gray hair, causes the hair to grow freely, and keeps it soft and pliant."—Mrs. M. V. Day, Cohoes, N. Y.

"My father, at about the age of fifty, lost all the hair from the top of his head. After one month's trial of Ayer's Hair Vigor the hair began coming, and, in three months, he had a fine growth of hair of the natural color."—P. J. Cullen, Saratoga Springs, N. Y.

THE CIVIC NOMINATIONS.

Nominations for Mayor and Councillors.

Mayor Stevenson Retires—Messrs. R. S Davidson and Jas. Kendry Nominated for Mayor — The Nominations for Councillors and School Trustees.

The nominations for mayor took place at the council chamber at ten o'clock this morning. There was only a moderate attendance of ratepayers. Mr. J. R. Cobb, town clerk, occupied the chair.

Mr. STEVENSON, in a few brief remarks, referred to his reason for retiring from the mayoralty. The time at his disposal would not permit him to pay that attention to the duties of the office it deserved. He referred to the prominent position in manufacturing matters the town had achieved in the past six years, which was largely due to the council. He pointed out that six of our industries paid out weekly in wages $9 200, a yearly total of $460,000, not counting the large amount paid out by other establishments not included in this estimate. This result had been brought about without materially increasing the taxes of the town. He referred to the fact that there was a probability during the coming year of a large car works being established here—the only conditions being exemption, free site and the subscription of capital by 20 citizens at $5 000 each. He was prepared to pay his share. (cheers). Mr. Stevenson said Peterborough was listed as the best grain market in Canada due to the fact of the demand of the making flour mills a home market. The Dickson Company had largely contributed to this result by the erection of two large flour mills, and he went on to deprecate the hostility exhibited towards Mr. Hazlitt; he was not responsible for Mr. Brodie leaving town, the latter had received an offer of a property at Hespeler at next to nothing, and he could not be kept in Peterborough and consequently the big woollen mills were idle. It was not a fact that the Dickson company held their property at an unduly high rental. He, Mr. Stevenson had personally inquired and found that the prices of Oshawa water power was far higher than those asked by the Dickson Company. He added that the big woollen mill with water power was offered for $800 per year. Mr. Stevenson concluded by pointing out the solid financial condition of the town at home and abroad.

Mr. CLUXTON, in a few complimentary remarks, moved a vote of thanks to Mr. Stevenson for the satisfactory manner in which he had discharged the duties of the office of mayor. Mr. Cluxton referred to the cry against the Dickson Company and pointed out that it was not justified by facts. This corporation had, during its many years of operation, done much to build up the town.

Mr. CAHILL, in a few happy words, seconded the resolution, which was heartily carried.

MAYORALTY NOMINATIONS.

For the mayoralty the following nominations were made :—

R. S DAVIDSON, nominated by Mr. Wm. Logan, seconded by Mr. C. J. Leonard.

The latter, in seconding Mr. Davidson's nomination, paid a tribute to the efficient work done by Mayor Stevenson, and to the town itself. He referred to Mr. Davidson as a gentleman possessing a business ability equal to that of any man in town, and he was sure the same business ability he had devoted to his private affairs would be given to civic affairs. He had most efficiently served the town as councillor and was entitled to an opportunity of still further serving it in the mayor's chair.

JAMES KENDRY was nominated by Mayor Stevenson and seconded by Mr. Macfarlane Wilson.

D. BELLEGHEM was proposed by Mr. A. McNeil, seconded by Mr. F. W. Miller.

Mr. Belleghem promptly declined the nomination.

Mr. CAHILL thought Mr. Belleghem was was wrong to retire, for he knew of no man in town who had a larger following than Mr. Belleghem.

Mr. Cahill's funeral joke was greeted with hearty laughter and applause.

THE CANDIDATES' REMARKS.

Mr. DAVIDSON said that he had represented number one ward for nine years, during which it had trebled its population and doubled its assessment. As to the town itself, it was one of the best and most progressive towns in Canada and a fair share of the credit of its growth was due to the council. The present was an era in the town's advancement. The construction of a system of sewerage would be a subject of civic legislation and administration next year—a most important matter to the town, but one which did not necessarily involve a heavy financial obligation, as might be supposed. He went on to point out that the municipal loan fund indebtedness of $72,000 would be due in 1893, and funds were available to wipe that off. There were $63,000 accrued funds now available to pay that, and there were six per cent. railway debentures held by the town for $57,200. By adding $7,200 of this to accrued moneys, the total amount would be met. That would leave $50,000 railway debentures, which would yield $3,000 per year interest. It was estimated that an effective sewerage system could be put in for $100,000. This amount could be borrowed at 4 per cent., meaning an annual interest charge of $4 000. To meet this there was the $3,000 interest on railway debentures, leaving only $1,000 to be provided for by taxation. Mr. Davidson appealed for support on the strength of his past record, which, he thought, showed he had done his best for the town. In regard to the Ellison s ding, he repelled the insinuation that he had personally profited by it, and offered to donate $200 to any charity that might be named if it could be shown by the strictest investigation that he had profited by the transactions connected therewith to the extent of a penny. He had devoted his time and attention to having the matter done to the best advantage of the town, and it was unfair that he should be taunted in the manner indicated. He asked the electors, if they thought he had served them faithfully, to give him their support for mayor for 1892.

Mr. KENDRY said if he were elected he would favour economy of expenditure and favour the policy of encouraging manufactories. He referred briefly to several municipal matters and closed by appealing to the electors for their support.

The proceedings then quietly terminated, as they had been conducted, under the efficient chairmanship of Mr. Cobb, town clerk.

The nominations for councillors and school trustees were held in the several wards, with the following results :—

Dr. Davies.

To the Editor of the Examiner :

SIR,—During the last 18 months we have had in our midst an organist of unsurpassed excellence, whom even Mr. Fred Archer characterized as being superior to himself, but if one may judge from the attendance at his recitals, which have never failed to give the greatest pleasure to all who have been present, he has not been thoroughly appreciated, and now that he is about to terminate his engagement at St. John's, perhaps more will avail themselves of the opportunity afforded to-morrow (Tuesday) evening of hearing a programme of most charming music, and this would be a graceful tribute to Dr. Davies' merit. Let me urge all who desire a rare treat to make a point of being at the recital to-morrow evening.

Yours, etc.

Y. M. C. A. Notes.

The young men's meeting on Saturday night was an interesting one and much good was received. Mr. R. M. Russell conducted the meeting, and Mr. W. R. Smart, late of this town, and now of New York, with several others, gave bright and helpful testimonies. The singing was hearty and cheerful and was led by the Y.M.C.A. orchestra.

The Bible study and consecration meeting on Sabbath morning was well attended, and a time of refreshing was enjoyed. Much personal blessing was realized. The meeting was conducted by Mr. Wm. Johnston.

Mrs. Beyer's, the converted Jewess, will give an account of her conversion from Judaism to Christianity in the George street Methodist church to night. An interesting and profitable address may be expected.

Meetings for Christians only will be held each afternoon from 4 to 5 o'clock in the Y.M.C.A. hall.

Police Court.

MONDAY, DECEMBER 28th.

This morning in the police court William Stevenson, a young man, was charged with having on the 23rd inst., disturbed the meeting in the Salvation Army barracks by unseemly conduct. He pleaded guilty, and after a few words of warning from the court was fined $5. There was a further charge against him of assaulting a Salvation Army officer, which was withdrawn.

Dyspepsia

Intense Suffering for 8 years—Restored to Perfect Health.

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

The Mayoralty CONTEST.

TO THE MUNICIPAL ELECTORS OF THE TOWN OF PETERBOROUGH:

LADIES AND GENTLEMEN,—At the request of a large number of the Ratepayers of the town I have accepted the nomination as a candidate for the office of Mayor of the town for the year 1892.

I fully appreciate the importance of the position, and the large responsibilities it involves, and am prepared, if honoured with your selection, to discharge the duties of the office with exclusive regard to the promotion of the material and moral interests of the town. I beg to submit that my experience of nine years in the Council as a representative of No. One Ward, and eight years at the head of the Finance Department, have given me an opportunity of learning the wants and needs of the town, and also the best means of meeting and providing for them. I unreservedly pledge myself if elected, to use my best endeavours to administer the affairs of the town with as full a regard to economy as is consistent with an efficient administration of civic affairs in all departments.

I shall use, as I have done in the past, every effort to promote the material interests of Peterborough. I shall consider it my duty to faithfully and fearlessly discharge every public duty which my position places upon me, and to deal in a progressive and public spirit with the several questions affecting the public interest which are likely to arise during the coming year, and in fine to deal in every way in my power with the great and growing interests of the town of Peterborough in a manner which their importance deserves.

I trust that my record for the past will be a guarantee for the efficient and diligent discharge of the duties of mayor if I am honoured with your confidence, which I again respectfully solicit

Your obedient servant,
R. S. DAVIDSON.

JUDGE WELLER'S FINDING

In the Crowe-Kidd Road Expenditure Investigation.

A Review of the Evidence—The Judgment Finds the Charges Not Proven, but Disproven.

The following is a copy of His Honour Judge Weller's decision in the Crowe-Kidd investigation:—

To the Warden and Council of the County of Peterborough:

The undersigned, judge of the County Court of the County of Peterborough, begs leave now to report in respect of the matter referred to him by the following resolution:

"That the charges made by Richard Crowe and others regarding the expenditure of the one hundred dollars granted by this Council for expenditure on the ninth line of the Township of Dummer in the year 1884, be referred to the County Judge to be dealt with, as provided by section 477. chapter 184, revised statutes of Ontario, 1887, on the condition that Richard Crowe do execute a bond in the sum of $200 to defray the costs of the investigation in case the charges referred (sic) by him and others are not sustained."

The specific charges made by Mr. Crowe as contained in his letter to the Council of the 15th June last, was that Mr. A. R. Kidd, a member of the Council, had received the money mentioned in the above resolution, but had not expended it for the purpose for which he received it, between the 6th and 13th days of November, 1884, or at any other time.

In June, 1884, a grant of $100 was made by the County Council and given to Mr. Kidd to be expended on the 9th line of Dummer, so that the charge preferred against him was one of embezzling money given to him upon an express trust, which by our law is a crime of a very serious character, and the accuser, whether it be the Crown on the part of and representing the public, and who pays the costs of the prosecution apart from the result, or a private individual who, as in this case, is apparently acting for himself only, and has personally made himself liable in a certain event for such costs, is bound to prove the charge without any reasonable doubt. The onus of proof is upon him to show a breach of the trust, not upon the accused to show a performance of it.

The question therefore is, has Mr. Crowe succeeded in proving that Mr. Kidd did not expend this money for the purpose for which it was received?

It seems that during the same year, 1884 a grant of $500 was made by the provincial legislature, to be expended on the same road, the expenditure of which was placed in the hands of Mr. J. B. McWilliams, who in his evidence describes himself as "Superintendent," and in the pay sheet returned by him to the government as "Overseer of Works." He employs Mr. Kidd as foreman of this particular work, and after it was begun, he visited it upon two separate occasions, and remained a part of a day each time, long enough to enable him to pay the men. From Mr. Kidd he obtained while there information necessary to enable him to make up his pay sheets, such as the names of the men at work, the number of days they had worked, and the amount due to each of them.

The first visit made by him for this purpose, was upon a day in October, about which there is no dispute, his subsequent visit was in the month of November, either upon the 5th or 12th. He says it was upon the 5th, not from actual memory of the particular day (that would not be expected at this lapse of time) but because on the day in November when he was there he recollects being extremely anxious to get away as soon as possible, and to reach home as early in the evening as possible, as upon that evening there was an Orange meeting in Peterborough, and that was the evening of the 5th of November, upon which evening there was usually a demonstration of some kind. It was shown and admitted there was no Orange Lodge meeting that night, and Mr. McWilliams says it may have been a social gathering at which some members of his family were to take part, but he did not show or state positively what sort of an Orange meeting it really was. It is alleged by Mr. Kidd that Mr. McWilliams' last visit to the work was on the 12th November. That this could not have been so, the latter shows by his office journal of daily expenses, that upon that day he bought a ticket to Hastings and went there upon some other business, whereas it is shewn by Mr. Blezard, that on this visit, whenever it was, he met Mr. McWilliams at Norwood with his team and drove him to the work, and McWilliams stated that the charge of his ticket to Hastings would not have been entered among his office expenses if he had at that time been making a visit to this particular work as his expenses in regard to this special work would be kept separate from his ordinary office expenses. Upon referring, however, to the same journal, we find a charge made for his railway ticket to Norwood upon the day he made his visit in October, and which it was admitted was got for the purpose of taking him so far on his journey. I mention this merely to show how easy is is for a man, no matter how well intended he may be, to be mistaken sometimes. Such a mistake, to my mind, does not destroy the general veracity of the statements made by a witness. The accuser, Mr. Crowe, gave no evidence himself. I am not sure that he was present for any length of time, if at all, during the investigation.

There was further evidence by McWilliams and other witnesses, notably by Mr Robb, as to the date of this last visit being upon the fifth day of November. There was also evidence to show that it was a week later, that is the twelfth, and if it were necessary for the determination of the question before me, to fix upon which of these dates the visit took place, I confess I should find great difficulty, without further evidence, in coming to a conclusion satisfactory to myself.

In my opinion, I am not compelled to form an opinion upon that question, and I have only referred to it at some length, because so much stress seemed to have been placed upon it at the investigation, and because it was admitted that upon that last visit, whenever it was, the work, with the exception of a very little to be done on the following day, had been completed.

At the time this work was done in the year 1884, the Council did not require any return with vouchers to be made by the Reeve to whom the money was given; sometimes such a return was made, sometimes not.

Nearly 6 years elapsed before it was alleged against Mr. Kidd that he had not spent the money.

Keeping in view these circumstances, it would be rather hard upon Mr. Kidd, to convict him of a breach of that trust, merely upon its being shewn, however positively and absolutely, that he had not performed it between two specified days one week apart, although he may have said when the accusation was made against him that these were the dates between which the work represented by the county money was done.

The question for me to determine is not such a narrow one as that, but it is whether it has been proven that Mr. Kidd has not at any time expended the money given to him by the county for the purpose for which he got it. It is in evidence that upon McWilliams' last visit, work had been done more than sufficient to cover the Legislative grant of $500. The witness, Winfield Leason, says that on the last day that McWilliams was there, he paid him part of what was coming to him, and that McWilliams told him Kidd would pay him the balance when the work was done.

If this is true, then it is made plain that the grant of $500 had been overrun, and the deficiency would necessarily require to be made up out of the county grant.

There is also a receipt by Samuel Smylie, dated 13th of Nov., to Mr. Kidd for $15 75. for self, team and man, on 9th line of Dummer.

Now, Smylie got no pay out of the grant of $500 for his team. The pay sheets produced show this, therefore, the pay for his team came out of the county grant. Smylie was subpoenaed on the part of the accuser, and was present at the trial, and although I drew the attention of counsel to the importance, as I considered it, of this receipt, as evidence in favor of Mr. Kidd, yet he was not called as a witness to make any explanation which might modify or destroy that importance. It is therefore, to my mind as it stands, proof positive of the payment of that amount at any rate, out of the county grant.

Mr. Kidd, his wife and son have pledged their oaths to the fact of the work not having been completed till the 13th Nov., and Mr. Kidd has pledged his oath to the payment of the money entrusted to him upon the work.

Mr. Kidd produces receipts to the amount of....................	$ 59 62
It is admitted he paid for tools...	10 00
There is an expense account of....	10 57
He charges for the time of himself and son and his team, $6 of this being for a trip to Peterborough for tools and with Mr. McWilliams and Mr. Blezard, over the road before the work began..................	33 00
Making altogether..................	$113 19

Being $13.19 beyond the money in his hands, I see no reason upon the evidence, to doubt the general correctness of this statement.

I therefore find upon the evidence and material before me, that Mr. Crowe has not proved the charge made by him against Mr. Kidd, but that on the contrary the charge has been disproved in a manner as satisfactory as one would have a right to expect under the circumstances, and after the lapse of so many years.

The evidence as taken down by me is forwarded herewith.

The Mayoralty.

TO THE RATEPAYERS OF THE TOWN OF PETERBOROUGH:

LADIES AND GENTLEMEN.—Learning that Mr. Stevenson has decided to retire from the position of Mayor, I am, at the request of a large number of Ratepayers, a candidate for the Mayoralty for 1892. The assurances I have received from ratepayers in all parts of the town and of all sections, are such as to cause me to feel that it is the desire of a large number of the electors, that I should offer myself for the position of Chief Magistrate of the town, and I respectfully ask the vote and influence of every ratepayer. As the time at my disposal before the election is too short to permit of my making a personal canvass of the town, I trust that this announcement will be accepted instead, and that my eight years record in the Council will speak for me to all who exercise the franchise. In municipal matters it is impossible to lay down a strict policy, as it is impossible, especially in a growing town, to know what the council may be called upon to deal with during the year; but I can safely say that if elected I will use my strongest endeavors to promote the best interests of our town and at the same time to hold within due bounds the expenditure of public moneys, and I will devote all the time necessary for the efficient performance of the duties of the office to that purpose. I am,

Ladies and Gentlemen,
Your obedient servant
JAMES KENDRY.

THE UNPARDONABLE SIN.

Mrs. Baeyertz Commences Her Mission in Town.

The Converted Jewess Speaks to men Only in the Y. M. C. A.—The Story of the Demoniac—All Unconverted People are in the Power of Satan—The Evening Public Meeting in the George Street Methodist Church Well Attended—What the Unpardonable Sin is—And who Commits it, as Explained by Mrs. Baeyertz.

Mrs. Baeyertz, the converted Jewess, who has for some time past been conducting most successful gospel missions in London, Toronto, Ottawa and other centres of population commenced her work here in connection with the Y. M. C. A. yesterday.

In the afternoon at 4.15 p. m. a special meeting for men only was held in the Y.M.C.A. new hall, and it was well filled. The orchestra of the association accompanied the singing which was bright and cheerful. After the announcements for the coming week had been given out, Mrs. Baeyertz took as her theme

THE STORY OF THE DEMONIAC.

As told in St. Mark's Gospel, fifth chapter, and introduced her subject by describing the kind of man that was possessed of the demons. He was a mad man entirely under the influence and power of the devil. Of himself he was powerless. Under the promptings of the evil ones he cut and wounded himself. Satan did not want to wound or destroy any man but he would let him destroy himself. All unconverted men were shown to be in the same way, under the power of the devil, but not all this power could keep persons from going to Christ if they wished. The great love of Christ in having gone to Decapolis to save this man was next spoken of and the speaker said that the same love was greater and more precious than even a mother's love for her children.

In touching upon the professed scepticism of a number of men, who did not believe either in devil or punishment after death, Mrs. Baeyertz stated that the doctrine of annihilation could not be proved from the scriptures as some said, and the reason some did not believe, was, that the devil was sure of them.

A FEW WORDS OF CHEER

and encouragement were given to those who were despondent, and some most touching instances of the power of God, over even so-called infidels were cited.

In conclusion the speaker explained that the power of Christ was the only thing that could break the power and bonds of Satan, and also spoke of the treatment Christ received at the hands of the people of Decapolis. "They besought Him to depart out of their coasts." He did not stay in opposition to this request, as His special work there was finished. So He went, leaving behind Him, however, the man who was now "sitting clothed in his right mind," to go and tell the other people what great things the Lord had done for him. A most eloquent and touching address was then closed by an earnest appeal to all non-Christians to stay no longer under the influence of the evil one, but go to Christ, who was willing and mighty to save all.

AT THE EVENING SERVICE

a large congregation gathered in the George Street Methodist Church, almost filling that large edifice, to hear Mrs. Baeyertz give an address on "The unpardonable sin." After the customary devotional exercises had been conducted, this talented lady read as her lesson the first seven verses of the third chapter of St. John's Gospel, and announced that she would explain first what the unpardonable sin was. There were several opinions on this point. The expression was not to be found in that shape in the whole Bible. Murder was not the unpardonable sin as some people imagined. It was not blasphemy of the lips only. It was a rejection, persistent and final, of the Lord Jesus Christ as a Saviour.

The new birth, of which Christ spoke to Nicodemus in the lesson read, was here touched upon and explained to be a spiritual not a natural birth. The light received by souls that have been born again was the divine light of Christ himself. No one can be a Chri[illegible]thout first receiving this li[illegible]ow covers the ground hiding th[illegible] beneath under a covering of pure w[illegible], so when the light of Christ is shed in[illegible] new-born soul, the old personality is hidden, in the purity and whiteness of Christ himself. The speaker then went on to show that there was no forgiveness for THE UNPARDONABLE SIN in either this world or the world to come.

The next point touched upon was "who commits this sin?" Church members might not think that they did. No converted person could do this, but a large number of people joined the church as a means of grace instead of being converted before joining. Others who thought they belonged to the only true church imagined that they could not do anything that would hinder them getting to heaven, because they were church members. Infidels and sceptics did not think they were committing this unpardonable sin because they did not believe, but when the Holy Ghost had left off striving with them and gone away, then this sin was committed and they were lost, without hope either in this life or hereafter.

Some very touching instances that had come under the speaker's personal observation were quoted, and showed that in a number of cases, even infidels and scoffers, would gladly believe if they could, when it was too late. If once the Holy Ghost had left a man or woman there was no hope for them. The speaker then described the terrors of a death without Christ, after which she explained how the

UNPARDONABLE SIN MANIFESTED ITSELF.

In the first place it called forth a great malignance and hatred against God. The people who commit this sin despise Christ and his religion in the same manner that the Jews are taught to do. Again their souls are shut up in an absolute indifference and carelessness towards God. A striking analogy was drawn between mortification having commenced in an amputated arm, leaving no feeling and no hope for recovery, and the mortification of the soul that sets in when one commits this sin. If anyone, atheist, or seeker after salvation said that they felt they had committed the unpardonable sin there was no danger, because he could feel but it was the person who laughed at the sin and had lost the sense of feeling in his soul for whom there was no hope. Some remarkable and pathetic instances of infidel conversion were then related and answers to the prayers of Christian mothers, and Mrs Baeyertz urged all present not to go away until they knew their sins were forgiven.

The text "The blood of Christ cleanseth from all sin" was then quoted and the speaker said some might say "why was this one sin left out?" The blood only availed for those who came to Christ. How could it avail for those who stayed away from Him? They neglect the atonement and reject Christ, thus committing the unpardonable sin. Reference was made in conclusion to the Israelites who had been

BITTEN BY THE SERPENTS

in the wilderness. They were cured by just a look at the brazen serpent made by Moses. It was a simple and easy thing to do—to look. Yet some would not do this and perished. It was perhaps too easy a thing for them; they could not believe that a simple look would save them. It was the same now. Many people would insist on looking any way but the right one. They would look anywhere but to Christ, in whom was life, and so perished. Still there were some who looked to Christ and were saved. An earnest, impassioned appeal was then made for the unsaved part of the congregation to look to Christ and live.

At the close of the service an after meeting was held for enquirers, quite a number of seekers after the truth remaining to be spoken with and advised by Mrs. Baeyertz.

The addresses were most attentively listened to and cannot fail to be productive of much good.

AN OCEAN SONATA.

The Piano of the Steamer Celebes Roughly Pounded by the Waves.

HALIFAX, N.S., Dec 26.—The steamer Celebes, from London, reports that she sailed Dec. 5, and that on the evening of the following day, just after passing the Lizard, she encountered a strong southwest gale and continued gales until yesterday. Three days ago the gale was accompanied by snow and sleet, the vessel being badly iced up.

During the voyage she lost her fore and main stay sails and had one of her boats damaged, and her saloon was flooded with water. The piano was fastened with iron bolts to the floor of the saloon, but these bolts were torn from their fastenings and the piano was thrown against a table and its front smashed in.

In coming in at the wharf her telegraph connecting with the engine room got out of order and signals could not be given. The result was that the steamer was not checked quickly enough and she stove in part of the shed and spile posts.

LIFE FOR LIFE.

Two Physicians Perform an Operation Under the Threatening Muzzle of a Gun.

NEW YORK, Dec. 26.—A singular story was first made known yesterday during the trial of a civil suit brought by Drs. Louis Hess and Arthur Smylie of Brooklyn, against Peter Reiss, a saloonkeeper, to recover $75 for professional services and costs. Dr. Hess was engaged by Reiss to attend his wife. On the night of Dec. 2 he was hurriedly summoned and on arriving found the woman's condition extremely critical. She grew worse and Dr. Hess called in Dr. Smylie for consultation. The physicians decided that the woman's life could be only saved by a difficult operation, which they immediately begun. Someone sent word to Reiss that the doctors were mutilating his wife. Reiss, who is a hot-headed German, at once procured a loaded shotgun and made for the room where the physicians were at work. He pointed the loaded gun at the physicians and said: "You are killing my wife. A life for life. I will have the lives of both of you if she dies." The physicians performed the operation, and with perspiration streaming from every pore they finally were able to announce that the wife was out of danger. Reiss then dropped the muzzle of his gun, greatly to the relief of the physicians.

LIFE ASSURANCE CO.

OUR MOTTO:—"Energy. (Be Alive); Equity, (Be Fair); Economy," (Be Careful.)

Our Plans and Policies contain features of genuine liberality that are not offered by any other Company.

25 years experience of the United Kingdom Temperance and General shows a saving of 26 per cent. in Death Losses and more than 50 per cent. in Profits to the Temperance Insurer.

SUN LIFE
ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.92
Increase over previous year	3,421,372 84
New Applications received in 1890	6,371 599 15
Increase over 1889	2,268,888.60
Cash Income for year ending 31st December, 1890	889,078.87
Increase over 1889	325 938 35
Assets at 31st December, 1890	2,473 514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,222.68
Increase over 1889	567,733.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.06
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$64,894 07
" " " " 1886,	80,482 97
" " " " 1890, (four years)	232,175 69

"German Syrup"

J. C. Davis, Rector of St. James' Episcopal Church, Eufaula, Ala.: "My son has been badly afflicted with a fearful and threatening cough for several months, and after trying several prescriptions from physicians which failed to relieve him, he has been perfectly restored by the use of two bottles of Boschee's German Syrup. I can recommend it without hesitation." Chronic severe, deep-seated coughs like this are as severe tests as a remedy can be subjected to. It is for these long-standing cases that Boschee's German Syrup is made a specialty. Many others afflicted as this lad was, will do well to make a note of this.

An Episcopal Rector.

J. F. Arnold, Montevideo, Minn., writes: I always use German Syrup for a Cold on the Lungs. I have never found an equal to it—far less a superior.

INDEED A DISGRACE.

A London Eviction Attended With Much Revolting Cruelty.

LONDON, Dec. 26.—A block of squalid buildings in Leather-lane, in the Holborn district, was recently condemned, and the time given for the people inhabiting the block to leave their dwellings expired last night.

Some of them had already left, but 48 families, comprising 130 persons, lingered in the hope that they would not be dispossessed. But as soon as the legal limit of time had expired, officers began the eviction of the tenants, and the furniture was thrown into the roadway. The tenants were warned not to return to the tenements, and the doors were locked.

The scene in the street was distressing. Women and children, scantily clad, stood about crying piteously, their faces blue and pinched and their forms shivering. Some tradesmen in the vicinity took pity on the unfortunates and furnished a quantity of coke. Fires were started in the street, and about the welcome piles of glowing coke the women and children, crouched, thankful for even this small blessing.

It was believed that the tenants might resist their eviction and a strong force of police was present and prevented any disturbance. The evicted people were compelled to remain in the street all night. There is general indignation expressed that the tenants should have been evicted during such an inclement season.

Leather-lane is chiefly noteworthy for its Italian colonists. Here live nearly all those organ-grinders, one of the plagues of London. Leather-lane is one of the tolerated markets for costermongers' wares and is worth seeing on a Saturday night by persons curious to know how their poorest neighbors live, what they buy and sell and eat and drink and how they amuse themselves withal. If one wanted to learn how much a penny can buy an hour spent in such a market might afford a good deal of information.

Killed the Superintendent.

PEORIA, Ill., Dec. 26.—Last night as Prof. N.C. Daughtery, city superintendent of schools and an educator of national reputation, was on his way home Miss Maggie Hanigan fired two shots at him, one of which pierced his right ear. She then surrendered herself to the authorities. She was for a number of years a teacher in the public schools, but was discharged a year ago for insubordination.

Walt Whitman Still Alive.

PHILADELPHIA, Pa., Dec. 26.—Walt Whitman rallied somewhat early Friday morning from the almost dying condition that he was in last night, and to-day he has been somewhat better than at any time for the past three days. His physician thinks he will live for some days yet.

The Gallows Cheated.

CONCORD, N.H., Dec. 26.—Isaac B. Sawtelle, the murderer, waiting execution for the murder of his brother, was stricken with apoplexy last night and has remained in an unconscious condition ever since It is not thought that he will rally from the attack, as he is in a very critical condition.

The Montreal Herald Suspends.

MONTREAL, Dec. 26.—The Montreal Herald has suspended publication.

Two weeks ago while cleaning a bird cage Mrs. Henry Blakely of New York tore the skin of a finger on the edge of a broken food cup. Erysipelas set in and she died yesterday.

Tom Wylie's dog fought Harry Oliver's canine at a hog-sticking bee at Huntington, Ten. Wylie struck Oliver's dog whereupon Oliver stabbed Wylie to the heart with a slaughter knife. Wylie wheeled around when cut and crushed in Oliver's skull with a hook. Both men died.

At the New York tug-of-war last night Canada was defeated by Sweden in 13 minutes, the Scots beat the English in 40 minutes, Americans defeated Italians in 20 minutes, Germany beat Denmark in 1 hour and 52 minutes and the Norwegians defeated Ireland in 32 minutes. Norway and Germany have not yet suffered defeat.

Children Cry for Pitcher's Castoria

Why is This Thus?

It would be in order for some medical man or scientist to explain why eating snow does not satisfy the thirst. Sometimes travellers in very cold districts during winter, finding all the water frozen up, eat snow to relieve thirst, and almost immediately commence to suffer ten times worse than before. Sucking ice affords relief in the most extreme cases, but eating snow invariably either increases or produces thirst. What makes this still more strange is that melted snow produces the purest and most satisfying drinking water. Residents in the suburbs and the country frequently shovel their cisterns full of snow during extremely cold spells, and their cistern water is very much improved in flavor thereby. I have heard the question discussed, several times, but never came across a reasonable explanation of this apparent anomaly, though I have never heard any attempt made to dispute the facts as stated. —Globe Democrat.

John Ruskin.

John Ruskin will soon complete his 72nd year, and for sixty five of those years he has been a poet, though for the most part using prose as the vehicle of expression for highly poetic thought. At the age of [illegible] he wrote in blank verse a singular essay on "Time." The next year he wrote an invocation to the sun to shine on his garden, which is an amusing, almost pathetic, mixture of poetry and pathos. At the age of 20 he gained the Newdigate prize for English poetry, and soon after abandoned the muse because, as he said, he could not express his ideas in verse.

Pale and sallow cheeks mean disease and a premature death. Rosy cheeks are emblematical of long life. The use of Dr. Williams' Pink Pills builds up the blood and nervous system, and never fails to leave rosy cheeks. Try them.

Women with pale, colorless faces, who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Little Liver Pills which are made for the blood nerves and complexion. dw

A SHOCKING ACCIDENT.

WEALTHY HAMILTONIAN BURNED TO DEATH.

Mr. J. McCulloch Enveloped in Flames While Attending to His Furnace—His Wife Also Badly Burned—Tragic Termination of a Honeymoon.

HAMILTON, Dec. 28.—No event of late has caused [illegible] general and profound sorrow in Hamilton as the sudden and terrible death of James D. McCullough. It was just a month ago, on Nov. 26, that Mr. McCullough was married to Miss Annie Cook, daughter of Thomas Cook, 72 Main-street west. He took his bride to New York on a wedding tour, and, returning two weeks ago, busied himself in preparing the fine house at the southwest corner of Robinson and McNab-streets for their residence. A week ago they moved into it and had got nicely settled.

Between 1 and 2 yesterday morning Mr. McCullough rose to look after the furnace, as the house seemed to be getting cold. He slipped on his trousers and taking a hand lamp went down into the cellar.

How the accident occurred which caused his death before the light of this day dawned can only be surmised. He had gone only a few minutes when Mrs. McCullough was startled by "strange noises" from below. "I did not think they came from Jim," she said afterwards, but they so startled her that she ran downstairs in her night robe. Thick smoke was pouring up from the open cellar-door, and the piteous inarticulate sounds that had at first startled her now became more like a human voice. Wild with terror, Mrs. McCullough rushed through the blinding smoke down into the cellar. It was dark and filled with smoke, but through the [illegible] she saw a sight which has been burned into her brain. Her husband lay a [illegible] from the furnace, writhing in [illegible] and moaning and enveloped in [illegible] flames. It was by the light of the flames that she saw him.

An Awful Sight.

Even at that terrible sight Mrs. McCullough did not altogether lose her presence of mind. She rushed upstairs, snatched a heavy overcoat from the rack, and hurrying down the cellar threw it over her husband, and pressing it around him endeavored to smother the flames. In doing this her own hands were terribly burned. But the fire had already done its work on poor Jim McCullough and it was too late to save him.

With heart-rending shrieks the horror-stricken wife rushed out of the house and clamored at the door of the adjoining house, William Farmer's. Mr. Farmer was aroused, and with all speed dressed himself and went into the McCullough's.

The only vestige of clothing remaining on Mr. McCullough were the wrist bands of his night shirt. His body was burned all over and in many places the flesh was burned black.

Mr. Farmer carried the body upstairs, where, three hours later, Mr. McCullough died.

It is probable that the accident was caused by Mr. McCullough's attempt to make the furnace burn better by throwing coal oil into it. He probably poured some oil into the funnel, stopping the end with his finger, and opening the furnace door, threw in the oil. The oil was thus suddenly converted into burning gas, and flew out before Mr. McCullough could shut the door. He must have breathed a good deal of the fiery vapor, for his lips and nostrils were burned to a cinder. He was born in Hamilton, his father being John McCullough, a well-known citizen.

Mr. McCullough carried a heavy life insurance—altogether, it is said, more than $25,000. Only a few weeks ago he took out a fresh policy in the New York Life for $10,000.

KILLED ON THE TRACK.

He Was En Route to Visit His Relatives When Struck By a Train.

ST. CATHARINES, Dec. 28.—The unknown killed on the 16 mile creek bridge of the G. T. R. Thursday has been identified as a man known as "Old Caspar," an inmate of the County Industrial Home here, who was permitted to pay a Christmas visit to some friends in Clinton. He was crossing the bridge when a fast freight overtook him and cut him to pieces.

THE HESLOP MURDER.

One of the Suspects Reported to Have Made Important Admissions.

HAMILTON, Dec. 28.—John Lottridge, the suspected Heslop murderer, was on Saturday further remanded until Thursday.

It is reported that George Douglas, the Indian held as a suspect, has admitted that he was at Heslop's house the night of the murder.

An Aged Woman's Good Memory Causes the Arrest of Three Men.

LIMA, Ohio, Dec. 28.—A week or so ago three masked men bound and gagged old Mrs. Simmons and her son and daughter of Tranquility, this county, and robbed the house of $3000 in cash. A son, a grandson and a neighbor of the old lady were suspected and were followed and money spent by them examined and bought up from the merchants. Several bills of old issues were thus secured, which, upon being submitted to the old lady were identified as part of the stolen property.

This morning Frank Simmons, her son, Jud Simmons, her grandson, and James Walsh, a neighbor, were arrested for the crime and about half of the money recovered.

A BLACK HOLE OF DEATH.

Thousands of Peasant Dying of Typhus in an Overcrowded Prison.

ST. PETERSBURG, Dec. 28.—The prison at Samara, which was built to hold 200 inmates, is now crowded with thousands of unfortunates, among whom typhus and typhoid fever are ripe. The doctors, whose duty it is to attend sick prisoners, are in despair and have not visited their charges for a month. A rapid increase in the number of deaths due to the famine is reported to the authorities here.

The Government is despatching troops to districts where riots are likely to break out.

The Government officials now refuse to grant permission for private distributions of food or opening of soup kitchens. All relief must be given through officials in the name of the Czar.

Moscow is threatened with an epedimic of smallpox. Twenty new cases are reported there daily.

WITH HER CHRISTMAS PRESENT.

William Reese Shot and Killed His Prospective Bride at Birmingham.

BIRMINGHAM, Dec. 28.—William Reese and Sadie Brown were to have been married to-day, and yesterday Miss Brown made Reese a Christmas present of a revolver. This morning Reese called at the house for the wedding, but for some cause Sadie wanted to back out. They were in a room by themselves and high words were heard between them. The next thing heard was a pistol shot. Reese had killed the woman with the Christmas present she had given him. He escaped.

Can Neither Eat Nor Sleep.

BLOOMINGTON, Ill., Dec. 28.—Robert Thomas, a prominent farmer near Farmer City, is dying from the effects of a cockleburr lodging in his windpipe. Some time ago a burr lodged upon one of his mittens and he tried to detach it with his teeth. The burr flew down his throat and caught in the glottis, from which it has so far been found impossible to remove it. Mr. Thomas can now neither eat nor speak.

A Treasurer Behind.

FERGUS, Dec. 28.—Edward Burns, late treasurer of Elora, is behind $9000 in his accounts, the misappropriations extending back for years. He has offered to make over his life insurance policies, amounting to $6500, and his office furniture.

Wholesale Murders in Russian.

ST. PETERSBURG, Dec. 28.—A famished peasant in the Tscheljabinsk district killed five men recently for the purpose of robbing them and buying food with the money obtained. He was arrested while hiding the bodies. He told the prosecutor he murdered the men while they were sleeping and that he only got four roubles. The prisoner seemed to have been driven insane by excessive hunger and cold.

Swallowed a Chicken Bone.

MERIDEN, Conn., Dec 28.—Henry A. Kilmire, a buffer employed by the Meriden Britannia Company, died this morning in consequence of swallowing a chicken bone on Sunday last. The bone lodged across the entrance to the stomach and ruptured a blood vessel. The physicians were unable to dislodge it or check the hemorrhage and the man bled to death.

Conny and the Crank.

NEW YORK, Dec. 28.—John Lungman, a crank and a member of the Y.M.C.A., called at Cornelius Vanderbilt's Fifth-avenue residence Saturday evening, and said he had called to see Mr. Vanderbilt, personally, to get his brains, which he proposed to have subjected to an expert analysis in order to determine why he (Vanderbilt) had been able to amass a fortune, while he (the caller) was practically penniless. The man was locked up.

Summoned by His Maker.

CONCORD, N. H., 28.—Isaac Sawtelle, who murdered his brother Hiram, died of died of apoplexy this morning in his cell at the state prison.

CONFESSED HIS CRIME.

The French Officer Tells How He Killed Baroness Dellard.

PARIS, Dec. 27.—Louis Anastay, the retired French officer, has confessed that he murdered la Baronne Dellard. He gives as his motive for the crime that he was driven almost mad by the necessity of paying his debts to save himself from dishonor.

He says he left Lyons on Dec. 1 with the settled resolution to get money, even at the price of crime. Before leaving he purchased a knife, with which he committed the murder.

On reaching the house of the Baroness she opened the door for him, recognized him, and led the way to her room. Anastay asked her if she was alone. On replying in the affirmative he threw himself upon her and cut her throat. Hearing the servant approaching, while looking for money, he waited for her, knife in hand, determined to kill her also. In the struggle the knife fell from his hand, whereupon he fled without having secured any booty.

A Woman Informs on Anastay.

PARIS, Dec. 27.—Anastay's arrest was due to information given by a woman with whom he had been living and whom he had abandoned. Anastay was a protege of the Dellard family and had often been assisted by his victim.

Railway Wreck on the Clyde.

GLASGOW, Dec. 27.—By the derailment of a train near Hamilton Saturday nine persons were seriously injured.

A BATH IN A STREET CAR.

When He Began to Disrobe the Passengers Hastily Left.

NEW YORK, Dec. 28.—A well-dressed German, apparently about 50 years of age, walked into the West Thirtieth-street station house and going up to Sergeant Tims, said:

"I want $1000."

"Well, you can't get it here."

"I know that, but what I want is help."

"What kind of help?"

"I want a detective. One million dollars was stolen from me in Sixth-avenue this morning and I must get it."

"All right," said the sergeant. "It's down at Jefferson Market. I'll send a man down with you to get it," and, calling Detective Behr, he ordered him to take the man to court.

The two boarded a Seventh-avenue car. When about half way down the man turned to Behr and said:

"Really, old man, I must take a bath."

There was a general scramble for the door when the man jumped up and started to take off his clothes. He had removed his coat and waistcoat when Behr threw him down on the bottom of the car and held him there until the court was reached. To Justice Hogan the man said he was Robert H. Vilbert of No. 158 Forsyth-street. The justice committed him for examination as to his sanity.

LIKE A LEOPARD.

A Twin Brother Born in Sullivan County, Tenn.

JOHNSON CITY, Tenn. Dec. 28.—A prodigy in the way of human offspring, which has thus far escaped general publicity, appeared here the present week and will be exhibited throughout this section.

Eight months ago Mrs. Mary Snodgrass of Sullivan county, a poor and illiterate woman, gave birth to twin babes, a male and a female. The female child is a remarkable specimen of humanity, being as spotted as a leopard. The spots are of a dark brown color and cover the body from head to foot, ranging in size from a dime to a silver half dollar.

The spots assume various shapes and these about the head and face contain a few stiff hairs, similar to the growth on a common mole. The left arm is a solid black in color down to the wrist, but the hand is spotless. Those portions of the skin that are clear of spots have a good color, indicative of health.

The spots are numerous, and supposing them to be collected into one unbroken space they would cover at least three-eighths of the body.

The female child is perfectly spotless and its skin has a healthy glow. It is the larger of the two and apparently brighter, although both are quite lively and observe with an interest above the average of 8-months-old children. The two form an interesting and peculiar contrast.

The mother takes great interest in her babes. She is now exhibiting the children as a means of support for herself and them.
